ANNUAL MEETING OF STOCKHOLDERS ON APRIL 23, 2014

PROXY STATEMENT

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING, PROXY MATERIALS AND VOTING

Why did I receive this proxy statement?

You have received this proxy statement because the Board of Directors (the "Board") of City National Corporation (the "Company") is soliciting your proxy to vote at the 2014 Annual Meeting of Stockholders to be held on Wednesday, April 23, 2014 at 4:30 p.m. Pacific Time. You are cordially invited to attend the annual meeting and are requested to vote on the Proposals described in this proxy statement. The annual meeting is being held at City National Center at 400 N. Roxbury Drive, Beverly Hills, California, 90210.

What proposals are being voted on at the annual meeting and how does the Board recommend I vote?

Proposal	Board Recommendation
1 The election of ten directors	FOR
2 Ratification of KPMG LLP as our independent registered public accounting firm for fiscal year 2014	FOR
3 The approval, on an advisory basis, of the compensation of our named executive officers	FOR

Who can vote at the annual meeting?

Only stockholders of record of the Company's common stock at the close of business on March 7, 2014, may vote at the annual meeting. At the close of business on March 7, 2014, there were 54,881,855 shares of the Company's common stock outstanding, each of which is entitled to one vote with respect to each matter to be voted on at the annual meeting.

How many votes are needed to hold the annual meeting?

The presence at the meeting, in person or by proxy, of the holders of a majority of the aggregate voting power of the common stock issued and outstanding on March 7, 2014 will constitute a quorum, permitting us to hold the meeting and conduct business. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting for purposes of determining a quorum.

How do I vote my shares?

You may vote by granting a proxy, or for shares held in "street name" through a broker or other nominee, by submitting voting instructions to your broker or other nominee. If your shares are held in street name, you will receive instructions that you must follow to have your shares voted. See below for more information on voting your shares if held in street name.

Edgar Filing: CITY NATIONAL CORP - Form DEF 14A

Table of Contents

If you hold your shares as the stockholder of record, follow the instructions on each proxy card you receive to vote either on the Internet, by telephone, or by mailing your signed proxy card in the enclosed return envelope. Your shares will be voted as you direct.

If you do not tell us how you want to vote your shares, and we are permitted to vote on your behalf, your shares will be voted as follows:

FOR each of the Board's nominees for election as director,

FOR ratification of KPMG LLP as our independent registered public accounting firm,

FOR the compensation of our named executive officers, on an advisory basis.

If you are the record holder of the shares, you may change or revoke your vote at any time before it is counted at the annual meeting by (i) filing a timely written notice of revocation with our Secretary at 555 South Flower Street, Los Angeles, California 90071, (ii) attending the annual meeting and voting in person, or (iii) submitting a later dated proxy card. Unless you decide to attend the meeting and vote your shares in person after you have submitted voting instructions to the proxies, we recommend that you revoke or amend your prior instructions in the same way you initially gave them that is, by telephone, Internet or in writing. This will help to ensure that your shares are voted the way you have finally determined you wish them to be voted. If you revoke by mail or by using the telephone or Internet voting options, we must receive the revocation several hours before the annual meeting begins. If you choose to revoke by mail, please make sure you have provided enough time for the replacement proxy to reach us. Once the annual meeting begins you can only revoke your proxy in person. Once the polls close at the annual meeting, the right to revoke ends. If you have not properly revoked your proxy, we will vote your shares in accordance with your most recent valid proxy.

In addition, if other matters are properly presented for voting at the annual meeting, the proxy holders are also authorized to vote on such matters as they shall determine in their sole discretion. As of the date of this proxy statement, we have not received notice of any other matters that may be properly presented for voting at the annual meeting.

How do I vote my shares if they are held in the name of my broker?

If your shares are held by your broker or other nominee, you must vote your shares through your broker or other nominee. You should receive a form from your broker or other nominee asking how you want to vote your shares. Follow the instructions on that form to give voting instructions to your broker or other nominee, including instructions for voting by telephone or on the Internet. You may change your vote by submitting new voting instructions to your broker or other nominee.

If you do not give instructions to your broker or other nominee, the broker or other nominee will determine if it has the discretionary authority to vote on the particular matter. Under the rules of the New York Stock Exchange ("NYSE"), brokers and other nominees have the discretion to vote on routine matters such as Proposal 2, but do not have discretion to vote on non-routine matters such as Proposals 1 and 3. Therefore, if you do not provide voting instructions to your broker or other nominee, your broker or other nominee may only vote your shares on Proposal 2 and any other routine matters properly presented for a vote at the annual meeting. A broker non-vote occurs when a broker has not received voting instructions from the customer and the broker cannot vote the shares because the matter is not considered a routine matter under NYSE rules. Broker non-votes will be counted for purposes of calculating whether a quorum is present at the Annual Meeting, but will not be counted for purposes of determining the number of votes present in person or represented by proxy and entitled to vote with respect to a particular proposal.

Table of Contents***How do I vote my shares that I hold in the City National Corporation Profit Sharing Plan?***

If you hold shares in your account under the City National Corporation Profit Sharing Plan ("Profit Sharing Plan"), you will receive directions on how to submit your voting instructions as part of your proxy materials. For any shares you hold in the Profit Sharing Plan, if your voting instructions are not received by Friday, April 18, 2014, your shares will be voted in proportion to the way the other Profit Sharing Plan participants voted their shares. If your shares are held in our Profit Sharing Plan, you may change your vote by following the voting instructions included as part of your proxy materials, except that any changes to your voting instructions must be provided by Friday, April 18, 2014. You will not be able to change your vote after this deadline.

What is the vote required for each proposal?

Proposal	Vote Required	Broker Discretionary Voting
1 Election of Directors	Votes cast "For" the nominee must exceed the number of votes cast "Against" the nominee	No
2 Ratification of KPMG LLP as our independent registered public accounting firm for fiscal year 2014	Affirmative vote of majority of the shares entitled to vote and present in person or represented by proxy	Yes
3 The approval, on an advisory basis, of the compensation of our named executive officers	Affirmative vote of majority of the shares entitled to vote and present in person or represented by proxy	No

With respect to each Proposal, you may vote "For", "Against" or "Abstain". With regard to Proposal 1, pursuant to our bylaws, we will not count abstentions or broker non-votes as either for or against a director, therefore abstentions and broker non-votes will have no effect on the election of a director. If you "Abstain" from voting on Proposals 2 or 3, the abstention will have the same effect as an "Against" vote and broker non-votes will not be counted and therefore have no effect on these proposals. Proposal 3 is an advisory vote and is non-binding on our Board.

How may I obtain a separate set of proxy materials?

If you share an address with another stockholder, you may receive only one set of proxy materials (including our 2013 Summary Annual Report, Annual Report on Form 10-K for the year ended December 31, 2013, and proxy statement) unless you have provided contrary instructions. If you wish to receive a separate set of proxy materials now or in the future, please request the additional copies by e-mail to investor_relations@cnb.com, by facsimile to (213) 673-7622, by calling (213) 673-7615 or (800) 773-7100 or through our website at www.cnb.com/investor-relations.

Why might I receive multiple voting instruction forms and/or proxy cards?

If you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. If you are an employee of the Company, you will receive a voting instruction card for all the shares you hold in the Profit Sharing Plan and you will receive a proxy card for any restricted shares of our common stock you hold. In each case, please follow the voting instructions on the card or form you receive to vote your shares on the Internet, by telephone or by completing and returning each proxy card and voting instruction form that you receive.

Table of Contents

Who is paying for this solicitation?

The Company will pay the cost of this proxy solicitation. In addition to soliciting proxies by mail, proxies may be solicited personally or by telephone, facsimile, the Internet or other means by certain directors, officers and employees who will receive no additional compensation for their services. We have engaged Innisfree M&A Incorporated, 501 Madison Avenue, 20th Floor, New York, NY 10022, to assist in the solicitation of proxies at an estimated fee of \$20,000 plus disbursements. We will pay brokers and others who hold our common stock in their name for the expenses of forwarding the proxy materials to the beneficial owners of the common stock.

What are the guidelines for attending the meeting?

Any stockholder entitled to vote at the annual meeting may attend the annual meeting. If you plan to attend the annual meeting, please bring the admission ticket attached to your proxy card and photo identification. If your shares are held in the name of a broker or other nominee, please bring with you a letter (and a legal proxy if you wish to vote your shares) from the broker or nominee confirming your ownership as of the record date, which is March 7, 2014. Failure to bring such a letter may prevent you from attending the meeting and voting at the meeting.

How do I get more information about the Company?

With this proxy statement, we are also sending you our 2013 Summary Annual Report and our Annual Report on Form 10-K for the year ended December 31, 2013, which includes our financial statements. At your written request directed to the address below, we will send you additional copies of these reports without charge, and we also make these items available on our website at www.cnb.com/investor-relations/investor-kit.asp. PROPOSAL 1: ELECTION OF DIRECTORS

Our Board has nominated Russell Goldsmith, Bram Goldsmith, Mohamad Ali, Richard L. Bloch, Kenneth L. Coleman, Ashok Israni, Bruce Rosenblum, Peter M. Thomas, Robert H. Tuttle and Christopher J. Warmuth for election at this year's annual meeting to serve for a one-year term expiring at our next annual meeting or until their successors have been duly elected and qualified. The Compensation, Nominating & Governance Committee ("CN&G Committee") has determined that each nominee satisfies the director qualification criteria and factors set forth in our Corporate Governance Guidelines, as described below under *Corporate Governance*. Each director will be elected by a vote of the majority of the votes cast, meaning that the number of votes cast "For" a director's election must exceed the number of votes cast "Against" that director.

Set forth below is information about each nominee for election as a director. Each nominee is also a director of City National Bank (the "Bank"), a wholly-owned subsidiary of City National Corporation (references to the "Company" in this proxy statement include the Bank unless the context otherwise requires or indicates). Effective at the 2014 annual meeting, our Board is fully declassified in accordance with an amendment to our Restated Certificate of Incorporation approved by our stockholders in 2012 and all director nominees are recommended for election for a one-year term ending at the next annual meeting. At present, our Board consists of twelve directors. Effective upon the election of the director nominees at the annual meeting, the Board will be reduced to ten directors. After many years of dedicated service, Kenneth Ziffren and Ronald L. Olson will not be standing for reelection consistent with our non-employee director retirement policy. We thank them for their valued service.

Unless otherwise directed, the persons named as proxies in the enclosed proxy card intend to vote "**FOR**" the election of the nominees. If one or more of the nominees unexpectedly becomes unavailable to serve as a director, the proxies may be voted for one or more substitute nominees selected by our Board, or the authorized number of directors may be reduced. If the authorized number of directors is reduced for any reason, the proxies will be voted for the election of the remaining nominees named in this proxy statement. All nominees have consented to being named in this proxy statement and to serve if re-elected.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF RUSSELL GOLDSMITH, BRAM GOLDSMITH, MOHAMAD ALI, RICHARD L. BLOCH, KENNETH L. COLEMAN, ASHOK ISRANI, BRUCE ROSENBLUM, PETER M. THOMAS, ROBERT H. TUTTLE AND CHRISTOPHER J. WARMUTH

**PROPOSAL 2: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2014**

Our Board has ratified the decision of the Audit & Risk Committee to appoint KPMG LLP ("KPMG") to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2014. Although we are not required to do so, it has been our practice to seek stockholder ratification of this appointment as a matter of good corporate governance. KPMG has audited our financial statements since 1993. Representatives of KPMG will be present at our annual meeting to make a statement, if they desire to do so, and to respond to appropriate questions.

If the stockholders fail to ratify the selection, the Board may reconsider whether or not to retain KPMG and reserves the discretion to retain KPMG as our independent registered public accounting firm. Even if the selection is ratified, the Board in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Board determines that such change would be in the best interests of the Company and its stockholders.

We incurred the following fees in 2013 and 2012 for professional services provided by KPMG:

	2013	2012
Audit Fees(1)	\$ 2,073,000	\$ 1,898,000
Audit-Related Fees(2)	291,000	289,000
Tax Fees(3)	96,000	152,000
Total Fees	\$ 2,460,000	\$ 2,339,000

- (1) Audit Fees represented fees for professional services provided in connection with the integrated audit of the Company's financial statements and review of our quarterly financial statements and audit services provided in connection with other statutory or regulatory filings.
- (2) Audit-Related Fees consisted of professional services related to audits of employee benefit plans, internal control reviews of wealth management department operations, AIMR performance attestations regarding the wealth management department and other audit services requested by management, which are in addition to the scope of the financial statement audit.
- (3) Tax Fees included tax return review and tax compliance advice.

The Audit & Risk Committee's policy is to pre-approve all audit and non-audit services to be provided by our independent registered public accounting firm. Pre-approvals are generally provided for up to one year, are detailed as to the particular service or category of services, and are subject to a specific budget. The Audit & Risk Committee has delegated pre-approval authority to its Chairman when expedited approval of services is necessary. All of the services provided by KPMG in 2013 and 2012 were approved in accordance with our policy.

**THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION
OF THE SELECTION OF KPMG AS OUR INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2014.**

CORPORATE GOVERNANCE

We are committed to maintaining the highest standards of business conduct and corporate governance. We regularly review our governance practices and update them, as appropriate, based upon applicable state law, NYSE rules and listing standards, SEC regulations, and market and best practices. Our corporate governance program includes robust risk management and compliance policies, practices and programs. Our framework for corporate governance is described below.

Majority Vote Standard for Election of Directors

Consistent with our commitment to review and update our governance practices, in 2011 our Board amended our bylaws to provide for majority voting in uncontested elections and plurality voting in any election that is contested. Our Board also updated our Corporate Governance Guidelines to provide that any director who fails to receive a sufficient number of votes for reelection at the annual meeting of stockholders must offer to resign. Our CN&G Committee and the Board have 90 days to act on the tendered offer to resign.

Board Leadership Structure

Our current leadership structure is comprised of a combined Chairman of the Board and Chief Executive Officer ("CEO"), an independent director who serves as our Lead Independent Director and Board committees led by independent directors. Prior to October 2013, Bram Goldsmith served as Chairman of the Board providing strong leadership and guidance from his perspective as one of the earliest clients of the Bank and years of experience as an executive of the Company. In October 2013, after careful consideration, our Board determined to combine the offices of Chairman of the Board and CEO of the Company, as such roles have been combined for the Bank since 1995. Our Board believes that this leadership structure is the most effective for the Company at this time. Combining the Chairman of the Board and CEO roles promotes decisive leadership, fosters clear accountability and enhances the Company's ability to communicate its message and strategy clearly and consistently to our stockholders, employees and clients. In making the decision to combine these offices, the Board also considered our CEO's extensive experience and knowledge regarding the Company and the financial services industry, his 18 years of strong leadership of the Company as CEO and his strong ties to critical business segments of the Company.

In addition to appointing the Chairman of the Board, the Board also appoints a Lead Independent Director as provided in our Corporate Governance Guidelines. The duties of the Lead Independent Director are consistent with strong corporate governance practices and include presiding at executive sessions of the Board, facilitating communication between the Chairman of the Board and the non-employee directors, as appropriate, and performing such other functions as the Board may direct, including, without limitation, advising on Board agendas, Board meeting materials and Board schedules. Kenneth Ziffren has historically served as our Lead Independent Director. Mr. Ziffren is not standing for reelection at the 2014 annual meeting in compliance with the non-employee director retirement policy included in our Corporate Governance Guidelines. Consistent with its regular practice, the Board will appoint a Lead Independent Director at the organizational meeting of the Company which immediately follows the annual meeting of stockholders.

Director Independence

Our Corporate Governance Guidelines provide that a majority of our directors will be independent. We have long maintained a Board with a substantial majority of directors who are not employees of the Company. Currently, independent directors comprise more than two-thirds of our Board and 100% of our Audit & Risk Committee and CN&G Committee. Our Board has adopted independence standards to assist in determining each director's independence which are included as part of our Corporate

Table of Contents

Governance Guidelines. Our independence standards are structured to provide a framework for Board decisions that are free of relationships that may impair, or appear to impair, our Board's ability to make independent collective judgments, and to ensure that all permitted transactions between the Company and a director or his immediate family or their respective primary business affiliations are made on an arm's-length basis and are on market terms. The independence standards include a combination of economic tests and require confirmation that relationships are maintained on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons.

In February 2014, our CN&G Committee, Audit & Risk Committee, and Board reviewed the relationship of the Company with each of our current non-employee directors and determined that each of the following persons is an independent director as defined by the NYSE listing standards and our independence standards: Mohamad Ali, Richard L. Bloch, Kenneth L. Coleman, Ashok Israni, Ronald L. Olson, Bruce Rosenblum, Peter M. Thomas, Robert H. Tuttle and Kenneth Ziffren.

In making its independence determinations, the CN&G Committee, the Audit & Risk Committee, and the Board considered the following ordinary course, non-preferential relationships in 2013 between us and our subsidiaries and our independent directors, director nominees, their immediate family members, and any entity of which the independent director (or their immediate family member) is a principal, executive officer, or greater than 5% equity holder:

The Bank and other subsidiaries had ordinary course banking, financial services, and wealth management relationships with certain members of the Board, some of their respective immediate family members and some of the entities affiliated with such directors and their immediate family members.

The Company or its subsidiaries received legal services in the ordinary course from the law firm of Munger, Tolles & Olson LLP in which Ronald L. Olson, a director of the Company, is a partner. The amounts paid for the legal services are below the thresholds in our independence standards and the NYSE listing standards.

The Bank is party to an ordinary course commercial transaction for data storage services with Switch Communications Group, LLC ("Switch Communications") negotiated on arm's-length, market terms. Switch Communications owns and operates high security data centers. Peter M. Thomas, a director of the Company, owns, either directly or indirectly, approximately a 6% equity interest as a passive investor in Switch Communications without any active oversight or management control. The payments made to Switch Communications for services are based on competitive rates made on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated entities. The amounts paid to Switch Communications are below the thresholds in our independence standards and the NYSE listing standards.

The CN&G Committee, Audit & Risk Committee and the Board have each determined that, based on the information available, none of these relationships was material.

Board Meetings and Committees; Annual Meeting Attendance

Directors are expected to attend our annual meeting of stockholders, regular and special meetings of the Board and meetings of the committees on which they serve. In 2013, there were nine meetings of the Board, and each current director, other than Mr. Tuttle, attended at least 75% of the total number of meetings of the Board and Board committees on which that director then served. In addition, all directors serving on the Board at the time of the 2013 annual meeting of stockholders, other than Mr. Bloch and Mr. Tuttle, attended our 2013 annual meeting of stockholders.

The table below lists the names of our directors who were serving as directors as of December 31, 2013. The table also lists each Board committee on which that person served during 2013 and the number of meetings held by the full Board and each standing committee. As it deems appropriate, our Board may

form new committees or disband committees, other than the Audit & Risk Committee and the CN&G Committee. The chair of each committee determines the frequency and agenda of committee meetings. Members are designated with a "ü".

Board of Directors' Role in Risk Oversight

The Board is actively involved in oversight of risks that could affect the Company. This oversight is conducted primarily through committees of the Board, as disclosed in the charters of each of the committees.

The Audit & Risk Committee monitors the Company's overall risk profile, as established by the Board, including credit, market, liquidity, operational and regulatory risk management activities, and reviews and approves the activities of key management governance committees that regularly evaluate risks and internal controls for the Company. These management committees include the Asset Liability Management Committee, Credit Policy Committee, Senior Operations Risk Committee, Risk Council, Disclosure Committee and Product Review Committee. The Risk Council reviews the development, implementation and maintenance of risk management processes from a Company-wide perspective, and assesses the adequacy and effectiveness of the Company's risk management policies and the Enterprise Risk Management Program. Other management committees, with representatives from the Company's various lines of business and affiliates, address and monitor specific risk types and report periodically to the key management committees. The Senior Risk Management Officer, and the Internal Audit and Credit Risk Review Departments provide the Audit & Risk Committee with independent assessments of the Company's internal controls and related systems and processes. The Senior Risk Management Officer also regularly presents to the Audit & Risk Committee an assessment of "emerging risks" which is a dynamic view of both internal and external risks that the Company faces. The Wealth Management & Fiduciary Committee reviews and assesses all key risk issues related to the wealth management and fiduciary

activities of the Company and reports regularly to the Board on its activities. Together with the Senior Risk Management Officer of the Company, the CN&G Committee engages in a risk assessment of the employee compensation plans of the Company and reports its findings and conclusions to the Board.

Each of these Board committees makes regular reports to the full Board regarding their deliberations and actions. Managers from each of the primary functional lines of business make presentations to the Board throughout the year summarizing key business issues and challenges. The CEO schedules longer "focus" presentations to the Board regarding strategic planning, annual budget, capital plan, compensation, products and technology, among other areas. The Senior Risk Management Officer makes a regular report directly to the Board regarding enterprise risk management of the Company and provides the Board with annual and periodic supervisory examination reports from the Company's primary regulators. The primary regulators of the Bank and the Company also make annual presentations to the Board. Finally, our Chief Financial Officer ("CFO") provides monthly financial reporting packages to the Board.

Corporate Governance Guidelines, Codes of Conduct and Committee Charters

Our Corporate Governance Guidelines establish significant corporate governance policies and practices for our Company. Our codes of conduct are comprised of our Code of Ethics for Senior Financial Officers and our Principles of Business Conduct and Ethics (collectively, "Codes of Conduct") for our directors, officers and colleagues. Each standing committee of our Board operates pursuant to a written charter which states each committee's functions and duties. Each committee's charter is reviewed, revised, as appropriate, and reaffirmed annually. Further information regarding certain of our Board committees is set forth below.

Please visit our website at www.cnb.com/investor-relations/corporate-governance ("Corporate Governance Web Page") to view our Corporate Governance Guidelines, Codes of Conduct and committee charters as well as additional information about our Board, committees and corporate governance. We will post on this website any amendments to the Corporate Governance Guidelines, Codes of Conduct or committee charters, and any waivers of the Codes of Conduct for directors and executive officers. There were no waivers in 2013.

Transactions with Related Persons

We have adopted written policies to implement the requirements of Regulation O of the Federal Reserve Board, which restricts the extension of credit to directors and executive officers and their family members and other related interests. Under these policies, extensions of credit that exceed regulatory thresholds must be approved by our Board.

With respect to other transactions involving the Company in which a director or executive officer or immediate family member may have a direct or indirect material interest, pursuant to its charter, the Audit & Risk Committee has the authority to review and approve insider and affiliated person transactions ("related party transactions"), other than transactions involving director or officer compensation or otherwise related to an employment relationship with the Company, and reports to the Board with respect to related party transactions approved by the Committee. The CN&G Committee, pursuant to its charter, has the authority to review and approve related party transactions involving director or officer compensation or otherwise related to an employment relationship with the Company and reports to the Board with respect to related party transactions approved by the Committee.

Prior to the Company entering into any related party transactions, the Audit & Risk Committee, or the CN&G Committee, as applicable, reviews the terms of the transaction to ensure that they are fair and reasonable, on market terms, were made on an arm's-length basis and comply with the Company's Codes of Conduct. The applicable Board committee then reports to the Board on the related party transaction

approved. The Board has the authority to review any related party transaction directly, in lieu of approval by the applicable committee.

A number of our directors and executive officers, their immediate family members, and certain business organizations associated with them, have been, and expect to continue to be, depositors, borrowers or clients of the Bank. All extensions of credit to these persons have been made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not related to the Bank and did not involve more than the normal risk of collectability or present other unfavorable features. Other transactions were in the ordinary course of business and on non-preferential terms and conditions. The following related party transactions were reviewed and approved in 2013 in accordance with our policies regarding transactions with related persons:

Bram Goldsmith currently serves as the Chairman Emeritus of the Board of the Company and as an untitled officer of the Bank pursuant to an employment agreement approved by our Board on May 15, 2003 for an initial two year term, which was extended for two additional years, and subsequently extended for eight additional one year terms, with the most recent extension to May 14, 2015, as approved by the CN&G Committee. The agreement provides for an annual base salary of \$350,000 and an annual incentive bonus not to exceed \$150,000, with the total amount of base and bonus not to exceed \$500,000. For fiscal year 2013, Bram Goldsmith received base and incentive bonus in the amount of \$500,000. Bram Goldsmith is a participant in the Strategy & Planning Committee Change in Control Severance Plan which provides that following a defined change in control event, cash severance payments are made upon an involuntary or good reason termination.

Peter M. Thomas, a director of the Company, owns, either directly or indirectly, approximately a 6% equity interest as a passive investor in Switch Communications without any active oversight or management control. Mr. Thomas' sibling is a member of the Board of Managers of Switch Communications, but is not involved in day to day operations. Mr. Thomas' family members, together with the family members of another member of the Board, own collectively, either directly or indirectly, an approximately 24% interest in Switch Communications. The Bank is party to an arm's-length, negotiated, ordinary course commercial transaction with Switch Communications to provide data storage services. In 2013, the Bank paid Switch Communications a total of approximately \$891,655. The Bank's transactions with Switch Communications represent less than the greater of \$1 million or 2% of Switch's revenues in 2013.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the 1934 Act requires directors and executive officers of the Company and persons who own more than 10% of the Company's common stock ("10% Owners") to file reports of initial ownership of the Company's common stock and subsequent changes in ownership with the SEC and to provide us with copies of such reports. Based solely on a review of the copies of such reports and written representations furnished to us by reporting persons that no other reports were required to be filed during 2013, the Company's directors, officers and 10% Owners complied with all Section 16(a) filing requirements in a timely manner in 2013, with the exception of the following reports that were not filed timely due to administrative error related to systems and process conversion issues which have been remedied: two Form 4s for each of Michael B. Cahill and Brian Fitzmaurice (related to shares withheld for taxes upon RSU vesting), one Form 4 for each of Christopher Carey and Bram Goldsmith (related to the 2013 bonus deferral into the Executive Deferred Compensation Plan) and one Form 4 for Russell Goldsmith (related to dividend reinvestment into the CNC Stock Fund (defined below)).

Committees of the Board

The Board has two principal committees: The CN&G Committee and the Audit & Risk Committee, the responsibilities of which are described below.

The Compensation, Nominating & Governance Committee

The CN&G Committee is appointed by the Board to assist with director and officer compensation matters, recommend director nominees, and review and recommend appropriate policies and guidelines for governance matters. The CN&G Committee reports regularly to the Board regarding compensation matters. Each member of the CN&G Committee is an independent director as defined by the requirements of the NYSE and our independence standards.

Compensation Matters. The CN&G Committee's responsibilities with respect to compensation matters, as discussed in detail in its charter, include reviewing and approving:

Annually, management's recommendations and criteria for the overall annual compensation to be paid to or accrued for all officers and employees in the aggregate;

Annually, management's recommendations for compensation, including salary, bonus and other perquisites and benefits, of the CEO, other members of the Strategy and Planning Committee, comprised of our Chairman Emeritus of the Board, CEO, CFO and President of the Bank (the "Strategy and Planning Committee") and all other officers earning an annual base salary of \$300,000 or more;

Upon new hire, the terms of employment including compensation, title, reporting relationship, authority, duties and responsibilities, of the CEO, other members of the Strategy and Planning Committee and all other officers earning an annual base salary of \$300,000 or more;

Corporate goals and objectives relevant to CEO compensation, including evaluating the CEO's performance in light of those goals and objectives, and recommending to the Board the CEO's compensation in light of those goals and objectives;

Recommendations to the Board for approval, subject as necessary or appropriate to stockholder approval, regarding stock option plans and other equity based compensation plans that permit payment in or based on the Company's stock in connection with the CN&G Committee's administration of such plans; other compensation plans (and material amendments) in which the directors, the CEO, other members of the Strategy and Planning Committee or any other officer earning an annual base salary of \$300,000 or more participate; and other broadly-based compensation plans (and material amendments) which are available to employees, officers or directors;

Changes to the compensation and benefits provided to the Board, including as members of Board committees and recommending such changes to the Board for approval; and

The Compensation Discussion and Analysis included in the Company's proxy statement.

The CN&G Committee has the sole authority to retain and terminate any compensation consultant directly assisting it in the evaluation of director, CEO or senior executive compensation. The CN&G Committee also has the sole authority to approve fees and other engagement terms. In its absolute discretion, the CN&G Committee may also seek advice and assistance from internal or external legal, accounting or other advisors. The CN&G Committee may also form and delegate authority to subcommittees when appropriate.

Board Diversity. We are committed to creating a culture and workplace that values individuals' similarities and differences. We continually strive to build a diverse base of clients, colleagues and vendors to promote the diversity of our communities in the markets we serve. This commitment to diversity plays

Table of Contents

an important role in achieving our objective to become the most recommended financial provider. Similarly, we value diversity among our Board members. As provided in our Corporate Governance Guidelines, when reviewing the qualifications of director nominees, the CN&G Committee considers, among other factors, whether the nominee will assist in achieving a mix of Board members that represents a diversity of skills, background, viewpoints, experiences, industry knowledge and community contacts, including with respect to age, gender, demographics, race and specialized experience. The CN&G Committee conducts searches to identify candidates reflecting diversity, including with regard to race, gender and specialized experience. The CN&G Committee assesses the effectiveness of this approach to diversity as part of its annual review of its charter and the Corporate Governance Guidelines.

Nomination and Director Qualifications. Our CN&G Committee is responsible for recommending to our Board candidates for nomination. In carrying out its responsibility to recommend and identify nominees for election to the Board, the CN&G Committee is authorized to retain search firms, as well as obtain advice and assistance from internal or external legal, accounting or other advisors. Nominations for the election of directors may be made by a stockholder of record entitled to vote for the election of directors by complying with the procedures set forth in the Company's bylaws for nominations of persons for election to the Board. The Company did not receive any stockholder nominations for the 2014 annual meeting. The CN&G Committee will consider recommendations for director candidates submitted by stockholders in the same manner as it considers other candidates. A stockholder may recommend a director candidate by submitting the candidate's name and qualifications to us in care of our Secretary at the address for our principal executive office listed on the first page of this proxy statement in accordance with the time limitations, procedures and requirements described below under *Stockholder Proposals*.

The CN&G Committee identifies, screens and recommends to the Board candidates for membership on the Board, including nominees proposed by stockholders, if any, on the basis of candidate guidelines established by the CN&G Committee and approved by the Board as well as those qualifications for directors set forth in the Corporate Governance Guidelines. These criteria and factors include whether the candidate (i) has demonstrated notable or significant achievements in business, education, or public service; (ii) has the requisite intelligence, education and experience to make a significant contribution to the membership of the Board; (iii) will serve as a significant and active resource for referrals and business development for the Company; (iv) will assist in achieving a mix of Board members that represents a diversity of skills, background, viewpoints, experiences, industry knowledge and community contacts, including with respect to age, gender, demographics, race and specialized experience; and (v) has the highest ethical standards, a strong sense of professionalism and dedication to serving the interests of all the stockholders and will be available to the Board in the fulfillment of director duties. In addition to the particular experiences, qualifications, attributes and skills discussed with respect to each director nominee in *Proposal 1 Election of Directors*, the CN&G Committee determined that all of the members of the Board satisfied or met the foregoing criteria and factors.

The director candidates and the foregoing criteria, including diversity, are considered by the CN&G Committee in light of the contribution and responsibility that the Board has to provide guidance and oversight to management, including reviewing the Company's business strategies and financial performance, providing advice and insight into general and local economic and business conditions that may affect the Company's business, reviewing key risks in the Company's business, reviewing and approving major transactions, ensuring processes are in place for promoting integrity in the conduct of management and other colleagues, and ensuring processes are in place for mandating integrity and transparency in financial reporting.

In January 2014, the CN&G Committee recommended the director nominees standing for election at the 2014 annual meeting of stockholders. Mohamad Ali was appointed to the Board after the 2013 annual meeting of stockholders, effective September 1, 2013. Mr. Ali was identified as a potential member of the Board by an outside search firm. The CN&G Committee considered Mr. Ali as described above and recommended him for appointment to the Board.

Table of Contents

The CN&G Committee facilitates the annual assessment of the Board's performance and each of its standing committees. The CN&G Committee also reviews the adequacy of the Corporate Governance Guidelines and the Codes of Conduct and recommends and proposes changes to the Board for approval.

Compensation Committee Interlocks and Insider Participation. During 2013, none of the members of the CN&G Committee was an officer or employee or former officer of the Company or any of its subsidiaries. During 2013, none of our executive officers or employee-directors served as a director of an entity in which a member of the CN&G Committee or any other independent director of the Company is an executive officer. None of the members of the CN&G Committee had any relationship required to be disclosed under Item 404 of Regulation S-K promulgated by the SEC.

The Audit & Risk Committee

Each member of the Audit & Risk Committee is an independent director as defined by the requirements of the NYSE and our independence standards, and is "financially literate" within the meaning of the NYSE listing standards as determined by the Board in its business judgment. Under the Corporate Governance Guidelines, Committee members are expected to not serve simultaneously on the audit committees of more than two other public companies, unless the Board determines that such service is (i) not otherwise prohibited and (ii) will not impair the effectiveness and ability to serve effectively on the Audit & Risk Committee. The Committee also functions as the Audit & Risk Committee of the Bank and the Trust Audit Committee with audit oversight responsibility for audit, risk and compliance related wealth management and fiduciary activities of the Company.

The following "Audit & Risk Committee Report" shall not be deemed "soliciting material" or incorporated by reference by any general statement incorporating this proxy statement into any filing under the Securities Act of 1933, as amended, or under the 1934 Act except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

Audit & Risk Committee Report

The charter of the Audit & Risk Committee ("the Committee") states that the Committee's purpose is to assist the Board in fulfilling its oversight responsibilities regarding monitoring and oversight of:

The Company's compliance with legal and regulatory requirements;

In carrying out these responsibilities, the Committee, among other things:

During 2013, the Audit & Risk Committee conducted meetings in a manner designed to facilitate effective and complete communication among the Committee members, management, internal auditors, enterprise risk management and compliance officers and the Company's independent registered public accounting firm, KPMG. Among the matters discussed with the Company's internal audit, enterprise risk management and compliance officers, as well as KPMG, was the overall scope and plans for their respective audits and controls assessments. During 2013, the Committee met in executive session with the internal auditors, the Senior Risk Management Officer, the general counsel, and KPMG, to discuss the result of their reports and related observations and recommendations.

In performing its function, during the year ended December 31, 2013, the Committee has:

Stockholder Proposals

To be considered for inclusion in the Company's proxy statement for the 2015 Annual Meeting of Stockholders, a stockholder proposal must be received in writing by the Company's Secretary at its principal executive offices on or before November 19, 2014 and must satisfy the other requirements of Rule 14a-8 under the 1934 Act.

The Company's bylaws establish advance notice procedures as to (i) business to be brought before an annual meeting of stockholders other than by or at the direction of the Company's Board, and (ii) the nomination, other than by or at the direction of the Company's Board, of candidates for election as directors. Under the Company's bylaws, nominations for director or other business proposals to be addressed at our next annual meeting may be made by a stockholder entitled to vote who has delivered a notice to the Secretary of the Company no later than the close of business on January 23, 2015 and not earlier than the close of business on December 24, 2014. The notice must contain the information and follow the procedures required by the bylaws. Copies of our bylaws may be obtained by written request addressed to the Secretary at the Company's principal executive offices. These advance notice provisions are in addition to, and separate from, the requirements that a stockholder must meet in order to have a proposal included in the proxy statement under the rules of the SEC. A proxy granted by a stockholder will give discretionary authority to the proxies to vote on any matters introduced pursuant to the above advance notice bylaw provisions, subject to applicable rules of the SEC.

Table of Contents**DIRECTOR COMPENSATION**

For director compensation, we use a combination of cash fees and compensation tied to our common stock to attract and retain qualified candidates to serve on our Board. In setting director compensation, we consider the amount of time that directors expend in fulfilling their duties as well as the skill required for members of our Board. The following table summarizes annual compensation for non-employee directors:

Type of Fees	Amount
Board of Director Meetings	\$ 2,500
Committee Meetings	\$ 2,000
Board Annual Retainer(1)	\$ 25,000
Annual Retainer for Chair of Board Committees(2)	
Audit & Risk Committee	\$ 15,000
CN&G Committee	\$ 10,000
Community Reinvestment Act Committee	\$ 7,000
Special Matters Committee	\$ 7,000
Wealth Management & Fiduciary Committee	\$ 7,000
Annual Award(3)	\$ 35,000

- (1) The Board Annual Retainer is paid on the date of the annual stockholders meeting. Non-employee directors may elect to defer all or part of the Board Annual Retainer to the Director Deferred Compensation Plan ("Director DCP") and allocate the retainer to one or more investment options including the CNC Stock Fund.
- (2) The retainers are paid bi-annually in January and July.
- (3) The Annual Award is paid on the date of the annual stockholders meeting and deferred into the CNC Stock Fund in furtherance of the director stock ownership requirement.

Director Stock Ownership Requirement. Within three years after joining our Board, non-employee directors are required to own at least \$100,000 worth of our common stock. As of February 3, 2014, each current non-employee director exceeds this ownership requirement, other than Mr. Ali who joined the Board on September 1, 2013. Ownership may be achieved in several ways, including directly owned stock, stock fund units in the CNC Stock Fund, and, due to the nominal \$1.00 exercise price, 100% of any in-the-money exercisable director stock options. The higher of the actual spot date price or the one year simple moving average price for the Company's stock may be used in determining compliance with these ownership requirements. See *Security Ownership of Certain Beneficial Owners and Management* below for further detail.

CNC Stock Fund and Deferred Compensation Program. The Director DCP allows non-employee directors to elect each year to defer up to 100% of the Annual Award, Board Annual Retainer, committee chair retainers and meeting fees, instead of receiving these amounts as cash payments taxable in the year of receipt. Under the Director DCP, directors may designate select investment options in which the deferred director payments are deemed to be invested. The investment options include the CNC Stock Fund and non-publicly traded mutual funds, which are only available through variable insurance products. The "CNC Stock Fund" is measured in shares of the Company's common stock ("Stock Fund Units"). The value of the Stock Fund Units is based on the market price of the Company's common stock together with dividend equivalents on that stock. The entire amount of each Annual Award, and any percentage amount or dollar amount of the Board Annual Retainer designated by the director, is allocated to the CNC Stock Fund. No meeting fees or committee chair retainers may be deferred by the directors to the CNC Stock Fund. Directors have no ownership interest in the investment options they select; and the options are used to measure gains or losses. Share equivalents allocated to the CNC Stock Fund have no voting rights. Investment results are credited to the directors' accounts daily, net of all investment option related expenses. There is no guaranteed investment return on any deferred payment amounts. Amounts in a director's deferral account represent unsecured claims against our assets. Other than the CNC Stock Fund, directors may change investment allocation elections as often as daily. Directors may not subsequently

change their investment elections (or diversify out of the CNC Stock Fund) for amounts invested in the CNC Stock Fund. All deferred amounts together with any credited investment returns are paid out to participating directors in accordance with their advance written election either in a lump sum or in installments commencing upon termination of service, except that years 2007 and earlier may be paid during the director's service on the Board if so elected in advance. Directors are not permitted to receive distributions during the director's service for any plan year in which any deferral has been allocated to the CNC Stock Fund. Distributions from the CNC Stock Fund will be in shares of the Company's common stock following the director's termination of service. This unfunded, non-qualified plan structure is required in order to preserve the beneficial tax deferral treatment for participating directors.

The table below summarizes the compensation we paid to non-employee directors for the fiscal year ended December 31, 2013.

Fees include the 2013 Annual Award, which was deferred by each non-employee director to the Director DCP and allocated to the CNC Stock Fund. Each director was allocated 640 Stock Fund Units. Mr. Thomas elected to defer the entire 2013 Board Annual Retainer to the Director DCP and elected to allocate the entire amount to the CNC Stock Fund. Mr. Thomas was allocated 457 Stock Fund Units in connection with the deferral of the 2013 Board Annual Retainer.

PROPOSAL 3: ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Act enables our stockholders to approve, on an advisory (non-binding) basis, the compensation of our named executive officers ("NEOs") as disclosed in this proxy statement in accordance with the SEC's rules.

One of the keys to our Company's success is the continuing execution of our proven business strategy and consistent alignment with our core values. As described in the *Compensation Discussion and Analysis* below, our compensation program is designed to attract, retain, and motivate our NEOs who are essential to executing our business strategy and delivering the financial solutions and quality services that are critical to serving our client's needs, attaining our goals and increasing stockholder value. We believe that our compensation programs directly link compensation to Company performance and align the interests of our NEOs with those of our stockholders.

The following *Compensation Discussion and Analysis* and related compensation tables describe our compensation philosophy in greater detail and the compensation actions taken in 2013 with respect to our NEOs.

We are asking our stockholders to indicate their support for our NEO compensation as described in this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the policies and practices described in this proxy statement. This vote is advisory, which means that the vote is not binding on the Company, our CN&G Committee or our Board. However, our Board and CN&G Committee value the opinions expressed by stockholders in their vote on this proposal and will evaluate the outcome of the vote in making future compensation decisions for NEOs. The Board has determined to hold an advisory vote on executive compensation (the "Advisory Vote") every year until our stockholders vote again on the frequency of the Advisory Vote. Accordingly, the next Advisory Vote will be held at our 2015 annual meeting of stockholders.

We are asking our stockholders to vote "**FOR**" the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2014 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure."

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "*FOR*" THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

Executive Summary

Very Strong Fiscal 2013 Performance

The Company delivered very strong financial performance in 2013 despite a slow economic recovery that continues to present significant challenges to our clients and our industry. In the fourth quarter of 2013, the Company reported its 83rd consecutive profitable quarter and achieved Company record levels of assets, loans, deposits, and investment assets under management. City National's performance reflects the strength of its executive and leadership team and its 3,566 colleagues. They have driven growth through, among other things, increasingly broad product and service offerings, an expanding geographic base, strategic acquisitions and exceptional financial solutions and client service. The Company's strong results for 2013 include the following highlights:

The Company generated total stockholder return (stock price appreciation and dividends) ("TSR") of 62% for the one-year period ended December 31, 2013. Compared to the peer companies used by the Company in computing TSR for the CEO's TSR-based long-term incentive cash award (these peers are referred to as the "TSR Peers" and are discussed further below), the Company's one-year TSR ranked in the 88th percentile. This growth in share price resulted in the Company's market capitalization exceeding \$4 billion for the first time in 2013.

Consolidated net income attributable to City National Corporation increased 11% to \$230.0 million from \$208.0 million in 2012. Earnings per share were \$3.99, compared with \$3.83 per share in 2012.

Fully taxable-equivalent net interest income for 2013 was \$845.9 million.

Period-end deposit balances grew to a new Company record of \$25.7 billion at December 31, 2013. Average deposits increased 11% from 2012, reaching \$24.0 billion, and average core deposits increased by 12%. Core deposits accounted for 97% of deposit balances at year end.

Period-end loan balances grew to a new Company record of \$17.2 billion at December 31, 2013. Average loans, excluding loans covered by FDIC loss-sharing agreements, increased to \$15.8 billion for 2013, up 19% from 2012, with average commercial loans and commercial real estate mortgage loans increasing 25% year over year.

Total assets grew to a new Company record of \$29.7 billion as of December 31, 2013.

Assets under management or administration grew to a new Company record of \$64.7 billion as of December 31, 2013, up 13% from December 31, 2012.

Credit quality (excluding loans and other real estate owned, covered by FDIC loss-sharing agreements) continued to improve. Net recoveries for 2013 were \$33.8 million, compared to net recoveries of \$7.1 million in 2012. Nonperforming assets decreased to \$81.3 million at December 31, 2013 from \$120.8 million at December 31, 2012. In light of strong credit quality and significant recoveries, the Company did not record any provision for credit losses in 2013, nor did it release any

of its loan-loss reserves.

The Company's strong results for 2013 are paralleled by the Company's excellent results over a longer time frame. Over the three years through 2013, when compared to its TSR Peers, the Company's total assets growth ranked in the top quartile (75th percentile or above) and GAAP net income growth, TSR, return on equity, ratio of nonperforming assets to total assets and net interest margin have ranked in the second highest quartile (50th to 74th percentile).

2013 Performance Compensation Program

We consistently strive to maintain compensation programs that reflect strong governance practices and consistency with our pay for performance philosophy. We set challenging targets under our incentive programs, including our net income target for the CEO's annual bonus plan and the net operating income target that is used to set incentives for the other NEOs. Because our targets are intended to be challenging, our strong performance in 2013 resulted in payments well below the maximum achievable. Our CEO received a bonus equal to 100% of target and our NEOs received bonuses that in the aggregate amounted to 120% of target.

With respect to long-term incentives, the CN&G Committee made no changes in 2013 from the significant redesign of the CEO's long-term incentive program that was put in place in 2012 when the CN&G Committee and the CEO agreed to changes in the long-term incentive program originally established by the CEO's 2010 employment agreement. The 2012 changes, which are described below, were intended to increase the tie between our CEO's compensation and the Company's long-term performance. The changes were intended to apply for the remainder of the CEO's employment agreement, which expires July 15, 2014. Any changes to the CEO's long-term incentive arrangements will be addressed as part of the process of negotiations for a new contract for the CEO, which negotiations the CN&G Committee and our CEO intend to conclude prior to the expiration of the current contract.

Similarly, there were no changes in the long-term incentives for NEOs other than the CEO, which were a mix of approximately 50% stock options, 25% restricted stock, and 25% cash-settled restricted stock units ("cash-settled RSUs") in 2013.

Strong Compensation and Corporate Governance Practices

The following are highlights of our strong compensation practices and corporate governance framework, which reinforces our pay for performance culture:

A Majority of Our CEO's Compensation is Performance Based and Tied to Multiple Performance Metrics. A majority of our CEO's compensation is performance based. Our CEO's compensation is tied to multiple performance metrics to ensure that compensation is measured in relation to different aspects of Company performance, including growth, delivery of stockholder value and performance against peers. This also ensures that our CEO is motivated by overall Company performance rather than a single metric.

No Excessive Perquisites. Our NEOs do not receive excessive perquisites and it is our policy to limit perquisites.

No Pension or Supplemental Retirement Plan. We do not provide our NEOs with pension or supplemental retirement plan benefits.

Prohibition of Pledging. Consistent with evolving market practices, in February 2013, we adopted a policy prohibiting pledging of Company stock by our employees and directors. In order to provide for an orderly transition, the policy requires the termination of any existing pledge positions as soon as practicable but no later than January 1, 2015, less than two years from implementation of this policy. There is one existing pledge position, which was in place at the time of the policy's adoption.

Prohibition of Hedging. Our policies on trading prohibit hedging and other speculative trading in Company stock.

Stock Ownership Requirements. Our NEOs are required to hold a multiple of their salary in Company stock pursuant to our stock ownership requirements, further aligning their interests with our stockholders' interests. See *Stock Ownership Requirements* below for more information.

Table of Contents

No Repricing or Discounted Stock Options. The Company's 2008 Omnibus Plan ("2008 Plan") prohibits the repricing of any outstanding stock options or the use of discounted stock options.

Clawback. Pursuant to his employment agreement, our CEO's incentives are subject to forfeiture and recoupment if based on materially inaccurate financial statements or any other materially inaccurate performance metric criteria.

Double Trigger and No Tax Gross-up. Our CEO's employment agreement requires a termination of employment in addition to a change in control before change in control benefits are triggered, and there is no golden parachute excise tax gross-up.

Compensation Plan Risk Assessment. The CN&G Committee retains and consults with an independent compensation consultant to collaborate with our senior risk officers to conduct an annual risk-based review of all of the Company's employee incentive plans.

Table of Contents

Target Compensation Mix

Consistent with our pay for performance philosophy, our CEO's target compensation mix is designed to be heavily weighted towards performance based compensation. As depicted in the chart below, 83% of our CEO's target compensation is provided in the form of performance based variable compensation, the value of which is tied to the Company's performance. Variable compensation consists of four components, which will be further described below: bonus; cash-settled RSU awards; an earnings-per-share based long-term incentive cash award ("EPS-Based LTI Cash Award"); and a TSR-based long-term incentive cash award ("TSR-Based LTI Cash Award").

CEO Target Compensation Mix

The target compensation of our other NEOs is also weighted towards performance based/variable compensation. On average, 68% of their compensation is performance based/variable compensation, including 17% of the target compensation that is tied to time-vested restricted stock and cash-settled RSUs, the value of which moves up and down with our stock price.

Average Other NEOs Target Compensation Mix

Table of Contents

CEO Compensation and Performance Alignment

Our CEO's annual incentive award under the Variable Bonus Plan ("Variable Bonus Plan") is based on a net income performance goal. As such, in years where net income performance is substantially below our internal goals, our CEO receives little or no annual incentive payout. Notably, as reflected in the graph below, our CEO received \$0 actual bonus for performance years 2008 and 2009 despite the Company maintaining positive net income in both years during the worst financial crisis in the United States in the last 70 years.

The net income goal under the Variable Bonus Plan is intended to be challenging. In fiscal 2013, the net income target was set 17% higher than in 2012. Accordingly, even though 2013 was a year of exceptional financial results, this challenging target resulted in the 2013 Variable Bonus Plan payout decreasing 17% year-over-year from 2012 to 2013. Additionally, our CEO's actual bonus as a percentage of target decreased by 20%. In fact, our CEO's bonus payment as a percentage of target has decreased by nearly 40% since 2011, despite the fact that our net income has risen by 28% over this time-frame to record levels for the Company.

As a result of the aggressive net income goal set by the CN&G Committee for fiscal year 2013, our CEO's annual bonus decreased by approximately \$350,000 relative to the year prior.

Response to 2013 Advisory Vote on Executive Compensation

The Company's 2013 annual meeting of stockholders included a non-binding advisory vote on executive compensation. Approximately 79.5% of the votes cast at the 2013 annual meeting were in favor of the compensation earned by our NEOs. Consistent with the Company's long standing active and open dialogue with its institutional investors, following the filing of our 2013 proxy statement, the Company and its representatives contacted many of our largest institutional stockholders, representing approximately 57% of our outstanding shares (representing the top 30 stockholders), to discuss the Company's proposal to increase the number of shares available for issuance under the 2008 Plan, the compensation programs in place for our NEOs and the significant changes made to the structure of our CEO's compensation in 2012, which are further described below. For those stockholders who indicated that they rely on an internal analysis to determine their vote rather than vote recommendations from third-party consultants, we received a range of responses but generally the direct feedback we did receive regarding our executive compensation practices, including the changes in CEO compensation made in 2012, was positive and supportive. Based on the generally favorable responses from our stockholders and the support reflected by the votes ultimately cast at the 2013 annual meeting, the CN&G Committee determined to continue our NEO compensation program in its current form. In addition to supporting our NEO compensation in 2013, our stockholders approved our proposal to increase the number of shares available for issuance under the 2008 Plan and approved the material terms of the 2008 Plan.

Our Compensation Philosophy

Our executive compensation programs are vital to achieving our objective to become the most recommended financial provider and to build sustainable long-term growth in stockholder value. We design our compensation programs based on a pay for performance philosophy to reward our NEOs both for recent performance and to motivate them to achieve strong future performance for the Company and long-term value for our stockholders. As a result, our compensation program for our NEOs is guided by the following principles:

Challenge and motivate our executives, their teams and the entire organization to achieve results that support our business and financial strategies.

Design our compensation plans and programs to encourage sustained and consistent performance while incorporating checks, balances and controls to promote a culture of risk management consistent with our value proposition, and to discourage executives from taking unnecessary and excessive risks that threaten the value of our Company.

Align our NEOs' interests with the interests of our stockholders by including equity and other long-term awards in our compensation package together with stock ownership requirements to motivate our NEOs to create long-term stockholder value.

Attract, motivate, retain, and reward our executives by providing a competitive total compensation opportunity.

Role of our Compensation Committee

Our CN&G Committee is comprised of independent directors and is responsible for reviewing and approving our director and executive compensation plans, policies and programs, including compensation awarded to our CEO and other NEOs. Recommendations regarding the compensation of our NEOs, other than our CEO, are presented by management to the CN&G Committee. The compensation of our President of the Bank and CFO is reviewed by our CEO before presentation to the CN&G Committee. The compensation of our other NEOs and executives is reviewed by our Strategy and Planning Committee, comprised of our Chairman Emeritus of the Board, CEO, CFO and President of the Bank, prior to submission to the CN&G Committee. Our CEO's compensation is determined under the terms of his employment agreement based on achievement of previously established performance goals. The CN&G Committee makes the final decision as to compensation of each of our NEOs and other executives. Each material action of the CN&G Committee is reported to the full Board at its regular meetings. See *Corporate Governance* above regarding the responsibilities of the CN&G Committee under its charter.

Role of Compensation Consultants.

In 2013, the CN&G Committee retained the services of Frederic W. Cook, LLP ("F.W. Cook") as its independent consultant to provide advice and recommendations on senior executive compensation, including an analysis of peer companies used by the Company in computing TSR for our CEO's TSR-Based LTI Cash Award. F.W. Cook generally assists the CN&G Committee with its review of management's recommendations regarding senior executive compensation, including by providing an independent assessment of the recommendation and the underlying data. The CN&G Committee also retained the services of F.W. Cook to work with the Company's senior risk officers to conduct a comprehensive risk review of the Company's incentive compensation plans. See below under *Risk Management*.

Our management team retains separate compensation consultants. In 2013, we utilized the services of Semler Brossy Consulting Group ("Semler Brossy") and Towers Watson. We retained Semler Brossy to analyze and provide recommendations with regard to the peer companies used by the Company in computing TSR for our CEO's TSR-Based LTI Cash Award. We utilized Towers Watson to provide surveys of competitive pay practices. Towers Watson also prepared specific change in control calculations for disclosure in the Company's annual proxy statement.

The CN&G Committee evaluated the independence of each of these compensation consultants in accordance with SEC rules, and determined that their work did not create any conflicts of interest.

Role of Internal Comparison and Use of Market Comparison Data

We seek to establish compensation levels that are consistent with the external competitive market and also reflective of the internal value of each position based on our strategies and business goals. Our compensation programs achieve a balance between fixed and variable pay and result in our executives having more pay at risk than non-executive colleagues. As a part of our decision-making process for executive compensation, we internally compare executives' respective roles and their performance. We look at the relative level of complexity and significant differences among the executives' job positions, the position of each job in the Company's hierarchy, the internal reporting relationship of each job position and the added value of each job to the Company and then calibrate the total compensation for each executive appropriately.

We annually assess the compensation level for executive positions by analyzing market data that is reflective of our talent market. We obtain this data both from published surveys and, as needed, customized surveys, generally analyzing data from companies between one-half to two times our asset size across the banking and financial services sectors. We use this data to evaluate the market position of our executive compensation levels and to recommend changes to executive salaries. We generally evaluate the compensation of our NEOs, other than our CEO, to confirm that we are within a competitive range of the 50th percentile of surveyed companies. However, an individual NEO's pay may differ from this overall competitive positioning strategy due to an individual's performance, experience level, scope of responsibility, unique skills and talents, and the competitive market for the officer's position. Each NEO's current and prior compensation is considered in setting future compensation. The process for setting our CEO's compensation differs as our CEO's compensation terms are set forth in an employment agreement entered into in 2010. At that time, in setting CEO compensation, our CN&G Committee considered several factors, including, but not limited to, comparable market data, the proven track record and experience level of our CEO, and the exceptional leadership qualities and highly specialized skills and competencies of our CEO that would not only be favorable but critical to the success of the Company. As further described below, our CEO's employment agreement was subsequently amended in 2012 to reflect evolving governance and market practices and to further strengthen the pay for performance linkage consistent with our compensation philosophy.

Table of Contents**2013 Compensation Elements**

The Company's executive compensation program provides a mix of direct cash and equity compensation and participation in Company-sponsored benefit plans generally available to other colleagues. As described below, the elements of direct compensation include base salary, an annual cash incentive award, and long-term incentive compensation awards. Pursuant to his amended employment agreement, the long-term incentive compensation awards made in 2013 to our CEO are a mix of approximately 37.5% EPS-Based LTI Cash Awards and 37.5% cash-settled RSUs, and 25% TSR-Based LTI Cash Awards. The long-term incentive compensation grants made in 2013 to our NEOs (other than our CEO) are a mix of approximately 50% options, 25% restricted stock, and 25% cash-settled RSUs.

2013 Compensation Actions for NEOs***CEO Compensation***

Our CEO's compensation was initially set forth in an employment agreement entered into in 2010 that expires July 15, 2014. In March 2012, our CN&G Committee, with the input of independent compensation consultants, engaged in negotiations with our CEO, resulting in a mutually agreed upon amendment to our CEO's employment agreement to make significant changes to the structure of the long-term compensation component of our CEO's compensation. These changes were intended to apply for the remainder of the term of our CEO's employment agreement. As a result of these changes, our CEO's average target compensation over the remainder of the term of his employment agreement is lower than provided under the original agreement. The compensation awarded to our CEO in 2013 reflects these mutually agreed upon changes and is described below.

As described further below, the changes to the structure of our CEO's long-term incentive compensation included a significant shift from equity to cash compensation which positively impacted share utilization and dilution to our stockholders, and the use of differentiated, objective measures of Company performance for different elements of compensation to emphasize overall Company performance.

In addition, as part of the 2012 modifications, our CEO's supplemental retirement plan benefit ("SERP") was terminated and, in exchange, the CEO received deferred stock units in an amount equal to the actuarial value of the SERP at the time of termination. This modification further linked the CEO's long-term compensation to the success of the Company.

2013 Annual Base Salary

Our CEO's base salary is fixed at \$980,000 for the term of his employment agreement.

2013 Performance-Based Annual Cash Incentive Compensation

Our CEO's annual cash incentive award ("Annual Incentive Award") for 2013 performance was awarded pursuant to the Variable Bonus Plan and his employment agreement. The Variable Bonus Plan is designed to permit the tax deductibility of annual incentive awards for our

Edgar Filing: CITY NATIONAL CORP - Form DEF 14A

CEO and the next three most highly compensated executive officers (other than our CFO) as of the end of the year. In 2013, the CN&G Committee approved net income as the financial criteria under the Variable Bonus Plan for our CEO, and set the performance goal at \$220 million with a target cash incentive award of \$1,715,000 (175% of base salary). The net income goal was developed from the Company's budgeting process and reflected the

Table of Contents

Company's financial and other business goals approved by the Board. The payout range for the Annual Incentive Award is expressed as a percentage of base salary based on the percentage of achievement of the performance goal, as follows:

Net Income Goal Achievement	Bonus Percentage of Target	Bonus Percentage of Base Salary
<70%	0%	0%
70%	15%	26%
100%	100%	175%
154%	200%	350%

In 2013, 100% of the net income goal was achieved by the Company. In accordance with his employment agreement and the Variable Bonus Plan, the CN&G Committee approved the payment to our CEO of an incentive bonus of \$1,715,000. This award reflects payment of 100% of the target award and 175% of base salary. This award reflects the solid growth in our Company's 2013 net income under the leadership of our CEO and illustrates our organization's commitment to its stated objective to pay for performance.

2013 Long-Term Incentive Compensation

The structure of the CEO's long-term incentive compensation was changed in three major respects as part of the 2012 negotiations:

Replacement of Annual Incentive RSU Award with Annual Incentive Cash-Settled RSU Award. Previously the CEO received an annual incentive RSU award, which had a target award value of \$1,320,000. This was replaced by an annual incentive cash-settled RSU award to our CEO, which has a target award value of \$1,125,000, representing an approximately 15% reduction in the target award value.

Replacement of Annual Incentive Stock Option Award with EPS-Based LTI Cash Award. Previously the CEO received an annual incentive stock option award, which had a target award value of \$1,320,000. This was replaced by an EPS-Based LTI Cash Award, which has a target award value of \$1,125,000, representing an approximately 15% reduction in the target award value.

Replacement of Annual TSR-Based Performance Stock Option Award with TSR-Based LTI Cash Award. Previously the CEO received an annual TSR-based performance stock option award, which had a target award value of \$900,000. This was replaced by an annual TSR-Based LTI Cash Award, which has a target award value of \$750,000, which is approximately 17% less than the prior potential award values for equivalent relative TSR performance.

Annual Incentive Cash-Settled RSU Award. The size of the cash-settled RSU award granted to the CEO in 2013 was based on the level of achievement of the performance goal established for our CEO's 2012 Annual Incentive Award. Specifically, the CN&G Committee established 2012 net income of \$188 million as the performance goal applicable to our CEO's Annual Incentive Award for 2012

Table of Contents

performance. While the target level of the 2013 cash-settled RSU award value was \$1,125,000, the amount actually awarded was based on the degree to which the Company achieved the 2012 net income goal:

Net Income Goal Achievement	Grant of 2013 Target Annual Cash-Settled RSU Award
60% or more	100%
50% to below 60%	75%
40% to below 50%	50%
Less than 40%	0%

In 2013, the Company granted 100% of the target annual incentive cash-settled RSU award to our CEO due to the achievement of 111% of the 2012 net income goal. This award vests equally over four years beginning on the second anniversary of the grant date. Vesting for the cash-settled RSU award may be accelerated under certain circumstances, including death, disability, termination without cause or for good reason, the CEO's termination after expiration of his employment agreement currently in effect, or a change in control. These circumstances are further described below under *Potential Payments Upon Termination or Change in Control*.

2013 EPS-Based LTI Cash Award. Our CEO is eligible for an annual long-term incentive cash award based on diluted earnings per share ("EPS") for the 2013-2015 performance period. The CN&G Committee considers an EPS-based award an important complement to the annual bonus, which is based on net income. While the annual bonus rewards net income growth, an EPS-based award is intended to ensure that such growth is not achieved at the expense of stockholder value.

The target EPS-Based LTI Cash Award is \$1,125,000. Actual payment, if any, will be determined by comparing the Company's cumulative actual EPS for the performance period to the sum of the three separate annual target EPS performance goals set by the CN&G Committee at approximately the start of each year. The EPS target set by the CN&G Committee each year is developed from the Company's budgeting process and reflects rigorous performance goals approved by the CN&G Committee and the Board, taking into account historical performance, current and expected economic conditions, and the Company's operating and investment plans. The CN&G Committee believes these additional performance conditions strengthen the linkage between compensation earned and the value delivered to our stockholders. In addition, this award reduces share utilization and dilution to our stockholders by settling the award in cash instead of stock.

The following table shows the percentage of the target EPS-Based LTI Cash Award payable based on percentage achievement of the performance goal. The target award value is payable at achievement of 100% or more of cumulative target EPS for 2013-2015, scaling down to 60% if 75% of cumulative target EPS is achieved. If less than 75% of the EPS goal is achieved, then no amount is paid.

EPS Goal Achievement	EPS Percentage of Target Award Payable
100% or more	100%
75%	60%
Less than 75%	0%

The EPS-Based LTI Cash Award has also been structured to give the CEO an opportunity to earn an additional award, but only if long-term EPS performance is significantly above target. Above target payout requires, however, above target performance for a longer time period than three years either four or five years.

Table of Contents

Specifically, an additional award is payable if cumulative actual EPS is at least 105% of cumulative target EPS for the performance period. At 105% achievement, the additional award is an additional 33.33% of the target award (\$375,000), scaling up to 50% of the target award (\$562,500) if actual cumulative EPS is 107.5% or more of the cumulative target award. It should be emphasized that the additional award requires achievement significantly in excess of target no additional award is payable unless target is exceeded by at least 5%.

The additional award can be entirely earned for the 2013-2016 performance period if 107.5% of the target is met. To the extent the entire award is not earned for the 2013-2016 performance period, the unearned amount can still be earned if cumulative performance for the 2013-2017 performance period is high enough. For example, if cumulative EPS is 105% of target for 2013-2016, this would result in an additional award of \$375,000. While the remaining \$187,500 can be earned if 2013-2017 cumulative EPS is 107.5%, it should be noted that the 2013-2017 earnout is based on *cumulative* performance, so it will require superior performance in 2017 to achieve the maximum award. By way of example (the following numbers are illustrative only and do not represent projections with respect to future EPS), if the EPS target for each of the years from 2013-2016 were \$4, the 105% threshold would require cumulative EPS to be \$16.80 (105% of \$16). By way of illustration, suppose that cumulative EPS were \$16.80 for 2013-2016. In that case, if the EPS target for 2017 were again \$4, the 107.5% achievement level would only be met for 2013-2017 if actual EPS for 2017 were \$4.70 (117.5% of target) because the actual EPS in 2017 would have to be very significantly above 107.5% to make up for prior years. In effect, the payout curve in 2017 is significantly steeper than the payout curve for 2013-2016 because of the need to perform *better* than the 2013-2016 average to get any additional payout.

In general, the payment of amounts earned, if any, under the EPS-Based LTI Cash Award for a performance period is contingent on employment through the end of the applicable performance period. Vesting for the EPS-Based LTI Cash Award may be accelerated under certain circumstances, including death, disability, termination without cause or for good reason, the CEO's termination after the expiration of his employment agreement currently in effect, or a change in control. Other than in the case of a change in control, accelerated vesting does not modify the performance requirements previously described. These circumstances are further described below under *Potential Payments Upon Termination or Change in Control*.

In 2013, the Company's diluted EPS was \$3.99, which was slightly below the 2013 target EPS goal of \$4.01 set by the CN&G Committee in February 2013.

The Company's diluted EPS for 2012 was \$3.83, which was 109% of the target EPS goal of \$3.51. The two-year EPS average for the 2012 EPS-Based LTI Cash Award is 104%, which is above target but below the 105% needed for any additional payout.

2013 TSR-Based LTI Cash Award. Our CEO is eligible for an annual long-term incentive cash award based on a comparison of the Company's three-year TSR for the July 1, 2013 through June 30, 2016 performance period relative to the SNL Bank Index, with a target award value of \$750,000. The value of the award is determined by comparing the percentile ranking of the Company's TSR on the last day of the performance period to the TSRs measured as of such date for the companies (excluding the Company) ranked as the 11th through 50th of the largest banks in the SNL Bank Index as measured by assets (the "TSR Peers"). Previously the TSR comparison had been made by comparing the Company's performance to the banks in the KBW Regional Bank Index. The CN&G Committee concluded in 2013 that this index was no longer a good fit because, due to its growth, the Company was larger than all but one of the 50 banks in the KBW Regional Bank Index and was 10 times larger than the smallest bank in the index. The Company is much closer in size to the TSR Peers, ranking at approximately the 60th percentile in assets and the 50th percentile in market capitalization of the TSR Peers at the time the CN&G Committee decided to use the new index.

The TSR-Based LTI Cash Award pays the target award value at 50th percentile performance and pays above target award value for at least 75th percentile performance, with a range for threshold to maximum performance from \$0 to \$1,125,000. The TSR-Based LTI Cash Award links pay to Company stock-price performance as compared to its peers and, as compared to the prior use of stock options, reduces share utilization and dilution to our stockholders through cash settlement. The award amount payable is calculated based on the Company's three-year TSR percentile ranking versus the TSR Peers as follows:

TSR Percentile	Deemed Value (\$)
Below 25%	0
25% to below 50%	375,000
50% to below 75%	750,000
75% to below 90%	1,000,000
90% and above	1,125,000

Clawback. If the Annual Incentive Award, cash-settled RSU award, EPS-Based LTI Cash Award or TSR-Based LTI Cash Award is or was based on materially inaccurate financial statements or any other materially inaccurate performance metric criteria, the excess compensation is subject to forfeiture and recoupment.

2013 Annual Base Salary

During its 2013 annual compensation review, the CN&G Committee approved merit increases in the base salaries of the NEOs based on Company and individual performance to the following amounts, effective March 2013. Increases were generally based on the NEO's overall performance as well as their position relative to median market survey data.

Named Executive	2012 Base Salary (\$)	2013 Base Salary (\$)
Christopher J. Warmuth	567,000	600,000
Christopher J. Carey	541,000	565,000
Brian Fitzmaurice	430,540	448,000
Michael B. Cahill	450,000	468,000

Table of Contents**2013 Annual Cash Incentive Compensation**

The Annual Incentive Award for 2013 performance was awarded under the Executive Management Incentive Compensation Plan ("Executive Plan") for our CFO and under the Variable Bonus Plan for our other NEOs. The CN&G Committee designated Christopher J. Warmuth, Brian Fitzmaurice and Michael B. Cahill as participants in the Variable Bonus Plan for 2013. Mr. Carey, our CFO, participated in the Executive Plan. The CN&G Committee used the funding formulas and performance factors under the Executive Plan as the basis for its determination of the awards to the participants under the Variable Bonus Plan.

Awards under the Variable Bonus Plan and Executive Plan are determined based on Company performance, individual performance and the performance of each executive's area of responsibility. Under these plans, management sets a financial goal for net operating income ("NOI") which is reviewed and approved by the CN&G Committee. Actual performance is measured against the NOI goal to determine award amounts. NOI is calculated as net income available to common stockholders, excluding unusual corporate gains or losses (net of tax) to prevent either unearned enrichment or unjust penalties for incentive plan participants. In 2013, the NOI performance goal was \$220 million with funding capped at 125% of the target bonus for achievement of 115% or more of the NOI performance goal. If less than 85% of the NOI performance goal is achieved, there is no funding of the Company performance component for any participant in the Executive Plan.

Financial goals were also set for each line division of the Company as part of setting internal financial and strategic goals, and goals with significant division and/or Company-wide impact were also set for heads of the staff divisions. Mr. Carey and Mr. Warmuth have responsibility for the performance of the entire organization, and funding of awards to them is based 100% on the Company's performance relative to the NOI performance goal. Mr. Fitzmaurice and Mr. Cahill are each responsible for a staff division, and funding of awards to them is based 60% on the Company's performance relative to the NOI performance goal and 40% based on an evaluation of their respective annual division and/or individual performance. In order for the division portion of the Plan to fund, at least 65% of the Company NOI performance goal must be achieved, and at least 85% of the division performance objectives must be achieved. Funding and payment of the awards is subject to an individual performance modifier which can result in an upward or downward adjustment by as much as 20%.

The target and maximum permissible payouts expressed as a percentage of base salary for the NEOs for 2013 were as follows. The maximum payment percentage is a function of each NEO's (1) individual target annual incentive award, (2) the maximum financial component payable at 125% of target and (3) the maximum upward adjustment of 20% for individual performance.

Named Executive	Target	Maximum
Christopher J. Warmuth	125%	188%
Christopher J. Carey	125%	188%
Brian Fitzmaurice	100%	150%
Michael B. Cahill	90%	135%

For 2013, 100% of the Company's NOI performance goal was achieved. The Company performance component was funded at 100% for each participant in the Executive Plan. To determine the award amount for each NEO, the CN&G Committee considered the Company's 2013 strong financial performance, as well as each of the NEOs' contribution to that performance, and the performance of each of them against their division and/or individual goals, as appropriate. The CN&G Committee approved the funding of the awards to each NEO at the percentage amount set forth below. The bonuses paid to each

Table of Contents

executive reflected the following percentage of the maximum bonus that the executive could have received under the applicable bonus plan for the Company's 2013 performance:

Named Executive	Percentage of Maximum Bonus
Christopher J. Warmuth	80%
Christopher J. Carey	80%
Brian Fitzmaurice	80%
Michael B. Cahill	80%

The actual incentive award amounts for each NEO are set forth below in the *Summary Compensation Table*. The awards reflect the evaluation of each NEO's individual performance as well as an evaluation of his overall contributions to the Company's strong performance for 2013.

In order to maximize the deductibility of the compensation and incentive payments to the NEOs, the requirements of Section 162(m) of the Internal Revenue Code of 1936, as amended (the "Code") were taken into account in the structure of the Variable Bonus Plan. At the start of 2013, the CN&G Committee reviewed and approved revenue as the financial criteria under the Variable Bonus Plan to determine whether the maximum permissible incentive for 2013 could be funded for each of Mr. Warmuth, Mr. Fitzmaurice, and Mr. Cahill, and set the performance goal at \$750 million. In each case, these awards could then be reduced, but not increased, at the sole discretion of the Committee. The 2013 revenue goal was achieved.

2013 Long-Term Incentive Compensation

The CN&G Committee approves awards for long-term incentive compensation for the NEOs at the same time as annual cash compensation to ensure the CN&G Committee considers all elements of proposed compensation concurrently. In granting long-term compensation to the NEOs, the CN&G Committee follows a methodology including establishing the total dollar value of the award taking into account expectations for the executive's future contribution to the Company's long-term success, its strategic business plan and the role of the executive, individual performance, market data, internal parity, prudent corporate level expense management and consistency in equity award policies and practices.

In 2013, the CN&G Committee approved the grant of a mix of options, restricted stock and cash-settled RSUs. The CN&G Committee continues to believe that equity based awards should constitute a core element of long-term compensation. The long-term compensation grants made in 2013 to our NEOs (other than our CEO) are a mix of approximately 50% options, 25% restricted stock, and 25% cash-settled RSUs. The restricted stock and cash-settled RSUs vest 25% per year beginning on the second anniversary of the grant date. Options vest 25% per year beginning on the first anniversary of the grant date.

The following table sets forth the grants of equity based awards to the NEOs in 2013. It provides the number of shares of stock options, restricted stock and cash-settled RSUs granted to each NEO as part of their annual equity based award. The value of each award reflects the significance of the individual's responsibilities, their attractiveness to competitors, and the retention value of their previous equity awards. These awards were granted under the 2008 Plan.

Named Executive	Stock Options	Restricted Stock	Cash-Settled RSUs
Christopher J. Warmuth	42,178	4,935	4,935
Christopher J. Carey	38,344	4,486	4,486
Brian Fitzmaurice	11,503	1,346	1,346
Michael B. Cahill	11,503	1,346	1,346

Table of Contents**Equity Granting Practices**

Grants of equity awards are made by our CN&G Committee in accordance with its charter and our equity compensation plans. The grant date of all equity awards is the date of the CN&G Committee meeting at which the award is approved and, in the case of stock options, the grant price (also known as the exercise price) is required to be the same as the closing price of our common stock on the NYSE on that meeting date.

Annual equity awards for NEOs are granted at a CN&G Committee meeting the same time each year in conjunction with the review of annual individual performance, which meeting typically is held in late February or early March and shortly before the effective date of base salary changes (if any) and Annual Incentive Award payments. In the event of an equity award for a new hire, management recommends to the CN&G Committee an award in connection with the hiring, but that equity award is not deemed approved until the CN&G Committee specifically approves the grant and the new hire actually begins employment. All details of equity awards are reflected in the minutes of the CN&G Committee meetings, and communication regarding equity awards is provided to appropriate Human Resources, Accounting and Legal Services Division personnel to ensure proper recordation, reporting and accounting for such awards.

Stock Ownership Requirements

Our stock award program requires our NEOs to own a specific minimum amount of our common stock consistent with our stated principle to align our NEOs' interests with our stockholders' interests. The amount of common stock our NEOs must own varies depending upon the NEO's position and is computed as a multiple of annual base salary. Stock ownership requirements are phased in over five years with the first phase of the requirement becoming applicable three years from hire date or change in officer position. As of February 3, 2014, each NEO met and exceeded the applicable stock ownership requirements. The stock ownership requirements currently applicable to the NEOs are listed below:

Named Executive	Stock Ownership Requirement as % of Base Salary
Russell Goldsmith	500%
Christopher J. Warmuth	350%
Christopher J. Carey	350%
Brian Fitzmaurice	150%
Michael B. Cahill	150%

Ownership may be achieved in several ways including shares owned directly, vested RSUs, stock held in our Profit Sharing Plan, units in the CNC Stock Fund, 50% of the gain on in-the-money exercisable stock options and 50% of unvested restricted stock and RSUs. The higher of the actual spot date price or the one year simple moving average price for the Company's stock may be used in determining compliance with these ownership requirements.

Restrictions on Hedging and Pledging

Our Securities Trading Policy, which applies to all of our employees and directors, has for many years included a prohibition on hedging or speculative trading in Company stock. Consistent with evolving market practices, in February 2013, we adopted a policy prohibiting the future pledging of Company stock. Our policy requires the termination of any existing pledge positions as soon as practicable but no later than January 1, 2015, less than two years from implementation of this policy. There is one existing pledge position, which was in place at the time of the policy's adoption. While our CN&G Committee encourages the prompt termination of existing pledges, it believes that allowing for termination of such positions

within two years is in line with the interests of our stockholders as it provides adequate time for the orderly transition of collateral.

Employment Agreements

Other than our CEO, the NEOs do not have employment agreements. Russell Goldsmith serves as Chairman of the Board, CEO and President of the Company and Chairman of the Board and CEO of the Bank. The Company entered into an employment agreement with Russell Goldsmith on June 24, 2010 for a term of four years commencing July 16, 2010. The Company entered into a mutually agreed upon amendment to Mr. Goldsmith's employment agreement on March 14, 2012 which, as described above, substantially changed the structure of Mr. Goldsmith's long-term compensation. Our CEO's employment agreement does not provide for a golden parachute excise tax gross-up and requires a termination of employment in addition to a change in control before change in control benefits are triggered. See *Potential Payments Upon Termination or Change in Control* for further information regarding the rights of our CEO and the Company in various termination scenarios and upon a change in control of the Company.

Termination of Employment and Change in Control Plans and Agreements

The rights and obligations of our CEO and the Company upon a change in control are governed by the terms of his employment agreement, which provides benefits in the event of a change in control of the Company ("CEO CIC Agreement"). Change in control payments, benefits and rights are set forth in the Strategy & Planning Committee Change in Control Severance Plan ("S&P Plan") for Christopher J. Carey and Christopher J. Warmuth, and in the Executive Committee Change in Control Severance Plan ("EC Plan," and together with the S&P Plan, the "CIC Plans") for Brian Fitzmaurice and Michael B. Cahill.

The CIC Plans and the CEO CIC Agreement are designed to promote stability and continuity of management despite the risk of job loss in the event of termination due to a change in control, and are consistent with market practices. The CIC Plans and CEO CIC Agreement provide that following a defined change in control event, cash severance payments are paid upon involuntary termination for any reason, other than cause, death or disability, or upon termination for "good reason," within 12 months (36 months for the CEO) of the occurrence of a change in control. The CIC Plans (but *not* the CEO CIC Agreement) also provide that a termination for "good reason" includes a voluntary termination of employment during the 30-day period immediately preceding the first anniversary of the change in control. The CEO CIC Agreement provides that following a change of control, the CEO will be employed for the greater of three years or the remaining term of his employment agreement. This structure provides for transition in the event of a change in control and provides an incentive for the NEOs to remain with the successor organization after a change in control.

Information regarding applicable payments under these agreements for the NEOs is provided below under *Potential Payments Upon Termination or Change in Control*.

Executive Compensation Tax and Accounting Considerations

Deductibility of Executive Compensation. Section 162(m) of the Code generally disallows a tax deduction for compensation over \$1,000,000 paid for any fiscal year to the Chief Executive Officer and the three other highest paid executive officers, other than the Chief Financial Officer, unless the compensation qualifies as performance based. To maintain flexibility in compensating executive officers, the CN&G Committee does not require all compensation to be awarded in a tax-deductible manner, but it is their intent to do so to the extent possible and consistent with overall corporate goals. The Variable Bonus Plan and the compensation structure of our CEO's employment agreement is designed to maximize the deductibility of our compensation and incentive payments by taking into account the requirements of Section 162(m) of the Code. For example, in order to comply with Section 162(m) of the Code, a

Table of Contents

precondition to any payout under the EPS-Based LTI Cash Award described above is that 40% of the Annual Incentive Award performance goal for the year of grant be achieved.

Risk Management

At the request of the CN&G Committee, the Company's senior risk officers and F.W. Cook conducted a risk-based review of the Company's employee incentive plans in 2013. The objective of the review was to identify areas of risk or potential for unintended consequences that exist in the design of compensation programs and to identify potential areas of concern in the Company's incentive plans relative to the Company's enterprise risk factors. Design features of the incentive plans that mitigated risk were taken into consideration in evaluating the overall results.

The CN&G Committee considered the results of this review for 2013. With the concurrence of the Company's Senior Risk Management Officer and F.W. Cook, the CN&G Committee concluded that there were no significant risk areas from an incentive compensation risk perspective, the incentive plans were generally well aligned with compensation design principles, and the risks arising from the Company's incentive compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

The review also considered the Guidance on Sound Incentive Compensation Policies jointly issued in June 2010 by federal bank regulatory agencies and proposed rules issued pursuant to section 956 of the Dodd-Frank Act, each of which contain further guidance for assessing risk with respect to employee compensation plans. The Company will continue to monitor the impact of the Guidance and the proposed rules with respect to its incentive compensation program and risk.

Compensation Committee Report

The Compensation, Nominating & Governance Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and, based on such review and discussion, the Compensation, Nominating & Governance Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference in our Annual Report on Form 10-K for the year ended December 31, 2013.

- (1) The amounts shown in columns (e) and (f) for stock awards and option awards represent the aggregate grant date fair value computed in accordance with Accounting Standards Codification Topic No. 718, *Compensation - Stock Compensation*. See the Company's Annual Report on Form 10-K, Note 1 and Note 15 to the Company's Consolidated Financial Statements for the year ended December 31, 2013 regarding the Company's accounting for share-based compensation plans. Restricted stock, RSU and cash-settled RSU awards are valued at the closing price of the Company's common stock on the date of award. The fair value of each option award is estimated on the date of grant using the Black-Scholes valuation model.
- (2) The non-equity incentive compensation award to Russell Goldsmith is paid in accordance with the terms of his employment agreement and the Variable Bonus Plan. Our next three most highly compensated NEOs (other than our CFO), were designated as eligible plan participants under the Variable Bonus Plan for 2013. For 2013, our CFO participated in the Bank's Executive Plan. See *Compensation Discussion and Analysis* for details regarding how objectives are set and actual incentive awards are calculated and determined for each NEO. See also *2013 Grants of Plan-Based Awards* below.
- (3) Amounts reported show the aggregate change in the actuarial present value of Russell Goldsmith's accumulated benefit under his SERP for fiscal years 2012 and 2011. In 2012, Russell Goldsmith's SERP benefit was terminated and the present value of the accumulated SERP benefit as of March 14, 2012 was invested on that date in fully vested interests in the CNC Stock Fund, which is measured in shares of our common stock. See *Compensation Discussion and Analysis* and *2013 Nonqualified Deferred Compensation* for more information. None of the NEOs earned above market or preferential earnings on nonqualified deferred compensation. Information on the NEOs' earnings under the Executive Deferred Compensation Plan is set forth in *2013 Nonqualified Deferred Compensation* below.

Table of Contents

- (2) Unless otherwise noted in these footnotes, all RSUs, cash-settled RSUs and restricted stock vest at the rate of 25% per year, beginning on the second anniversary of the grant date. Vested RSUs convert and are distributed at least six months after termination of employment. RSUs that have not vested at termination are subject to forfeiture as described in the 2008 Plan. The market price of shares or units of stock that have not vested is calculated based on \$79.22 per share, the closing price of the Company's stock on December 31, 2013, as reported on the NYSE.
- (3) 50% of these RSUs vest five years after the grant date and the other 50% will vest six years after the grant date; provided that the RSU award is subject to forfeiture in the event of termination of employment for any reason other than death, total disability or a change in control.

- (2) 17,873 of the stock awards listed for Russell Goldsmith, 4,692 of the stock awards listed for Christopher J. Warmuth, and 4,033 of the stock awards listed for Christopher J. Carey, are RSUs that vested in 2013. Receipt of the shares represented by the RSUs is deferred, and the vested RSUs convert to shares and are distributable on a date that is at least six months after termination of employment. The balance of the stock awards listed are restricted stock which have been issued to these NEOs without further restriction.
- (3) Represents the value of the stock award based on the market price of the Company's common stock on the vesting date and does not necessarily reflect proceeds actually received by the named executive officer.

2013 NONQUALIFIED DEFERRED COMPENSATION

Pursuant to the Executive Deferred Compensation Plan ("Executive DCP"), colleagues who are senior vice presidents or above (or equivalent positions) can elect to defer up to 75% of their salary, up to 100% of their commissions, and up to 100% of their annual non-equity incentive bonus compensation, and, up to 100% of their cash-settled RSUs, cash-settled performance share units and cash-settled performance unit awards, instead of receiving these amounts as cash payments taxable in the year of receipt. The Company makes a contribution to the account of each participant whose Profit Sharing Plan employer contribution was reduced as a result of deferrals to the Executive DCP. Any amount of base salary and/or commission that a colleague defers into the Executive DCP is not counted for purposes of calculating eligible compensation under the Profit Sharing Plan. If the Company makes a Profit Sharing Plan employer contribution, then the Company will

Edgar Filing: CITY NATIONAL CORP - Form DEF 14A

contribute to a participant's account in the Executive DCP an amount equal to the amount of compensation (as such term is used in the Profit Sharing Plan) that such participant has elected to defer multiplied by the percentage of compensation that participants in the Profit Sharing Plan received as an employer contribution. Other than any profit sharing make-up contribution, contributions to the Executive DCP consist solely of colleague deferrals.

Under the Executive DCP, colleagues may select from investment options, approved by the Company's Benefits Committee, in which the deferred compensation is deemed to be invested, including the CNC Stock Fund. Other than the CNC Stock Fund, the investment options are non-publicly traded mutual funds, and are only available through variable insurance products. Participants have no ownership interest in any of the investment options they select, as the investment options are used principally to measure gains or losses. In addition, share equivalents allocated to the CNC Stock Fund do not have voting

rights. Investment experience is credited to the executives' accounts daily, net of all investment option related expenses. There is no guaranteed investment return on any deferred compensation amounts. Other than the CNC Stock Fund, executives may change investment allocation elections as often as daily. An executive will not subsequently be able to change his or her investment election (or diversify out of the CNC Stock Fund) for any amounts which the executive has designated to be invested in the CNC Stock Fund. The table below shows the fifteen funds in which more than 70% of the assets deferred to the Executive DCP have been allocated and their annual rate of return for the calendar year ended December 31, 2013, as reported by MullinTBG, the plan record keeper for the Executive DCP. These funds and the other investment options available to participants are used as the index for calculating investment returns on executives' deferrals under the Executive DCP.

The unfunded, non-qualified plan structure of the Executive DCP is required in order to preserve the beneficial tax deferral treatment for participating colleagues. Amounts in a colleague's deferral account represent unsecured claims against our assets.

Deferred amounts together with any credited investment returns are paid out to participating colleagues in accordance with their advance written election either (i) in a lump sum or in installments commencing at a specified date during the colleague's employment for amounts other than those invested in the CNC Stock Fund, or (ii) upon termination of employment. No in-service distribution election may be made for any funds deemed invested in the CNC Stock Fund. Hardship distributions are permitted for reason of "unforeseeable emergencies" and are subject to approval by the Benefits Committee. Non-scheduled in-service withdrawals are permitted only with respect to deferrals not subject to Section 409A of the Code and are subject to forfeiture equal to 10% of the amount withdrawn. Separate distribution elections are made for each deferral year, generally prior to the end of the prior deferral year. Changes to distribution elections are allowed in accordance with Executive DCP plan provisions and for compliance with Section 409A of the Code with respect to deferrals made for calendar years 2005 and later.

As part of the amendment of our CEO's employment agreement, our CEO's Supplemental Retirement Benefit Agreement was amended to terminate our CEO's right to receive supplemental retirement benefits in exchange for fully vested interests in a CNC Stock Fund administered outside of the Executive DCP. On March 14, 2012, the actuarial present value of the accumulated SERP benefit was frozen as of that date and invested in fully vested interests in the CNC Stock Fund, which is measured in shares of our common stock. Share equivalents allocated to the CNC Stock Fund do not have voting rights.

Cash dividends which are paid on our common stock are deemed paid on the number of shares of our common stock represented in the CNC Stock Fund and deemed reinvested in the CNC Stock Fund on the dividend payment date. Our CEO is entitled to receive the lump sum value of the CNC Stock Fund, payable solely in shares of our common stock, on the first day of the month following his termination of employment for any reason. Our CEO is not entitled to any installment or annuity payments related to this benefit.

Table of Contents**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

The potential payments to each of our NEOs in the event of their termination or a change in control are discussed below. The following information is presented as if a termination event occurred on December 31, 2013. The amounts shown include amounts earned through that time and are estimates of the amounts that would be paid out to the NEOs upon their termination. The actual amounts to be paid out can only be determined at the time of an actual termination.

Payments Made Upon Any Termination of Employment

Regardless of the manner in which a NEO's employment terminates, the officer would be entitled to receive the following amounts earned during the officer's term of employment: (i) the balance of the executive's deferred compensation account, which includes only personal deferrals and related earnings and does not include a Company contribution, with distributions delayed until at least 6 months after termination; and (ii) amounts accrued and vested through our Profit Sharing Plan. Our CEO is entitled to receive a lump sum distribution from the CNC Stock Fund payable in shares of the Company's common stock which at December 31, 2013 was valued at \$13,749,450 under each termination scenario described below. For each NEO, see *2013 Nonqualified Deferred Compensation* for aggregate balances as of December 31, 2013, which balances would be distributed pursuant to the NEO's election made at enrollment, six months after termination. The potential payments described below for each NEO are in addition to these amounts.

Potential payments in each scenario described below are in addition to the following equity compensation:

There is no guarantee that, if and when these options are exercised, they will have this value. This amount is forfeited upon termination for cause.

The CIC Plans provide that upon termination for death or disability during the one-year period beginning on the date of a defined change in control event, the NEOs (other than our CEO) would be entitled to (i) a lump sum payment of the NEO's annual base salary through the date of termination to the extent not already paid (the NEO's salaries were paid through December 31, 2013 and therefore, no amount would be owed) and a pro rata portion of the highest annual bonus paid to the NEO in the prior three years for the year in which termination occurs.
