ITEM 2.01. COMPLETION OF ACQUISITION OR DISPOSITION OF ASSETS

On December 20, 2004, Flotek Industries, Inc., (“Flotek”) and the shareholders of Spidle Sales & Service, Inc. (“Spidle”) entered into a stock purchase agreement pursuant to which Flotek agreed to purchase all of the outstanding stock of Spidle. On February 14, 2005 (the “Closing Date”), Flotek completed the purchase and Spidle became a wholly-owned subsidiary of Flotek effective January 1, 2005 for financial accounting purposes. The aggregate purchase price was \$8.075 million. Consideration for the purchase was comprised of \$6.1 million cash, \$1.275 million notes payable to the sellers, and 129,271 shares of Flotek common stock valued at the weighted average closing price for the 10 days prior to the Closing Date. The acquisition was approved by unanimous consent of our Board of Directors on November 11, 2004.

The seller notes bear a fixed 6% interest rate and are amortized over three years. A portion of the common stock issued to the sellers is subject to a collar provision which allows Flotek to repurchase 35,000 shares of common stock at \$5.42 on the two year anniversary of the Closing Date. On the Closing Date, Flotek entered into employment contracts with key individuals at Spidle.

The acquisition was partially financed with a \$13 million senior credit facility from Wells Fargo Commercial Banking in Houston. The senior credit facility is comprised of \$8 million in term loans and a \$5 million revolving credit facility. Initial borrowings under this facility were used to finance the acquisition of Spidle and repay Flotek’s existing senior credit facility. In addition to significantly increasing the Company’s working capital availability, Flotek’s senior borrowing rates were reduced approximately 300 basis points as a result of the new financing.

Spidle (www.spidle.com) is a downhole tool company with rental, sales, and manufacturing operations throughout the Rocky Mountains. Spidle serves both the domestic and international downhole tool markets with a customer base extending into Canada, Mexico, South America, Europe, Asia and Africa. Spidle operates in the energy, mining, water well and industrial drilling sectors. Spidle will be merged with Turbeco, Inc. into Flotek's Drilling Products segment.
