The net operating losses of \$ 10,681,117.00 will begin to expire in 2013.

It is management's plan to raise additional capital through debt or a private placement.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF PLAN OF OPERATIONS

The Registrant was incorporated on September 21, 1998, in the state of Nevada under the name BuckTV.com, Inc. BuckTV.com, Inc. was incorporated to transact any lawful business. The Company originally hoped to develop a genetically engineered type of Pima cotton seed with a gene that contains a virus fatal to the pink bollworm, a leaf-munching pest that can destroy cotton fields. The Company's initial test results were not positive, and the Company subsequently changed management and control of its stock to a different group.

Under its new name, BuckTV.com, Inc., the new management and ownership of the Company has developed a new principal business strategy for the Company to market consumer products through an Interactive WEB site, based on an auction format, utilizing the talents and abilities of Mr. Buck Hunter, a major shareholder in, and a Director of, the Company, who is also a well-known radio and television personality.

This WEB site will be promoted through the Cable Radio Network, various search engines, through other Web sites, marketing its site to businesses/customers through e-mail, online media, and other marketing and promotional efforts.

There can be no assurance that brand promotion activities will yield increased revenues or that any such revenues would offset the expenses incurred by the Company in building its brands. Further, there can be no assurance that any new users attracted to BuckTV will conduct transactions over BuckTV.com on a regular basis. If the Company fails to promote and maintain its brand or incurs substantial expenses in an attempt to promote and maintain its brand or if the Company's existing or future strategic relationships fail to promote the Company's brand or increase brand awareness, the Company's business, results of operations and financial condition would be materially adversely affected.

Going Concern -

The Company's financial statements are prepared using generally accepted accounting principles applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. However, the Company has no current source of revenue. Without realization of additional capital, it would be unlikely for the Company to continue as a going concern.

Unclassified Balance Sheet - In accordance with the provisions of SFAS No.53, the Company has elected to present an unclassified balance sheet.

Edgar Filing: BUCKTV COM INC - Form 10QSB

Loss/Earnings Per Share - Earnings per share is computed using the weighted average number of shares of common stock outstanding.

The Company has not pursued or explored any opportunities for an acquisition or merger. This does not preclude that the Company may not explore any opportunities in the future.

Results of Operations

As of September 30, 2002, being a developmental stage Company, the Company has yet to generate any revenues. In addition, the Company does not expect to generate any significant revenues over the next approximately six (6) months. During the Third Quarter, the Company experienced net loss \$215.00 as compared to a net loss of \$5,468,641 for the same period last year. The bulk of these expenses were for setting up offices in both Colorado and Nevada, along with general and administrative costs, accounting purposes, establishing the Company's website, and filing fees. The Company does not have any material commitments for capital expenditures.

Plan of Operation

The Company has not achieved revenues or profitability to date, and the Company anticipates that it will continue to incur net losses for the foreseeable future. The extent of these losses will depend, in part, on the amount of growth in the Company's revenues from sales of its products, and possibly from advertising revenues on its Web site. As of September 30, 2002, the Company had an accumulated deficit of Ten million six hundred eighty-one thousand one hundred seventeen (\$10,681,117) dollars. The Company expects that its operating expenses will decrease significantly during the next several months, especially in the areas of sales and marketing, and brand promotion. Thus, the Company will need to generate increased revenues to achieve profitability. To the extent that increases in its operating expenses precede or are not subsequently followed by commensurate increases in revenues, or that the Company is unable to adjust operating expense levels accordingly, the Company's business, results of operations and financial condition would be materially and adversely affected. There can be no assurances that the Company can achieve or sustain profitability or that the Company's operating losses will not increase in the future.

Liquidity and Capital Resources

The Company's primary sources of liquidity since its inception have been the sale of shares of common stock from shareholders, which were used during the period from inception through September 30, 1999. An original stock offering was made pursuant to Nevada Revised Statutes Chapter 90.490 (hereinafter referred to as the "Offering"). This Offering was made in reliance upon an exemption from the registration provisions of Section 5 of the Securities Act of 1993 (the "Act"), as amended, pursuant to Regulation D, Rule 504 of the Act. On September 22, 1998, the Company's founding shareholder purchased 3,000,000 shares of the company's authorized but unissued treasury stock for cash and assets. Additionally, the Company sold Thirty-eight Thousand Three Hundred Sixty Dollars (\$38,360) or Seven Hundred Sixty-seven Thousand Two Hundred (767,200) shares of the Common Stock of the Company during the Offering to approximately fifty-six (56) shareholders in the State of Nevada. The offering was closed February 28, 1999. From January 1, 2000 to

Page Eleven

December 31, 2000 the Company has also issued Two Million Nine Hundred Ten Thousand (2,910,000) for shares of its common stock for services to be rendered by the recipients. These shares were registered by S-8 filings and were

Edgar Filing: BUCKTV COM INC - Form 10QSB

valued at the market value at or near the time issued. From January 1, 2000 to December 31, 2000, the Company also issued Sixteen Million One Hundred Twenty-four Thousand and Seven Hundred and Twenty (16,124,720) shares of restricted common stock for services to be rendered. From January 1, 2001 to December 31, 2001, the company issued Thirty seven million fifteen thousand shares of its common stock for services to be rendered by the recipients. These shares were registered by S-8 filings and were valued at the market value at or near the time issued. The Company issued Twelve million five hundred thousand shares on April 11, 2001 for cash. The Company also issued Twelve million five hundred thousand shares on May 15, 2001 for cash. As of September 30, 2002, the Company has ninety-four million four hundred eighteen thousand three hundred fifty three (91,418,353) shares of its \$0.001 par value common voting stock issued and outstanding which are held by approximately nine hundred twelve (912) shareholders of record, which includes the founder shares.

On March 21, 2002, the company entered into an agreement with a website developer which granted options to purchase Eighteen million shares of the companies common stock. The options are contingent on revenue levels being generated by the website. In September of 2002, the agreement was terminated, the options canceled and one million shares of common stock were returned to the company and cancelled. The Company currently has one (1) employees: one resident. If the company can develop its interactive website, at that time the Company will either consider adding more employees, or subcontracting for additional employees.

The Company has no material commitments for capital expenditures nor does it foresee the need for such expenditures over the next year.

Market For Company's Common Stock

Until November 2, 1999, there was no public trading market for the Company's stock. On that day the Company's common stock was cleared for trading on the OTC Bulletin Board system under the symbol OLRM. When the Company changed its name to BuckTV.com, it was issued the new trading symbol BKTV by the NASD. (See Item 4 below: "Submission of Matters to a vote of Securities Holders.") A very limited market exists for the trading of the Company's common stock.

Dividend Policy

The Company has not yet adopted any policy regarding payment of dividends. Holders of common stock will ultimately be entitled to receive such dividends as the board of directors may from time to time declare out of funds legally available for the payment of dividends. No dividends have up to now been paid on our common stock, and we do not anticipate paying any dividends on our common stock in the foreseeable future.

Edgar Filing: BUCKTV COM INC - Form 10QSB

made by the Company in light of its experience and its perception of historical trends, current conditions and expected future developments as well as other factors it believes are appropriate in the circumstances. However, whether actual results or developments will conform with the Company's expectations and predictions is subject to a number of risks and uncertainties, general economic market and business conditions; the business opportunities (or lack thereof) that may be presented to and pursued by the Company; changes in laws or regulation; and other factors, most of which are beyond the control of the Company.

This Form 10-QSB contains statements that constitute "forward-looking statements." These forward-looking statements can be identified by the use of predictive, future-tense or forward-looking terminology, such as "believes," "anticipates," "expects," "estimates," "plans," "may," "will," or similar terms. These statements appear in a number of places in this Registration and include statements regarding the intent, belief or current expectations of the Company, its directors or its officers with respect to, among other things: (i) trends affecting the Company's financial condition or results of operations for its limited history; (ii) the Company's business and growth strategies; (iii) the Internet and Internet commerce; and, (iv) the Company's financing plans. Investors are cautioned that any such forward-looking statements are not guarantees of future performance and involve significant risks and uncertainties, and that actual results may differ materially from those projected in the forward-looking statements as a result of various factors.
