**MTS ANNOUNCEMENT REGARDING THE LEGAL PROCEEDINGS  
AGAINST THE COMPANY IN UKRAINE**

**Moscow, Russian Federation June 10, 2004 Mobile TeleSystems OJSC ( MTS - NYSE: MBT), the largest mobile phone operator in Russia and Ukraine, reports on the legal action taken against the Company in Ukraine.**

On June 9, 2004, the General Prosecutor of Ukraine filed a claim in the Kiev Commercial Court against MTS, and others, seeking to unwind Ukrtelecom's sale of its 51% stake in Ukrainian Mobile Communications (UMC) to MTS. The General Prosecutor also seeks an order to prohibit MTS from alienating 51% of its stake in UMC until this claim is resolved. The claim is based on a provision of the Ukrainian privatization law that included Ukrtelecom among a list of strategic state holdings prohibited from alienating or encumbering its assets during the course of its privatization. While the Ukrainian Cabinet of Ministers in May 2001 issued a decree specifically authorizing the sale by Ukrtelecom of its entire stake in UMC, the General Prosecutor asserts that the decree contradicted the privatization law and that the sale by Ukrtelecom was therefore illegal and should be unwound.

Andrey Braginski, MTS Director of Public and Investor Relations, commented on the development: MTS believes that it acquired UMC at a fair price in full compliance with the law. We have fulfilled all the obligations of the deal and believe there are no legal grounds to reverse our acquisition of UMC. MTS is currently considering all of its legal options.

As of May 31, 2004, UMC accounted for approximately 20% of MTS consolidated subscriber base and in 2003 UMC contributed 15.5% to MTS revenues and 13.0% to the net income.
