PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies for the Annual Meeting of Stockholders on October 24, 2005, and any adjournment thereof. Selected information from Carpenter's 2005 Annual Report on Form 10-K, including financial statements, is being delivered along with this Notice and Proxy Statement, but is not incorporated as part of the Proxy Statement and is not to be considered part of the proxy solicitation material. These materials are being sent to stockholders on or about September 21, 2005.

Why Proxies are Being Solicited

Carpenter's Board of Directors is soliciting proxies so that every stockholder will have an opportunity to vote at the meeting, whether or not the stockholder attends the meeting in person. You are being asked to vote on two proposals:

The election of three directors to three-year terms, which will expire in 2008; and

Approval of the appointment of PricewaterhouseCoopers LLP as Carpenter's independent registered public accounting firm for the fiscal year ending June 30, 2006.

Cost of Solicitation

Carpenter will pay the cost of preparing, assembling, and delivering the Notice of Annual Meeting, Proxy Statement and proxy card. Directors, officers, and regular employees of Carpenter may solicit proxies in person or by telephone without additional compensation. Carpenter will reimburse brokerage houses and other nominees for their expenses in forwarding proxy material to beneficial owners of Carpenter stock.

Who Can Vote

Stockholders who were record owners of Carpenter stock at the close of business on August 26, 2005, may vote at the meeting. On August 26, 2005, there were 25,056,227 shares of Carpenter common stock issued and outstanding and entitled to vote. Each share of common stock is entitled to one vote. There were also 310.21 shares of Carpenter's series A convertible preferred stock held by the trustee of the Carpenter

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

Employee Stock Ownership Plan (ESOP). Under the ESOP, each share of preferred stock is convertible into at least 2,000 shares of common stock, with the equivalent of 1.3 votes for each share of common stock, subject to anti-dilution adjustments and to limitations under applicable securities laws and stock exchange regulations. The preferred stock and the common stock vote together as a single class on all matters submitted to holders of common stock.

Each participant in the ESOP may direct State Street Bank and Trust Company (State Street), as the trustee of the ESOP, how to vote the shares credited to the participant's account. State Street will vote the shares as directed and will treat any such directions it receives as confidential. State Street will vote any ESOP shares for which no proper direction is received and any ESOP shares that have not yet been allocated to participating employees' accounts, in the same proportion and manner as the directed shares.

Each participant in the Savings Plan of Carpenter Technology Corporation (Savings Plan) may direct The Vanguard Group, Inc., as trustee of the Savings Plan, how to vote the shares credited to the participant's account. Vanguard will vote the shares as directed and will treat any such directions it receives as confidential. Vanguard will vote any blank proxies or any shares for which no direction is received in the same proportion or manner as the directed shares. Directions must be received by State Street and Vanguard no later than Thursday, October 20, 2005.

How to Vote

You may vote in one of four ways:

Vote Over the Internet

If your shares are held in the name of a broker, bank or other nominee: Vote your Carpenter shares over the Internet by accessing the website given on the proxy card you received from such broker, bank, or other nominee. You will need the control number that appears on your proxy card when you access the web page.

If your shares are registered in your name: Vote your Carpenter shares over the Internet by accessing the website at www.proxyvote.com and following the on-screen instructions. You will need the control number that appears on your proxy card when you access the web page.

Vote by Telephone (Touch-Tone Phone Only)

If your shares are held in the name of a broker, bank, or other nominee: Vote your Carpenter shares over the telephone by following the telephone voting instructions, if any, provided on the proxy card you received from such broker, bank or other nominee.

If your shares are registered in your name: Vote your Carpenter shares over the telephone by accessing the telephone voting system toll-free at 1-800-690-6903 and following the telephone voting instructions. The telephone instructions will lead you through the voting process. You will need the control number that appears on your proxy card when you call.

Based on your Internet and telephone voting, the proxy holders will vote your shares according to your direction.

Vote by Returning Your Proxy Card

You may vote by signing and returning your proxy card. The proxy holders will vote your shares according to your directions. If you sign and return your proxy card without specifying choices, your shares will be voted as recommended by the Board of Directors. If you wish to give a proxy to someone other than those designated on the proxy card, you may do so by crossing out the names of the designated proxies and inserting the name of another person. The person representing you should then present your signed proxy card at the meeting.

Vote by Ballot at the Meeting

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

You may also attend the meeting and vote by a ballot that you will receive at the meeting. Your admission ticket to the meeting is attached to your proxy card or in the e-mail by which you received this Proxy Statement.

If You Change Your Mind After Voting

You can revoke your proxy at any time before it is voted. Proxies are voted at the Annual Meeting. You can write to the Corporate Secretary stating that you wish to revoke your proxy and that you need another proxy card. More simply, you can vote again, either over the Internet or by telephone. Your last vote is the vote that will be counted. If you attend the meeting, you may vote by ballot, which will cancel your previous proxy vote.

Table of Contents

Required Vote

Holders of a majority of the outstanding shares must attend or be represented by proxy at the Annual Meeting to constitute a quorum so that business may be conducted. Carpenter's By-Laws and Delaware law govern the vote needed to approve the proposals. Directors are elected by a plurality of the total votes cast. A majority of the votes cast must approve the appointment of the independent registered public accounting firm.

Abstentions and votes withheld for directors are counted towards the quorum, but are not included in the vote count for election of the directors or approval of the independent registered public accounting firm. In the absence of instruction from the customers who are the beneficial owners, brokers who hold shares in street name for customers have discretionary authority to vote on certain routine matters, such as the election of directors and approval of the independent registered public accounting firm. A broker non-vote occurs when brokers do not have such discretionary voting authority under the rules of the New York Stock Exchange (the NYSE). Because brokers will have discretionary authority to elect directors and to approve the appointment of PricewaterhouseCoopers LLP, we do not believe there will be any broker non-votes at the meeting.

Stockholder Nominations to the Board of Directors

As described in the written charter of the Corporate Governance Committee, the Committee is a standing committee of the Board of Directors which is, among other things, responsible for identifying qualified individuals to become members of the Board of Directors and recommending that the Board of Directors elect or nominate such qualified individuals for election at annual meetings of stockholders. The nominees for election to the Board of Directors listed in this Proxy Statement were recommended and nominated by the Corporate Governance Committee. All members of the Corporate Governance Committee have been found to be independent under the listing requirements of the NYSE. The charter of the Corporate Governance Committee is available on Carpenter's website at www.carttech.com.

The Corporate Governance Guidelines of Carpenter provide that board candidates are considered based upon various criteria, such as their broad general training and experience in business, science, engineering, finance or administration, and their personal integrity and judgment. In Carpenter's view, the foremost responsibility of a Carpenter director is to represent the interests of stockholders as a whole. To accomplish this, Carpenter believes that directors must have time available to devote to Board activities. Accordingly, Carpenter seeks to attract and retain highly qualified directors who have sufficient time to attend to their substantial duties and responsibilities to Carpenter. Recent developments in corporate governance and financial reporting have resulted in an increased demand for such highly qualified and productive public company directors. Carpenter believes that there should be a majority of independent directors on the Board, and it is Carpenter's policy to avoid the nomination of outside professionals, including, but not limited to, lawyers, investment bankers, or accountants, whose firms provide services to Carpenter. Carpenter does not generally pay fees to any third parties to assist the Corporate Governance Committee in the process of identifying or evaluating candidates.

The Corporate Governance Committee will consider sound and meritorious nomination suggestions from stockholders and review such nominations pursuant to the same criteria applied to director-nominees nominated by the Corporate Governance Committee. Under Carpenter's By-Laws, all letters of recommendation for nomination at the 2006 Annual Meeting of Stockholders must be received by the Corporate Secretary at Carpenter's headquarters, P.O. Box 14662, Reading, PA 19612-4662, between July 26, 2006 and August 25, 2006. Your notice to the Corporate Secretary should contain your name, address, and number of shares of Carpenter stock you own, in addition to the following information:

For each person you propose to nominate for election or re-election as a director specify:

- (i) name, age, business address, and residence address;
- (ii) principal occupation or employment;
- (iii) number of shares of Carpenter stock beneficially owned by the person; and

Table of Contents

- (iv) any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors pursuant to Schedule 14A under the proxy rules.

A signed statement from the person recommended for nomination indicating that he or she consents to be considered as a nominee.

Carpenter may require any proposed nominee to furnish other information reasonably necessary to determine the person's eligibility to serve as a director of Carpenter. Only individuals nominated in accordance with Carpenter's By-Laws and applicable Delaware law are eligible for election as a director.

2006 Stockholder Proposals

If you wish to include a proposal in the Proxy Statement for the 2006 Annual Meeting of Stockholders, your written proposal must be received by Carpenter no later than May 25, 2006. The proposal should be mailed by certified mail, return receipt requested, and must comply in all respects with applicable rules and regulations of the Securities and Exchange Commission (the "SEC"), the laws of the State of Delaware, and Carpenter's By-Laws. Stockholder proposals may be mailed to the Corporate Secretary, Carpenter Technology Corporation, P.O. Box 14662, Reading, PA 19612-4662.

Under Carpenter's By-Laws, stockholder proposals that are not included in the proxy materials may be presented at the 2006 Annual Meeting of Stockholders only if they meet the above requirements and the Corporate Secretary is notified in writing of the proposals between July 26, 2006 and August 25, 2006. For each matter that you wish to bring before the meeting, provide the following information:

- (i) a brief description of the business and the reason for bringing it to the meeting;
- (ii) your name and record address;
- (iii) the number of shares of Carpenter stock which you own; and
- (iv) any material interest (such as financial or personal interest) that you have in the matter.

CORPORATE GOVERNANCE

In accordance with the General Corporation Law of the State of Delaware and Carpenter's Certificate of Incorporation and By-Laws, Carpenter's business, property and affairs are managed under the direction of the Board of Directors. Although Carpenter's directors are not involved in day-to-day operating details, they are kept informed of Carpenter's business through written reports and documents provided to them regularly, as well as by operating, financial and other reports presented by Carpenter's officers at meetings of the Board of Directors and committees of the Board of Directors.

Meetings of the Board of Directors

The Board of Directors held six meetings during fiscal year 2005. In addition, there were 20 committee meetings. The policy of Carpenter is to require attendance and active participation by directors at Board and committee meetings. The average attendance for Carpenter's directors at these meetings was over 90%. Each director attended at least 75% of the total number of meetings of the Board and the Committees on which the director served during fiscal year 2005. Directors are encouraged to attend the Annual Meeting of Stockholders, and all of Carpenter's directors attended the 2004 annual meeting.

Table of Contents

Meetings of the Non-Management Directors

Pursuant to Carpenter's Corporate Governance Guidelines and the Corporate Governance Standards of the NYSE, the non-management directors of the Board meet in an executive session at least twice per year to: (a) review the performance of the Chief Executive Officer, and (b) address any other matters affecting Carpenter that may concern individual directors. All non-management directors currently meet the required criteria for independence. In fiscal year 2005, the non-management directors met in executive session five times.

Communication with the Board of Directors

Stockholders may communicate with the full Board of Directors by sending a letter to Carpenter Technology Board of Directors, c/o Corporate Secretary, P.O. Box 14662, Reading, PA 19612-4662. Carpenter's Corporate Secretary will review the correspondence and forward it to the Chair of the appropriate committee or to any individual director or directors to whom the communication is directed, unless the communication is unduly hostile, threatening, illegal, does not reasonably relate to Carpenter or its business, or is similarly inappropriate. In addition, interested parties may contact the non-management directors as a group by sending a written communication to the Corporate Secretary as directed above. Such communication should be clearly addressed to the non-management directors. Stockholders and other interested parties may also communicate with the Audit/Finance Committee by sending an e-mail to boardauditcommittee@cartech.com.

Independence of the Board of Directors

The Board of Directors is composed of a majority of directors who qualify as independent directors (Independent Directors) pursuant to the rules adopted by the SEC and the corporate governance standards promulgated by the NYSE. The board committee structure includes Audit/Finance, Human Resources and Corporate Governance committees consisting entirely of Independent Directors as required by the Corporate Governance Standards of the NYSE.

In determining independence pursuant to the Corporate Governance Standards of the NYSE, each year the Board affirmatively determines whether directors have a material relationship with Carpenter. When assessing the materiality of a director's relationship with Carpenter, the Board considers all relevant facts and circumstances, not merely from the director's standpoint, but from that of the persons or organizations with which the director has an affiliation, and the frequency or regularity of the services, whether the services are being carried out at arm's length in the ordinary course of business and whether the services are being provided substantially on the same terms to Carpenter as those prevailing at the time from unrelated parties for comparable transactions.

Applying these standards, the Board has determined that all of the directors, with the exception of Mr. Torcolini, are independent.

Independence of the Audit/Finance Committee Members

Directors on Carpenter's Audit/Finance Committee must satisfy the requirements of the Corporate Governance Standards of the NYSE and the independence requirements promulgated under the Exchange Act. In determining whether a director is independent for purposes of each of the

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

above stated guidelines, the Board must affirmatively determine that the directors on the Audit/Finance Committee do not, among other things, accept any consulting, advisory, or other compensatory fee from Carpenter.

Applying these standards, the Board has determined that all of the directors on the Audit/Finance Committee are independent.

Director Compensation Program		

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

No director who is an employee of Carpenter is compensated as a member of the Board. Compensation for non-employee directors consists of an annual retainer of \$90,000, plus travel expenses, where appropriate, for attending all Board of Directors and committee meetings. Each Committee Chairperson receives an additional annual retainer of \$10,000. At least 50% of the \$90,000 annual retainer for Board service is paid in stock units that convert to an equivalent number of shares of common stock following retirement or termination of service as allowed under the plan. The value of these stock units will vary depending on the fair market value of the shares of Carpenter's common stock. At the director's election, the remaining 50% of the retainer is paid in cash or deferred and paid in either cash or stock units at the time of distribution.

Each non-employee director who joins the Board is entitled to receive options to purchase 2,000 shares of common stock. In addition, following each annual meeting, each non-employee director is entitled to receive options to purchase 4,000 shares of common stock. These options permit the director, after one year of service following the grant, to purchase shares of common stock at the stock's fair market value on the date of grant. The options expire ten years from the date of grant. In acknowledgment of the increase in cash and equity compensation, each of the directors waived his or her right to receive options after the last annual meeting.

AUDIT/FINANCE COMMITTEE REPORT

The information contained in this report shall not be deemed to be soliciting material or filed or incorporated by reference in future filings with the SEC, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that Carpenter specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended, or the Exchange Act.

Table of Contents

The Board of Directors has charged the Audit/Finance Committee with a number of responsibilities, including review of the adequacy of Carpenter's financial reporting and internal controls over financial reporting, the integrity of the financial statements of the Company and the independence and performance of Carpenter's independent registered public accounting firm. Management is responsible for the preparation, presentation and integrity of Carpenter's financial statements; accounting and financial reporting principles; establishing and maintaining disclosure controls and procedures; establishing and maintaining internal control over financial reporting; evaluating the effectiveness of disclosure controls and procedures; evaluating the effectiveness of internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting. The independent registered public accounting firm is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles, as well as expressing an opinion on (i) management's assessment of the effectiveness of internal control over financial reporting and (ii) the effectiveness of internal control over financial reporting.

The Committee has a direct line of communication with Carpenter's independent registered public accounting firm and the Director-Internal Audit. The Board has affirmatively determined that each of the members of the Committee is independent pursuant to the Corporate Governance Standards of the NYSE and the rules of the SEC. Furthermore, the Board has affirmatively determined that all members of the Audit/Finance Committee have no material relationship with Carpenter and are financially literate pursuant to the requirements of the NYSE. Messrs. Pratt, Inglis and Anderson each qualify as an audit committee financial expert under the standards promulgated under the Exchange Act. The Board has adopted a written Audit/Finance Committee Charter, and this report is made pursuant to that Charter. A copy of the Charter is posted on Carpenter's website at www.cartech.com. The Audit/Finance Committee appoints the independent registered public accounting firm to be retained to audit Carpenter's consolidated financial statements, and once retained, the independent registered public accounting firm reports directly to the Audit/Finance Committee. The Audit/Finance Committee is responsible for approving both audit and non-audit services to be provided by the independent registered public accounting firm.

In the discharge of its responsibilities, the Audit/Finance Committee has reviewed and discussed with management and the independent registered public accounting firm Carpenter's audited financial statements for fiscal year 2005. In addition, the Committee has discussed with the independent registered public accounting firm matters such as the quality (in addition to acceptability), clarity, consistency, and completeness of Carpenter's financial reporting, as required by U.S. Auditing Standards Section AU380, Communication with Audit Committees.

The Audit/Finance Committee met with management periodically during fiscal year 2005 to consider the adequacy of Carpenter's internal controls, and discussed these matters and the overall scope and plans for the audit of Carpenter with Carpenter's independent registered public accounting firm, PricewaterhouseCoopers LLP. The Audit/Finance Committee also discussed with senior management and PricewaterhouseCoopers LLP Carpenter's disclosure controls and procedures and the certifications by Carpenter's Chief Executive Officer and Chief Financial Officer, which are required by the SEC under the Sarbanes-Oxley Act of 2002 for certain of Carpenter's filings with the SEC. In particular, the Audit/Finance Committee was kept apprised by senior management of the progress of the evaluation of Carpenter's system of internal control over financial reporting and provided oversight and advice to management during the process. In connection with this oversight, the Audit/Finance Committee received periodic updates provided by senior management and PricewaterhouseCoopers LLP at several committee meetings during the year. At the conclusion of the process, senior management provided the Audit/Finance Committee with, and the Audit/Finance Committee reviewed, a report on the effectiveness of Carpenter's internal control over financial reporting. The Audit/Finance Committee also reviewed the report of PricewaterhouseCoopers LLP related to (i) the consolidated financial statements and financial statement schedule, (ii) management's assessment of the effectiveness of internal control over financial reporting, and (iii) the effectiveness of internal control over financial reporting.

The Audit/Finance Committee has considered the compatibility of the provision of non-audit services with the independent registered public accounting firm's maintenance of independence and has received from PricewaterhouseCoopers LLP written disclosures and a letter concerning the independent registered public accounting firm's independence from Carpenter, as required by Independence Standards Board Standard No. 1,

Independence Discussions with Audit Committees. These disclosures have been reviewed by the Audit/Finance Committee and discussed with PricewaterhouseCoopers LLP.

Based on these reviews and discussions, the Committee has recommended to the Board that the audited financial statements be included in Carpenter's 2005 Annual Report on Form 10-K, for filing with the SEC.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Human Resources Committee reviews and determines compensation arrangements for Carpenter's Chief Executive Officer and its other executive officers and administers the equity compensation plans. All members of the Human Resources Committee are independent directors.

No member of the Human Resources Committee during fiscal year 2005 was an officer or employee of Carpenter or any of its subsidiaries or was formerly an officer of Carpenter or any of its subsidiaries. No member of the Human Resources Committee had any relationship requiring disclosure by Carpenter under the proxy rules promulgated under the Exchange Act.

HUMAN RESOURCES COMMITTEE REPORT

The Human Resources Committee of the Board of Directors is composed entirely of independent directors. The Human Resources Committee is responsible for the establishment and oversight of Carpenter's executive compensation programs.

The Board has adopted a written charter for the Human Resources Committee. A copy of the Charter has been posted on Carpenter's website at www.carttech.com. The Charter, in part, delegates sole authority to the Human Resources Committee to establish the salary and other elements of compensation for the CEO and other executive officers.

Compensation Philosophy

Carpenter's executive compensation programs are designed to fulfill the following objectives:

Attract, retain, and motivate highly effective executives;

Link executive reward with enhanced stockholder value and profitability;

Reward sustained corporate, functional, and/or individual performance with an appropriate base salary and incentive opportunity;

Link pay to Carpenter's financial performance and the achievement of Carpenter's strategic business objectives; and

Stimulate and sustain significant management ownership in Carpenter.

This philosophy remained unchanged in 2005 and continues to serve as the foundation for executive compensation policy and program application.

The Human Resources Committee reviewed all elements of compensation paid to each executive officer in order to assure that the Human Resources Committee members developed a comprehensive picture of each

Table of Contents

officer's overall compensation. Carpenter targets pay at market competitive (median) levels for achievement of expected levels of performance. During both fiscal years 2004 and 2005, the Human Resources Committee worked with a nationally recognized, independent consulting firm to review the competitiveness of the executive compensation program. The analysis compared Carpenter's pay levels to the pay levels of a group of general industrial and basic materials companies of similar size. These companies reflect the labor pool for executive talent generally rather than the labor pool specifically available to Carpenter's competitors.

Compensation of executives at Carpenter is primarily composed of three parts—base salary, annual incentives and long-term incentives—and is closely linked to the Company's financial performance. Carpenter's poor performance in the early 2000's resulted in executive pay being well below competitive levels. The Company's improved financial results beginning in fiscal year 2004 and continuing throughout fiscal year 2005 led the Committee to adjust executive pay to competitive levels over the two-year period.

Base Salary

In general, base salaries are targeted around the market 50th percentile and adjusted by the Human Resources Committee to recognize each executive's experience, responsibility and value to the organization. Base salary increases were not granted in the years immediately prior to fiscal year 2005 resulting in compensation for Carpenter executives that was significantly below market level. The Committee granted base salary increases in fiscal year 2005 to bring salaries more in line with market levels and to reflect the Company's improved performance.

Annual Incentives

The Executive Annual Compensation Plan (EACP) provides short-term variable compensation for the Named Executive Officers and other eligible executives with payments based on combinations of corporate and business unit financial performance. This portion of the Executive Officers' compensation is wholly dependent upon the Company's financial results and highly leveraged to ensure below market total compensation when financial goals are not achieved and above market total compensation only when the annual financial results are superior. For fiscal year 2005, the Human Resources Committee established, and the full Board approved, earnings per share (EPS) and Return On Net Assets (RONA) as the key corporate measures for the EACP. In addition, business unit RONA and operating income were established as additional components for Messrs. Oates and Shor. The Company's financial performance in 2005 resulted in EACP payouts at the maximum target levels for each executive.

Long-Term Incentives

Carpenter continues to deliver a significant portion of an executive's total pay opportunity in the form of long-term incentive compensation. Long-term incentives are viewed to be a key program element, given the Committee's desire to reinforce connections among sustainable financial performance, shareholder value creation and executive pay.

For fiscal year 2005, the Committee delivered long-term incentives in the form of restricted stock. There were no stock option awards issued in fiscal year 2005. Restricted stock awards were granted to Named Executive Officers in two forms: (i) time vested restricted shares that vest in full five years after the end of the fiscal year if the executive is then still a Carpenter employee; and (ii) performance based restricted shares which were earned upon achievement of the same financial results upon which the EACP awards were based and which will vest ratably over fiscal years 2006 and 2007.

Stock Ownership Guidelines

Carpenter introduced stock ownership guidelines in 1997 to further its objective of increasing management's ownership stake. Over time, executives are expected to achieve and maintain ownership of certain amounts of common stock. The Chief Executive Officer is expected to own 3 times his base salary in Carpenter stock. Senior Vice Presidents and Vice Presidents are expected to own 1.5 times their base salaries in Carpenter

Table of Contents

stock and other covered executives are expected to own Carpenter stock in the amount of their base salaries. The primary intent of these guidelines is to increase significantly the extent to which each executive's personal wealth is directly linked to the performance of Carpenter's common stock. During fiscal year 2005, beneficial share ownership of the Named Executive Officers increased 18% over fiscal year 2004 ownership levels. All of the Named Executive Officers own Carpenter stock well in excess of their respective stock ownership guidelines.

Policy with Respect to the \$1 Million Deduction Limit

Section 162(m) of the Internal Revenue Code generally limits the corporate tax deduction for compensation paid to certain individuals, including the Named Executive Officers, to \$1 million, unless certain requirements are met. Carpenter's EACP and long-term incentive arrangements have been generally structured to conform with Internal Revenue Code guidelines for performance-based compensation and, as such, should preserve the deductibility of these amounts. The Human Resources Committee will continue to monitor the potential deductibility of other components of Carpenter's pay package.

CEO Compensation

For fiscal years 2005 and 2006, the Human Resources Committee set the salary of the CEO as well as the salaries of other Named Executive Officers. During fiscal year 2005, the financial performance of the Company significantly exceeded expectations. Management's actions have established a solid base for continued superior performance by the Company in the future. In accordance with the market data and the Company's strong financial performance, the Committee adjusted the CEO's salary, increased the annual incentive opportunity, and granted restricted stock in fiscal year 2005 and provided further adjustments effective for fiscal year 2006 as noted below.

Annual Base Salary

Upon his promotion to CEO effective July 1, 2003, Mr. Torcolini requested that his base salary of \$360,000 not be increased, and the Board concurred. This decision left Mr. Torcolini well below the competitive market rate, and the Board determined this situation would be addressed as the Company's financial results improved. For fiscal year 2005, Mr. Torcolini's base salary was \$500,000. In order to bring Mr. Torcolini's base salary up to competitive market rates and in recognition of the substantial increase to shareholder value resulting from the Company's superior performance in fiscal year 2005, Mr. Torcolini's salary for fiscal year 2006 will be \$850,000, which is in the mid-range of the comparative group of CEOs reviewed by the Committee.

Annual Incentives

In fiscal year 2005, Mr. Torcolini received a cash bonus payment under the EACP of \$786,616. Upon achievement of specified EPS and RONA performance targets in fiscal year 2006, Mr. Torcolini is eligible for a cash bonus under the EACP ranging from 50% to 200% of his base salary.

Long-Term Incentives

In fiscal year 2005, Mr. Torcolini earned 12,000 restricted shares based on EPS performance and RONA targets similar to those established under the EACP. These earned shares vest at the rate of 50% (6,000 shares) after one year (June 30, 2006) and the remaining 50% (6,000 shares) after two years (June 30, 2007). Mr. Torcolini was also granted 10,500 restricted shares that will vest after five years (June 30, 2010) if he remains an employee of the Company. In fiscal year 2006, Mr. Torcolini can earn from 3,500 – 12,000 shares of restricted stock upon achievement of EPS and RONA performance targets similar to those established for the EACP.

Special Severance Agreements

Carpenter has Special Severance Agreements in place with its executive officers. Under these agreements, if the officer's employment is terminated following a change in control of Carpenter, the officer will receive his full salary and all bonuses, pension and other benefits through the termination date. In addition, if the termination is by Carpenter, other than for cause, or by the officer for good reason, the officer will receive (1) a lump sum payment equal to three years salary and full annual bonus (computed without regard to actual attainment of relevant performance goals), (2) an enhanced pension benefit either paid as a lump sum from general assets or under the Supplemental Retirement Plan for Executives (SERP), and (3) the vesting of all restricted stock, and the ability to exercise all other grants. In addition, under similar circumstances, the agreements provide continuation of all other active benefits for three years, tax and financial planning for three years, outplacement services, company payment of any federal excise tax created by the agreement and reimbursement of any legal fees for enforcing or defending the agreement. Messrs. Torcolini, Oates, Shor, Geremski, Christiansen, and John Thames, Vice President of Human Resources, all have entered into Special Severance Agreements in the form described above. The Special Severance Agreements are currently in effect and automatically renew for three-year periods on an evergreen basis.

Savings Plan of Carpenter Technology Corporation

The Savings Plan is a profit sharing and employee stock ownership plan established pursuant to Sections 401(a), 401(k) and 4975(e) of the Internal Revenue Code. Carpenter contributes 3% of the eligible pay of each eligible employee (including officers) to the Plan. Eligible pay under the Savings Plan is the total straight-time wages paid to each eligible employee and does not include bonus compensation. Carpenter's

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

contribution is invested, as the employee selects, into one or more pre-established investment funds. If Carpenter's contribution for an employee under the Savings Plan is limited by the Internal Revenue Code, the employee will receive these lost Savings Plan contributions under the Deferred Compensation Plan for Officers and Key Employees. In addition, an

Table of Contents

employee may authorize Carpenter to make contributions, including salary deferrals, limited to 35% of eligible pay. Amounts in the Summary Compensation Table include amounts deferred.

Employee Stock Ownership Plan

The Carpenter Technology Corporation Employee Stock Ownership Plan (ESOP) was established in 1991. The trustee of the ESOP, State Street Bank and Trust Company, purchased 461,538,461.5 shares of series A convertible preferred stock from Carpenter at a price of \$65,000 per share, or an aggregate purchase price of approximately \$30 million, for a 15-year note issued by the trustee to Carpenter and a small amount of cash.

Each share of preferred stock is convertible, at the trustee's option, into at least 2,000 shares of common stock at a conversion price of \$32.50 per share of common stock. The preferred shares are divided into 2,000 equal units. Each eligible employee was allocated one unit on the effective date of the ESOP, September 6, 1991. Additional units are allocated to employees as the loan is repaid. Generally, only those employees actively employed on the last day of the plan year, December 31, will receive an allocation for that year. The funds used by the ESOP to repay the loan come from contributions by Carpenter and dividends on the ESOP shares.

Retirement Benefits

The General Retirement Plan for Employees of Carpenter Technology Corporation provides retirement benefits to employees, including the Named Executive Officers, at age 65 (with five years of service), or as early as age 55 (with ten years of service); or at any age with 30 years of service. Such benefits are based on either: (1) a fixed monthly rate for each year of service; or (2) the product of 1.3% times each of the first 20 years of service, plus 1.4% times each year of service over 20, multiplied by the individual's highest average earnings. This average is calculated from the highest five annual periods (during the last ten years of service) that end on the individual's retirement anniversary. For pension purposes, earnings include all salaries, bonuses, and extra compensation.

Carpenter has two plans for those participants in the General Retirement Plan whose benefits are reduced by limitations of the Internal Revenue Code: the Benefit Equalization Plan and the Earnings Adjustment Plan. These two plans will restore amounts lost under the General Retirement Plan because of Code limitations. In general, benefits under these plans are subject to the same administrative rules as the General Retirement Plan.

Certain executives, including the Named Executive Officers, have been designated by the Board of Directors as participants under the SERP. This supplemental benefit is payable for a fixed term of 15 years or as an actuarially equivalent life annuity, commencing in the month following retirement (unless a disabled participant elects a later date). The total benefits a participant will receive from these retirement plans, plus primary Social Security will be approximately 60% of the participant's average earnings (as calculated under the General Retirement Plan) when retirement occurs with 30 years of service. Bonuses voluntarily waived by executive officers for fiscal year 2003, and the cash equivalent of restricted shares awarded in place of fiscal year 2004 bonus will be included for purposes of determining average earnings under the SERP. In addition, Mr. Geremski will receive a minimum benefit equal to 50% of his average earnings upon completion of five years of service.

The Officers' Supplemental Retirement Plan provides supplemental pension benefits to participants who have benefits reduced under the General Retirement Plan because of amounts deferred under the Deferred Compensation Plan. The Officers' Supplemental Retirement Plan restores reductions that occur under the General Retirement Plan as a result of these deferrals, without regard to any limitations of the Internal Revenue

Code. Benefits under this Plan are subject to the same administrative rules as the General Retirement Plan.

The following table illustrates the total annual retirement benefits payable under the retirement plans described in this section. A participant may receive less than the maximum benefit dependent upon age and the date on which he was granted SERP participation.
