PROXY STATEMENT

Our Board of Directors is soliciting proxies for the 2002 Annual Meeting of Stockholders. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

The Board set June 4, 2002 as the record date for the meeting. There were 138,897,712 shares of the Company's Class A common stock outstanding on the record date.

Stockholders who owned the Company's Class B common stock on that date are entitled to notice of the meeting and to attend and vote at the meeting, with each share entitled to .05214 of one vote. There were 6,233,463 shares of the Company's Class B common stock outstanding on the record date, representing 325,012 votes.

Voting materials, which include the Proxy Statement, Proxy Card and 2002 Annual Report, are being mailed to stockholders on or about July 1, 2002.

In this Proxy Statement:

COMMONLY ASKED QUESTIONS and ANSWERS

Q: Why am I receiving this Proxy Statement and Proxy Card?

A: This Proxy Statement describes proposals on which you, as a stockholder, will vote. It also gives you information on these proposals, as well as other information so that you can make an informed decision.

Q: What is the Proxy Card?

A: The proxy card enables you to appoint Lawrence F. Probst III and E. Stanton McKee, Jr. as your representatives at the Annual Meeting. By completing and returning the proxy card, you are authorizing Mr. Probst and Mr. McKee to vote your shares at the meeting as you have instructed them on the proxy card. This way your shares will be voted whether or not you attend the meeting. Even if you plan to attend the meeting, it is a good idea to complete and return your proxy card before the meeting date just in case your plans change.

If a proposal comes up for vote at the meeting that is not on the proxy card, Mr. Probst and Mr. McKee will vote your shares, under your proxy, according to their best judgment.

Q: Who can vote at the Annual Meeting?

A: Stockholders who owned EA's Class A and Class B common stock on June 4, 2002 may attend and vote at the Annual Meeting. Each share of Class A common stock is entitled to one vote. Each share of Class B common stock is entitled to .05214 of one vote. There were 145,131,175 shares of the Company's Class A and Class B common stock outstanding on June 4, 2002, representing a total of 139,222,724 votes.

Q: What am I voting on?

A: We are asking you to:

elect eight Directors

amend the 2000 Class A Equity Incentive Plan to increase by 5,500,000 the number of shares of the Company's Class A common stock reserved for issuance under the Plan

ratify the appointment of our auditors for fiscal year 2003.

Q: How do I vote?

A: You may vote by mail

Complete, date, sign and mail the proxy card in the enclosed postage pre-paid envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct.

If you do not mark your voting instructions on the proxy card, your shares will be voted:

q for the election of eight Directors

q for the amendment to the 2000 Class A Equity Incentive Plan

q for ratification of the appointment of our auditors for fiscal year 2003

You may vote by telephone

Edgar Filing: ELECTRONIC ARTS INC - Form DEF 14A

You may do this by following the **Vote by Telephone** instructions on your proxy card. If you vote by telephone, you do not have to mail in your proxy card.

You may vote on the internet

You may do this by following the **Vote by Internet** instructions on your proxy card. If you vote by internet, you do not have to mail in your proxy card. The law of Delaware, where we are incorporated, allows a proxy to be sent electronically, so long as it includes or is accompanied by information that lets the inspector of elections determine it has been authorized by the stockholder.

You may vote in person at the meeting

You may complete the ballot we will pass out to any stockholder who wants to vote at the meeting. However, if you hold your shares in street name, you must request a proxy from your stockbroker in order to vote at the meeting.

QUESTIONS AND ANSWERS

Q: *What does it mean if I receive more than one proxy card?*

A: It means that you have multiple accounts at the transfer agent or with stockbrokers. Please complete and return all proxy cards to ensure that all your shares are voted.

Q: *What if I change my mind after I return my proxy?*

A: You may revoke your proxy and change your vote at any time before the polls close at the meeting. You may do this by:

 Sending a signed statement to the Company that the proxy is revoked. (you may send such a statement to the Company's Secretary at our corporate headquarters address listed on the Notice of Meeting) or

 Signing another proxy with a later date, or

 Voting by telephone or on the internet (your latest telephone or internet vote is counted), or

 voting at the meeting.

 Your proxy will not be revoked if you attend the meeting but do not vote.

Q: *Will my shares be voted if I do not sign and return my proxy card?*

A: If your shares are registered in your name, they will not be voted unless you submit your proxy card, vote by telephone or on the internet or vote in person at the meeting. If your shares are held in street name, your bank, brokerage firm or other nominee, under certain circumstances, may vote your shares.

Brokerage firms, banks and other nominees may vote customers' unvoted shares in routine matters. Generally, a broker may not vote a customer's unvoted shares on non-routine matters without instructions from the customer and must instead submit a broker non-vote. A broker non-vote is counted toward the shares needed for a quorum, but is not counted in determining whether a matter has been approved. EA believes that all of our proposals described later under "Proposals To Be Voted On" are routine matters. However, we encourage you to provide instructions to your broker or bank by submitting your proxy in order to ensure your shares will be voted at the meeting.

Q: *Who will count the votes?*

A: Employees of Wells Fargo Shareowner Services will tabulate the votes and act as the inspectors of election.

Q: *How many shares must be present to hold the meeting?*

A: To hold the meeting and conduct business, a majority of EA's outstanding voting shares as of June 4, 2002 must be present at the meeting. On this date a total of 145,131,175 shares of Class A and Class B common stock were outstanding and entitled to vote a total of 139,222,724 votes. Shares representing a majority, or 69,611,363 of these votes must be present. This is called a quorum.

Votes are counted as present at the meeting if the stockholder either:

 is present and votes in person at the meeting, or

 has properly submitted a proxy card or voted via telephone or the internet.

Q: *How many votes must the nominees have to be elected as Directors?*

A: The eight nominees receiving the highest number of for votes will be elected as Directors. This number is called a plurality.

Q: *What happens if one or more of the nominees is unable to stand for re-election?*

A: The Board may reduce the number of Directors or select a substitute nominee. In the latter case, if you have completed and returned your proxy card, Lawrence F. Probst III and E. Stanton McKee, Jr. can vote your shares for a substitute nominee. They cannot vote for more than eight nominees.

Q: *How many votes must the 2000 Class A Plan have to pass?*

A: To pass, the amendment to the 2000 Class A Plan must receive a for vote of a majority of the votes present at the meeting in person or by proxy and voting for this proposal.

Q: *How are votes counted?*

A: You may vote either for each nominee or withhold your vote. You may vote for, against or abstain on the proposals to amend the 2000 Class A Plan, and for ratification of the independent auditors.

If you abstain from voting on the 2000 Class A Plan amendment, or on the auditors, your vote will be counted for the purposes of a quorum, but will not be counted as a vote for or against this proposal.

If you sign and return your proxy without voting instructions, your shares will be counted as a for vote in favor of each nominee and in favor of each proposal.

Q: *Where do I find the voting results of the meeting?*

A: We will announce preliminary voting results at the meeting. We will publish the final results in our quarterly report on Form 10-Q for the second fiscal quarter of 2003. We will file that report with the Securities and Exchange Commission, and you can get a copy by contacting our Investor Relations Hotline at (650) 628-7352 or the SEC at (800) SEC-0330 for the location of its nearest public reference room. You can also get a copy on the internet at www.info.ea.com or through the SEC's electronic data system called EDGAR at www.sec.gov.

Q: *Why is EA amending the Class A Plan?*

A: We are amending the 2000 Class A Plan to increase the number of shares available.

We want to ensure that there are approved shares for employees to participate in our Class A Plan. The Company believes it is essential to be able to grant stock options to new and existing employees in order to recruit and retain key talent.

Q: *Who will pay for this proxy solicitation?*

A: The Company has retained Georgeson & Company Inc. to solicit proxies from stockholders at an estimated fee of \$8,000 plus expenses and the Company will pay these costs. This fee does not include our costs of printing and mailing the proxy statements. Some of our officers and other agents may also solicit proxies personally, by telephone and by mail, and we will pay these costs as well. EA will also reimburse brokerage houses and other custodians for their reasonable out-of-pocket expenses for forwarding proxy and solicitation material to the beneficial owners of common stock.

Q: *Whom can I call with any questions?*

A: You may call Wells Fargo Shareowner Services at 1-800-468-9716.

PROPOSALS TO BE VOTED ON

Proposals To Be Voted On

1. ELECTION OF DIRECTORS

Nominees for re-election this year are:

M. Richard Asher

William J. Byron

Daniel H. Case III

Leonard S. Coleman

Gary M. Kusin

Timothy Mott

Lawrence F. Probst III

Linda J. Srere

The Board recommends a vote for these nominees.

Each of the nominees is presently a Director of the Company and has consented to serve a one-year term.

2. AMENDMENT TO THE 2000 CLASS A PLAN

The 2000 Class A Plan, which was approved by the stockholders on March 22, 2000, continues EA's program to provide equity incentives by granting options to employees qualified under the Class A Plan to purchase shares of the Company's Class A common stock. These grants are offered to assist the Company in recruiting and retaining qualified officers and employees of the Company and its subsidiaries and affiliates. Since its initial approval by the stockholders, the Company has reserved 12,200,000 shares of its Class A common stock for issuance under the plan.

This amendment would:

Increase the number of shares by 5,500,000 to a total of 17,700,000 shares of Class A common stock for issuance under the 2000 Class A Plan.

The Board recommends a vote for the amendment to the 2000 Class A Plan.

If you would like more information about the 2000 Class A Plan, a summary of its terms is included as Appendix A to this Proxy Statement.

3. RATIFICATION OF THE APPOINTMENT OF KPMG LLP, INDEPENDENT AUDITORS

KPMG LLP has audited the financial statements of EA and its consolidated subsidiaries since fiscal year 1987. The Board has appointed them for fiscal year 2003. The Audit Committee and the Board believe that KPMG LLP's long-term knowledge of EA and its subsidiaries is valuable to the Company. Representatives of KPMG LLP have direct access to members of the Audit Committee and the Board. Representatives of KPMG LLP will attend the meeting in order to respond to appropriate questions from stockholders, and may make a statement if they desire to do so.

Ratification of the appointment of KPMG LLP as our independent auditors is not required by our bylaws or otherwise. The Board of Directors has determined to submit this proposal to the stockholders as a matter of good corporate practice. If the stockholders do not ratify the appointment, the Audit Committee and the Board will review their future selection of auditors. Even if the appointment is ratified, the Audit Committee and the Board may, in their discretion, direct the appointment of different independent auditors at any time during the year if they

determine that such a change would be in the best interest of the Company and the stockholders.

The Board recommends a vote to ratify the appointment of KPMG LLP.

4. OTHER BUSINESS

The Board knows of no other business for consideration at the meeting. If other matters are properly presented at the meeting, or at any adjournment or postponement of the meeting, Lawrence F. Probst III and E. Stanton McKee, Jr. will vote, or otherwise act, in accordance with their judgment on such matters.

OPTIONS GRANTED

STOCK OPTION GRANTS

This table shows stock options granted to the Named Executive Officers during the last fiscal year. In accordance with the rules of the Securities and Exchange Commission, the table sets forth the hypothetical gains or option spreads that would exist for the options at the end of their respective 10 year terms. This hypothetical gain is based on assumed annualized rates of compound stock price appreciation of 5% and 10% from the dates the options were granted to the end of their respective ten year option terms. Actual gains, if any, on option exercises are dependent on the future performance of EA's common stock. The hypothetical gains shown in this table are not intended to forecast possible future appreciation, if any, of the stock price.

The purpose of this plan is to provide incentives to attract, retain and motivate eligible persons whose present and potential contributions are important to the success of EA.com, a subsidiary of the Company, its Parent and Subsidiaries by offering them an opportunity to participate in the Company's future performance through awards of options and restricted stock.

Warrants issued under the program are issued at not less than fair market value on the date of issuance. Each warrant has a term of five years or less, and vests over a period of not more than four years. Upon the occurrence of certain events or the passage of time, warrants for Class B common shares may be exchanged for warrants for Class A common shares at a ratio determined by the fair market value of the Class A and Class B shares on the date of issuance.
- (3) If all of the warrants outstanding for Class B common stock under the program were exchanged for warrants for Class A common stock, a total of 30,503 shares of Class A common stock would be issued upon exercise. If the average exchange ratio for issued warrants was applied to the number of Class B shares available for future issuance, a total of 158,565 Class A common shares would be available for issuance under the program.

COMPENSATION COMMITTEE REPORT

The following is the Report of the Compensation Committee describing the compensation policies applicable to EA's executive officers. This information shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission nor shall this information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that EA specifically incorporates it by reference into a filing.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Responsibilities and Composition of the Compensation Committee

During the fiscal year 2002, the Compensation Committee consisted of Mr. Asher, Mr. Byron and Mr. Case. None of these members is a current or past employee of EA or any of its subsidiaries, nor are any of them eligible to participate in any of the executive compensation programs of the Company except through automatic formulaic grants pursuant to the 2000 equity incentive plans. Each of the members is a non-employee Director as defined by the Securities Exchange Commission. In addition, each meets the definition of outside Director for the purposes of administering the compensation programs to meet the tax deductibility criteria under Section 162(m) of the Internal Revenue Code.

The Compensation Committee reviews and approves the compensation philosophy and policies for the Company's executives and reviews the salaries, bonuses and stock incentives of each of the executive officers including the Chief Executive Officer. The Compensation Committee also administers the Company's equity compensation plans and the bonus plan for executive officers and all significant or nonstandard equity grants for other employees.

Compensation Philosophy and Challenges

EA's compensation philosophy for executives relies on two basic principles. First, a significant portion of each executive's compensation should be in the form of equity to align the executive's interests with those of our stockholders. Second, a significant portion of each executive's cash compensation should be performance based and at risk varying from year to year, depending on EA and the individual meeting financial and other performance measures. For fiscal year 2002 the incentive plan payouts reflect the Company's financial performance. We remain committed to our pay for performance philosophy which ensures that executive cash compensation will mirror the Company's and the executive's performance.

In the last fiscal year, notwithstanding the downturn of the economy generally, competitive recruiting efforts aimed at EA's executives continued. EA's leading position within the interactive entertainment industry makes us a prime target for recruiting of executives and key creative talent to assist in the consolidation that the interactive entertainment industry is experiencing.

We also continued to recruit for key talent and executives. Our competition for attracting and retaining talent broadly encompasses the three market segments in which EA operates: entertainment, high technology and consumer packaged goods.

We have continued to build our senior management team and have been successful in attracting talent from our industry and other market segments to add management depth and experience to the organization. We continue to look at creative new methods using our compensation programs to successfully recruit new talent into the organization while maintaining parity with compensation of current key executives.

Data Considered and Process Used

In fiscal 2002 EA's Human Resources Department gathered executive compensation data from nationally recognized surveys for the multiple markets mentioned above and provided this data to the Compensation Committee. The data was compiled from numerous companies with median sales and growth approximately equal to those of the Company. The factors used to determine the participants in the survey included annual revenues, industry, growth rate and geography. Companies included in this data were from High Technology (primarily software developers), entertainment and selected packaged goods companies as reference points. Sales growth and operating profit in particular were evaluated to ensure that the survey companies had a record of financial success. The companies in the compensation survey overlap considerably with the companies contained in the J.P. Morgan H&Q Technology Index. Additional companies included in the survey group were judged to be relevant because they compete for executive talent with EA. Other companies were excluded from the survey either because they were determined not to be competitive with EA for executive talent, or because compensation information was unavailable.

EA's executive level positions, including the CEO, were matched to comparable survey positions and competitive market compensation levels to determine base salary ranges, target incentives and target total cash compensation. Equity compensation practices in the high-tech industry were also reviewed. EA's Human Resources Department participated in comprehensive surveys such as the IQuantic Equity Practices Survey for the High Technology Industry to assist in determining appropriate equity level compensation.

This competitive market data is reviewed by the Human Resources Department with the CEO for each executive level position, and with the Compensation Committee for the CEO and other key executives. In addition, each executive officer's performance for the last fiscal year and objectives for the subsequent year are reviewed in written form. The Compensation Committee also considers each executive's responsibility level and EA's fiscal performance compared to objectives and potential performance targets for the subsequent year.

Executive Compensation

The Compensation Committee awards executive compensation in three components: base salary, cash incentive bonus and equity incentives. We generally review and, if appropriate, adjust executive compensation in October of each year.

Base Salary. For fiscal year 2002, executive officers' base salaries were at the approximate 75th percentile of salary levels in effect for comparable positions with survey companies. In addition, the Compensation Committee considered each executive's performance over the last year as reported by the CEO and the Sr. Vice President of Human Resources, as well as each executive's responsibility level. In fiscal year 2002, none of our executives (including the Named Executive Officers) received an annual merit increase to their base salary during our October 2001 compensation review. This action was a part of the Company's financial diligence while going through the second year of the industry console hardware transition. The increases in Salary noted in the Summary Compensation Table above reflect increased contributions to our 401(K) Plan as a result of EA's performance, and the effect of increases granted in the normal course in our October 2001 compensation review.

Incentive Bonus. Our fiscal 2001 Bonus Plan remained the same for fiscal year 2002. The Committee assigned a target bonus to each executive officer (expressed as a percentage of that executive's base salary), determined which portions of each executive's target bonus are dependent on our financial performance and individual achievements and approved the overall mechanics and structure of the Bonus Plan.

Stock Options. In October 2001 the Committee made Class A stock option grants to certain executive officers including the CEO. See *Options Granted in Fiscal 2002* above. Stock options typically have been granted to executive officers when the executive first joins EA, in connection with a significant change in responsibilities, annually to provide incentives for continued performance and retention of employment and occasionally, to achieve equity within a peer group. The number of shares subject to each stock option granted to an executive officer was calculated to achieve a future value in unvested options equal to a multiple of each executive's annual base salary assuming both growth and stock appreciation. All grants were made at fair market value on the date of grant and vest as described in the *Options Granted in Fiscal 2002* above.

COMPENSATION COMMITTEE REPORT

Fiscal Year 2002 CEO Compensation

Compensation for the CEO is determined through a process similar to that discussed above for executive officers in general.

As explained above for executive base salaries, the Compensation Committee did not increase the base salary for Mr. Probst in fiscal year 2002. Mr. Probst received a cash performance incentive bonus of \$985,000 tied to the Company exceeding its fiscal year 2002 financial performance objectives. In fiscal year 2001, 60% of Mr. Probst's bonus target (tied solely to the Company's financial performance) was not paid to Mr. Probst based on the Company's financial performance. Mr. Probst's total cash compensation in fiscal year 2002 increased by 97.6% from the prior fiscal year.

In October 2001 we approved two new stock option grants to Mr. Probst for a total of 350,000 shares of Class A common stock based upon the retention and incentive factors discussed above and taking into account prior option grant history, the level of vested versus unvested shares and the number of shares Mr. Probst already owned as of September 2001. A grant of 200,000 shares will vest and become exercisable 2% a month for 50 months from date of grant and a grant of 150,000 shares will vest and become 100% exercisable three years from date of grant. The grants reflect our continuing policy to subject a substantial portion of his overall compensation each year to the market performance of the Company's common stock and to maintain his option holdings at a level consistent with that for other chief executive officers of the survey companies.

Tax Law Limits on Executive Compensation

Section 162(m) of the Internal Revenue Code limits deductions for certain executive compensation in excess of \$1 million. Certain types of compensation are deductible only if performance criteria are specified in detail and are contingent on stockholder approval of the compensation arrangement. We have endeavored to structure our compensation plans to achieve maximum deductibility under Section 162(m) with minimal sacrifices of flexibility and corporate objectives.

With respect to equity compensation arrangements, the Committee has structured its current stock option arrangements in a manner intended to achieve tax deductibility of such amounts. With respect to non-equity compensation arrangements, we have reviewed the terms of those arrangements most likely to be subject to Section 162(m).

Cash compensation in fiscal year 2002 for Mr. Probst, Mr. Mattrick and Mr. Riccitiello slightly exceeded the Section 162(m) threshold. Although the excess will reduce the tax deduction available to EA, that reduction will not be significant and we believe that such payments were consistent with our pay for performance compensation philosophy.

While the Compensation Committee will continue to consider deductibility under Section 162(m) with respect to future compensation arrangements with executive officers, deductibility will not be the only factor used in ascertaining appropriate levels or modes of compensation. Since corporate objectives may not always be consistent with the requirements for full deductibility, it is possible that we may, if consistent with our pay for performance philosophy described above, enter into compensation arrangements in the future under which payments are not fully deductible under Section 162(m).

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Board of Directors (the "Audit Committee") is comprised of three non-employee Directors. Each Director is independent as required under the applicable listing requirements of the Nasdaq National Market. The Audit Committee operates under a written charter, which was attached to our Proxy Statement dated June 29, 2001, related to our 2001 Annual Meeting of Stockholders.

Primary responsibility for the preparation, presentation and integrity of the Company's financial statements lies with senior management. EA's independent auditors are responsible for performing an independent audit of the financial statements in accordance with auditing standards generally accepted in the United States of America and expressing an opinion as to the conformity of the financial statements with accounting principles generally accepted in the United States of America. The function of the Audit Committee is to assist the Board of Directors in its oversight responsibilities relating to EA's accounting policies, internal controls and financial reporting.

The Audit Committee reviews EA's annual financial statements prior to submission to the Securities and Exchange Commission; reviews quarterly financial statements prior to earning releases; reviews and evaluates the performance of EA's independent accountants; consults with the independent accountants regarding internal controls and accuracy of the Company's financial statements; recommends to the Board of Directors the selection of the independent accountants; and assesses the independence of the independent accountants.

The Audit Committee received the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and considered whether the provision of non-audit services to the Company by KPMG LLP and the employment of former KPMG LLP employees by the Company is compatible with maintaining the independence of KPMG LLP. In addition the Audit Committee discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees).

Additionally, the Audit Committee has discussed with management and the independent accountants the scope of the audit, EA's critical accounting policies, and EA's financial statements. On the basis of the reviews and discussions mentioned, the Audit Committee recommended that the audited financial statements be included in EA's Annual Report on Form 10K for the year ended March 31, 2002 for filing with the SEC. Also based on these reviews, as well as an assessment of the past performance and the key engagement partners at KPMG LLP, the Audit Committee recommended that KPMG LLP be reappointed as EA's independent auditors for the 2003 fiscal year.

The members of the Audit Committee are not financial professionals engaged in the practice of auditing or accounting and are not experts in these fields. Members rely without independent verification on the information provided to them by management and the independent auditors. The Audit Committee's oversight function thus does not duplicate the activities of the management verification that management has employed appropriate accounting and financial reporting principles, or that appropriate procedures to ensure compliance with accounting standards and laws and regulation, or that the financial statements have been presented in accordance with accounting principles generally accepted in the United States of America, or that EA's auditors are in fact independent.

OTHER INFORMATION**CERTAIN TRANSACTIONS****Indebtedness of Management**

In May and June 2000, the following executive officers entered into secured full recourse promissory notes to purchase EA's Class B common stock under Restricted Stock Purchase Agreements: Mr. Riccitiello, \$449,500; Mr. Mattrick, \$224,750; Mr. McKee, \$134,850; Mr. J. Russell (Rusty) Rueff, Jr., \$134,850, and Mr. David Carbone, \$44,950. The term of the notes is five years and the interest, set at a market rate as determined under guidelines set forth in the Internal Revenue Code and state statutes, is due and payable quarterly.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Security Exchange Act of 1934 requires EA's Directors and executive officers, and persons who own more than ten percent of a registered class of EA's equity securities, to file reports of ownership and changes in ownership of common stock and other equity securities of EA. We have adopted procedures to assist EA's Directors and officers in complying with these requirements, which include assisting officers and Directors in preparing forms for filing.

To EA's knowledge, based solely upon review of such reports furnished to us and written representations that no other reports were required, we believe that during the fiscal year ended March 31, 2002, all Section 16(a) filing requirements applicable to our officers, Directors and greater than ten percent stockholders were complied with, except as follows: Mr. Mattrick and Mr. McKee inadvertently omitted one transaction each on their respective timely filed Forms 4 for May 2001 due to administrative error. These omissions were corrected by the reporting of these transactions on timely filed Forms 5.

STOCKHOLDER PROPOSALS FOR 2003 ANNUAL MEETING

If you want us to consider a proposal to be included in our 2003 proxy statement and proxy card, you must deliver it to the Company's Corporate Secretary at our principal executive office no later than March 15, 2003. Unless a stockholder who wishes to bring a matter before the stockholders at the Company's 2003 Annual Meeting of Stockholders, notifies the Company of such matters before May 17, 2003, management will have the discretionary authority to vote all shares for which it has proxies against such matter.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding", potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are EA stockholders will be "householding" our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, please notify your broker, direct your written request to our Corporate Secretary at our principal executive office, or contact our Corporate Secretary at (650) 628-1500. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker.

OTHER BUSINESS

The Board does not know of any other matter that will be presented for consideration at the meeting except as specified in the notice of the meeting. If any other matter does properly come before the Annual Meeting, it is intended that the proxies will be voted in respect thereof in accordance with the judgment of the persons voting the proxies.

By Order of the Board of Directors

Ruth A. Kennedy
Senior Vice President, General Counsel and Secretary

REQUESTS TO THE COMPANY

The Company will provide without charge, to each person to whom a proxy statement is delivered, upon request of such person and by first class mail within one (1) business day of receipt of such request, a copy of the 2000 Class A Equity Incentive Plan requested. Any such request should be directed as follows: Stock Administration Department, Electronic Arts Inc., 209 Redwood Shores Parkway, Redwood City, California 94065 telephone number (650) 628-1500.

APPENDIX A

GENERAL DESCRIPTION OF THE 2000 CLASS A EQUITY INCENTIVE PLAN

History. The Company's 2000 Class A Plan was adopted by the Board on January 27, 2000 and approved by the Company's stockholders on March 22, 2000 and amended on August 1, 2001. On April 10, 2001, the Board approved an Addendum to the 2000 Class A Plan applicable to grants of options to employees who are residents of the United Kingdom. The terms of all options granted pursuant to the Addendum are similar in all material respects to nonqualified options granted under the 2000 Class A Plan except as described herein or as necessary or appropriate to comply with applicable United Kingdom laws.

The following discussion describes the terms of the 2000 Class A Plan. All numbers of shares and exercise prices have been adjusted to reflect a one share for one share stock dividend effected in September 2000.

Purpose. The purpose of the 2000 Class A Plan is to provide incentives to attract, retain and motivate eligible persons whose present and potential contributions are important to the success of the Company, its Parent and Subsidiaries by offering them an opportunity to participate in the Company's future performance through awards of Options and Restricted Stock.

Administration. The 2000 Class A Plan provides that it may be administered by the Board or a committee of two or more Board members appointed by the Board, the (Committee). The Committee may delegate one or more officers of the Company the authority to grant awards under the Plan to Participants who are not Insiders of the Company. Other than as disclosed herein, members of the Committee have no material relationships with the Company, its employees or its affiliates. Subject to the terms of the 2000 Class A Plan, the Committee determines the optionees, the number of shares subject to each option, the exercise prices, the exercise periods and the dates of grants. The Committee also has the authority to construe and interpret any of the provisions of the 2000 Class A Plan or any options granted thereunder. Such interpretations are binding on the Company and on the optionees.

The members of the Compensation Committee received no compensation for administering the 2000 Class A Plan other than their compensation for attending Board and Committee meetings. The Company bears all expenses in connection with administration of the 2000 Class A Plan and has agreed to indemnify members of the Committee in connection with their administration of the 2000 Class A Plan.

Eligibility. Under the current 2000 Class A Plan, officers, employees, and Directors of the Company or any parent, subsidiary, or affiliate of the Company are eligible to receive option grants. Option grants under the 2000 Class A Plan to employees of Electronic Arts Limited and Electronic Arts Studio (UK) Limited, who reside in the United Kingdom are made pursuant to the UK Addendum, which places a limit on the aggregate exercise price of options granted to any optionee. At the last reported headcount on March 31, 2002, approximately 3,600 employees, including seventeen executive officers and Directors, were eligible to receive options under the 2000 Class A Plan. No optionee is eligible to receive option grants for more than an aggregate maximum of 350,000 shares in any calendar year, other than new employees of the Company, who are eligible to receive up to a maximum of 700,000 shares in the calendar year in which they commence their employment. An optionee may hold more than one option granted under the 2000 Class A Plan. Both incentive stock options (ISO), as defined in Section 422 of the Code and nonstatutory options (NSO) may be granted under the 2000 Class A Plan. The 2000 Class A Plan limits the aggregate fair market value (determined as of the time the option is granted) of the shares with respect to which ISOs are exercisable for the first time by the optionee during any calendar year to not more than \$100,000. There is no similar limit on NSOs granted under the 2000 Class A Plan.

Terms of the Options and the 2000 Class A Plan. Options may be granted under the 2000 Class A Plan until January 27, 2010. Subject to the provisions of the 2000 Class A Plan, the Committee may determine the vesting schedule of each option and other terms and conditions of exercisability under the 2000 Class A Plan.

Under the 2000 Class A Plan, non-employee Directors receive a NSO to purchase 8,000 shares upon re-election. New Directors would receive a grant of 25,000 shares, under the Class A Plan. Non-employee Directors may elect to receive all or part of their cash compensation in the Company's Class A common stock.

The Committee from time to time may offer to an eligible person shares that are subject to restrictions. The Committee will determine to whom an offer will be made, the number of shares the person may purchase, the price to be paid (which must be 100% of the Fair Market Value to a Ten Percent Stockholder), the restrictions to which the shares will be subject and all other terms and conditions of the award as determined in the Class A Plan.

Options granted under the 2000 Class A Plan must be exercised within ten years of the option grant date, except that an ISO granted to a person owning ten percent or more of the total combined voting power of all classes of stock of the Company or of any parent or subsidiary of the Company (a Ten Percent Stockholder) and an ISO granted under the Addendum must be exercised within five years of the option grant date.

Exercise Price: No Repricings. The Committee determines the exercise price of each option granted under the 2000 Class A Plan. The exercise price must be at least equal to the fair market value per share of the Company's common stock on the date the option is granted, except that the exercise price of an ISO granted to a Ten Percent Stockholder must be at least equal to 110% of the fair market value per share on the date of grant. On May 24, 2002, the fair market value of the Company's common stock (as determined by the closing bid price on the Nasdaq National Market on such date) was \$63.84. Pursuant to an amendment approved by the Board of Directors in February 2002, to all of EA's equity incentive plans, including the 2000 Class A Plan, the exercise price of outstanding options may not be reduced without stockholder approval.

To exercise an option, the optionee must deliver to the Company an executed exercise notice and full payment for the shares being purchased. Shares purchased under the Addendum must be paid for in cash. With respect to all other options under the 2000 Class A Plan as currently in effect, payment may be made in cash or by other specified forms of payment.

Termination of Options. Under the 2000 Class A Plan, if an optionee's association with the Company is terminated for any reason other than death or disability, any outstanding option that was exercisable on the date of termination, may be exercised by the optionee within three months after termination (or such shorter or longer time as may be specified in the grant evidencing the option), but not later than the expiration of the option, except if an optionee is terminated for Cause, the optionee may not be entitled to exercise any option with respect to any shares whatsoever, after termination of service. A longer exercise period may apply in the event of termination of an optionee's association with the Company because of the optionee's death or disability.

Changes in Capital Structure. If the Company issues additional securities to raise capital or otherwise where consideration is received for the shares, no adjustment is required in the number of shares or the exercise price per share for outstanding options under the 2000 Class A Plan. If the number of outstanding shares of common stock of the Company is changed by a stock dividend, stock split, reverse stock split, combination, reclassification or similar change in the capital structure of the Company without consideration, or if there is a distribution of a substantial portion of the Company's assets in a spin-off or similar transaction, the number of shares of common stock available for option grants under the 2000 Class A Plan and the number of shares and the exercise price per share for each outstanding option will be proportionately adjusted, subject to any required action by the Board or stockholders of the Company. Effective September 8, 2000, a stock dividend was paid in the form of one additional share for each outstanding share. Accordingly, the number of outstanding options and the exercise price payable per share, as well as the number of shares available for issuance under the 2000 Class A Plan as of September 8, 2000 was adjusted to reflect the dividend.

APPENDIX A 2000 CLASS A EQUITY INCENTIVE PLAN

Assumption of Options and Acceleration of Vesting. Under the 2000 Class A Plan, in the event of a Change of Control, the vesting of all options will accelerate and the options will become exercisable in full prior to the consummation of such event, at such times and on such conditions as the Committee determines, unless the successor corporation assumes the outstanding options or substitutes substantially equivalent options. In general, a Change of Control means a dissolution or liquidation of the Company, a merger in which the Company is not the surviving corporation (with certain exceptions), or the sale of all, or substantially all, of the assets of the Company. The aggregate fair market value (determined at the time an option is granted) of stock with respect to which ISOs first become exercisable in the year of any such dissolution, liquidation, merger or sale of assets cannot exceed \$100,000. Any remaining accelerated ISOs will be treated as NSOs.

TAX TREATMENT OF THE OPTIONEE

ISOs. In the case of ISOs, there is generally no tax liability at the time of grant or exercise. However, the excess of the fair market value of the stock on the exercise date over the option price is included in the optionee's income for purposes of the alternative minimum tax. If the optionee holds the stock acquired upon exercise of an ISO (the ISO Shares) for more than one year after the date the option was exercised and for more than two years after the date the option was granted, the optionee generally will realize long-term capital gain or loss (rather than ordinary income or loss) upon disposition of the ISO Shares. This gain or loss will be equal to the difference between the amount realized upon such disposition and the amount paid for the shares. An employee who exercises an ISO might also be subject to an alternative minimum tax.

If the optionee disposes of ISO Shares prior to the expiration of either required holding period (a disqualifying disposition), the gain realized upon such disposition, up to the difference between the fair market value of the shares on the date of exercise (or, if less, the amount realized on a sale of such shares) and the option exercise price, will be treated as ordinary income.

Any additional gain will be long-term or short-term capital gain, depending upon the length of time the ISO Shares were held by the optionee.

NSOs. The optionee will not recognize any taxable income at the time a NSO is granted. However, upon exercise of a NSO, the optionee will include in income as compensation an amount equal to the difference between the fair market value of the shares on the date of exercise and the amount paid for that stock upon exercise of the NSO. The included amount will be treated as ordinary income by the optionee and will be subject to income tax withholding by the Company (either by payment in cash by the optionee or withholding from the optionee's salary). Upon resale of the shares by the optionee, any subsequent appreciation or depreciation in the value of the shares will be treated as capital gain or loss.

TAX TREATMENT OF THE COMPANY

The Company will be entitled to a deduction in connection with the exercise of a NSO by a domestic optionee to the extent that the optionee recognizes ordinary income. The Company will be entitled to a deduction in connection with the disposition of ISO Shares only to the extent that the optionee recognizes ordinary income on a disqualifying disposition of the ISO Shares.

Amendment and Termination of the 2000 Class A Plan. The Committee may amend or terminate the 2000 Class A Plan at any time and in any respect, including modifying the form of the grant or the exercise notice, except that certain amendments may require the approval of the stockholders of the Company in accordance with applicable laws and regulations. No amendment of the 2000 Class A Plan may adversely affect any outstanding option or unexercised portion thereof without the Optionee's written consent.

If an option granted pursuant to the 2000 Class A Plan expires or terminates for any reason without being exercised in whole or in part, the shares released from such option will again become available for grant under the Class A Plan.

Outstanding Options Under the 2000 Class A Plan. 338,441 shares, as of May 24, 2002, had been issued pursuant to exercises under the 2000 Class A Plan by the Company's optionees. 3,511 persons held NSOs under the 2000 Class

A Plan to purchase an aggregate of 10,234,875 shares of common stock, with a weighted average exercise price of \$49.35 per share and there were 2,713,450 shares of common stock available for future grants under the 2000 Class A Plan. Over the term of the 2000 Class A Plan, the following Named Executive Officers have been granted options to purchase shares of common stock under the 2000 Class A Plan as follows: Lawrence F. Probst III, 600,000 shares; John Riccitiello, 475,000 shares; E. Stanton McKee, Jr., 70,000 shares; Don Matrick, 500,000 shares; and Nancy L. Smith, 155,000 shares. Current executive officers as a group have been granted options to purchase 2,490,000 shares, and all employees as a group, other than executive officers, have been granted options to purchase 7,744,875 shares. The outstanding options under the 2000 Class A Plan expire from May 5, 2010 to May 19, 2012 (subject to earlier termination if an optionee's association with the Company terminates). An aggregate of 12,200,000 shares of the Company's authorized common stock has been reserved for issuance upon the exercise of options to be granted under the 2000 Class A Plan.

Proposed amendment of the 2000 Class A Plan. At the meeting, stockholders will be asked to approve an amendment to the 2000 Class A Plan to increase by 5,500,000 the number of shares of the Company's Class A common stock reserved for issuance under the Plan. No shares to date have been granted or issued on the basis of such proposed approval.
