2014 ANNUAL MEETING OF STOCKHOLDERS
May 6, 2014

This Proxy Statement, or a Notice of Internet Availability of Proxy Materials, was first mailed to our stockholders on or about March 27, 2014. It is furnished in connection with the solicitation of proxies by the Board of Directors of StarTek, Inc., a Delaware corporation, to be voted at the 2014 Annual Meeting of Stockholders (the “Annual Meeting”) for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the offices of StarTek, Inc., 8200 East Maplewood Ave., Suite 100, Greenwood Village, CO, 80111, on May 6, 2014, at 8:00 a.m. local time.

OUTSTANDING STOCK AND VOTING RIGHTS

The only outstanding securities entitled to vote at the Annual Meeting are shares of our common stock, \$0.01 par value. Stockholders of record at the close of business on March 11, 2014 will be entitled to vote at the Annual Meeting on the basis of one vote for each share held. On March 11, 2014, there were 15,381,781 shares of common stock outstanding.

Under rules of the Securities and Exchange Commission, we are furnishing proxy materials to our stockholders on the Internet, rather than mailing printed copies to our stockholders. If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the proxy materials unless you request one as instructed in that notice. Instead, the Notice of Internet Availability of Proxy Materials will instruct you as to how you may access and review the proxy material on the Internet. If you received a Notice of Internet Availability of Proxy Materials by mail and would like to receive a printed copy of our proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials.

Proxies will be voted according to the instructions received either on the proxy card or online via the Internet or telephone. In the absence of specific instructions, proxies will be voted (i) FOR each of the nominees in proposal 1, (ii) FOR proposals 2, 3 and 4 and (iii) in the discretion of the proxy holders on any other matter which properly comes before the Annual Meeting.

Stockholders who execute proxies retain the right to revoke them at any time before the shares are voted by proxy at the Annual Meeting. A stockholder may revoke a proxy by delivering a signed statement to our Corporate Secretary at or prior to the Annual Meeting or by timely executing and delivering, by mail, Internet, telephone, or in person at the Annual Meeting, another proxy dated as of a later date. We will pay the cost of solicitation of proxies.

The quorum necessary to conduct business at the Annual Meeting consists of a majority of the outstanding shares of common stock as of the record date. Abstentions and broker non-votes (i.e., when a broker does not have or exercise authority to vote on a specific issue) are counted as present in determining whether the quorum requirement is satisfied. Each stockholder is entitled to cast one vote per share on each matter.

The election of the directors requires a majority (i.e., greater than 50%) of the votes cast in person or by proxy at the Annual Meeting. If a nominee for director who is an incumbent director is not elected and no successor has been elected at the annual stockholder’s meeting, the director shall promptly tender his or her resignation to the Board of

Directors. The Nominating and Governance Committee of the Board of Directors shall make a recommendation to the Board of Directors whether to accept or reject the resignation. If accepted, the Board of Directors, at its sole discretion, may fill any resulting vacancy pursuant to the provisions of the amended and restated bylaws. If the election of directors is contested, whereby the number of nominees for election exceeds the number of directors to be elected, then the directors shall be elected by the vote of a plurality of the votes cast. We do not expect the election of directors at the Annual Meeting to be contested and therefore directors will be elected by a majority of the votes cast. Cumulative voting is not permitted in the election of directors.

The affirmative vote of the holders of a majority of the shares of our common stock present at the Annual Meeting, whether in person or by proxy, is required to ratify our independent registered accounting firm and approve the amendment and restatement of our 2008 Equity Incentive Plan. The proposal to approve our executive compensation is advisory and not binding on us. However, we will consider our stockholders to have approved our executive compensation if the number of votes for this proposal exceeds the number of votes against this proposal.

For purposes of the proposal to ratify our independent registered accounting firm and approve the amendment and restatement of our 2008 Equity Incentive Plan and any other matters properly brought before the Annual Meeting, abstentions will have the effect of a vote against the matter. For purposes of the election of directors and the non-binding approval of our executive compensation, abstentions will not affect the vote taken. Broker non-votes will not be considered present and do not affect the vote taken on any matter. Because brokers may not vote uninstructed shares on behalf of their customers for “non-routine” matters, which include the election of directors, approval of our executive compensation and approval of the amendment and restatement of our 2008 Equity Incentive Plan, it is critical that stockholders vote their shares.

The Board of Directors has selected Ed Zschau and Chad A. Carlson, and each of them, to act as proxies with full power of substitution. Solicitation of proxies may be made by mail, personal interview, telephone and facsimile transmission by our officers and other management employees, none of whom will receive any additional compensation for their soliciting activities. The total expense of any solicitation will be borne by us and may include reimbursement paid to brokerage firms and others for their expenses in forwarding material regarding the Annual Meeting to beneficial owners. Unless otherwise noted in this definitive proxy statement, any description of “us,” “we,” “our,” “STARTEK”, etc. refers to StarTek, Inc. and our subsidiaries.

Our Bylaws provide that our Board of Directors must consist of at least one but no more than nine directors. Each director serves a one year term (and until his or her successor is elected and qualified). At the Annual Meeting, our stockholders will elect five directors to serve until the 2015 Annual Meeting of Stockholders and until their successors are duly elected and qualified.

In the event any nominee declines or is unable to serve, proxies will be voted in the discretion of the proxy holders. We have no reason to anticipate that this will occur.

When considering whether directors and nominees have the experience, qualifications, attributes and skills, taken as a whole, to enable the Board of Directors to satisfy its oversight responsibilities effectively in light of the Company's business and structure, the Governance and Nominating Committee and the Board of Directors considered the information in the individual biographies set forth below as well as the record of service to STARTEK of each director nominated for re-election.

From April 1993 to July 1995, Dr. Zschau was General Manager, IBM Corporation Storage Systems Division. Earlier in his career, he was Founder and CEO of System Industries, Inc. which became a public company in 1980. With thirteen years on our board, Dr. Zschau is our longest serving director and has developed a deep knowledge of our business. His long history with our company, combined with his leadership skills and operating experience, makes him particularly well suited to be our Chairman.

CORPORATE GOVERNANCE

The Board of Directors

As of December 31, 2013, the Board of Directors was comprised of Mr. Chad A. Carlson, Dr. Ed Zschau, Mr. Jack D. Plating, Mr. Benjamin L. Rosenzweig and Mr. Robert Sheft. During 2013, the Board of Directors held nine meetings, our Audit Committee met four times, our Compensation Committee met nine times and our Governance and Nominating Committee met one time. Each director attended at least 75% of the meetings of the Board and the committees on which they serve. We do not require that our directors attend our annual meetings of stockholders; however, Messrs. Carlson, Dr. Zschau and Mr. Rosenzweig attended the 2013 meeting.

Our Board of Directors has determined that each of Dr. Zschau, Mr. Plating, Mr. Rosenzweig and Mr. Sheft are independent directors under the regulations of the New York Stock Exchange (the “NYSE”). None of these directors or nominees has any relationship or has been party to any transactions that the board believes could impair the independent judgment of these directors or nominees in considering matters relating to us.

Leadership Structure of our Board

Dr. Zschau has served as our non-executive Chairman since May 2006. We have maintained a leadership structure since that time with the non-executive Chairman separate from the Chief Executive Officer, although the board has no formal policy with respect to the separation of such offices. The independent directors meet regularly without management present, and Dr. Zschau, our Chairman, presides at these meetings.

Our Board of Directors believes that it is the proper responsibility of the board to determine who should serve as Chairman and/or Chief Executive Officer and whether the offices should be combined or separated. The board members have considerable experience and knowledge about the challenges and opportunities we face. The board, therefore, is in the best position to evaluate our current and future needs and to judge how the capabilities of our directors and senior management from time to time can be most effectively organized to meet those needs. The board believes that the separate offices of the Chairman and CEO currently functions well and is the optimal leadership structure for us. While the board may combine these offices in the future if it considers such a combination to be in our best interests, it currently intends to retain this structure.

The Board also has three standing committees: Audit, Compensation and Governance and Nominating Committees as described below. The charters for our Audit Committee, Compensation Committee and Governance and Nominating Committee are available on the Investors page on our website at www.startek.com.

Audit Committee

Our Board of Directors has an Audit Committee that assists the Board of Directors in fulfilling its oversight responsibility relating to our financial statements and financial reporting process and our systems of internal accounting and financial controls. The Audit Committee is also responsible for the selection and retention of our independent auditors, reviewing the scope of the audit function of the independent auditors and approving non-audit services provided to us by our auditors, and reviewing audit reports rendered by our independent auditors. As of March 1, 2014, the members of the Audit Committee are Mr. Rosenzweig, Chairman, Mr. Plating and Dr. Zschau, each of whom is an “independent director” as defined by the NYSE's listing standards and is financially literate. Our Board of Directors has determined that Dr. Zschau qualifies as an “audit committee financial expert” under SEC rules.

Compensation Committee

Our Board of Directors also has a Compensation Committee, for which the board has adopted a written Compensation Committee Charter. The Compensation Committee reviews our compensation programs and exercises authority with respect to payment of direct salaries and incentive compensation to our executive officers. In addition, the committee is responsible for oversight of our equity incentive plans. As of March 1, 2014, the members of the Compensation Committee are Mr. Sheft, Chairman, Mr. Plating and Mr. Rosenzweig, each of whom is an “independent director” as defined by the NYSE's listing standards.

Governance and Nominating Committee

The Governance and Nominating Committee of our Board of Directors is responsible for the nomination of candidates for election to our board, including identification of suitable candidates, and also oversees our corporate governance principles and recommends the form and amount of compensation for directors to the board for approval. The Governance and Nominating Committee also administers annual self-evaluations of the Board of Directors and all committees of the board. As of March 1, 2014, the members of the Governance and Nominating Committee are Mr. Plating, Chairman, Mr. Rosenzweig, Mr. Sheft and Dr. Zschau, each of whom is an “independent director” as defined by the NYSE's listing standards. Notwithstanding the Governance and Nominating Committee, certain of our nominees to our Board of Directors may be named in the future by certain of our stockholders pursuant to the terms of an Investor Rights Agreement described on page 25 under “Investor Rights Agreement.”

Director Nominations

The Governance and Nominating Committee does not have an express policy with regard to the consideration of any director candidates recommended by our stockholders because our bylaws permit any stockholder to nominate director candidates, and the committee believes that it can adequately evaluate any such nominees on a case by case basis. The committee will consider director candidates proposed in accordance with the procedures set forth on page 36 under “Stockholder Proposals,” and will evaluate stockholder-recommended candidates under the same criteria as other candidates.

Although the committee does not currently have formal minimum criteria for nominees, it considers a variety of factors such as a nominee’s independence, prior board experience, relevant business and industry experience, leadership experience, ability to attend and prepare for board and committee meetings, ethical standards and integrity, cultural fit with the Company’s existing board and management, and how the candidate would add to the diversity in backgrounds and skills of the board. The Governance and Nominating Committee takes into account diversity considerations in determining our nominees and believes that, as a group, the nominees bring a diverse range of perspectives to the board’s deliberations; however, we do not have a formal policy on board diversity. Any candidate must state in advance his or her willingness and interest in serving on our board. In identifying prospective director candidates, the Governance and Nominating Committee seeks referrals from other members of the board, management, stockholders and other sources. The Governance and Nominating Committee also may, but need not, retain a professional search firm in order to assist it in these efforts. The Governance and Nominating Committee utilizes the same criteria for evaluating candidates regardless of the source of the referral. When considering director candidates, the Governance and Nominating Committee seeks individuals with backgrounds and qualities that, when combined with those of our incumbent directors, provide a blend of skills and experience to further enhance the board’s effectiveness.

Board’s Role in Risk Oversight

The Board of Directors takes an active role in risk oversight of our Company, both as a full board and through its committees. The agendas for the board and committee meetings are specifically designed to include an assessment of opportunities and risks inherent in our Company's strategies and compensation plans. In 2013, at each regularly scheduled Audit Committee meeting, management presented a summary of enterprise risks, mitigation strategies and progress on previously identified risks and mitigation steps. The Audit Committee then determined whether the mitigation activities were sufficient and whether our Company's overall risk management process or control procedures required modification or enhancement. The objectives for the risk assessment included (i) facilitating the NYSE governance requirement that the Audit Committee discuss policies around risk assessment and risk management; (ii) developing a defined list of key risks to be shared with the Audit Committee, board and senior management and (iii) determining whether there are risks that require additional or higher priority mitigation efforts.

We plan on continuing this iterative process in 2014.

Corporate Governance Guidelines

Our Board of Directors has adopted corporate governance guidelines, in accordance with applicable rules and regulations of the SEC and NYSE, to govern the responsibilities and requirements of the Board of Directors. A current copy of our Corporate Governance Guidelines is available on our website, www.startek.com.

We have adopted a Code of Business Conduct and Ethics that applies to all of our directors and employees, including our principal executive officer, principal financial officer, and principal accounting officer. We intend to disclose on our website any amendments to or waivers of the code applicable to our directors, principal executive officer, principal financial officer, chief accounting officer, controller, treasurer and other persons performing similar functions within four business days following the date of such amendment or waiver.

Related Person Transaction Approval Policy

Our Audit Committee reviews and pre-approves transactions we may enter into with our directors, executive officers, principal stockholders (greater than 5%) or persons affiliated with our directors, executive officers or principal stockholders. Our Audit Committee has adopted formal procedures for these reviews. We have a written related person transaction approval policy which the Audit Committee is responsible for applying. Transactions subject to this policy include any transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships in which the Company is or will be a participant and in which a related person has a direct or indirect interest. A related person includes (1) all of our directors and executive officers, (2) any nominee for director, (3) any immediate family member of a director, nominee for director or executive officer and (4) any holder of more than five percent of our common stock, or an immediate family member of such holder. The standards for approval by the Audit Committee include (i) whether the terms are fair to the Company, (ii) whether the transaction is material to the Company, (iii) the role that the related person has played in arranging the transaction, (iv) the structure of the related person transaction and (v) the interests of all related persons in the transaction. Furthermore, our Code of Business Conduct and Ethics requires directors and executive officers to disclose any transaction with us in which they may have a direct or indirect interest.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Design and Objectives

The Compensation Committee of our Board of Directors (the "Committee") believes in providing an overall compensation structure that attracts, motivates, rewards and retains top talent engaged in achieving our business objectives, which are designed to create value for our stockholders. The principal components of that structure include a base salary, an annual cash incentive, in some cases with the right to convert such cash incentives into stock options, and periodic grants of long-term equity incentives that encourage long-term commitment. A significant portion of our compensation structure is performance-based and reflects our desire to encourage progressive thinking and balanced risk-taking. We believe that this blend of components provides our executive leadership team with the incentives to create long-term value for stockholders while taking thoughtful and prudent risks in the short term.

As noted below, our compensation programs are intended to provide a link between the creation of stockholder value through execution of the Company's business strategy and the compensation earned by our executive officers and certain key personnel. The objectives of our compensation programs are to:

- attract, motivate, reward and retain top talent;
- ensure that compensation is commensurate with our overall performance and increases to stockholder value over the long term; and
- ensure that our executive officers and certain key personnel have enough financial incentive to motivate them to achieve sustainable, profitable growth in stockholder value.

Compensation Components	Objectives
Base Salary	Provides a fixed salary reflective of individually negotiated arrangements and individual performance
Annual Incentive	Motivates executives to achieve pre-determined, financial and/or strategic goals
Equity Awards as Restricted Stock or Stock Options	Motivates executives to make sound business decisions that focus on long-term stockholder value creation

We seek to become a market leader in providing meaningful impact business process outsourcing ("BPO") services to our clients. Our approach is to develop relationships with our clients that are partnering and collaborative in nature where we are focused, flexible and responsive to their business needs. In addition, we offer creative industry-based solutions to meet our clients' ever changing business needs. The end result is the delivery of a quality customer experience to our clients' customers. To become a leader in the market, our strategy is to:

- grow our existing client base by deepening and broadening our relationships,
- add new clients and continue to diversify our client base,
- improve the profitability of our business through operational improvements and increased utilization,
- expand our global delivery platform to meet our clients' needs,
- broaden our service offerings by providing more innovative and technology-enabled solutions,
- expand into new verticals.

In 2013, the Compensation Committee conducted an annual review of the compensation of our executive officers. Most of our executive officers have been with our company for a relatively short period of time and much of their compensation is based on arrangements that were negotiated in connection with their hire. The executive officers listed in the Summary Compensation Table in this proxy statement include (referred to as "named executive officers"):

Chad A. Carlson, President and Chief Executive Officer - Mr. Carlson joined our company in 2010 and was promoted to his current position in June 2011. His base salary remained the same through 2013 from the base salary he received upon such promotion.

Rod A. Leach, Senior Vice President and General Manager, Global Operations - Mr. Leach joined our company in 2010 and was promoted to his current position in August 2012. In connection with his promotion, his base salary was increased from \$225,000 to \$237,500 and his annual incentive target was increased from 30% to 60% of his base salary, which changes were effective January 1, 2013.

Emily K. Millar, Senior Vice President, Client Solutions & Strategy - Ms. Millar joined our company in 2011 and was promoted to her current position in August 2013. Her base salary was not changed during 2013, including at the time of her promotion, as she participates in a sales commission plan.

Stockholder Approval of Executive Compensation

At our 2013 Annual Meeting, our stockholders approved our executive compensation by a vote of 99.7% of the votes cast. Our Compensation Committee considered this high level of stockholder approval as an indication that our stockholders approved our compensation philosophy and program. Accordingly, our Compensation Committee determined that no changes needed to be considered as a result of the vote. The incremental changes in our executive compensation for fiscal 2013 were made on the basis of the factors described in this Compensation Discussion and Analysis, and are consistent with the same general philosophy that stockholders supported last year.

Elements of the Executive Compensation Structure

Our compensation structure is significantly performance-based, but also reflects our desire to discourage excessive short-term risk-taking. The structure rewards our executives with a blend of fixed base salary, short-term incentives, and long-term rewards. We believe that this blend of components provides the executive leadership team with the incentives to create value for stockholders while taking thoughtful and prudent risks to grow the value of our company. The Compensation Committee and Audit Committee work closely to ensure that there is a shared risk assessment view.

Our executive compensation structure is composed of three elements of remuneration:

Base pay along with a suite of retirement, health, and welfare benefits. Our executives receive the same retirement, health, and welfare benefits package as provided to all of our exempt employees. The tier of remuneration for supplemental company paid life insurance, long-term disability and accidental death and dismemberment insurance, given market and economic conditions, to attract and retain high-quality executives.

- Short-term incentives are focused on a combination of company financial performance and achievement of key strategic initiatives.

Long-term incentives are designed to reward the achievement of sustainable growth in stockholder value. These long-term incentives are typically in the form of stock options and/or restricted stock awards granted under our 2008 Equity Incentive Plan with time and/or performance vesting triggers.

Short-Term Incentive Plan Structure

The short-term incentive plan is designed to keep executives focused on improving revenue growth and operational efficiencies while decreasing our non-operating expenses. In 2013, short-term performance goals for executives were comprised of only company financial goals. Each participant received a target bonus opportunity that was expressed as a percentage of the executive's base salary. A designated threshold for company financial goals had to be achieved before any portion of the financial goals could be earned. The 2014 short-term incentive plan is a combination of company financial goals and key strategic initiatives focused on creating long-term stockholder value. As described further below, Ms. Millar does not participate in the short-term incentive plan, but participates in a sales commission plan applicable to her sales-focused position.

Determining Long-Term Incentive Awards

Long-term incentives provided to our executives consist of equity grants in the form of stock options or restricted stock grants that are designed to retain key personnel and keep executives focused on increasing long-term stockholder value through sustainable improvements in our business as reflected in our stock price. Pressure, real or perceived, to achieve short-term earnings goals could create a temptation to slow longer-term growth. However, the combination of growth and sustained improvement in profitability is necessary for sustained improvement in our stock value. Accordingly, the long-term incentives keep executives focused on both our short- and long-term success.

Our Compensation Committee takes several factors into account in determining the level of long-term incentive opportunity to grant to executive officers. In 2013, the Compensation Committee primarily took the following factors into account:

- the level of each executive officer's role
- each executive officer's performance,
- equity compensation grants made in the past,
- value realized by executives from past grants, and
- the financial statement impact of equity compensation grants.

Our approach to allocating between long-term and short-term compensation is based on the following key assumptions:

The majority of an executive's cash compensation comes in the form of a base salary. The cash from these base salaries can be enhanced by the payment of a bonus that is based on achievement of financial and/or strategic objectives. By linking the annual incentive bonus to Company performance, we can provide incentive for our executives to improve key business drivers and thus, revenue and profitability.

We expect that in the long run, the bulk of executive officer compensation will come from stock price appreciation and other long-term incentives. Executives are allocated equity upside to ensure that they will be rewarded for sustained increases in stock value. We believe that we can drive increases in stock value through sustainable growth

and improvement in profitability as well as by maintaining credibility in the marketplace. Through these means, we hope to motivate our executives to create the kind of sustained increase in share value that will reward stockholders and executives alike.

2013 Compensation Decisions

Benchmarking of Compensation and Determination of Base Pay

We did not engage in any specific benchmarking when setting executive compensation for fiscal year 2013. Since most of our executives have been with us for less than four years, their compensation, particularly their base salaries, are the result of arrangements individually negotiated when the executive officers were hired and are reflected in their employment agreements or offer letters. Adjustments to compensation levels are based on Company and individual performance and changes in position responsibilities or promotions to reflect the Compensation Committee's subjective assessment of the impact of those changes on compensation levels. We did not make any significant changes in compensation levels for fiscal 2013 and the only changes we did make are discussed elsewhere in this Compensation Discussion and Analysis. The Compensation Committee did not retain a consultant to recommend or evaluate the compensation decisions related to fiscal 2013.

2013 Executive Incentive Plan

The Compensation Committee approves the Executive Incentive Plan, which is our short-term incentive plan, based on related corporate financial targets set annually by the Board of Directors. The Plan can be changed, suspended or eliminated, in whole or in part, at any time, with or without notice to participants. All named executive officers, other than Ms. Millar, participate in the Executive Incentive Bonus plan. Because Ms. Millar's incentive compensation is sales- and service-based commissions, she is not eligible to participate in the Executive Incentive Plan. Instead, she participates in the Sales Commission Plan.

Payments made under the 2013 Executive Incentive Plan were subject to company financial objectives. For 2013, the overall incentive payment potentials for the executive officers identified in the Summary Compensation Table below ranged from 60% to 100% of each executive officer's base salary, as follows:

Chief Executive Officer	100%
Senior Vice President and General Manager, Global Operations	60%

Earned incentives for 2013 were paid for full year performance in March 2014. The incentive plan targets reward those results that support the Company strategy to grow and improve the profitability of our business. Of the total, sixty percent was based on Adjusted EBITDA (defined as net income (loss) plus income tax expense (benefit), interest expense (income), impairment losses and restructuring charges, depreciation and amortization expense, (gains) losses on disposal of assets and stock compensation expense), thirty percent was based on Revenue, and ten percent was based on Free Cash Flow (defined as the change in cash during the period). Incentive payments are earned only if the targets are met within a very tight threshold.

For 2013, we established the following financial targets with sliding scales from minimum to maximum for Adjusted EBITDA, Revenue and Free Cash Flow. No payments can be earned if minimum thresholds are not met.

Financial Metric	Goal	Threshold to Earn Payout	% Achieved	% Payout	% Weighting of Overall Goals	% Earned Payout
Adjusted EBITDA	\$13.0	\$11.7	73.7%	0.0%	60%	0%
Revenue	\$215.9	\$194.3	107.1%	93.1%	30%	27.9%
Free Cash Flow	\$2.1	\$1.0	85.1%	70.2%	10%	7.0%

Total Earned: 35%

Based on achievement of financial targets, the following payouts were earned by our named executive officers for financial performance in 2013:

Mr. Carlson \$145,043

Mr. Leach \$49,804

2013 Executive Discretionary Bonuses

In March 2014, in connection with evaluating our Company's performance against the financial objectives under the 2013 Executive Incentive Plan, the Compensation Committee approved a discretionary bonus for the executives who participate in the Executive Incentive Plan. The Compensation Committee considered the Company's overall performance and achievement of specific strategic objectives. The amount of the discretionary bonus was equal to approximately 15% of each executive's target award under the 2013 Executive Incentive Plan. Accordingly, the following discretionary bonuses were approved for our named executive officers:

Mr. Carlson \$62,463

Mr. Leach \$21,445

Settlement of Bonuses in Stock Options

To further encourage alignment with the interests of our stockholders, our Compensation Committee permitted our executive officers to elect to receive all of their bonus payments under the 2013 Executive Incentive Plan and their discretionary bonus in the form of stock options. The number of stock options granted to each executive who elected stock options was based on the Black-Scholes value of a share of our common stock subject to the award on the date the payouts were approved. The options are immediately vested upon issuance and have a term of ten years. Mr. Carlson elected to receive 50% of his bonus payments in the form of stock options; however, his grant was made subject to stockholder approval of the proposal to increase the shares of our common stock available for issuance under the 2008 Equity Incentive Plan included in this proxy statement. Mr. Leach elected to receive his payments in cash.

2013 Sales Commission Plan

In 2013, Ms. Millar was eligible to earn certain commissions under our 2013 Sales Commission Plan. The 2013 Sales Commission Plan provides that each eligible employee may earn a monthly commission for each qualifying Statement of Work (SOW) or amendment to an SOW for which that employee is substantially responsible, and that is a source of new revenue for STARTEK. The commissions are paid monthly and calculated as the net revenue recognized by STARTEK from a qualifying SOW for the month, multiplied by the employee's applicable target incentive percentage. Commissions can be earned for up to two years following execution of the SOW. Any sales with little or no margin contribution are ineligible for commissions. In the event two or more eligible employees are otherwise eligible for a commission under this plan for a particular program, the commission will be split among them as determined by senior sales management.

2013 Long Term Compensation

The Compensation Committee has awarded stock options and restricted stock awards under our 2008 Equity Incentive Plan. Thus far, other equity-based incentives have not been considered, but they may be considered in the future. Options and restricted stock awards bear a relationship to the achievement of our long-term goals in that both increase in value as our stock increases in value. A significant portion of management's compensation package is equity-based; as such, management bears significant exposure to downside equity risk as the income they derive from these stock-based awards is contingent upon our stock's appreciation in the marketplace. The Compensation Committee has carefully evaluated the cost of the grants of stock options and restricted stock awards to our executive officers. It will continue to evaluate the cost of stock options and restricted stock awards and other forms of equity compensation vehicles against the benefit those vehicles are likely to yield in building sustainable share value.

In 2013, the Compensation Committee made grants to eligible executives of stock options based on the factors described above under “Determining Long Term Incentive Awards.” These grants were in addition to any stock options the executive officers received in connection with their election to receive a portion of their annual incentive payout in the form of stock options. Long-term incentive equity grants made to our executive officers during 2013 are as follows:

♣Mr. Carlson: 200,000 options

♣Mr. Leach: 50,000 options

♣Ms. Millar: 40,000 options

All of the long-term incentive awards cliff vest three years from the date of grant and have a term of ten years. The three year cliff vesting is intended to incentivize retention and long-term performance.

Equity Grants and Market Timing

We have not granted equity awards in coordination with the release of material, non-public information, and our equity award grant practices are separate from discussions regarding the release of such information. The Compensation Committee makes the decision to grant stock options or restricted stock awards when new hires occur and when the Compensation Committee determines that additional equity grants are appropriate to reward and motivate performance or necessary to retain key talent. The Compensation Committee has approved guideline ranges for new hires by level of position to ensure our ability to attract and retain key employees. Grants are made on the date the Compensation Committee approves the grants and are not matched to other specific Company events, except, in the case of a grant to a new hire whose employment has not commenced, the grant date is the date he or she commences employment.

Except as stated below, we have no program, plan, or practice of awarding options and setting the exercise price based on any price other than the fair market value of our stock on the grant date. Our 2008 Equity Incentive Plan, defines “fair market value” as the closing price of one share of our common stock on the trading day on which such fair market value is determined (i.e., the grant date).

Compensation Committee Discretion

The Compensation Committee retains the authority to review executive officer base compensation and approve increases based on general performance and market norms. The Compensation Committee also retains the authority to make long-term incentive grants (historically, stock options and restricted stock) based on several factors described in this Compensation Discussion and Analysis. The Committee intends to retain the discretion to make decisions about executive officer base compensation and certain levels of stock option grants without predetermined performance goals.

Policy Regarding Adjustment of Awards if Relevant Performance Measures Are Restated or Adjusted

Our board may request disgorgement from an executive officer should a restatement occur that would have materially affected the amount of a previously paid award.

Severance Arrangements

We have entered into employment agreements with each of our named executive officers. The Compensation Committee believes that it is in the best interests of the Company and our stockholders to design compensation programs that assist us in attracting and retaining qualified executive officers, assure that we will have the continued dedication of our executive officers in the event of a pending, threatened or actual change of control, provide certainty about the consequences of terminating certain executive officers' employment, protect us by obtaining non-compete covenants from certain executive officers that survive a termination of employment not involving a change of control, and to obtain a release of any claims from those former executive officers. Accordingly, the agreements generally provide for certain benefits if the executive officer's employment or executive officer's service is terminated involuntarily by us without cause, or in the case of the Chief Executive Officer if he resigns for good reason. In June 2011, the Committee instructed that any future agreements be limited to six month's severance. Mr. Leach's and Ms. Millar's employment letters provide for six months of severance (based on his or her base salary), but only if his or her employment is terminated without cause in connection with a change in control.

Impact of Accounting and Tax Treatment on Various Forms of Compensation

We take into account the impact of accounting and tax treatment on each particular form of compensation. Certain of our incentive payments are designed so that they may be deductible under Section 162(m) of the Internal Revenue Code (the "Code"). However, our Compensation Committee retains the right to grant compensation that may not be fully deductible. We believe that the amount of any non-deductible compensation is not material. Where possible, we seek to administer our programs in such a manner that they do not constitute deferred compensation under Code Section 409A. Consistent with our practice over the last several years, we no longer provide tax gross-ups in the event of a change of control in the event that excise taxes are due pursuant to Section 280G and related sections of the Code. We closely monitor the accounting treatment of our equity compensation plans, and in making future grants, we consider the applicable accounting treatment.

Ownership Requirements and Policies Regarding Hedging Risk in Company's Equity Securities

We have, from time to time, had stock ownership guidelines for outside directors and executives; however, in February 2013, our Compensation Committee suspended the guidelines as the Company has recently been through significant changes in leadership and most directors and executives have not been around for the five year period during which they had to comply

with the guidelines. The Compensation Committee will revisit the issue of stock ownership guidelines periodically in light of its compensation philosophy and application to our directors and executives serving at the time. We do not have any policies regarding hedging economic risk and ownership of Company stock, but also have not had directors or executives engage in hedging or pledging activities.

The Role of Executive Officers in Determining Compensation

The Compensation Committee has an annual process for CEO evaluation, which includes input by all of the independent directors. The CEO makes no recommendation for his own pay, but does provide the Compensation Committee with compensation recommendations for his direct reports based on their overall performance.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management.

Based on the review and discussions referred to above, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's 2014 Notice of Annual Meeting and Proxy Statement.

By the Compensation Committee:
Mr. Robert Sheft, Chairman
Mr. Jack D. Plating
Mr. Benjamin L. Rosenzweig

Mr. Carlson elected to receive 50% of his total bonus and non-equity incentive plan compensation payout amount above in the form of stock options and 50% in cash. As a result, Mr. Carlson received an option to (a) purchase 20,905 shares, which award was subject to stockholder approval of the proposal to increase the shares available for issuance under the 2008 Equity Incentive Plan. The option was granted on March 7, 2014, the date of certification of the payouts, will be fully vested upon stockholder approval and expires ten years from the grant date.

The amounts shown in these columns reflect the aggregate grant date fair value of stock awards and options (b) granted to each named executive officer during 2013 and 2012, respectively. This does not reflect amounts paid to or realized by the named executive officers. See Note 11 to our consolidated financial statements for the year ended December 31, 2013 for information on the assumptions used in accounting for equity awards.

Included in “All Other Compensation” are employer contributions related to our 401(k) Plan. In 2013, these (c) contributions were \$8,925, \$9,944 and \$7,111 for Mr. Carlson, Mr. Leach and Ms. Millar, respectively. In 2012, these contributions were \$8,736 and \$9,000 for Mr. Carlson and Mr. Leach, respectively.

The taxable benefit related to this plan received by our named executive officers in 2012 was as follows: \$630 for Mr. Carlson and \$630 for Mr. Leach.

(e) Ms. Millar's salary during 2013 included commissions of \$145,235 pursuant to our 2013 Sales Commission Plan.

EMPLOYMENT AGREEMENTS

Chad A. Carlson

On June 24, 2011, we entered into an Employment Agreement with Chad A. Carlson that replaced the previous employment agreement with Mr. Carlson, dated May 26, 2010. The Employment Agreement provides for an annual salary of \$415,000, subject to periodic review and adjustment by the Compensation Committee, including within the first six weeks of 2012 with a salary adjustment to be based on 2011 performance. The Employment Agreement also provides for the grant of a stock option to purchase 175,000 shares of the Company's common stock pursuant to the Company's 2008 Equity Incentive Plan and applicable award agreements. The exercise price for the options will equal the closing price of our common stock on June 24, 2011, the date of execution of the Employment Agreement and approval by the Company's Board of Directors. The options will vest as to 25% of the shares on the first anniversary of the date of grant and thereafter 1/36th of the remaining shares will vest monthly over the course of 36 months. Pursuant to the terms of the 2008 Equity Incentive Award, if a change in control occurs, each outstanding option that is not yet vested will immediately vest with respect to 50% of the shares that were unvested immediately before the change in control. If, in connection with a change in control, the options were either continued in effect or assumed or replaced by the surviving corporation, and within two years after the change in control, Mr. Carlson is involuntarily terminated other than for cause, then each such outstanding option will immediately become vested and exercisable in full and will remain exercisable for 24 months.

Mr. Carlson will be eligible to participate in the Company's annual incentive bonus plan with a bonus potential of 100% of his then current annual base salary at 100% target attainment pursuant to the Company's incentive bonus plan. Mr. Carlson received \$105,000 in relocation benefits, up to \$85,000 of which were subject to repayment to the Company upon termination of Mr. Carlson's employment under certain circumstances or if he did not complete his relocation by August 1, 2012. Mr. Carlson completed his relocation prior to August 1, 2012.

Mr. Carlson's employment with the Company can be terminated at any time for any reason by the Company or Mr. Carlson. However, if Mr. Carlson's employment is terminated without cause, or if Mr. Carlson resigns with good reason, he will be entitled to receive the equivalent of twelve months of his then current annual base salary, payable on the same basis and at the same time as previously paid, and he will be entitled to receive his annual bonus for the year of termination, pro-rated for time and performance. In addition, if Mr. Carlson timely elects continuation of health insurance pursuant to COBRA, the Company will reimburse Mr. Carlson for a portion of his COBRA premiums that is equal to the Company's monthly percentage contribution toward his health benefit premiums as of the date of termination for a period of eighteen months. "Cause" and "Good Reason" are defined in the Employment Agreement and described below. Severance and other benefits payable in connection with a change in control may be reduced if such benefits would be subject to taxation under Section 280G of the Internal Revenue Code to provide the greatest after-tax benefits. All payments are contingent upon compliance with non-compete and non-solicit covenants.

The Employment Agreement also provides for non-disclosure by Mr. Carlson of the Company's confidential or proprietary information, and includes covenants by Mr. Carlson not to compete with the Company or hire or solicit its employees, suppliers and customers, in each case for a restricted period equal to twelve months following termination of employment. Mr. Carlson also assigned to the Company any rights he may have to intellectual property which may be conceived in the scope of his employment.

Rod A. Leach

On December 7, 2010, we entered into an Employment Letter with Mr. Leach in connection with his original appointment as our Vice President of Operations. The Letter provided for an annual salary of \$225,000. Beginning January 2011, Mr. Leach was eligible to participate in the Company's annual incentive bonus plan with a bonus potential of 30% of his actual base earnings. The Employment Letter also provided for the grant of stock options to purchase 50,000 shares of the Company's common stock on the date Mr. Leach commenced employment with the Company. The exercise price for the options equaled the closing price of our common stock on such date of grant. The options vest as to 25% of the shares on the first anniversary of the date of grant and 1/36th of the shares each month thereafter for 36 months.

Mr. Leach's employment with the Company can be terminated at any time for any reason by the Company or Mr. Leach. Effective January 1, 2013, we entered into an Addendum to Mr. Leach's Employment Letter, whereby if Mr. Leach's employment is terminated without cause due to a change in control he will be entitled to receive the equivalent of six months of his then current annual base salary as severance, payable on the same basis and at the same time as previously paid. The Addendum also reflects the increase in Mr. Leach's base salary to \$237,500 and his increased bonus potential of 60% of his annualized base salary, which was approved in connection with his promotion to Senior Vice President and General Manager, Global Operations in August 2012.

Emily K. Millar

On November 9, 2011, we entered into an Employment Letter with Ms. Millar in connection with her original appointment as our Vice President of Client Relationship Management. The Letter provided for an annual salary of \$130,000 and a one-time signing bonus of \$28,000. The Employment Letter also provided for the grant of stock options to purchase 10,000 shares of the Company's common stock on the date Ms. Millar commenced employment with the Company. The exercise price for the options equaled the closing price of our common stock on such date of grant. The options vest as to 25% of the shares on the first anniversary of the date of grant and 1/36th of the shares each month thereafter for 36 months.

Ms. Millar's employment with the Company can be terminated at any time for any reason by the Company or Ms. Millar. Effective August 1, 2013, we entered into an Addendum to Ms. Millar's Employment Letter, whereby if Ms. Millar's employment is terminated without cause due to a change in control she will be entitled to receive the equivalent of six months of her then current annual base salary as severance, payable on the same basis and at the same time as previously paid. The Addendum also reflects the promotion of Ms. Millar to Senior Vice President of Client Services and Strategy and a grant of stock options to purchase 40,000 shares of the Company's common stock.

Potential Payments Upon Termination or Change in Control

A summary of the potential payments that each of our named executive officers would have received upon involuntary termination for other than “cause” (as described in each respective named executive officer’s employment agreement summary, above) and upon a termination related to change in control, assuming that each triggering event occurred on December 31, 2013, follows:

	Involuntary termination for other than “cause,” whether or not related to a change in control			Total (\$)	Change in Control Acceleration of Equity Awards (\$) (a)
	Continuation of Salary (\$)	Non-Equity Incentive Plan Compensation/ Bonus (\$) (c)	Continuation of Health Benefits (\$)		
Chad A. Carlson (b)(c)	415,000	145,042	14,508	574,550	700,963
Rod A. Leach (d)	118,750	—	—	118,750	166,826
Emily K. Millar (d)	65,000	—	—	65,000	111,879

Unless otherwise provided in an award agreement, if a change in control (generally defined as a transaction involving a merger or consolidation of the Company or a sale of substantially all of the Company's assets) occurs, then each outstanding award under the 2008 Equity Incentive Plan (“EIP”) that is not yet vested will immediately vest with respect to 50% of the shares that were unvested immediately before the change in control. If, in connection with a change in control, the awards under the 2008 EIP were either continued in effect or assumed or replaced by the surviving corporation, and within two years after the change in control, a participant is involuntarily terminated other than for cause, then each such outstanding award will immediately become vested and exercisable in full and will remain exercisable for 24 months. The table above shows the value as of December 31, 2013, of the acceleration of equity awards (i.e., 50% of unvested shares) if a change in control occurred on December 31, 2013.

Mr. Carlson receives the same potential payments for termination for “good reason” as he would receive for involuntary termination for other than “cause.” The terms “cause” and “good reason” are defined in his employment agreement (see below).

Mr. Carlson is entitled to receive his non-equity incentive plan bonus pro-rated for time and performance during the year in which the termination occurs. The amounts listed above represent the amounts earned under the non-equity incentive bonus plan during 2013.

As disclosed above, Mr. Leach's and Ms. Millar's Employment Letters were amended to provide for severance equal to six months of their then current annual base salary if their position is terminated without cause due to a change in control.

Chad A. Carlson

Mr. Carlson’s employment with us can be terminated at any time for any reason by us or Mr. Carlson. However, if Mr. Carlson’s employment is terminated without cause, or if Mr. Carlson resigns with good reason, he will be entitled to receive the equivalent of twelve (12) months of his then current annual base salary, an annual bonus for the year during which termination occurs, pro-rated for time and performance, and he will receive continued health care benefits for eighteen (18) months following his termination. “Cause” and “good reason” are defined in his employment agreement and summarized below.

We are required to make such payments only if Mr. Carlson is in material compliance with his employment agreement, he resigns from all positions with us, he completes any transition duties and he signs a release of claims in favor of us. Mr. Carlson must comply with covenants in his employment agreement that provide for non-disclosure of

our confidential or proprietary information and that prohibit Mr. Carlson from competing with us or hiring or soliciting our employees, suppliers and customers, in each case during his employment with us and for a restricted period equal to 12 months after his termination. (See Exhibit 10.1 in our Form 8-K filed on June 29, 2011).

Summary of “Good Reason” and “Cause”

In general, “good reason” includes:

- (a) reduction of base salary, bonus, or benefits except as part of across-the-board reductions of all of our executive officers;
- (b) assignment of duties that are substantially inconsistent with their position with us and not a reasonable

advancement for them; or

(c) the executive's principal place of performing services for us being relocated more than 60 miles from its current location.

In general, the definition of "cause" includes:

- (a) incompetence;
- (b) failure or refusal to perform required duties;
- (c) violation of law (other than traffic violations, misdemeanors or similar offenses), court order, regulatory directive, or agreement;
- (d) material breach of the executive's fiduciary duty to us; or
- (e) dishonorable or disruptive behavior that would be reasonably expected to harm us or bring disrepute to us, our business, or any of our customers, employees or vendors.

Acceleration of Equity Awards upon Change in Control

The options that have been granted to each of Mr. Carlson, Mr. Leach and Ms. Millar have been granted under the 2008 EIP. Unless otherwise provided in an award agreement, if a change in control (generally defined as a transaction involving a merger or consolidation of the Company or a sale of substantially all of the Company's assets) occurs, then each outstanding award under the 2008 EIP that is not yet vested will immediately vest with respect to 50% of the shares that were unvested immediately before the change in control. If, in connection with a change in control, the awards under the 2008 EIP were either continued in effect or assumed or replaced by the surviving corporation, and within two years after the change in control, a participant is involuntarily terminated other than for cause, then each such outstanding award will immediately become vested and exercisable in full and will remain exercisable for 24 months.

Summary of "Change in Control"

Pursuant to the 2008 EIP, a change in control will generally occur, subject to certain conditions and exceptions set forth in the 2008 EIP, upon:

- (a) an acquisition by any person of beneficial ownership of 30% or more of our then outstanding shares of common stock or the combined voting power of our then outstanding voting securities;
- (b) incumbent members of our Board of Directors ceasing for any reason to constitute at least a majority of the board;
- (c) our consummation of a reorganization, merger or consolidation with or into another entity, unless our stockholders immediately prior to such transaction own at least a majority of the outstanding shares of common stock and the combined voting power of the outstanding voting securities of the surviving or acquiring entity resulting from the transaction;
- (d) our consummation of the sale or other disposition of all or substantially all of our assets; or
- (e) approval by the stockholders of our complete liquidation or dissolution.

COMPENSATION OF DIRECTORS

The compensation of our outside directors is heavily weighted towards equity awards. It is our expectation that a large portion of a director's compensation will be derived from increases in the value of our common stock. The following table sets forth certain information concerning the compensation earned in fiscal year 2013 by our Board of Directors:

Edgar Filing: StarTek, Inc. - Form DEF 14A

Name	Stock Awards (a) (\$)	Option Awards (a) (\$)	Total (\$)
Ed Zschau	—	90,023	90,023
Jack D. Plating	45,000	45,006	90,006
Benjamin L. Rosenzweig	—	90,023	90,023
Robert Sheft	—	90,023	90,023

(a) The amounts shown in these columns reflect the aggregate grant date fair value of stock awards and options granted to each director during 2013. This does not reflect amounts paid to or realized by the directors. See Note 11 to our consolidated financial statements for the year ended December 31, 2013 for information on the assumptions used in accounting for equity awards.

Members of the Board of Directors are compensated entirely with equity awards. At the start of each quarter, members of the Board of Directors, at their option, may elect to receive 1) stock options to purchase shares of common stock with a fair value equivalent to \$22,500 (calculated using the Black-Scholes pricing model), 2) common stock with a grant date fair value of \$22,500, 3) deferred stock units with a fair value equivalent to \$22,500 or 4) any combination of options, stock and deferred stock units. Upon the date of grant, the members of the Board of Directors are immediately vested in the stock options or stock.

Effective January 1, 2008, for attending a special meeting of our Board of Directors that the Chairman determines to be required due to an extraordinary event, such as a potential merger or acquisition, internal investigation, or the like, but not with respect to other special meetings of our board, each non-employee director also receives a meeting fee of \$1,000.

As of December 31, 2013, our current non-employee directors had the following outstanding equity awards:

Director	Aggregate number of stock options (vested and unvested)
Ed Zschau	150,527
Jack D. Plating	72,129
Benjamin L. Rosenzweig	126,527
Robert Sheft	126,527

CERTAIN TRANSACTIONS

Review, Approval and Ratification of Related Party Transactions

Pursuant to the Audit Committee Charter, the Audit Committee of the Board of Directors reviews periodically, but at least annually, a summary of our transactions with our directors and executive officers and with firms that employ directors, as well as any other material related party transactions, for the purpose of recommending to the disinterested members of the Board of Directors that the transactions are fair, reasonable and within Company policy and should be ratified and approved. This list of transactions is compiled via questionnaires that are distributed annually to all our directors and officers and upon initial employment and/or election to the board. The Audit Committee has adopted a Related Person Transaction Approval Policy, described on page 10, which sets forth guidelines for the review and approval of related party transactions (the "Transaction Guidelines").

Investor Rights Agreement

We entered into an investor rights agreement with A. Emmet Stephenson, Jr. that took effect on June 9, 2004 and terminates if Mr. Stephenson ceases to beneficially own at least 10% of our common stock. The agreement provided that, subject to the Board of Directors' fiduciary duties under applicable law, we will nominate for election to our Board of Directors designees named by Mr. Stephenson representing (i) a number of directors equal to one less than a majority of the board if there is an odd number of directors, or two less than a majority if there is an even number of directors, so long as Mr. Stephenson, together with members of his family, beneficially owns 30% or more of our outstanding common stock, or (ii) one director, so long as Mr. Stephenson, together with members of his family, beneficially owns between 10% and 30% of our outstanding common stock. The agreement also required that we amend Article II, Section 6 of our Bylaws to provide that a holder of 10% or more of our outstanding common stock is entitled to call a special stockholders meeting. The investor rights agreement provides that so long as Mr. Stephenson, together with members of his family, beneficially owns 10% or more of our outstanding common stock, Article II, Section 6 of the Bylaws, as amended, may not be further amended by our Board of Directors without Mr. Stephenson's consent.

On February 1, 2014, we entered into an Amendment to the Investor Rights Agreement removing the inclusion of shares of common stock held by members of Mr. Stephenson's family in determining beneficial ownership. Mr. Stephenson owned approximately 19.0% of our outstanding common stock as of March 3, 2014. Accordingly, Mr. Stephenson currently has the right to elect one director; however none of the nominees named in Proposal 1 were nominated by Mr. Stephenson. Mr. Stephenson's nominees under these provisions need not be independent or meet other specific criteria, so long as a majority of the members of our board are independent under the rules of the SEC and the New York Stock Exchange.

The rights provided to Mr. Stephenson in the investor rights agreement may not be transferred to any third party other than to Mrs. Stephenson, upon the death or incompetence of Mr. Stephenson and to her estate, upon the subsequent death or incompetence of Mrs. Stephenson. Mr. Stephenson does not have the right to vote shares of stock held by other members of the Stephenson family.

Settlement and Standstill Agreement with Privet and A. Emmet Stephenson, Jr.

On May 5, 2011, the Company entered into a Settlement and Standstill Agreement with Privet Fund LP, Privet Fund Management LLC, Ryan Levenson, Ben Rosenzweig, A. Emmett Stephenson, Jr. and Toni E. Stephenson pursuant to which Mr. Rosenzweig and Mr. Sheft were appointed to our Board. Pursuant to the agreement, Privet Fund LP, Privet Fund Management LLC, Mr. Levenson and Mr. Rosenzweig agree that neither they, nor any of their respective affiliates will, while Messrs. Rosenzweig and Sheft serve on the Board, engage in, among other things, any proxy

solicitation with respect to the securities of the Company or any tender offer, business combination or restructuring with respect to the Company, and will not to seek to place a representative on the Board, seek the removal of any member of the Board or change the size or composition of the Board.

AUDIT AND NON-AUDIT FEES

The aggregate fees billed for services rendered by Ernst & Young LLP during the years ended December 31, 2013 and 2012 were as follows:

Audit Fees. Fees for audit services related to our annual financial statements for the years ended December 31, 2013 and 2012 totaled approximately \$300,000 and \$303,000, respectively. Fees for audit services also include fees for the reviews of our Quarterly Reports on Form 10-Q, registration statements filed with the SEC, other SEC filings and consents and a statutory audit in the Philippines.

Audit-Related Fees. Fees for audit-related services totaled approximately \$78,000 in 2013 and \$75,000 in 2012. Audit-related services primarily included attest services related to the issuance of a service auditor's examination in accordance with the AICPA's Statements on Standards for Attestation Engagements No. 16, Reporting on Controls at a Service Organization using the Guide Reporting on Controls at a Service Organization Relevant to Security, Availability, Processing Integrity, Confidentiality or Privacy.

Tax Fees. During the years ended December 31, 2013 and 2012, there were no tax fees billed or incurred.

All Other Fees. During the years ended December 31, 2013 and 2012, there were no other fees billed or incurred.

In accordance with our Audit Committee Charter, the Audit Committee approves in advance any and all services provided by our independent registered public accounting firm, including audit engagement fees and terms, and non-audit services provided to us by our independent auditors (subject to the de minimis exception for non-audit services contained in the Exchange Act), all as required by applicable law or listing standards. The independent auditors and our management are required to periodically report to the Audit Committee the extent of services provided by the independent auditors and the fees associated with these services.

The Audit Committee has determined that the non-audit services provided by Ernst & Young LLP were compatible with maintaining the firm's independence.

AUDIT COMMITTEE REPORT

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the consolidated financial statements and the reporting process, including the systems of internal controls and disclosure controls and procedures. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2013 with management, which review included a discussion of the application of generally accepted accounting principles, the reasonableness of significant estimates and judgments, and the clarity and completeness of disclosures in the financial statements.

The Audit Committee discussed with our independent registered public accounting firm, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the application of generally accepted accounting principles and such other matters as are required to be discussed between the Audit Committee and the independent registered public accounting firm under Public Company Accounting Oversight Board standards. The Audit Committee has received from the independent registered public accounting firm the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with our independent

registered public accounting firm their independence. In addition, the Audit Committee has considered the effect that all other fees paid to the independent registered public accounting firm may have on their independence.

The Audit Committee discussed with our independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting. The Audit Committee held four meetings during 2013.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2013, for filing with the SEC.

By the Audit Committee:

Mr. Benjamin L. Rosenzweig, Chairman

Mr. Jack D. Plating

Dr. Ed Zschau

PROPOSAL 2.

RATIFICATION OF APPOINTMENT OF AUDITORS

Previous independent registered public accounting firm

On March 21, 2014, our Audit Committee dismissed Ernst & Young LLP, which had been serving as our independent registered public accounting firm. The decision was recommended and approved by the Audit Committee of our Board of Directors.

During the two most recent years ended December 31, 2013 and December 31, 2012 and the subsequent interim period through and including March 21, 2014, there were no (i) disagreements between us and Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Ernst & Young LLP, would have caused Ernst & Young LLP to make reference thereto in their reports on the financial statements for such years or (ii) “reportable events” as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

The reports of Ernst & Young LLP on our consolidated financial statements as of and for the past two years ended December 31, 2013 and December 31, 2012 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles.

New independent registered public accounting firm

On March 21, 2014, our Audit Committee approved the engagement of EKS&H LLLP to audit our financial statements for the year ending December 31, 2014.

During the two most recent years ended December 31, 2013 and December 31, 2012 and the subsequent interim period through and including March 21, 2014, we did not consult with EKS&H LLLP regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, and no written report or oral advice was provided that EKS&H LLLP concluded was an important factor considered by us in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of a “disagreement” as that term is defined in Item 304(a)(1)(iv) of Regulation S-K or a “reportable event” as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

We have appointed EKS&H LLLP to serve as our independent registered public accounting firm for the year ending December 31, 2014 and recommend that stockholders vote in favor of the ratification of such appointment. In the event of a negative vote on such ratification, our Audit Committee will reconsider its selection. We anticipate that representatives of EKS&H LLLP will attend the annual meeting, will have the opportunity to make a statement if they desire, and will be available to respond to appropriate questions. We do not anticipate that representatives of Ernst & Young LLP will attend the annual meeting, make a statement or be available to respond to appropriate questions at the meeting.

The Audit Committee and the Board of Directors unanimously recommend that our stockholders vote “FOR” ratification of EKS&H LLLP as our independent registered public accounting firm for the year ending December 31, 2014.

PROPOSAL 3.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to the Exchange Act, our stockholders have an opportunity to cast an advisory vote on the compensation of our named executive officers, as disclosed in this Proxy Statement. This proposal, commonly known as a “say on pay” proposal, gives stockholders the opportunity to approve, reject or abstain from voting with respect to our fiscal 2013 executive compensation programs and policies and the compensation paid to our named executive officers.

As discussed in the “Compensation Discussion and Analysis” section of this Proxy Statement, the primary objectives of our compensation program, including our executive compensation program are to:

- attract, motivate, and retain superior talent;
- ensure that compensation is commensurate with our overall performance and increases to stockholder value over the long term; and
- ensure that our executive officers and certain key personnel have enough financial incentive to motivate them to achieve sustainable growth in stockholder value.

Accordingly, we are asking that our stockholders approve, on an advisory basis, the compensation paid to our named executive officers, as disclosed in the “Compensation Discussion and Analysis” section, and the compensation tables and narrative discussion contained in the “Compensation of Executive Officers” section in this Proxy Statement.

This proposal allows our stockholders to express their opinions regarding the decisions of the Compensation Committee on the prior year’s annual compensation to our named executive officers. Your advisory vote will serve as an additional tool to guide our Board of Directors and the Compensation Committee in continuing to improve the alignment of our executive compensation programs with the interests of the Company and our stockholders, and is consistent with our commitment to high standards of corporate governance.

Our Board of Directors unanimously recommends that our stockholders vote “FOR” the executive compensation of our named executive officers as disclosed in this proxy statement.

Because the vote on this proposal is advisory in nature, it will not affect any compensation already paid or awarded to any named executive officer and will not be binding on or overrule any decisions by the Board of Directors, it will not create or imply any additional fiduciary duty on the part of the Board of Directors, and it will not restrict or limit the ability of stockholders to make proposals for inclusion in proxy materials related to executive compensation. If there are a significant number of negative votes, we will seek to understand the concerns that influenced the vote, and the Compensation Committee will consider them in making future decisions about executive compensation arrangements.

PROPOSAL 4.

APPROVAL OF AMENDMENT AND RESTATEMENT OF THE STARTEK, INC. 2008 EQUITY INCENTIVE PLAN

Introduction

On March 21, 2014, the Board of Directors approved, subject to stockholder approval, an amendment and restatement of the StarTek, Inc. 2008 Equity Incentive Plan (the “Restated 2008 Plan”) and directed that the Restated 2008 Plan be submitted for approval by our stockholders at our 2014 Annual Meeting of Stockholders. The Restated 2008 Plan provides the following substantive changes from the current plan:

• Increase the number of shares available under the plan by 500,000 shares; and

• Extend the term of the plan to ten years from the date of stockholder approval of the Restated 2008 Plan; and

In addition, the Restated 2008 Plan includes other non-substantive changes that reflect current market terms and best practices for equity compensation plans.

The StarTek, Inc. 2008 Equity Incentive Plan (the “2008 Plan”) was adopted by the Board of Directors and approved by the stockholders in May 2008. The following table summarizes information regarding awards outstanding and shares remaining available for grant under the 2008 Plan as of March 15, 2014:

Shares Subject to Options Outstanding	Full-Value Awards Outstanding ⁽¹⁾	Shares Remaining Available for Future Grant
2,394,075	3,334	31,544

Weighted-Average Exercise Price of Options \$4.38

Weighted-Average Remaining Term of Options 8.02

(1) “Full value” awards are equity awards other than stock options and stock appreciation rights.

The full text of the Restated 2008 Plan is set forth in Exhibit A to this proxy statement. The full text of the 2008 Equity Incentive Plan appeared as Exhibit B to the proxy statement for our 2008 Annual Meeting of Stockholders. The following summary description is qualified in its entirety by reference to the full text of the Restated 2008 Plan.

Background of the Proposal to Approve the Restated 2008 Plan

In considering whether to propose an increase in the number of shares available under the 2008 Plan and how many shares to recommend, the Board of Directors considered many factors, including the following:

Compensation Philosophy - As described above in “Compensation Discussion and Analysis,” the Compensation Committee (the “Committee”) views long-term equity awards as a key component of the Company’s executive compensation program, and believes that use of equity awards helps align the interests of management with those of our stockholders, and motivate our executives on making sound business decisions focused on long-term stockholder value creation. In addition, as described above under “Compensation of Directors,” our non-employee directors are currently compensated solely in the form of equity awards that are granted under the 2008 Plan. Accordingly, approval of the Restated 2008 Plan is critical to our ability to continue our current director compensation program.

Shareholder Value Transfer - The Board is recommending an increase in the number of shares of common stock that the Committee believes balances the desire of the Committee to continue granting equity awards over the next few years with the interests of our stockholders in minimizing dilution. The Committee evaluated the value of available shares and outstanding plan awards as a percentage of the Company’s market capitalization and determined that authorizing 500,000 additional shares of stock for issuance under the plan, in addition to shares remaining available for issuance under the 2008 Plan, was reasonable.

Historical Burn Rate - The Company is committed to managing its use of equity incentives prudently to balance the benefits equity compensation brings to our compensation program with the dilution it causes our other shareholders. As part of its analysis when considering approval of the Restated 2008 Plan, the Board considered our annual “burn

rate,” or the number of shares subject to equity awards granted in each of the past three fiscal years divided by the weighted average number of shares outstanding for each of those fiscal years, and noted that our three-year average burn rate is below the suggested burn-rate cap published by Institutional Shareholder Services Inc., a leading proxy advisory service, for our industry classification.

Overhang Percentage. The Board considered the percentage that the number of shares currently underlying outstanding awards under the 2008 Plan represents as a percentage of our common shares. Our Board believes that the awards outstanding under the 2008 Plan were granted in the best interests of our Company and stockholders, and appropriately scaled the request for authorized shares under the Restated 2008 Plan so as not to increase the overhang percentage unnecessarily.

Inclusion of New Best Practices - The Restated 2008 Plan incorporates certain current best practices in compensation governance that were not included in the 2008 Plan, such as:

No Repricing Without Stockholder Approval - Clarifying that repricing of stock options and stock appreciation rights, which was prohibited under the 2008 Plan and is prohibited under the Restated 2008 Plan without stockholder approval, includes any action to cancel such award for cash or other property or the grant of a full value award at a time when the exercise price of the award is greater than the current fair market value of a share of our common stock; and

Clawback Provision - Stating that any awards granted under the Restated 2008 Plan shall be subject to clawback on the terms of any clawback policy adopted by the Board in the future in response to the SEC or stock exchange rules.

Continuation of Other Best Practices - The Restated 2008 Plan continues many best practices in compensation governance that were also included in the 2008 Plan, such as:

Independent Administration - Administration of the Restated 2008 Plan by the Company's Compensation Committee, which consists solely of independent directors;

No In-the-Money Option or Stock Appreciation Right Grants. The Restated 2008 Plan prohibits the grant of options or stock appreciation rights with an exercise price less than the fair market value of our common stock on the date of grant (except in the limited case of "substitute awards")

Dividend Restrictions. Any dividends, distributions or dividend equivalents payable with respect to the unvested portion of a performance-based award will be subject to the same restrictions applicable to the underlying shares, units or share equivalents.

Expected Duration. The Board expects that if the Restated 2008 Plan is approved by our stockholders, the shares available for future awards will be sufficient for currently anticipated needs for at least three to five years.

Expectations regarding future share usage under the Restated 2008 Plan are based on a number of assumptions such as future growth in the population of eligible participants, the rate of future compensation increases, the rate at which shares are returned to the Restated 2008 Plan reserve upon awards' expiration, forfeiture or cash settlement, and the future performance of our stock price. While the Board believes that the assumptions it used are reasonable, future share usage will differ from current expectations to the extent that actual events differ from the assumptions utilized.

Purpose of the Restated 2008 Plan

The purpose of the Restated 2008 Plan is to attract, motivate and retain the best available personnel and align their interests with those of our stockholders, thereby promoting our long-term success and increases in stockholder value. The Restated 2008 Plan also functions as the source of compensation for our non-employee directors, who are currently compensated solely in the form of equity awards.

Administration

The Restated 2008 Plan will be administered by the Compensation Committee of our Board of Directors. The Committee has the authority to determine to whom awards will be granted, the timing, type and amount of any award and other terms and conditions of awards. Subject to certain requirements, the Committee may cancel or suspend an award, accelerate vesting or extend the exercise period of an award, or otherwise amend the terms and conditions of any outstanding award. No action of any kind may be taken, however, to decrease the exercise price of any stock option or stock appreciation right without stockholder approval. The Committee may establish, amend or rescind rules in order to administer the Restated 2008 Plan. The Committee may delegate its authority under the Restated 2008 Plan to one or more of our non-employee directors or executive officers with respect to the determination and administration of awards for participants who are not considered officers, directors or 10% stockholders under applicable federal securities laws.

The Restated 2008 Plan provides that members of the Committee must be "outside directors" for purposes of Section 162(m), as well as "independent directors" within the meaning of the rules and regulations of the New York Stock

Exchange, and “non-employee directors” within the meaning of Exchange Act Rule 16b-3.

Eligibility

Any employee, non-employee director, consultant or advisor who is a natural person and who provides services to our company, or to a parent or subsidiary corporation of our company, is eligible to participate in the Restated 2008 Plan. Individuals who our company desires to induce to become employees, non-employee directors, consultants or advisors are also eligible to participate, as long as the grant is contingent upon the individual becoming an employee, non-employee director, consultant or advisor. All of our approximately 11,600 employees and our four non-employee directors are eligible to receive equity awards under the Restated 2008 Plan. Only employees are eligible for grants of Incentive Stock Options (as defined below).

Number of Shares Available for Issuance

As indicated above, as of March 15, 2014, there were 31,544 shares remaining available for issuance under the 2008 Plan. The total number of shares available for issuance is subject to adjustment in connection with certain changes in capitalization, and may be increased under circumstances described in the following paragraph. If the Restated 2008 Plan is approved by the stockholders, an additional 500,000 shares will be available for award under the Restated 2008 Plan.

The number of shares available for issuance under the Restated 2008 Plan will be increased to the extent that an award under the Restated 2008 Plan or an award that was outstanding under the Company's prior equity compensation plans on the date the stockholders originally approved the 2008 Plan is forfeited, expires, is settled for cash or otherwise does not result in the issuance of all of the shares subject to the award. This would include, for example, the settlement of a stock appreciation right for a number of shares that is less than the total number of shares subject to the stock appreciation right. Similarly, the number of shares available for issuance under the Restated 2008 Plan will be increased to the extent that shares of our common stock are delivered or withheld to pay an exercise price or satisfy a tax withholding obligation in connection with an award under the Restated 2008 Plan or an award that was outstanding under the Company's prior equity compensation plans on the date the stockholders originally approved the Restated 2008 Plan.

All of the shares authorized for grant may be granted as Incentive Stock Options. The aggregate number of shares subject to options and/or stock appreciation rights that may be granted during any calendar year to any participant cannot exceed 750,000. If the number of shares subject to an award is variable at the grant date, or if two or more types of awards are granted in tandem such that the exercise of one type cancels at least an equal number of shares of the other, the maximum number of shares that could be received will be counted against the limit prior to the settlement of an award. If we grant awards under the Restated 2008 Plan in substitution for, or in connection with the assumption of, existing awards issued by a company that we acquire, the shares subject to those awards will not be counted against the share limits established under the Restated 2008 Plan. In addition, if a company we acquire has shares remaining available for issuance under a pre-existing stockholder-approved plan, the number of those shares (adjusted as necessary to reflect valuation or exchange ratios in connection with the acquisition) may be used to make awards under the Restated 2008 Plan to individuals who were not our employees or directors prior to the acquisition.

General Terms of Awards

Award Agreements. Except for awards that involve only the immediate issuance of unrestricted and fully vested shares, each award will be evidenced by an agreement setting forth the number of shares subject to the award, along with other terms and conditions as determined by the Committee.

Vesting and Term. Each agreement will set forth the period until the award is scheduled to expire, which will not be more than ten years from the grant date, and the performance period. The Committee may determine the vesting conditions of awards; however, subject to certain exceptions, an award that is not subject to the satisfaction of performance measures may not fully vest or become fully exercisable earlier than three years from the grant date, and the performance period for an award subject to performance measures may not be shorter than one year.

Transferability. Awards may not be sold, assigned, transferred, exchange or encumbered, other than by will or the laws of descent and distribution. The Committee may provide that an award is transferable by gift to certain family members. Each participant may designate a beneficiary to exercise any award or receive payment under any award payable on or after the participant's death.

Termination of Service. Upon termination of service for cause, all unexercised options and stock appreciation rights and all unvested portions of any other outstanding awards will immediately be forfeited without consideration. Upon termination of service for any other reason, all unvested and unexercisable portions of any outstanding awards will be immediately forfeited without consideration. Upon termination of service for any reason other than cause, death or disability, the currently vested and exercisable portions of awards may be exercised within three months of the date of termination. Upon termination of service due to death or disability, the currently vested and exercisable portions of awards may be exercised within six months of termination. All of the foregoing provisions may be changed if expressly provided for in an individual award agreement.

Types of Awards

The types of awards that may be granted under the Restated 2008 Plan include restricted stock awards, restricted stock unit awards, stock option awards, stock appreciation rights and performance units. The Committee also has the discretion to grant other types of awards, as long as they are consistent with the terms and purposes of the Restated 2008 Plan. In addition to the general terms of all the awards, as described above, the basic characteristics of the awards that may be granted under the Restated 2008 Plan are as follows:

Restricted Stock Awards. Restricted stock awards are subject to vesting conditions and other restrictions as determined by the Committee. Unvested shares of restricted stock are subject to transfer restrictions, and book entries or stock certificates evidencing the shares will bear a restrictive legend to that effect until such shares have vested. Participants who receive restricted stock awards are entitled to all the other rights of a stockholder, including the right to receive dividends and the right to vote the shares of restricted stock, unless otherwise provided in the applicable award agreement.

Restricted Stock Units. Restricted stock unit awards are subject to vesting conditions and other restrictions as determined by the Committee. After a restricted stock unit award vests, payment will be made to the participant in the form of cash, shares or a combination of cash and shares as determined by the Committee, and within the time period after vesting as will qualify the payment for the “short-term deferral” exemption from Section 409A of the Internal Revenue Code (“Section 409A”).

Stock Option Awards. The agreement pursuant to which a stock option is granted will specify whether it is an Incentive Stock Option or a Non-Statutory Stock Option. Non-Statutory Stock Options are all stock option awards that do not meet the requirements of Incentive Stock Options, as described below. The exercise price will be determined by the Committee and may not be less than the fair market value of a share of common stock on the grant date. The exercise price is payable in full at the time of exercise and may be paid in cash and/or, if permitted by the Committee, by withholding shares issuable upon exercise or delivery of shares already owned by the participant. Each option is exercisable in whole or in part on the terms provided in the agreement, but in no event will an option be exercisable after its scheduled expiration.

An option will be considered an Incentive Stock Option only if (i) the participant receiving the award is an employee, (ii) it is designated as an Incentive Stock Option in the agreement, and (iii) the aggregate fair market value of the shares subject to Incentive Stock Options held by the participant which first become exercisable in any calendar year does not exceed \$100,000. A participant may not receive an Incentive Stock Option under the Restated 2008 Plan if, immediately after the grant of the award, the participant would own shares with more than 10% of the total combined voting power of all classes of stock of the company or a parent or subsidiary corporation of the company, subject to certain exceptions.

Stock Appreciation Rights. An award of a stock appreciation right entitles the participant to receive, upon exercise of the award, all or a portion of the excess of (i) the fair market value of a specified number of shares as of the date of exercise over (ii) a specified exercise price that will not be less than 100% of the fair market value of the shares on the grant date. Each stock appreciation right is exercisable in whole or in part on the terms provided in the agreement, but in no event will a stock appreciation right be exercisable after its scheduled expiration. Upon exercise, payment may be made to the participant in the form of cash, shares or a combination of cash and shares, as determined by the Committee. The agreement may provide for a limitation upon the amount or percentage of total appreciation on which payment may be made upon exercise.

Performance Units. An award of performance units entitles the participant to future payments of cash, shares or a combination of cash and shares, as specified by the Committee in the award agreement, based upon the achievement of a specified level of one or more performance measures over the course of a performance period. The agreement will specify the nature and requisite level of achievement for each performance measure, the length of the performance period, and may provide that a portion of the award will be paid for performance that exceeds the minimum target but falls below the maximum target applicable to the award. Payment of any performance unit award will be made within the time period after vesting that will qualify the payment for the “short term deferral” exemption from Section 409A. The agreement may permit the acceleration of the performance period and an adjustment of performance measures and payments with respect to some or all of the performance units upon the occurrence of certain events. The

agreement may also provide for a limitation on the value of an award of performance units that a participant may receive.

Effect of a Change in Control

Unless otherwise provided in an award agreement, if a change in control, generally involving a merger or consolidation of our company or a sale of substantially all of our company's assets, occurs, then each outstanding award that is not yet fully exercisable or vested will immediately become exercisable or vested with respect to 50% of the shares that were unexercisable or unvested immediately before the change in control. If, in connection with a change in control, the awards were either continued in effect or assumed or replaced by the surviving corporation, and within two years after the change in control, a participant is involuntarily terminated other than for cause, then each outstanding award will immediately become vested and exercisable in full and will remain exercisable for 24 months.

Corporate Transactions

In the event of certain corporate transactions, as defined under the Restated 2008 Plan, the Committee may protect outstanding stock options and stock appreciation rights by providing for the substitution of awards issued by the surviving corporation, or the Committee may provide written notice prior to the occurrence of the transaction that each outstanding stock option or stock appreciation right will be cancelled at the time of, or immediately prior to the occurrence of, the corporate transaction in exchange for payment within 20 days of the transaction. The amount of the payment would equal the “spread” between an award’s exercise price and the fair market value of the underlying shares at the time of the transaction. In the case of cancellation, outstanding awards will immediately become exercisable in full during the period between the provision of written notice and the time of cancellation.

Performance-Based Compensation

If the Committee determines that an award, other than an option or stock appreciation right award, is granted to a participant who is an executive officer and is, or is likely to be, a “covered employee” for purposes of Section 162(m), then the lapsing of restrictions on the award and the distribution of cash, shares or other property pursuant to the award may be made subject to the achievement of one or more performance measures, as described below. When establishing performance measures for a performance period, the Committee may exclude amounts or charges relating to an event or occurrence that the Committee determines, consistent with the requirements of Section 162(m), should appropriately be excluded. The Committee may also adjust performance measures for a performance period to the extent permitted by Section 162(m) to prevent the dilution or enlargement of a participant’s rights with respect to performance-based compensation. The Committee will determine any amount payable in connection with such an award consistent with the requirements of Section 162(m), and may adjust downward, but not upward, any amount determined to be otherwise payable in connection with such an award. Subject to adjustment in the event of certain changes in capitalization, no participant may be granted performance-based compensation in any calendar year with respect to more than 300,000 shares, for awards denominated in shares, and the maximum dollar value payable to any participant in any 12 month period with respect to performance-based compensation denominated in cash is \$2,000,000.

With respect to recipients who are “covered employees” under Section 162(m), the performance measures are set by the Committee at the start of each performance period and are based on one or a combination of two or more of the following performance criteria: net sales; net earnings; earnings before income taxes; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; earnings per share (basic or diluted); profitability as measured by return ratios (including, but not limited to, return on assets, return on equity, return on investment and return on net sales) or by the degree to which any of the foregoing earnings measures exceed a percentage of net sales; cash flow; market share; margins (including, but not limited to, one or more of gross, operating and net earnings margins); stock price; total stockholder return; asset quality; non-performing assets; revenue growth; operating income; pre- or after-tax income; cash flow per share; operating assets; improvement in or attainment of expense levels or cost savings; economic value added; and improvement in or attainment of working capital levels. Any performance measure utilized may be expressed in absolute amounts, on a per share basis, as a growth rate or change from preceding periods, or as a comparison to the performance of specified companies or other external measures, and may relate to one or any combination of corporate, group, unit, division, affiliate or individual performance.

Duration, Amendment and Termination

The Restated 2008 Plan will remain in effect until all shares subject to it are distributed, all awards have expired or terminated, the Restated 2008 Plan is terminated, or the date that is ten years from the date of stockholder approval of the Restated 2008 Plan (i.e., May 6, 2024), assuming that the Restated 2008 Plan is approved by stockholders no later than June 30, 2014, whichever occurs first. The Board may at any time terminate, suspend or amend the Restated 2008 Plan. The Company shall submit any amendment of the Restated 2008 Plan to its stockholders for approval if the rules of the principal securities exchange on which the shares are then listed or other applicable laws or regulations require stockholder approval of such an amendment. No termination, suspension or amendment of the Restated 2008 Plan or any agreement under the Restated 2008 Plan may materially or adversely affect any right acquired by any participant under an award granted before the date of termination, suspension or amendment, unless otherwise agreed to by the participant in the agreement or otherwise, or required by law.

Federal Tax Considerations

The following summary sets forth the tax events generally expected for United States citizens under current United States federal income tax laws in connection with awards under the Restated 2008 Plan.

Incentive Stock Options. A recipient will realize no taxable income, and we will not be entitled to any related deduction, at the time an incentive stock option is granted under the 2008 Plan. If certain statutory employment and holding period conditions are satisfied before the recipient disposes of shares acquired pursuant to the exercise of such an option, then no taxable income will result upon the exercise of such option, and we will not be entitled to any deduction in connection with such exercise. Upon disposition of the shares after expiration of the statutory holding periods, any gain or loss realized by a recipient will be a

long-term capital gain or loss. We will not be entitled to a deduction with respect to a disposition of the shares by a recipient after the expiration of the statutory holding periods.

Except in the event of death, if shares acquired by a recipient upon the exercise of an incentive stock option are disposed of by such recipient before the expiration of the statutory holding periods (a “disqualifying disposition”), such recipient will be considered to have realized as compensation, taxable as ordinary income in the year of disposition, an amount, not exceeding the gain realized on such disposition, equal to the difference between the exercise price and the fair market value of the shares on the date of exercise of the option. We will be entitled to a deduction at the same time and in the same amount as the recipient is deemed to have realized ordinary income. Any gain realized on the disposition in excess of the amount treated as compensation or any loss realized on the disposition will constitute capital gain or loss, respectively. Such capital gain or loss will be long-term or short-term based upon how long the shares were held. If the recipient pays the option price with shares that were originally acquired pursuant to the exercise of an incentive stock option and the statutory holding periods for such shares have not been met, the recipient will be treated as having made a disqualifying disposition of such shares, and the tax consequence of such disqualifying disposition will be as described above.

The foregoing discussion applies only for regular tax purposes. For alternative minimum tax purposes, an incentive stock option will be treated as if it were a non-qualified stock option, the tax consequences of which are discussed below.

Non-Qualified Stock Options. A recipient will realize no taxable income, and we will not be entitled to any related deduction, at the time a non-qualified stock option is granted under the 2008 Plan. At the time of exercise of a non-qualified stock option, the recipient will realize ordinary income, and we will be entitled to a deduction, equal to the excess of the fair market value of the stock on the date of exercise over the option price. Upon disposition of the shares, any additional gain or loss realized by the recipient will be taxed as a capital gain or loss, long-term or short-term, based upon how long the shares are held.

Stock Appreciation Rights and Performance Units. Generally: (a) the recipient will not realize income upon the grant of a stock appreciation right or performance unit award; (b) the recipient will realize ordinary income, and we will be entitled to a corresponding deduction, in the year cash or shares of common stock are delivered to the recipient upon exercise of a stock appreciation right or in payment of the performance unit award; and (c) the amount of such ordinary income and deduction will be the amount of cash received plus the fair market value of the shares of common stock received on the date of issuance. The federal income tax consequences of a disposition of unrestricted shares received by the recipient upon exercise of a stock appreciation right or in payment of a performance unit award are the same as described below with respect to a disposition of unrestricted shares.

Restricted and Unrestricted Stock; Restricted Stock Units. Unless the recipient files an election to be taxed under Section 83(b) of the Code: (a) the recipient will not realize income upon the grant of restricted stock; (b) the recipient will realize ordinary income, and we will be entitled to a corresponding deduction, when the restrictions have been removed or expire; and (c) the amount of such ordinary income and deduction will be the fair market value of the restricted stock on the date the restrictions are removed or expire. If the recipient files an election to be taxed under Section 83(b) of the Code, the tax consequences to the recipient will be determined as of the date of the grant of the restricted stock rather than as of the date of the removal or expiration of the restrictions. With respect to awards of unrestricted stock: (a) the recipient will realize ordinary income, and we will be entitled to a corresponding deduction upon the grant of the unrestricted stock and (b) the amount of such ordinary income and deduction will be the fair market value of such unrestricted stock on the date of grant.

When the recipient disposes of restricted or unrestricted stock, the difference between the amount received upon such disposition and the fair market value of such shares on the date the recipient realizes ordinary income will be treated as a capital gain or loss, long-term or short-term, based upon how long the shares are held.

A recipient will not realize income upon the grant of restricted stock units, but will realize ordinary income, and we will be entitled to a corresponding deduction, when the restricted stock units have vested and been settled in cash and/or shares of our common stock. The amount of such ordinary income and deduction will be the amount of cash received plus the fair market value of the shares of our common stock received on the date of issuance.

Withholding. The Restated 2008 Plan permits us to withhold from awards an amount sufficient to cover any required withholding taxes. In lieu of cash, the compensation committee may permit a participant to cover withholding obligations through a reduction in the number of shares to be delivered to such participant or by delivery of shares already owned by the participant.

Restated Plan Benefits

Because awards under the Restated 2008 Plan are within the discretion of the Compensation Committee, future awards under the Restated 2008 Plan are generally not determinable. The Compensation Committee did, however, approve on March 7, 2014, a stock option award to our Chief Executive Officer that is contingent upon approval of the Restated 2008 Plan, which is summarized in the table below and described in more detail above in footnote to the Summary Compensation Table. Furthermore, consistent with our non-employee director compensation program described above under “Compensation of Directors,” we expect to continue issuing equity awards valued at \$90,000 annually to each of our non-employee directors.

Name and Position	Dollar Value (\$)	Number of Units
Chad A. Carlson President and Chief Executive Officer	103,753 (a)	20,905
Non-Executive Director Group All executive officers as a group	360,000 (b)	20,905

(a) Represents 50% of Mr. Carlson's 2013 annual incentive payout that was settled in the form of stock options that were granted contingent upon stockholder approval of the Restated 2008 Plan. The options are fully vested and will become exercisable upon stockholder approval, have an exercise price of \$7.00 and a term of ten years. The dollar value represents the Black-Scholes value of the options issued.

(b) Represents \$90,000 of equity awards to be issued to each non-executive director during fiscal 2014 under our non-employee director compensation program. The number of units will depend on the closing price of our stock on each quarterly grant date.

Voting Recommendation

The Compensation Committee and the Board of Directors unanimously recommend that our stockholders vote "FOR" the approval of the Restated 2008 Plan.

STOCKHOLDER PROPOSALS

Stockholder proposals intended to be presented at our 2015 Annual Meeting of Stockholders must be received at our executive offices at 8200 East Maplewood Ave., Suite 100, Greenwood Village, Colorado 80111, Attention of the Secretary, no later than the close of business on November 27, 2014, for inclusion in our proxy statement relating to the 2015 Annual Meeting. However, if the date of the 2015 Annual Meeting is a date that is more than 30 days before or after May 6, 2015, notice by the stockholder of a proposal must be delivered no earlier than the close of business on the 120th day prior to the 2015 Annual Meeting and no later than the close of business on the later of the 60th day prior to the 2015 Annual Meeting or if the first public announcement of the date of the meeting is less than 100 days prior to the date of the meeting, the 10th day following the day on which public announcement of the 2015 Annual Meeting is first made by us.

STOCKHOLDER COMMUNICATION WITH THE BOARD

Our Board of Directors believes that it is important for current and potential stockholders and other interested parties to have a process to send communications to the board. Accordingly, stockholders and other interested parties desiring to send a communication to the Board of Directors, or to a specific director, may do so by sending a letter to our executive offices at 8200 East Maplewood Ave., Suite 100, Greenwood Village, Colorado 80111, attention of the Secretary. The mailing envelope must contain a clear notation indicating that the enclosed letter is a “stockholder-board communication” or “stockholder-director communication.” All such letters must identify the author as either a stockholder or non-stockholder and clearly state whether the intended recipients of the letter are all members of the Board of Directors or certain specified individual directors. The Secretary will open such communications, make copies, and then circulate them to the appropriate director or directors. Letters directed to our “independent directors” or “outside directors” will be delivered to Dr. Zschau, our independent Chairman of the Board.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers and beneficial owners of more than 10% of our outstanding common stock (collectively, "Insiders") to file reports with the SEC disclosing direct and indirect ownership of our common stock and changes in such ownership. The rules of the SEC require Insiders to provide us with copies of all Section 16(a) reports filed with the SEC. Based solely upon a review of copies of Section 16(a) reports received by us, and written representations that no additional reports were required to be filed with the SEC, we believe that our Insiders have timely filed all Section 16(a) reports during the 2013 fiscal year.

3. Administration of the Plan.

- (a) Administration. The authority to control and manage the operations and administration of the Plan shall be vested in the Committee in accordance with this Section 3.
- (b) Scope of Authority. Subject to the terms of the Plan, the Committee shall have the authority, in its discretion, to take such actions as it deems necessary or advisable to administer the Plan, including:
- (1) determining the Service Providers to whom Awards will be granted, the timing of each such Award, the types of Awards and the number of Shares covered by each Award, the terms, conditions, performance criteria, restrictions and other provisions of Awards, and the manner in which Awards are paid or settled;

- (2) cancelling or suspending an Award, accelerating the vesting or extending the exercise period of an Award, or otherwise amending the terms and conditions of any outstanding Award, subject to the requirements of Sections 17(d) and (e);
- (3) establishing, amending or rescinding rules to administer the Plan, interpreting the Plan and any Award or Agreement made under the Plan, and making all other determinations necessary or desirable for the administration of the Plan; and
- (4) taking such actions as are provided in Section 3(c) with respect to Awards to foreign Service Providers.

A-4

Notwithstanding the foregoing, the Board shall perform the duties and have the responsibilities of the Committee with respect to Awards made to Non-Employee Directors.

(c) Awards to Foreign Service Providers. The Committee may grant Awards to Service Providers who are foreign nationals, who are located outside of the United States or who are not compensated from a payroll maintained in the United States, or who are otherwise subject to (or could cause the Company to be subject to) legal or regulatory requirements of countries outside of the United States, on such terms and conditions different from those specified in the Plan as may, in the judgment of the Committee, be necessary or desirable to comply with applicable foreign laws and regulatory requirements and to promote achievement of the purposes of the Plan. In connection therewith, the Committee may establish such subplans and modify exercise procedures and other Plan rules and procedures to the extent such actions are deemed necessary or desirable, and may take any other action that it deems advisable to obtain local regulatory approvals or to comply with any necessary local governmental regulatory exemptions.

(d) Acts of the Committee; Delegation. A majority of the members of the Committee shall constitute a quorum for any meeting of the Committee, and any act of a majority of the members present at any meeting at which a quorum is present or any act unanimously approved in writing by all members of the Committee shall be the act of the Committee. Any such action of the Committee shall be valid and effective even if the members of the Committee at the time of such action are later determined not to have satisfied all of the criteria for membership in clauses (i), (ii) and (iii) of Section 2(h). To the extent not inconsistent with applicable law or stock exchange rules, the Committee may delegate all or any portion of its authority under the Plan to any one or more of its members or, as to Awards to Participants who are not subject to Section 16 of the Exchange Act, to one or more directors or executive officers of the Company. The Committee may also delegate non-discretionary administrative responsibilities in connection with the Plan to such other persons as it deems advisable.

(e) Finality of Decisions. The Committee's interpretation of the Plan and of any Award or Agreement made under the Plan and all related decisions or resolutions of the Board or Committee shall be final and binding on all parties with an interest therein.

(f) Indemnification. Each person who is or has been a member of the Committee or of the Board, and any other person to whom the Committee delegates authority under the Plan, shall be indemnified and held harmless by the Company, to the extent permitted by law, against and from (i) any loss, cost, liability or expense that may be imposed upon or reasonably incurred by such person in connection with or resulting from any claim, action, suit or proceeding to which such person may be a party or in which such person may be involved by reason of any action taken or failure to act, made in good faith, under the Plan and (ii) any and all amounts paid by such person in settlement thereof, with the Company's approval, or paid by such person in satisfaction of any judgment in any such action, suit or proceeding against such person, provided such person shall give the Company an opportunity, at the Company's expense, to handle and defend the same before such person undertakes to handle and defend it on such person's own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such person or persons may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

4. Shares Available Under the Plan.

(a) Maximum Shares Available. Subject to Section 4(b) and to adjustment as provided in Section 18, a total of 1,400,000 Shares shall be authorized for grant under the Plan, plus any Shares remaining available for future grants under the Prior Plans on the effective date of this Plan. All Shares authorized for grant under this Plan may be granted as Incentive Stock Options. In determining the number of Shares to be counted against this limit in connection with any Award, the following rules shall apply:

- (1) Where the number of Shares subject to the Award is variable on the Grant Date, the number of Shares to be counted against the limit prior to the settlement of the Award shall be the maximum number of Shares that could be received under that particular Award.
- (2) Where two or more types of Awards are granted to a Participant in tandem with each other, such that the exercise of one type of Award with respect to a number of Shares cancels at least an equal number of Shares of the other, the number of Shares to be counted against the limit shall be the largest number of Shares that would be counted against the limit under either of the Awards.
- (3) Substitute Awards shall not be counted against the limit, nor shall they reduce the Shares authorized for grant to a Participant in any calendar year.

A-5

(b) Effect of Forfeitures and Other Actions. Any Shares subject to an Award, or to an award granted under the Prior Plans that is outstanding on the effective date of this Plan (a "Prior Plan Award"), that is forfeited, expires, is settled for cash or otherwise does not result in the issuance of all or a portion of the Shares subject to such Award or Prior Plan Award (including a payment in Shares on the exercise of a Stock Appreciation Right) shall, to the extent of such forfeiture, expiration, cash settlement or non-issuance, again become available for Awards under this Plan, and the total number of Shares available for grant under Section 4(a) shall be correspondingly increased. In the event that (i) any Award or Prior Plan Award is exercised through the tendering of Shares (either actually or by attestation) or by the withholding of Shares by the Company in payment of the applicable exercise price, or (ii) any tax withholding obligations arising from such Award or Prior Plan Award are satisfied by the tendering of Shares (either actually or by attestation) or by the withholding of Shares by the Company, then the Shares so tendered or withheld shall again become available for Awards under this Plan, and the total number of Shares available for grant under Section 4(a) shall be correspondingly increased.

(c) Effect of Plans Operated by Acquired Companies. If a company acquired by the Company or any Subsidiary or with which the Company or any Subsidiary combines has shares available under a pre-existing plan approved by stockholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for Awards under the Plan and shall not reduce the Shares authorized for grant under the Plan. Awards using such available shares shall not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were not Employees or Non-Employee Directors prior to such acquisition or combination.

(d) Source of Shares. Shares issued under the Plan may come from authorized and unissued shares or treasury shares. No fractional Shares may be issued under the Plan, but the Committee may, in its discretion, pay cash in lieu of any fractional Share in settlement of an Award.

(e) Individual Option and SAR Limit. The aggregate number of Shares subject to Options and/or Stock Appreciation Rights granted during any calendar year to any one Participant shall not exceed 750,000.

5. Eligibility. Participation in the Plan shall be limited to (i) Service Providers and (ii) any individual the Company desires to induce to become a Service Provider, so long as any such inducement grant is contingent upon such individual becoming a Service Provider. Incentive Stock Options may only be granted to Employees.

6. General Terms of Awards.

(a) Award Agreement. Except for Other Stock-Based Awards that involve only the immediate issuance of unrestricted and fully vested Shares, each Award shall be evidenced by an Agreement setting forth the number of Shares subject to the Award together with such other terms and conditions applicable to the Award (and not inconsistent with the Plan) as determined by the Committee. An Award to a Participant may be made singly or in combination with any form of Award.

(b) Vesting and Term. Each Agreement shall set forth the period until the applicable Award is scheduled to expire, which shall not be more than ten years from the Grant Date, and any applicable Performance Period. The Committee may provide for such vesting conditions as it may determine, subject to the following limitations:

(1) A Full Value Award that is not subject to the satisfaction of Performance Measures may not fully vest or become fully exercisable earlier than three years from the Grant Date; and

(2) the Performance Period of a Performance Unit or other Full Value Award subject to Performance Measures may not be shorter than one year.

The limitations in clauses (1) and (2) above will not, however, apply in the following situations: (i) an Award made to attract a key executive to join the Company; (ii) upon a Change in Control; (iii) termination of employment due to death or Disability; (iv) Restricted Stock or Restricted Stock Units issued in exchange for other compensation; (v) a Substitute Award; and (vi) Awards issued to Non-Employee Directors.

(c) Transferability. Except as provided in this Section 6(c), (i) during the lifetime of a Participant, only the Participant or the Participant's guardian or legal representative may exercise an Option or Stock Appreciation Right, or receive payment with respect to any other Award; and (ii) no Award may be sold, assigned, transferred, exchanged or encumbered other by will or the laws of descent and distribution. Any attempted transfer in violation of this Section 6(c) shall be of no effect.

A-6

The Committee may, however, provide in an Agreement or otherwise that an Award (other than an Incentive Stock Option) may be transferable by gift to any “family member” (as defined by the general instructions to Form S-8 under the Securities Act of 1933) of the Participant. Any Award held by a transferee shall continue to be subject to the same terms and conditions that were applicable to that Award immediately before the transfer thereof. For purposes of any provision of the Plan relating to notice to a Participant or to acceleration or termination of an Award upon the death or termination of employment of a Participant, the references to “Participant” shall mean the original grantee of an Award and not any transferee.

(d) Designation of Beneficiary. Each Participant may designate a beneficiary or beneficiaries to exercise any Award or receive a payment under any Award payable on or after the Participant’s death. Any such designation shall be on a form approved by the Committee and shall be effective upon its receipt by the Company.

(e) Termination of Service. Unless otherwise provided in an Agreement, and subject to Sections 13 and 14 of this Plan, if a Participant’s Service with the Company and all of its Affiliates terminates, the following provisions shall apply (in all cases subject to the scheduled expiration of an Option or Stock Appreciation Right, as applicable):

(1) Upon termination of Service for Cause, all unexercised Options and SARs and all unvested portions of any other outstanding Awards shall be immediately forfeited without consideration.

(2) Upon termination of Service for any other reason, all unvested and unexercisable portions of any outstanding Awards shall be immediately forfeited without consideration.

(3) Upon termination of Service for any reason other than Cause, death or Disability, the currently vested and exercisable portions of Options and SARs may be exercised within three months of the date of such termination.

(4) Upon termination of Service due to death or Disability, the currently vested and exercisable portions of Options and SARs may be exercised within six months of the date of such termination.

(f) Rights as Stockholder. No Participant shall have any rights as a stockholder with respect to any securities covered by an Award unless and until the date the Participant becomes the holder of record of the Shares, if any, to which the Award relates.

(g) Performance-Based Awards. Any Award may be granted as a performance-based Award if the Committee establishes one or more Performance Measures which must be attained as a condition to the vesting, exercisability, lapse of restrictions or settlement in cash or Shares of such Award. Any performance-based Award that is intended by the Committee to qualify as Performance-Based Compensation shall additionally be subject to the requirements of Section 21 of this Plan. Except as provided in Section 21 with respect to Performance-Based Compensation, the Committee shall also have the authority to provide, in an Agreement or otherwise, for the modification of a Performance Period and/or an adjustment or waiver of the achievement of Performance Measures upon the occurrence of certain events, which may include a Change of Control, a Corporate Transaction, a recapitalization, a change in the accounting practices of the Company, or the Participant’s death or Disability.

(h) Deferrals of Full Value Awards. The Committee may, in its discretion, permit or require the deferral by a Participant of the issuance of Shares or payment of cash in settlement of any Full Value Award, subject to such terms, conditions, rules and procedures as it may establish or prescribe for such purpose and with the intention of complying with the applicable requirements of Code Section 409A. The terms, conditions, rules and procedures for any such deferral shall be set forth in writing in the relevant Agreement or in such other agreement, plan or document as the Committee may determine, or some combination of such documents. The terms, conditions, rules and procedures for any such deferral shall address, to the extent relevant, matters such as: (i) the permissible time(s) and form(s) of

payment of deferred amounts; (ii) the terms of any deferral elections by a Participant or of any deferral required by the Company; and (iii) the crediting of interest or dividend equivalents on deferred amounts.

7. Restricted Stock Awards.

(a) Vesting and Consideration. Shares subject to a Restricted Stock Award shall be subject to vesting conditions, and the corresponding lapse or waiver of forfeiture conditions and other restrictions, based on such factors and occurring over such period of time as the Committee may determine in its discretion. The Committee may provide whether any consideration other than Services must be received by the Company or any Affiliate as a condition precedent to the grant of a Restricted Stock Award.

A-7

(b) Shares Subject to Restricted Stock Awards. Unvested Shares subject to a Restricted Stock Award shall be evidenced by a book-entry in the name of the Participant with the Company's transfer agent or by one or more Stock certificates issued in the name of the Participant. Any such Stock certificate shall be deposited with the Company or its designee, together with an assignment separate from the certificate, in blank, signed by the Participant, and bear an appropriate legend referring to the restricted nature of the Restricted Stock evidenced thereby. Any book-entry shall be subject to comparable restrictions and corresponding stop transfer instructions. Upon the vesting of Shares of Restricted Stock, and the Company's determination that any necessary conditions precedent to the release of vested Shares (such as satisfaction of tax withholding obligations and compliance with applicable legal requirements) have been satisfied, such vested Shares shall be made available to the Participant in such manner as may be prescribed or permitted by the Committee.

(c) Stockholder Rights. Except as otherwise provided in this Plan and the applicable Agreement, a Participant with a Restricted Stock Award shall have all the other rights of a stockholder, including the right to receive dividends and the right to vote the Shares of Restricted Stock. Except as otherwise provided in the applicable Agreement, any dividends or distributions paid with respect to Shares that are subject to the unvested portion of a Restricted Stock Award will be subject to the same restrictions as the Shares to which such dividends or distributions relate, except for regular cash dividends on Shares subject to the unvested portion of a Restricted Stock Award that is subject only to service-based vesting conditions.

8. Restricted Stock Unit Awards. A Restricted Stock Unit Award shall be subject to vesting conditions, and the corresponding lapse or waiver of forfeiture conditions and other restrictions, based on such factors and occurring over such period of time as the Committee may determine in its discretion. The Committee may provide whether any consideration other than services must be received by the Company or any Affiliate as a condition precedent to the grant of a Restricted Stock Unit Award. Following the vesting of a Restricted Stock Unit Award, and the Company's determination that any necessary conditions precedent to the settlement of the Award (such as satisfaction of tax withholding obligations and compliance with applicable legal requirements) have been satisfied, settlement of the Award and payment to the Participant shall be made at such time or times in the form of cash, Shares (which may themselves be considered Restricted Stock under the Plan subject to restrictions on transfer and forfeiture conditions) or a combination of cash and Shares as determined by the Committee. If the Restricted Stock Unit Award is not by its terms exempt from the requirements of Code Section 409A, then the applicable Agreement shall contain terms and conditions intended to avoid adverse tax consequences specified in Code Section 409A.

9. Stock Option Awards.

(a) Type and Exercise Price. The Agreement pursuant to which an Option is granted shall specify whether the Option is an Incentive Stock Option or a Non-Statutory Stock Option. The exercise price at which each Share subject to an Option may be purchased shall be determined by the Committee and set forth in the Agreement, and shall not be less than the Fair Market Value of a Share on the Grant Date, except in the case of Substitute Awards (to the extent consistent with Code Section 409A and, in the case of Incentive Stock Options, Code Section 424).

(b) Payment of Exercise Price. The purchase price of the Shares with respect to which an Option is exercised shall be payable in full at the time of exercise, which may include, to the extent permitted by the Committee, payment under a broker-assisted sale and remittance program acceptable to the Committee. The purchase price may be paid in cash or, if the Committee so permits, by withholding Shares otherwise issuable to the Participant upon exercise of the Option or by delivery to the Company of Shares (by actual delivery or attestation) already owned by the Participant (in each case, such Shares having a Fair Market Value as of the date the Option is exercised equal to the purchase price of the Shares being purchased), or a combination thereof, unless otherwise provided in the Agreement.

(c) Exercisability and Expiration. Each Option shall be exercisable in whole or in part on the terms provided in the Agreement. In no event shall any Option be exercisable at any time after its scheduled expiration. When an Option is no longer exercisable, it shall be deemed to have terminated.

(d) No Reload Options. Options will not be granted under the Plan in consideration for, and the grant of Options will not be conditioned on, the delivery of Shares to the Company in payment of the exercise price and/or tax withholding obligation under any other Option.

(e) Incentive Stock Options.

(1) An Option will constitute an Incentive Stock Option only if the Participant receiving the Option is an Employee, and only to the extent that (i) it is so designated in the applicable Agreement and (ii) the aggregate Fair Market Value (determined as of Option Grant Date) of the Shares with respect to which Incentive Stock Options held by the Participant first become exercisable in any calendar year (under the Plan and all other plans of the Company and its Affiliates) does not

A-8

exceed \$100,000. To the extent an Option granted to a Participant exceeds this limit, the Option shall be treated as a Non-Statutory Stock Option.

(2) No Participant may receive an Incentive Stock Option under the Plan if, immediately after the grant of such Award, the Participant would own (after application of the rules contained in Code Section 424(d)) Shares possessing more than 10% of the total combined voting power of all classes of stock of the Company or an Affiliate, unless (i) the exercise price for that Incentive Stock Option is at least 110% of the Fair Market Value of the Shares subject to that Incentive Stock Option on the Grant Date and (ii) that Option will expire no later than five years after its Grant Date.

(3) For purposes of continued Service by a Participant who has been granted an Incentive Stock Option, no approved leave of absence may exceed three months unless reemployment upon expiration of such leave is provided by statute or contract. If reemployment is not so provided, then on the date six months following the first day of such leave, any Incentive Stock Option held by the Participant shall cease to be treated as an Incentive Stock Option and shall be treated for tax purposes as a Non-Statutory Stock Option.

(4) If an Incentive Stock Option is exercised after the expiration of the exercise periods that apply for purposes of Code Section 422, such Option shall thereafter be treated as a Non-Statutory Stock Option.

(5) The Agreement covering an Incentive Stock Option shall contain such other terms and provisions that the Committee determines necessary to qualify the Option as an Incentive Stock Option.

10. Stock Appreciation Rights.

(a) Nature of Award. An Award of Stock Appreciation Rights shall be subject to such terms and conditions as are determined by the Committee, and shall provide a Participant the right to receive upon exercise of the SAR Award all or a portion of the excess of (i) the Fair Market Value as of the date of exercise of the SAR Award of the number of Shares as to which the SAR Award is being exercised, over (ii) the aggregate exercise price for such number of Shares. The per Share exercise price for any SAR Award shall be determined by the Committee and set forth in the applicable Agreement, and shall not be less than the Fair Market Value of a Share on the Grant Date, except in the case of Substitute Awards (to the extent consistent with Code Section 409A).

(b) Exercise of SAR. Each Stock Appreciation Right may be exercisable in whole or in part at the times, on the terms and in the manner provided in the Agreement. No Stock Appreciation Right shall be exercisable at any time after its scheduled expiration. When a Stock Appreciation Right is no longer exercisable, it shall be deemed to have terminated. Upon exercise of a Stock Appreciation Right, payment to the Participant shall be made at such time or times as shall be provided in the Agreement in the form of cash, Shares or a combination of cash and Shares as determined by the Committee. The Agreement may provide for a limitation upon the amount or percentage of the total appreciation on which payment (whether in cash and/or Shares) may be made in the event of the exercise of a Stock Appreciation Right.

11. Performance Units.

(a) Initial Award.

(1) An Award of Performance Units under the Plan shall entitle the Participant to future payments of cash, Shares or a combination thereof, as specified by the Committee in the Agreement or otherwise, based upon the achievement of specified levels of one or more Performance Measures over the course of the relevant Performance Period. The Agreement shall specify the nature and requisite level(s) of achievement for each Performance Measure and the length of the applicable Performance Period, and may provide that a portion of a Participant's Award will be paid for performance that exceeds the minimum target but falls below the maximum target applicable to the Award.

(2) Following the conclusion or acceleration of each Performance Period, the Committee shall determine (i) the extent to which Performance Measures have been attained, (ii) the number of Performance Units that have been earned and the value thereof, (iii) the extent to which any other terms and conditions with respect to an Award relating to the Performance Period have been satisfied and (iv) the amount of the payment due with respect to an Award of Performance Units. Payment to the Participant of any Performance Unit Award shall be made in the form of cash, Shares or a combination of cash and Shares as determined by the Committee, and at such time or times as specified in the Agreement. If the Performance Unit Award is not by its terms exempt from the requirements of Code Section 409A, then the applicable Agreement shall contain terms and conditions intended to avoid adverse tax consequences specified in Code Section 409A.

A-9

(b) Acceleration and Adjustment. The Agreement may permit an acceleration of the Performance Period and an adjustment of Performance Measures and payments with respect to some or all of the Performance Units awarded to a Participant to the extent provided in Section 6(g).

12. Other Stock-Based Awards. The Committee may from time to time grant Stock and other Awards that are valued by reference to and/or payable in whole or in part in Shares under the Plan. The Committee, in its sole discretion, shall determine the terms and conditions of such Awards, which shall be consistent with the terms and purposes of the Plan. The Committee may, in its sole discretion, direct the Company to issue Shares subject to restrictive legends and/or stop transfer instructions that are consistent with the terms and conditions of the Award to which the Shares relate.

13. Effect of a Change in Control. Unless otherwise provided in an applicable Agreement, the consequences of a Change in Control on outstanding Awards shall be as provided in this Section.

(a) Automatic Acceleration. If a Change in Control shall occur, then (i) each outstanding Option and SAR Award that is not yet fully exercisable shall immediately become exercisable with respect to 50% of the Shares as to which such Award was not yet exercisable immediately prior to the Change in Control, and (ii) each Full Value Award that is not yet fully vested shall immediately vest with respect to 50% of the Shares as to which such Award was not yet vested immediately prior to the Change in Control.

(b) Termination After Change in Control. If, in connection with a Change in Control, outstanding Option, SAR and Full Value Awards are either (i) continued in effect by the Company, or (ii) assumed or replaced by the surviving or successor corporation or its Parent, and if within two years after the Change in Control a Participant experiences an involuntary termination of employment by the Company (or such survivor or successor) for reasons other than Cause, then:

(1) such outstanding Option and SAR Awards issued to the Participant that are not yet fully exercisable shall immediately become exercisable in full and shall remain exercisable for 24 months (or such other period set forth in the applicable Agreement);

(2) such Full Value Awards issued to the Participant that are not yet fully vested shall immediately vest in full.

For purposes of this Section 13(b), an Award shall be considered assumed or replaced if, in connection with the Change in Control and in a manner consistent with Code Sections 409A and 424, either (i) the contractual obligations represented by the Award are expressly assumed by the surviving or successor entity (or its Parent) with appropriate adjustments to the number and type of securities subject to the Award and the exercise price thereof that preserves the intrinsic value of the Award existing at the time of the Change in Control, or (ii) the Participant has received a comparable equity-based award that preserves the intrinsic value of the Award existing at the time of the Change in Control and contains terms and conditions that are substantially similar to those of the Award.

(c) Performance-Based Awards. For purposes of Sections 13(a) and (b), the settlement of any Performance Unit or other performance-based Full Value Award in connection with such accelerated vesting shall be based on assumed target level performance for the Performance Period during which the Change in Control or the termination of employment, as applicable, occurred.

14. Corporate Transaction. In the event of a proposed Corporate Transaction, the Committee may, but shall not be obligated to:

(a) With respect to a Corporate Transaction that involves a merger or consolidation, make appropriate provision for the protection of the outstanding Options and Stock Appreciation Rights by the substitution of options, stock

appreciation rights and appropriate voting common stock of the corporation surviving any such merger or consolidation or, if appropriate, the Parent of the Company or such surviving corporation, in lieu of such outstanding Options, Stock Appreciation Rights and Shares; or

(b) With respect to any Corporate Transaction, including, without limitation, a merger or consolidation, declare, prior to the occurrence of the Corporate Transaction, and provide written notice to the each holder of an Option or Stock Appreciation Right of the declaration, that each outstanding Option and Stock Appreciation Right, whether or not then exercisable, shall be canceled at the time of, or immediately prior to the occurrence of, the Corporate Transaction in exchange for payment to each holder of an Option or Stock Appreciation Right, within 20 days after the Corporate Transaction, of cash

A-10

(or, if the Committee so elects in lieu of solely cash, of such form(s) of consideration, including cash and/or property, singly or in such combination as the Committee shall determine, that the holders of Options and Stock Appreciation Rights would have received as a result of the Corporate Transaction if such holders had exercised the Options and Stock Appreciation Rights immediately prior to the Corporate Transaction) equal to, for each Share covered by a canceled Option or Stock Appreciation Right, the amount, if any, by which the fair market value (as defined in this Section 14(b)) per Share exceeds the exercise price per Share covered by such Option or Stock Appreciation Right. At the time of the declaration provided for in the immediately preceding sentence, each Option and Stock Appreciation Right shall immediately become exercisable in full and each holder of an Option or Stock Appreciation Right shall have the right, during the period preceding the time of cancellation of the Option or Stock Appreciation Right, to exercise the Option or Stock Appreciation Right as to all or any part of the Shares covered thereby in whole or in part, as the case may be. In the event of a declaration pursuant to this Section 14(b), each outstanding Option and Stock Appreciation Right, to the extent that it shall not have been exercised prior to the Corporate Transaction, shall be canceled at the time of, or immediately prior to, the Corporate Transaction, as provided in the declaration. Notwithstanding the foregoing, no holder of an Option or Stock Appreciation Right shall be entitled to the payment provided for in this Section 14(b) if such Option or Stock Appreciation Right shall have expired or been forfeited. For purposes of this Section 14(b) only, "fair market value" per Share means the fair market value, as determined in good faith by the Committee, of the consideration to be received per Share by the stockholders of the Company upon the occurrence of the Corporate Transaction, notwithstanding anything to the contrary provided in this Agreement.

15. **Plan Participation and Service Provider Status.** Status as a Service Provider shall not be construed as a commitment that any Award will be made under the Plan to that Service Provider or to eligible Service Providers generally. Nothing in the Plan or in any Agreement or related documents shall confer upon any Service Provider or Participant any right to continuous Service with the Company or any Affiliate, nor shall it interfere with or limit in any way any right of the Company or any Affiliate to terminate the person's Service at any time with or without Cause or change such person's compensation, other benefits, job responsibilities or title.

16. **Tax Withholding.** The Company or any Affiliate, as applicable, shall have the right to (i) withhold from any cash payment under the Plan or any other compensation owed to a Participant an amount sufficient to cover any required withholding taxes, and (ii) require a Participant or other person receiving Shares under the Plan to pay a cash amount sufficient to cover any required withholding taxes before actual receipt of those Shares. In lieu of all or any part of a cash payment from a person receiving Shares under the Plan, the Committee may permit the individual to cover all or any part of the required withholdings (up to the Participant's minimum required tax withholding rate or such other rate that will not trigger a negative accounting impact) through a reduction in the number of Shares delivered or a delivery or tender to the Company of Shares held by the Participant or other person, in each case valued in the same manner as used in computing the withholding taxes under applicable laws.

17. **Effective Date, Duration, Amendment and Termination of the Plan.**

(a) **Effective Date.** The Plan originally became effective on May 5, 2008, the date on which it was initially approved by the Company's stockholders. The Plan as amended and restated will become effective on the date it is approved by the Company's stockholders (the "Effective Date"). If the Company's stockholders fail to approve the amendment and restatement of the Plan by June 30, 2014, the Plan will continue in effect in the form in which it existed immediately prior to that date, and any Awards made under the Plan that were contingent upon the approval of the amendment and restatement of the Plan by the Company's stockholders shall be void and of no effect.

(b) **Duration of the Plan.** The Plan shall remain in effect until all Shares subject to it shall be distributed, all Awards have expired or terminated, the Plan is terminated pursuant to Section 17(c), or the tenth anniversary of the Effective Date (or the tenth anniversary of the Plan's original effective date, if the Company's stockholders fail to approve the amendment and restatement of the Plan), whichever occurs first (the "Termination Date"). Awards made before the

Termination Date shall continue to be outstanding in accordance with their terms and the terms of the Plan unless otherwise provided in the applicable Agreements.

(c) Amendment and Termination of the Plan. The Board may at any time and from time to time terminate, suspend or amend the Plan. The Company shall submit any amendment of the Plan to its stockholders for approval if the rules of the principal securities exchange on which the Shares are then listed or other applicable laws or regulations require stockholder approval of such amendment. No termination, suspension, or amendment of the Plan or any Agreement may materially and adversely affect any right acquired by any Participant under an Award granted before the date of termination, suspension, or amendment, unless otherwise agreed to by the Participant in the Agreement or otherwise, or required as a matter of law or stock exchange rule. It will be conclusively presumed that any adjustment for changes in capitalization provided for

A-11

in Section 18, and any amendment to the Plan or any Agreement to avoid the imposition of any additional tax under Code Section 409A does not adversely affect these rights.

(d) **Amendment of Awards.** Subject to Section 17(e), the Committee may unilaterally amend the terms of any Agreement previously granted, except that no such amendment may materially and adversely affect the rights of any Participant under the applicable Award without the Participant's consent, unless such amendment is necessary to comply with applicable law or stock exchange rules or any compensation recovery policy as provided in Section 22(g)(2).

(e) **No Option or SAR Repricing.** Except as provided in Section 18, no Option or Stock Appreciation Right Award granted under the Plan may be (i) amended to decrease the exercise price thereof, (ii) cancelled in conjunction with the grant of any new Option or Stock Appreciation Right Award with a lower exercise price, (iii) cancelled in exchange for cash, other property or the grant of any Full Value Award at a time when the per share exercise price of the Option or Stock Appreciation Right Award is greater than the current Fair Market Value of a Share, or (iv) otherwise subject to any action that would be treated under accounting rules as a "repricing" of such Option or Stock Appreciation Right Award, unless such action is first approved by the Company's stockholders.

18. **Adjustment for Changes in Capitalization.** In the event of any equity restructuring (within the meaning of FASB ASC Topic 718 - Stock Compensation) that causes the per share value of Shares to change, such as a stock dividend, stock split, spinoff, rights offering or recapitalization through an extraordinary dividend, the Committee shall make such adjustments as it deems equitable and appropriate to (i) the aggregate number and kind of Shares or other securities issued or reserved for issuance under the Plan, (ii) the number and kind of Shares or other securities subject to outstanding Awards, (iii) the exercise price of outstanding Options and SARs, and (iv) any maximum limitations prescribed by the Plan with respect to certain types of Awards or the grants to individuals of certain types of Awards. In the event of any other change in corporate capitalization, including a merger, consolidation, reorganization, or partial or complete liquidation of the Company, such equitable adjustments described in the foregoing sentence may be made as determined to be appropriate and equitable by the Committee to prevent dilution or enlargement of rights of Participants. In either case, any such adjustment shall be conclusive and binding for all purposes of the Plan. No adjustment shall be made pursuant to this Section 18 in connection with the conversion of any convertible securities of the Company, or in a manner that would cause Incentive Stock Options to violate Section 422(b) of the Code or cause an Award to be subject to adverse tax consequences under Section 409A of the Code. Unless otherwise determined by the Committee, the number of Shares subject to an Award shall always be a whole number.

19. **Dividend Equivalents.** An Award (other than an Option or SAR) that does not involve the issuance of Shares concurrently with the grant of the Award may, if so determined by the Committee, provide the Participant with the right to receive dividend equivalent payments with respect to the units or Share equivalents subject to the Award (both before and after the units or Share equivalents are earned, vested or settled in Shares) based on dividends actually declared and paid on outstanding Shares. The terms of any dividend equivalents will be as set forth in the applicable Agreement, including the time and form of payment and whether such dividend equivalents will be credited with interest or deemed to be reinvested in additional units or Share equivalents. Dividend equivalents paid with respect to Shares that are subject to the unvested portion of an Award whose vesting is subject to the satisfaction of specified performance objectives will be subject to the same restrictions as the units or Share equivalents to which such dividend equivalents relate.

20. **Substitute Awards.** The Committee may also grant Awards under the Plan in substitution for, or in connection with the assumption of, existing awards granted or issued by another corporation and assumed or otherwise agreed to be provided for by the Company pursuant to or by reason of a transaction involving a merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation to which the Company or an Affiliate is a party. The terms and conditions of the Substitute Awards may vary from the terms and conditions set forth in the Plan

to the extent that the Board at the time of the grant may deem appropriate to conform, in whole or in part, to the provisions of the awards in substitution for which they are granted.

21. Performance-Based Compensation.

(a) Designation of Awards. If the Committee determines at the time a Full Value Award is granted to a Participant that such Participant is, or is likely to be, a “covered employee” for purposes of Code Section 162(m) as of the end of the tax year in which the Company would ordinarily claim a tax deduction in connection with such Award, then the Committee may provide that this Section 21 will be applicable to such Award, which shall be considered Performance-Based Compensation.

(b) Performance Measures. If an Award is subject to this Section 21, then the lapsing of restrictions thereon and the distribution of cash, Shares or other property pursuant thereto, as applicable, shall be subject to the achievement over the

A-12

applicable Performance Period of one or more performance goals based on one or more of the Performance Measures specified in the definition of that term in this Plan. The Committee will select the applicable Performance Measure(s) and specify the performance goal(s) based on those Performance Measures for any Performance Period, specify in terms of an objective formula or standard the method for calculating the amount payable to a Participant if the performance goal(s) are satisfied, and certify the degree to which applicable performance goals have been satisfied and any amount that vests and is payable in connection with an Award subject to this Section 21, all within the time periods prescribed by and consistent with the other requirements of Code Section 162(m). In specifying the performance goals applicable to any Performance Period, the Committee may provide that one or more objectively determinable adjustments shall be made to the Performance Measures on which the performance goals are based, which may include adjustments that would cause such Performance Measures to be considered “non-GAAP financial measures” within the meaning of Rule 101 under Regulation G promulgated by the Securities and Exchange Commission, such as excluding the impact of specified unusual or nonrecurring events such as acquisitions, divestitures, restructuring activities, asset write-downs, litigation judgments or settlements or changes in tax laws or accounting principles. The Committee may also adjust Performance Measures for a Performance Period to the extent permitted by Code Section 162(m) to prevent the dilution or enlargement of a Participant’s rights with respect to Performance-Based Compensation. The Committee may adjust downward, but not upward, any amount determined to be otherwise payable in connection with such an Award. The Committee may also provide, in an Agreement or otherwise, that the achievement of specified performance goals in connection with an Award subject to this Section 21 may be waived upon the death or Disability of the Participant or under any other circumstance with respect to which the existence of such possible waiver will not cause the Award to fail to qualify as “performance-based compensation” under Code Section 162(m).

(c) Limitations. Subject to adjustment as provided in Section 18, no Participant may be granted Performance-Based Compensation in any calendar year with respect to more than 300,000 Shares, for Awards denominated in Shares or Share equivalents, and the maximum dollar value payable to any Participant in any 12 month period with respect to Performance-Based Compensation denominated in cash is \$2,000,000.

22. Other Provisions.

(a) Unfunded Plan. The Plan shall be unfunded and the Company shall not be required to segregate any assets that may at any time be represented by Awards under the Plan. Neither the Company, its Affiliates, the Committee, nor the Board shall be deemed to be a trustee of any amounts to be paid under the Plan nor shall anything contained in the Plan or any action taken pursuant to its provisions create or be construed to create a fiduciary relationship between the Company and/or its Affiliates, and a Participant. To the extent any person has or acquires a right to receive a payment in connection with an Award under the Plan, this right shall be no greater than the right of an unsecured general creditor of the Company.

(b) Limits of Liability.

(1) Any liability of the Company to any Participant with respect to an Award shall be based solely upon contractual obligations created by the Plan and the Award Agreement.

(2) Except as may be required by law, neither the Company nor any member of the Board of Directors or of the Committee, nor any other person participating (including participation pursuant to a delegation of authority under Section 3(c) of the Plan) in any determination of any question under the Plan, or in the interpretation, administration or application of the Plan, shall have any liability to any party for any action taken, or not taken, in good faith under the Plan.

(c) Compliance with Applicable Legal Requirements. No Shares distributable pursuant to the Plan shall be issued and delivered unless the issuance of the Shares complies with all applicable legal requirements, including compliance with the provisions of applicable state securities laws, the Securities Act of 1933, as amended, the Exchange Act and the requirements of the exchanges on which the Company's Shares may, at the time, be listed. Any stock certificate or book-entry evidencing Shares issued under the Plan that are subject to securities law restrictions shall bear or be accompanied by an appropriate restrictive legend or stop transfer instruction.

(d) Other Benefit and Compensation Programs. Payments and other benefits received by a Participant under an Award made pursuant to the Plan shall not be deemed a part of a Participant's regular, recurring compensation for purposes of the termination, indemnity or severance pay laws of any country and shall not be included in, nor have any effect on, the determination of benefits under any other employee benefit plan, contract or similar arrangement provided by the Company or an Affiliate unless expressly so provided by such other plan, contract or arrangement, or unless the Committee expressly determines that an Award or portion of an Award should be included to accurately reflect competitive compensation practices or to recognize that an Award has been made in lieu of a portion of competitive cash compensation.

A-13

(e) Requirements of Law.

(1) To the extent that federal laws do not otherwise control, the Plan and all determinations made and actions taken pursuant to the Plan shall be governed by the laws of the State of Delaware without regard to its conflicts-of-law principles and shall be construed accordingly.

(2) If any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

(3) It is intended that the Plan and all Awards granted pursuant to it shall be administered by the Committee so as to permit the Plan and Awards to comply with Exchange Act Rule 16b-3. If any provision of the Plan or of any Award would otherwise frustrate or conflict with the intent expressed in this Section 22(e)(3), that provision to the extent possible shall be interpreted and deemed amended in the manner determined by the Committee so as to avoid the conflict. To the extent of any remaining irreconcilable conflict with this intent, the provision shall be deemed void as applied to Participants subject to Section 16 of the Exchange Act to the extent permitted by law and in the manner deemed advisable by the Committee.

(f) Code Section 409A. It is intended that (i) all Awards of Options, SARs and Restricted Stock under the Plan will not provide for the deferral of compensation within the meaning of Code Section 409A and thereby be exempt from Code Section 409A, and (ii) all other Awards under the Plan will either not provide for the deferral of compensation within the meaning of Code Section 409A, or will comply with the requirements of Code Section 409A, and Awards shall be structured and the Plan administered and interpreted in accordance with this intent. The Plan and any Agreement may be unilaterally amended by the Company in any manner deemed necessary or advisable by the Committee or Board in order to maintain such exemption from or compliance with Code Section 409A, and any such amendment shall conclusively be presumed to be necessary to comply with applicable law. Notwithstanding anything to the contrary in the Plan or any Agreement, with respect to any Award that constitutes a deferral of compensation subject to Code Section 409A:

(1) If any amount is payable under such Award upon a termination of Service, a termination of Service will be deemed to have occurred only at such time as the Participant has experienced a “separation from service” as such term is defined for purposes of Code Section 409A;

(2) If any amount shall be payable with respect to any such Award as a result of a Participant’s “separation from service” at such time as the Participant is a “specified employee” within the meaning of Code Section 409A, then no payment shall be made, except as permitted under Code Section 409A, prior to the first business day after the earlier of (i) the date that is six months after the Participant’s separation from service or (ii) the Participant’s death. Unless the Committee has adopted a specified employee identification policy as contemplated by Code Section 409A, specified employees will be identified in accordance with the default provisions specified under Code Section 409A.

None of the Company, the Board, the Committee nor any other person involved with the administration of this Plan shall (i) in any way be responsible for ensuring the exemption of any Award from, or compliance by any Award with, the requirements of Code Section 409A, (ii) have any obligation to design or administer the Plan or Awards granted thereunder in a manner that minimizes a Participant’s tax liabilities, including the avoidance of any additional tax liabilities under Code Section 409A, and (iii) shall have any liability to any Participant for any such tax liabilities.

(g) Forfeiture and Compensation Recovery.

(1) The Committee may specify in an Agreement that the Participant's rights, payments, and benefits with respect to an Award will be subject to reduction, cancellation, forfeiture or recovery by the Company upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include termination of Service for Cause; violation of any material Company or Affiliate policy; breach of noncompetition, non-solicitation or confidentiality provisions that apply to the Participant; a determination that the payment of the Award was based on an incorrect determination that financial or other criteria were met or other conduct by the Participant that is detrimental to the business or reputation of the Company or its Affiliates.

A-14

(2) Awards and any compensation associated therewith may be made subject to forfeiture, recovery by the Company or other action pursuant to any compensation recovery policy adopted by the Board or the Committee at any time, including in response to the requirements of Section 10D of the Exchange Act and any implementing rules and regulations thereunder, or as otherwise required by law. Any Agreement may be unilaterally amended by the Committee to comply with any such compensation recovery policy.
