### RESULTS FOR THE THIRD QUARTER AND NINE MONTHS TO 31 DECEMBER 2010

BT Group plc (BT.L) today announces its results for the third quarter and nine months to 31 December 2010.

Key points for the third quarter:

- Revenue of £5,038m, down 3%
- EBITDA<sup>1</sup> of £1,484m, up 7%
- Profit before tax<sup>1</sup> of £531m, up 30% (after specific items, up 111%)
- Earnings per share<sup>1</sup> of 5.4p, up 32% (after specific items, up 96%)
  - Free cash flow<sup>2</sup> of £515m, up 69%
  - Net debt of £8.7bn, down £1.4bn
- DSL broadband net additions of 188,000, 53% market share
- BT Global Services expected to generate operating cash flow of around £100m in 2010/11 and around £200m in 2011/12

Ian Livingston, Chief Executive, commenting on the results, said:

"Profits and cash flow in the quarter were ahead of last year. BT Retail had a good quarter with growth in business revenues and our highest share of DSL broadband net additions for eight years. Openreach benefited from a stronger broadband market and growth in its copper line base. BT Global Services is now expected to be cash flow positive this year, a year earlier than targeted.

"These results show that we are making progress on a number of fronts. There is always more to do but our performance underpins our outlook for this year and the period to 2012/13."

1 Before specific items

2 Before pension deficit payment of £525m (Q3 2009/10: £525m)

Unless otherwise stated, the changes in results are year on year against the third quarter or nine months to 31 December 2009.

There is no impact from these changes on total group revenue. In the line of business commentaries for BT Wholesale and Openreach, revenue has been measured against an adjusted basis taking account of the changes in the internal trading model to enable a like for like comparison

Notes:

Specific items - unless otherwise stated, any reference to earnings before interest, tax, depreciation and amortisation (EBITDA), operating profit, operating costs, profit before tax and earnings per share (EPS) are measured before specific items. The commentary focuses on the trading results before specific items. This is consistent with the way that financial performance is measured by management and is reported to the Board and the Operating Committee and assists in providing a meaningful analysis of the trading results of the group. The directors believe that presentation of the group's results in this way is relevant to the understanding of the group's financial performance as specific items are those that in management's judgement need to be disclosed by virtue of their size, nature or incidence. In determining whether an event or transaction is specific, management considers quantitative as well as qualitative factors such as the frequency or predictability of occurrence. Specific items may not be comparable to similarly titled measures used by other companies.

Reported EBITDA, reported operating profit, reported profit before tax and reported EPS are the equivalent unadjusted or statutory measures.
