Disclaimer Regarding Forward-Looking Statements Information set forth in this communication contains forward-looking statements, which involve a number of risks and uncertainties. Such forward-looking statements include, but are not

limited

to,
statements
about
the
anticipated
benefits
of
Hologic s
products,
the
timing
of the completion of the transaction between Hologic and Cytyc, the anticipated benefits of
the business combination transaction involving Hologic and Cytyc, including future financi
and operating results, the expected permanent financing for the transaction, the combined
company's plans, objectives, expectations and intentions and other statements that are not

ogic and Cytyc, including future financial cing for the transaction, the combined tions and other statements that are not historical facts. Hologic and Cytyc caution readers that any forward-looking information is not a guarantee of future performance and that actual results could differ materially from those contained in the forward-looking information.

These include risks and uncertainties relating to: the ability to obtain regulatory approvals of the transaction on the proposed terms and schedule; the parties may be unable to complete the transaction because conditions to the closing of the transaction may not be satisfied; the risk that the businesses will not be integrated successfully; the transaction may involve unexpected costs or unexpected liabilities; the risk that the cost savings and any other synergies from the transaction may not be fully realized or may take longer to realize than expected; disruption from the transaction making it more difficult to maintain relationships with customers, employees or suppliers; competition and its effect on pricing, spending, third-party relationships and revenues; the need to develop new products and adapt to significant technological change; implementation of strategies for improving internal

Use of Non-GAAP Financial Measures

In addition to the financial measures prepared in accordance with generally accepted accounting principles (GAAP), we use the non-GAAP financial measures "adjusted EPS" and EBITDA . Adjusted EPS excludes the write-off and amortization of acquisition-related intangible assets, and

```
tax
provisions/benefits
related
thereto.
EBITDA
is
defined
as
net
earnings (loss) before interest, taxes, depreciation and amortization expense. Neither
adjusted EPS nor EBITDA is a measure of operating performance under GAAP. We believe
that the use of these non-GAAP measures helps investors to gain a better understanding of
our
core
operating
results
and
future
prospects,
consistent
with
how
management
measures
and forecasts our performance, especially when comparing such results to previous periods
or forecasts. When analyzing our operating performance, investors should not consider these
non-GAAP measures as a substitute for net income prepared in accordance with GAAP.
