And Proxy
Statement

September 16, 2014

2014 Annual
Report on Form
10-K

In a difficult market context, Carpenter Technology executed well in fiscal year 2014. The company produced and sold more pounds of specialty alloys than ever before in our history. At the same time, Carpenter drove significant strategic gains.

Our fiscal year 2014 Adjusted EBITDA was \$381.8 million, just short of the record earnings we achieved in fiscal year 2013. We focus on the top one percent of the specialty steel market, while maintaining the flexibility to meet changes in market demand. In fiscal year 2014, we showed the agility to bring in significant additional volume to offset demand weakness for our ultra-premium aerospace and energy products.

In fiscal year 2014, Carpenter's Specialty Alloys Operations (SAO) segment increased pounds sold by seven percent and also improved manufacturing performance and efficiency. Carpenter's Performance Engineered Products (PEP) segment also drove initiatives that improved its financial trajectory. In total, the Company generated \$2.17 billion in sales. We reduced our Selling, General, and Administrative expenses by 7 percent to help offset sales mix weakness. As a result, we produced net income of \$132.8 million, or \$2.47 per diluted share.

Our long-term investments in premium alloy capacity began to pay off during the year. We continued to drive gains from our Latrobe acquisition, surpassing our original synergy projections by 70 percent. We completed the construction of the Athens, Alabama facility, which we believe is the world's most advanced specialty alloy manufacturing facility. Our Athens Operations enables Carpenter to produce ultra-premium alloys using highly automated, procedure-driven processes to ensure quality and fast delivery. The project was completed ahead of schedule and below budget. Athens produced 1,000 tons of saleable products in the fourth quarter of fiscal year 2014. We expect to increase the facility's production of specialty alloys once internal and customer qualifications are complete. We also made progress on our new finishing facility in

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

Changshu, China. In our PEP segment, we expanded titanium wire capacity to better meet the growing aerospace industry demand for titanium.

During the year, we negotiated multiple long-term agreements with customers, which are key to future growth. We licensed Pratt & Whitney's superalloy powder technology to expand our supply position in the rapidly growing additive manufacturing market. This unique technology will be utilized in our new superalloy powder facility that's currently under construction in Athens. The new facility is scheduled to open in calendar year 2015. The combination of these two key components helped solidify a long-term superalloy powder supply agreement with Pratt & Whitney.

Table of Contents

With additional capacity, strong market positions, a solid balance sheet, and what we believe to be indications of a strengthening demand cycle, we are well-positioned to increase financial results in the years ahead.

Thank you as always for your investment and continued confidence in Carpenter.

Gregory A. Pratt
Chairman, Board of Directors

William A. Wulfsohn
President & Chief Executive Officer

Safe Harbor Statement

Annual Meeting Invitation

Table of Contents

September 16, 2014

To Our Stockholders:

It is our pleasure to invite you to attend the 2014 Annual Meeting of Stockholders of Carpenter Technology Corporation, to be held at 11:00 a.m. on Tuesday, October 14, 2014. The meeting will be held at the Four Seasons Hotel, One Logan Square, Philadelphia, Pennsylvania 19103.

Business scheduled for the Annual Meeting includes:

- The election of three directors to three-year terms expiring in 2017;
- Approval of the appointment of PricewaterhouseCoopers LLP as Carpenter's independent registered public accounting firm to perform its integrated audit for fiscal year 2015; and
- Approval of the compensation of the Company's named executive officers, in an advisory vote.

Information concerning these matters is included in the enclosed Notice of Annual Meeting and Proxy Statement. Also, at the meeting, I will respond to questions concerning Carpenter's operations.

If you plan to attend the meeting in person, please visit the News and Events page of our website at www.carttech.com for directions to the Four Seasons Hotel, One Logan Square, Philadelphia, Pennsylvania 19103. Please bring the admission ticket attached to your proxy card with you. If you are receiving this Proxy Statement by e-mail and wish to attend the meeting, you should print out the admission ticket attached to the e-mail. **If your shares are held in the name of a broker, bank, or other nominee, and you wish to attend the meeting, you should obtain a letter from your broker, bank, or other nominee indicating that you are the beneficial owner of a stated number of shares of Carpenter stock as of the record date, August 15, 2014.**

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

If you do not plan to attend the meeting, you may vote over the Internet, by telephone, or by returning your proxy card. To ensure proper representation of your shares at the meeting, please follow the voting instructions beginning on page 2 of the Proxy Statement. You may also mark your proxy card, then sign, date, and return it at your earliest convenience.

I look forward to seeing you at the meeting.

Sincerely,

William A. Wulfsohn
President and
Chief Executive Officer

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

on

October 14, 2014

CARPENTER TECHNOLOGY CORPORATION will hold its 2014 Annual Meeting of Stockholders at the Four Seasons Hotel, One Logan Square, Philadelphia, Pennsylvania 19103 on Tuesday, October 14, 2014, at 11:00 a.m. We will vote on the following matters:

1. The election of three directors to three-year terms expiring in 2017;
2. Approval of the appointment of PricewaterhouseCoopers LLP as Carpenter's independent registered public accounting firm to perform its integrated audit for fiscal year 2015;
3. Approval of the compensation of the Company's named executive officers, in an advisory vote; and
4. Any other business that is properly presented at the meeting.

Only stockholders who were record owners of shares of common stock at the close of business on August 15, 2014, may vote at the meeting. A list of those stockholders will be available at the meeting and also during the ten days before the meeting at Carpenter's office of the Corporate Secretary, 2 Meridian Boulevard, 3rd Floor, Wyomissing, Pennsylvania 19610. The accompanying form proxy is solicited by the Board of

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

Directors of the Company.

Regardless of the number of shares that you own, it is important that your shares be represented at the meeting. You are encouraged to take advantage of the easy and cost-effective Internet and telephone voting that Carpenter offers. Please see page 2 of the Proxy Statement for Internet and telephone voting instructions. You may also vote by completing and signing the proxy card and returning it in the enclosed postage pre-paid envelope as soon as possible.

You are cordially invited to attend the meeting. If you plan to attend the meeting, please use the admission ticket attached to your proxy card or included in the e-mail by which you received this Proxy Statement or the letter you obtained from your broker. Upon presentation of proper identification, you may attend the meeting without an admission ticket.

By Order of the Board of Directors,

James D. Dee
Secretary

PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON OCTOBER 14, 2014

This Proxy Statement is furnished in connection with the solicitation of proxies for the Annual Meeting of Stockholders of Carpenter Technology Corporation to be held on October 14, 2014 (the "Annual Meeting"), and any postponements or adjournments. The meeting will be held at the Four Seasons Hotel, One Logan Square, Philadelphia, Pennsylvania 19103 at 11:00 a.m. Selected information from Carpenter's 2014 Annual Report on Form 10-K, including financial statements, is being delivered along with this Proxy Statement, but is not incorporated as part of the Proxy Statement and is not to be considered part of the proxy solicitation material. Carpenter Technology Corporation is referred to in this Proxy Statement as "Carpenter" or the "Company".

This Proxy Statement and the accompanying Notice of Annual Meeting of Stockholders are being sent to stockholders on or about September 16, 2014.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE

ANNUAL MEETING TO BE HELD ON OCTOBER 14, 2014

This Proxy Statement and our Annual Report to Stockholders for the fiscal year ended June 30, 2014, are available electronically at: <http://www.proxyvote.com>.

GENERAL INFORMATION

Why Proxies are Solicited

Carpenter's Board of Directors is soliciting proxies so that every stockholder will have an opportunity to vote during the Annual Meeting, whether or not the stockholder attends the Annual Meeting in person. You are being asked to vote on three proposals:

- The election of three directors, Steven E. Karol, Robert R. McMaster and Gregory A. Pratt, each to three-year terms, which will expire in 2017;
- Approval of the appointment of PricewaterhouseCoopers LLP as Carpenter's independent registered public accounting firm to perform its integrated audit for fiscal year 2015; and
- Approval of the compensation of the Company's named executive officers, in an advisory vote.

Table of Contents

Cost of Solicitation

Carpenter will pay the cost of preparing, assembling, and delivering the Notice of Annual Meeting, Proxy Statement and proxy card. Directors, officers, and regular employees of Carpenter may solicit proxies in person or by telephone without additional compensation. Carpenter will reimburse brokerage houses and other nominees for their expenses in forwarding proxy materials to beneficial owners of Carpenter common stock.

Who Can Vote

Stockholders who were record owners of Carpenter common stock at the close of business on August 15, 2014, which is the record date for the Annual Meeting, may vote at the Annual Meeting. On August 15, 2014, there were 53,201,803 shares of Carpenter common stock issued and outstanding and entitled to vote. Each share of common stock is entitled to one vote.

Each participant in the Savings Plan of Carpenter Technology Corporation, the Savings Plan of Carpenter Technology Corporation effective January 1, 2012, the Savings Plan of Amega West Services LLC, or the Latrobe Steel Company Voluntary Investment Program (collectively, the Savings Plans) may direct The Vanguard Group, Inc. (Vanguard), as trustee of the Savings Plans, how to vote the shares credited to the participant's account. Vanguard will vote the shares as directed and will treat any such directions it receives as confidential. Vanguard will vote any blank proxies or any shares for which no direction is received in the same proportion or manner as the directed shares. Directions must be received by Vanguard no later than Thursday, October 9, 2014.

How to Vote

You may vote in one of four ways:

Vote Over the Internet

- *If your shares are held in the name of a broker, bank, or other nominee:* Vote your Carpenter shares over the Internet by accessing the website address given on the proxy card you received from such broker, bank, or other nominee. You will need the control number that appears on your proxy card when you access the web page.
- *If your shares are registered in your name:* Vote your Carpenter shares over the Internet by accessing the website www.proxyvote.com and following the on-screen instructions. You will need the control number that appears on your proxy card when you access the web page.

Vote by Telephone (Touch-Tone Phone Only)

- *If your shares are held in the name of a broker, bank, or other nominee:* Vote your Carpenter shares over the telephone by following the telephone voting instructions, if any, provided on the proxy card you received from such broker, bank, or other nominee.
- *If your shares are registered in your name:* Vote your Carpenter shares over the telephone by accessing the telephone voting system toll-free at 1-800-690-6903 and following the telephone voting instructions. The telephone instructions will lead you through the voting process. You will need the control number that appears on your proxy card when you call.

Based on your Internet or telephone voting, the proxy holders will vote your shares according to your directions.

Table of Contents

Vote by Ballot at the Meeting

You also may attend the Annual Meeting and vote by ballot that you will receive at the meeting. Your admission ticket to the Annual Meeting is either attached to your proxy card or is in the e-mail by which you received your Proxy Statement.

Vote by Returning Your Proxy Card

You may vote by signing and returning your proxy card. Stockholders of record receive the proxy materials, including a proxy card, from the Company whereas stockholders who beneficially own their shares through a bank or brokerage firm in street name will receive the proxy materials, together with a voting instruction form, from the bank or broker. The proxy holders will vote your shares according to your directions. If you sign and return your proxy card without specifying choices, your shares will be voted as recommended by the Board of Directors. If you are a stockholder of record, unless you tell us on the proxy card to vote differently, we plan to vote signed and returned proxies for the nominees for director; for the approval of the appointment of PricewaterhouseCoopers LLP (PwC) as the Company's independent registered public accounting firm; and for the approval of the compensation of the Company's named executive officers in an advisory vote.

Stockholders who hold their shares in street name should refer to Broker Non-Votes and Abstentions below for information concerning the voting of their shares on any matter for which they do not provide instructions to their bank or broker, either by returning a completed, dated and signed voting instruction form in the envelope provided, or by telephone or Internet as provided elsewhere herein.

If you wish to give a proxy to someone other than those designated on the proxy card, you may do so by crossing out the names of the designated proxies and inserting the name of another person. The person representing you should then present your signed proxy card at the meeting.

Broker Non-Votes and Abstentions

A broker non-vote occurs when banks or brokerage firms holding shares on behalf of a stockholder do not receive voting instructions from the beneficial owner of the shares by a specified date before the Annual Meeting and do not have discretionary authority to vote those undirected shares on specified matters under applicable stock exchange rules. The uncontested election of directors and an advisory vote related to executive compensation are considered non-routine matters and discretionary voting on these matters is prohibited. As a result, if you are a beneficial owner and hold your shares in street name, and do not give your broker or other nominee instructions on how to vote your shares with respect to the election of directors or the advisory vote on executive compensation, no votes will be cast on your behalf with respect to those proposals. The ratification of auditors is still a discretionary matter, so your broker or nominee will be permitted to exercise discretionary authority to vote your shares with respect to the ratification of our selection of PwC as our independent registered public accounting firm even if you do not give your broker or other nominee instructions on how to vote your shares with respect to that proposal. Shares with respect to which brokers do not have authority to vote may still be counted in determining whether a quorum is present.

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

Because the Company has a plurality voting standard for the election of directors, and the other proposals will be determined by a majority of the votes cast, broker non-votes will have no effect on the outcome of the vote on any of the proposals.

Abstentions as to any matter are counted in determining the presence of a quorum at the Annual Meeting, but are not included in the vote count for that matter, and will have no impact on the outcome of the approval of those matters.

Table of Contents

Quorum and Required Votes

We need a quorum of stockholders to hold a valid annual meeting so that business may be conducted. A quorum will be present if the holders of at least a majority of the outstanding shares entitled to vote either attend or are represented by proxy at the Annual Meeting. Broker non-votes and votes withheld are counted as present for the purpose of establishing a quorum. Carpenter's By-Laws and Delaware law govern the vote needed to approve the proposals. Assuming the presence of a quorum, directors are elected by a plurality of the total votes cast at the Annual Meeting and the appointment of the independent registered public accounting firm and the advisory vote on executive compensation, and any other actions properly presented at the Annual Meeting are approved by a majority of the total votes cast at the Annual Meeting.

If You Change Your Mind After Voting

You can revoke your proxy at any time before it is voted. Proxies are voted at the Annual Meeting. You can write to Carpenter's Corporate Secretary at P.O. Box 14662, Reading, PA 19612-4662, stating that you wish to revoke your proxy and that you need another proxy card. More simply, you can vote again, either over the Internet or by telephone. Your last vote is the vote that will be counted. If you attend the Annual Meeting, you may vote by ballot, which will cancel your previous proxy vote.

Stockholder Nominations to the Board of Directors

As described in its charter, the Corporate Governance Committee of the Board of Directors (the "Corporate Governance Committee") performs the functions of a nominating committee and is responsible for identifying and recommending qualified persons to become members of the Board of Directors. The nominees for election to the Board of Directors listed in this Proxy Statement were nominated and recommended by the Corporate Governance Committee.

The Corporate Governance Committee will consider sound and meritorious nomination suggestions from stockholders and will review those nominations under the same criteria as other candidates identified by the Corporate Governance Committee. Our Corporate Governance Guidelines provide that candidates are considered for nomination to the Board of Directors based upon various criteria, including their general training and experience in business, science, engineering, finance or administration, and their personal integrity and judgment. In evaluating candidates to recommend to the Board of Directors, the Corporate Governance Committee considers whether a candidate enhances the diversity of the Board. In its consideration of such diversity, the Corporate Governance Committee considers a number of characteristics including each candidate's professional background and capabilities, knowledge of specific industries and geographic experience. In Carpenter's view, the foremost responsibility of a Carpenter director is to represent the interests of stockholders as a whole. To accomplish this, Carpenter believes that directors must have time available to devote to board activities. Accordingly, Carpenter seeks to attract and retain highly qualified directors who have sufficient time to attend to their substantial duties and responsibilities to Carpenter. Recent developments in corporate governance and financial reporting have resulted in an increased demand for highly qualified and productive public company directors. Carpenter believes that there should be a majority of independent directors on its Board, and it is Carpenter's policy to avoid the nomination of outside professionals, including lawyers, investment bankers, or accountants, whose firms provide services to Carpenter.

Under Carpenter's By-Laws, in order to nominate a person for election at the 2015 Annual Meeting of Stockholders, you must provide written notice of your proposed nomination to the Corporate Secretary at Carpenter's headquarters, P.O. Box 14662, Reading, PA 19612-4662, between July 16, 2015 and August 17, 2015. Your notice to the Corporate Secretary should contain your name, address, and number of shares of

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

Carpenter stock you own, in addition to the following information:

- For each person you propose to nominate for election as a director, specify:
 - (i) name, age, business address, and residence address;
 - (ii) principal occupation or employment;

Table of Contents

(iii) number of shares of Carpenter stock beneficially owned by the person; and

(iv) any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors pursuant to Schedule 14A under the proxy rules of the Securities and Exchange Commission (the "SEC").

- A signed statement from the person recommended for nomination indicating that he or she consents to be considered as a nominee and will serve as a director if elected.

Carpenter may require any proposed nominee to furnish other information reasonably necessary to determine the person's eligibility to serve as a director. Only individuals nominated in accordance with Carpenter's By-Laws and applicable Delaware law are eligible for election as a director.

2015 Stockholder Proposals

If you wish to include a proposal in the Proxy Statement for the 2015 Annual Meeting of Stockholders, your written proposal must be received by Carpenter no later than May 19, 2015. The proposal should be mailed by certified mail, return receipt requested, and must comply in all respects with applicable rules and regulations of the SEC, the laws of the State of Delaware, and Carpenter's By-Laws. Stockholder proposals may be mailed to the Corporate Secretary, Carpenter Technology Corporation, P.O. Box 14662, Reading, PA 19612-4662.

Under Carpenter's By-Laws, stockholder proposals that are not included in the proxy materials may be presented at the 2015 Annual Meeting of Stockholders only if they meet the above requirements and the Corporate Secretary is notified in writing of the proposals between July 16, 2015, and August 17, 2015. For each matter that you wish to bring before the meeting, provide the following information:

(i) a brief description of the matter and the reason for bringing it to the meeting;

(ii) your name and record address;

(iii) the number of shares of Carpenter stock that you own; and

(iv) any material interest (such as financial or personal interest) that you have in the matter.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN PERSONS****Principal Beneficial Owners**

Listed below are the only individuals and entities known by Carpenter to own more than 5% of the outstanding common stock of the Company as of the record date of August 15, 2014 (assuming that their holdings have not changed from such other date as may be shown below):

<u>Name and Address of Beneficial Owner</u>	<u>Amount and Nature of Beneficial Ownership</u>	<u>Percent of Class⁽¹⁾</u>
Neuberger Berman Management, LLC New York, NY	6,552,192(2)	12.32%
Fidelity Management & Research Company Boston, MA	4,137,902(3)	7.78%
The Vanguard Group, Inc. Malvern, PA	3,107,285(4)	5.84%

Table of Contents

(1) The amounts include the following shares of common stock that the individuals have the right to acquire by exercising outstanding stock options within 60 days after August 15, 2014:

C. G. Anderson, Jr.	21,143	G. A. Pratt	145,061	G. E. Heasley	1,615
P. M. Anderson	21,143	P. N. Stephans	10,785	D. L. Strobel	20,545
T. O. Hicks	5,397	K. C. Turner	21,143	T. R. Thene	2,827
I. M. Inglis	21,143	J. Wadsworth	21,143	A. T. Ziolkowski	11,114
S. E. Karol	5,397	S. M. Ward, Jr.	21,143		
R. R. McMaster	21,143	W. A. Wulfsohn	106,490		
All directors and executive officers as a group (16 persons)			457,232		

(2) These stock units convert to an equivalent number of shares of common stock when they become vested as per the terms of the relative agreement(s) and the plan. The stock unit values are equivalent to Carpenter's common stock values, but the units have no voting rights.

(3) These stock units convert to an equivalent number of shares of common stock upon the director's termination of service as allowed under the plan. The stock unit values are equivalent to Carpenter's common stock values, but the units have no voting rights.

(4) Ownership is rounded to the nearest 0.1% and is less than 0.1% except where stated.

(5) The percentages are calculated on the basis of the number of shares of common stock outstanding plus the number of shares of common stock that would be outstanding if the individual's options were exercised, but does not include any shares issuable upon the conversion of stock units.

(6) Voting and investment power is shared with respect to the following shares of common stock:

C. G. Anderson, Jr.	41,060
T. O. Hicks	81,781
I. M. Inglis	400
S. E. Karol	410,998
S. M. Ward, Jr.	7,070

(7) The shares are held by affiliates of Mr. Hicks and he disclaims beneficial ownership of the shares except to the extent of his pecuniary interest therein.

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

(8) The amount includes shares held by the following institutions, of which Mr. Karol is an affiliate:

SEK Limited	300,530
HMK Enterprises Inc.	75,145
Watermill Group	25,323

(9) The amount includes the following shares held in trusts in the name of family members and for which Mr. Stephans disclaims beneficial ownership:

Joan R. Stephans Revocable Trust	38,296
Elizabeth L. Stephans 1989 Trust	10,005
Katherine R. Stephans 1989 Trust	10,005

(10) The amounts include the following shares of common stock held in the Savings Plans:

D. L. Strobel	11
A. T. Ziolkowski	6,622
All executive officers as a group	6,633

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Carpenter's Board of Directors consists of twelve directors serving in three classes. Each class of directors serves for a period of three years. The term of office of one class of directors expires each year at the Annual Meeting.

Steven E. Karol, Robert R. McMaster and Gregory A. Pratt have been nominated for election at the 2014 Annual Meeting of Stockholders. If elected, their terms will expire at the 2017 Annual Meeting. The biographical summaries and summary of qualifications of the nominees and the remaining nine directors appear below. Unless otherwise directed by the stockholders, the shares represented by the proxies will be voted for the three nominees. Each nominee has consented to being nominated as a director and is expected to serve as a director if elected.

As anticipated in the Stockholders Agreement entered into in connection with Carpenter's acquisition of Latrobe Specialty Metals, Inc. (see Transactions with Related Persons), Thomas O. Hicks, who has been a member of Carpenter's Board of Directors since February 2012 when Carpenter acquired Latrobe, was not renominated for election and will retire from Carpenter's Board upon the expiration of his current term at the 2014 Annual Meeting. Upon recommendation of Carpenter's Corporate Governance Committee, and subsequent approval by Carpenter's Board of Directors, the total number of directors of Carpenter's Board has been reduced from twelve to eleven effective as of the 2014 Annual Meeting of Stockholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF MESSRS. KAROL, MCMASTER AND PRATT.

Nominees Terms to Expire 2017

STEVEN E. KAROL, age 60, has been a director of Carpenter since February 2012. He is a member of the Human Resources, Corporate Governance and Operations Committees. Mr. Karol is Managing Partner and founder of Watermill Group, a private investment firm. Additionally, Mr. Karol is Chairman of the Board and CEO of HMK Enterprises, Inc., a privately held investment company specializing in strategic and operational management. Mr. Karol is currently a member of the Board of Advisors of J. Walter Company. From 2006 through February 2012, Mr. Karol served as a director of Latrobe Specialty Metals, Inc., a manufacturer and distributor of high performance materials (Latrobe), which was partially owned by the Watermill Group during this time period and acquired by Carpenter in February 2012. He has also served as Chairman of the Board at Mooney Aircraft Company, Director and Chairman of the audit committee at StockerYale, and as a Director for Jeepers! Inc., Intelligent Energy Limited, Inter-Tel Corp, Superior Tubes and Fine Tubes. Mr. Karol is currently a member of World President's Organization (WPO) and has served as a member of the leadership team for the Young Presidents Organization (YPO). While with YPO, Mr. Karol served on the International Board of Directors (1991- 2001), Chairman of Strategic Planning (1993 - 1996), and as International President (1999 - 2001). He is Chairman of the Board of Advisors for the School of Engineering of Tufts University and recipient of the 2009 Tufts Distinguished Service Award. He is also past Chairman of the Board of Trustees of Vermont Academy, and a Director Emeritus at the Brain Tumor Society. In addition, he is a co-founder and President of the Herbert M. Karol Cancer Foundation. He formerly served as a member of the Board of Overseers of the Boston Symphony Orchestra and as a Trustee and member of the Executive Committee of the Boston Ballet.

The Board believes that Mr. Karol's qualifications include, among other things, his extensive business experience and experience as a CEO and Chairman of the Board, which enable him to contribute to the Board's operational and growth initiatives. In addition, Mr. Karol's experience as a director of Latrobe (which is now a wholly-owned subsidiary of Carpenter), enhances his contributions to the Board, particularly with respect to his industry knowledge and expertise.

Table of Contents

ROBERT R. McMASTER, age 66, has been a director of Carpenter since 2007 and is a member of Carpenter's Audit/Finance Committee and Operations Committee. Mr. McMaster held various positions at KPMG, LLP, an international audit, advisory and tax services firm, from May 1970 to June 1997, including Ohio Valley Area Managing Partner. He served from 1992 to 1997 as a member of KPMG's Management Committee. From June 1997 to February 2005, Mr. McMaster was Chairman and Chief Executive Officer of Westward Communications and President and Chief Executive Officer of its successor company, ASP Westward Holdings, publishers of community newspapers in Texas, Arkansas, and Colorado. He is also a director of Sally Beauty Holdings Inc., where he serves as Lead Director and chairman, Audit Committee, a public company listed on the NYSE. Additionally, from September 2008 through May 2013, Mr. McMaster served as Senior Financial Advisor to the Chairman of Worthington Industries, a diversified metal processing company. He also is a former board member of American Eagle Outfitters, Inc. and Dominion Homes Inc. He is active in a wide variety of community affairs organizations in the Columbus, Ohio region. He received his B.S. magna cum laude in accounting from Miami University, Oxford, Ohio in 1970, and is the recipient of the Haskins & Sells Foundation Award for excellence in accounting.

The Board believes that Mr. McMaster's qualifications include, among other things, his extensive accounting and financial expertise and background as managing partner at a large international firm providing audit, tax and advisory services.

GREGORY A. PRATT, age 65, has been a director of Carpenter since 2002, is the Chairman of the Board of Directors of the Company and served as interim President and Chief Executive Officer of Carpenter in fiscal year 2010. He is a member of the Human Resources, Corporate Governance and Operations Committees. Mr. Pratt is former Vice Chairman and a director of OAO Technology Solutions, Inc. ("OAOT"), an information technology and professional services company. He joined OAOT in 1998 as President and Chief Executive Officer after OAOT acquired Enterprise Technology Group, Inc., a software engineering firm founded by Mr. Pratt. Mr. Pratt served as President and Chief Operations Officer of Intelligent Electronics, Inc. from 1991 through 1996, and was co-founder, and served variously as Chief Financial Officer and President of Atari (US) Corporation from 1984 through 1991. Since February 2014, Mr. Pratt serves as a director of Tredegar Corporation, a public company listed on the NYSE where he serves as the Chairman of the Governance Committee and a member of the Special Finance and Audit Committees. He served as a director and Audit Committee Chairman of AmeriGas Propane, Inc., a public company listed on the NYSE until April 2013. Mr. Pratt is also a National Association of Corporate Directors Board ("NACD") Leadership Fellow. He has demonstrated his commitment to boardroom excellence by completing NACD's comprehensive program of study for experienced corporate directors - a rigorous suite of courses spanning leading practices for boards and committees. He also was appointed to serve a three year term on the Standing Advisory Group of the Public Company Oversight Board commencing January 2014. He supplements his skill sets through ongoing engagement with the director community and access to leading practices.

The Board believes that Mr. Pratt's qualifications include, among other things, his extensive financial expertise, his leadership skills and significant operational and international management experience as a President of a large public company, all of which contribute to Mr. Pratt's valuable perspective that he brings to our Board of Directors.

Table of Contents

Current Directors

These are the other directors whose terms are indicated:

Term to Expire 2014

THOMAS O. HICKS, age 68, has been a director of Carpenter since February 2012, and is a member of the Audit/Finance Committee and the Science and Technology Committee. Mr. Hicks has over 39 years experience in the private equity industry, which has provided him with exposure to a wide variety of businesses and industries in his career. Since 2005, Mr. Hicks has served as the Chairman of the Board of Hicks Holdings LLC, a holding company that owns and manages the Hicks Family's investments, real estate, and corporate assets. Investments through Hicks Equity Partners LLC (HEP), a private equity firm led by Mr. Hicks, include: Drilling Tools International, a privately held oilfield services company; Glori Energy, an oil technology company; Grupo Pilar, an animal and pet food company in Argentina; Just Brakes, a retail provider of automotive brake and maintenance services; Latrobe Specialty Metals, Inc., a manufacturer and distributor of high performance materials, subsequently acquired by Carpenter Technology Corporation; Ocular LCD, Inc., a designer, manufacturer and marketer of high-performance liquid crystal displays, modules and systems; and, through H-D Advanced Manufacturing, Inc., investments including Overton Chicago Gear, a premier manufacturer and distributor of large, custom, mission-critical gears and gearboxes; Innovative Mechanical Solutions, an industry leader in the engineering, design and manufacture of custom bearings for the directional drilling motor industry; and Sungear, a manufacturer of aerospace gears. Previously, Mr. Hicks co-founded, and was Chairman from 1989 through 2004 of Hicks, Muse, Tate & Furst, Inc., a nationally prominent private equity firm specializing in leveraged acquisitions. From 1984 to 1989, Mr. Hicks was Co-Founder and Co-CEO of Hicks & Haas, a private equity firm. Additionally, from 1995 to 2011, Mr. Hicks was the Owner and Chairman of the Dallas Stars and the Texas Rangers. Mr. Hicks currently serves as a director of Drilling Tools International, Glori Energy, Just Brakes and Ocular LCD. He is also a member of the University of Texas Chancellor's Council. Mr. Hicks formerly served on the Board of Trustees for The Center for Strategic and International Studies. He is a former member of the University of Texas System Board of Regents, and he served as Chairman of the University of Texas Investment Management Company. Mr. Hicks received a Masters of Business Administration degree from the University of Southern California in 1970 and a Bachelor of Business Administration degree from the University of Texas in 1968.

The Board believes that Mr. Hicks' qualifications include, among other things, his leadership and extensive business expertise with both private and public companies, which enable him to provide valuable insights to the Board. In addition, Mr. Hicks' experience as a director of Latrobe (which is now a wholly-owned subsidiary of Carpenter), enhances his contributions to the Board, particularly with respect to his industry knowledge and expertise.

Table of Contents

Terms to Expire 2015

CARL G. ANDERSON, JR., age 69, has been a director of Carpenter since 2003 and is a member of the Audit/Finance Committee and Chair of the Operations Committee. Mr. Anderson is the former Chairman of the Board, President and Chief Executive Officer of Arrow International, Inc., a leading manufacturer of medical devices where he was employed from 2002 to 2007. He previously served as Vice-Chairman of the Board of Directors and General Manager of Arrow's Critical Care Business. From 1997 to 2002, he was President and Chief Executive Officer of ABC School Supply Inc., a manufacturer and marketer of educational products. Prior to joining ABC School Supply in May 1997, Mr. Anderson served as Vice President - General Manager of the Retail Consumer Products Division of James River Corporation from 1994 to 1997 and as Vice President of Marketing from May 1992 to August 1994. He was Vice President and General Manager at Nestle Foods Corporation from 1984 to 1992 and a marketing executive at Procter & Gamble from 1972 to 1984. Mr. Anderson served as a director of Arrow International, Inc., a director of IWT Tesoro until December 2007, and as a trustee of Lafayette College and Alvernia College. He is a general partner of Cannondale Partners, LLC, a private equity firm located in Reading, Pennsylvania.

The Board believes that Mr. Anderson's qualifications include, among other things, his experience as a former Chief Executive Officer of two companies including a company within the medical device industry, a key market focus for Carpenter. In addition, Mr. Anderson's insights reflect his significant international business expertise, and extensive experience in the financial and manufacturing operations areas of business.

DR. PHILIP M. ANDERSON, age 66, has been a director of Carpenter since 2007 and is a member of Carpenter's Human Resources, Corporate Governance and Science and Technology Committees. Dr. Anderson is a professor of physics at Ramapo College of New Jersey, where he has taught since 1990. He holds more than 100 foreign and 37 U.S. patents, and was named Inventor of the Year by the New Jersey Inventor's Hall of Fame in 2001. He also is a respected consultant on technical and intellectual property on new technology and product development for Fortune 100 companies, with particular emphasis on security systems, medical devices, sensors, magnetics, acoustics and materials. Prior to teaching, he was founder, President and Chief Executive Officer of Identitech Corp., 1986-1988; and new venture manager and senior research physicist at Allied Corp. (now Honeywell Corp.) from 1979-1986. Dr. Anderson received his B.S. in physics in 1970 from Widener University, M.S. degrees in both physics and electrical engineering from Drexel University in June 1977, and a Ph.D. in physics from Drexel in 1979. He served as a pilot in the U.S. Air Force and Air National Guard from 1970-1975.

The Board believes that Dr. Anderson's qualifications include, among other things, new product development and his strong background in the intellectual property area of the metals industry as an inventor, teacher and entrepreneur. In addition, Dr. Anderson's experience as a Chief Executive Officer contributes to his valuable perspective on our Board.

Table of Contents

DR. JEFFREY WADSWORTH, age 64, has been a director of Carpenter since 2006 and is a member of Carpenter's Corporate Governance and Human Resources Committees and the Chair of the Science and Technology Committee. Dr. Wadsworth has been President and Chief Executive Officer of Battelle, a research and development enterprise headquartered in Columbus, Ohio (Battelle) since January 2009. He formerly was Executive Vice President, Global Laboratory Operations at Battelle, Director of Oak Ridge National Laboratory and Chief Executive Officer and President of UT-Battelle LLC and Senior Vice President for U.S. Department of Energy Science Programs at Battelle. Previously, he was director of Homeland Security Programs at Battelle and part of the White House Transition Planning Office for the newly formed U.S. Department of Homeland Security. From 1992 to 2002, Dr. Wadsworth was at the Lawrence Livermore National Laboratory in Livermore, California, where from 1995 he was Deputy Director for Science and Technology. Prior to that, he was with Lockheed Missiles and Space Company, Research and Development Division. He was elected to the U.S. National Academy of Engineering in 2005, has been elected Fellow of three technical societies, and holds numerous awards and honors. Dr. Wadsworth holds a bachelor's degree in metallurgy, Ph.D., D.Met, and D.Eng. degrees from Sheffield University, England.

The Board believes that Dr. Wadsworth's qualifications include, among other things, his strong background in the Company's precise area of focus—metallurgy. Additionally, Dr. Wadsworth's significant leadership experience in the research and development arena enriches his contributions to the Board, particularly with respect to innovation and strategy matters.

WILLIAM A. WULFSOHN, age 52, has been a director of Carpenter since April 2009 and is a member of Carpenter's Science and Technology Committee. Commencing July 1, 2010, Mr. Wulfsohn began serving as Carpenter's President and Chief Executive Officer. Previously, Mr. Wulfsohn was Senior Vice President, Industrial Coatings, of PPG Industries, responsible for automotive original-equipment, industrial and packaging coatings as well as Asia/Pacific. He joined PPG as Vice President, Coatings, and Managing Director, PPG Europe, in 2003, and he was appointed Senior Vice President, Coatings, in 2005. Prior to joining PPG, Mr. Wulfsohn worked for Morton International in Chicago as Vice President and General Manager, Automotive Coatings; for Rohm & Haas in Chicago as Vice President, Automotive Coatings Business Director; and for Honeywell in Richmond, Virginia, as Vice President and General Manager, Nylon System. He also worked as an Associate with McKinsey & Company. Mr. Wulfsohn earned a chemical engineering degree from the University of Michigan and received a Master of Business Administration degree from Harvard University. He serves as a member of the Board of Directors of PolyOne Corporation, a public company listed on the New York Stock Exchange. Prior to accepting the position as Carpenter's President and Chief Executive Officer in Reading, Pennsylvania, he was a board member of the Pittsburgh Symphony Orchestra and Greater Pittsburgh Community Food Bank.

The Board believes that Mr. Wulfsohn's qualifications include, among other things, his deep and varied leadership experience in innovative technology and best-in-class business operations. Additionally, Mr. Wulfsohn's success at driving international growth at an advanced materials manufacturing company provides valuable strategic focus for his contributions to the Board.

Table of Contents

Terms to Expire 2016

I. MARTIN INGLIS, age 63, has been a director of Carpenter since 2003 and is the Chair of the Audit/Finance Committee and is a member of the Operations Committee. Mr. Inglis joined Battelle, a research and development enterprise headquartered in Columbus, Ohio, in 2004, and served as Executive Vice President and Chief Operating Officer, retiring at the end of July 2014. Through July 2013, he also served as Chief Financial Officer. Previously, he had retired as Group Vice President, Business Strategy for Ford Motor Company, a manufacturer of motor vehicles. He joined Ford of Europe in London in 1971 and held various finance and operations positions in international and domestic markets during his career at Ford, where he was named head, Global Products and Business Strategy and elected a corporate Vice President in 1996; President, Ford South America in 1999; head, Ford North America in 2000; Chief Financial Officer in 2001; and Group Vice President, Business Strategy in 2002. Mr. Inglis also serves on the Advisory Board of three venture funds (Fletcher Spaght, Reservoir Ventures and Battelle Ventures). Mr. Inglis is active in local charities and has served as the Chairman of the Columbus Symphony Orchestra for six years. He holds a bachelor's degree in business economics from Strathclyde University, Glasgow, Scotland.

The Board believes that Mr. Inglis' qualifications include, among other things, his extensive financial expertise and background as a Chief Financial Officer in both the public and private sectors. Additionally, Mr. Inglis' substantial operational and labor relations experience and broad international knowledge enable him to provide valuable perspective to support Carpenter's growth strategies.

PETER N. STEPHANS, age 71, has been a director of Carpenter since 2003 and is a member of the Audit/Finance and Operations Committees. Mr. Stephans has been Chairman and Chief Executive Officer of Trigon Holding, Inc., parent company for its subsidiary that manufactures forged and machined components for aerospace and medical applications, and its subsidiary that designs, develops and markets orthopedic implants since 1997. Prior to Trigon, Mr. Stephans served as President and Chief Operating Officer of Dynamet Incorporated, a privately-held titanium processor that Carpenter purchased in 1997. At Dynamet, he was appointed Vice President and Technical Director in October 1972 and Executive Vice President in October 1982. He began his career at IBM Corporation, ultimately serving as Manufacturing Manager for one of the company's divisions in New York. Mr. Stephans holds a bachelor's and master's degree in electrical engineering from the South Dakota School of Mines and Technology.

The Board believes that Mr. Stephans' qualifications include, among other things, his leadership and extensive operational and international management experience. As a former President of Dynamet, Inc. (a subsidiary of Carpenter), Mr. Stephans has valuable institutional knowledge of Carpenter's titanium operations. He also has deep experience in the medical and aerospace components markets (primary markets of focus for Carpenter) as the Chairman and Chief Executive Officer of Trigon.

Table of Contents

KATHRYN C. TURNER, age 67, has been a director of Carpenter since 1994, and is Chair of the Human Resources Committee and a member of the Corporate Governance and Science and Technology Committees. Ms. Turner is Chairperson, Chief Executive Officer and President of Standard Technology, Inc. Ms. Turner founded Standard Technology, Inc., a management and technology solutions firm with a focus in the healthcare sector in 1985. Standard Technology, Inc. is headquartered in Bethesda, Maryland. Ms. Turner has also served on the Board of Directors of ConocoPhillips, Schering-Plough, The Tribune Corporation and COMSAT. She currently serves on the Capital Area chapter board of the National Association of Corporate Directors as well as on the Advisory Board of the Smithsonian Institute Libraries. She has served on the President's Export Council, the ExIm Bank Advisory Committee, the Commission on the Future of Worker-Management Relations, and the Defense Policy Advisory Committee on Trade.

The Board believes that Ms. Turner's qualifications include, among other things, her expansive board leadership expertise and Chief Executive Officer experience which enables Ms. Turner to provide a wide range of perspectives on governance and management issues. Ms. Turner's knowledge of the defense aerospace industry, one of Carpenter's markets, renders her well-suited for addressing strategy matters.

STEPHEN M. WARD, JR., age 58, has been a director of Carpenter since 2001, and is Chair of the Corporate Governance Committee and a member of the Human Resources and Science and Technology Committees. Mr. Ward is the retired President and Chief Executive Officer of Lenovo Corporation, the international PC company formed by the acquisition of IBM's PC business by Lenovo of China. Prior to joining Lenovo, he was senior vice president and general manager of IBM's Personal Systems Group, responsible for the Personal Computing Division, the Retail Store Solutions Division and the Printing Systems Division. In his 26-year career with IBM, Mr. Ward also served as IBM's chief information officer and Vice President, Business Transformation, directing business process and information technology investments. Mr. Ward was also general manager of IBM's Global Industrial Sector, responsible for the marketing, sales, and service of IBM e-business solutions. In the mid-1990's, he served as Vice President, Information Technology and was later named General Manager, IBM ThinkPad, in the IBM Personal Computer Company. He first joined IBM in Tucson, Arizona as an engineer in the Storage Products Division. He held various management positions in manufacturing, production control and project development for disk drive, tape and optical storage projects and software development, and was also an assistant to the IBM chairman at company headquarters in Armonk, New York. He holds a B.S. degree in mechanical engineering from California Polytechnic State University at San Luis Obispo. Mr. Ward is also a co-founder and member of the Board of Directors of E2open, a maker of enterprise software which is a public company listed on the NASDAQ, where he serves as Chair of the HR/Compensation Committee; and is a member of the Executive, Governance and Audit Committees, and co-founder, board member, Chair of the Compensation Committee and member of the Executive Committee of C3, a company that develops and sells software to manage energy and monitor, mitigate and monetize carbon dioxide and greenhouse gasses. He also serves as a Director of QD Vision, a nanomaterials product company delivering advanced display and lighting solutions. In addition, until its sale in 2009, Mr. Ward was an investor and Board member of E-Ink Corporation, a maker of electronic paper displays.

The Board believes that Mr. Ward's qualifications include, among other things, his broad executive experience and focus on innovation which enable him to share with the Board valuable perspectives on a variety of issues relating to management, strategic planning, tactical capital investments, and international growth.

Table of Contents

CORPORATE GOVERNANCE

In accordance with the General Corporation Law of the State of Delaware and Carpenter's Certificate of Incorporation and By-Laws, Carpenter's business, property and affairs are managed under the direction of its Board of Directors (sometimes referred to simply as the Board). While Carpenter's non-employee directors are not involved in day-to-day operating details, they are kept informed of Carpenter's business through written reports and documents provided to them regularly, as well as by operating, financial and other reports presented by Carpenter's officers during meetings of the Board of Directors and its committees.

Meetings of the Board

The Board of Directors held six meetings during fiscal year 2014. In addition, there were 35 committee meetings. Carpenter's policy is to require attendance and active participation by directors at Board and committee meetings. The average attendance for Carpenter's directors at these meetings was over 98%. Each director attended at least 75% of the total number of meetings of the Board and the committees on which the director served during fiscal year 2014. Directors are encouraged to attend the Annual Meeting and all of Carpenter's directors attended the Annual Meeting of Stockholders held on October 15, 2013 (the 2013 Annual Meeting).

Board Independence and Leadership Structure

With the exception of Mr. Wulfsohn, the Company's President and Chief Executive Officer, all members of the Board of Directors qualify as independent directors (Independent Directors) under the applicable requirements of the SEC and NYSE. Board committees also reflect applicable requirements for certain of their members to qualify as Independent Directors.

In determining independence, each year the Board affirmatively determines, among other things, whether directors have a material relationship with Carpenter. When assessing the materiality of a director's relationship with Carpenter, the Board considers all relevant facts and circumstances, including a consideration of the persons or organizations with which the director has an affiliation. Where an affiliation involves the delivery of services to or by Carpenter, the Board considers the frequency or regularity of the provision of services, whether the services are being carried out at arm's length in the ordinary course of business and whether the services are being provided substantially on the same terms to Carpenter as those prevailing at the time from unrelated parties for comparable transactions. With respect to Audit/Finance Committee members, the Board must affirmatively determine that such directors, in addition to the general independence requirements described above, satisfy certain financial education requirements and do not, among other things, accept any consulting, advisory, or other compensatory fee from Carpenter.

The Board has determined that the following directors are Independent Directors: Carl G. Anderson, Jr., Philip M. Anderson, Thomas O. Hicks, I. Martin Inglis, Steven E. Karol, Robert R. McMaster, Gregory A. Pratt, Peter N. Stephans, Kathryn C. Turner, Jeffrey Wadsworth, and Stephen M. Ward, Jr. The Board considered Steven E. Karol, Gregory A. Pratt and Peter N. Stephans as independent for all purposes except participation on the Human Resources Compensation Sub-Committee due to application of Section 162(m) of the Internal Revenue Code.

At Carpenter, the roles of Chairman and Chief Executive Officer are split into two separate positions. The Board of Directors believes that this is the most appropriate leadership structure for the Company at this time in order to clearly distinguish the roles of the Board and management. The separation of the Chairman and Chief Executive Officer positions allows our Chief Executive Officer to direct his or her energy towards operational and strategic issues while the non-executive Chairman focuses on governance and stockholders. The Company believes that

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

separating the Chairman and Chief Executive Officer positions enhances the independence of the Board, provides independent business counsel for our Chief Executive Officer, and facilitates improved communications between Company management and Board members.

Meetings of the Independent Directors

Under Carpenter's Corporate Governance Guidelines, which reflect applicable requirements of the NYSE, the Independent Directors of the Board meet in an executive session at least twice per year to: (a) review the performance of the Chief Executive Officer; and (b) address any other matters affecting Carpenter that may concern such directors. During fiscal year 2014, the Independent Directors met in executive session five times. Mr. Gregory A. Pratt, Chairman of the Board, presided over these executive sessions.

Table of Contents

Board of Directors Role in Risk Oversight

As a part of its oversight function, the Board monitors how management operates the Company. Risk is an important part of deliberations at the Board and committee level throughout the year. Enterprise risks, the specific financial, operational, business and strategic risks that the Company faces, whether internal or external, are identified and prioritized by the Board and management together. Certain strategic and business risks, such as those relating to our products, markets and capital investments, are overseen by the entire Board. The Audit/Finance Committee oversees management of market and operational risks that could have a financial impact, such as those relating to internal controls, liquidity or raw materials. The Corporate Governance Committee manages the risks associated with governance issues, such as the independence of the Board and key executive succession, and the Human Resources Committee is responsible for managing the risks relating to the Company's executive compensation plans and policies. The Operations Committee oversees management of the Company's operational risks and business operations. The Science and Technology Committee manages the risks associated with major scientific or technological developments that could affect the Company's business, operations or strategic planning.

In addition to the formal compliance program, the Board encourages management to promote a corporate culture that understands risk management and incorporates it into the overall corporate strategy and day-to-day business operations of the Company. The Company's risk management structure also includes an ongoing effort to assess and analyze the most likely areas of future risk for the Company and to address them in its long-term planning process.

Stockholder Communication with the Board

Stockholders may communicate with the Board of Directors by sending a letter addressed to Carpenter Technology Board of Directors, c/o Corporate Secretary, P.O. Box 14662, Reading, PA 19612-4662. Carpenter's Corporate Secretary will review the correspondence and forward it to the Chairman of the Board of Directors or to the Chair of the appropriate Board committee or to any individual director or directors to whom the communication may be specifically directed. If the communication is unduly hostile, threatening or illegal, does not reasonably relate to Carpenter or its business, or is similarly inappropriate, the Corporate Secretary will not forward the communication, and will so notify the sender if and as appropriate. Stockholders and other interested parties may also communicate with the non-employee directors, non-executive Chairman, or the Audit/Finance Committee by sending an e-mail to boardauditcommittee@cartech.com.

Code of Ethics

The Board of Directors has adopted a Code of Ethics for the Chief Executive Officer and senior financial officers of the Company. There were no waivers of the Code of Ethics for fiscal year 2014 or through the date of this Proxy Statement.

Director Training and Education

Directors are encouraged to attend outside educational seminars presented by accredited third party organizations as well as internal programs organized by Carpenter for the ongoing education of directors. All members of the Board of Directors are National Association of Corporate Directors (NACD) Board Leadership Fellows, awarded in recognition of their commitment to boardroom excellence by completing NACD's comprehensive program of study for corporate directors and their access to leading practices.

Committees of the Board

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

The Board of Directors has five standing committees: the Audit/Finance Committee, Corporate Governance Committee, Human Resources Committee, Science and Technology Committee and Operations Committee. Summary information about each standing committee is set forth in the following table. From time to time, the Board has established *ad hoc* committees, on an interim basis, to assist the Board with its consideration of specific matters, and it expects to continue to do so as it may determine to be prudent and advisable in the future.

Corporate Governance Guidelines and Charters

Carpenter's Corporate Governance Guidelines, as well as the charters for all the Board committees, the Company's Code of Business Conduct and Ethics, and the Company's Code of Ethics and any information regarding any waivers of the Code of Ethics, are available on Carpenter's website at www.cartech.com. Copies will also be mailed to stockholders upon written request to the Corporate Secretary, Carpenter Technology Corporation, P.O. Box 14662, Reading, PA 19612-4662.

Transactions with Related Persons

On February 29, 2012, Carpenter completed the acquisition of Latrobe in exchange for 8.1 million shares of Carpenter common stock (the Merger) pursuant to an agreement and plan of merger by and among Carpenter, Latrobe, a wholly-owned subsidiary of Carpenter, Watermill-Toolrock Partners, L.P. (Watermill), solely as the representative of the Watermill equity holders of Latrobe, and HHEP-Latrobe, L.P. (Hicks), solely as the representative of the Hicks equity holders of Latrobe executed June 20, 2011 (as amended, the Merger Agreement). The value of the exchange was approximately \$53.46/share, which was an average calculated at the time of the exchange in accordance with the Merger Agreement.

In connection with the closing of the Merger, Carpenter executed a stockholders' agreement with Hicks, Watermill, Watermill-Toolrock Partners II, L.P. (Watermill II) and Watermill-Toolrock Enterprises, LLC (Watermill Enterprises) and, collectively with Watermill and Watermill II, the Watermill Group and, collectively with Hicks, Watermill and Watermill II, the Investors), dated February 29, 2012 (the Stockholders Agreement). The Stockholders Agreement provides for each of Hicks and the Watermill Group to appoint a member of the Board of Directors to serve from the consummation of the Merger until Carpenter's 2014 Annual Meeting of Stockholders. Hicks designated Mr. Hicks and the Watermill Group designated Mr. Karol to serve on the Board of Directors. The Stockholders Agreement includes a voting agreement, which provides that on or before Carpenter's 2014 Annual Meeting or an earlier date in the event the Investors' designees on the Board of Directors resign from the Board of Directors, they will vote the shares of Carpenter's common stock in favor of Carpenter's nominees for directors and not contrary to the recommendations of the Board of Directors on other matters. The Investors have also agreed pursuant to the Stockholders Agreement that for a period of five years following the consummation of the Merger they will not acquire any additional shares of Carpenter's common stock or, with limited exceptions, sell their shares of Carpenter's common stock where the result of such sale would be for a third party to own more than 5% of Carpenter's outstanding common stock.

Each of the Investors is an affiliate of Toolrock Investment, LLC, the former majority stockholder of Latrobe (Toolrock). Toolrock received 7,666,028 shares of Carpenter common stock upon completion of the Merger, of which 3,516,647 shares of Carpenter common stock were distributed to Hicks and 2,835,554 shares of Carpenter common stock were distributed to the members of the Watermill Group. The 1,313,827 shares of Carpenter common stock received by Toolrock upon completion of the Merger that were not distributed to Hicks or members of the Watermill Group were distributed to other affiliates of Toolrock that are not otherwise affiliated with Mr. Hicks, Mr. Karol, Hicks or the Watermill Group. Mr. Hicks is an affiliate of Hicks and Mr. Karol is an affiliate of the Watermill Group.

In addition to the Stockholders Agreement, upon the completion of the Merger, Carpenter and the Investors executed a registration rights agreement, dated February 29, 2012 (the Registration Rights Agreement). Pursuant to the Registration Rights Agreement, Carpenter filed with the SEC on June 14, 2012, a Registration Statement on Form S-3 to register the 6,352,201 shares of Carpenter common stock held by Hicks and the Watermill Group for resale to third parties.

Except as provided above, during fiscal year 2014 there were no related party transactions. Any proposed transactions with executive officers, directors, substantial stockholders or their respective family members or affiliates require approval by the Audit/Finance Committee and will be disclosed as required by the SEC. The Company's Code of Business Conduct and Ethics requires that the Company's officers and directors avoid

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

conflicts of interest, as well as the appearance of conflicts of interest, and disclose to the Company's General Counsel any material transaction or relationship that could reasonably be expected to give rise to such a conflict of interest between private interests and the interests of the Company. The Company checks for any potential related party transactions, primarily through the annual circulation of a Directors and Officers Questionnaire to each member of the Board of Directors and each executive officer of the Company. A related party transaction is a transaction with the Company in an amount exceeding \$120,000 in which a related person has a direct or indirect material interest. A related person includes the executive officers, directors, and five percent stockholders of the Company, and any immediate family member of such a person. If Company management identifies a related party transaction, such

Table of Contents

transaction is brought to the attention of the Audit/Finance Committee for its approval, ratification, revision, or rejection in consideration of all of the relevant facts and circumstances.

Human Resources Committee Interlocks and Insider Participation

The Human Resources Committee, comprised of Ms. Turner (Chair) and Messrs. P. Anderson, Karol, Pratt, Wadsworth and Ward, Jr., performs the functions of a compensation committee of the Board. No member of the Human Resources Committee, except Mr. Karol and Mr. Pratt, was a current or former officer or employee of Carpenter or any of its subsidiaries during fiscal year 2014, or had any relationship requiring disclosure by Carpenter under the SEC's proxy rules. Mr. Karol is a former officer of Latrobe which Carpenter acquired in February 2012. Mr. Pratt served as Interim Chief Executive Officer of Carpenter from October 11, 2009 through June 30, 2010. As a result, neither Mr. Karol nor Mr. Pratt is deemed independent for purposes of the application of 162(m) of the Internal Revenue Code.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10% of the Company's common stock, to file with the SEC and the NYSE reports of ownership and changes in ownership of common stock. Directors, executive officers and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on the review of the copies of such reports furnished to Carpenter and other Company records or information otherwise provided to the Company, Carpenter believes that all applicable Section 16(a) reports were timely filed by its directors, executive officers, and more than 10% stockholders during the fiscal year 2014, with the exception of one late report filed by Mr. Karol.

Table of Contents**DIRECTOR COMPENSATION**

The following table sets forth certain information regarding the compensation paid or awarded to each non-employee director during fiscal year 2014. Any director who is an employee of Carpenter is not compensated for Board service.

Fiscal Year 2014 Director Compensation Table

Name	Fees Earned or Paid in Cash (\$)		Stock Awards (1) (\$)	Option Awards (2) (\$)	All Other Compensation (3) (\$)	Total (\$)
Anderson, Jr., Carl G.	\$55,000	(4)	\$90,048	\$30,025	\$26,175	\$201,248
Anderson, Philip M.	\$45,000		\$90,048	\$30,025	\$11,805	\$176,878
Hicks, Thomas O.	\$45,000		\$90,048	\$30,025	\$2,821	\$167,894
Inglis, I. Martin	\$67,500	(5)	\$90,048	\$30,025	\$17,470	\$205,043
Karol, Steven E.	\$45,000		\$90,048	\$30,025	\$2,821	\$167,894
McMaster, Robert R.	\$45,000		\$90,048	\$30,025	\$12,930	\$178,003
Pratt, Gregory A.	\$90,000		\$190,061	\$60,025	\$27,607	\$367,693
Stephans, Peter N.	\$45,000		\$90,048	\$30,025	\$16,862	\$181,935
Turner, Kathryn C.	\$60,000	(6)	\$90,048	\$30,025	\$26,976	\$207,049
Wadsworth, Jeffrey	\$55,000	(7)	\$90,048	\$30,025	\$12,940	\$188,013
Ward, Jr., Stephen M.	\$55,000	(8)	\$90,048	\$30,025	\$23,836	\$198,909

(1) The grant date fair value of stock units granted to our directors in fiscal year 2014 was computed in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718, Compensation Stock Compensation. Assumptions made in this valuation are set forth in Note 14 to the financial statements contained in Carpenter's 2014 Annual Report on Form 10-K. Stock units were credited to each director's account on October 15, 2013, but are subject to partial forfeiture if the director separates from Board service prior to the first anniversary of grant date for any reason other than death or Disability.

Each director, with the exception of Mr. Pratt, was credited with 1,518 stock units for fiscal year 2014 on October 15, 2013, representing a grant date value of \$90,048. One-half of the stock units credited to each director represents \$45,024 of his or her annual retainer paid in stock units. The remaining stock units credited represent an annual award of additional stock units as described below with a fair value on the grant date of \$45,024.

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

Mr. Pratt, who serves as Chairman, was credited with 3,204 stock units for fiscal year 2014 on October 15, 2013, representing a grant date value of \$190,061. 1,518 stock units represent \$90,048 of his annual retainer paid in stock units. The remaining stock units credited represent an annual award of additional stock units as described below with a fair value on the grant date of \$100,013.

Table of Contents

The total number of stock units credited to each director under Carpenter's Stock-Based Compensation Plan for Non-Employee Directors (Director Stock Plan) as of June 30, 2014, including stock units that were credited with respect to prior fiscal years and reinvested dividend equivalents, was: C. Anderson, Jr. 37,539; P. Anderson 16,893; T. Hicks 4,328; I. M. Inglis 24,818; S. Karol 4,328; R. McMaster 18,467; G. Pratt 39,421; P. Stephans 24,107; K. Turner 38,162; J. Wadsworth 18,481; and S. Ward, Jr. 33,723.

(2) The grant date fair value of option awards granted to our directors in fiscal year 2014 was computed in accordance with FASB ASC Topic 718, Compensation—Stock Compensation. Assumptions made in this valuation are set forth in Note 14 to the financial statements contained in Carpenter's 2014 Annual Report on Form 10-K.

During fiscal year 2014, each director, with the exception of Mr. Pratt, received an annual award of 1,227 stock options, representing a grant date fair value of \$30,025. Mr. Pratt received an annual award of 2,453 stock options, representing a grant date fair value of \$60,025.

The total number of shares subject to stock options credited to each director as of June 30, 2014, including stock options that were granted in prior fiscal years, was: C. Anderson, Jr. 22,370; P. Anderson 22,370; T. Hicks 6,624; I. M. Inglis 22,370; S. Karol 6,624; R. McMaster 22,370; G. Pratt 26,766; P. Stephans 12,012; K. Turner 22,370; J. Wadsworth 22,370; and S. Ward, Jr. 22,370.

(3) Includes the aggregate dollar amount of dividend equivalents paid in fiscal year 2014 on the stock unit balance credited to each director's account with respect to dividends paid on outstanding common stock during fiscal year 2014. Dividend equivalents are reinvested in the form of additional stock units, with the number of units credited being determined by dividing the dividend dollar amount by the close price on the NYSE on the dividend equivalent payment date.

(4) Includes additional retainer for service as Chair of the Operations Committee.

(5) Includes additional retainer for service as Chair of the Audit/Finance Committee.

(6) Includes additional retainer for service as Chair of the Human Resources Committee.

(7) Includes additional retainer for service as Chair of the Science and Technology Committee.

(8) Includes additional retainer for service as Chair of the Corporate Governance Committee.

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

The director compensation amounts provided above are based upon compensation elements that were established in 2010. These compensation elements are reviewed regularly by the Board with the assistance of its outside advisor to ensure that they are appropriate and competitive in light of market circumstances and prevailing best practices for corporate governance. They reflect the Board's view of the appropriate balance between cash and equity, and its determination that all compensation to the non-employee directors should be in the form of cash and equity awards, as described below. Our director compensation approach provides for quarterly vesting of equity awards and allows elective deferral of the delivery of earned shares and cash. The narrative below describing our director compensation approach reflects the above.

Compensation for non-employee directors, excluding the Chairman, consists of an annual retainer of \$90,000 (plus travel expenses, where appropriate) for attending all Board and committee meetings. Each Committee Chair receives the following additional annual cash retainer: Audit/Finance Committee Chair - \$22,500; Human Resources Committee Chair - \$15,000; Corporate Governance, Operations and Science and Technology Committee Chairs - \$10,000.

As disclosed in the Corporate Governance Board Independence and Leadership Structure section of this Proxy Statement, the roles of Chairman and Chief Executive Officer are divided. Compensation for the Chairman consists of an annual retainer of \$180,000 (plus travel expenses, where appropriate) for attending all Board and committee meetings.

Table of Contents

Directors may also receive up to 4,000 stock options (or such different number as the Board may determine by resolution and in compliance with securities laws and NYSE listing standards) upon joining the Board. In addition to the initial grant of stock options, a director may be granted a number of stock options annually, on or about the date of the Company's Annual Meeting of Stockholders, or such other date as the Board may determine from time to time in light of prevailing practices for the grant of equity-based awards to other personnel, having a fair value on the grant date, alone or in combination with the annual non-retainer stock units described below, of up to \$90,000 (or such different number as the Board may determine by resolution and in compliance with securities laws and NYSE listing standards). Subject generally to the director's continued service, one-quarter of the stock options vest for every three months of service following the grant date (and are fully vested on the first anniversary of the date of grant). All stock options have a ten year term.

In addition to the grant of options described above, or an award of retainer stock units as described below, each director may be granted an additional award of stock units annually having a fair value on the grant date, alone or in combination with the annual stock option grant described above, of up to \$90,000 (or such different number as the Board may determine by resolution and in compliance with securities laws and NYSE listing standards). Subject generally to the director's continued service, one-quarter of these units vest for every three months of service following the grant date (and are fully vested on the first anniversary of the date of grant). In the event of separation from service due to death or Disability, all stock units shall immediately vest. The stock units are granted on or about the date of the Annual Meeting of Stockholders, or such other date as the Board may determine from time to time, for the year in which Board service is to be provided, and the number of units is based on the trading price of Carpenter's common stock on such date of grant. Directors may elect to have all or a portion of these units deferred until the later of their separation from service or a specific date/event. Carpenter distributes a participating director's deferred units, at the director's election, in a lump sum or in 10 or 15 annual installments, commencing on the later of their separation from service or the date/event elected.

It is the policy of the Company that non-employee directors maintain a reasonable equity interest in the Company in order to provide them with a proprietary interest in the growth and performance of the Company, to generate an increased incentive to contribute to the Company's future success and prosperity by their personal efforts and generally to enhance the community of interest between directors and stockholders of the Company. The current policy provides that each director should hold equity in the Company with an aggregate fair market value equal to at least six times his or her annual cash retainer. There is a five year phase-in period for satisfying the minimum equity holding requirements, and he or she is expected to retain the equity for as long as he or she remains a director of the Company.

At least 50% of the \$90,000 annual retainer (\$180,000 in the case of the Chairman) for Board service is paid in stock units that, subject generally to the director's continued service, vest as to one-quarter of these units for every three months of service following the grant date (and are fully vested on the first anniversary of the date of grant). In the event of separation from service due to death or Disability, all stock units shall immediately vest. The stock units are granted on or about the date of the Annual Meeting of Stockholders, or such other date as the Board may determine from time to time, for the year in which Board service is to be provided, and the number of units is based on the trading price of Carpenter's common stock on such date of grant. Directors may elect to have all or a portion of these retainer units deferred until the later of their separation from service or a specific date/event. Carpenter distributes a participating director's deferred retainer units, at the director's election, in a lump sum or in 10 or 15 annual installments, commencing on the later of their separation from service or the date/event elected.

At the director's election, the remaining 50% of the annual retainer and 100% of committee chair fees can be paid in cash currently, or all or a portion can be deferred until a future date/event and paid in cash under Carpenter's Deferred Compensation Plan for Non-Employee Directors (Director Cash Deferral Plan) or deferred until the later of their separation from service or a specific date/event and paid in common stock under the Director Stock Plan. Under the Director Cash Deferral Plan, interest is credited semi-annually at the Company's Five-Year Medium Term Note Borrowing Rate, as provided by one of the Company's investment bankers during the Plan Year prior to the Plan Year to which such rate relates. Carpenter distributes a participating director's deferred cash or units, at the director's election, in a lump sum or in 10 or 15 annual installments commencing, in the case of cash, on a future date/event elected and, in the case of common stock, on the later of separation of service or a future date/event elected.

Table of Contents

In addition, each director's account is credited with stock units with respect to dividends paid on outstanding common stock during the fiscal year. Dividend equivalents are reinvested in the form of additional stock units, with the number of units credited being determined by dividing the dividend dollar amount by the close price on the NYSE on the dividend equivalent payment date.

Upon a Change in Control of the Company, all stock units vest immediately and are payable in shares of common stock and stock options become immediately exercisable. Once vested, a director may exercise exercisable options at any time during the original term. In the event of removal for cause, all existing stock options and unvested stock units shall be forfeited.

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE SUMMARY

This Compensation Discussion and Analysis (CD&A) outlines the compensation we pay to our Chief Executive Officer (CEO), our Chief Financial Officer (CFO) and our other Named Executive Officers. Importantly, this CD&A also provides information regarding:

- The rationale for why we deliver compensation in the forms and amounts we do, and how we ensure a strong pay-for-performance linkage;
- The process our Human Resources Committee of the Board of Directors (Committee) undertakes in evaluating our compensation and decision-making; and
- An explanation of how the compensation and benefit programs align with the interests of our stockholders while facilitating, attracting and retaining top talent needed to execute our strategy and achieve our corporate objectives.

To the extent any part of this discussion refers to future individual or Company performance goals and targets, such references are made only to assist in the comprehension of our compensation and benefit programs. No such reference should be considered to be a projection or forecast of future Company performance.

Our Named Executive Officers

For fiscal year 2014, our Named Executive Officers (NEOs) under applicable SEC regulations include:

Executive	Position
William A. Wulfsohn	President and Chief Executive Officer
Tony R. Thene	Senior Vice President & Chief Financial Officer
Gary E. Heasley	Senior Vice President Performance Engineered Products (effective July 22, 2013)
David L. Strobel	Senior Vice President Global Operations
Andrew T. Ziolkowski	Senior Vice President Commercial Specialty Alloys Operations

Fiscal Year 2014 Performance

Ø In fiscal year 2014, Carpenter executed strongly in a challenging market environment.

- Carpenter's Specialty Alloys Operations (SAO) segment increased pounds sold by 7% and improved manufacturing performance and efficiencies compared to fiscal year 2013.
- Carpenter's Performance Engineered Products (PEP) segment drove initiatives which improved financial trajectory.

Ø Carpenter completed important growth-enabling initiatives in fiscal year 2014.

- Completed construction of the Limestone County, Alabama (Athens) premium alloy manufacturing facility and began shipping commercial product.
- Announced a superalloy powder license and long-term supply agreement with Pratt & Whitney.
- Added titanium fastener wire line capacity to the Dynamet operations.
- Installed bar finishing equipment at Carpenter's new facility in China.

Table of Contents

Fiscal Year 2014 NEO Compensation Highlights

Consistent with the performance-driven compensation strategy described below, Carpenter's fiscal year 2014 compensation structure was aligned with the Company's operational performance as well as its total shareholder return performance.

Base Salary Highlights

Base salary increases from fiscal year 2013 to 2014 for our NEOs averaged 4.5%. Base salary for Mr. Ziolkowski was increased by 3%, consistent with the merit wage increases generally implemented for the Company's salaried employees. The other NEOs received larger increases to reflect internal equity considerations and/or changing competitive market pay levels. Specifically, Mr. Wulfsohn's base salary was increased by 5.9%, Mr. Thene's base salary was increased by 5%, and Mr. Strobel's base salary was increased by 4%. Mr. Heasley joined the Company in fiscal year 2014 and, therefore, his base salary was not changed.

Annual Cash Incentive Highlights

Each year the Committee, with input from management, establishes performance metrics that focus our executives on the key drivers of our business. Fiscal year 2014 performance metrics (as detailed in the Annual Cash Incentive section) continued the shift started in 2013 from efficiency metrics to income generating metrics.

For fiscal year 2014, year-end results for Carpenter's Executive Bonus Compensation Plan (EBCP) resulted in 55% of target incentive attainment.

Long-Term Equity Incentives Highlights

Our long-term incentive program is designed to create alignment between our executives and our stockholders. To this end, in our view, our annual equity grants are 100% performance-based, consisting of stock options (25%) and performance-based restricted stock units (RSUs) (75%) vesting over three years. Total grant value for each NEO for fiscal year 2014 awards is detailed under the Long-Term Equity Incentives section. Performance-based RSUs are comprised of two components, those tied to annual Earnings per Share (EPS) goals and those tied to Carpenter's three-year Total Shareholder Return (TSR) vs. Peers for fiscal years 2012 and 2013, and vs. Growth Index for fiscal year 2014 (as detailed in the Long-Term Equity Incentives section). For those cycles concluding at the end of fiscal year 2014, performance attainment was: 0% of target (EPS-based RSUs) and 158% of target (TSR-based RSUs).

In fiscal year 2014, a special one-time stock option incentive award vesting three years from the grant date was granted to certain key employees identified as being important to the successful start-up of Carpenter's new premium alloy manufacturing facility in Limestone County, Alabama

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

(Athens), including Messrs. Thene, Heasley, Strobel and Ziolkowski (as detailed in the Special Inducement, Recognition or Retention Awards section).

As in past years, target long-term incentive grants are based on an assessment of a NEO's position and responsibilities within the Company, the competitiveness of his or her total compensation and internal equity considerations. However, due to the at-risk nature of the long-term incentive award, executives may not realize any value.

Alignment of Pay with Performance

Carpenter's compensation philosophy targets total compensation for each of our NEOs at the market median; a substantial portion (66% - 80%) of the target total compensation is delivered through variable performance-based incentives that are at risk. Carpenter's performance-driven compensation program has maintained a strong alignment between Company performance, as measured by stockholder value creation and key financial metrics, and total direct compensation (TDC). TDC consists of base salary, target annual cash incentive and the grant date target value of long-term incentive awards.

Table of Contents

Good Compensation Governance Practices

Our executive compensation program reflects our strong commitment to good governance, as follows:

- Ø No Option repricing: Our long-term incentive plan does not permit repricing of stock options without stockholder approval. Additionally, the plan does not permit cash buyout of underwater options.
- Ø Elimination of Excise Tax Gross-Ups: The Company's Amended and Restated Change in Control Severance Plan (effective September 1, 2010) eliminated the gross-up on excise taxes.
- Ø Committee Discretion to Reduce Annual Cash Incentive: The Human Resources Committee retains discretion to reduce annual cash incentive payouts in appropriate circumstances.
- Ø Vesting of Equity Awards: most equity awards vest over a three-year period. Stock options vest 1/3 each year, TSR-Based RSUs vest 100% at the end of three years, and EPS-Based RSUs vest 50% in Year 2 and 50% in Year 3.
- Ø Dividend Payments: We do not pay dividends on unearned shares.
- Ø Limited Perquisites: We provide a minimal level of perquisites to our NEOs, consisting primarily of financial and tax counseling, tax preparation, medical examinations and relocation expenses.
- Ø Equity Ownership Guidelines: We maintain equity ownership guidelines that require that Vice Presidents and above achieve an equity ownership level, over a five-year period, equal to a certain multiple of base salary. For the CEO, the level is 5x base salary; for all other NEOs, the level is 3x base salary. Each of our NEOs, except Messrs. Heasley and Thene (both of whom were hired in calendar year 2013), is currently in compliance with these guidelines.
- Ø Hedging/Pledging of Company stock: The Company's policy prohibits hedging or pledging of Company stock by our NEOs and directors.

Consideration of Results of Stockholder Advisory Vote on Executive Compensation (Say-on-Pay)

At the 2013 Annual Meeting, stockholders were presented with an advisory vote on executive compensation, which was approved by approximately 99% of the votes cast on the proposal. These results continue to demonstrate strong stockholder support for Carpenter's overall executive compensation program. The Human Resources Committee reviews the results of Say-on-Pay votes when considering future executive compensation structure and potential changes to the executive compensation program.

After considering the previous year's favorable Say-on-Pay vote of the stockholders, the Human Resources Committee did not make any significant changes to the design of the executive compensation program for fiscal year 2014.

This year, the Company is again providing stockholders with an opportunity to express their views with another Say-on-Pay stockholder advisory vote. For more information, please see Proposal No. 3 Advisory Vote to Approve the Compensation of the Company's Named Executive Officers on page 62.

OUR COMPENSATION PHILOSOPHY AND OBJECTIVES

The Human Resources Committee is charged with setting all executive officer pay and reviewing all executive compensation in accordance with its charter. The Human Resources Committee also has a Compensation Sub-committee for the purpose of reviewing and approving NEO Performance-based equity grants and for facilitating compliance with certain exemptions from the deduction limitations of Section 162(m) of the Internal Revenue Code. The term Human Resources Committee as used herein also refers to the Compensation Sub-committee as appropriate.

Our overarching principle is oriented around a pay for performance mindset. The Human Resources Committee structures our executive compensation program to reward our senior leaders when they meet or exceed annual financial and operational goals and create long-term value for our stockholders. A significant component of this incentive structure is weighted towards overall leadership team performance against targeted goals, so that, if we meet or exceed our goals, the team earns target or better awards and conversely, if the team fails to meet the minimum thresholds, that component of performance-based compensation may not be awarded. In general, the Company targets total compensation at the median of an individual's market reference point. We consider an

Table of Contents

executive to be within the range of market median if his/her total compensation is +/-15% of the market data reference point.

The Human Resources Committee routinely reviews all components of compensation for our executive officers. The Human Resources Committee draws upon several resources during this process, and its members consider, among other things, competitive surveys, public compensation filings of our compensation peer group companies, other relevant market data, and recommendations made by our Chairman, CEO, external compensation consultants and members of our Human Resources Department. The resulting executive compensation program is designed to achieve the following:

- Motivate and reward our executives to:
 - (i) achieve or exceed the Company's financial and non-financial performance objectives; and
 - (ii) propel the Company's business forward through focus on operational excellence and execution of our business strategy;
- Link executives' compensation with specific business objectives set by the Company's senior management and Board and with the interests of our stockholders, by tying a significant portion of personal income opportunity to the value of our stock;
- Reinforce the importance of accountability and team cooperation by tying a significant portion of executive compensation to overall Company performance;
- Motivate, attract and retain talented leaders who are, and will continue to be, needed for the implementation of our growth and operational excellence strategies;
- Provide the Human Resources Committee discretion to reward individual performance or accomplishments, while also emphasizing teamwork and the Company's overall success; and
- Be competitive with compensation packages offered by our peers and other companies with which we compete for talent.

OUR COMPENSATION PROGRAM

Compensation Consultants

For purposes of its fiscal year 2014 determinations, the Human Resources Committee engaged Pearl Meyer & Partners (PM&P), an outside compensation consulting firm, to conduct a competitive assessment of our executive compensation program for the NEOs and to make recommendations to the Human Resources Committee for the Human Resources Committee's review and approval. PM&P was also retained by the Human Resources Committee in fiscal year 2014 to update and review peer group member companies, and to provide advice as needed to the Human Resources Committee on an ongoing basis. Separately, the Human Resources Committee engaged Compensation Advisory Partners LLC (CAP), an outside compensation consulting firm, to conduct a TSR analysis and an annual risk assessment of the Company's compensation programs. CAP also regularly attends Human Resources Committee meetings to provide advice and information on compensation trends and regulatory developments in the market.

The Human Resources Committee believes that there was no conflict of interest between the Company and either PM&P or CAP during fiscal year 2014. In reaching this conclusion, the Human Resources Committee considered the factors set forth in the SEC rule effective July 27, 2012 regarding compensation advisor independence. Specifically, the Human Resources Committee has analyzed whether the work of PM&P or CAP as compensation consultants raised any conflict of interest, taking into consideration the following factors: (i) the provision of other services to the Company by the consultant; (ii) the amount of fees from the Company paid to the consultant as a percentage of the consultant's total revenue; (iii) the policies and procedures of the consultant that are designed to prevent conflicts of interest; (iv) any business or personal relationship of the consultant or the individual compensation advisors employed by the consultant with an executive officer of the Company; (v) any business or personal relationship of the individual compensation advisors with any member of the Human Resources

Table of Contents

Committee; and (vi) any stock of the Company owned by the consultant or the individual compensation advisors employed by the consultant.

Benchmarking and Comparator Group Analysis

In developing competitive compensation recommendations with respect to the NEOs, the consultants established a benchmark match for each position, except Mr. Heasley's, who joined the Company in fiscal year 2014, based on a broad perspective of the relevant market and detailed competitive survey data and proxy disclosures of peer companies, for each of the following elements of compensation:

- base salary;
- target annual cash incentive;
- target total cash compensation;
- expected value of long-term incentives; and
- target total direct compensation.

The Human Resources Committee used this benchmark data and it also accepted the consultants' recommendations that it use a comparator group for competitive compensation analysis that consists of nine public companies that manufacture and sell specialty metals and related products and that draw upon similar executive talent (the Comparator Group). The Comparator Group used by the Human Resources Committee for fiscal year 2014 consisted of the below public companies operating in various parts of the world with median revenue of \$3.6 billion. These companies were selected for inclusion in the Comparator Group based on industry, size, US-based headquarters, with a particular focus on companies with which Carpenter competes for executive talent, customers and/or investor capital.

(\$ in millions)	As of 6/30/2014	
<u>Company Name</u>	<u>Revenue</u>	<u>Mkt. Cap.</u>
Precision Castparts Corp.	\$9,777	\$36,538
Allegheny Technologies Inc.	\$3,994	\$4,897
Cabot Corporation	\$3,639	\$3,740
Kennametal Inc.	\$2,837	\$3,636
Hexcel Corp.	\$1,771	\$4,000
Kaiser Aluminum Corporation	\$1,310	\$1,314

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

Barnes Group Inc.	\$1,195	\$2,089
RTI International Metals, Inc.	\$775	\$816
Haynes International, Inc.	\$448	\$702

While the Human Resources Committee uses benchmark data as a reference point, it is not the sole determining factor in making our executive compensation decisions. In addition to the market reference point, the Human Resources Committee also considers an individual's performance and their criticality to the organization as further discussed below. The market data is used primarily to ensure that, in totality, our executive compensation program is competitive when the Company achieves targeted performance levels.

Key Elements of Our Fiscal Year 2014 Compensation Program

The Company's compensation program is designed to be competitive and align the interests of our executive officers and other senior leaders with Company performance and stockholder returns. For our NEOs, this is accomplished through a mix of base salary and performance-based rewards, including performance-based cash incentives and equity awards, as well as minimal perquisites, retirement plans and post-employment benefits. Performance-based compensation (annual and long-term) continues to constitute the largest portion of total compensation. A brief overview of each element of compensation is provided in the chart below, with further details provided later in this CD&A.

Table of Contents**Elements - Overview**

Compensation Element	Description	Rationale
Base Salary	<ul style="list-style-type: none"> Fixed component of pay targeted at the median of the market. 	<ul style="list-style-type: none"> Provides compensation for executive to perform his/her job functions.
Annual Cash Incentive	<ul style="list-style-type: none"> Delivered in cash annually; Tied to achievement of financial and operational goals (operating income, free cash flow, Athens and safety metrics); and Executives can earn 0-200% of their target award based on achievement of pre-established targets. 	<ul style="list-style-type: none"> Rewards for achievement of key drivers of long-term value; and Provides strong line-of-sight and reinforces key priorities of the organization.
Stock Options (25% of long-term incentive)	<ul style="list-style-type: none"> Granted with an exercise price equal to the fair market value of Carpenter stock at the date of grant; and Vests ratably over three years. 	<ul style="list-style-type: none"> Provides strong tie to stockholder value as executives only realize value if the stock price increases; and Vesting period assists with retention.
TSR-Based Restricted Stock Units (40% of long-term incentive)*	<ul style="list-style-type: none"> Executives can earn 0-200% of their target award based upon our TSR compared to growth index over a three-year period; and Immediately vests at the end of the three-year period, if earned. 	<ul style="list-style-type: none"> Provides strong tie to stockholders as it only delivers maximum value if our stock performance far exceeds that of the growth index; and Performance period assists with retention.
EPS-Based Restricted Stock Units (35% of long-term incentive)*	<ul style="list-style-type: none"> Executives can earn 0-200% of their target award based upon actual EPS achieved compared to our annual EPS goal; If an award is earned at the end of the first year, the award will vest 50% over each of the next two years; and May elect to receive payment in cash or stock. 	<ul style="list-style-type: none"> Focuses executives on achievement of our EPS goal, which is strongly tied to stockholder value creation; Provides line-of-sight as senior leaders have the greatest ability to drive EPS; and Vesting period assists with retention.

* Dividends are not paid on these RSUs until the RSUs are earned.

The Human Resources Committee developed fiscal year 2014 compensation levels by taking into account the general philosophy and objectives summarized above. The Human Resources Committee benchmarked against the Comparator Group and survey data, and took into account the differing fiscal years of members of the Comparator Group, which complicates financial and compensation comparisons when there is a significant shift in customer demand or commodity costs.

Table of Contents

NEO pay is targeted to be within the competitive range (+/- 15%) of market median. In isolated circumstances, we will deviate from the target pay positioning based on several factors, including:

- Attraction and retention needs;
- Individual performance; and
- Internal equity issues.

The Human Resources Committee established fiscal year 2014 compensation components for the NEOs relative to the Comparator Group and survey data as follows:

- Base salary approximating the 50th percentile, reflecting the Company's desire to provide competitive fixed compensation to motivate, attract and retain talent;
- Target total cash compensation (consisting of base salary plus target annual cash incentive) approximating the 50th percentile; and
- Target total direct compensation (consisting of target total cash compensation plus the target value of long-term equity incentives) approximating the 50th percentile.

A compensation program (as illustrated below) which targets market median positioning, but delivers the majority of that compensation through performance-based compensation elements ensures proper alignment with our stockholders and ties the ultimate value delivered (above/below target) to NEOs to Company performance.

Table of Contents

Positioning of compensation relative to median for each of the NEOs is provided below:

Executive	Base Salary	Target Total Cash Compensation (Salary + Target Annual Cash Incentive)	Target Total Direct Compensation (Target Total Cash Compensation + Grant Date Value of Target Long-term Incentive)
William A. Wulfsohn	0%	-4%	-1%
Tony R. Thene	4%	12%	0%
Gary E. Heasley*	N/A	N/A	N/A
David L. Strobel	-1%	6%	3%
Andrew T. Ziolkowski	-9%	1%	0%

* Mr. Heasley's position was not benchmarked since he was hired July 22, 2013.

As mentioned above, individual compensation levels for each NEO may vary based on performance. The Human Resources Committee may further differentiate the performance of NEOs through multiple mechanisms, including:

- The ability to reduce, upon the CEO's recommendation, the annual cash incentive for an individual by up to 50% based on that individual's performance; and
- The ability to grant equity awards, upon the CEO's recommendation, including RSUs and stock options, to top performers.

Base Salaries

The Human Resources Committee reviews base salaries annually and may also do so in connection with a promotion or other major change in responsibilities. In performing such a review, the Human Resources Committee usually considers, among other factors, the person's job duties, critical skills, performance and achievements; the level of pay relative to comparable persons at relevant companies reviewed by the Human

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

Resources Committee, including the Comparator Group discussed above; and retention concerns.

The Human Resources Committee considered these factors in setting salaries for fiscal year 2014, and awarded the NEOs base salary increases averaging 4.5%. Base salary for Mr. Ziolkowski was increased by 3%, consistent with the merit wage increases generally implemented for the Company's salaried employees. The other NEOs, with the exception of Mr. Heasley who joined the Company in fiscal year 2014, received larger increases to reflect internal equity considerations and/or competitive market pay practices as noted below.

NEO	Base Salary Increase (%)	Rationale
William A. Wulfsohn	5.9%	Alignment with market rates for scope of responsibilities
Tony R. Thene	5.0%	Alignment with market rates for scope of responsibilities
David L. Strobel	4.0%	Alignment with market rates for scope of responsibilities

Table of Contents

Upon Mr. Heasley's appointment as Senior Vice President - Performance Engineered Products during fiscal year 2014, his base salary was \$370,000.

Annual Cash Incentive

The Company maintains an Executive Bonus Compensation Plan (EBCP) because it believes that a significant portion of a NEO's potential compensation should be contingent on Company business results and his or her successful leadership of the Company's business that ultimately drives long-term value for our stockholders. The Human Resources Committee oversees the EBCP and establishes the metrics that will be used each year, with input from management and outside compensation consultants. For fiscal year 2014, the metrics, the respective weightings and the rationale for the selection of each metric for the NEOs are detailed below.

Fiscal Year 2014 Annual Cash Incentive Metrics Summary

Metric	Definition	Weighting	Rationale
Operating Income	<ul style="list-style-type: none"> Net Sales minus Operating Expenses includes (1) cost of sales and (2) selling, general and administrative expenses; and excludes pension earnings, interest and deferrals. 	48%	<ul style="list-style-type: none"> Focuses management on driving top line growth and managing expenses; Drives line-of-sight and focuses on factors most in the organization's control; and When considered in conjunction with EPS used in long-term incentive, focuses management on the overall profitability of the organization.
Free Cash Flow	<ul style="list-style-type: none"> Cash flows provided from Operating activities less: (1) cash paid for purchases of property, equipment and software, (2) dividends paid, and (3) cash paid for the acquisition of businesses; plus: (1) cash received from the disposal of property and equipment, and (2) cash received from the sale of businesses. 	12%	<ul style="list-style-type: none"> Focuses management on achievement of positive free cash flow through increased earnings and aggressive management of working capital levels and capital expenditures.
Athens Metrics	<ul style="list-style-type: none"> Comprised of three Athens related metrics (each weighted equally): (1) date of first saleable product, (2) on-budget (net capital project), and (3) sold products. 	32%	<ul style="list-style-type: none"> Focuses management on the Athens start-up and production to achieve positive Return on Investment; and Drives accountability for Athens capital expectations from cost, timing and output/sale perspectives.
Safety Metrics		8%	

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

- Measured using TCIR (Total Case Incident Rate) and reported in terms of percent improvement over prior fiscal year.
- Emphasizes that our employees' safety is an integral part of our culture.
- TCIR is defined as the average number of work-related injuries incurred by 100 workers during a one-year period.

Table of Contents

The Human Resources Committee sets performance goals for each metric. Overall achievement of all goals results in payment of the following annual cash incentive for the fiscal year:

Incentive Opportunity as % of Base Salary

<u>NEO</u>	<u>At Threshold</u>	<u>At Target</u>	<u>At Maximum</u>
William A. Wulfsohn	62.5%	125%	250%
Tony R. Thene	50%	100%	200%
Gary E. Heasley	50%	100%	200%
David L. Strobel	50%	100%	200%
Andrew T. Ziolkowski	50%	100%	200%

If performance on a particular metric does not reach the minimum level set forth in the EBCP Metrics and Attainment table, no incentive payout is earned under the EBCP for that metric in the normal course. The overall attainment is based on the total weighted attainment of all of the individual metrics.

As part of the Human Resources Committee's data verification process for approving EBCP awards, performance data relative to the Company's operating results for financial reporting purposes is reviewed by the Audit/Finance Committee of the Board before being applied by the Human Resources Committee in making its award determinations.

For fiscal year 2014, the achievement targets for the Operating Income, Free Cash Flow, Athens and Safety metrics, and actual year-end attainment adjusted as described below, were as follows:

EBCP Metrics and Attainment

(\$ in Millions)	Weight	50%	Attainment %	100%	200%	Year End Result	Actual Attainment
Operating Income	48%	\$253	\$285	\$314	\$237		0%
Free Cash Flow	12%	(\$140)	(\$132)	(\$66)	(\$135)		82%
Safety*	8%	0%	10%	25%	10%		100%
Athens metrics **	32%						117%
Overall Attainment	100%						55%

* percentage of improvement over fiscal year 2013

****Athens Metrics**

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

	0%	50%	Attainment % 100%	150%	200%	Year End Result	Actual Attainment
Date of first saleable product	Fiscal Year 2015	May 2014	April 2014	Prior to April 1, 2014	All Three Metrics at 150%	March 2014	150%
On budget (net capital project)	> 105%	103% - 105%	98% - 102%	< 98%		96%	150%
Sold product (tons)	0 Tons	1,000	1,000 - 2,000	> 2,000		1,000	50%
Attainment							117%

These specific targets were selected by the Human Resources Committee after reviewing the Company's operating plan and the environment within which the Company operates, and using its judgment to define appropriate targets to align the relationship between pay and performance. Targets are based on the Company's 2014 operating plan, which considers many factors, including:

- Broad macro-economic factors that affect our business;
- Industry factors that affect us directly or the industries we serve; and
- Strategic initiatives underway or planned for the upcoming year.

The threshold and maximum operating income targets were set at -11% and +10% of the operating plan, respectively.

Table of Contents

The primary financial objectives for setting the fiscal year 2014 annual incentive metrics were to encourage earnings performance in an uncertain market environment along with incremental costs related to the new Athens manufacturing facility. The 2014 annual incentive metrics also focused on driving the completion of the Athens facility, on time, in full and on budget. Additionally, the Company wanted to maintain its strong financial position (balance sheet) by funding the remaining Athens investment through income generation and aggressive management of working capital levels in the context of planned sales increases.

For fiscal year 2014, the Human Resources Committee determined that the year-end results of each metric (see the Attainment column in the above EBCP Metrics and Attainment table), weighted as described above, resulted in 55% of overall target incentive attainment. See the Summary Compensation Table column (g) for actual incentive payout for each NEO.

Extraordinary items and items that were unusual in nature, non-recurring or infrequent in occurrence throughout the year, were considered by the Board's Audit/Finance Committee to determine any adjustments to a particular bonus metric attainment. These adjustments were then reviewed and approved by the Human Resources Committee. For determining attainment for fiscal year 2014, adjustments for extraordinary items and unanticipated developments included certain strategic initiatives and other non-recurring expenses.

Long-Term Equity Incentives

The Human Resources Committee uses a Stock-Based Incentive Compensation Plan for Officers and Key Employees (the Executive Stock Plan) to provide equity compensation to NEOs and other key personnel. Our long-term incentive program is designed to create alignment between our executives and our stockholders. To this end, in our view, our long-term incentive program is 100% performance-based and delivered through a combination of three equity vehicles. The Human Resources Committee believes such awards focus executives on the Company's longer-term interests and strategic business decisions and encourage retention. To determine the mix of equity-based compensation for the long-term incentive program, the Human Resources Committee considered current industry trends, practice among our Comparator Group, and the behaviors the awards are intended to drive (balancing performance-based RSU awards and stock options, which focus primarily on operating and stock performance, with the time-based vesting elements of performance-based RSUs and options, which focus primarily on retention). Applying this analysis for fiscal year 2014, the Human Resources Committee granted a mix of stock options and performance-based RSUs, more fully described below. Overall, the mix of incentives for the long-term program is as follows:

Vehicle	Weighting	Description
Stock Options	25%	<ul style="list-style-type: none"> • Vest 1/3 per year on the first three anniversary dates of the grant. • When stock options are granted, the exercise price is the closing share price on the NYSE on the date of the grant. • Options provide a strong tie to stockholders and are inherently performance-based as they only deliver value if the stock price increases.
Performance-based RSUs (TSR)*	40%	<ul style="list-style-type: none"> • Provide executives the opportunity to earn 0-200% of the target award of shares based on our TSR vs. growth index over a three-year period.

Performance-based RSUs (EPS)*	35%	<ul style="list-style-type: none"> • Earned/scored shares are immediately vested at the end of the three-year performance period. • Provide executives the opportunity to earn 0-200% of the target award of shares based on our EPS vs. target over a one-year period. • If any shares are earned/scored at the end of the one-year performance period, they vest 50% per year over the subsequent two years. • May elect to receive payment in cash or stock.
-------------------------------	-----	---

*Dividends are not paid on these RSUs until the RSUs are earned.

Table of Contents

For fiscal year 2014, the Human Resources Committee relied on benchmarking and each executive's contributions towards corporate goals to determine the following target values of incentives for each NEO under the long-term incentive program:

<u>NEO</u>	<u>LTI Opportunity</u> (thousands)
William A. Wulfsohn	\$2,800
Tony R. Thene	\$700
Gary E. Heasley	\$400
David L. Strobel	\$400
Andrew T. Ziolkowski	\$400

Goals for Performance-Based RSUs

As noted above, our performance-based RSUs are comprised of two components, those tied to three-year relative TSR vs. TSR Peers for fiscal years 2012 and 2013, and vs. a growth index for 2014, and those tied to achievement of annual EPS goals. The goals for the fiscal year 2014 EPS awards are detailed below, with the results noted for the cycle concluded for each component at the end of fiscal year 2014.

Performance Targets for EPS-based RSUs

Performance	EPS	Payout As % of Target
Threshold	\$2.64	50%
Target	\$3.04	100%
Max	\$3.37	200%
Actual	\$2.47	0%

Performance Targets for TSR-based RSUs

--	--	--

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

Performance	TSR vs. Peers	Payout As % of Target
Threshold	25th percentile	50%
Target	50th percentile	100%
Max	75th percentile	200%
Actual*	65th percentile	158%

* Reflects achievement of FY12 3-year performance period; the achievement for FY14 3-year performance targets will be determined in FY16.
(See the Long-Term Equity Incentive Plan illustration)

Table of Contents

For the fiscal year 2014 grant of TSR-based RSUs, performance is assessed against the Russell Materials & Processing Growth Index. It should be noted that the TSR peers differ from the compensation peers due to several factors, including:

- **Size** size of a company is less of a factor in stock performance, but does have greater influence on compensation paid to executives; and
- **Domestic vs. International** due to constraints of disclosure, we focus the compensation peers on United States-based companies as the level of disclosure of compensation practices outside the United States varies on a country-by-country basis.

Participants may elect to receive payment under the 1-year EPS-based performance award program in either cash or Carpenter stock. An election to receive cash payment of the award must be made on the earlier of the last day of the fiscal year in which the award is granted and six months prior to the end of the performance period. The Human Resources Committee will condition the cash election on the individual's having met the holding requirement under the Company's equity ownership guidelines. Even if an election is made to receive payment in cash, the award continues to be denominated as a unit until payment and therefore its value will continue to be tied to the Company's stock price. A participant may also elect a deferral option, whereby an individual participant may defer payment of his or her earned EPS-based performance awards until a specific date or event, including separation of service, Disability or a Change in Control event. Upon such date or event, the Company distributes the participant's deferred award in a lump sum or in 10 annual installments, as the participant may elect.

The following chart illustrates graphically the long-term equity incentive plan described above. Actual long-term incentive awards for fiscal year 2014 for each NEO are set forth in the Summary Compensation Table, columns (e) and (f).

Long-Term Equity Incentive Plan Illustration

Special Inducement, Recognition or Retention Awards

From time to time, the Human Resources Committee identifies circumstances giving rise to the need to issue an incentive award, other than during the ordinary cycle, to fulfill particular retention or incentive objectives or to recognize special achievements or contributions to the Company.

Table of Contents

Upon recommendation of the CEO, the Human Resources Committee approved a special one-time incentive award in fiscal year 2014 to certain key employees identified as being important to the successful start-up of Carpenter's new Athens facility. This special stock option award was provided to Messrs. Thene, Heasley, Strobel and Ziolkowski relative to their roles and contributions to this Athens initiative. The options will vest and become 100% exercisable three years from the grant date. The respective fair market value at time of grant for these awards is as follows:

Tony R. Thene	\$168,750
Gary E. Heasley	\$100,000
David L. Strobel	\$300,000
Andrew T. Ziolkowski	\$300,000

Equity Ownership Guidelines

Equity awards earned through the Company's long-term incentive program help NEOs and other executives adhere to the Company's equity ownership guidelines. These guidelines require that Senior Vice Presidents and above hold specific values of equity expressed as a multiple of the executive's base salary. Holdings may consist of either earned restricted or unrestricted stock or stock units, including shares held in retirement accounts, and there is a five-year phase-in period for satisfying the minimum equity holding requirements. All NEOs satisfied the Company's equity holding requirements, with the exceptions of Messrs. Heasley and Thene, both of whom joined the Company in calendar year 2013. The Human Resources Committee, with the input of outside consultants, reviews these requirements regularly and continues to believe these levels are competitive with the market:

Executive Level	Multiple of Base Salary
Chief Executive Officer	5x
Senior Vice Presidents	3x

Retirement and Post-Employment Benefits

We believe retirement plans and other post-employment benefits serve to attract and retain talented personnel generally.

The General Retirement Plan for Employees of Carpenter Technology Corporation (GRP) is a tax-qualified plan that generally provides retirement benefits to employees, including NEOs, at age 65 (with five years of service), from age 55 (with ten years of service), or at any age with 30 years of service. For most employees, including the NEOs, these benefits are based on either: (a) a fixed monthly rate for each year of service; or (b) the sum of (i) the employee's highest average annual earnings multiplied by 1.3% for each of the first 20 years of service, and (ii) the employee's highest average annual earnings multiplied by 1.4% for each year of service over 20. This average is calculated from the highest five annual periods (within the last 20 years) ending on the date of retirement. Earnings generally include all salaries, bonuses and other cash compensation. The GRP includes Qualified Supplemental Retirement Benefits (QSERP) under the GRP provision, which serve to reduce

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

the Company's obligations under its non-qualified defined benefit plans (described below) by providing the maximum available benefit under the GRP permitted by applicable nondiscrimination rules under the Internal Revenue Code of 1986, as amended. The GRP and QSERP were closed to new hires and rehires effective January 1, 2012, and therefore do not apply to Messrs. Heasley and Thene, both of whom commenced employment with the Company in calendar year 2013. Benefits under the QSERP were frozen effective January 1, 2014.

The Company has two restoration plans for those participants whose benefits under the GRP are reduced by limitations under the Internal Revenue Code (the "Code"). The Earnings Adjustment Plan of Carpenter Technology Corporation ("EAP") restores any benefits lost under the GRP due to Code limitations on compensation that may be considered in the calculation of benefits under the GRP. The Benefit Equalization Plan of Carpenter Technology Corporation ("BEP") restores any benefits lost under the GRP as a result of Code limitations on the maximum annual benefit that may be payable under the GRP. In general, benefits under these plans are subject to the same administrative

Table of Contents

rules as the GRP. Each NEO, with the exceptions of Messrs. Heasley and Thene, is eligible for benefits under the EAP and the BEP.

Our Officers and Key Employees Supplemental Retirement Plan of Carpenter Technology Corporation (OSRP) provides supplemental pension benefits to participants, including NEOs, whose benefits will be reduced under the GRP because of income that they elected to defer under the Company's deferred compensation plan. This plan aids our ability to retain talent by ensuring that a participant's post-retirement income reflects all of his or her actual earnings during active employment. The OSRP restores reductions that occur under the GRP because of income deferrals, without regard to any limitations under the Code. These benefits are subject to the same administrative rules as the GRP. Each NEO, with the exceptions of Messrs. Heasley and Thene, is eligible for benefits under the OSRP.

Messrs. Strobel and Ziolkowski have been designated by the Board as participants under our Supplemental Retirement Plan for Executives of Carpenter Technology Corporation (SRP), which was designed to provide a minimum level of post-retirement income to such persons in recognition of their service and dedication to the Company at the management level. This supplemental benefit is payable for a fixed term of fifteen years, generally commencing in the seventh month following eligibility for GRP monthly payments. The Human Resources Committee determined in fiscal year 2010 that the Company's goals underlying the SRP could be better achieved using alternative means. Accordingly, the Board of Directors decided on June 29, 2010 to use compensation programs, primarily long-term incentives, to attract and retain mid-career hires, rather than rely upon the SRP, as we believe such long-term incentives further support the Company's goal of tying pay to performance. The Board therefore, effective June 30, 2010, closed entry into the SRP and enacted a freeze on SRP benefits to be earned by current active participants in the plan. Under the freeze, future accruals (5% of a participant's highest annual earnings per year of service for up to ten years of participation) ceased effective December 31, 2012.

The Health Protection Account (HPA) provides retiree medical benefits for certain employees, including NEOs, who are eligible to receive an immediate retirement benefit from the GRP upon termination of employment. The benefits are equal to monthly credits that participants can use to pay for qualified medical expenses, including the ability to buy into the Carpenter-sponsored retiree medical plans. The monthly credits are determined at retirement by multiplying a participant's earned percentage by the applicable premiums for the Carpenter-sponsored retiree medical plan in the year of retirement and vary before and after the age at which a participant and/or dependents are eligible for Medicare. Monthly credits are capped at \$528 per month pre-Medicare and \$338 per month post-Medicare for single coverage and at \$922 per month pre-Medicare and \$593 per month post-Medicare for family coverage. The earned percentage is equal to 3% per year of continuous service but not less than 50% nor more than 90%. The HPA was closed to new hires effective January 1, 2012, and therefore does not apply to Messrs. Heasley and Thene, both of whom commenced employment in calendar year 2013.

The Company also provides retiree life insurance benefits for some employees, including NEOs, who are eligible to receive an immediate retirement benefit from the GRP upon termination of employment. The face amount of the retiree life insurance benefit is equal to \$5,000.

Benefits for NEOs under the above plans are discussed in detail in the Executive Compensation section of this Proxy Statement.

Savings Plans and Deferred Compensation Plan

Our Savings Plans are tax-qualified profit sharing plans. The Company has a savings plan available to employees of the Company and certain affiliates who were hired prior to January 1, 2012, a savings plan available to employees of the Company and certain affiliates who were hired

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

on and after January 1, 2012, a savings plan for employees of Amega West Services LLC, and a savings plan for collectively bargained employees of Latrobe Steel Company (together referred to as the "Savings Plans"). As further described in the "Tax-Qualified Defined Contribution Pension Plans" section on page 54, NEOs participate in one of the first two savings plans listed above. If the Company's contribution to a savings plan for any executive is limited under the Code, the executive will receive any lost contributions under the Company's deferred compensation plan discussed immediately below.

Table of Contents

The Company sponsors a non-qualified, deferred compensation plan for executives, including NEOs, to supplement its tax-qualified Savings Plans. Executives may annually defer up to 100% of their base pay and entire cash incentive payout. Each executive, including NEOs, is fully vested in all amounts deferred under this plan, including any Company contributions. These sums are deliverable to the executive later, either on a date selected by the person or upon the occurrence of a specified event.

Perquisites

Perquisites are not a focus or significant part of our executive compensation program. The Company provides a limited number of perquisites and other personal benefits to NEOs, which it believes are reasonable and consistent with its goal to motivate, attract and retain key executives. Carpenter believes the perquisites offered also provide benefit to the Company (e.g., encourage executives to manage their health). The following perquisites are available to each NEO:

- Tax preparation fees up to \$1,500 (annually);
- Financial planning and tax planning expenses up to \$8,500 (annually);
- Medical examination up to \$7,500 (annually or bi-annually, depending on age); and
- Employment relocation expenses.

Carpenter believes these items are advantageous to the Company and its stockholders, and they keep these executives focused on the legitimate interests of the business.

Health Benefits and Disability Insurance

The Company currently provides its executive officers with the same health and disability insurance plans afforded to all employees of the Company. In addition, as mentioned in the Perquisites section above, the Company encourages each executive officer to have a periodic physical examination, reimbursing the executive for certain additional out-of-pocket health costs associated with it that are not covered by the Company's self-funded plan. This reimbursement is tax deductible to the Company.

Severance and Employment Arrangements

On June 29, 2010, the Board of Directors approved an executive severance plan, effective July 1, 2010, to create a standard practice of addressing executive severance in certain circumstances. The plan provides for the continuation of certain elements of compensation and benefits following a termination without cause or resignation for good reason in the absence of a Change in Control. The continuation period is 18 months for the CEO and 12 months for an Executive Vice President, Senior Vice President or Vice President.

Mr. Wulfsohn has a separate written agreement with the Company relating to his employment, entered into on June 3, 2010, effective July 1, 2010. So long as this arrangement remains in existence, the executive severance plan described above does not apply to Mr. Wulfsohn. This arrangement does not require a minimum period of employment for Mr. Wulfsohn. The arrangement provides for the continuation of certain minimum levels of salary during his employment tenure and for payments in some termination circumstances. With respect to payments upon separation from employment from the Company under some circumstances, Mr. Wulfsohn is entitled to payments if his separation is initiated by the Company without cause or is initiated by him for good reason.

Effective September 1, 2010, the Board of Directors approved the Amended and Restated Carpenter Technology Corporation Change in Control Severance Plan (Change in Control Severance Plan). The Change in Control Severance Plan provides for certain payments and benefits to a covered executive whose employment with the Company ceases during the two-year period following a Change in Control of the Company due to (i) a termination without cause or (ii) a resignation for good reason. In such circumstances, an Associate Vice President or Vice President level employee of the Company would receive: (i) one times his or her annual base salary and (ii) continuation of medical and prescription benefits for 12 months. A Senior or Executive Vice President would receive: (i) two times his or her annual base salary and (ii) continuation of medical and prescription benefits for 24 months. Each terminated covered executive would also receive: (i) one times his or her target annual cash incentive and (ii) outplacement services.

Table of Contents

for 12 months. The new Change in Control Severance Plan eliminates the gross-up on excise taxes for all executives. All NEOs except Mr. Wulfsohn are covered under the Change in Control Severance Plan.

Mr. Wulfsohn has a special severance agreement with the Company, which was designed to encourage him to remain with the Company and continue in his duties if there is a pending or potential Change in Control of the Company, and to afford income protection if his position is terminated or significantly changed following a Change in Control.

These agreements and plans are discussed in more detail in the Potential Payments Upon Termination of Employment section of this Proxy Statement.

Tax Deductibility of Compensation

To the extent that the aggregate compensation subject to Section 162(m) of the Internal Revenue Code paid to any NEO (other than our principal financial officer) exceeds \$1 million, it is not deductible by the Company for federal income tax purposes unless it is performance-based as defined in the Code. Cash incentives and RSU grants are performance-based only if they are earned based on achieving objective goals under stockholder approved plans. Cash incentives granted under the EBCP and stock options and performance-based RSUs granted under the Executive Stock Plan are intended to qualify as performance-based compensation under the Code, and each Plan has been approved by the Company's stockholders. The Human Resources Committee has the authority to award compensation that may not be deductible under the Code, such as RSU grants that are solely time-based, if such compensation advances the overall interests of the business. Certain portions of the compensation paid to the NEOs may not be deductible under the Code.

HUMAN RESOURCES COMMITTEE REPORT

The Human Resources Committee, which serves as the compensation committee of the Board of Directors for purposes of applicable NYSE and SEC requirements, has reviewed and discussed the foregoing Compensation Discussion and Analysis (CD&A) with management. Based on such review and discussion, the Human Resources Committee recommended to the Board that the CD&A be included in this Proxy Statement and incorporated by reference into our 2014 Annual Report on Form 10-K.

This report is respectfully submitted by the members of the Human Resources Committee.

(1) The grant date fair value of stock awards granted to our NEOs in fiscal year 2014 was computed in accordance with FASB ASC Topic 718, Compensation - Stock Compensation.

The values shown include time-based restricted stock unit awards and both one- and three-year performance share award opportunities. For the performance share awards, the values in column (e) represent the probable award value on the grant date, which has been determined to be achievement of the relevant performance goals at target. The maximum values of the performance share awards (200% of target) on the grant date were:

--	--

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

Name	Fiscal Year 2014	
	1 Year Maximum	3 Year Maximum
William A. Wulfsohn	\$1,960,000	\$3,247,813
Tony R. Thene	\$490,000	\$812,029
Gary E. Heasley	\$280,000	\$463,995
David L. Strobel	\$280,000	\$463,995
Andrew T. Ziolkowski	\$280,000	\$463,995

Actual attainment for one-year performance share awards for all NEOs was 0% in fiscal year 2014.

(2) The grant date fair value of option awards granted to our NEOs in fiscal year 2014 was computed in accordance with FASB ASC Topic 718, Compensation - Stock Compensation.

(3) Shows the aggregate change in the actuarial present value of accumulated benefits under all defined benefit plans (including non-qualified plans) from July 1 to June 30 of fiscal years 2014, 2013 and 2012. The amounts were computed using the same assumptions used for financial statement reporting purposes described in Note 10 to the financial statements contained in Carpenter's 2014 Annual Report on Form 10-K. Amounts paid under the plans use assumptions contained in the plans and may be different than those used for financial reporting purposes.

Table of Contents

(4) The amounts shown in this column for fiscal years 2014, 2013 and 2012 are broken down in detail in the All Other Compensation Table below.

(5) Value represents a sign-on bonus received as part of Mr. Thene's employment offer.

All Other Compensation Table (Detail of Summary Compensation Column (i))

Name	Year	Perquisites and Other Personal Benefits (\$)		Insurance Premiums (\$)	Company Contributions to Retirement and 401(k) Plans (\$)	Dividend Equivalents on Restricted Stock Units (\$)	Total (\$)

15,046 (6) \$59.15 \$300,017

(1) Represents target bonus opportunity established by the Board under the EBCP for a one-year performance period beginning July 1, 2013 and ending June 30, 2014. The threshold is equal to 50% of target and the maximum is equal to 200% of target.

(2) The grant date fair value of stock awards granted to our NEOs in fiscal year 2014 was computed in accordance with FASB ASC Topic 718, Compensation Stock Compensation.

(3) Represents target equity opportunity established by the Board for a one-year performance period beginning July 1, 2013 and ending June 30, 2014. The threshold is equal to 50% of target and the maximum is equal to 200% of target. For details of actual attainment, please reference the Executive Compensation section of this Proxy Statement.

(4) Represents target equity opportunity established by the Board for a three-year performance period beginning July 1, 2013 and ending June 30, 2016. The threshold is equal to 50% of target and the maximum is equal to 200% of target.

(5) Represents stock options granted under the Executive Stock Plan during fiscal year 2014. The options have a ten-year term, become exercisable ratably over a three-year period following the grant date and will expire 90 days following termination of employment, except in the case of death, Disability or Retirement. In the event of death or Disability, all options that were granted more than 12 months prior to the event become fully vested and exercisable by the participant or his or her estate for the remainder of the original term. In the event of Retirement, all unexercisable options granted more than 12 months before such retirement date shall become vested prorata based on the number of days in service during the restriction period, and exercisable by the participant or his or her estate for the remainder of the original term unless the Human Resources Committee decides otherwise. Upon a Change in Control, all outstanding options become fully vested and immediately exercisable.

Table of Contents

(6) Represents a special one-time stock option incentive under the Executive Stock Plan during fiscal year 2014, as more fully described in the Special Inducement, Recognition or Retention Awards Section of the CD&A. The options have a seven-year term, become exercisable three years from the grant date and will expire 90 days following termination of employment except in the case of death, Disability or Retirement.

The following table sets forth information about outstanding equity awards held by the NEOs at the end of fiscal year 2014.

Outstanding Equity Awards At End of Fiscal Year 2014 Table

Table of Contents**Pension Benefits Generally**

The Company maintains several pension and related benefit plans in which the NEOs and other executives are eligible to participate. These plans are described in the subsections that follow this subsection.

The following table sets forth information about the value of accumulated benefits and number of years of credited service under each of the Company's defined benefit pension plans and supplemental executive retirement plans available to NEOs at the end of fiscal year 2014, based upon assumed retirement dates and the satisfaction of other applicable eligibility criteria under such plans.

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

(1) The amounts in this column are actuarial present values of the applicable plan accumulated benefits using the same assumptions used for financial statement reporting purposes described in Note 10 to the financial statements contained in Carpenter's 2014 Annual Report on Form 10-K and further assuming that each NEO retires on his earliest possible retirement date. The projected age of each NEO's earliest retirement date is as follows: Mr. Wulfsohn 62, Mr. Strobel 52, and Mr. Ziolkowski 55. Assumptions regarding the value of survivor benefits are that 80% of executives are married and wives are three years younger than husbands. Though all amounts in this column are presented as lump sum present values, only the benefit payable under the GRP is actually payable in the form of a lump sum and only when the executive is eligible for a monthly GRP annuity in the month following separation. None of the NEOs, with the exception of Mr. Strobel, are currently eligible for a lump sum payment under the GRP.

Messrs. Thene and Heasley are not participants in the Company's defined benefit pension plan or supplemental executive retirement plans identified in this table.

(2) The GRP is a tax-qualified defined benefit pension plan provided to a broad group of employees. It is described in greater detail elsewhere in the following subsection. The GRP was closed to new hires and rehires effective January 1, 2012.

Table of Contents

(3) The EAP restores benefits not paid under the GRP because of limitations on the amount of compensation that may be considered under a tax qualified plan.

(4) The BEP restores benefits that would otherwise be payable under the GRP except for the limitation by the Internal Revenue Code of 1986, as amended, upon the annual benefit that may be paid under qualified plans. Benefits under the applicable plan or plans are generally paid in the form of an annuity.

(5) Carpenter's SRP provides a benefit in excess of benefits payable under the GRP, Carpenter's other non-qualified pension plans and Social Security. The benefit under the SRP is calculated similarly to the GRP except that the SRP benefit (in conjunction with the benefit plans it supplements) is limited to 60% of average compensation plus ¼% for each year of service over 30. Benefits under the applicable plan or plans are generally paid in the form of an annuity.

The Board froze entry of new participants into the SRP effective June 30, 2010, and enacted a freeze on SRP benefits to be earned by current active participants. Please refer to the Retirement and Post-Employment Benefits section of the CD&A.

Tax-Qualified Defined Benefit Pension Plan

Participation

During fiscal year 2014, all of the NEOs with the exception of Messrs. Thene and Heasley, were eligible to participate in the tax-qualified GRP. The GRP was closed to new hires and rehires effective January 1, 2012, and therefore does not apply to Messrs. Thene and Heasley, who both commenced employment with the Company after January 1, 2012.

GRP Calculation

Retirement benefits pursuant to the GRP are calculated using a formula that takes into account a participant's years of credited service and average compensation during the five highest 12-month calculation periods that occur during the last 240 full calendar months of employment. Average compensation includes cash bonuses, but excludes income attributable to equity-based compensation. These retirement benefits are subject to certain limitations under the Internal Revenue Code relating to the maximum amount of compensation that may be taken into account under a tax-qualified plan and relating to the maximum annual benefit that may be paid to any participant by such a plan.

GRP Payment to Executive

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

All payments to a participant or any beneficiary pursuant to the GRP are conditioned upon the circumstances surrounding the participant's separation from employment, which dictate whether the participant is entitled to an annuity payable beginning in the month immediately following separation (an immediate annuity) or an annuity payable beginning at a later date (a deferred annuity), and whether or not the immediate annuity, if applicable, will be reduced to account for the participant's age at the commencement of the annuity. An unreduced immediate annuity is referred to as a full pension.

Table of Contents

Full Pension: A participant is entitled to a full pension if (i) he or she separates from employment at or after age 65 having provided at least five years of service; (ii) he or she retires at any age with at least 30 years of service; or (iii) he or she retires at age 62 with at least 10 years of service. A full pension is also available based upon permanent disability if the participant has provided at least 15 years of service to the Company, or generally by reason of a permanent shutdown of a plant, department or subdivision or by reason of a layoff and where the participant's age plus service equals one of the following totals:

Employee's Age	Employee's Service	Age + Service =
Under 55	At least 20 years	65 but not 80
Under 55	At least 15 years	At least 80
55 but not 62	At least 15 years	At least 70

Early Pension (payable immediately with age discount): Early retirement is available at age 55 after at least 10 years of service (with the benefit amount otherwise payable at age 65 discounted to account for the time during which benefits are paid prior to the participant reaching age 62) or at age 60 after at least five years of service (with the benefit amount otherwise payable at age 65 discounted for the time during which benefits are paid prior to the participant reaching age 65).

Deferred Vested Pension: A participant with a vested pension who separates from service without being eligible for an immediate annuity does not attain any of the foregoing and is entitled to receive a deferred vested pension that is generally payable without discount at age 65 (or at age 62 if the participant terminated employment after at least 15 years of service). A participant with a deferred vested pension who terminates employment prior to age 55 after at least 10 years of employment may elect to have a discounted benefit commence at age 55 in lieu of a benefit commencing at age 65. A participant with a deferred vested pension who terminates employment prior to age 55 with less than 10 years of employment may elect to have a discounted benefit commence at age 60 in lieu of a benefit commencing at age 65.

Form of GRP Payments

Benefits collected pursuant to the GRP are typically paid as a monthly annuity for either the life of the employee, or the joint lives of the employee and beneficiary. Additionally, a participant who is eligible to commence an annuity in the month following his or her separation may also elect an immediate or delayed lump sum payment.

Non-Qualified Defined Benefit Pension Plans**Participation**

During fiscal year 2014, Messrs. Strobel and Ziolkowski participated in the SRP and up to three other non-qualified retirement plans that restore various payments that are restricted under the GRP. Mr. Wulfsohn participated in the three other non-qualified retirement plans that restore various payments that are restricted under the GRP and is not eligible to participate in the SRP. Messrs. Thene and Heasley are not participants in the SRP or the three other non-qualified retirement plans.

SRP Calculation

The SRP pays a retirement benefit that normally supplements payments from the GRP, Social Security and all non-qualified defined benefit plans of the Company. The retirement benefit under the SRP is calculated similarly to the retirement benefit under the GRP, with three exceptions: (i) compensation for purposes of the SRP includes certain items of remuneration that are not included in compensation for purposes of the GRP; (ii) the SRP does not incorporate limitations on the amount of compensation taken into account under the GRP; and (iii) the SRP benefit is limited so that the sum of the participant's GRP benefit, Primary Social Security Benefit Amount, and non-contributory benefits from all non-qualified deferred compensation plans sponsored by the Company, plus any SRP

Table of Contents

benefit amount, cannot exceed 60% of a participant's average compensation plus ¼% for each year of service over 30 years. The SRP was closed to newly hired or rehired employees on and after July 1, 2010.

Other Non-Qualified Plan Calculations

In addition to the SRP, the Company has three non-qualified plans that restore benefits that (i) would have been payable under the GRP but for Internal Revenue Service (IRS) limits on the amount of compensation payable under a tax-qualified plan; or (ii) are lost under the GRP due to voluntary deferrals under Carpenter's non-qualified Deferred Compensation Plan for Officers and Key Employees (NQDCP). The EAP restores benefits not paid under the GRP because of limitations on the amount of compensation that may be considered under a tax-qualified plan (\$260,000 in 2014 and \$255,000 in 2013). The BEP restores benefits not paid under the GRP because of limitations on annual benefits that may be paid from a tax-qualified plan (\$210,000 in 2014 and \$205,000 in 2013). The Officer and Key Employees Supplemental Retirement Plan of Carpenter Technology Corporation (the OSRP) restores benefits not paid under the GRP due to voluntary deferrals under the NQDCP.

Non-Qualified Payments to Executive

All non-qualified payments to an executive or any beneficiary of an executive are conditioned upon the participant's separation of employment or (in some instances) on the occurrence of a Change in Control. The following paragraphs describe the eligibility and commencement timing for benefits under the SRP:

Full Pension: A participant is entitled to a full pension if (i) he or she separates from employment at or after age 62 after at least five years of service; or (ii) he or she retires at any age after at least 30 years of service. Such full pension is payable on or about the first day of the month following separation from employment.

Early Pension (payable immediately with age discount): A participant with a vested pension who separates from employment is eligible for an immediate annuity so long as the participant meets the following requirements: (i) attainment of age 55, having provided at least 10 years but fewer than 30 years of service; or (ii) attainment of age 60 having provided fewer than 10 years of service. The benefit that is payable is the benefit amount otherwise payable at age 62 discounted to account for the time during which benefits are paid prior to the participant reaching age 62. A disabled participant may commence receipt of early pension payments pursuant to the SRP at any age.

Deferred Vested Pension: A participant with a vested pension who separates from employment without being eligible for an immediate annuity as described above is entitled to a deferred vested pension, payable beginning in the first month following the participant's attainment of age 55 if the participant provided at least 10 years of service (with the benefit amount otherwise payable at age 65 discounted to account for the time during which benefits are paid prior to the participant reaching age 62) or age 60 if the participant provided fewer than 10 years of service (with the benefit amount otherwise payable at age 65 discounted to account for the time during which benefits are paid prior to the participant reaching age 65).

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

With respect to all of the non-qualified plans, payment of benefit amounts for Specified Employees, as defined under Internal Revenue Code Section 409A, are subject to a six-month delay from date of separation from service.

Form of Non-Qualified Pension Payments

Except when benefits become payable because of a Change in Control, the SRP pays a 15-year certain benefit to the executive or applicable beneficiary. Benefits under the other non-qualified defined benefit plans are generally paid in the form of an annuity. Participants may not elect a lump sum payment under any of the non-qualified defined benefit plans, although benefits are paid as a lump sum under the non-qualified plans if they become payable because of a Change in Control.

Eligibility of Named Executive Officers at June 30, 2014

Mr. Strobel is eligible for a Full Pension under each of the GRP, SRP and other non-qualified plans. No other NEO is yet eligible for a Full or Early Pension under the GRP, SRP or other non-qualified plans without special circumstances.

Table of Contents**Non-Qualified Defined Contribution Plan for Officers and Key Employees**

Under the NQDCP, a participant may defer an additional amount (beyond the amount deferred under a tax-qualified defined contribution plan), not to exceed 100% of base salary, plus all or a portion of bonuses earned under the EBCP. Under the NQDCP, the account established for a participant was credited for fiscal year 2014 with an employer contribution equal to 3% of the portion of a participant's base salary that exceeds the limitations set by the IRS on compensation that may be taken into account under the Savings Plans (\$260,000 in 2014 and \$255,000 in 2013) and such amounts vest immediately.

A participant's NQDCP account has the same investment options as those available under the Savings Plans, except that the NQDCP does not include the Standish Mellon Stable Value Fund or Carpenter stock investment options. While the NQDCP is intended to be an unfunded plan, benefits under the NQDCP may be payable from a trust established by the Company to assist in meeting the obligations of the NQDCP at stated times or on the occurrence of stated events, and a participant may elect distribution in a lump sum or annual installments (over either 10 or 15 years).

Fiscal Year 2014 Non-Qualified Deferred Compensation Table

Name	Executive Contributions in Last Fiscal Year (\$)	Registrant Contributions in Last Fiscal Year (1) (\$)	Aggregate Earnings in Last Fiscal Year (\$)	Aggregate Withdrawals / Distributions (\$)	Aggregate Balance at Last Fiscal Year-End (\$)

Table of Contents

Tax-Qualified Defined Contribution Pension Plans

Messrs. Wulfsohn, Strobel and Ziolkowski are participants under the Company's tax-qualified 401(k) plan that was closed to new hires and rehires of the Company and certain affiliates effective January 1, 2012 (the "Pre-2012 Savings Plan"). Under this plan, the account of every eligible participant is credited annually with an employer contribution of 3% of base salary (subject to IRS limits on the maximum compensation that may be taken into account for this purpose). The Pre-2012 Savings Plan does not provide for employer matching contributions. In addition, an eligible participant may contribute to his or her plan account up to an additional 100% of base salary (subject to the same IRS limit on maximum compensation that can be taken into account for such purposes). Participant contributions during a calendar year may not exceed an annual limit of \$17,500 for years 2013 and 2014, unless the participant is or will become age 50 or older during such calendar year, in which event the annual limit is \$23,000 for both years 2013 and 2014. The Pre-2012 Savings Plan allowed for immediate participation by all eligible employees hired prior to January 1, 2012 and immediate vesting of all contributions.

Messrs. Thene and Heasley are participants under Carpenter's tax-qualified 401(k) plan that is available to new hires and rehires of the Company and certain affiliates on or after January 1, 2012 (the "2012 Savings Plan") due to their hire dates in calendar year 2013. The 2012 Savings Plan credits the account of every eligible participant annually with an employer contribution of 3% of base salary and an employer matching contribution of up to 6% (subject to IRS limits on the maximum compensation that may be taken into account for this purpose). In addition, an eligible participant may contribute to his or her plan account up to an additional 100% of base salary (subject to the same IRS limit on maximum compensation that can be taken into account for such purposes). Participant contributions during a calendar year may not exceed an annual limit of \$17,500 for calendar years 2013 and 2014, unless the participant is or will become age 50 or older during such calendar year, in which event the annual limit is \$23,000 for years 2013 and 2014. The 2012 Savings Plan allows for immediate participation by all eligible employees hired on or after January 1, 2012 and immediate vesting of all contributions.

POTENTIAL PAYMENTS UPON TERMINATION OF EMPLOYMENT

The table presented in this section illustrates the benefits that would be payable to each of the NEOs in connection with a hypothetical termination of employment or Change in Control on the last day of our most recently completed fiscal year.

The table reflects that the Company's Stock-Based Incentive Compensation Plan provides, upon a Change in Control, for the waiver of performance and vesting conditions otherwise applicable to outstanding equity awards. For this purpose, "Change in Control" includes (i) acquisition by a person or group, during any time period, of more than 50% of the Company's outstanding common stock; (ii) acquisition by a person or group, during any 12 month period, of stock representing more than 35% of the combined voting power of the Company's then outstanding securities; (iii) change in the composition of the majority of the Board without the approval of the incumbent directors; or (iv) sale of 50% or more of the Company's assets.

The table also reflects that the Company has entered into a Special Severance Agreement with Mr. Wulfsohn. This agreement, in effect, converts into a three-year employment agreement only upon the occurrence of a Change in Control of the Company. For purposes of the Special Severance Agreement, "Change in Control" includes (i) acquisition by a person or group of more than 20% of the Company's outstanding common stock or more than 20% of the combined voting power of the Company's then outstanding securities; (ii) change in the composition of the majority of the Board without the approval of the incumbent directors; (iii) certain mergers, sales of assets or similar transactions where the Company's stockholders, determined immediately before the transaction, do not control the surviving entity; or (iv) stockholder approval of a liquidation or dissolution of the Company.

Following a Change in Control under the Special Severance Agreement for Mr. Wulfsohn, if his employment is terminated without cause or he resigns with good reason, in addition to any other rights or benefits to which he is entitled in the ordinary course, he will receive (i) a pro-rata target annual bonus for the year of termination; (ii) a lump sum severance payment equal to three times the sum of his base salary and target annual bonus; (iii) eighteen months of continued health and welfare benefits; (iv) up to twelve months of executive outplacement services; and (v) reimbursement of any reasonable legal fees incurred to enforce the Special Severance Agreement. The original term of this Special Severance Agreement is three years, and the term is automatically

Table of Contents

extended on each one-year anniversary date to again become three years from such anniversary date, unless Mr. Wulfsohn receives written notice from the Company sixty days prior to any such anniversary date that such term will not be extended.

The table also reflects that the Company has an Amended and Restated Change in Control Severance Plan under which Messrs. Thene, Heasley, Strobel and Ziolkowski are covered. For purposes of the Change in Control Severance Plan, "Change in Control" includes (i) acquisition by a person or group of more than 50% of the Company's outstanding common stock or more than 50% of the combined voting power of the Company's then outstanding securities; (ii) change in the composition of the majority of the Board without the approval of the incumbent directors; (iii) certain mergers, sales of assets or similar transactions where the Company's stockholders, determined immediately before the transaction, do not control the surviving entity; or (iv) stockholder approval of a liquidation or dissolution of the Company.

Following a Change in Control under the Change in Control Severance Plan, if the executive's employment is terminated without cause or he resigns with good reason, in addition to any other rights or benefits to which he is entitled in the ordinary course, he will receive (i) a lump sum severance payment equal to two times the sum of his base salary, one time his target annual bonus, plus six months of medical and prescription coverage; (ii) eighteen months of continued health and welfare benefits under COBRA; (iii) up to twelve months of executive outplacement services; and (iv) reimbursement of any reasonable legal fees incurred to enforce the Change in Control Severance Plan. The foregoing notwithstanding, benefits payable under the Change in Control Severance Plan will be reduced to the extent necessary to ensure that those benefits when added to any other payments, rights or benefits due to the executive in connection with the Change in Control, do not implicate the deductibility limitations of Section 280G of the Internal Revenue Code.

The table also reflects that the Company has an Executive Severance Plan under which Messrs. Thene, Heasley, Strobel and Ziolkowski are covered. In the event that an executive's employment is terminated without cause or he resigns with good reason in the absence of a Change in Control, he will receive (i) twelve months of base salary continuation; (ii) an annual cash bonus for the year of termination equal to actual salary paid multiplied by target multiplied by the actual attainment percentage; (iii) twelve months of continued health and welfare benefits under COBRA; and (iv) up to twelve months of executive outplacement services. Mr. Wulfsohn has a severance arrangement under a separate written agreement, which is discussed in the "Severance and Employment Arrangements" section of the CD&A.

Under Mr. Wulfsohn's employment agreement, if his employment is terminated without cause or he resigns with good reason in absence of a Change in Control, he will receive (i) eighteen months of base salary continuation; (ii) a pro-rata target annual bonus for the year of termination; (iii) eighteen months of continued health and welfare benefits under COBRA; (iv) up to twelve months of executive outplacement services; and (v) accelerated vesting of time-based equity incentives determined ratably on a monthly basis and considering an additional twelve months of service credit from the separation date for purposes of determining number of vested shares.

The table does not include benefits that are generally available to salaried employees on a non-discriminatory basis, previously vested stock awards, or benefits disclosed in the Pension Benefits Table and the Non-Qualified Deferred Compensation Plan Table to the extent payable in the ordinary course (i.e., without enhancement attributable to the severance event or Change in Control). The table in all cases assumes the termination event occurred on June 30, 2014 and values equity awards based on the per share closing price of the Company's common stock on that date (\$63.25). This table is intended only for illustrative purposes; the rights and benefits due to any executive upon an actual termination of employment or Change in Control can only be determined at the time of such event, based on circumstances then existing and arrangements then in effect.

(1) Values above the dotted line are attained at the time of a Change in Control with or without termination of employment. Values below the dotted line require a Change in Control and a subsequent severance event.

(2) The stock values are based on the terms of the Executive Stock Plan and would result from immediate vesting following separation from service due to death, Disability, Retirement, or a Change in Control. The value of stock option acceleration is reflected as the option spread of the award as of year-end.

(3) Values represent (i) two-thirds of the target performance opportunity in the case of death or Disability; and (ii) one hundred percent of the target performance opportunity in the case of a Change in Control.

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

Table of Contents

(4) Values represent (i) one-third of the maximum target performance opportunity in the case of death or Disability; and (ii) one hundred percent of the target performance opportunity in the case of Change in Control.

(5) Mr. Wulfsohn has a separate written severance arrangement with the Company. If Mr. Wulfsohn is terminated by the Company for other than cause or he resigns with good reason, he will receive (i) 18 months of base salary continuation; (ii) a pro-rated target annual bonus for the year of termination; (iii) 18 months continuation of health and welfare benefits under COBRA; and (iv) reasonable outplacement services for a period of 12 months. The pro-rated target annual bonus is not applicable for the hypothetical terminations shown in this table and, therefore, is not included in the values shown. Mr. Wulfsohn is entitled to accelerated vesting of time-based equity incentives determined ratably on a monthly basis and considering an additional twelve months of service credit from separation date for purposes of determining number of vested shares. Such accelerated vesting is not shown in the table below, but is separately stated in the main table above. The values of the described benefits are as follows:

Named Executive	Base Salary	Benefit Continuation	Outplacement	Total
William A. Wulfsohn	\$1,350,000	\$27,144	\$20,000	\$1,397,144

(6) On June 29, 2010, the Board of Directors approved an Executive Severance Plan, effective July 1, 2010, to create a standard practice of addressing executive severance in certain circumstances. Messrs. Thene, Heasley, Strobel and Ziolkowski are subject to the provisions of this plan. Details of the Executive Severance Plan are summarized above. The values of the described benefits are as follows:

Named Executive	Base Salary	Benefit Continuation	Outplacement	Total
Tony R. Thene	\$451,500	\$26,196	\$20,000	\$497,696
Gary E. Heasley	\$370,000	\$18,096	\$20,000	\$408,096
David L. Strobel	\$382,954	\$18,096	\$20,000	\$421,050
Andrew T. Ziolkowski	\$381,100	\$18,096	\$20,000	\$419,196

(7) Mr. Wulfsohn has a separate written Change in Control Agreement with the Company. In the event of a termination by the Company without cause or a resignation with good reason following a Change in Control, the total value of the severance package for Mr. Wulfsohn consists of three times base salary plus three times annual cash (EBCP) target bonus, 18 months continuation of medical and prescription benefits, and outplacement services for one year. The values of the described benefits are as follows:

Named Executive	Base Salary and Bonus	Benefit Continuation	Outplacement	Total
William A. Wulfsohn	\$6,075,000	\$27,144	\$20,000	\$6,122,144

(8) Effective September 1, 2010, the Board of Directors approved an Amended and Restated Change in Control Severance Plan. Messrs. Thene, Heasley, Strobel and Ziolkowski are subject to the Change in Control Severance Plan, the details of which are summarized in this section. The values of the described benefits are as follows:

Named Executive	Base Salary and Bonus	Benefit Continuation	Outplacement	Total
Tony R. Thene	\$1,354,500	\$53,000	\$20,000	\$1,427,500
Gary E. Heasley	\$1,110,000	\$36,800	\$20,000	\$1,166,800
David L. Strobel	\$1,148,862	\$36,800	\$20,000	\$1,205,662
Andrew T. Ziolkowski	\$1,143,300	\$36,192	\$20,000	\$1,199,492

Messrs. Heasley and Thene are the only NEOs subject to cut back provisions with aggregate parachute values, consisting of payments or distributions payable pursuant to the Change in Control Severance Plan or otherwise, that exceed the threshold amount that would subject them to the excise tax under IRC Section

Table of Contents

4999. Pursuant to the terms of the Change in Control Severance Plan, Messrs. Heasley and Thene would have their severance benefits cut back by \$642,250 and \$66,514, respectively, so that they would not be subject to the excise tax. The amounts shown in this footnote and in the main table above reflect the full value of their respective severance benefits before applying the cut back.

AUDIT/FINANCE COMMITTEE REPORT

The Audit/Finance Committee is comprised of five members, each of whom has been determined by the Board to be an Independent Director under applicable rules or other requirements of the NYSE and the SEC with respect to qualification of members of an audit committee. Each member is financially literate as required by NYSE standards, and each of Messrs. C. Anderson, Jr., Inglis and McMaster qualifies as an audit committee financial expert under applicable SEC standards. The Audit/Finance Committee functions pursuant to a written charter that was adopted, and is reviewed annually, by the Board. A copy of the charter is posted on Carpenter's website at www.cartech.com.

The Audit/Finance Committee is charged with a number of responsibilities, including appointing the independent registered public accounting firm to be retained to audit Carpenter's consolidated financial statements and recommending to the Board with respect to the inclusion of such financial statements in the Company's Annual Report on Form 10-K and quarterly reports on the Company's Form 10-Q. The Audit/Finance Committee is also responsible for approving any non-audit services to be provided by the independent registered public accounting firm, and more generally for reviewing the adequacy of Carpenter's financial reporting and internal controls over financial reporting, the integrity of the financial statements of the Company, and the independence and performance of Carpenter's independent registered public accounting firm.

Management is primarily responsible for the preparation, presentation and integrity of Carpenter's financial statements; establishing, maintaining and evaluating the effectiveness of disclosure controls and procedures; establishing, maintaining and evaluating the effectiveness of internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting.

The independent registered public accounting firm is responsible for performing an independent audit of Carpenter's financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles, as well as expressing an opinion on the effectiveness of Carpenter's internal control over financial reporting.

In discharging its responsibilities, the Audit/Finance Committee reviewed and discussed with management and Carpenter's independent registered public accounting firm, PricewaterhouseCoopers LLP, Carpenter's audited financial statements for fiscal year 2014, and the financial schedules thereto, and the report of PricewaterhouseCoopers LLP thereon. The Audit/Finance Committee also discussed other matters with PricewaterhouseCoopers LLP such as the quality (in addition to acceptability), clarity, consistency and completeness of Carpenter's financial reporting, as required by U.S. Auditing Standards Section AU380, Communication with Audit Committees.

The Audit/Finance Committee met with management periodically during fiscal year 2014 to consider the adequacy of Carpenter's internal controls, and discussed these matters and the overall scope and plans for the audit with PricewaterhouseCoopers LLP. The Audit/Finance Committee also discussed with senior management and PricewaterhouseCoopers LLP Carpenter's disclosure controls and procedures and the certifications by Carpenter's CEO and CFO, pursuant to applicable requirements of the SEC under the Sarbanes-Oxley Act of 2002. In particular, the Audit/Finance Committee was kept apprised by senior management of the progress of the evaluation of Carpenter's system of

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

internal control over financial reporting and provided oversight and advice to management during the process. In connection with such oversight, the Audit/Finance Committee received periodic updates provided by senior management and PricewaterhouseCoopers LLP at several meetings during the year. At the conclusion of the process, senior management provided the Audit/Finance Committee with, and the Audit/Finance Committee reviewed, a report on the effectiveness of Carpenter's internal control over financial reporting. The Audit/Finance Committee also reviewed the report of PricewaterhouseCoopers LLP on Carpenter's internal control over financial reporting.

Table of Contents

The Audit/Finance Committee has considered the compatibility of the provision of non-audit services with the independent registered public accounting firm's maintenance of independence and has received from PricewaterhouseCoopers LLP written disclosures and a letter concerning the firm's independence from Carpenter, as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. These disclosures have been reviewed by the Audit/Finance Committee and discussed with PricewaterhouseCoopers LLP.

Based on the reviews and discussions described in this report, the Audit/Finance Committee has recommended to the Board that Carpenter's audited consolidated financial statements be included in Carpenter's 2014 Annual Report on Form 10-K for filing with the SEC.

This report is respectfully submitted by the Audit/Finance Committee of the Board of Directors.

I. Martin Inglis, Chair

Robert R. McMaster

Carl G. Anderson, Jr.

PROPOSAL NO. 2

APPROVAL OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit/Finance Committee, acting pursuant to delegated authority in its charter from the Board of Directors, has selected PricewaterhouseCoopers LLP (PwC), subject to approval by the stockholders at the Annual Meeting, to be appointed by the Company to serve as its independent registered public accounting firm for fiscal year 2015. In such capacity, PwC would be engaged to audit and report upon the Company's financial statements and the Company's internal controls over financial reporting for the fiscal year 2015. PwC, or one of its predecessor firms, has served as the independent registered public accounting firm of Carpenter since 1918. The Audit/Finance Committee and the Board of Directors believe PwC is well qualified to act in this capacity.

Vote Required for Approval

The affirmative vote of a majority of the votes cast is required to approve the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm.

THE BOARD OF DIRECTORS AND ITS AUDIT/FINANCE COMMITTEE RECOMMENDS THAT YOU VOTE FOR THIS PROPOSAL NO. 2 TO APPROVE THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR 2015

A representative of PwC is expected to be present at the Annual Meeting of Stockholders. The representative will have an opportunity to make a statement and be available to respond to appropriate questions.

Audit Fees

The aggregate fees billed by PwC for professional services rendered for the annual audit of the Company's consolidated financial statements and internal controls over financial reporting for the fiscal year 2014, the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q, audit and attestation services related to statutory or regulatory filings required by certain foreign locations, issuance of comfort letters and review of registration statements, were \$1,349,250 compared to \$1,258,550 for fiscal year 2013.

Audit-Related Fees

PwC billed \$18,000 in audit-related fees in fiscal year 2014 compared to \$25,000 in fiscal year 2013. In fiscal year 2014, these fees principally related to accounting consultations in connection with the Company's compliance with reporting and disclosure requirements associated with Conflict Minerals.

Tax Fees

The aggregate fees billed by PwC for tax services were \$499,000 for fiscal year 2014, compared to \$645,000 in fiscal year 2013. Fees in fiscal year 2014 were primarily for domestic and international tax compliance services, and other tax projects.

All Other Fees

The aggregate fees billed by PwC for all other services were \$2,600 in fiscal year 2014 compared to \$8,100 in fiscal year 2013. These services are for subscriptions to certain PwC reference tools.

Table of Contents

Pre-Approval Policies and Procedures for Audit and Non-Audit Services

Statement of Policy

The Audit/Finance Committee is required to pre-approve the audit and non-audit services performed by the Company's independent auditor to assure that such services do not impair the auditor's independence. Specific pre-approval by the Audit/Finance Committee is required before the service is provided. Requests or applications to provide services that require approval by the Audit/Finance Committee are submitted to the Audit/Finance Committee by the Company's Chief Financial Officer.

Delegation

The Audit/Finance Committee delegates authority to the Chairman of the Committee to pre-approve requests for services that were not approved at a scheduled meeting of the Audit/Finance Committee. The Chairman reports any pre-approval decisions to the Audit/Finance Committee at its next scheduled meeting. All services, regardless of fee amounts, are subject to restrictions such that the services will not impair the independence of the auditor. In addition, all fees are subject to ongoing monitoring by the Audit/Finance Committee.

Audit Services

The annual audit services engagement terms and fees are subject to the specific pre-approval of the Audit/Finance Committee. Any changes in terms, conditions and fees resulting from changes in audit scope are approved by the Audit/Finance Committee. In addition to the annual audit services engagement approved by the Audit/Finance Committee, the Audit/Finance Committee may grant pre-approval for other audit services, which are those services that only the independent auditor reasonably can provide.

Audit-Related Services

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and that are traditionally performed by the Company's independent auditor. The Audit/Finance Committee believes that the performance of audit-related services does not impair the independence of the auditor.

Tax Services

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

The Audit/Finance Committee believes that the independent auditor can provide tax services to the Company such as domestic and international tax consulting and compliance services, without impairing the auditor's independence.

All Other Services

The Audit/Finance Committee may grant pre-approval to those permissible non-audit services classified as all other services that it believes are routine and recurring services, and would not impair the independence of the auditor.

PROPOSAL NO. 3

ADVISORY VOTE TO APPROVE THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS

The Dodd-Frank Act enables the stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our NEOs as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the SEC, including the CD&A, the Compensation Tables and any related material.

As described in detail under the headings "Compensation Discussion and Analysis" and "Executive Compensation", our executive compensation programs are designed to provide compensation levels benchmarked to attract, motivate and retain exceptional managerial talent for the present and future, to reward them for achieving financial and strategic company goals and to align their interests with the interests of stockholders. The Company believes that the compensation of its NEOs is reasonable, competitive and strongly focused on pay for performance principles. The Company emphasizes compensation opportunities that appropriately reward executives for delivering financial results that meet or exceed pre-established goals, and executive compensation varies depending upon the achievement of those goals. Through stock ownership requirements and equity incentives, the Company also aligns the interests of its executive officers with those of stockholders and the long-term interests of the Company. The Company believes that the policies and procedures articulated in the "Compensation Discussion and Analysis" and "Executive Compensation" sections of this Proxy Statement are effective in achieving the Company's goals and that the executive compensation reported in this Proxy Statement was appropriate and aligned with fiscal year 2014 results. Please read the "Compensation Discussion and Analysis" and "Executive Compensation" sections of this Proxy Statement for additional details about the Company's executive compensation programs and compensation of the NEOs in fiscal year 2014.

The Human Resources Committee continually reviews the compensation programs for our NEOs to ensure that they achieve the desired goal of offering total compensation consisting of base salary competitive with an identified peer group of companies and incentive opportunities that are performance-oriented and linked to the interests of stockholders. The Company is asking the stockholders to indicate their support for our NEO compensation as described in this Proxy Statement. This proposal, commonly known as a "Say-On-Pay" proposal, gives our stockholders the opportunity to express their views on our NEO compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement. Accordingly, the Company will ask the stockholders to vote FOR the following resolution at the Annual Meeting of Stockholders:

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE TO APPROVE, ON AN ADVISORY BASIS, THE COMPENSATION OF THE NEOs AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SEC, INCLUDING THE CD&A, THE COMPENSATION TABLES AND ANY RELATED MATERIAL DISCLOSED IN THIS PROXY STATEMENT.

The Say-On-Pay vote is advisory, and therefore not binding on the Company, the Human Resources Committee or the Board of Directors. The Board of Directors and the Human Resources Committee value the opinions of the stockholders and to the extent there is any significant vote against the NEO compensation as disclosed in this Proxy Statement, the Company will consider the stockholders' concerns and the Human Resources Committee will evaluate whether any actions are necessary to address those concerns.

Table of Contents

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding", potentially means extra convenience for stockholders and cost savings for companies.

Some banks, brokers and other nominee record holders may follow the practice of sending only one copy of Carpenter's Proxy Statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Carpenter will promptly deliver a separate copy of the document to you if you request one by writing or calling as follows: Corporate Secretary at Carpenter Technology Corporation, P.O. Box 14662, Reading, PA 19612-4662, telephone 610-208-2601. If you want to receive separate copies of the Proxy Statement in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker or other nominee record holder, or you may contact the Company at the above address and phone number.

OTHER MATTERS

The Board of Directors is not aware of any matters to be presented at the Annual Meeting other than those set forth in this Proxy Statement. If any other business is properly brought before the Annual Meeting of Stockholders or any postponement or adjournment thereof, it is the intention of the proxy holders to vote on the proxy on such business in accordance with their judgment.

WHERE YOU CAN FIND MORE INFORMATION

The Company files annual, quarterly and current reports, proxy statements and other information with the SEC. You may read and copy any reports, statements or other information that the Company files with the SEC at the SEC public reference room at the following location: Public Reference Room, 100 F Street, N.E., Room 1580, Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the public reference room. These SEC filings are also available to the public from commercial document retrieval services and at the website maintained by the SEC at www.sec.gov.

UPON REQUEST OF ANY STOCKHOLDER, A COPY OF CARPENTER'S ANNUAL REPORT ON FORM 10-K FOR THE FISCAL YEAR ENDED JUNE 30, 2014, INCLUDING A LIST OF THE EXHIBITS THERETO, MAY BE OBTAINED, WITHOUT CHARGE, BY WRITING TO CARPENTER'S CORPORATE SECRETARY AT CARPENTER TECHNOLOGY CORPORATION, P.O. BOX 14662, READING, PA 19612-4662.

By order of the Board of Directors,

William A. Wulfsohn
President and Chief Executive Officer
