The preliminary profit statement is published pursuant to Listing Rule 9.35 of the MFSA Listing Authority and Article 4 (2) (b) of the Prevention of Financial Markets Abuse (Disclosure and Notification) Regulations, 2005. Figures have been extracted from HSBC Bank Malta p.l.c.'s Annual Report and Accounts which have been audited by KPMG.

These financial statements have been prepared and presented in accordance with the provisions of the Banking Act, 1994 and the Companies Act, 1995 which requires adherence to International Financial Reporting Standards.

Overview

During the year ended 31 December 2007, HSBC Bank Malta p.l.c. and its subsidiaries generated a profit on ordinary activities before tax of Lm49.2 million (EUR114.7 million), an increase of Lm7.8 million (EUR18.3 million) or 19.0 per cent, compared to 2006.

Profit attributable to shareholders was Lm32.8 million (EUR76.4 million), an increase of Lm6.0 million (EUR13.9 million) or 22.2 per cent over prior year figures.

Earnings per share increased to 11.2 cents (EUR0.262) from a 2006 figure of 9.2 cents (EUR0.214).

Commentary by Shaun Wallis, Director and Chief Executive Officer, HSBC Bank Malta

"2007 has been a transformational year for HSBC Bank Malta p.l.c. Record volumes of business activity across all customer groups and businesses led to excellent results, and at the same time, the successful implementation of major projects and structural changes mean that the bank is well-positioned for the future.

"We continued to invest in our brand. As part of our Corporate Responsibility programme we donated Lm0.45 million (EUR1.0 million) towards our Children, Environment and Malta's Heritage initiatives.

"2008 will be another challenging year, given the backdrop of current global market conditions, Malta's fuller membership of the EU and Eurozone, and the resulting increase in competition. In facing these challenges, we have an excellent position. We have a superb customer base, unparalleled local and global distribution network, a strong brand and the global advantages of the HSBC Group. We are confident that we are well-positioned to grow our business further in the future."

Performance Review

Net interest income grew by Lm7.2 million (EUR16.8 million) or 15.4 per cent over prior year to Lm54.2 million (EUR126.2 million). Growth was driven by increased customer loans of 7.6 per cent and customer deposits of 17.5 per cent. Growth in customer loans resulted from increased residential mortgages and commercial lending. There was a strong increase in deposits of Lm258.7 million (EUR602.6 million) to Lm1,734.2 million (EUR4,039.5 million) attributable both to increased local demand for savings products and international corporate deposit growth introduced through the HSBC International Banking Centre network.

Non-interest income levels grew by Lm2.5 million (EUR5.8 million) or 8.7 per cent to Lm31.1 million (EUR72.5 million), driven by growth in business activity and volumes which were well-spread across the group's core products and service lines. Revenues increased through growth in lending, Trust services, card issuance and usage fees, and retail brokerage. Commission earned on account and transfer services reduced due to increased usage of automated services which are more efficient and less costly for our customers.

Life insurance activities were a significant contributor to group profits generating a 43.0 per cent increase in profitability over the prior year, reaching a profit before tax of Lm5.6 million (EUR13.0 million). Strong customer demand was supported by new launches of regular premium products and increased volumes of single premium products. Other operating income benefited from the

growth in new insurance business by Lm3.3 million (EUR7.6 million).

During the year revaluation gains on the group's investment properties generated Lm1.3 million (EUR3.0 million) and are included in other operating income.

Operating expenses grew by 4.5 per cent to Lm35.9 million (EUR83.6 million) from Lm34.3 million (EUR80.0 million) in 2006. Employee compensation and benefits was unchanged at Lm21.4 million (EUR49.8 million) in spite of a 2.5 per cent increase in wages and salaries as higher staff turnover and lower voluntary retirement benefits costs offset the effect of the increase. General and administrative expenses increased by Lm1.7 million (EUR4.0 million) to Lm11.5 million (EUR26.7 million) largely as a result of investment in a large number of mandatory projects including euro conversion and adoption of SEPA legislation, as well as the cost of increased business volumes and increased regulatory fees.

Overall the group's cost income ratio improved to $42.1~\mathrm{per}$ cent in 2007 from $45.5~\mathrm{per}$ cent in 2006.

The tax charge for the year increased by 13.0 per cent to Lm16.5 million and the effective tax rate fell marginally to 33.4 per cent.

Loans and advances to customers increased by Lm85.5 million (EUR199.1 million) to Lm1,211.6 million (EUR2,822.3 million) with growth spread across both personal and commercial sectors. The advances to deposits ratio improved to 69.9 per cent from 76.3 per cent in 2006 as a result of strong growth in deposits.

An overall improvement in the credit quality of the lending book resulted from good credit management and bad debt recovery against favourable economic conditions. This led to a reduction in non-performing loans from Lm43.7 million (EUR101.9 million) to Lm35.0 million (EUR81.6 million). As a result, the aggregate amount of non-performing loans improved to 2.8 per cent of gross loans and advances from 3.8 per cent at the end of 2006.

The solvency ratio stands at 11.3 per cent.

The Board is recommending to the Annual General Meeting to be held on 4 April 2008 a final ordinary dividend of EUR0.148 (Lm0.064) gross per share (EUR0.096 (Lm0.041) net per share) scheduled to be paid on 29 April 2008. The final dividend will be payable to shareholders on the bank's register as at 29 February 2008. This, together with the gross interim ordinary dividend of EUR0.154 (Lm0.066) and gross interim special dividend of EUR0.093 (Lm0.040), paid on 22 August 2007, produces a total gross dividend for the year of EUR0.395 (Lm0.170).
