Item 1.01. Entry Into a Material Definitive Agreement.

Fannie Mae Credit Facility

On December 31, 2008, Education Realty Trust, Inc. (the “Company”), through 13 wholly-owned special purpose entities, closed on a new \$222 million secured credit facility with Red Mortgage Capital, Inc., a Fannie Mae DUS(R) lender. The Company has the ability to expand the facility up to \$300 million, provided certain conditions are met.

The Company has drawn approximately \$198 million in initial loans under the facility which was used to retire approximately \$185 million of secured first mortgage debt that was due to mature in July 2009. The remaining proceeds will be used to, reduce its corporate revolving credit facility, and provide for other corporate working capital needs.

The initial loans consist of fixed rate loans of approximately \$16 million, \$72 million, and \$60 million with maturities of five, seven, and ten-year terms, respectively. The average annual fixed interest rate is approximately 6.01%. The facility also provided five-year variable interest rate loans based on 30-day LIBOR totaling approximately \$50 million. The variable loans are currently priced at 3.82% per annum.

The obligations under the new facility are secured by cross-collateralized first priority mortgages on 13 of the Company’s student housing communities. In addition, the nonrecourse loans are subject to standard nonrecourse carveouts, which are guaranteed by the Company and Education Realty Operating Partnership, LP (the “Operating Partnership”).

The loans may be accelerated at the option of the lender upon the occurrence of an event of default under the terms of the facility including, without limitation, the failure to pay amounts due or filing of bankruptcy proceedings.

The amount available to the Company and the Company’s ability to borrow from time to time under this facility is subject to certain conditions and the satisfaction of specified financial covenants, which include limiting distributions to the Company’s stockholders.

Extension of \$100 Million Revolving Credit Facility

On January 5, 2009, the Company announced that it received an extension of its \$100 million secured revolving credit facility with KeyBank National Association. Pursuant to this extension, the revolving credit facility will mature on March 30, 2010. All other terms and conditions of the revolving credit facility remain the same. At December 31, 2008, there was approximately \$33 million borrowed under the revolving credit facility. The interest rate per annum applicable to the revolving credit facility is, at the Operating Partnership’s option, equal to a base rate or LIBOR plus an applicable margin based upon our leverage. At December 31, 2008, the weighted average interest rate under the revolving credit facility was 2.78%.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth in Item 1.01 is incorporated herein by reference.

The dividend will be payable February 16, 2009, to stockholders of record as of January 30, 2009.
