- o Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 1.01 Entry into Material Definitive Agreement.

On June 28, 2007, Equifax Inc. (the Company) entered into a Purchase and Sale Agreement (the Purchase Agreement) regarding the purchase from First Chicago Leasing Corporation (First Chicago) of First Chicago's beneficial interest in the Equifax Business Trust No. 1994-A (the Trust) under that certain Trust Agreement dated March 17, 1994. First Chicago owns the entire beneficial interest in the Trust. The Trust is the fee owner of the JV White Data Center facility located on approximately 19.6762 acres in Alpharetta, Georgia, which consists of a three-story, 204,846 square foot data center and Building 2, a five-story, 197,823 square foot office building (the land, the buildings and related improvements are collectively referred to as the JV White Buildings). The transaction will be evidenced by an Assignment and Assumption Agreement in which First Chicago transfers its interest in the Trust to the Company and the Company assumes First Chicago's obligations under the Trust accruing from and after the closing of the transaction. The Company may assign its rights under the Purchase Agreement without First Chicago's consent, subject to certain conditions, provided that any such assignment would not relieve the Company of its obligations thereunder. The form of the Assignment and Assumption Agreement is an exhibit to the Purchase and Sale Agreement and delivery of this document by both parties is a condition to closing.

The Company currently leases the JV White Buildings from the Trust under that certain Lease Agreement dated as of March 18, 1994 (as amended, the Lease) and the Company will remain the sole lessee of the JV White Buildings following the Company's acquisition of First Chicago's interest in the Trust. The Lease has a term expiring on March 1, 2012, subject to the Company's right, as lessee, to extend the Lease for two years at the end of the initial term, and thereafter to extend the Lease for five, five-year extension terms, all on the terms and conditions as provided by the Lease. The Lease is a triple-net lease, meaning the Company, as lessee under the Lease, is responsible for all costs, expenses and other liabilities associated with the JV White Buildings. The Company, as lessee under the Lease, has certain options to purchase the JV White Buildings and options to terminate the Lease. The Lease contains customary representations, covenants and warranties, as well as events of default. Upon an event of default, the Trust, as lessor, may exercise any rights and remedies it may have by law or agreement, including terminating the Lease.

As consideration for First Chicago's interest in the Trust, the Company will pay \$29,961,000. The outstanding debt of the Trust (the Notes) secured by that certain Deed to Secure Debt encumbering the JV White Buildings (the Security Deed), held by SunTrust Bank, will remain an obligation of the Trust. The outstanding balance on the Notes, including accrued interest, is currently approximately \$12.7 million at a fixed interest rate of 6.245% per annum. The Notes have a final maturity date of March 1, 2012. The Security Deed contains customary representations and warranties and various affirmative and negative covenants such as limitations on the incurrence of additional debt, limitations on the incurrence of liens, restrictions on investments and acquisitions, restrictions on the sale of assets and restrictions on modifications to the Lease. The Security Deed also includes customary events of default, including but not limited to: nonpayment of principal, interest or other fees or amounts, incorrectness of representations and warranties in any

material respect, violations of covenants, bankruptcy and actual or asserted invalidity of provisions of or liens created under the Security Deed and related security documents. If an event of default occurs under the Security Deed or related documents, SunTrust Bank, as indenture trustee, may declare all amounts outstanding under the Notes immediately due and payable. In such event, SunTrust may exercise any rights and remedies it may have by law or agreement, including the ability to cause all or any part of the collateral securing the Notes to be sold.

The transaction is expected to close in July 2007, and is subject to customary closing conditions. The Company expects to finance the acquisition through cash on hand and borrowings under its existing commercial paper program. Alternatively, the Company may elect to exercise its right under the Purchase Agreement to assign its purchase rights to another party and in such event would expect to continue to lease the JV White Buildings from the new owner.

The Purchase Agreement is filed as Exhibit 10.1 to this Current Report on Form 8-K, and the descriptions of the terms of the Purchase Agreement in this Item 1.01 are qualified in their entirety by reference to such exhibit.

Item Creation of a Direct Financial Obligation or an Obligation Under An Off-Balance Sheet Arrangement of a Registrant.
2.03

Reference is made to the description of the outstanding \$12.5 million debt being assumed as described above in Item 1.01 and incorporated herein by reference.

Item Financial Statement and Exhibits.
