Non-GAAP net income, earnings per share and EBITDA for the three and twelve month periods ended December 31, 2006 exclude non cash stock option expenses in an amount of \$0.6 million and \$3.8 million respectively, which are not included in the comparable periods of 2005.

Gilat's Chief Executive Officer and Chairman of the Board Amiram Levinberg said, We concluded a strong year on both the financial and business fronts. This is our fifth consecutive quarter of improved financial results. We've successfully entered the business continuity market in the US. Internationally, we expanded across the communication value chain by winning significant turnkey projects such as: Telefonica Brazil, Russia Post, and Angola Telecom. We also enhanced our offering to include cellular backhaul solutions.

## Edgar Filing: GILAT SATELLITE NETWORKS LTD - Form 6-K

We see growth opportunities in our existing markets driven mainly by universal service projects in emerging markets and business continuity in developed countries. In 2007, we plan to enter into new government segments and add broadband wireless access solutions to our product portfolio.

### Recent Announcements

Gilat's SkyAbis CDMA2000 will provide the satellite backhaul for the network of a leading African telecommunications operator. The operator plans to install more than 150,000 fixed phone lines overall, based on a variety of backhaul technologies.

Telekom Serbia, the incumbent telecom carrier in Serbia, will deploy Gilat's SkyEdge broadband satellite hub and several hundred VSATs to serve its residential and corporate customers. To meet its Universal Service Obligation (USO) requirements, Telekom Serbia will deploy SkyEdge VSATs at remote community centers throughout Serbia to provide citizens with reliable telephony, fax and broadband Internet access.

Gilat completes public offering of its shares at a share price of \$8.50. 5,016,667 shares were sold by Gilat and 3,033,333 shares were sold by a selling shareholder, including an over-allotment which was exercised in full. Gross proceeds from the offering totaled approximately \$68 million, and net proceeds to Gilat from the offering were approximately \$40 million.

Gilat has been selected to provide a network of 8,800 SkyEdge VSATs to support the middle-school phase of the Mexican Ministry of Education's (SEP) Enciclomedia program.

Gilat's Spacenet Inc. subsidiary, signed a five-year enterprise networking services contract extension with Sunoco, a leading manufacturer and marketer of petroleum and petrochemical products. As part of the agreement, Spacenet is providing upgraded satellite networking and managed services at approximately 900 company-owned retail stores across the United States.

### Safe Harbor:

Certain statements made herein that are not historical are forward-looking within the meaning of the Private Securities Litigation Reform Act of 1995. The words "estimate", "project", "intend", "expect", "believe" and similar expressions are intended to identify forward-looking statements. These forward-looking statements involve known and unknown risks and uncertainties. Many factors could cause the actual results, performance or achievements of Gilat to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements, including, among others, changes in general economic and business conditions, inability to maintain market acceptance to Gilat's products, inability to timely develop and introduce new technologies, products and applications, rapid changes in the market for Gilat's products, loss of market share and pressure on prices resulting from competition, introduction of competing products by other companies, inability to manage growth and expansion, loss of key OEM partners, inability to attract and retain qualified personnel, inability to protect the Company's proprietary technology and risks associated with Gilat's international operations and its location in Israel. For additional information regarding these and other risks and uncertainties associated with Gilat's business, reference is made to Gilat's reports filed from time to time with the Securities and Exchange Commission.

### Notes:

(1) The attached summary financial statements were prepared in accordance with U.S. GAAP. The attached summary financial statements for Q4 2006 are unaudited. To supplement the consolidated financial statements presented in accordance with GAAP, the Company presents Gilat's net income, EBITDA and earnings per diluted share, before the share-based payment charge, which is the non-cash stock option expense as per SFAS 123 (R). This non-GAAP presentation of net income, EBITDA and earnings per share is provided to enhance the understanding of the Company's historical financial performance and comparability between periods.

(2) Operating income (loss) before depreciation, amortization, non cash stock option expenses as per SFAS 123(R) and exceptional items, (EBITDA) is presented because it is a measure commonly used and is presented solely in order to improve the understanding of the Company's operating results and to provide further perspective on these results. EBITDA, however, should not be considered as an alternative to operating income (loss) or net income (loss) for the period as an indicator of the operating performance of the Company.

Similarly, EBITDA should not be considered as an alternative to cash flows from operating activities as a measure of liquidity. EBITDA is not a measure of financial performance under generally accepted accounting principles and may not be comparable to other similarly titled measures for other companies. EBITDA may not be indicative of the historic operating results of the Company; nor is it meant to be predictive of potential future results. Reconciliation between the Company's Operating income (loss) and EBITDA is presented in the attached summary financial statements.
