Cautionary Statement Regarding Forward-Looking Statements and information

The information presented or incorporated by reference herein contains both historical information and "forward-looking statements" within the meaning of the relevant sections of Section 27A of the Securities Act of 1933, as amended (the "Securities Act") and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and "forward-looking information" within the meaning of applicable Canadian securities laws, that state the Company's intentions, hopes, beliefs, expectations or predictions for the future. Forward-looking statements and forward-looking information are collectively referred to herein as "forward-looking statements".

Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by the Company at this time, are inherently subject to significant business, economic and competitive uncertainties and contingencies that may cause the Company's actual financial results, performance, or achievements to be materially different from those expressed or implied herein and many of which are outside its control. Some of the material factors or assumptions used to develop forward-looking statements include, without limitation, the uncertainties associated with: the arbitration proceedings under the Additional Facility Rules of the International Centre for Settlement of Investment Disputes ("ICSID"), against the Bolivarian Republic of Venezuela ("Respondent") seeking compensation in the arbitration for all of the loss and damage resulting from Venezuela's wrongful conduct (Gold Reserve Inc. v. Bolivarian Republic of Venezuela (ICSID Case No. ARB(AF)/09/1)) (the "Brisas Arbitration"), actions by the Venezuelan government, economic and industry conditions influencing the future sale of the Brisas Project related equipment, and conditions or events impacting the Company's ability to fund its operations or service its debt.

Forward-looking statements involve risks and uncertainties, as well as assumptions, including those set out herein, that may never materialize, prove incorrect or materialize other than as currently contemplated which could cause the Company's results to differ materially from those expressed or implied by such forward-looking statements. The words "believe," "anticipate," "expect," "intend," "estimate," "plan," "may," "could" and other similar expressions that are predictions of or indicate future events and future trends which do not relate to historical matters, identify forward-looking statements. Any such forward-looking statements are not intended to provide any assurances as to future results.

Numerous factors could cause actual results to differ materially from those in the forward-looking statements, including without limitation:

Edgar Filing: GOLD RESERVE INC - Form 6-K

- outcome of our arbitration against the Bolivarian Republic of Venezuela;
 - continued servicing or restructuring of our Notes or other obligations as they come due;
 - prospects for exploration and development of other mining projects by us;
 - equity dilution resulting from the conversion of the Notes in part or in whole to Class A Common Shares;
 - value, if any, realized from the disposition of the remaining Brisas Project related assets;
 - ability to maintain continued listing on the TSXV or continued trading on the OTCQB;
 - competition with companies that are not subject to, or do not follow, Canadian and U.S. laws and regulations;
 - corruption, uncertain legal enforcement and political and social instability;
 - our current liquidity and capital resources and access to additional funding in the future if required;
 - regulatory, political and economic risks associated with foreign jurisdictions including changes in laws and legal regimes;
 - currency, metal prices and metal production volatility;
 - adverse U.S., Canadian and/or Mexican tax consequences;
 - abilities and continued participation of certain key employees; and
 - risks normally incident to the exploration, development and operation of mining properties.
-

This list is not exhaustive of the factors that may affect any of the company's forward-looking statements. See "Risk Factors" contained in the Company's Annual Information Form and Annual Report on Form 40-F filed on sedar.com and sec.gov, respectively for additional risk factors that could cause results to differ materially from forward-looking statements.

Investors are cautioned not to put undue reliance on forward-looking statements, and investors should not infer that there has been no change in the Company's affairs since the date of this report that would warrant any modification of any forward-looking statement made in this document, other documents periodically filed with or furnished to the SEC or other securities regulators or documents presented on the Company's website. All subsequent written and oral forward-looking statements attributable to the Company or persons acting on its behalf are expressly qualified in their entirety by this notice. The Company disclaims any intent or obligation to update publicly or otherwise revise any forward-looking statements or the foregoing list of assumptions or factors, whether as a result of new information, future events or otherwise, subject to the Company's disclosure obligations under applicable U.S. and Canadian securities regulations. Investors are urged to read the Company's filings with U.S. and Canadian securities regulatory agencies, which can be viewed online at www.sec.gov and www.sedar.com, respectively.

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

NOTICE IS HEREBY GIVEN that an Annual Meeting (the "Meeting") of the holders of Class A common shares and Class B common shares (collectively, the "Shareholders") of GOLD RESERVE INC. (the "Company") will be held at the Gold Reserve Inc. office in the United States, located at 926 W. Sprague, Suite 200, Spokane, Washington, USA, on June 10, 2014 at 9:30 a.m. (Pacific daylight time) for the following purposes:

- 1) To elect directors of the Company to hold such positions until the next annual meeting of Shareholders or until their successors are elected and have qualified;
- 2) To appoint PricewaterhouseCoopers LLP as independent auditors of the Company and to authorize the directors of the Company to fix their remuneration;
- 3) To receive the financial statements of the Company for the year ended December 31, 2013, together with the report of the auditors thereon; and
- 4) To conduct any other business as may properly come before the meeting or any adjournment or postponement thereof.

Shareholders who are unable to attend the Meeting or any adjournment or postponement thereof in person and who wish to ensure that their shares will be voted are requested to complete, sign and mail the enclosed form of proxy to Proxy Services, c/o Computershare Trust Company N.A., P.O. Box 43102, Providence, RI 02940-5068. Proxies must be received not later than the close of business one business day immediately preceding the Meeting or any adjournment or postponement thereof. A form of proxy, proxy statement/information circular, supplemental mailing list return card and a copy of the Company's 2013 Annual Report on Form 40-F (the "2013 Annual Report") accompany this Notice of Annual Meeting of Shareholders. The specific details of the matters proposed to be put before the Meeting are set forth in the accompanying management information circular.

This Notice of Annual Meeting of Shareholders, the 2013 Annual Report and Supplemental Mailing List Return Card are being mailed or made available to Shareholders entitled to vote at the Annual Meeting, on or about May 6, 2014.

The Board of Directors has fixed the close of business on April 22, 2014 as the record date for the determination of Shareholders entitled to notice of the meeting and any adjournment or postponement thereof.

DATED this 1st day of May, 2014

BY ORDER OF THE DIRECTORS

Rockne J. Timm

Chief Executive Officer

GOLD RESERVE INC.

MANAGEMENT INFORMATION CIRCULAR

MANAGEMENT SOLICITATION OF PROXIES

This Management Information Circular (“Circular”) is furnished in connection with the solicitation of proxies by the management of GOLD RESERVE INC. (the “Company”) to be voted at the Annual Meeting of Shareholders of the Company (the “Meeting”) to be held on Tuesday, the 10th day of June, 2014 at 9:30 a.m. (Pacific daylight time), at the Gold Reserve Inc. office in the United States, located at 926 W. Sprague, Suite 200, Spokane, Washington and at any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. The solicitation of proxies will be primarily by mail but proxies may also be solicited personally or by telephone by employees of the Company. Employees will not receive any extra compensation for such activities. The Company may pay brokers, nominees or other persons holding shares of the Company in their name for others for their reasonable charges and expenses in forwarding proxies and proxy materials to beneficial owners of such shares, and obtaining their proxies. The Company may also retain independent proxy solicitation agents to assist in the solicitation of proxies for the Meeting. The cost of all solicitations of proxies will be borne by the Company. Except where otherwise stated, the information contained herein is given as of the 1st day of May, 2014.

The Notice of Annual Meeting of Shareholders, Circular and 2013 Annual Report are also available for review on the Company’s website at www.goldreserveinc.com and www.sedar.com under the Company’s profile.

CURRENCY

Unless otherwise indicated, all currency amounts referred to herein are stated in U.S. dollars.

APPOINTMENT AND REVOCATION OF PROXIES

The individuals named in the enclosed form of proxy are directors and/or officers of the Company. **A Shareholder (as defined below) submitting a proxy has the right to appoint a person or company, who need not be a Shareholder, to represent the Shareholder at the Meeting other than the persons designated in the form of proxy furnished by the Company. To exercise this right, the Shareholder may either (i) insert the name of the desired representative in the blank space provided in the proxy attached to this Circular or (ii) submit another appropriate form of proxy permitted under applicable law.**

The completed proxy will be deemed valid when deposited at the office of Proxy Services, c/o Computershare Trust Company N.A., P.O. Box 43102, Providence, RI 02940-5068 not later than the close of business one business day preceding the day of the Meeting or any adjournment or postponement thereof, or with the Chairman of the Meeting immediately prior to the commencement of the Meeting or any adjournment or postponement thereof, otherwise the instrument of proxy will be invalid.

See “Voting by Non-Registered Shareholders” below for a discussion of how non-registered Shareholders (i.e. Shareholders that hold their shares through an account with a bank, broker or other nominee in “street name”) may appoint proxies.

You may revoke or change your proxy at any time before it is exercised at the Meeting. In the case of Shareholders appearing on the registered shareholder records of the Company, a proxy may be revoked at any time prior to its exercise by sending or depositing a written notice of revocation or another signed proxy bearing a later date to the Secretary of the Company at its principal executive office located at 926 W. Sprague Avenue, Suite 200, Spokane, Washington 99201 not later than the close of business one business day preceding the Meeting or any adjournment or postponement thereof. You may also revoke your proxy by giving notice or by voting in person at the Meeting; your attendance at the Meeting, by itself, is not sufficient to revoke your proxy.

Shareholders appearing in the name of a bank, broker or other nominee should follow the instructions provided by their bank, broker or nominee in revoking their previously voted shares.

EXERCISE OF DISCRETION BY PROXIES

The shares represented by the proxy will be voted or withheld from voting in accordance with the instructions of the Shareholder on any ballot that may be called for and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. In the absence of such choice being specified, such shares will be voted “for” the matters specifically identified in the Notice of Annual Meeting of Shareholders accompanying this Circular.

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Annual Meeting of Shareholders and with respect to other matters which may properly be brought before the Meeting. **If any other matters are properly presented for consideration at the Meeting, or if any of the identified matters are amended or modified, the individuals named as proxies on the enclosed form of proxy will vote the shares that they represent on those matters as recommended by management. If management does not make a recommendation, then they will vote in accordance with their best judgment.** At the time of printing this Circular, the management of the Company knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Annual Meeting of Shareholders.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Company’s issued and outstanding shares consist of Class A common shares (each, a “Class A Share”) and Class B common shares (each, a “Class B Share”). Unless otherwise noted, references to Common Shares in this Circular include both Class A Shares and Class B Shares. Holders of Common Shares (collectively, the “Shareholders”) are entitled to one vote per share and will vote as a single class on all matters to be considered and voted upon at the Meeting or any adjournment or postponement thereof. As of April 22, 2014 there were 75,559,911 issued and outstanding Class A Shares and 500,236 issued and outstanding Class B Shares for a total of 76,060,147 Common Shares outstanding

The Company has set the close of business on April 22, 2014 as the record date for the Meeting. The Company will prepare a list of Shareholders of record at such time. Shareholders will be entitled to vote the Common Shares then registered in their name at the Meeting except to the extent that (a) the holder has transferred the ownership of any of his Common Shares after that date, and (b) the transferee of those shares produces properly endorsed share certificates, or otherwise establishes that he owns the shares, and demands, not later than 10 days before the Meeting,

that the transferee's name be included in the list of persons entitled to vote at the Meeting, in which case the transferee will be entitled to vote his Common Shares at the Meeting or any adjournment or postponement thereof.

To the knowledge of the directors and executive officers of the Company, as of April 22, 2014, the only persons, firms or corporations that beneficially owned, or exercised control or direction, directly or indirectly, over more than 10% of the voting rights attached to the Common Shares were:

Shareholder Name and Address	Number of Common Shares Held	Percentage of Common Shares Issued ⁽¹⁾
Steelhead Navigator Master, L.P. C/O Maples Corporate Services Limited P.O. Box 309 Ugland House, Grand Cayman, KY1-1104 Cayman Islands	19,667,244 ⁽²⁾	25.86%
Greywolf Capital Partners II LP 615 South DuPont Highway Dover, DE 19901	3,773,766	4.94%
Greywolf Capital Overseas Master Fund 89 Nexus Way Camana Bay, Grand Cayman KY1-9007	5,551,568	7.26%
Greywolf Capital Overseas Fund II 89 Nexus Way Camana Bay, Grand Cayman KY1-9007	4,694,240	6.17%
Total Greywolf Capital	14,019,574 ⁽³⁾	18.25%

(1) Based on the number of shares outstanding on April 22, 2014.

(2) The number of Common Shares held is based on publicly available information filed with the Securities and Exchange Commission (the "SEC") by Steelhead Partners, LLC on December 13, 2013. In addition, Steelhead Partners, LLC also holds approximately \$16,236,000 of outstanding 5.5% convertible notes due 2014 which may be converted into 4,059,000 Class A Shares, subject to the Company's right to deliver cash instead of Class A Shares.

(3)

Edgar Filing: GOLD RESERVE INC - Form 6-K

The number of Common Shares held is based on publicly available information filed with the Securities and Exchange Commission (the "SEC") by Greywolf Capital Management LP ("Greywolf") on February 14, 2014 as well as information provided by Greywolf. The amount includes 300,000 and 447,000 Common shares issuable upon exercise of warrants held by Greywolf Capital Partners II LP and Greywolf Capital Overseas Master Fund, respectively. In addition, Greywolf Capital Partners II beneficially holds approximately \$1,071,000 of outstanding 5.5% convertible notes due 2014 which may be converted into 267,750 Class A Shares and Greywolf Capital Overseas Master Fund holds approximately \$1,879,000 of outstanding 5.5% convertible notes due 2014 which may be converted into 469,750 Class A Shares, which are not included in the above table as the Company has the option to deliver cash in lieu of issuing shares.

A quorum for the transaction of business at any meeting of the Shareholders shall be holders of at least one-third (1/3) of the outstanding Common Shares present in person or represented by proxy. Except as may otherwise be stated in this Circular, the affirmative vote of a majority of the votes cast with respect to an item or proposal at the Meeting (an ordinary resolution) is required to approve all items presented in this Circular.

VOTING BY NON-REGISTERED SHAREHOLDERS

Only registered Shareholders at the close of business on April 22, 2014 or the persons they designate as their proxies are permitted to vote at the Meeting. In many cases, however, the Common Shares owned by a person (a “non-registered holder”) are registered either: (a) in the name of an intermediary (an “Intermediary”) that the non-registered holder deals with in respect of the Common Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered registered savings plans, registered retirement income funds, registered education savings plans and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators, the Company has distributed copies of this Circular and the accompanying Notice of Annual Meeting of Shareholders and form of proxy (collectively, the “Meeting Materials”) to the clearing agencies and Intermediaries for distribution to non-registered holders of Common Shares.

Intermediaries are required to forward the Meeting Materials to non-registered holders unless a non-registered holder has waived the right to receive them. Intermediaries will often use service companies to forward the Meeting Materials to non-registered holders. Generally, non-registered holders who have not waived the right to receive the Meeting Materials will either:

be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile stamped signature), which is restricted as to the number and class of securities beneficially owned by the non-registered holder but which is not otherwise completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the non-registered holder when submitting the proxy. In this case, the non-registered holder who wishes to vote by proxy should otherwise properly complete the form of proxy and deliver it as specified above under the heading “Appointment and Revocation of Proxies”; or

be given a form of proxy which is not signed by the Intermediary and which, when properly completed and signed by the non-registered holder and returned to the Intermediary or its service company, will constitute voting instructions (often called a “Voting Instruction Form”) which the Intermediary must follow. Typically, the non-registered holder will also be given a page of instructions which contains a removable label containing a bar code and other information. In order for the form of proxy to validly constitute a Voting Instruction Form, the non-registered holder must remove the label from the instructions and affix it to the Voting Instruction Form, properly complete and sign the Voting Instruction Form and submit it to the Intermediary or its services company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit non-registered holders to direct the voting of the Common Shares they beneficially own. **Should a non-registered holder who receives either form of proxy wish to vote at the Meeting in person (or have another person attend and vote on behalf of the non-registered shareholder), the non-registered holder should strike out the persons named in the form of proxy and insert the non-registered holder’s name, or such other person’s name, in the blank space provided. Non-registered holders should carefully follow the instructions of their Intermediary, including those regarding when and where the form of proxy or Voting Instruction Form is to be delivered.**

A non-registered shareholder may revoke a form of proxy or Voting Instruction Form given to an Intermediary by contacting the Intermediary through which the non-registered shareholder's Common Shares are held and following the instructions of the Intermediary respecting the revocation of proxies. In order to ensure that an Intermediary acts upon a revocation of a proxy form or Voting Instruction Form, the written notice should be received by the Intermediary well in advance of the Meeting.

Under applicable Canadian securities laws, non-registered shareholders or "beneficial" shareholders are either "objecting beneficial owners" or "OBOs", who object to the disclosure by Intermediaries of information about their ownership in the Company, or "non-objecting beneficial owners" or "NOBOs", who do not object to such disclosure. The Company is not sending the Meeting Materials (including any request for voting instructions made by an Intermediary) directly to NOBOs and does not intend to pay for proximate intermediaries to send such materials to OBOs. Accordingly, OBOs will not receive the Meeting Materials unless the Intermediary assumes the costs of delivery.

BUSINESS OF THE MEETING

Item 1 – Election of Directors

The articles of the Company provide that the Board of Directors (the "Board") shall consist of a minimum of 3 and a maximum of 15 directors, with the actual number of directors to be determined from time to time by the Board. The Company's Board presently consists of seven members.

The Board held eight formal meetings during 2013 at which attendance, in person or by phone, averaged 91%. Various matters were considered and approved by written resolution during the year. The Board also held several informal meetings throughout the year. Messrs. McChesney, Mikkelsen and Potvin attended all eight of the formal meetings; Messrs. Timm, Belanger and Geyer attended seven of the eight formal meetings; and Mr. Coleman attended six of the eight formal meetings.

The by-laws of the Company provide that each director shall be elected to hold office until the next annual meeting of the Company's Shareholders or until their qualified successors are elected. All of the current directors' terms expire on the date of the Meeting and it is proposed by management that each of them be re-elected to serve until the next annual meeting of Shareholders, or until their qualified successors are elected, unless they resign or are removed from the Board in accordance with the by-laws of the Company.

Shareholders can vote for all of the directors, vote for some of them and withhold votes for others, or withhold votes for all of them.

Management recommends that you vote FOR the election of each of the directors.

Cease Trade Orders, Bankruptcies, Penalties and Sanctions

No proposed director of the Company is, as at the date hereof, or has been, within 10 years before the date hereof, a director, chief executive officer or chief financial officer of any company (including the Company) that:

(a) was the subject of a cease trade order, an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days, that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer; or

(b) was subject to a cease trade order, an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation that was in effect for a period of more than 30 consecutive days, that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer.

No proposed director of the Company is, as at the date hereof, or has been within 10 years before the date hereof, a director or executive officer of any company (including the Company) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

No proposed director of the Company or any personal holding company of such person has, within the 10 years before the date hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

No proposed director of the Company or any personal holding company of such person has been subject to: (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or, (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

EXECUTIVE COMPENSATION

The disclosure that follows has been prepared in accordance with the provisions of National Instrument 51-102 - *Continuous Disclosure Obligations* of the Canadian Securities Administrators.

Compensation Discussion and Analysis

The purpose of this Compensation Discussion and Analysis (“CD&A”) is to provide information about the Corporation’s executive compensation philosophy, objectives and processes and to discuss compensation decisions relating to certain of the Corporations’ senior officers, being the four identified named executive officers (the “NEOs”) during the Corporation’s most recently completed financial year, being the year ended December 31, 2013. The NEOs who are the focus of this CD&A and who appear in the executive compensation tables of this Circular are: A. Douglas Belanger, President; Robert A. McGuinness, Vice President Finance and Chief Financial Officer (the “CFO”); Rockne J. Timm, Chief Executive Officer (the “CEO”); and Mary E. Smith, Vice President Administration and Secretary.

Compensation Committee

The Company’s compensation program was administered during 2013, and has and will continue to be administered in 2014, by the Compensation Committee of the Board (the “Compensation Committee”), composed of Mr. Mikkelsen, Mr. Potvin and Mr. McChesney. The Compensation Committee met three times during 2013. While serving on the Compensation Committee, each of the members attended all three meetings. All of the members of the Compensation Committee have had direct experience in matters of executive compensation that is relevant to their responsibilities as members of such committee by virtue of their respective professions and long-standing involvement with public companies and matters of executive compensation. In addition, each member of the Compensation Committee keeps abreast on a regular basis of trends and developments affecting executive compensation.

The Board had determined that each member of the Compensation Committee satisfied the definition of “independent” director as established under National Instrument 58-101 of the Canadian Securities Administrators. The Compensation Committee currently has no written charter.

The function of the Compensation Committee is to evaluate the Company’s performance and the performance of the NEOs. The Compensation Committee approves the cash and equity-based compensation of the NEOs and submits such approvals to the full Board for ratification. The Compensation Committee also reviews the Company’s compensation plans, policies and programs and other specific compensation arrangements to assess whether they meet the Company’s risk profile and to ensure they do not encourage excessive risk taking on the part of the recipient of such compensation. The Board has complete discretion over the amount and composition of each NEO’s compensation. Compensation matters relating to the directors were administered by the full Board. Compensation matters relating to each NEO that is a member of the Board were administered by the Compensation Committee.

The Company currently does not anticipate making any significant changes to its compensation policies and practices in 2014.

Compensation Program Philosophy

The goal of the compensation program is to attract, retain and reward employees and other individuals who contribute to both the immediate and the long-term success of the Company. Contributions are largely measured subjectively, and are rewarded through cash and equity-based compensation.

The following objectives are considered in setting the compensation programs for the NEOs:

Set compensation and incentive levels that reflect competitive market practices for similar experience and similar size companies; and

Encourage stock holdings to align the interests of the NEOs with those of Shareholders.

The Company evaluates the extent to which strategic and business goals are met and measures individual performance, albeit subjectively, and the degree to which teamwork and Company objectives are promoted. The Company strives to achieve a balance between the compensation paid to a particular individual and the compensation paid to other employees and executives having similar responsibilities within the Company. The Company also strives to ensure that each employee understands the components of his or her salary, and the basis upon which it is determined and adjusted.

The Company encourages NEOs to own shares of the Company however there currently is no policy requiring officer or director ownership.

The Compensation Committee has considered the risk implications of the Company's compensation policies and practices and has concluded that there is no appreciable risk associated with such policies and practices as such policies and practices do not have the potential of encouraging an executive officer or other applicable individual to take on any undue risk or to otherwise expose the Company to inappropriate or excessive risks. Furthermore, although the Company does not have in place any specific prohibitions preventing a NEO or a director from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of options or other equity securities of the Company granted in compensation or held directly or indirectly, by the NEO or director, the Company is unaware of the purchase of any such financial instruments by any NEO or director.

During 2013, the Company did not retain a compensation consultant or advisor to assist the Board or Compensation Committee in determining compensation for the Company's executive officers and directors.

Compensation Elements and Rationale for Pay Mix Decisions

To reward both short and long-term performance in the compensation program and in furtherance of the Company's compensation objectives noted above, the Company's executive compensation philosophy includes the following two principles.

Compensation levels should be competitive

A competitive compensation program is vital to the Company's ability to attract and retain qualified senior executives. The Company regularly assesses peer group data to ensure that the compensation program is competitive.

Incentive compensation should balance short and long-term performance

To reinforce the importance of balancing strong short-term annual results and long-term viability and success, NEOs may receive both short and long-term incentives. Short-term incentives focus on the achievement of certain objectives for the upcoming year, while stock options create a focus on share price appreciation over the long term.

Compensation Benchmarking

The Company in the past established base salaries by using an extensive internal survey of base salaries paid to officers of mining companies with similar experience, similar size mining projects, small to medium size producing companies and other development stage mining companies with large mining projects. The companies considered in our internal survey were:

Coeur d'Alene Mines Corporation
Gabriel Resources Ltd.
Hecla Mining Company
Lydian International Limited
Mines Management, Inc.
Revett Minerals Inc.
Sandspring Resources Ltd.

Copper Mountain Mining Corporation
Gran Columbia Gold
International Tower Hill Mines Ltd.
Midas Gold
NovaGold Resources Inc.
Rusoro Mining Ltd.
St. Augustine Gold and Copper Limited

All of the participants of the internally generated survey are listed on the NYSE MKT, the Toronto Stock Exchange, or TSX Venture Exchange (the "TSXV"). The Company believes that the survey is a very good representation of average salaries paid to officers with similar levels of experience with comparable mining companies and therefore a good basis on which to make comparisons. The data was obtained from publicly available information.

Components of Executive Compensation

The components of executive compensation are as follows:

Base Salary. The administration of the program requires the Compensation Committee to review annually the base salary of each NEO and to consider various factors, including individual performance, experience, length of time in position, future potential, responsibility, and the executive's current salary in relation to the executive salary range at other mining companies. These factors are considered subjectively and none are accorded a specific weight.

Bonuses. In addition to base salary, the Compensation Committee from time-to-time recommends to the Board payments of discretionary bonuses to executives and selected employees. Such bonuses are based on the same criteria and determined in a similar fashion as described above.

Equity. The Compensation Committee from time-to-time recommends to the Board grants of options to executives and selected employees. These grants are to motivate the executives and selected employees to achieve goals that are consistent with the Company's business strategies, to create Shareholder value and to attract and retain skilled and talented executives and employees. These factors are considered subjectively and none are accorded a specific weight when granting awards. In addition, the Compensation Committee annually determines the contribution to the KSOP Plan for allocation to individual participants. Participation in and contributions to the KSOP Plan by individual employees, including officers, is governed by the terms of the KSOP Plan. See "Incentive Plans – KSOP Plan".

Chief Executive Officer's Compensation

It is the responsibility of the Compensation Committee to review and recommend to the Board for ratification the compensation package for the Chief Executive Officer based on the same factors listed above that are used in determining the base salaries for the other NEOs.

The Compensation Committee has not developed specific quantitative or qualitative performance measures or other specific criteria for determining the compensation of the Company's Chief Executive Officer, primarily because the Company does not yet have a producing mine or other operations from which such quantitative data can be derived.

The determination of the Chief Executive Officer's compensation in 2013 was based on an internal survey of other companies previously listed, was subjective, and based on the progress of the proceedings relating to the resolution of the investment dispute with Venezuela, and the pursuit of new corporate opportunities.

Other NEO's Compensation

In determining the compensation of the other NEOs, the compensation during 2013 was also based on an internal survey of other companies, was subjective, and based on the progress of the proceedings relating to the resolution of the investment dispute with Venezuela, and the pursuit of new corporate opportunities. Generally, the Compensation Committee considers prior compensation and equity grants when considering current compensation.

Change of Control Agreements

The Company maintains Change of Control Agreements with each of the NEOs which were implemented by the Board to induce the NEOs to remain with the Company and continue their involvement in the then ongoing development of the Brisas project and more recently, resolution of the investment dispute with Venezuela and the pursuit of new corporate opportunities. A "Change of Control" means one or more of the following: the acquisition by any individual, entity or group, of beneficial ownership of the Company of 25 percent of the voting power of the outstanding Common Shares; a change in the composition of the Board that causes less than a majority of the current directors of the Board to be members of the incoming board; reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company; liquidation or dissolution of the Company; or any other event the Board reasonably determines constitutes a Change of Control. Change of Control benefits become payable under the terms of the Change of Control agreements if, within 12 months following a Change of Control, the employee's employment is terminated by the Company or the surviving or successor entity without cause or the employee voluntarily terminates his/her employment for reasons specified under the respective Change of Control Agreement. Such reasons include a substantial alteration in the nature or status of employment responsibilities or a reduction in compensation or benefits.

The Board believes these individuals' familiarity and long-standing involvement with the Brisas project are important assets to the Company and their continued employment is important to resolve the dispute with Venezuela. The Board believes that the loss of their continued services could have a detrimental impact on the successful outcome of the arbitration, the potential settlement of the dispute with Venezuela, and the successful sale of assets associated with the Brisas Project.

See "Termination and Change of Control Benefits".

SUMMARY COMPENSATION TABLE

The following table discloses the compensation paid or granted by the Company to the NEOs for each of the fiscal years ended December 31, 2013, 2012, and 2011.

The amounts related to the Option-based awards and the Share-based awards (which are no longer allowed under TSXV regulations) do not necessarily represent the value of the shares when vesting occurs, the value of the options when exercised, or value the employee may realize from the sale of the shares.

No Share-based Awards or Option-based Awards were granted to the NEO's during 2013.

For Share-based awards granted in 2012, the amount represents the aggregate grant date fair value computed by multiplying the number of shares granted with the grant date fair value of \$3.03 per share, the price of the Common Shares on the grant date of January 30, 2012. The number of shares granted to each NEO was as follows: Mr. Timm, 100,000; Mr. McGuinness, 75,000; Mr. Belanger, 100,000; and Ms. Smith, 60,000.

On January 30, 2012, the Company granted options to the NEOs as follows: Mr. Timm, 394,000; Mr. McGuinness, 112,000; Mr. Belanger, 376,000; and Ms. Smith, 108,000; with an exercise price of \$2.89 per share. The fair value of these options at the date of grant was estimated using the Black-Scholes valuation model, which valuation model the Company has determined to be the most accurate measure of value for option-based awards (“Black-Scholes”) with the following assumptions: a 2.9 year expected term; expected volatility of 65%; risk free interest rate of 0.29% per annum; and a dividend rate of 0%. The weighted average grant date fair value of the options granted during 2012 was calculated at approximately \$1.22. The options vested as follows: 34% immediately, 33% on July 30, 2012, and 33% on January 30, 2013.

On January 3, 2011, the Company granted options to the NEOs as follows: Mr. Timm, 480,000; Mr. McGuinness, 190,000; Mr. Belanger, 455,000; and Ms. Smith, 168,000; with an exercise price of \$1.82 per share. The fair value of these options at the date of grant was estimated using Black-Scholes with the following assumptions: a 4.7 year expected term; expected volatility of 107%; risk free interest rate of 1.88% per annum; and a dividend rate of 0%. The weighted average grant date fair value of the options granted during 2011 was calculated at approximately \$1.39. The options vest in 25% increments over a three year period on January 3, 2011, December 1, 2011, December 1, 2012, and December 1, 2013.

Represents the Company’s contribution in the form of cash to each of the NEOs allocated to the KSOP Plan for 2013.

Represents the Company’s contribution of \$25,000 to each of the NEOs in the form of cash allocated to the KSOP Plan for 2012 and a payment of a waiver of Change of Control Rights in connection with the restructuring of the 5.5% convertible notes due 2022 approved by the Shareholders on June 27, 2012 as follows: Mr. Timm \$75,000; Mr. McGuinness \$45,000; Mr. Belanger \$67,500; and Ms. Smith \$29,750.

Represents the Company’s contribution of \$32,499 in the form of cash and stock allocated to the KSOP Plan in 2011 for each NEO and a cash bonus as follows: Mr. Timm, \$17,885; Mr. McGuinness, \$6,923; Mr. Belanger, \$19,212; and Ms. Smith \$3,433.

(1) The “Value of Unexercised in-the-money options” was calculated by determining the difference between the market value of the securities underlying the option at the end of the financial year and the exercise price of such options. At December 31, 2013 the closing price of the Class A Shares on the OTCQB was \$3.43.

OPTIONS AND STOCK VESTED DURING THE YEAR

The following table sets forth information for NEOs regarding the vesting of previously granted restricted stock and the value of stock options vesting during 2013.

Name	Option-based awards – Value vested during the year (1) \$	Share-based awards – Value vested during the year (2) \$	Non-equity incentive plan compensation – Value earned during the year \$
Rockne J. Timm Chief Executive Officer	190,502	145,000	-
Robert A. McGuinness Vice President Finance and CFO	74,101	108,750	-
A. Douglas Belanger President	180,655	145,000	-
Mary E. Smith Vice President Administration and Secretary	65,788	87,000	-

(1) The stock option value represents the aggregate value that would have been realized if the options had been exercised on the vesting date during the financial year ended December 31, 2013. As these options were not exercised, the amounts do not necessarily reflect amounts realized by the NEOs during the year.

(2) The Formerly Restricted Shares, granted on January 30, 2012, vested on March 26, 2013 as follows: Mr. Timm, 50,000; Mr. McGuinness, 37,500; Mr. Belanger, 50,000; and Ms. Smith, 30,000. The value was calculated by multiplying the total number of Formerly Restricted Shares vesting times \$2.90, the price of the shares on the OTCQB on March 26, 2013.

INCENTIVE PLANS

The 2012 Equity Incentive Plan, as amended and restated (the “2012 Plan”)

The 2012 Plan was adopted by the Board for the employees, officers, directors and consultants of the Company and its subsidiaries and permits the grant of stock options, which are exercisable for Class A Shares.

The 2012 Plan was re-approved on June 11, 2013 and permitted the grant of stock options of up to 10% of the issued and outstanding Class A Shares of the Company on a rolling basis.

In 2014, pursuant to the approval of the TSXV, the Board amended and restated the 2012 Plan changing the maximum number of Class A Shares issuable under options granted under the 2012 Plan from a “rolling” 10% of the outstanding Class A Shares to a fixed number of 7,550,000 Class A Shares. At the date of this Circular there were 5,405,500 options outstanding and 2,144,500 available for grant.

Securities Authorized for issuance under Equity Compensation Plans

The following table sets forth certain information regarding the 2012 Plan as of December 31, 2013:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under 2012 Plan
2012 Equity Incentive Plan approved by Shareholders	5,443,000	\$2.21	2,159,265
Equity compensation plans not approved by Shareholders	N/A	N/A	N/A
Total	5,443,000		2,159,265

The Company provides newly issued shares to satisfy stock option exercises. The grants are made for terms of up to ten years with vesting periods as required by the TSXV and as may be determined by a committee established pursuant to the 2012 Plan, or in certain cases, by the Company’s board of directors.

The 2012 Plan was established to provide incentives to qualified parties to increase their proprietary interest in the Company and thereby encourage their continuing association with the Company. The 2012 Plan is administered by a committee of the Board, and in certain cases by the Board, established pursuant to the terms of the 2012 Plan.

In accordance with the rules of the TSXV the number of Class A Shares which may be reserved for issuance to any one person may not exceed 5% of the issued shares in a 12-month period, calculated as at the date the stock options

are granted to such person. In addition pursuant to such rules and as set forth in the 2012 Plan, the Company may not grant stock options providing for the issuance of more than 2% of the issued Class A Shares to any one consultant in any 12-month period, calculated as at the date the stock options are granted to such consultant, and the Company may not grant stock options providing for the issuance, in the aggregate, of more than 2% of the issued Class A Shares to all persons retained to conduct investor relations activities in any 12-month period, calculated as at the date the stock options are granted to such persons.

The 2012 Plan also provides for the following:

- a) stock options granted under the 2012 Plan will have an expiry date not to exceed 10 years from the date of grant;
- b) any stock options granted that expire or terminate for certain reasons without having been exercised will again be available under the 2012 Plan;
- c) stock options will vest as required by the TSXV and as may be determined by a committee established pursuant to the 2012 Plan, or in certain cases, by the Company's board of directors;
- d) the minimum exercise price of any stock options issued under the 2012 Plan will be the last previous closing price on the date of grant, subject to the requirements of the Exchange; and
- e) the Company's board of directors is authorized to grant to participants that number of stock options under the 2012 Plan not exceeding 7,550,000 of the issued and outstanding Class A Shares of the Company, less the number of currently outstanding stock options.

Amendments to the 2012 Plan may be made by the board of directors of the Company without shareholder approval to:

- (i) amend the 2012 Plan to correct typographical, grammatical or clerical errors;
- (ii) change the vesting provisions of an option granted under the 2012 Plan, subject to prior written approval of the TSXV, if applicable;
- (iii) change the termination provision of an option granted under the 2012 Plan if it does not entail an extension beyond the original expiry date of such option;
- (iv) make such amendments to the 2012 Plan as are necessary or desirable to reflect changes to securities laws applicable to the Company;
- (v) make such amendments as may otherwise be permitted by the Exchange, if applicable; and
- (vi) amend the 2012 Plan to reduce the benefits that may be granted to new plan participants.

The board of directors of the Company is of the view that the 2012 Plan provides the Company with the flexibility to attract and maintain the services of executives, employees and other service providers in competition with other companies in the industry.

KSOP Plan

The Company's subsidiary, Gold Reserve Corporation, maintains a KSOP Plan for the benefit of eligible employees. The KSOP Plan consists of two components— a salary reduction component (401(k)) and stock ownership component (ESOP). Eligible employees are those who have been employed for a period in excess of one year and who have worked at least 1,000 hours during the year in which any allocation is to be made.

Employee contributions to the 401(k) component of the KSOP Plan are limited in each year to the total amount of salary reduction the employee elects to defer during the year, which is limited in 2014 to \$17,500 (\$23,000 limit for participants who are 50 or more years of age, or who turn 50 during 2014).

Employer contributions, stated as a percentage of eligible compensation, are determined each year by the Board and allocations are made in the form of Class A Shares or by cash. The number of Class A Shares released for allocation is determined by multiplying the total eligible compensation by the contribution percentage approved by the Board and dividing that number by the average price of the Class A Shares remaining in the KSOP Plan for distribution. The employer contributions are disclosed under "Executive Compensation – Summary Compensation Tables", under the column "All Other Compensation". All contributions, once made to the individual's account under the KSOP Plan, are thereafter self-directed.

Total employer and employee annual contributions to an employee participating in both the 401(k) and ESOP components of the KSOP Plan are limited (in 2014) to a maximum of \$52,000 (\$57,500 limit for participants who are 50 or more years of age or who turn 50 during 2014). The annual dollar limit is an aggregate limit which applies to all contributions made under this plan or any other cash or deferral arrangements. For KSOP Plan year 2014 the Company has adopted a minimum "Safe Harbor" contribution of 3% of eligible compensation.

Distributions from the KSOP Plan are not permitted before the participating employee reaches the age of 59 and six months, except in the case of death, disability, termination of employment by the Company or financial hardship. The employee stock ownership component of the KSOP Plan is qualified under Sections 421 and 423 of the U.S. Internal Revenue Code of 1986, as amended.

Allocated contributions to eligible KSOP Plan participants (10 participants for 2013) for plan years 2013, 2012, and 2011 were \$171,895, \$168,909, and \$237,919, respectively. Contributions were made in the form of cash for 2013 and 2012 and a combination of cash and stock for 2011. As of December 31, 2013, no Class A Shares remained in the KSOP Plan to be allocated to KSOP Plan participants.

Retention Units

The Company presently has a Director and Employee Retention Plan (the "Retention Plan") for the primary purposes of: (1) attracting and retaining directors, management and personnel with the training, experiences, and ability to enable them to make a substantial contribution to the success of the business of the Company, (2) to motivate participants by means of growth-related incentives to achieve long range goals, (3) to further the identity of interests of participants with those of the Company's shareholders through equity-based incentive opportunities and (4) to allow each participant to share in the value of the Company following the grant of retention units.

Under the Retention Plan, the Board or a committee thereof may grant retention units (the "Units") to directors and certain key employees of the Company or its subsidiaries. Individuals become eligible to participate if the Board or a committee thereof determines that the individual can assist the Company in achieving corporate milestones, influence the growth of the Company, or that the individual's performance warrants further incentive or reward. Current

participants in the Retention Plan include all directors, officers, and certain other employees, all of whom have signed award agreements.

The current vesting of the Units is based upon the occurrence of certain major corporate milestones: 50% upon successfully financing the Brisas project and 50% upon placing the Brisas project into production. The Units also become fully vested and payable upon a change of control. The Board has considered, but has not yet acted upon, alternative vesting provisions for the Units to more adequately reflect the current business objectives of the Company.

Subject to a vesting provision, each Unit granted to participating directors and employees entitles such persons to receive a cash payment equal to the fair market value of one Class A Share (a) on the date the Unit was granted or (b) on the date any such participant becomes entitled to payment, whichever is greater.

No Units were granted to directors, executive officers, or employees in 2013, 2012, or 2011. As of December 31, 2013, an aggregate of 1,457,500 unvested Units have been granted to directors and executive officers; 315,000 Units have been granted to other employees. The aggregate value of the outstanding awards as of December 31, 2013 was \$7,694,200.

TERMINATION AND CHANGE OF CONTROL BENEFITS

Termination of Employment, Change in Responsibilities and Employment Contracts

At this time, there are no written employment agreements between the Company and the NEOs.

The Company maintains Change of Control Agreements with each of the NEOs, which were implemented by the Board to induce the NEOs to remain with the Company in the event of a change of control. The Board believes these individuals' familiarity and long-standing involvement with the Brisas project are important assets to the Company and their continued employment is important to resolve the dispute with Venezuela. The Board believes that the loss of their continued services could have a detrimental impact on the successful outcome of the arbitration, potential settlement of the dispute, and the successful sale of assets associated with the Brisas Project.

Existing Change of Control Arrangements with Executive Officers

Beginning in 2003, the Company entered into Change of Control Agreements with each of the NEOs and three other employees. Other than as disclosed herein, no other executive officers, directors or affiliates of the Company have Change of Control Agreements with the Company.

A Change of Control means one or more of the following: the acquisition by any individual, entity or group, of beneficial ownership of the Company of 25 percent of the voting power of the outstanding Common Shares; a change in the composition of the Board that causes less than a majority of the current directors of the Board to be members of the incoming board; reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company; liquidation or dissolution of the Company; or any other event the Board reasonably determines constitutes a Change of Control.

In connection with the 2012 restructuring of the Company's 5.5% convertible notes due 2022, members of management and the directors agreed to limited waivers of their rights under their respective change in control agreements.

Pursuant to the Change of Control Agreements, in the event of a Change of Control each participant is entitled to, among other things, continue employment with the Company and, if the participant's employment is terminated within 12 months following the Change of Control for any reason other than termination by the Company for cause, such participant will be entitled to receive, among other things:

- An amount equal to 24 times his or her monthly salary (36 times for Mr. Timm and Mr. Belanger), determined as of the date immediately prior to termination or the Change of Control, whichever is greater (the Change of Control time period of 24 months compared to 36 months is based primarily on seniority of position and responsibility and length of service with the Company);
- An amount equal to two years of the Company's KSOP contributions (based upon the maximum allowable allocation pursuant to applicable law and the participant's annual salary immediately prior to his or her termination date or the Change of Control, whichever is greater);
- An amount equal to the aggregate of all bonuses received during the 12 months prior to his or her termination date, plus any amounts required to be paid in connection with unpaid vacation time;
- A payment equal to two times the monthly premium for maintenance of health, life, accidental death and dismemberment, and long term disability insurance benefits for a period of 36 months;
- Cause all equity awards or equity-based awards (including options and restricted shares) granted to the participant to become fully vested and unrestricted;
- At the election of the participant, the buy-out of the cash value of any unexercised options based upon the amount by which the weighted average trading price of the Class A Shares for the last five days preceding the date the participant makes such election exceeds the exercise price of the options; and
- A payment equal to the value of the participant's vested retention units in accordance with the Retention Plan.

As further discussed in the following two paragraphs, the participants are entitled to receive certain "gross-up payments" (that is, an excess parachute gross-up payment and a deferred compensation gross-up payment) if payments that he or she receives are subject to the excise tax under Code Section 4999 on excess parachute payments or the additional tax and interest factor tax under Code Section 409A on deferred compensation. The intent of these gross-up payments is to put the participant in the same position, after tax, that he or she would have been in if the payments that the participant received had not been subject to the excise and additional taxes.

The Change of Control Agreements also provide for a gross-up payment if any payment made to or for the benefit of a participant ("Excess Parachute Payment") would be subject to the excise tax imposed by Code Section 4999, or any interest or penalties are incurred by the participant with respect to such excise tax. The Company will pay to the participant an additional payment ("Excess Parachute Gross-Up Payment") in an amount such that after payment by the participant of all taxes on the Excess Parachute Gross-Up Payment, the participant retains an amount of the Excess Parachute Gross-Up Payment equal to the excise tax (and any interest or penalties) imposed upon the participants Excess Parachute Payment.

The Change of Control Agreements further provide for a gross-up payment if any payment made to or for the benefit of a participant ("Deferred Compensation Payment") would be subject to the additional tax or additional interest on any underpayment of tax imposed by Code Section 409A, or any interest or penalties are incurred by the participant with respect to such additional tax or underpayment of tax. The Company will pay to the participant an additional payment ("Deferred Compensation Gross-Up Payment") in an amount such that after payment by the participant of all taxes on the Deferred Compensation Gross-Up Payment, the participant retains an amount of the Deferred Compensation Gross-Up Payment equal to the additional tax and additional interest on any underpayment of tax (and any interest or penalties) imposed upon the participant's Deferred Compensation Payment.

Payments may be delayed six months under Code Section 409A. In the event of such a delay, the delayed payments will be made to a rabbi trust. Upon the completion of the six-month delay period, the payments held in the rabbi trust will be paid to the participant plus interest at the prime rate. The Company will pay all costs associated with the rabbi trust.

Participants would have been entitled to collectively receive an aggregate of approximately \$14,307,641 if a Change of Control had occurred on December 31, 2013. This amount assumes all persons with Change of Control Agreements elect the buy-out of their options as described above. For purposes of such calculation, Gold Reserve assumed the election was made on December 31, 2013, which resulted in share price of \$3.43 per share. This amount was determined exclusive of any gross-up payments, which payments could be substantial depending on the tax position of each individual.

The following table represents the estimated payout for employees holding Change of Control Agreements at December 31, 2013. These amounts were determined exclusive of any gross-up payments, which could be substantial depending on the tax position of each individual.

(1) Represents the estimated payout as of December 31, 2013 of the associated salary, vacation, KSOP contribution, bonus and insurance.

(2) Represents the payout of stock options.

(3) Represents the payment associated with the value of the Units on December 31, 2013 and does not include 500,000 retention units for non-employee directors equal to \$2,210,000.

DIRECTOR COMPENSATION**Summary Director Fee Tables**

During 2013, the Board agreed to pay \$36,000 to each non-employee director in quarterly installments of \$9,000 per quarter, payable on June 14, 2013, July 15, 2013, October 15, 2013, and January 15, 2014. Mr. Coleman received \$100,000 for his role as Chairman.

The amount related to Option-based awards does not necessarily represent the value of the shares when vesting occurs, the value of the options when exercised, or value the director may realize from the sale of the shares.

(1) Represents cash fees granted as director during the year.

(2) On June 11, 2013, the Company granted 50,000 options to each of the non-executive directors with an exercise price of \$3.00 per share. The fair value of these options at the date of grant was estimated using Black-Scholes with the following assumptions: a 2.0 year expected term; expected volatility of 59%; risk free interest rate of 0.34% per annum; and a dividend rate of 0%. The weighted average grant date fair value of the options granted during 2013 was calculated at approximately \$0.98. The options were immediately vested on June 11, 2013.

(3) Represents cash fees of \$100,000 earned as Chairman during the year.

1.

Directors of the Company received no additional compensation for serving on Board committees or for attendance at the Board or committee meetings.

(1) The "Value of Unexercised in-the-money options" was calculated by determining the difference between the market value of the securities underlying the option at the end of the financial year and the exercise price of such options. At December 31, 2013 the closing price of the Class A Shares on the OTCQB was \$3.43.

The following table sets forth information for the directors other than the NEOs regarding the vesting of previously granted restricted stock and the value of stock options vesting during 2013.

Name	Option-based awards – Value vested during the year (1)	Share-based awards – Value vested during the year (2)	Non-equity incentive plan compensation – Value earned during the year

(1) The stock option value represents the aggregate value that would have been realized if the options had been exercised on the vesting date during the financial year ended December 31, 2013. As these options were not exercised, the amounts do not necessarily reflect amounts realized by the NEOs during the year.

(2) The Formerly Restricted Shares for each Director vested on March 26, 2013. The value was calculated by multiplying the total number of Formerly Restricted shares vesting times \$2.90, the price of the shares on the OTCQB on March 26, 2013.

Directors and Officers Insurance

The Company carries directors and officers' liability insurance which is subject to a total aggregate limit of \$20,000,000 and deductibles from \$100,000 to \$1,000,000 depending on the nature of the claim. The annual premium for the latest policy period was \$323,000.

2012 BONUS POOL PLAN

The Board of Directors approved the 2012 Bonus Pool Plan ("Bonus Plan"), which is intended to reward the participants in the Bonus Plan, including NEOs, employees, directors and consultants, for their past and future contribution related to among other things: (i) the development of the Brisas Project to the construction stage and subsequent issuance of the environmental permit to commence construction of the Brisas Project; (ii) the manner in which the Brisas Project development effort was carried out allowing the Company to present a compelling and vigorous defense of its arbitration claim; (iii) the support of the Company's execution of the arbitration proceedings through the filing of numerous memorandum and exhibits as well as the oral hearings; and (iv) the on-going efforts to assist with positioning the Company to collect, in the most optimum manner, any proceeds or other consideration related to the arbitration claim and/or sale of Brisas Project mining data assets that the Company may be entitled to as management considers in the best interest of all stakeholders. All awards payable under the Bonus Plan are payable in cash.

The bonus pool under the Bonus Plan will generally be comprised of the gross proceeds or the fair value of any consideration related to such transactions less certain deductions and applicable taxes (except in the case of an Enterprise Sale as described below where gross proceeds will be considered before any applicable taxes and after any Change of Control payments) times 1% of the first \$200 million and 5% thereafter of any consideration received.

The bonus pool, will be established and separate bonus amounts will be determined, if and when the Company (i) recovers any settlement, award, or other payment made or other consideration transferred to the Company or any of its affiliates arising out of, in connection with or with respect to the Arbitration Proceedings, including, but not limited to the proceeds received by the Company or its affiliates from a sale, pledge transfer or other disposition, directly or indirectly, of the Company's rights with respect to the Arbitration Proceedings; (ii) sells, pledges, transfers or disposes, directly or indirectly, of all or any portion of the Brisas Project mining data, or (iii) in the event the Company or its shareholders, directly or indirectly, engage in any (a) merger, plan of arrangement or other business combination transaction involving the Company or any of its subsidiaries, (b) a sale, pledge, transfer or other disposition of 85% or more of the Company's then outstanding shares or (c) sale, pledge, transfer or other disposition, directly or indirectly, of all or substantially all of the assets of the Company ("Enterprise Sale").

The Bonus Plan is managed by a Committee of independent directors who have the authority to select each individual for participation in the Bonus Plan and fix the relative percentage of the total pool to be distributed to each participant. Participation in the Bonus Plan vests upon the participant's selection by the Committee, subject to voluntary termination of employment or termination for cause.

INDEBTEDNESS OF DIRECTORS, EXECUTIVE OFFICERS AND SENIOR OFFICERS OTHER THAN SECURITIES PURCHASE PROGRAMS

No director, executive officer or senior officer, or associate or affiliate of any such director, executive officer or senior officer, is, or at any time since the beginning of the most recently completed financial year of the Company was, indebted to the Company.

AUDIT COMMITTEE INFORMATION

Audit Committee Charter

The Audit Committee of the Board operates within a written mandate, as approved by the Board, which describes the Committee's objectives and responsibilities. The full text of the Audit Committee Charter, as amended as of April 2011, is attached as "Appendix A" to this Circular.

Membership and Role of the Audit Committee

The Audit Committee consists of Chris D. Mikkelsen (Chairman), Jean Charles Potvin, and Patrick D. McChesney. The Board has determined each member of the Audit Committee to be "independent" and "financially literate" as such terms are defined under Canadian securities laws. Further, each member of the Audit Committee satisfies the definition of "independent" director as established under the SEC rules. In addition, each member of the Audit Committee is financially literate and the Board has determined that Chris D. Mikkelsen qualifies as an audit committee "financial expert" as defined by SEC rules. The Board has made these determinations based on the education and experience of each member of the Committee.

Mr. Mikkelsen has an extensive background in providing operational and tax advice to a wide variety of clients and businesses. He is actively involved as a board member in local charitable and civic organizations. He has considerable knowledge of the Company and currently serves on the audit and compensation committees.

Mr. Potvin is also a director and a member of the audit committee of Azimut Exploration Ltd., a publicly listed mineral exploration company. Mr. Potvin holds a Bachelor of Science degree in Geology from Carleton University and an MBA from the University of Ottawa. He spent nearly 14 years as a mining investment analyst for a large Canadian investment brokerage firm (Burns Fry Ltd., now BMO Nesbitt Burns Inc.).

Mr. McChesney was a certified public accountant and a financial officer of an operating gold mining company and has been president and a director of a company that manufactured automated test equipment for the semiconductor industry. He has been involved in the mining industry since 1983 and has considerable knowledge regarding the Company's activities in Venezuela and currently serves on the audit and compensation committees.

The Audit Committee met four times during 2013 at which attendance, in person or by phone, averaged 100%. The Audit Committee's principal functions are to assist the Board in fulfilling its oversight responsibilities, and to specifically review: (i) the integrity of our financial statements; (ii) the independent auditor's qualifications and independence; (iii) the performance of our system of internal audit function and the independent auditor; and (iv) our compliance with laws and regulations, including disclosure controls and procedures. During 2013, the Audit Committee worked with management, our internal auditor and our independent auditor to address Sarbanes-Oxley Section 404 internal control requirements.

The Audit Committee reviews our financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements, the reporting process and maintaining an effective system of internal control over financial reporting. Our independent auditors are engaged to audit and express opinions on the conformity of our financial statements to accounting principles generally accepted in the United States, and the effectiveness of our internal control over financial reporting.

External Auditor Service Fees

Fees paid to the Company's independent external auditor, PricewaterhouseCoopers LLP, for the fiscal years ended December 31, 2013 and 2012 are detailed in the following table:

Fee Category	Year Ended 2013	Year Ended 2012
Audit Fees ⁽¹⁾	\$60,152	\$116,850
Audit Related Fees ⁽²⁾	60,181	38,651
Tax Fees ⁽³⁾	5,855	6,128
All Other Fees	-	-
Total	\$126,188	\$161,629

All fees for services performed by the Company's external auditors during 2013 were pre-approved by the Audit Committee.

(1) Audit fees were for professional services rendered by PricewaterhouseCoopers LLP for the audit of the Company's annual financial statements.

(2) Audit-related fees were for the review of the Company's quarterly financial statements and services provided in respect of other regulatory-required auditor attest functions associated with government audit reports, registration statements, prospectuses, periodic reports and other documents filed with securities regulatory authorities or other documents issued in connection with securities offerings.

(3) Tax fees were for services outside of the audit scope and represented consultations for tax compliance and advisory services relating to common forms of domestic and international taxation.

Pre-approval Policies and Procedures

The Company's Audit Committee has adopted policies and procedures for the pre-approval of services performed by the Company's external auditors, with the objective of maintaining the independence of the external auditors. The Company's policy requires that the Audit Committee pre-approve all audit, audit-related, tax and other permissible non-audit services to be performed by the external auditors, including all engagements of the external auditors with respect to the Company's subsidiaries. Prior approval of engagements for services other than the annual audit may, as required, be approved by the Chair of the Committee with the provision that such approvals be brought before the full Committee at its next regular meeting. The Company's policy sets out the details of the permissible non-audit services consistent with the applicable Canadian independence standards for auditors. The Chief Financial Officer presents the details of any proposed assignments of the external auditor for consideration by the Audit Committee. The procedures do not include delegation of the Audit Committee's responsibilities to management of the Company.

NOMINATING COMMITTEE INFORMATION

Nominating Committee Charter

The Nominating Committee currently has no written charter.

Membership and Role of the Nominating Committee

The Nominating Committee is composed of the following three (3) directors:

James H. Coleman

Chris D. Mikkelsen

Jean Charles Potvin

The Board had determined each member of the Nominating Committee satisfies the definition of “independent” director as established under National Instrument 58-101 of the Canadian Securities Administrators.

The Nominating Committee assists the Board in fulfilling its responsibilities with respect to the composition of the Board, including recommending candidates for election or appointment as director of the Company.

In considering and identifying new candidates for Board nomination, the Board, where relevant, addresses succession and planning issues; identifies the mix of expertise and qualities required for the Board; assesses the attributes new directors should have for the appropriate mix to be maintained; arranges for each candidate to meet with the Board Chair and the CEO; recommends to the Board as a whole proposed nominee(s) and arranges for their introduction to as many Board members as practicable; and encourages diversity in the composition of the Board.

CORPORATE GOVERNANCE

Applicable Canadian securities laws require listed corporations to disclose their approach to corporate governance. The Company’s disclosure in this regard is set out in “Appendix B” to this Circular.

Board Leadership Structure

Currently, the positions of Chairman of the Board and Chief Executive Officer are separate. Our Board does not have a policy on whether these roles should be separate or combined, but believes that the most effective leadership model for the Company at this time is to have these roles separated. Our current Chairman is independent and is responsible for providing leadership to the Board. In addition, having a separate Chairman and Chief Executive Officer allows Board members to raise issues without involving senior management, allows the Chairman to serve as a liaison between the Board and senior management, and allows the Chief Executive Officer to devote his time and focus to the management of the Company. The Board retains flexibility to determine whether these roles should be separate or combined in one individual in the future.

Risk Oversight

The various committees of the Board assist the Board in its responsibility for oversight of risk management. In particular, the Audit Committee focuses on major financial risk exposures, the steps management has taken to monitor and control such risks, and, if appropriate, discusses with the independent auditor the guidelines and policies governing the process by which senior management and the relevant departments of the Company assess and manage the Company's financial risk exposure and operational/strategic risk. We believe this arrangement maximizes the risk oversight benefit while providing for an appropriate leadership structure.

Communication with Board Members

Any Shareholder or other interested party that desires to communicate with the Board of Directors or any of its specific members, including the chairman or the non-management directors as a group, should send their communication to the Secretary, Gold Reserve Inc., 926 W. Sprague Avenue, Suite 200, Spokane, Washington 99201. All such communications will be forwarded to the appropriate members of the Board.

Code of Conduct and Ethics

The Board has adopted the Gold Reserve Inc. Code of Conduct and Ethics which can be found at www.goldreserveinc.com under Investor Relations – Corporate Governance and is available in print to any Shareholder who requests it from the Company by writing to us at Gold Reserve Inc., 926 W. Sprague Ave. Suite 200, Spokane, WA 99201, Attn: Investor Relations.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as set forth in this Circular, no proposed nominee for election as a director of the Company and no person who has been a director or senior officer of the Company at any time since the beginning of the last financial year, nor any associate or affiliate of any of the foregoing, has any material interest, directly or indirectly, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon other than the election of directors or the appointment of auditors.

INTERESTS OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

No informed person or any proposed director of the Company, or any of the associates or affiliates of those persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any transaction since the commencement of the Company's most recently completed financial year or in any proposed transaction which has, in either case, materially affected or would materially affect the Company or any of its subsidiaries.

For the purposes of the above, "informed person" means: (a) a director or executive officer of the Company; (b) a director or executive officer of a person or company that is itself an informed person or subsidiary of the Company; (c) any person or company who beneficially owns, or controls or directs, directly or indirectly, voting securities of the Company or a combination of both carrying more than 10% of the voting rights attached to all outstanding voting securities of the Company other than voting securities held by the person or company as underwriter in the course of a distribution; and (d) the Company after having purchased, redeemed or otherwise acquired any of its securities, for so long as it holds any of its securities.

SHAREHOLDER PROPOSALS

Under s. 138(5) of the Yukon Business Corporations Act, a corporation is not required to comply with the requirements to put forward a shareholder proposal if the proposal is not submitted to the corporation at least 90 days before the anniversary date of the previous annual meeting of the shareholders. The deadline under this rule for shareholder proposals at the 2015 Annual General Meeting is March 12, 2015.

ANY OTHER MATTERS

Management of the Company knows of no matters to come before the Meeting other than those referred to in the Notice of Annual Meeting of Shareholders accompanying this Circular. However, if any other matters properly come before the Meeting, it is the intention of the persons named in the form of proxy accompanying this Circular to vote the same in accordance with their best judgment of such matters.

APPENDIX A

CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Purpose

The primary purposes of the Audit Committee (the “Committee”) are to oversee on behalf of the Board of Directors (“Board”) of Gold Reserve Inc. (the “Company”):

- the Company’s accounting and financial reporting processes and the integrity of its financial statements;
- the audits of the Company’s financial statements and the appointment, compensation, qualifications, independence and performance of the Company’s independent auditors; and
- the Company’s compliance with legal and regulatory requirements.

The Committee also has the purpose of preparing the financial report that rules of the U.S. Securities and Exchange Commission (the “SEC”) or the Ontario Securities Commission (the “OSC”) require the Company to include in its annual proxy or information statement and annual report with the SEC and/or its equivalent filed with the OSC.

The Committee’s function is one of oversight only and does not relieve management of its responsibilities for preparing financial statements that accurately and fairly present the Company’s financial results and condition, nor the independent auditors of their responsibilities relating to the audit or review of financial statements.

Organization

The Committee shall consist of at least three directors. The Board shall designate a Committee member as the chairperson of the Committee, or if the Board does not do so, the Committee members shall appoint a Committee member as chairperson by a majority vote of the authorized number of Committee members.

All Committee members shall be “independent,” as defined and to the extent required in the applicable SEC and OSC rules and American Stock Exchange (“NYSE-Amex”) and TSXV listing standards and applicable laws and regulations, as they may be amended from time to time (collectively, such SEC and exchange requirements are referred to as the “listing standards”), for purposes of audit committee membership.

Notwithstanding the foregoing, one director who is not independent as defined by the AMEX listing standards, but who satisfies the requirements of Rule 10A-3 under the Securities Exchange Act of 1934, and is not a current officer or employee or an immediate family member of such officer or employee, may be appointed to the Committee if the Board, under exceptional and limited circumstances, determines that membership on the Committee by the individual is in the best interests of the Company and its shareholders, and the Board

discloses, in the next periodic filing made with the SEC subsequent to such determination, the nature of the relationship and the reasons for that determination; provided, however, that any such non-independent Committee member may only serve on the Committee for two (2) years and may not serve as the chairperson of the Committee.

A-1

Each Committee member shall be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement, and cashflow statement upon appointment to the Committee. At all times there shall be at least one member of the Committee who, in the Board's business judgment, is an audit committee "financial expert" as defined in the SEC rules and is "financially sophisticated" as defined in the AMEX listing standards.

Subject to the requirements of the listing standards, the Board may appoint and remove Committee members in accordance with the Company's by-laws. Committee members shall serve for such terms as may be fixed by the Board, and in any case at the will of the Board whether or not a specific term is fixed.

Independent Auditors and Their Services

The Committee shall have the sole authority and direct responsibility for the appointment, compensation, retention, termination, evaluation and oversight of the work of the independent auditors engaged by the Company for purposes of preparing or issuing an audit report or related work or performing other audit, review or attest services for the Company. The independent auditors shall report directly to the Committee. The Committee's authority includes the resolution of disagreements between management and the auditors regarding financial reporting.

The Committee shall pre-approve all audit, review, attest and permissible non-audit services to be provided to the Company or its subsidiaries by the independent auditors. The Committee may establish pre-approval policies and procedures in compliance with applicable listing standards. The Committee shall obtain and review, at least annually, a report by the independent auditors describing:

- the firm's internal quality-control procedures; and
- any material issues raised by the most recent internal quality-control review, or peer review, of the auditing firm or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues.

In addition, the Committee's annual review of the independent auditors' qualifications shall also include the review and evaluation of the lead partner of the independent auditors for the Company's account, and evaluation of such other matters as the Committee may consider relevant to the engagement of the auditors, including views of company management and internal finance employees, and whether the lead partner or auditing firm itself should be rotated.

Annual Financial Reporting

As often and to the extent the Committee deems necessary or appropriate, but at least annually in connection with the audit of each fiscal year's financial statements, the Committee shall:

1. Review and discuss with appropriate members of management the annual audited financial statements, related accounting and auditing principles and practices, and (when required of management under the applicable listing standards) management's assessment of internal control over financial reporting.
2. Timely request and receive from the independent auditors the report required (along with any required update thereto) pursuant to applicable listing standards prior to the filing of an audit report, concerning:

- all critical accounting policies and practices to be used;
- all alternative treatments of financial information within generally accepted accounting principles for policies and practices relating to material items that have been discussed with company management, including ramifications of the use of such alternative disclosures and treatments and the treatment preferred by the independent auditors; and

A-2

- other material written communications between the independent auditors and company management, such as any management letter or schedule of unadjusted differences.
3. Discuss with the independent auditors the matters required to be discussed by AICPA Statement on Auditing Standards No. 61, including such matters as:
- the quality and acceptability of the accounting principles applied in the financial statements;
 - new or changed accounting policies, and significant estimates, judgments, uncertainties or unusual transactions;
 - the selection, application and effects of critical accounting policies and estimates applied by the Company;
 - issues raised by any “management” or “internal control” letter from the auditors, problems or difficulties encountered in the audit (including any restrictions on the scope of the work or on access to requested information) and management’s response to such problems or difficulties, significant disagreements with management, or other significant aspects of the audit; and
 - any off-balance sheet transactions, and relationships with any unconsolidated entities or any other persons, which may have a material current or future effect on the financial condition or results of the Company and are required to be reported under SEC rules.
4. Review and discuss with appropriate members of management the Company’s intended disclosures under “Management’s Discussion and Analysis of Financial Condition and Results of Operations” (or equivalent disclosures) to be included in the Company’s annual report filed with the SEC and the OSC.
5. Receive from the independent auditors a formal written statement of all relationships between the auditors and the Company consistent with Independence Standards Board Standard No. 1.
6. Actively discuss with the independent auditors any disclosed relationships or services that may impact their objectivity and independence, and take any other appropriate action to oversee their independence.

Quarterly Financial Reporting

The Committee’s quarterly review shall normally include:

1. Review and discuss the quarterly financial statements of the Company and the results of the independent auditors’ review of these financial statements with appropriate members of management.
2. Review and discuss with Company management and, if appropriate, the independent auditors, significant matters relating to:
 - the quality and acceptability of the accounting principles applied in the financial statements;
 - new or changed accounting policies, and significant estimates, judgments, uncertainties or unusual transactions;
 - the selection, application and effects of critical accounting policies and estimates applied by the Company; and
 - any off-balance sheet transactions and relationships with any unconsolidated entities or any other persons which may have a material current or future effect on the financial condition or results of the Company and are required to be reported under SEC rules.

3. Review and discuss with appropriate members of management the Company's intended disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations" (or equivalent disclosures) to be included in the Company's quarterly reports filed with the SEC and the OSC.

Other Functions

The Committee shall review and assess the adequacy of this charter annually, recommend any proposed changes to the full Board and, to the extent required by the listing standards, certify annually to any AMEX, TSX or other listing market that the Committee reviewed and assessed the adequacy of the charter.

The Committee shall discuss with management earnings press releases (including the type and presentation of information to be included, paying particular attention to any use of "pro forma" or "adjusted" non-GAAP information), and financial information and earnings guidance provided to analysts and rating agencies. This may be conducted generally as to types of information and presentations, and need not include advance review of each release or other information or guidance.

The Committee, to the extent it deems necessary or appropriate, shall periodically review with management the Company's disclosure controls and procedures, internal control over financial reporting and systems and procedures to promote compliance with applicable laws.

The Committee shall periodically:

- inquire of management and the independent auditors about the Company's major financial risks or exposures;
- discuss the risks and exposures and assess the steps management has taken to monitor and control the risks and exposures; and
- discuss guidelines and policies with respect to risk assessment and risk management.

The Committee shall conduct any activities relating to the Company's code(s) of conduct and ethics as may be delegated, from time to time, to the Committee by the Board.

The Committee shall establish and maintain procedures for:

- the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters; and
- the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

If the Committee so determines, the confidential, anonymous submission procedures may also include a method for interested parties to communicate directly with non-management directors.

It is the Company's policy that the Company shall not enter into transactions required to be disclosed under item 404 of the Securities and Exchange Commission's Regulation S-K or other applicable Canadian requirements unless the Committee first reviews and approves such transactions.

The Committee shall review and take appropriate action with respect to any reports to the Committee from internal or external legal counsel engaged by the Company concerning any material violation of securities law or breach of fiduciary duty or similar violation by the Company, its subsidiaries or any person acting on their behalf.

The Committee shall, from time to time as necessary, review the effect of regulatory and accounting initiatives on the financial statements of the Company. In addition, the Committee, as it considers appropriate, may consider and review with the full Board, company management, internal or external legal counsel, the independent auditors or any other appropriate person any other topics relating to the purposes of the Committee which may come to the Committee's attention.

The Committee may perform any other activities consistent with this charter, the Company's corporate governance documents and applicable listing standards, laws and regulations as the Committee or the Board considers appropriate.

Meetings, Reports and Resources

The Committee shall meet as often as it determines is necessary, but not less than quarterly. The Committee shall meet separately with management and independent auditors. In addition, the Committee may meet with any other persons, as it deems necessary.

The Committee may establish its own procedures, including the formation and delegation of authority to subcommittees, in a manner not inconsistent with this charter, the by-laws or the listing standards. The chairperson or a majority of the Committee members may call meetings of the Committee. A majority of the authorized number of Committee members shall constitute a quorum for the transaction of Committee business, and the vote of a majority of the Committee members present at a meeting at which a quorum is present shall be the act of the Committee, unless in either case a greater number is required by this charter, the by-laws or the listing standards. The Committee shall keep written minutes of its meetings and deliver copies of the minutes to the corporate secretary for inclusion in the Company's corporate records.

The Committee shall prepare any audit committee report required to be included in the Company's annual meeting proxy or information statement, and report to the Board on the other matters relating to the Committee or its purposes, as required by the listing standards. The Committee shall also report to the Board annually the overall results of its annual review of the independent auditors' qualifications, performance and independence. The Committee shall also report to the Board on the major items covered by the Committee at each Committee meeting, and provide additional reports to the Board as the Committee may determine to be appropriate, including review with the full Board of any issues that arise from time to time with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the independent auditors.

The Committee is at all times authorized to have direct, independent and confidential access to the independent auditors and to the Company's other directors, management and personnel to carry out the Committee's purposes. The Committee is authorized to conduct or authorize investigations into any matters relating to the purposes, duties or responsibilities of the Committee.

As the Committee deems necessary to carry out its duties, it is authorized to select, engage (including approval of the fees and terms of engagement), oversee, terminate, and obtain advice and assistance from outside legal, accounting, or other advisers or consultants. The company shall provide for appropriate funding, as determined by the Committee, for payment of:

- compensation to the independent auditors for their audit and audit-related, review and attest services;
- compensation to any advisers engaged by the Committee; and
- ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

Nothing in this charter is intended to preclude or impair the protection provided under corporation law for good faith reliance by members of the Committee on reports or other information provided by others.

APPENDIX B

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

In this Appendix are the Company's corporate governance practices in accordance with Canadian National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("NI 58-101"), and Canadian National Policy 58-201 – *Corporate Governance Guidelines* ("NP 58-201"), which came into force in Canada on June 30, 2005. The Company's Board has reviewed this disclosure of the Company's corporate governance practices.

	Disclosure Requirement under Form 58-101F1	Company's Governance Practices
1. (a)	Disclose the identity of directors who are independent.	The Board of Directors (the "Board") of the Company believes that Messrs. Coleman, McChesney, Mikkelsen, and Potvin are "independent" within the meaning of section 1.4 of Canadian National instrument 52-110 – <i>Audit Committees</i> ("NI 52-110") and section 1.2 of NI 58-101, as none of them is, or has been within the last three years, an executive officer or employee of the Company or party to any material contract with the Company and none of them receive remuneration from the Company in excess of directors' fees and grants of stock options. The Board believes that the four Directors are free from any interest and any business or other relationship that could, or could reasonably be perceived to, materially interfere with their ability to act independently from management or to act as a director with a view to the best interests of the Company, other than interests and relationships arising from shareholdings.
(b)	Disclose the identity of directors who are not independent, and describe the basis for that determination.	Two Directors, Mr. Timm, and Belanger, are employees of the Company and therefore not considered independent. Mr. Geyer resigned his position as Senior Vice President during 2010

- however he continues to be regarded as not-independent.
- (c) Disclose whether or not a majority of directors are independent. If a majority of directors are not independent, describe what the board of directors (the board) does to facilitate its exercise of independent judgement in carrying out its responsibilities. Four of seven, approximately 57.1% of the Company's current Directors, are independent.
- (d) If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer. Such other directorships have been disclosed in "Business of the Meeting - Item 1 - Election of Directors" section of this Circular.
- (e) Disclose whether or not the independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer's most recently completed financial year. If the independent directors do not hold such meetings, describe what the board does to facilitate open and candid discussion among its independent directors. The Board has not adopted a formal policy for the independent Directors to meet without management present before and after each regularly scheduled meeting of the Board. Without management present, the independent Directors met on three occasions, in person or by telephone during 2013 and are expected to continue to meet on a regular basis. These sessions are of no fixed duration and participating Directors are encouraged to raise and discuss any issues of concern.
- (f) Disclose whether or not the chair of the board is an independent director. If the board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities. If the board has neither a chair that is independent nor a lead director that is independent, describe what the board does to provide leadership for its independent directors. The Board has appointed James H. Coleman as its Chairman. Mr. Coleman is an independent director of the Company. One of his responsibilities is to oversee the Board processes so that it operates efficiently and effectively in carrying out its duties and to act as liaison between the Board and management.
- (g) Disclose the attendance record of each director for all board meetings held since the beginning of the issuer's most recently completed financial year. The Board held eight formal meetings during 2013 at which attendance, in person or by phone, averaged 91%. Various matters were considered and approved by written resolution during the year.
- Messrs. McChesney, Mikkelsen and Potvin attended all eight meetings. Messrs. Timm, Belanger and Geyer attended seven of the eight meetings and Mr. Coleman attended six of the eight meetings.

2. Disclose the text of the board's written mandate. If the board does not have a written mandate, describe how the board delineates its role and responsibilities.
- The Board does not have a written mandate. The Board is responsible for supervising the conduct of the Company's affairs and the management of its business. To assist the Board in implementing key policies, the Board delegates some of its responsibility to committees. Although the Board has delegated to management responsibility for the day-to-day operations of the Company, the Board has ultimate responsibility for the stewardship of the Company.
- Strategic planning is at the forefront of deliberations at meetings of the Board. Management is responsible for the development of overall corporate strategies. These strategies are under constant review by the Board and senior management.
- The Board's duties include overseeing strategic planning, reviewing and assessing principal risks to the Company's business and approving risk management strategies.
- The Board ensures that an appropriate risk assessment process is in place to identify, assess and manage the principal risks of the Company's business. Management reports regularly to the Board in relation to principal risks, which potentially could affect the Company's business activities.
- The Board reviews and approves, for release to Shareholders, quarterly and annual reports on the performance of the Company. It seeks to ensure that the Company communicates effectively with its Shareholders, respective investors and the public, including dissemination of information on a timely basis. Through its officers, the Company responds to questions and provides information to individual Shareholders, institutional investors, financial analysts and the media.

3. (a)

Disclose whether or not the board has developed written position descriptions for the chair and the chair of each board committee. If the board has not developed written position descriptions for the chair and/or the chair of each board committee, briefly describe how the board delineates the role and responsibilities of each such position.

The Board's duties include supervising and evaluating management, authorizing significant expenditures, and overseeing the Company's internal controls and information systems.

The Board has not developed a written position description for the Chair. The responsibilities of the Chair include presiding over Board meetings, assuming principal responsibility for the Board's operation and functioning, and ensuring that Board functions are effectively carried out.

The Board has not developed written position descriptions for the chair of any committee of the Board.

The responsibilities of committee chairs include presiding over committee meetings, ensuring that the committee is properly organized and effectively discharges its duties, reporting to the Board with respect to the activities of the committee, and leading the committee in reviewing and assessing on an annual basis, the adequacy of the committee's mandate and its effectiveness in fulfilling its mandate.

(b)

Disclose whether or not the board and CEO have developed a written position description for the CEO. If the board and CEO have not developed such a position description, briefly describe how the board delineates the role and responsibilities of the CEO.

The board has not developed a written position description for the CEO.

The CEO reports to the Board and has general supervision and control over the business and affairs of the Company. The CEO's responsibilities include:

fostering a corporate culture that promotes ethical practices, encourages individual integrity and fulfills social responsibility;

developing and recommending to the Board a long-term strategy and vision for the Company that leads to creation of Shareholder value;

developing and recommending to the Board annual business plans and budgets that support the Company's long-term strategy; and

consistently striving to achieve the Company's financial and operating goals and objectives.

4. (a) Briefly describe what measures the board takes to orient new directors regarding (i) the role of the board, its committees and its directors, and (ii) the nature and operation of the issuer's business. Due to its current size, the Board does not currently provide an orientation and education program for specifically training new recruits to the Board.
- (b) Briefly describe what measures, if any, the board takes to provide continuing education for its directors. If the board does not provide continuing education, describe how the board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors. Due to its current size, the Board does not provide a continuing education program for its Directors. All Directors are given direct access to management, which is encouraged to provide information on the Company and its business and affairs to Directors. The Board believes that each of its Directors maintain the skills and knowledge necessary to meet their obligations as Directors.
5. (a) (i) Disclose whether or not the board has adopted a written code for the directors, officers and employees. If the board has adopted a written code, disclose how a person or company may obtain a copy of the code. The Board has adopted the Gold Reserve Inc. Code of Conduct and Ethics (the "Code"), which can be found at www.goldreserveinc.com and is available in print to any Shareholder who requests it.
- (a) (ii) Describe how the board monitors compliance with its code, or if the board does not monitor compliance, explain whether and how the board satisfies itself regarding compliance with its code. The Compliance Officer, as well as other officers, Directors and the Company's legal and other advisors, have the full power and authority to investigate any evidence of improper conduct, violations of laws, rules, regulations or the Code, and to determine what steps, if any, should be taken to resolve the problem and avoid the likelihood of its recurrence.
- (a) (iii) Provide a cross-reference to any material change report filed since the beginning of the issuer's most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the code. The Company has not filed any material change reports since the beginning of the 2013 financial year that pertains to any conduct of a Director or executive officer of the Company that constitutes a departure from the Code.
- (b) Describe any steps the board takes to ensure directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest. Each Director must possess and exhibit the highest degree of integrity, professionalism and values, and must never be in a conflict of interest with the Company. A Director who has a conflict of interest regarding any particular matter under consideration must advise the Board, refrain from debate on the matter and

abstain from any vote regarding it.

All Company employees, including officers, and Directors are expected to use sound judgment to help maintain appropriate compliance procedures and to carry out the Company's business with honesty and in compliance with laws and high ethical standards. Each employee and Director is expected to read the Code and demonstrate personal commitment to the standards set forth in the Code.

(c) Describe any other steps the board takes to encourage and promote a culture of ethical business conduct.

The Company will not tolerate retaliation against an employee or Director for reporting in good faith any violations of the Code and any such retaliation is against Company policy. Employees and Directors who violate the Code may be subject to disciplinary action, including termination of employment.

Knowledge of a violation and failure to promptly report or correct the violation may also subject an employee or Director to disciplinary action up to and including immediate discharge from employment.

6. (a) Describe the process by which the board identifies new candidates for board nomination.

In considering and identifying new candidates for Board nomination, the Board, where relevant:

(a) addresses succession and planning issues;

(b) identifies the mix of expertise and qualities required for the Board;

(c) assesses the attributes new directors should have for the appropriate mix to be maintained;

(d) arranges for each candidate to meet with the Board Chair and the CEO;

(e) recommends to the Board as a whole proposed nominee(s) and arranges for their introduction to as many Board members as practicable; and

(f) encourages diversity in the composition of the Board.

- (b) Disclose whether or not the board has a nominating committee composed entirely of independent directors. If the board does not have a nominating committee composed entirely of independent directors, describe what steps the board takes to encourage an objective nomination process.
- (c) If the board has a nominating committee, describe the responsibilities, powers and operation of the nominating committee.
7. (a) Describe the process by which the board determines the compensation for the issuer's directors and officers.
- The Nominating Committee consists of Messrs. Coleman, Mikkelsen, McChesney and J.C. Potvin, all of whom are independent directors.
- The Nominating Committee assists the Board in fulfilling its responsibilities with respect to the composition of the Board, including recommending candidates for election or appointment as director of the Company.
- The Board reviews from time to time the compensation paid to directors in order to ensure that they are being adequately compensated for the duties performed and the obligations they assume. The Board as a whole is responsible for determining the compensation paid to the directors.

The Board considers evaluations submitted by the Compensation Committee evaluating the Company's performance and the performance of its executive officers, and ratifies the cash and equity-based compensation of such executive officers approved by the Compensation Committee.

The Company evaluates the extent to which strategic and business goals are met and measures individual performance, albeit subjectively, against development objectives and the degree to which teamwork and Company objectives are promoted. The Company strives to achieve a balance between the compensation

- paid to a particular individual and the compensation paid to other employees and executives having similar responsibilities within the Company. The Company also strives to ensure that each employee understands the components of his or her salary, and the basis upon which it is determined and adjusted.
- (b) Disclose whether or not the board has a compensation committee composed entirely of independent directors. If the board does not have a compensation committee composed entirely of independent directors, describe what steps the board takes to ensure an objective process for determining such compensation.
- The Compensation Committee, which met three times during 2013 by phone, consists of Messrs. Mikkelsen (Chair), McChesney, and Potvin, all of whom are independent directors.
- (c) If the board has a compensation committee, describe the responsibilities, powers and operation of the compensation committee.
- The function of the Compensation Committee is to evaluate the Company's performance and the performance of its executive officers, approve the cash and equity-based compensation of such executive officers and submit such approvals to the full Board for ratification.
- The Compensation Committee has not developed specific quantitative or qualitative performance measures or other specific criteria for determining the compensation of the Company's CEO, primarily because the Company does not yet have a producing mine or other operations from which such quantitative data can be derived. As a consequence, the determination of the CEO's compensation in 2013 was largely subjective, and based on the Company's progress in addressing its more immediate concerns, continued exploration, and identifying and analyzing new corporate opportunities.
- (d) If a compensation consultant or advisor has, at any time since the beginning of the issuer's most recently completed financial year, been retained to assist in determining compensation for any of the issuer's directors and officers, disclose the identity of the consultant or advisor and briefly summarize the mandate for which they have been retained. If the consultant or advisor has been retained to perform any other work for the issuer, state that fact and briefly describe the nature of the
- A compensation consultant has not been engaged by the Company since the beginning of the Company's most recent financial year to assist in determining compensation for the directors or officers of the Company.

- work.
8. If the board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.
- The Executive Committee, which is comprised of Messrs. Coleman, Timm and Belanger, meets in person or by phone on a regular basis. Mr. Coleman is considered an independent director. Messrs. Timm and Belanger are not considered independent directors within the definition in NI 52-110.
9. Disclose whether or not the board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the board satisfies itself that the board, its committees, and its individual directors are performing effectively.
- The Executive Committee facilitates the Company's activities from an administrative perspective, but does not supplant the full Board in the consideration of significant issues facing the Company. The Audit Committee, the Compensation Committee, the Nominating Committee and the Executive Committee are the only committees of the Board.
- Due to its current size, the Board does not currently have a separate committee for assessing the effectiveness of the Board as a whole, the committees of the Board, or the contribution of individual directors. The Board as a whole bears these responsibilities.
- The Board chair meets annually with each director individually to discuss personal contributions and overall Board effectiveness.

ANNUAL MEETING OF SHAREHOLDERS

June 10, 2014

PROXY IS SOLICITED BY THE MANAGEMENT OF GOLD RESERVE INC.

The undersigned shareholder of Gold Reserve Inc. (the “Company”) hereby appoints Rockne J. Timm, Chief Executive Officer of the Company, or failing him, Robert A. McGuinness, Vice President Finance and Chief Financial Officer of the Company, or instead of either of them, _____, as proxyholder for the undersigned, with power of substitution, to attend, act and vote for and on behalf of the undersigned at the Annual Meeting of Shareholders of the Company to be held on June 10, 2014 (the “Meeting”) at 9:30 a.m. (Pacific daylight time) and at any adjournment or postponement thereof, in the same manner, to the same extent and with the same powers as if the undersigned were present at the Meeting or any adjournment or postponements thereof and, without limiting the general authorization given, the persons above named are specifically directed to vote on behalf of the undersigned in the following manner:

Management recommends that you vote “FOR” each of the director nominees and “FOR” Proposal 2, and, if no specification is made, to vote “FOR”. In their discretion, the Proxies are authorized to vote upon such other business as may properly come before the meeting.

SUPPLEMENTAL MAILING LIST RETURN CARD

(National Instrument 54-101)

NOTICE TO SHAREHOLDERS OF GOLD RESERVE INC.

National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* and National Instrument 51-102 *Continuous Disclosure Obligations* (the “Rule”) together establish a framework for communication between issuers and their registered and non-registered shareholders.

The Rule exempts companies from having to deliver interim financial statements and management’s discussion and analysis (“MD&A”) to their registered shareholders if the companies send interim financial statements and MD&A to those shareholders, whether registered or not, who request in writing to receive them.

If you are a registered or non-registered shareholder, and wish to be placed on a supplemental mailing list for the receipt of these financial statements and MD&A, you must complete and return the Supplemental Return Card below.

The supplemental mailing list will be updated each year and, therefore, a Supplemental Return Card will be required from you annually in order for you to receive interim financial statements and MD&A. All other shareholder mailings will continue to be mailed to registered shareholders in the normal manner without the completion of a Return Card.

Exhibit 99.4 Annual Report

Gold Reserve

2013 Annual Report to shareholders

Management's Discussion and Analysis

The following Management's Discussion and Analysis ("MD&A") of Gold Reserve Inc. (the "Company" or "Gold Reserve") should be read in conjunction with the audited consolidated financial statements for the year ended December 31, 2013 and the related notes contained therein. In addition, the following should be read in conjunction with the audited consolidated financial statements for the year ended December 31, 2012 and the related MD&A. This MD&A has been approved by the Board of Directors of the Company and is dated April 28, 2014

This MD&A is intended to assist in understanding and assessing the Company's results of operations and financial condition and should be read in conjunction with the audited consolidated financial statements and related notes.

Gold Reserve, an exploration stage company, is engaged in the business of acquiring, exploring and developing mining projects. Management's recent efforts have focused on:

§ Continued advancement of its working interest in the La Tortuga project;

§ Negotiating and closing in the third quarter of 2013 a previously agreed to private placement for gross proceeds totaling \$5,250,000, consisting of 1,750,000 units comprised of one Class A common share and one-half of one Class A common share purchase warrant;

§ Executing its arbitration claim (the "Brisas Arbitration") against Venezuela in connection with the expropriation of the Company's former Brisas Project, responding to the Tribunal's request for the production of further evidence related to valuation issues and continuing efforts to reach a settlement (See Note 3 to the audited consolidated financial statements);

§ Advancing efforts to sell the remaining Brisas Project related assets;

§ Identifying and evaluating alternatives associated with obtaining additional funds to support continued operating activities as well as alternatives that may be available for servicing the Company's convertible notes. On April 25, 2014, the Company signed a term sheet with its largest Noteholders to extend the maturity date of its \$25.3 million Modified Notes from June 29, 2014 to December 31, 2015 and issue up to \$12 million of New Notes also maturing December 31, 2015. The terms of arrangement are binding subject to TSX Venture Exchange approval. The relevant terms of the Modified Notes will be amended to be consistent with the New Notes. (See Notes 11 and 14 to the audited consolidated financial statements).

Exploration Prospects

La Tortuga Property

The La Tortuga Property, a copper and gold prospect, is an 11,562 hectare property being investigated for its base and precious metal potential with occurrences of copper and gold mineralization over 49 square kilometers, including iron oxide copper gold deposits, copper porphyries and epithermal gold and/or base metal veining. Work on the property has included 151 line-kilometers of induced polarization, 20 drill holes (both diamond core and reverse circulation), mapping and sampling (approximately 1,000 soil, rock chip and stream sediment samples) and ground magnetic survey.

Pursuant to a 2012 Option Agreement with Soltoro Ltd., Gold Reserve has the right to earn an undivided 51% interest in the 11,562 hectare La Tortuga property located in Jalisco State, Mexico, by making an aggregate US\$3,650,000 in option payments and property expenditures over three years. During the third quarter of 2013 the Company completed a property-wide aeromagnetic survey and collected over 1,350 soil and rock samples on the La Tortuga property which is being investigated for the potential to host a bulk tonnage gold-copper deposit.

The property-wide aeromagnetic survey was comprised of 930 line-kilometers of survey lines (100 meter spacing) over an area of approximately 86 square kilometers. All known mineralized targets were covered, including the Caballo and Quartz Breccia veins, and the Garrochas trend, a prominent northeast-striking structure with strong gold and copper anomalies at several locations, including a historically active mine.

The survey results which were overlain with mapped structures known to be associated with mineralization indicate several important apparent patterns. The Quartz Breccia vein is marked by discontinuities in the magnetic character along its known extent. There is an unusually strong magnetic high where the Quartz Breccia vein intersects the Garrochas trend, as well as in the area of the historic Garrochas Mine. These two trends, typified by the Quartz Breccia vein (NW-SE), and the Garrochas/Caballo veins (NE-SW) are well established in the district as important hosts to gold and copper mineralization. A generally circular magnetic high in the area of the Quartz Breccia and Caballo veins suggests an underlying intrusive, one that is displaced and/or chemically altered by hydrothermal activity along the structures.

Geochemical information from rock and soil sampling adds evidence to the importance of the Caballo and Garrochas veins, indicating several metals of interest, including gold, copper, lead, and molybdenum and a preponderance of high copper values in the area of the historic Garrochas Mine, some associated with anomalous gold and lead. The Caballo vein shows sporadic copper anomalies for a distance of two kilometers along its known extent. This includes some samples running over 1% Cu from an abandoned decline discovered by a field geologist during routine work. Recent mapping and outcrop copper values from soils and structure outcrops now indicate at least a two kilometer extension to the SW. Previously permitted drill locations along this extension are being incorporated into the 2014 drill plan.

In addition, two new structures, the Creston and Joel veins, were identified during field work. A number of outcrop samples taken along the Creston vein which trends N 80 E and appears to connect the Garrochas and Caballo veins were slightly anomalous in gold and copper. The Joel vein, due south of the Quartz Breccia vein, had poor exposure allowing for only limited samples of float gathered from an unexposed quartz vein but indicated significant levels of copper. Recent mapping and soil geochemical values in this area suggest a larger NE-SW structure, running parallel to the Caballo vein, and intersecting the Joel vein. The overall objective of the current exploration plan is (1) obtain a more comprehensive database on the property, and (2) obtain subsurface verification of known mineralized structures on surface.

The Environment Ministry (SEMARNAT – Secretaria del Medio Ambiente y Recursos Naturales) has requested the Company to resubmit its drilling permit application, expand our environmental baseline study and add additional other items. With the recent amendment to the Mexican mining law in late 2013, the Mexican authorities have a renewed focus on environmental reviews and approvals. The request for additional information will delay the receipt of our drilling permit and we are not certain when the previously scheduled drilling will commence. The Company is evaluating the government's posture towards mining along with our continued exploration of the La Tortuga Project.

In addition to several corporate employees providing assistance to our exploration activities, the Company has approximately 10 employees working directly on the La Tortuga project, as well as a number of drilling and other contracted services personnel. The Company's 2014 exploration program is subject to the receipt of permits, availability of subcontractors and qualified new employees. Given the uncertainties related to permitting, it is unclear when the 2014 drilling program will commence or the extent of funds expected to be committed for 2014.

As with any similarly-situated mining company, the Company is evaluating additional prospects and our efforts are subject to, among other things, the mineralized potential, the terms of any agreement, the level and quality of previous work completed by the target companies, schedules, weather and geography. The Company is focused on prospects

that have potential for success and generally located in a politically friendly jurisdiction which has clear and well established mining, tax and environmental laws, an experienced mining authority and likely to be an open pit versus an underground prospect.

Brisas Arbitration

In April 2008, after a series of actions which concluded with the revocation of the Company's previously authorized right to develop the Brisas Project, the Venezuelan government expropriated the Brisas Project and also effectively deprived the Company of its ability to further develop the Choco 5 Property.

The Company commenced arbitration in October 2009 by filing a Request for Arbitration under the Additional Facility Rules of the International Centre for Settlement of Investment Disputes ("ICSID"), against the Bolivarian Republic of Venezuela ("Respondent") seeking compensation in the arbitration for all of the losses and damages resulting from Venezuela's wrongful conduct (Gold Reserve Inc. v. Bolivarian Republic of Venezuela (ICSID Case No. ARB(AF)/09/1) (the "Brisas Arbitration")). The Company's claim as last updated in its July 2011 Reply totals approximately \$2.1 billion which includes interest from April 14, 2008 (the date of the loss) to July 29, 2011 (the date of the Company's reply) of approximately \$400 million. The claim, including accrued interest since the loss to the date of the Tribunal's decision, represents the estimated fair market value of the legal rights to develop the Brisas Project and the value of the Choco 5 Property.

The Company is well advanced in the arbitration process. The Tribunal held an oral hearing on the merits with the Parties in February 2012 and the Parties submitted post-hearing briefs in March, May and June 2012 as requested by the Tribunal. In July 2012, the Tribunal issued a procedural order requesting both Parties to submit further expert reports addressing certain valuation issues. The expert initial and reply reports for both Parties were filed May 24 and June 28, 2013, respectively, and on August 5, 2013 the Parties filed final comments on the expert reports. On October 15 and 16, 2013 the Tribunal held an oral hearing focused on the additional expert evidence requested in its previous procedural order. Subsequent to the October oral hearing the Tribunal issued post-hearing procedural instructions and the Parties submitted post-hearing briefs on December 23, 2013.

An ICSID Additional Facility Award is enforceable globally under the New York Convention, an international convention regarding the recognition and enforcement of arbitral awards with over one hundred forty State parties. There are clear, well documented procedures for identifying sovereign assets located in one or more of these Member States and for enforcing arbitral awards by attaching such assets.

Venezuela has publically stated its intent to develop the Brisas Project and contiguous areas and has reportedly engaged a major Chinese corporation for initial studies related to the development and eventual construction of the Brisas or Brisas-Cristinas mine as a large gold-copper complex. Consistent with Venezuela's publically stated intent, Gold Reserve continues to concentrate its efforts on finding a joint solution that would include the transfer of the extensive technical data related to the development of the Brisas Project that was compiled by the Company allowing the project, with the assistance of the Chinese corporation or a similar entity, to be developed on an accelerated basis for the benefit of Venezuela, with proper compensation for the Company's stakeholders. Regardless of whether there is a settlement or an arbitral award, management is committed to see this process through to its logical conclusion.

The Board of Directors approved a Bonus Pool Plan ("Bonus Plan") in May 2012, which is intended to reward the participants, including named executive officers, employees, directors and consultants, for their past and future contributions including their efforts related to the development of the Brisas Project, execution of the arbitration claim and the collection of an award, if any. The bonus pool under the Bonus Plan will generally be comprised of the gross proceeds collected or the fair value of any consideration realized related to such transactions less applicable taxes times 1% of the first \$200 million and 5% thereafter. Participation in the Bonus Plan vests upon the participant's selection by the Committee of independent directors, subject to voluntary termination of employment or termination for cause. The Company currently does not accrue a liability for the Bonus Plan as events required for payment under the Plan have not yet occurred.

FINANCIAL OVERVIEW

The Company's overall financial position is a product of a number of historical events including the uncompensated seizure of the Brisas Project by the Venezuelan government, the subsequent write-off of the accumulated Brisas Project development costs, impairment of the value of the equipment originally acquired for the Brisas Project as well

as the impact of the 2012 restructuring of debt originally issued for the Brisas Project.

Recent operating results continue to be shaped by the cost of ongoing ICSID arbitration related to the seizure of the Brisas Project by the Venezuelan government, ongoing advancement of the La Tortuga Project and the costs of maintaining the Company's legal and regulatory obligations in good standing.

The Company has no commercial production and, as a result, it has not recorded revenue or cash flows from mining operations and continues to experience losses from operations, a trend the Company expects to continue, unless and until the dispute regarding Brisas is resolved favorably to the Company and/or it acquires and invests in an alternative project such as the Tortuga Property, which results in positive results from operations.

Historically the Company has financed its operations through the issuance of common stock, other equity securities and convertible debt. The timing of any such new investment or transaction if any, and the amounts that may be required cannot be determined at this time and are subject to available cash, the collection, if any, of an award or settlement related to the Brisas Arbitration, the amount of proceeds and timing of sale, if any, of the remaining equipment originally slated for the Brisas Project, the timing of the redemption or maturity of the existing convertible notes and/or future financings, if any. The Company has only one operating segment, the exploration and development of mineral properties.

During the third quarter of 2013, the Company closed a previously agreed to private placement for gross proceeds totaling \$5,250,000. The private placement consisted of 1,750,000 units comprised of one Class A common share and one-half of one Class A common share purchase warrant, with each whole warrant exercisable by the holder for a period of 2 years after its issuance to acquire one Class A common share at a price of \$4.00 per share.

Substantially all of the Company's convertible notes mature in June 2014. As part of its plan to fund its future obligations, the Company maintains its efforts to dispose of the remaining Brisas Project related assets, pursue a timely and successful completion of the arbitration claim before ICSID including a possible settlement between the parties and initiate other debt and equity funding alternatives as may be available. On April 25, 2014, the Company signed a term sheet with its largest Noteholders to extend the maturity date of its \$25.3 million Modified Notes from June 29, 2014 to December 31, 2015 and issue up to \$12 million of New Notes also maturing December 31, 2015. The terms of arrangement are binding subject to TSX Venture Exchange approval. The relevant terms of the Modified Notes will be amended to be consistent with the New Notes. (See Notes 11 and 14 to the audited consolidated financial statements).

Future efforts in this regard, may be adversely impacted by financial market conditions, industry conditions, regulatory approvals or other unknown or unpredictable conditions and, as a result, there can be no assurance that additional funding will be available or, if available, offered on acceptable terms.

Distributions or cash dividends declared per share	-	-	-

Factors that have caused period to period variations are more fully discussed below.

Liquidity and Capital Resources

At December 31, 2013, the Company had cash and cash equivalents of approximately \$3.0 million which represents a decrease from December 31, 2012 of approximately \$5.4 million. The twelve month net decrease was primarily due to cash used by operations of \$11.0 million and purchase of property, plant and equipment of \$0.1 million, partially offset by proceeds from the issuance of common shares of \$5.7 million. The activities that resulted in the net change in cash are more fully described in the "Operating," "Investing" and "Financing" Activities sections below.

	2013	Change	2012
Cash and cash equivalents	\$ 2,975,837	\$ (5,371,681)	\$ 8,347,518

The Company's short-term financial obligations included accounts payable and accrued expenses due in the normal course of approximately \$0.7 million.

As of December 31, 2013, the Company had financial resources including cash, cash equivalents and marketable securities totaling approximately \$3.3 million as well as Brisas Project related equipment which is subject to disposal with an estimated fair value of approximately \$19 million (See Note 7 to the audited consolidated financial statements).

The Company believes that cash and investment balances subsequent to the completion of the announced extension of the maturity date of its \$25.3 million Modified Notes from June 29, 2014 to December 31, 2015 and the issuance of up to \$12 million of New Notes which also mature on December 31, 2015 (See "Financing Activities" below and Notes 11 and 14 to the audited consolidated financial statements) along with funds available from potential future equipment sales will be sufficient to enable it to fund its activities into 2015. As of the date of this report, the Company had approximately \$1.4 million in cash and investments, which are held primarily in U.S. dollar denominated accounts.

The timing and extent of additional funding, if any, depends on a number of important factors, including, but not limited to the timing and outcome of the Company's current exploration program, its dispute with Venezuela, the timing and the amount of proceeds, if any, from the sale of Brisas Project related equipment, the extent of future acquisitions or investments, if any, status of the financial markets and the Company's share price.

Operating Activities

Cash flow used by operating activities for the years ended December 31, 2013, 2012 and 2011 was approximately \$11.0 million, \$13.2 million and \$17.9 million, respectively. Cash flow used by operating activities consists of net operating losses (the components of which are more fully discussed below) adjusted over the periods presented for certain non-cash income and expense items primarily related to gain on settlement of debt, stock options and common shares issued in lieu of cash compensation, accretion of convertible notes, gains on sale of equipment and marketable securities, and certain non-cash changes in working capital.

Cash flow used by operating activities during the year ended December 31, 2013 decreased from the prior comparable period generally due to reductions in corporate general and administrative, legal and accounting and Venezuelan operations partially offset by arbitration expenditures.

Investing Activities

	2013	Change	2012	Change	2011
Net proceeds from sale of marketable securities	\$ 8,461	\$ (5,184)	\$ 13,645	\$ (954,532)	\$ 968,177
Purchase of property, plant and equipment	(128,285)	30,853	(159,138)	(108,660)	(50,478)
Proceeds from sale of equipment	-	(277,965)	277,965	(16,179,576)	16,457,541
	\$ (119,824)	\$ (252,296)	\$ 132,472	\$ (17,242,768)	\$ 17,375,240

The year over year net change in funds provided by investing activities primarily resulted from a decrease in proceeds from the sale of Brisas Project related equipment and marketable equity securities sales. In addition, purchases of property, plant and equipment primarily related to the Tortuga Property mineral property option payments also impacted funds provided by investing activities.

Financing Activities

Edgar Filing: GOLD RESERVE INC - Form 6-K

	2013	Change	2012	Change	2011
Settlement of convertible debt	\$ -	\$ 33,787,500	\$ (33,787,500)	\$ (33,786,817)	\$ (683)

	\$ 5,700,199	\$ 41,990,893	\$ (36,290,694)	\$ (36,305,789)	\$ 15,095

The year over year net change in funds provided or used by financing activities primarily resulted from the 2012 redemption and restructuring of convertible notes inclusive of restructuring fees and the 2013 issuance of common shares pursuant to a private placement. In addition, proceeds provided from the exercise of employee stock options totaled approximately \$0.7 million and \$0.1 million in 2013 and 2012, respectively.

On April 25, 2014, the Company signed a term sheet with its largest Noteholders to extend the maturity date of its \$25.3 million Modified Notes from June 29, 2014 to December 31, 2015 and issue up to \$12 million of New Notes also maturing December 31, 2015. The terms of arrangement are binding subject to TSX Venture Exchange approval. The relevant terms of the Modified Notes (See Notes 11 and 14 to the audited consolidated financial statements) will be amended to be consistent with the New Notes. The New Notes and the Modified Notes (as amended from the date of closing) (the "Notes") bear interest at a rate of 11% per year, which will be accrued quarterly and added to the principal. Subject to certain conditions, the then outstanding principal and deferred interest may be converted into Class A common shares of the Company, redeemed or repurchased. The Notes mature on December 31, 2015 and are convertible, at the option of the holder, into 266.67 shares of Class A common shares per \$1,000 (equivalent to a conversion price of \$3.75 per common share) at any time upon prior written notice to the Company. The Company will pay in the case of the New Notes, a fee of 2.5% of the principal in the form of an original issue discount and in the case of the Modified Notes, a cash extension fee of 2.5% of the principal. The transaction is expected to be completed in May 2014.

Contractual Obligations

The following table sets forth information on the Company's material contractual obligation payments for the periods indicated as of December 31, 2013 (For further details see "Financing Activities" above and Notes 11 and 14 to the audited consolidated financial statements):

	Payments due by Period				
	Total	Less than 1 Year	1-3 Years	4-5 Years	More Than 5 Years
Convertible Notes ^{1,2}	\$ 26,354,000	-	\$ 25,312,000	-	\$ 1,042,000
Interest	5,540,867	694,271	4,531,391	114,620	200,585
	\$ 31,894,867	\$ 694,271	\$ 29,843,391	\$ 114,620	\$ 1,242,585

1 Includes \$25,312,000 principal amount of convertible notes originally due June 29, 2014 and extended to December 31, 2015 by an agreement subject to TSX Venture Exchange approval (See Note 14 to the audited consolidated financial statements) and \$1,042,000 principal amount of 5.50% convertible notes due June 15, 2022. Subject to certain conditions, the notes may be converted into Class A common shares of the Company, redeemed or repurchased. The amounts shown above include the interest and principal payments due unless the notes are converted, redeemed or repurchased prior to their due date.

2 In May 2007, the Company issued \$103.5 million aggregate principal amount of senior subordinated convertible notes ("Old Notes"), of which \$102.3 million remained outstanding prior to June 15, 2012. On May 16, 2012, the Company notified the holders of Old Notes that they had the right to require the Company to purchase all or a portion of their Old Notes on June 15, 2012 and that, pursuant to a negotiated agreement with the largest note holders, the Company would pay, in cash, any such notes validly surrendered of which holders of Old Notes elected to surrender approximately \$16.9 million of the Old Notes leaving a remaining balance of approximately \$85.4 million. Subsequently, in the fourth quarter of 2012, the Company consummated a debt restructuring agreement (the "Restructuring") covering the remaining outstanding debt totaling \$85.4 million. Holders of an aggregate of \$84.4 million of Old Notes elected to participate in the Restructuring and \$1.0 million of Old Notes declined to participate. Pursuant to the Restructuring, the Company paid \$16.9 million cash, issued 12,412,501 Class A common shares, issued modified notes with a face value of \$25.3 million ("Modified Notes") and issued CVR's totaling 5.468% of any future proceeds, net of certain deductions (including income tax calculation and the payment of current obligations of the Company), actually received by the Company with respect to the Arbitration proceedings or disposition of the Brisas Project mining data. The amount recorded as convertible notes in the audited consolidated balance sheet as of December 31, 2013 is comprised of \$23.0 million carrying value (face value \$25.3 million) of Modified Notes issued pursuant to the Restructuring and the face value \$1.0 million of Old Notes held by Other Note Holders who declined

to participate in the Restructuring. The \$23.0 million carrying value of Modified Notes will be accreted to face value of \$25.3 million using the effective interest rate method over the expected life of the notes with the resulting charge recorded as interest expense.

Results of Operations

Summary

Consolidated other income (loss), total expenses and net loss for the three years ended December 31, 2013 were as follows:

The year over year change in other income (loss) as presented above primarily consists of the effects of the gain on sale of equipment in 2011, gain on settlement of debt (net of expenses) and litigation settlement offset by the loss on impairment of marketable securities in 2012, as well as a decrease in loss on impairment of marketable securities in 2013.

Expenses

Corporate general and administrative, exploration and legal and accounting expenses decreased approximately \$4.5 million during the twelve months ended December 31, 2013 compared to the same period in 2012 and increased approximately \$1.3 million during the twelve months ended December 31, 2012 compared to the same period in 2011.

The net decrease in 2013 compared to 2012, as it relates to corporate general and administrative, was primarily a result of decreases in non-cash charges associated with the previous issuance of stock-based compensation and cash-based reductions related to both the number of personnel and compensation related items, fees associated with consultants and other discretionary costs and, in the case of exploration and legal and accounting, primarily attributable to an increase in activities associated with the Tortuga Project and a decrease in fees associated with corporate and tax planning activities, respectively. The net increase in 2012 compared to 2011, as it relates to corporate general and administrative, was primarily a result of non-cash charges associated with the previous issuance of stock-based compensation and, in the case of exploration and legal and accounting, primarily attributable to reductions in personnel and compensation related items and corporate and tax planning activities as well as costs associated with litigation, respectively.

Pursuant to generally accepted accounting principles, the Company records a non-cash expense associated with the issuance of options using the fair value method of accounting which is computed using the Black-Scholes method and expensed over the vesting period of the option. Non-cash compensation associated with the restricted stock grants is computed based on the value of the shares at date of grant. Accounting rules do not provide for the recovery of previously expensed amounts associated with expired share purchase options. The Company recorded non-cash compensation expense during 2013 and 2012 of \$0.6 million and \$4.8 million, respectively, for stock-based grants in 2013 and prior periods.

Venezuelan operations, arbitration, equipment holding, write-down of equipment and interest expense on a net basis increased approximately \$0.1 million during the twelve months ended December 31, 2013 compared to the same period in 2012 and decreased approximately \$7.6 million during the twelve months ended December 31, 2012 compared to the same period in 2011.

The net increase in 2013 compared to 2012, as it relates to arbitration, was primarily a result of an order by the Tribunal for an additional oral hearing and the preparation of a post hearing brief associated with the oral hearing and, in the case of Venezuelan operations and equipment holding costs, the decrease is attributable to a winding down of activities to nominal levels and reduced maintenance related costs, respectively. The net decrease in 2012 compared to 2011, as it relates to arbitration, was primarily a result of decreased activities subsequent to the preparation and conclusion of the original oral hearing and, in the case of Venezuelan operations and equipment holding costs, the decrease is attributable to a further reduction of in-country activities to minimal levels and reduced maintenance and storage related costs, respectively. In 2011 management made an adjustment to the carrying value of the Brisas Project related assets that was not repeated in the subsequent periods. As a result of the partial debt repayment associated with the 2012 debt restructuring actual interest payments have declined which are offset in the financial statements by the accretion of the carrying value of the debt to face value at maturity.

On a combined basis, total expenses decreased by approximately \$4.4 million and \$6.3 million for the years ended December 31, 2013 and 2012, respectively.

Other income (loss) during 2013 consisted of foreign currency gains (losses), losses on marketable securities and interest income. Other income in the fourth quarter of 2012 was primarily comprised of an \$8.1 million gain on the restructuring of the Company's convertible notes partially offset by a \$0.4 million loss on marketable securities. In the third quarter of 2012, the Company recorded other income of \$1.9 million from settlement of litigation.

The increase in net loss in the fourth quarter of 2013 was related to costs associated with the arbitration. Net loss in the third quarter of 2013 decreased mainly as a result of a decrease in non-cash compensation. The increase in net loss during the second quarter of 2013 was primarily due to an increase in arbitration costs. During 2012, net loss decreased each quarter primarily due to decreases in costs associated with the arbitration and increases in other income in the third and fourth quarters as noted above.

Off-Balance Sheet Arrangements

The Company is not a party to any off-balance sheet arrangements that have, or are reasonably likely to have, a current or future material effect on the Company's financial condition, changes in financial condition, revenues, expenses, results of operations, liquidity, capital expenditures or capital resources.

Transactions with Related Parties

During the third quarter of 2013, the Company closed a previously agreed to private placement for gross proceeds totaling \$5.25 million. The private placement consisted of 1,750,000 units comprised of one Class A common share and one-half of one Class A common share purchase warrant, with each whole warrant exercisable by the holder for a period of 2 years after its issuance to acquire one Class A common share at a price of \$4.00 per share. An aggregate 1.5 million units were issued to affiliated funds which exercised control or direction over more than 10% of the Company's common shares prior to the private placement and as a result, this portion of the private placement was considered to be a related party transaction.

On April 25, 2014, the Company signed a term sheet with its largest Noteholders to extend the maturity date of its \$25.3 million Modified Notes from June 29, 2014 to December 31, 2015 and issue up to \$12 million of New Notes also maturing December 31, 2015. The terms of arrangement are binding subject to TSX Venture Exchange approval. The relevant terms of the Modified Notes will be amended to be consistent with the New Notes. (See "Management's Analysis and Discussion" and Notes 11 and 14 to the audited consolidated financial statements). Pursuant to the terms of the agreement an aggregate \$19.2 million of Modified Notes are expected to be extended for two affiliated funds and approximately \$8 million of New Notes are expected to be issued to one of those affiliated funds, both of which, exercised control or direction over more than 10% of the Company's common shares prior to the transaction and as a result, this portion of the transaction is considered to be a related party transaction.

CRITICAL ACCOUNTING ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Critical accounting estimates used in the preparation of the audited consolidated financial statements include the:

- § assessments of the recoverability and carrying value of the Brisas Project related equipment, the realizable value of which may be different than management's current estimate;
- § determination of the fair value of the Company's convertible notes which are accreted to their face value at maturity using the effective interest rate method over the expected life of the notes, with the resulting charge recorded as interest expense;
- § use of the fair value method of accounting for stock options which is computed using the Black-Scholes method which utilizes estimates that affect the amounts ultimately recorded as stock based compensation;
- § preparation of tax filings in a number of jurisdictions requires considerable judgment and the use of assumptions. Accordingly, the amounts reported could vary in the future.

Any current or future operations the Company may have are subject to the effects of changes in legal, tax and regulatory regimes, political, labor and economic developments, social and political unrest, currency and exchange controls, import/export restrictions and government bureaucracy in the countries in which it operates.

CHANGES IN ACCOUNTING POLICIES INCLUDING INITIAL ADOPTION

In February 2013, the FASB issued Accounting Standards Update 2013-02 which contains requirements regarding the reporting of reclassifications out of accumulated other comprehensive income. The amendments in this update were effective for reporting periods beginning after December 15, 2012 and did not have a significant impact on the Company's financial statements.

DISCLOSURE OF OUTSTANDING SHARE DATA

Class A Common Shares

The Company is authorized to issue an unlimited number of Class A common shares without par value of which 75,559,911 Class A common shares were issued as at the date hereof. Shareholders are entitled to receive notice of and attend all meetings of shareholders with each Class A common share held entitling the holder to one vote on any resolution to be passed at such shareholder meetings. Shareholders are entitled to dividends if, as and when declared by the board of directors of the Company. Shareholders are entitled upon liquidation, dissolution or winding up of the Company to receive the remaining assets of the Company available for distribution to shareholders.

Equity Units

In February 1999, Gold Reserve Corporation became a subsidiary of the Company, the successor issuer. Generally, each shareholder of Gold Reserve Corporation received one Class A common share of the Company for each common share owned in Gold Reserve Corporation. For tax reasons, certain U.S. holders elected to receive Equity Units in lieu of Class A common shares. An Equity Unit comprises one Class B common share of the Company and one Gold Reserve Corporation Class B common share, and is substantially equivalent to a Class A common share and is generally immediately convertible into Class A common shares. Equity Units, of which 500,236 were issued as of the date hereof, are not listed for trading on any stock exchange, but subject to compliance with applicable federal, provincial and state securities laws, may be transferred.

Preferred Shares

The Company is authorized, subject to the limitations prescribed by law and the Company's articles of incorporation, from time to time, to issue an unlimited number of serial preferred shares; and to determine variations, if any, between any series so established as to all matters, including, but not limited to, the rate of dividend and whether dividends shall be cumulative or non--cumulative; the voting power of holders of such series; the rights of such series in the event of the dissolution of the Corporation or upon any distribution of the assets of the Corporation; whether the shares of such series shall be convertible; and such other designations, rights, privileges, and relative participating, optional or other special rights, and such restrictions and conditions thereon as are permitted by law. There are no preferred shares issued or outstanding as of the date hereof.

Equity Incentive Plan

The Company adopted and the shareholders approved on June 27, 2012, the 2012 Equity Incentive Plan (the "2012 Plan"). The 2012 Plan permits grants of stock options of up to 10% of the issued and outstanding common shares of the Company on a rolling basis. As of December 31, 2013 there were 2,159,265 options available for grant.

Stock options exercisable for Common Shares as of the date herein:

Expiry Date	Exercise Price	Number of Shares
January 3, 2016	\$ 1.82	2,622,500
January 30, 2017	\$ 2.89	1,620,500
June 11, 2018	\$ 3.00	250,000
June 9, 2021	\$ 1.92	950,000

Total Class A Common Shares issuable pursuant to stock options	5,443,000
--	-----------

Convertible Notes

The Company has Convertible Notes outstanding as of the date hereof totaling \$26,354,000, which is comprised of face value \$25,312,000 of Modified Notes convertible to Class A common shares under certain circumstances at \$4.00 per share and face value \$1,042,000 of Old Notes convertible to Class A common shares under certain circumstances at \$7.54 per share.

The following summarizes the share capital structure of the Company as of the date hereof:

Class A Common Shares outstanding	75,559,911
Equity Units outstanding	500,236
Total shares outstanding	76,060,147
Shares issuable pursuant to the 2012 Equity Incentive Plan	5,405,500
Shares issuable pursuant to the Convertible Notes	6,466,196
Total shares outstanding, fully diluted	87,931,843

On April 25, 2014, the Company signed a term sheet with its largest Noteholders to extend the maturity date of its \$25.3 million Modified Notes from June 29, 2014 to December 31, 2015 and issue up to \$12 million of New Notes also maturing December 31, 2015. The terms of arrangement are binding subject to TSX Venture Exchange approval. The relevant terms of the Modified Notes (See Notes 11 and 14 to the audited consolidated financial statements) will be amended to be consistent with the New Notes. The New Notes and Modified Notes are convertible at the option of the holder into 266.67 shares of Class A common shares per \$1,000 (equivalent to a conversion price of \$3.75 per common share) at any time upon prior written notice to the Company.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS AND INFORMATION

The information presented or incorporated by reference herein contains both historical information and "forward-looking statements" and "forward-looking information" (within the meaning of the relevant sections of Section 27A of the Securities Act of 1933, as amended (the "Securities Act") and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and "forward-looking information" within the meaning of applicable Canadian securities laws, that state the Company's intentions, hopes, beliefs, expectations or predictions for the future. Forward-looking statements and forward-looking information are collectively referred to herein as "forward-looking statements".

In this Management's Discussion and Analysis, forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by the Company at this time, are inherently subject to significant business, economic and competitive uncertainties and contingencies that may cause its actual financial results, performance, or achievements to be materially different from those expressed or implied herein and many of which are out of the Company's control.

Some of the material factors or assumptions used to develop forward-looking statements include, without limitation, the uncertainties associated with: the advancement of the La Tortuga Project, Brisas Arbitration, actions by the Venezuelan government, economic and industry conditions influencing the future sale of Brisas Project related equipment and conditions or events impacting the Company's ability to fund its operations or service its debt.

Forward-looking statements involve risks and uncertainties, as well as assumptions, including those set out herein, that may never materialize, prove incorrect or materialize other than as currently contemplated which could cause the Company's results to differ materially from those expressed or implied by such forward-looking statements. The words "believe," "anticipate," "expect," "intend," "estimate," "plan," "may," "could" and other similar expressions that are predictions of or indicate future events and future trends which do not relate to historical matters, identify forward-looking statements. Any such forward-looking statements are not intended to provide any assurances as to future results.

Numerous factors could cause actual results to differ materially from those in the forward-looking statements, including without limitation:

- outcome of our arbitration against the Bolivarian Republic of Venezuela;
 - continued servicing or restructuring of our Notes or other obligations as they come due;
 - prospects for exploration and development of other mining projects by us;
-

- equity dilution resulting from the conversion of the Notes in part or in whole to Class A Common Shares;
- value, if any, realized from the disposition of the remaining Brisas Project related assets;
- ability to maintain continued listing on the TSXV or continued trading on the OTCQB;
- competition with companies that are not subject to, or do not follow, Canadian and U.S. laws and regulations;
- corruption, uncertain legal enforcement and political and social instability;
- our current liquidity and capital resources and access to additional funding in the future if required;
- regulatory, political and economic risks associated with foreign jurisdictions including changes in laws and legal regimes;
- currency, metal prices and metal production volatility;
- adverse U.S., Canadian and/or Mexican tax consequences;
- abilities and continued participation of certain key employees; and
- risks normally incident to the exploration, development and operation of mining properties.

This list is not exhaustive of the factors that may affect any of the company's forward-looking statements. See "Risk Factors" for additional risk factors that could cause results to differ materially from forward-looking statements.

Investors are cautioned not to put undue reliance on forward-looking statements, and investors should not infer that there has been no change in the Company's affairs since the date of this report that would warrant any modification of any forward-looking statement made in this document, other documents periodically filed with or furnished to the relevant securities regulators or documents presented on the Company's website. All subsequent written and oral forward-looking statements attributable to the Company or persons acting on its behalf are expressly qualified in their entirety by this notice. The Company disclaims any intent or obligation to update publicly or otherwise revise any forward-looking statements or the foregoing list of assumptions or factors, whether as a result of new information, future events or otherwise, subject to the Company's disclosure obligations under applicable Canadian and U.S. securities regulations. Investors are urged to read the Company's filings with Canadian and U.S. securities regulatory agencies, which can be viewed online at www.sedar.com and www.sec.gov, respectively.

Management's Report on Internal Control over Financial Reporting

The accompanying audited consolidated financial statements of the Company were prepared by management in accordance with accounting principles generally accepted in the United States, consistently applied and within the framework of the summary of significant accounting policies contained therein. Management is responsible for all information in the accompanying audited consolidated financial statements.

The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting. Internal control over financial reporting is a process to provide reasonable assurance regarding the reliability of the Company's financial reporting for external purposes in accordance with accounting principles generally accepted in the U.S. Internal control over financial reporting includes:

- maintaining records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- providing reasonable assurance that transactions are recorded as necessary for preparation of the Company's financial statements in accordance with generally accepted accounting principles;
- providing reasonable assurance that receipts and expenditures are made in accordance with authorizations of the executive officers of the Company; and
- providing reasonable assurance that unauthorized acquisition, use or disposition of company assets that could have a material effect on the Company's financial statements would be prevented or detected on a timely basis.

Because of its inherent limitations, internal control over financial reporting is not intended to provide absolute assurance that a misstatement of the Company's financial statements would be prevented or detected.

Management, including the CEO and CFO, assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2013 based on the framework established in Internal Control – Integrated Framework (1992) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Based on this assessment, management concluded that the Company's internal control over financial reporting was effective as of December 31, 2013.

The effectiveness of internal control over financial reporting as of December 31, 2013 has been audited by the Company's independent auditors, PricewaterhouseCoopers LLP ("PwC"), a registered public accounting firm, as stated in their audit report, which is dated April 28, 2014 and included below.

Independent Auditor's Report

To the Shareholders of Gold Reserve Inc.

We have completed integrated audits of Gold Reserve Inc.'s December 31, 2013 and December 31, 2012 consolidated financial statements and its internal control over financial reporting as at December 31, 2013. Our opinions, based on our audits are presented below.

Report on the consolidated financial statements

We have audited the accompanying consolidated financial statements of Gold Reserve Inc., which comprise the consolidated balance sheets as at December 31, 2013 and December 31, 2012 and the consolidated statements of operations, comprehensive loss, changes in shareholders' equity and cash flows for each of the three years in the period ended December 31, 2013 and cumulatively for the period from January 1, 2010 to December 31, 2013, and the related notes.

Management's responsibility for the consolidated financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with Canadian generally accepted auditing standards and the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement. Canadian generally accepted auditing standards also require that we comply with ethical requirements.

An audit involves performing procedures to obtain audit evidence, on a test basis, about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting principles and policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Gold Reserve Inc. as at December 31, 2013 and December 31, 2012 and results of its operations and its cash flows for each of the three years in the period ended December 31, 2013 and cumulatively for the period from January 1, 2010 to December 31, 2013 in accordance with accounting principles generally accepted in the United States of America.

Report on internal control over financial reporting

We have also audited Gold Reserve Inc.'s internal control over financial reporting as at December 31, 2013, based on criteria established in Internal Control - Integrated Framework (1992), issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Management's responsibility for internal control over financial reporting

Management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Controls over Financial Reporting.

Auditor's responsibility

Our responsibility is to express an opinion on the company's internal control over financial reporting based on our audit. We conducted our audit of internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects.

An audit of internal control over financial reporting includes obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control, based on the assessed risk, and performing such other procedures as we consider necessary in the circumstances.

We believe that our audit provides a reasonable basis for our audit opinion on the company's internal control over financial reporting.

Definition of internal control over financial reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that: (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitations

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, Gold Reserve Inc. maintained, in all material respects, effective internal control over financial reporting as at December 31, 2013, based on criteria established in Internal Control - Integrated Framework (1992) issued by COSO.
