(the **Company**) is soliciting your proxy to vote at the Company's 2005 Annual Meeting of Stockholders (the **Annual Meeting**) to be held at 10:00 A.M., local time on November 16, 2005, at the Company's principal executive office, 3113 Woodcreek Drive, Downers Grove, Illinois 60515, and at any continuations, adjournments or postponements of this meeting. This Proxy Statement contains information about the items being voted on at the Annual Meeting and information about the Company. Commencing on or about October 14, 2005, copies of this Proxy Statement and the proxy card, together with a copy of the Company's Annual Report for the fiscal year ended June 30, 2005 (the **2005 Annual Report**), are being mailed to stockholders.

QUESTIONS AND ANSWERS

Who is entitled to vote?

Stockholders who own the Company's common stock (NYSE symbol: FTD), par value \$0.01 per share (the **Common Stock**), as of the close of business on September 28, 2005 will be entitled to vote at the Annual Meeting. On that date there were 29,456,626 shares of Common Stock outstanding and entitled to vote. Each share is entitled to one vote on each matter properly brought before the meeting.

How do I vote?

The Company is offering you two methods of voting:

- You may indicate your vote on the enclosed proxy card by signing and dating the card and returning the card in the enclosed prepaid envelope; or
- You may attend the meeting and vote in person.

All shares entitled to vote and represented by a properly completed and executed proxy received before the meeting and not revoked will be voted at the meeting as you instruct in such proxy. If you do not indicate how your shares should be voted on a matter, the shares represented by your properly completed and executed proxy will be voted as the Board of Directors recommends.

What do I need to know in order to attend the Annual Meeting?

You are invited to attend the Annual Meeting, which will begin at 10:00 A.M., local time, on November 16, 2005, in person. The meeting will be held at the Company's principal executive office located at 3113 Woodcreek Drive, Downers Grove, Illinois 60515. Stockholders will be admitted beginning at 9:30 A.M., local time.

You will need an admission ticket and picture identification to enter the Annual Meeting. If you are a stockholder of record, you will find an admission ticket attached to the proxy card sent to you. If you plan to attend the meeting in person, please retain the admission ticket and bring it with you to the meeting along with picture identification. Stockholders holding stock in a bank or brokerage account will find an admission ticket attached to the proxy card sent to you by your bank or broker. In the event you have not received an admission ticket, you can obtain an admission ticket in advance by sending a written request to your bank or broker, or you may present yourself at the meeting along with such proof of ownership (such as a brokerage statement) as of the record date and picture identification.

What can I vote on?

At the Annual Meeting, you will be able to vote on:

- The election of seven directors to the Board of Directors of the Company to serve for a term of one year;
- The ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2006; and
- The transaction of any other business that is properly brought before the meeting or any continuations, adjournments or postponements thereof.

How does the Board recommend I vote on the proposals?

The Board recommends a vote:

- FOR each of the nominees for the Board of Directors; and
- FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2006.

May I change my vote?

You can revoke your proxy at any time before it is voted by delivery of a properly completed and executed, later-dated proxy card or by voting in person by ballot at the Annual Meeting.

How many votes are required to hold a meeting?

A quorum is necessary to hold a valid meeting of stockholders. The presence, in person or by proxy, of stockholders representing a majority of the shares of the Common Stock outstanding and entitled to vote constitutes a quorum. Shares represented by proxies that reflect abstentions or broker non-votes are counted as present and entitled to vote for determination of a quorum.

An abstention is a properly executed proxy marked ABSTAIN for any matter. A broker non-vote occurs when you hold your shares in street name through a broker or other nominee and you do not give your broker or nominee instructions on how to vote on matters over which your broker or nominee does not have voting discretion. If you do not provide voting instructions, your shares may not be voted on these matters.

How many votes are required to pass a proposal?

A favorable vote of a plurality of the shares present in person or represented by proxy and entitled to vote is required for the election of directors. This means that the nominees who receive the greatest number of votes for each open seat will be elected. Abstentions, votes withheld and broker non-votes are not counted for purposes of electing directors and will not affect the election of nominees receiving a plurality of votes.

The affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote is required for the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm. Abstentions and votes withheld will have the effect of a negative vote, while broker non-votes will be treated as not entitled to vote for purposes of determining the approval of these proposals and will not affect the outcome of the vote.

How will voting on any other business be conducted?

We do not know of any business or proposals to be considered at the Annual Meeting other than the items described in this Proxy Statement. If any other business is properly brought before the Annual Meeting or any continuations, adjournments or postponements thereof, the signed proxies received from you and other stockholders give the proxies the authority to vote on the matter according to their judgment.

Who receives proxy materials?

This Proxy Statement and enclosed proxy card are first being mailed to stockholders on or about October 14, 2005. Each registered owner of Common Stock as of the close of business on September 28, 2005 is entitled to receive a copy of the Company's 2005 Annual Report and to vote at the Annual Meeting.

The Securities and Exchange Commission (the **SEC**) has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as **householding**, potentially provides extra convenience for stockholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing the same last name and address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker, if your shares are held in a brokerage account, or us, if you hold registered shares. You can notify us by sending a written request to the address set forth below under the heading **How can I contact the Company to request materials or information referred to in these questions and answers?** If you revoke your consent, you will be sent separate copies of documents mailed within 30 days after receipt of your revocation.

If you have not received the Company's 2005 Annual Report, please contact us as directed below under the heading **How can I contact the Company to request materials or information referred to in these questions and answers? and we will send a copy without exhibits at no expense to you. The Company will provide any exhibit requested upon payment of a specified reasonable fee limited to the Company's reasonable expenses in furnishing such exhibit.**

May I inspect the stockholder list?

In accordance with Delaware law and the Company's Amended and Restated Bylaws (the **Bylaws**), a complete list of stockholders entitled to vote at the Annual Meeting, arranged in alphabetical order, and showing the address of each stockholder and the number of shares registered in the name of each stockholder, will be available for examination by any stockholder, for any purpose germane to the meeting, for ten days prior to the meeting at the location of the Annual Meeting, the Company's principal executive office located at 3113 Woodcreek Drive, Downers Grove, Illinois 60515, during ordinary business hours.

Who bears the costs of soliciting proxies?

The Company pays the costs of soliciting proxies. We have also made arrangements with brokerage houses and other custodians, nominees and fiduciaries of shares to send proxy materials to stockholders of record on September 28, 2005. We will, upon request, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of stock as of the record

date. Certain of the Company's officers and directors may solicit the submission of proxies authorizing the voting of shares in accordance with the Board of Directors' recommendations, but no additional remuneration will be paid by the Company for the solicitation of proxies by the Company's officers and directors.

inquiries, general understanding of marketing, finance and other elements relevant to the success of the Company in today's business environment, experience in the Company's industry and with relevant social policy concerns, understanding of the Company's business on a technical level and other board service and educational and professional background. Each candidate nominee must also possess fundamental qualities of intelligence, honesty, good judgment, high ethics and standards of integrity, fairness and responsibility.

The Nominating and Corporate Governance Committee evaluates each individual in the context of the Board as a whole, with the objective of assembling a group that can best advance the success of the Company and represent stockholder interests through the exercise of sound judgment and calling upon the group's diversity of experience in these various areas. In searching for qualified director candidates to stand for election to the Board and to fill vacancies on the Board, the Board solicits current directors for the names of potential qualified candidates and may ask directors to pursue their own business contacts for the names of potentially qualified candidates. The Nominating and Corporate Governance Committee may use search firms or consult with outside advisors to assist in the search for qualified candidates in the future.

In addition, the Nominating and Corporate Governance Committee will consider candidates proposed by stockholders. Stockholders who wish to propose a candidate to the Nominating and Corporate Governance Committee must send written notice to the committee containing all of the information relating to such proposed candidate as is required to be disclosed in solicitations of proxies for elections of directors pursuant to Regulation 14A under the Exchange Act. Such written notice must be sent to the Nominating and Corporate Governance Committee, c/o the Secretary of the Company at the Company's principal executive office located at 3113 Woodcreek Drive, Downers Grove, Illinois 60515, generally not more than 120 days and not less than 90 days before the date of the next Annual Meeting. See Questions and Answers Stockholder Proposals and Nominations, above. The Nominating and Corporate Governance Committee will use the same evaluation criteria in considering the suitability of stockholder candidates as for candidates proposed by the Company, the Board of Directors or the Nominating and Corporate Governance Committee.

Once the Nominating and Corporate Governance Committee has identified a prospective nominee, the committee will make a determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the committee at the time of the recommendation of the prospective candidate, as well as the committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the Nominating and Corporate Governance Committee determines, in consultation with the Chairman of the Board and other Board members, as appropriate, that additional consideration is warranted, it may request a third-party search firm to gather additional information about the prospective nominee's background and experience and to report its findings to the committee. The committee will then evaluate the prospective nominee against the standards and qualifications set forth in the Nominating and Corporate Governance Committee's charter and as set forth in the Company's *Corporate Governance Guidelines*, including:

- the prospective nominee's personal and professional integrity, ethics and values;
- the prospective nominee's experience in corporate management, such as serving as an officer or former officer of a publicly held company;

- the prospective nominee's experience in the Company's industry and with relevant social policy concerns;
- the prospective nominee's experience as a board member of another publicly held company;
- the prospective nominee's academic expertise in an area of the Company's operations; and
- the extent of the prospective nominee's practical and mature business judgment.

The Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for business expertise in additional or different areas and the evaluations of other prospective nominees. After completing this evaluation and interview, the Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

How does the Board of Directors determine which directors are considered independent?

The Board regularly reviews the Company's *Corporate Governance Guidelines* to ensure their compliance with SEC and NYSE regulations. The Company's *Corporate Governance Guidelines* meet or exceed the listing standards adopted by the NYSE. The full text of the *Corporate Governance Guidelines* can be found in the Investor Relations section of the Company's Web site at www.ftd.com. A copy may also be obtained upon written request from the Company's Secretary at the Company's principal executive office located at 3113 Woodcreek Drive, Downers Grove, Illinois 60515.

The Company is a controlled company under the rules promulgated by the NYSE because Green Equity Investors IV, L.P. and an affiliate, both of which are affiliates of Leonard Green & Partners, L.P., beneficially own more than 50% of outstanding shares of the Common Stock. As a controlled company, the Company is exempt from certain independence requirements with respect to the composition of the Board of Directors and committees of the Board of Directors, including the requirements that a majority of the Board of Directors be comprised of independent directors, and that the Compensation Committee and the Nominating and Corporate Governance Committee be comprised solely of independent directors. Accordingly, a majority of the Company's Board of Directors is not comprised of independent directors, and the Compensation Committee and Nominating and Corporate Governance Committee include directors who are not independent.

Pursuant to the Company's *Corporate Governance Guidelines*, the Board undertook its annual review of director independence beginning in August 2005. During this review, the Board considered transactions and relationships between each director or any member of his immediate family and the Company and its subsidiaries and affiliates, including those reported under the heading "Certain Relationships and Related Transactions" below. The Board also examined transactions and relationships between directors or their affiliates and members of the Company's senior management or their affiliates. As provided in the *Corporate Governance Guidelines*, the purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent.

As a result of this review, the Board affirmatively determined that Messrs. Nark and Aron are independent of the Company and its management under the standards set forth in the Company's *Corporate Governance Guidelines*, the NYSE listing standards and the enhanced independence standards applicable to audit committees pursuant to Rule 10A-3(b)(i) under the Exchange Act.

How often did the Board meet during the fiscal year ended June 30, 2005?

The Board met five times during the fiscal year ended June 30, 2005. The non-management directors (which includes all the members of the Board except for Mr. Soenen) met in executive session one time during the fiscal year ended June 30, 2005. The number of meetings for each Board committee is set forth above under the heading "What are the Board's committees and what are their roles?"

Each director attended 100% of the aggregate total number of meetings held in the fiscal year ended June 30, 2005 by the Board and meetings of the committees thereof on which he was a member. Under the Company's *Corporate Governance Guidelines*, each director is expected to dedicate sufficient time, energy and attention to ensure the diligent performance of his or her duties, including by regularly attending meetings of the Board and committees of which he or she is a member, with the understanding that, on occasion, a director may be unable to attend a meeting.

How are directors compensated?

On April 19, 2005, the Company adopted a new compensation arrangement for Board and Committee members who are not management of the Company or principals of Leonard Green & Partners, L.P., to be effective for the fiscal year ended June 30, 2005. Under the new arrangement, these directors receive a \$25,000 annual retainer, \$5,000 per Board meeting attended in person (\$1,000 per meeting attended by phone), a one-time grant of an option to purchase 25,000 shares of Common Stock upon joining the Board of Directors (one-third to vest on the grant date, one-third to vest one year from the grant date and one-third to vest two years from the grant date) and an annual grant of an option to purchase 2,500 shares of Common Stock on the date of each Annual Meeting (vesting one year from the grant date). The directors on the Audit Committee who are not members of management of the Company or principals of Leonard Green & Partners, L.P. also receive a \$7,500 annual retainer (\$20,000 for the Audit Committee Chairman) and \$2,000 per meeting attended in person (\$1,000 per meeting attended by phone). The directors on the Compensation Committee and Nominating and Corporate Governance Committee who are not members of management of the Company or principals of Leonard Green & Partners, L.P. also receive \$2,000 per meeting attended in person (\$1,000 per meeting attended by phone). In addition, if a director is Chairman of the Compensation Committee or Nominating and Corporate Governance Committee and is not a member of management of the Company or a principal of Leonard Green & Partners, L.P., the Chairman of that committee receives an annual retainer of \$5,000. Directors who are employees do not receive additional compensation for serving as directors or for attending Board of Directors or committee meetings. The Company reimburses all directors for their expenses in connection with attending meetings of the Board of Directors or committees of the Board of Directors.

The compensation of directors may be modified from time to time by the Compensation Committee if it determines such modification is necessary or appropriate in light of the Company's needs, best market practices or applicable legal and regulatory changes.

The *Code of Business Conduct and Ethics* is available in the Investor Relations section of the Company's Web site at www.ftd.com. A copy may also be obtained upon written request from the Company's Secretary at FTD Group, Inc., 3113 Woodcreek Drive, Downers Grove, Illinois 60515. COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The following Compensation Committee Report on Executive Compensation and the performance charts included elsewhere in this Proxy Statement do not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act, except to the extent the Company specifically incorporates this report or the performance charts by reference therein.

The function of the Compensation Committee is to develop and maintain the Company's compensation strategies and policies. The Compensation Committee is responsible for monitoring and administering the Company's compensation and employee benefit plans and reviewing, among other things, base salary levels, incentive awards and bonus awards for officers and key executives, and such other matters as are specifically delegated to the Compensation Committee by applicable law or regulation, or by the Board of Directors from time to time. On February 7, 2005, Mr. Nolan was appointed as a member and Chairman and Messrs. Apatoff and Flynn were appointed as members of the Compensation Committee. The Compensation Committee operates under a charter approved by the Board on February 7, 2005, which is available in the Investor Relations section of the Company's Web site at www.ftd.com.

The Compensation Committee of the Board of Directors has furnished this report on executive compensation for the fiscal year ended June 30, 2005.

Compensation Philosophy

The general philosophy of the Compensation Committee is to provide executive compensation designed to attract and retain world-class talent in a highly competitive industry while at the same time delivering sustained value to the Company's stockholders. In furtherance of these goals, the Company's executive compensation programs are designed to link a meaningful portion of compensation opportunity to the performance of the Company and the executive, with an appropriate balance between retention and risk. The Company's executive compensation programs comprise annual compensation, consisting of salary and bonus awards, and long-term compensation, consisting of stock options and other equity-based compensation. Lastly, the Compensation Committee is committed to the concept of significant ownership of the Common Stock by executive officers.

In making decisions affecting executive compensation, the Compensation Committee reviews the nature and scope of the executive officer's responsibilities as well as his or her effectiveness in supporting the Company's long-term goals. The Compensation Committee also considers the compensation practices of companies that are of similar size to the Company as well as the compensation practices of companies providing similar services and products as the Company. The Company does not have a policy to predetermine specific compensation relative to the compensation paid by other companies.

There are two primary types of compensation provided to the Company's executive officers:

- Annual compensation, which includes base salary intended to provide a stable annual salary at a level consistent with individual contributions, and annual performance bonuses intended to link each officer's compensation to the Company's performance as well as the performance of such officer; and
- Long-term compensation, which includes stock options, restricted stock awards and other equity-based compensation intended to encourage actions to maximize stockholder value.

Base Salary

Pursuant to the Compensation Committee charter, adopted by the Board of Directors in February 2005, the Compensation Committee reviews and approves, on an annual basis, the compensation

of all executive officers, directors and other employees of the Company or its subsidiaries with a base salary of at least \$150,000.

Incentive Bonus Plan

The Board of Directors has adopted the Incentive Bonus Plan of FTD Group, Inc. (the **Bonus Plan**). Messrs. Soenen, Burney, Smith and Van Cleave and Ms. Wolfe, along with other executive officers, are participants in the Bonus Plan. The Bonus Plan covers approximately 40 key employees and provides additional compensation based on a percentage of the employees' base salaries in the event that (i) the Company achieves one or more targets based on the Company's earnings before interest, taxes, depreciation and amortization, deferred compensation, management fees and other non-recurring items and (ii) the individual achieves specified goals. Mr. Soenen received bonuses of \$823,643, \$22,631 and \$155,000 related to the fiscal years ended June 30, 2005, 2004 and 2003, respectively, pursuant to the Bonus Plan. Mr. Burney received bonuses of \$166,924, \$29,474 and \$85,000 related to the fiscal years ended June 30, 2005, 2004 and 2003, respectively, pursuant to the Bonus Plan. Mr. Smith received bonuses of \$77,469, \$29,220 and \$70,000 related to the fiscal years ended June 30, 2005, 2004 and 2003, respectively, pursuant to the Bonus Plan. Mr. Van Cleave received bonuses of \$203,325, \$34,632 and \$80,000 related to the fiscal years ended June 30, 2005, 2004 and 2003, respectively, pursuant to the Bonus Plan. Ms. Wolfe received bonuses of \$196,794 and \$105,000 related to the fiscal years ended June 30, 2005 and 2003, respectively, pursuant to the Bonus Plan, but did not receive a bonus related to the fiscal year ended June 30, 2004. The Board of Directors may amend or terminate the Bonus Plan at any time in its sole discretion.

Equity-Based Compensation

The Board of Directors has adopted, and our stockholders have approved, our 2005 Amended and Restated Equity Incentive Award Plan (the **2005 Plan**). The 2005 Plan is described below under the heading "Executive Compensation - Equity Incentive Award Plan."

During fiscal year 2005, the Company granted 2,239,457 options to employees and directors of the Company. The Company's options granted to employees during the current fiscal year either vest equally each year over an approximate five-year period or vest in full after an approximate seven-year period unless certain performance acceleration targets are met. If the performance targets are met, the options, which vest in full after approximately seven years, will accelerate and vest in one-third installments on June 30, 2005, June 30, 2006 and June 30, 2007. The Company's options granted to directors during the current fiscal year vest equally in thirds, one-third on the date of grant, one-third on the first anniversary of the date of grant and the remaining one-third on the second anniversary of the date of grant.

Compensation of the Chief Executive Officer

For the fiscal year ended June 30, 2005, Mr. Soenen's base salary was \$500,000 per year. Pursuant to the Bonus Plan, for fiscal year ended June 30, 2006, Mr. Soenen may receive a potential bonus of 200% of his annual salary. In consideration of the Company's performance and his individual performance for the fiscal year ended June 30, 2005, Mr. Soenen received a bonus of \$823,643 related to the fiscal year ended June 30, 2005 pursuant to the Bonus Plan.

Internal Revenue Code Section 162(m)

In determining executive compensation, the Compensation Committee considers, among other factors, the possible tax consequences to the Company and to the Company's executive officers, including the potential impact of Section 162(m) of the Internal Revenue Code of 1986, as amended ("Section 162(m)"). Section 162(m) disallows a tax deduction for any publicly held corporation for

individual compensation exceeding \$1 million in any taxable year for the Chief Executive Officer and the other senior executive officers, other than compensation that is performance-based under a plan that is approved by the stockholders of the Company and that meets certain other technical requirements. However, tax consequences, including but not limited to tax deductibility by the Company, are subject to many factors (such as changes in the tax laws and regulations or interpretations thereof and the timing and nature of various decisions by executives regarding options and other rights) that are beyond the control of either the Compensation Committee or the Company. In addition, the Compensation Committee believes that it is important for it to retain maximum flexibility in designing compensation programs that meet its stated objectives. For all of the foregoing reasons, the Compensation Committee, while considering tax deductibility as one of its factors in determining compensation, will not limit compensation to those levels or types of compensation that will be deductible. The Compensation Committee will, of course, consider alternative forms of compensation, consistent with its compensation goals, that preserve deductibility.

Conclusion

The Compensation Committee believes that the compensation policies and plans of the Company are generally properly integrated with the Company's business plan and aligned with the best interests of the Company's stockholders. The Compensation Committee will continue to review and revise the Company's compensation policies and plans in light of the Company's needs, best market practices and legal and regulatory changes.

The following table shows all grants of stock options made to the individuals named above in the Summary Compensation Table during the fiscal year ended June 30, 2005. No stock appreciation rights were granted to such individuals during the fiscal year ended June 30, 2005.

Name	Number of Securities Underlying Options Granted(b)	Individual Grants		Expiration Date	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term(a)	
		% of Total Options Granted to Employees in Fiscal Year	Exercise Price (\$/Share)		5%	10%
Michael J. Soenen	925,001	41.3 %	\$ 3.00	9/30/2014	\$ 1,745,184	\$ 4,422,640
Jon R. Burney	100,000	4.5	3.00	9/30/2014	188,668	478,123

Carrie A. Wolfe	250,000	11.2	3.00	9/30/2014	471,671	1,195,307

(a) Potential realizable value is net of exercise price, but before deduction of taxes associated with exercise. A 0% gain in stock price will result in zero dollars for the optionee. The dollar amounts indicated in these columns are the result of calculations assuming growth rates required by the SEC. These growth rates are not intended to forecast future appreciation, if any, in the price of the Common Stock.

(b) Subject to the optionee's continued employment with us, 50% of these options, or 529,167 in the case of Mr. Soenen, will become vested and exercisable with respect to 20% on June 30, 2005 and the four subsequent anniversaries of June 30, 2005 (until the option becomes fully vested and exercisable with respect to all shares covered thereby on June 30, 2009). The remaining options will become vested and exercisable on June 30, 2011 unless certain performance targets are met. If the performance targets are met, one-third of the remaining options will vest on each of June 30, 2005, June 30, 2006 and June 30, 2007.

Option Exercises and Fiscal Year-End Values

The following table shows information about unexercised options to purchase the Common Stock as of June 30, 2005 and the value realized upon the exercise of options in the fiscal year ended June 30, 2005 by the individuals named in the Summary Compensation Table. No stock appreciation rights were exercised by such individuals in the fiscal year ended June 30, 2005 or held by such individuals as of June 30, 2005.

	Number of Shares Acquired on Exercise in 2005	Value Realized	Number of Securities Underlying Unexercised Options Held at June 30, 2005		Value of Unexercised In-The-Money Options Held at June 30, 2005(a)	
			Exercisable	Unexercisable	Exercisable	Unexercisable
Michael J. Soenen			237,779	687,222	\$ 1,985,455	\$ 5,738,304

Daniel W. Smith			31,112	85,556	259,785	714,393
William J. Van Cleave			48,890	134,444	408,232	1,122,607
Carrie A. Wolfe			66,667	183,333	556,669	1,530,831

(a) Options were in-the-money as of June 30, 2005 if the market value of the Common Stock on that date exceeded the exercise price of the options. The amounts set forth represent the difference between the closing price of the Common Stock on the NYSE on June 30, 2005 (\$11.35) and the exercise price payable for those shares.

Long-Term Incentive Plan Awards in Last Fiscal Year

No long-term incentive awards were granted to the Company's named executive officers during the fiscal year ended June 30, 2005.

Employment Agreements

Pursuant to employment agreements between FTDI and each of Messrs. Jon R. Burney, Daniel W. Smith and William J. Van Cleave, each dated as of May 20, 2003, and amended as of October 5, 2003 and February 24, 2004, each executive has agreed to serve as an officer of FTDI or in a substantially similar position with any entity that acquires FTDI through May 31, 2004, with the term of each agreement renewing automatically for one year periods thereafter unless terminated as provided in the agreement prior to the end of the term. None of these agreements has been terminated. Each executive has agreed to the following minimum base salaries or such greater amount as determined by the Board of Directors or the Compensation Committee plus a performance bonus as set by the Board of Directors or the Compensation Committee: Mr. Burney, \$195,000; Mr. Smith, \$175,000; and Mr. Van Cleave, \$220,000. The employment agreements also provide that each executive is entitled to four weeks of paid vacation per year, reimbursement for all reasonable and necessary travel expenses and other disbursements incurred by each executive for or on the Company's behalf and additional employment-related benefits that are made available from time to time to the Company's employees who are at comparable levels to each executive. In addition, each executive's employment agreement provides that if:

- FTDI fails to renew his or her employment agreement at the end of its term;
- FTDI terminates the executive's employment without cause (other than during a change of control period); or
- the executive resigns following his or her assignment to a position that represents a material diminution in his or her operating responsibilities (other than during a change of control period);

then the executive is entitled to receive certain termination benefits, which include the continuation of his or her most recent base salary for one year from the effective date of any such termination and any pro rata bonus to which the executive may be entitled pursuant to the agreement.

In addition, each employment agreement provides that the executive is entitled to receive certain severance benefits upon a change of control if, during the two years following a change of control, his or her employment is terminated or not renewed (other than for cause, death or permanent disability) or he or she resigns because:

- FTDI fails to elect or re-elect or otherwise to maintain the executive in the office or the position, or a substantially equivalent office or position, which he or she held immediately prior to the change of control;
- there is (i) a material adverse change in the nature or scope of the authorities, powers, functions, responsibilities or duties attached to the position that the executive held immediately prior to a change of control (except for changes resulting from the Company ceasing to be a public company or the executive no longer having the duties held by an officer of a public company); (ii) a reduction in the executive's base salary or a material modification in the scope of his or her right to participate in any bonus program offered to similarly-situated employees as in effect immediately prior to a change of control; or (iii) the termination, denial or reduction in scope or value of the executive's rights to certain additional employment-related benefits at least as great in the aggregate as those payable immediately prior to a change of control;
- a change in the scope of the business or other activities for which the executive is responsible, which has rendered him or her unable to carry out any material portion of the duties attached to his or her

position immediately prior to a change of control (except for changes resulting from the Company ceasing to be a public company or the executive no longer having the duties held by an officer of a public company);

- FTDI's liquidation, dissolution, merger, consolidation or reorganization or transfer of all or substantially all of FTDI's business and/or assets; or
- the executive is required to have his or her principal location of work changed to any location that is more than 50 miles from his or her current principal location of work immediately prior to a change of control.

These benefits include, among other things, a lump sum payment equal to the sum of (i) his or her base salary for two years at the highest rate during the three years prior to termination, (ii) two times his or her target performance bonus for the fiscal year in which the change of control or termination occurs, whichever is higher, and (iii) any pro rata performance bonus to which he or she may be entitled for the fiscal year in which the change of control or termination occurs, whichever is higher. For two years after the date of termination, each executive is entitled to certain health benefits, life insurance and disability insurance and reasonable and customary executive outplacement services not to exceed \$20,000.

A change of control is defined in each executive's employment agreement to include:

- the acquisition by any person of more than 50% of FTDI's voting stock or the voting stock of FTD;
- a change in a majority of FTDI's directors or the directors of FTD;
- the consummation of a reorganization, merger or consolidation or sale of all or substantially all of FTDI's assets or the assets of FTD; or
- the approval by FTDI's stockholders or the stockholders of FTD of a complete liquidation or dissolution of FTDI or FTD.

Each executive's employment agreement also provides that any of the executive's outstanding stock options or restricted stock awards will become immediately exercisable or vest in full, as the case may be, upon a change of control.

Under the terms of a confidentiality and non-competition agreement between FTDI and each of the executives, the executives have agreed not to engage in any business activity if such activity constitutes the sale or provision of floral products or services that are similar to, or competitive with, floral products or services then being sold or provided by FTDI or any of its subsidiaries or affiliated companies, while the executive is employed by FTDI and for a period of one year thereafter. In addition, under the agreement, each executive has agreed to certain provisions regarding the non-disclosure of confidential information and non-solicitation of employees of FTDI.

Other than Messrs. Burney, Smith and Van Cleave, none of the Company's named executive officers are party to employment agreements with the Company.

Equity Incentive Award Plan

2005 Plan. The Board of Directors has adopted, and the Company's stockholders have approved, the 2005 Plan. The 2005 Plan amended and restated the Company's Stock Option Plan originally adopted on September 30, 2004 (the **Original Plan**). The principal purpose of the 2005 Plan is to attract, retain and motivate selected employees, consultants and directors through the granting of stock-based compensation awards. The 2005 Plan provides for a variety of such awards, including non-qualified stock options, incentive stock options (within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended), stock appreciation rights, restricted stock awards, restricted stock unit awards, deferred stock awards, dividend equivalents, performance share awards, performance stock unit awards, stock payment

awards, performance-based awards and other stock-based awards. A total of 4,592,778 shares of Common Stock are reserved for issuance under the 2005 Plan, which may be used for any of the types of awards permitted under the 2005 Plan. The maximum number of shares of Common Stock with respect to one or more awards that may be granted to any one participant during a one-year period (measured from the date of any grant) shall be 1,500,000. The 2005 Plan does not apply to stock options that were granted under the Original Plan prior to the effective date of the 2005 Plan, which continue to be subject to the terms and conditions of the Original Plan.

Administration. The 2005 Plan is administered by the Board of Directors, unless and until the Board of Directors delegates administration to the Compensation Committee. However, the Board of Directors may not delegate to the Compensation Committee or otherwise, the power, among other things, to grant stock awards to independent directors. The Board of Directors, or the Compensation Committee if so empowered, has the power to interpret the 2005 Plan and to adopt such rules for the administration, interpretation and application of the 2005 Plan according to its terms. To the extent permitted by applicable law, the Board of Directors or the Compensation Committee may also delegate to one or more members of the Board of Directors or one or more of our officers the power, among other things, to designate which of our non-officer employees shall receive stock awards, and the number of shares of the Common Stock that will be subject to each award, subject to a maximum aggregate number of shares specified by the Board of Directors or the Compensation Committee at the time the delegation to the director(s) or officer(s) is made.

Grant of Awards. Certain employees, consultants and directors are eligible to be granted awards under the 2005 Plan. The Board of Directors, or the Compensation Committee if so empowered, determines:

- which employees, consultants, and directors are to be granted awards;
- the type of award that is granted;
- the number of shares subject to the awards; and
- the terms and conditions of the awards, consistent with the 2005 Plan.

Limitation on Incentive Stock Option Treatment. Only the Company's employees may be granted incentive stock options. Even if an option is designated as an incentive stock option, no option will qualify as an incentive stock option if the aggregate fair market value of the Common Stock (as determined as of the date of grant) with respect to all of a holder's incentive stock options exercisable for the first time during any calendar year exceeds \$100,000. Any option failing to qualify as an incentive stock option will be deemed to be a non-qualified stock option.

Stock Option Exercise Prices. The Board of Directors, or the Compensation Committee if so empowered, shall set the per share exercise price of stock options granted under the 2005 Plan, provided, that the per share option exercise price shall in no case be less than 100% of the fair market value of shares of the Common Stock on the grant date and, with respect to an incentive stock option granted to any individual who, at the date of grant, owns stock possessing more than ten percent of the total combined voting power of all classes of the Company's capital stock, shall not be less than 110% of the fair market value of shares of the Common Stock on the grant date.

Expiration of Stock Options. The term of an option is set by the Board of Directors, or the Compensation Committee if so empowered, subject to the following conditions: (i) no option term shall be longer than ten years from the date of grant; and (ii) the option term for an incentive stock option granted to a person owning more than 10% of the total combined voting power of all classes of the Company's capital stock shall not exceed five years from the date of grant.

Other Equity Awards. In addition to stock options, the Board of Directors, or the Compensation Committee if so empowered, may also grant to certain employees, consultants and directors stock appreciation rights, shares of restricted stock, restricted stock units, dividend equivalents, performance share awards, performance stock unit awards, stock payment awards, deferred stock awards, performance-based awards, or other stock-based awards, with such terms and conditions as the Board of Directors (or, if applicable, the Compensation Committee) may, subject to the terms of the 2005 Plan, establish. Such awards may be settled in cash, stock or a combination thereof. Under the 2005 Plan, performance share awards, performance stock unit awards and performance-based stock awards are intended to comply with the requirements of Section 162(m) of the Internal Revenue Code of 1986, as amended, and its underlying regulations, in order to allow these awards, when payable, to be fully tax deductible by the Company.

Adjustments of Awards. If the Board of Directors, or the Compensation Committee if so empowered, determines that a stock dividend, stock split, combination or exchange of shares, merger, consolidation, spin-off, recapitalization, distribution of company assets to stockholders (other than normal cash dividends), or any other corporate event affecting the stock or the share price of the stock affects the Common Stock in a manner that causes dilution or enlargement of benefits or potential benefits under the 2005 Plan, then the Board of Directors (or the Compensation Committee, if applicable) may appropriately and equitably adjust:

- the aggregate number of, and kind of, shares of the Common Stock subject to the 2005 Plan;
- the number of, and kind of, shares of the Common Stock subject to the outstanding awards;
- the price per share of the Common Stock upon exercise of outstanding options; and
- the financial or other performance targets specified in each option agreement for determining the exercisability of options.

In such a case, the Board of Directors, or the Compensation Committee if so empowered, may, subject to the terms of the 2005 Plan, take the following actions:

- provide for either termination of any award in exchange for an amount of cash and/or other property, if any, equal to the amount that would have been attained upon the exercise of such award or realization of the holder's rights or the replacement of an award with other rights or property;
- provide that an award be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar options, rights or awards covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices;
- provide that an award shall be exercisable or payable or fully vested with respect to all shares covered thereby, notwithstanding anything to the contrary in the 2005 Plan or the applicable award agreement; and
- provide that the award cannot vest, be exercised or become payable after such an event.

The Compensation Committee (or the Board of Directors, in the case of options granted to independent directors) may, in its sole discretion, include such further provisions and limitations in any award agreement as it may deem equitable and in our best interests.

Amendment and Termination. The Board of Directors or the Compensation Committee (with board approval) may amend, suspend and terminate the 2005 Plan anytime from time to time. However, the Company must generally obtain approval of our stockholders: (i) to increase the number of shares available under the 2005 Plan; (ii) to grant options with an exercise price that is below 100% of the fair market value of shares of the Common Stock on the grant

date; (iii) to extend the exercise period for an option beyond ten years from the date of grant; (iv) to take any action that results in a material increase in

26

benefits or a change in eligibility requirements; or (v) to the extent required by applicable law, rule or regulation (including any applicable stock exchange rule).

Notwithstanding anything in the 2005 Plan to the contrary, absent approval of the Company's stockholders, no option may be amended to reduce the per share exercise price of the shares subject to such option below the per share exercise price of such option on the grant date and no option may be granted in exchange for, or in connection with, the cancellation or surrender of an option having a higher per share exercise price. No termination, amendment, or modification of the 2005 Plan shall adversely affect in any material way any previously granted award without the participant's prior written consent.

Effective and Expiration Date. The 2005 Plan was effective as of February 7, 2005, the date it was approved by the Company's stockholders. The 2005 Plan will expire on, and no option or other award may be granted pursuant to the 2005 Plan after, the earlier of the tenth anniversary of (i) the date it is approved by the Company's stockholders or (ii) the date it is approved by the Board of Directors. Any awards that are outstanding on the tenth anniversary of the date the 2005 Plan is approved by the Company's stockholders shall remain in force according to the terms of the 2005 Plan and the applicable award agreement.

Incentive Bonus Plan

The Bonus Plan is described above under the heading Compensation Committee Report on Executive Compensation.

401(k) Plan

The Company sponsors a 401(k) savings plan for all of its eligible employees. All eligible employees may contribute between 1% and 75% of their gross annual salary up to \$14,000 annually for calendar year 2005, on a pre-tax basis. As of January 1, 2005, the Company matches an amount equal to 25% of each participant's pre-tax contribution up to 6% of the participant's compensation. Prior to January 1, 2005, the Company matched an amount equal to 50% of each participant's pre-tax contribution up to 6% of the participant's compensation. Company contributions to the 401(k) plan for the year ended June 30, 2005, for the period from February 24, 2004 through June 30, 2004, the period from July 1, 2003 through February 23, 2004, and for the year ended June 30, 2003 were \$346,000, \$181,000, \$289,000 and \$407,000, respectively.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

2004 Going Private Transaction

FTD Group, Inc. (the **Company**) was formed in 2003 by Green Equity Investors IV, L.P. (**Green Equity Investors**), a private investment fund affiliated with Leonard Green & Partners, L.P., solely for the purpose of acquiring majority ownership of FTD, Inc. (**FTD**). Prior to February 24, 2004, FTD was a public company listed on the Nasdaq National Market. On February 24, 2004, the Company completed a going private transaction, in which Nectar Merger Corporation, which was a wholly owned subsidiary of the Company, merged with and into FTD with FTD continuing as the surviving corporation (the **2004 Going Private Transaction**).

The aggregate consideration for the 2004 Going Private Transaction was approximately \$422.0 million, with each public FTD stockholder receiving cash for each share of FTD common stock owned. An aggregate of approximately \$7.3 million of such consideration was received by then current executive officers of FTD.

The 2004 Going Private Transaction was financed by a \$72.2 million investment in the Company's 14% Senior Redeemable Exchangeable Cumulative Preferred Stock, a \$72.2 million investment in the Company's 12% Junior Redeemable Exchangeable Cumulative Preferred Stock and a \$36.6 million investment in the Common Stock, in each case made by Green Equity Investors IV, L.P., and an affiliate of Green Equity Investors IV, L.P.; a \$0.5 million investment in the Company's 14% Senior Redeemable Exchangeable Cumulative Preferred Stock, a \$0.5 million investment in the Company's 12% Junior Redeemable Exchangeable Cumulative Preferred Stock and a \$3.4 million investment in the Common Stock, in each case made by certain members of the Company's management (of which \$0.9 million was in the form of an exchange of a portion of management's ownership in FTD's common stock); the issuance by FTD of \$175.0 million of its 7.75% Senior Subordinated Notes due 2014; and \$85.0 million of borrowings under FTD's senior credit facility.

Prior to the IPO (as defined below), all of the Company's 14% Senior Redeemable Exchangeable Cumulative Preferred Stock and 12% Junior Redeemable Exchangeable Cumulative Preferred Stock were held by Green Equity Investors IV, L.P. and its affiliate. The Company used the net proceeds of the IPO to repurchase all of the 14% Senior Redeemable Exchangeable Cumulative Preferred Stock and 12% Junior Redeemable Exchangeable Cumulative Preferred Stock at prices of 114% and 112% of the applicable liquidation preference, respectively, for an aggregate payment to Green Equity Investors IV, L.P. and its affiliate of \$186.8 million (93% of the total proceeds). The Company repurchased approximately 22,995 shares of the Company's 14% Senior Redeemable Exchangeable Cumulative Preferred Stock upon the closing of the IPO (for aggregate consideration of \$30 million) and the balance of such shares and all of the Company's 12% Junior Redeemable Exchangeable Cumulative Preferred Stock on February 25, 2005.

Agreements Related to the 2004 Going Private Transaction

The following is a summary description of material terms of certain agreements that were entered into in connection with the 2004 Going Private Transaction.

Equity Ownership in the Company

As a condition to the 2004 Going Private Transaction, certain members of the then current senior management of FTD, Robert Norton, Jon Burney, Ann Hofferberth, Larry Johnson, George Kanganis, Timothy Meline, Dan Smith, William Van Cleave and Carrie Wolfe (the **initial management investors**) were obligated to invest at least \$4.0 million in the aggregate in the equity of the Company. The initial management investors invested approximately \$4.4 million in the equity of the Company to satisfy this

condition. The investments took the form of an exchange of common stock of FTD for shares of the Common Stock, or a cash investment by such initial management investors for shares of the Common Stock or a combination of the foregoing. On July 12, 2004, Green Equity Investors IV, L.P. purchased all of the equity of the Company owned by Mr. Norton, consisting of 1,004,667 shares of the Common Stock, for a purchase price of \$3,014,000, representing a purchase price of \$3.00 per share, 493 shares of the Company's senior preferred stock, for a purchase price of \$493,000, representing a purchase price of \$1,000 per share, and 493 shares of the Company's junior preferred stock, for a purchase price of \$493,000, representing a purchase price of \$1,000 per share, in accordance with the stockholders' agreement. On July 7, 2004, Green Equity Investors IV, L.P. purchased all of the equity of the Company owned by Ann M. Hofferberth, consisting of 33,334 shares of the Common Stock, and Carrie A. Wolfe, consisting of 33,334 shares of the Common Stock, each for an aggregate purchase price of \$100,000, representing a purchase price of \$3.00 per share, in accordance with the stockholders' agreement. On September 30, 2004, the Company sold 275,559 shares of Common Stock to certain members of FTD's management for cash consideration of \$826,667, including 158,334 shares purchased by Michael J. Soenen and 50,000 shares purchased by Carrie A. Wolfe. All of such shares were sold at a price of \$3.00 per share, representing the price Green Equity Investors IV, L.P. paid for all of its shares of the Common Stock. In connection with such senior management's investment, the Company, Green Equity Investors IV, L.P., an affiliate of Green Equity Investors IV, L.P. and such members of senior management entered into an amended and restated stockholders' agreement that contains provisions substantially similar to the provisions of the stockholders' agreement described immediately below.

Stockholders' Agreement

In connection with the initial management investors' investment in the equity of the Company, Green Equity Investors IV, L.P., the Company and the initial management investors entered into a stockholders' agreement. All of the Company's other stockholders as of immediately prior to the IPO subsequently became parties to the stockholders' agreement in connection with their investments pursuant to an amendment and restatement of the agreement. Pursuant to the stockholders' agreement, Green Equity Investors IV, L.P. has demand and piggy-back registration rights in certain circumstances. The management investors also have piggy-back registration rights in certain circumstances.

Management Services Agreement

Upon the consummation of the 2004 Going Private Transaction, FTD entered into a management services agreement among FTD, certain of FTD's subsidiaries and Leonard Green & Partners, L.P., pursuant to which Leonard Green & Partners, L.P. agreed to provide management, consulting and financial planning services on an ongoing basis to FTD and certain of FTD's subsidiaries, including, without limitation, in connection with major transactions. PROPOSAL 2.

RATIFICATION OF APPOINTMENT OF CERTIFIED INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2006, subject to ratification by the stockholders. They will have an opportunity to make a statement at the meeting if they so desire and will be available to respond to appropriate questions raised orally by stockholders. The Board of Directors has put this proposal before the stockholders because the Board believes that seeking stockholder ratification of the selection of the independent registered public accounting firm is good corporate practice. THE BOARD RECOMMENDS A VOTE FOR THE RATIFICATION OF ERNST & YOUNG LLP AS THE COMPANY'S CERTIFIED INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING JUNE 30, 2006.

ANNEX I

**FTD GROUP, INC.
AUDIT COMMITTEE CHARTER**

This Audit Committee Charter was adopted by the Board of Directors (the Board) of FTD Group, Inc. (the Company) on February 7, 2005.

I. Purpose

The purpose of the Audit Committee (the Committee) is to assist the Board with its oversight responsibilities regarding: (i) the integrity of the Company's financial statements; (ii) the Company's compliance with legal and regulatory requirements; (iii) the independent auditor's qualifications and independence; and (iv) the performance of the Company's internal audit function and independent auditor. The Committee shall prepare the report required by the rules of the Securities and Exchange Commission (the SEC) to be included in the Company's annual proxy statement.

In addition to the powers and responsibilities expressly delegated to the Committee in this Charter, the Committee may exercise any other powers and carry out any other responsibilities delegated to it by the Board from time to time consistent with the Company's bylaws. The powers and responsibilities delegated by the Board to the Committee in this Charter or otherwise shall be exercised and carried out by the Committee as it deems appropriate without requirement of Board approval, and any decision made by the Committee (including any decision to exercise or refrain from exercising any of the powers delegated to the Committee hereunder) shall be at the Committee's sole discretion. While acting within the scope of the powers and responsibilities delegated to it, the Committee shall have and may exercise all the powers and authority of the Board. To the fullest extent permitted by law, the Committee shall have the power to determine which matters are within the scope of the powers and responsibilities delegated to it.

Notwithstanding the foregoing, the Committee's responsibilities are limited to oversight. Management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements as well as the Company's financial reporting process, accounting policies, internal audit function, internal accounting controls and disclosure controls and procedures. The independent auditor is responsible for performing an audit of the Company's annual financial statements, expressing an opinion as to the conformity of such annual financial statements with generally accepted accounting principles and reviewing the Company's quarterly financial statements. It is not the responsibility of the Committee to plan or conduct audits or to determine that the Company's financial statements and disclosure are complete and accurate and in accordance with generally accepted accounting principles and applicable laws, rules and regulations. Each member of the Committee shall be entitled to rely on the integrity of those persons within the Company and of the professionals and experts (including the Company's internal auditor (or others responsible for the internal audit function, including contracted non-employee or audit or accounting firms engaged to provide internal audit services) (the internal auditor) and the Company's independent auditor) from which the Committee receives information and, absent actual knowledge to the contrary, the accuracy of the financial and other information provided to the Committee by such persons, professionals or experts.

Further, auditing literature, particularly Statement of Accounting Standards No. 71, defines the term review to include a particular set of required procedures to be undertaken by independent auditors. The members of the Committee are not independent auditors, and the term review as used in this Charter is not intended to have that meaning and should not be interpreted to suggest that the Committee members can or should follow the procedures required of auditors performing reviews of financial statements.

II. Membership

The Committee shall consist of no fewer than three members of the Board. Each Committee member shall be financially literate as determined by the Board in its business judgment or must become financially literate within a reasonable period of time after his or her appointment to the Committee. Members of the Committee are not required to be engaged in the accounting and auditing profession and, consequently, some members may not be expert in financial matters, or in matters involving auditing or accounting. However, at least one member of the Committee shall have accounting or related financial management expertise as determined by the Board in its business judgment. In addition, either at least one member of the Committee shall be an audit committee financial expert within the definition adopted by the SEC or the Company shall disclose in its periodic reports required pursuant to the Securities Exchange Act of 1934 (the Exchange Act) the reasons why at least one member of the Committee is not an audit committee financial expert.

Each Committee member shall satisfy the independence requirements of the New York Stock Exchange and Exchange Act Rule 10A-3(b)(1), subject to the exemptions set forth in Exchange Act Rule 10A-3(b)(1)(iv). No Committee member may simultaneously serve on the audit committee of more than two other public companies, unless the Board determines that such simultaneous service would not impair the ability of such member to effectively serve on the Committee and such determination is disclosed in the Company's annual proxy statement.

The members of the Committee, including the Chair of the Committee, shall be appointed by the Board on the recommendation of the Nominating and Corporate Governance Committee. Committee members may be removed from the Committee, with or without cause, by the Board.

III. Meetings and Procedures

The Chair (or in his or her absence, a member designated by the Chair) shall preside at each meeting of the Committee and set the agendas for Committee meetings. The Committee shall have the authority to establish its own rules and procedures for notice and conduct of its meetings so long as they are not inconsistent with any provisions of the Company's bylaws that are applicable to the Committee.

The Committee shall meet at least once during each fiscal quarter and more frequently as the Committee deems desirable. The Committee shall meet separately, periodically, with management, with the internal auditor and with the independent auditor.

All non-management directors that are not members of the Committee may attend and observe meetings of the Committee, but shall not participate in any discussion or deliberation unless invited to do so by the Committee, and in any event shall not be entitled to vote. The Committee may, at its discretion, include in its meetings members of the Company's management, representatives of the independent auditor, the internal auditor, any other financial personnel employed or retained by the Company or any other persons whose presence the Committee believes to be necessary or appropriate. Notwithstanding the foregoing, the Committee may also exclude from its meetings any persons it deems appropriate, including, but not limited to, any non-management director that is not a member of the Committee.

The Committee may retain any independent counsel, experts or advisors (accounting, financial or otherwise) that the Committee believes to be necessary or appropriate. The Committee may also utilize the services of the Company's regular legal counsel or other advisors to the Company. The Company shall provide for appropriate funding, as determined by the Committee, for payment of compensation to the independent auditor for the purpose of rendering or issuing an audit report or performing other audit, review or attest services, for payment of compensation to any advisors employed by the Committee and for ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

The Committee may conduct or authorize investigations into any matters within the scope of the powers and responsibilities delegated to the Committee.

IV. Powers and Responsibilities

Interaction with the Independent Auditor

1. *Appointment and Oversight.* The Committee shall be directly responsible for the appointment, compensation, retention and oversight of the work of the independent auditor (including resolution of any disagreements between Company management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work or performing other audit, review or attest services for the Company, and the independent auditor shall report directly to the Committee.
2. *Pre-Approval of Services.* Before the independent auditor is engaged by the Company or its subsidiaries to render audit or non-audit services, the Committee shall pre-approve the engagement. Committee pre-approval of audit and non-audit services will not be required if the engagement for the services is entered into pursuant to pre-approval policies and procedures established by the Committee regarding the Company's engagement of the independent auditor, provided the policies and procedures are detailed as to the particular service, the Committee is informed of each service provided and such policies and procedures do not include delegation of the Committee's responsibilities under the Exchange Act to the Company's management. The Committee may delegate to one or more designated members of the Committee the authority to grant pre-approvals, provided such approvals are presented to the Committee at a subsequent meeting. If the Committee elects to establish pre-approval policies and procedures regarding non-audit services, the Committee must be informed of each non-audit service provided by the independent auditor. Committee pre-approval of non-audit services (other than review and attest services) also will not be required if such services fall within available exceptions established by the SEC.
3. *Independence of Independent Auditor.* The Committee shall, at least annually, review the independence and quality control procedures of the independent auditor and the experience and qualifications of the independent auditor's senior personnel that are providing audit services to the Company. In conducting its review:
 - (i) The Committee shall obtain and review a report prepared by the independent auditor describing (a) the auditing firm's internal quality-control procedures and (b) any material issues raised by the most recent internal quality-control review, or peer review, of the auditing firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the auditing firm, and any steps taken to deal with any such issues.
 - (ii) The Committee shall discuss with the independent auditor its independence from the Company, and obtain and review a written statement prepared by the independent auditor describing all relationships between the independent auditor and the Company, consistent with Independence Standards Board Standard 1, and consider the impact that any relationships or services may have on the objectivity and independence of the independent auditor.
 - (iii) The Committee shall confirm with the independent auditor that the independent auditor is in compliance with the partner rotation requirements established by the SEC.
 - (iv) The Committee shall consider whether the Company should adopt a rotation of the annual audit among independent auditing firms.

Other Powers and Responsibilities

The Committee shall discuss with management and the independent auditor the Company's earnings press releases (with particular focus on any pro forma or adjusted non-GAAP information), as well as financial information and earnings guidance provided to analysts and rating agencies.
