Item 1.01 Entry into a Material Definitive Agreement

On November 9, 2010, American Power Group, Inc. (“APG”), a wholly owned subsidiary of GreenMan Technologies, Inc. (the “Company”), entered into \$2,000,000 working capital line of credit (the “Credit Facility”) with Iowa State Bank (the “Lender”). The Credit Facility refinances approximately \$800,000 of prior borrowings by APG from the Lender. The maximum amount APG may borrow from time to time under the Credit Facility is the lesser of (i) \$800,000, until such time as the Company raises additional equity capital, at which time the borrowing limit will be increased by \$1.00 for each \$1.50 of capital raised; (ii) \$2,000,000; and (iii) the sum of 50% of the value of APG’s eligible inventory and 70% of APG’s eligible accounts receivable.

The Credit Facility expires on December 1, 2011, and bears interest on any outstanding amounts at the rate of 7% per year.

APG’s obligations under the Credit Facility are secured by the grant of a first priority security interest in all of APG’s assets. In addition, the Company has guaranteed APG’s obligations, and has secured that guarantee by (i) granting to the Lender a security interest in a \$300,000 certificate of deposit and certain additional collateral and (ii) agreeing to issue to the Lender, as additional collateral, 2,000,000 shares of the Company’s common stock. Such shares of common stock will be returned to the Company, without consideration, at such time as all obligations under the Credit Facility have been satisfied and the Lender has no further obligations to make advances under the Credit Facility.

Amounts borrowed under the Credit Facility are subject to acceleration upon certain events of default, including: (i) any failure to pay when due any amount owed under the Credit Facility; (ii) any failure to keep the collateral insured; (iii) any default under any of the documents related to the Credit Facility; (iv) any attempt by any other creditor of APG or the Company to collect any indebtedness of APG or the Company through court proceedings; (v) any assignment for the benefit of creditors by APG or the Company, or the insolvency of either APG or the Company; (vi) the institution of certain bankruptcy proceedings by or against APG or the Company; (vii) any breach by APG or the Company of any covenant in the documents related to the Credit Facility; and (viii) any other occurrence that either significantly impairs the value of the collateral or causes the Lender to reasonably believe that the Lender will have difficulty collecting the amounts borrowed under the Credit Facility.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement of a Registrant

Item 3.02 Unregistered Sales of Equity Securities

In connection with the Credit Facility described in Item 1.01 above, the Company has agreed to issue to the Lender, as additional collateral, 2,000,000 shares of the Company’s common stock. The issuance of these shares is exempt from registration under the Securities Act of 1933, as amended, pursuant to an exemption provided by Section 4(2) of the Securities Act.
