**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Audit Committee and Compensation, Governance and Nominating

Committee of the Board of Directors of Dominion Resources, Inc. and the

Trustee and Participants of the Dominion Energy New England Union Savings Plan

Richmond, Virginia

We have audited the accompanying statements of net assets available for benefits of the Dominion Energy New England Union Savings Plan (the Plan) as of December 31, 2008 and 2007, and the related statement of changes in net assets available for benefits for the year ended December 31, 2008. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2008 and 2007, and the changes in net assets available for benefits for the year ended December 31, 2008, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2008 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2008 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

**DOMINION ENERGY NEW ENGLAND UNION SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**AS OF DECEMBER 31, 2008 AND 2007, AND FOR THE YEAR ENDED DECEMBER 31, 2008**

**1. DESCRIPTION OF PLAN**

The following description of the Dominion Energy New England Union Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- a. **General** The Plan is a defined contribution plan covering union-eligible employees of Dominion Energy New England (the Employer) represented by either the International Brotherhood of Electrical Workers, Local Unions Nos. 326 and 486; or The Utility Workers Union of America, Local Union Nos. 464 and 310, who are 18 years of age or older, regular full-time or part-time employees and are scheduled to work at least 1,000 hours per year. Dominion Resources, Inc. (Dominion or the Company) is the designated Plan sponsor. The Plan administrator is Dominion Resources Services, Inc., a subsidiary of Dominion. The Bank of New York Mellon (BNY Mellon) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).
- b. **Contributions** Participants may contribute not less than 1% and not more than 20% of their eligible earnings, all of which may be on a tax-deferred or after-tax basis. Employee contributions are subject to certain Internal Revenue Code (IRC) limitations. The Employer contributes a matching contribution on a per-pay period basis equal to 100% of pre-tax contributions up to 5% of eligible pay, to the eligible participants who have at least one year of service. In addition, the Employer contributes a basic contribution equal to 5% of eligible earnings on a per-pay period basis.
- c. **Participant Accounts** Individual accounts are maintained for each Plan participant. Each participant's account includes the effect of the participant's contributions and withdrawals, as applicable, and allocations of the Employer's matching and basic contributions, Plan earnings or losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.
- d. **Participants** Each employee is eligible to participate in the Plan and make employee contributions on an entirely voluntary basis. Participation by an employee becomes effective immediately upon enrollment in the Plan.
- e. **Vesting** Participants become vested in their own contributions and the Employer's matching and basic contributions, and the earnings on those amounts immediately.
- f. **Forfeited Accounts** There were no forfeited nonvested accounts at December 31, 2008 or 2007.

**Table of Contents**

g. *Investment Options*

*Participant Contributions* Upon enrollment in the Plan, a participant may direct his or her contributions in any option (except the loan fund) in 1% increments totaling to 100%. Changes in investment options may be made at any time and become effective with the subsequent pay period. Participants can make unlimited transfers among existing funds. The Plan provides for employee and employer contributions to be invested in the following:

Dominion Stock Fund

Interest in Master Trust:

Large Cap Growth Fund (RCM Fund)

Stable Value Fund (BNY Mellon Fund)

Common/Collective Trusts:

Intermediate Bond Fund

Large Cap Value Fund

S&P 500 Index Fund

Wilshire 4500 Index Fund

Mutual Funds:

International Equity Fund

Small Cap Value Fund

Real Estate Fund

Small Cap Growth Fund

Target Retirement Income Fund

Target Retirement 2005 Fund

Target Retirement 2010 Fund

Target Retirement 2015 Fund

Target Retirement 2020 Fund

Target Retirement 2025 Fund

Target Retirement 2030 Fund

Target Retirement 2035 Fund

Target Retirement 2040 Fund

Target Retirement 2045 Fund

Target Retirement 2050 Fund

*Employer Contributions* Employer's matching and basic contributions are deposited in participants' accounts according to the participants' investment elections.

Page 5

## **Table of Contents**

- h. ***Participant Loans*** Participants are eligible to secure loans against their plan account. Participants are limited to one outstanding primary residence loan and one outstanding general purpose loan with maximum repayment periods of 10 years and 5 years, respectively. The minimum loan amount is \$1,000 and the maximum loan amount is the lesser of:

50% of the vested account balance, or

\$50,000 (reduced by the maximum outstanding loan balance during the prior 12 months)

Loan transactions are treated as a transfer between the respective investment fund and the loan fund. The loans are interest-bearing at 1% point above the prime rate of interest. The rate is determined at the beginning of each month if a change has occurred in the prime rate. However, the rate is fixed at the inception of the loan for the life of the loan.

Participants make principal and interest payments to the Plan through payroll deductions. Any defaults in loans result in a reclassification of the remaining loan balances as taxable distributions to the participants.

- i. ***Payment of Benefits*** On termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or defer the payment to a future time no later than the year in which the participant attains age 70 1/2. If the participant retires from the Company, he or she may elect to receive installment payments. There were no amounts payable to participants at December 31, 2008 or 2007.
- j. ***Flexible Dividend Options*** Participants are given the choice of (1) receiving cash dividends paid on vested shares held in their Dominion Stock Fund or (2) reinvesting the dividends in the Dominion Stock Fund.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

- a. ***Basis of Accounting*** The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).
- b. ***Use of Estimates*** The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein. Actual results could differ from those estimates.
- c. ***Risks and Uncertainties*** The Plan utilizes various investment instruments, including the Dominion Stock Fund, common/collective trusts, mutual funds and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility.

---

**Table of Contents**

- d. ***Valuation of Investments*** All investments are carried at fair value. Effective January 1, 2008, the Plan adopted the provisions of Statement of Financial Accounting Standards (SFAS) No. 157, *Fair Value Measurements*. SFAS No. 157 defines fair value, establishes a framework for measuring fair value and expands disclosures related to fair value measurements. SFAS No. 157 applies to fair value measurements already required or permitted by existing standards and the provisions of this standard are applied prospectively. See Note 5 for further information on fair value measurements in accordance with the requirements of SFAS No. 157.
- e. ***Investment Income*** Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recognized on the ex-dividend date.  
Realized gains and losses on the sale of investments are determined using the average cost method.
- Net investment income from mutual fund holdings includes dividend income and realized and unrealized appreciation (depreciation).
- Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.
- f. ***Administrative Expenses*** As permitted by law, the reasonable administrative costs of the Plan are paid from the Plan's Trust. Dominion pays any administrative costs that are not charged to the Plan.
- g. ***Payment of Benefits*** Distributions from the Plan are recorded on the valuation date when a participant's valid withdrawal request is processed by the recordkeeper.
- h. ***Transfers*** Along with the Plan, Dominion also sponsors several other savings plans for employees of Dominion or certain of its subsidiaries who do not participate in this Plan. If participants change employment among Dominion and its covered subsidiaries during the year, their account balances are transferred into the corresponding plan. For the year ended December 31, 2008, there were no transfers of participants' assets to or from other plans.
- i. ***Excess Contributions Payable*** The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

**Table of Contents****3. INVESTMENTS**

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2008 and 2007 are as follows:

	2008	2007
Dominion Stock Fund, 125,005 and 97,943 units, respectively	\$ 4,480,176	\$ 4,647,417
Interest in BNY Mellon Fund, 159,816 and 101,060 units, respectively	3,151,713	2,014,700
Interest in RCM Fund, 94,788 units in 2007; did not represent 5% of the Plan's net assets in 2008		991,316
International Equity Fund, 36,513 and 31,923 units, respectively	1,022,730	1,623,929
S&P 500 Index Fund, 140,391 and 124,952 units, respectively	1,100,876	1,556,052

During the year ended December 31, 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Investments at Fair Value	
Dominion Stock Fund	\$ (1,271,259)
Mutual Funds:	
International Equity Fund	(724,377)
Small Cap Value Fund	(217,321)
Real Estate Fund	(263,912)
Small Cap Growth Fund	(347,799)
Target Retirement Income Fund	(1,013)
Target Retirement 2005 Fund	(8,977)
Target Retirement 2010 Fund	(67,863)
Target Retirement 2015 Fund	(167,403)
Target Retirement 2020 Fund	(171,104)
Target Retirement 2025 Fund	(253,336)
Target Retirement 2030 Fund	(96,339)
Target Retirement 2035 Fund	(68,644)
Target Retirement 2040 Fund	(42,619)
Target Retirement 2045 Fund	(86,595)
Target Retirement 2050 Fund	(24,428)
	(2,541,730)
Common/Collective Trust Funds:	
Large Cap Value Fund	(285,649)
Intermediate Bond Fund	10,607
S&P 500 Index Daily Fund	(652,961)
Wilshire 4500 Index Fund	(321,608)
	(1,249,611)
Net depreciation in fair value of investments	\$ (5,062,600)

## Table of Contents

### **4. PLAN INTEREST IN MASTER TRUST**

The Plan's investment in the BNY Mellon Fund and the RCM Fund are held in a Master Trust that was established for the investment of assets for the Plan and other employee benefit plans of Dominion and its subsidiaries. BNY Mellon holds the assets of the Master Trust.

**BNY Mellon Fund** As of December 31, 2008 and 2007, the Plan's interest in the net assets of the BNY Mellon Fund was 1% and less than 1%, respectively. Investment income and administrative expenses relating to the BNY Mellon Fund are allocated to the individual plans based upon average monthly balances invested by each plan. The BNY Mellon Fund invests primarily in three types of benefit-responsive guaranteed investment contracts (GICs) described below, which are stated at fair value and then adjusted to contract value. The fair value of traditional GICs is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. The fair value of synthetic GICs is based on the fair value of the underlying investments as determined by the issuer of the synthetic GICs based on quoted market prices and a fair value estimate of the wrapper contract. Fair market value of the wrapper is estimated by BNY Mellon using an internal model. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses.

- (1) *Traditional Guaranteed Investment Contracts* Traditional GICs are unsecured, general account obligations of insurance companies. The obligation is backed by the general account assets of the insurance company that writes the investment contract. The crediting rate on this product is typically fixed for the life of the investment.

Separate account GICs are investments in a segregated account of assets maintained by an insurance company for the benefit of the investors. The total return of the segregated account assets supports the separate account GICs' return. The crediting rate on this product will reset periodically and it will have an interest rate of not less than 0%.

- (2) *Fixed Maturity Synthetic Guaranteed Investment Contracts* General fixed maturity synthetic GICs consist of an asset or collection of assets that are owned by the fund and a benefit-responsive, book value wrap contract purchased for the portfolio. The wrap contract provides book value accounting for the asset and assures that book value, benefit-responsive payments will be made for participant directed withdrawals. The crediting rate of the contract is set at the start of the contract and typically resets every quarter. Generally, fixed maturity synthetic GICs are held to maturity. The initial crediting rate is established based on the market interest rates at the time the initial asset is purchased and it will have an interest crediting rate not less than 0%.

Variable synthetic GICs consist of an asset or collection of assets that are managed by the bank or insurance company and are held in a bankruptcy remote vehicle for the benefit of the fund. The contract is benefit-responsive and provides next day liquidity at book value. The crediting rate on this product resets every quarter based on the then current market index rates and an investment spread. The investment spread is established at time of issuance and is guaranteed by the issuer for the life of the investment.

## Table of Contents

- (3) *Constant Duration Synthetic Guaranteed Investment Contracts* Constant duration synthetic GICs consist of a portfolio of securities owned by the fund and a benefit-responsive, book value wrap contract purchased for the portfolio. The wrap contract amortizes gains and losses of the underlying securities over the portfolio duration, and assures that book value, benefit-responsive payments will be made for participant directed withdrawals. The crediting rate on a constant duration synthetic GIC resets every quarter based on the book value of the contract, the market yield of the underlying assets, the market value of the underlying assets and the average duration of the underlying assets. The crediting rate aims at converging the book value of the contract and the market value of the underlying portfolio over the duration of the contract and therefore will be affected by movements in interest rates and/or changes in the market value of the underlying portfolio. The initial crediting rate is established based on the market interest rates at the time the underlying portfolio is first put together and it will have an interest crediting rate of not less than 0%.

Certain Plan-initiated events, such as plan termination, bankruptcy, and mergers, may limit the ability of the Plan to transact at contract value. In general, issuers may terminate the contracts and settle at other than contract value if the qualification status of the Plan changes, breach of material obligations under the contract and misrepresentation by the contract holder, or failure of the underlying portfolio to conform to the pre-established investment guidelines. The Plan Sponsor does not believe that any events that may limit the ability of the Plan to transact at contract value are probable.

Average yields:

	2008	2007
Based on annualized earnings*	4.56%	4.67%
Based on interest rate credited to participants**	4.02%	4.53%

\* Computed by dividing the annualized one-day actual earnings of the contract on the last day of the Plan year by the fair value of the investments on the same date.

\*\* Computed by dividing the annualized one-day earnings credited to participants on the last day of the Plan year by the fair value of the investments on the same date.

The following tables present the value of the undivided investments (and related investment income) in the BNY Mellon Fund:

	December 31, 2008	December 31, 2007
GICs	\$ 516,562,223	\$ 561,227,646
Short-term investment fund	46,820,741	16,744,234
Mutual funds	5,237,257	97,937
Interest receivable	2,022,985	2,142,770
Receivable (payable) for securities purchased (sold)	694,984	(1,317,161)
Total at fair value	571,338,190	578,895,426
Adjustments from fair value to contract value for fully benefit-responsive investment contracts	34,780,506	2,726,003
Total at contract value	\$ 606,118,696	\$ 581,621,429

**Table of Contents**

Net investment income for the BNY Mellon Fund is as follows:

	Year Ended December 31, 2008
Interest	\$ 26,202,388
Net Investment Appreciation:	
Mutual funds	143,577
Less: Investment expenses	(993,614)
<b>Total</b>	<b>\$ 25,352,351</b>

**RCM Fund** As of December 31, 2008 and 2007, the Plan's interest in the net assets of the RCM Fund was approximately 1% for both periods. The RCM Fund invests primarily in corporate stocks, which are stated at fair value based on the closing sales price reported on the New York Stock Exchange on the last business day of the Plan year. Investment income (loss) and administrative expenses relating to the RCM Fund are allocated to the individual plans based upon average monthly balances invested by each plan.

The following tables present the value of the undivided investments (and related investment income or loss) in the RCM Fund:

	December 31, 2008	December 31, 2007
Corporate stocks	\$ 46,508,799	\$ 73,993,916
Short-term investment fund	1,331,783	1,934,137
Payables	(55,157)	(156,034)
Receivables	5,020	120,878
<b>Total</b>	<b>\$ 47,790,445</b>	<b>\$ 75,892,897</b>

Net investment loss for the RCM Fund is as follows:

	Year Ended December 31, 2008
Interest	\$ 38,221
Dividends	665,290
Net investment depreciation	(27,695,050)
Less: Investment expenses	(379,363)
<b>Total</b>	<b>\$ (27,370,902)</b>

## **Table of Contents**

### **5. FAIR VALUE MEASUREMENTS**

As discussed in Note 2, the Plan adopted the provisions of SFAS No. 157, *Fair Value Measurements*, effective January 1, 2008. SFAS No. 157 defines fair value as the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date. SFAS No. 157 requires fair value measurements to assume that the transaction occurs in the principal market for the asset or liability (the market with the most volume and activity for the asset or liability from the perspective of the reporting entity), or in the absence of a principal market, the most advantageous market for the asset or liability (the market in which the reporting entity would be able to maximize the amount received or minimize the amount paid). The Plan applies fair value measurements to the Plan's investments in accordance with the requirements described above.

In accordance with SFAS No. 157, the Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. Fair value is based on actively-quoted market prices, if available. In the absence of actively-quoted market prices, the Plan seeks price information from external sources, including broker quotes and industry publications. If pricing information from external sources is not available, or if the Plan believes that observable pricing is not indicative of fair value, judgment is required to develop the estimates of fair value. In those cases, the Plan must estimate prices based on available historical and near-term future price information and certain statistical methods, including regression analysis that reflect market assumptions.

The Plan also utilizes the following fair value hierarchy, which prioritizes the inputs to valuation techniques used to measure fair value, into three broad levels:

- a. *Level 1* Quoted prices (unadjusted) in active markets for identical assets and liabilities that the Plan has the ability to access at the measurement date. Instruments categorized in Level 1 consist of mutual funds that are quoted in an active market.
- b. *Level 2* Inputs other than quoted prices included within Level 1 that are either directly or indirectly observable for the asset or liability, including quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from observable market data by correlation or other means. Instruments categorized in Level 2 consist of the Dominion Stock Fund, Common/Collective Trusts and the RCM Fund. The fair value of these investments is based on the unit value of each fund, which is determined by dividing the net asset value of the fund (based on the quoted market prices of the underlying investments) by the total number of units outstanding.
- c. *Level 3* Unobservable inputs for the asset or liability, including situations where there is little, if any, market activity for the asset or liability. Investments categorized in Level 3 include the BNY Mellon Fund that invests primarily in benefit responsive GICs. Pricing of these investments are provided by a variety of sources, including discounted cash flow analysis, broker quotes and internal models. Loans to participants are also categorized in Level 3 and are valued at amortized cost, which approximates fair value.

**Table of Contents**

The fair value hierarchy gives the highest priority to quoted prices in active markets (Level 1) and the lowest priority to unobservable data (Level 3). In some cases, the inputs used to measure fair value might fall in different levels of the fair value hierarchy. The lowest level input that is significant to a fair value measurement in its entirety determines the applicable level in the fair value hierarchy. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

SFAS No. 157 requires fair value measurements to be separately disclosed by level within the fair value hierarchy and a separate reconciliation of fair value measurements categorized as Level 3.

**Plan Investments**

The following table presents the Plan's investments that are measured at fair value for each hierarchy level as of December 31, 2008:

	Level 1	Level 2	Level 3	Total
Plan Investments at Fair Value:				
Mutual Funds	\$ 4,871,167	\$	\$	\$ 4,871,167
Dominion Stock Fund		4,480,176		4,480,176
Common/Collective Trusts		2,809,365		2,809,365
Loans to participants			781,775	781,775
	\$ 4,871,167	\$ 7,289,541	\$ 781,775	\$ 12,942,483

The following table presents the change in the Plan's loans to participants that are measured at fair value and included in the Level 3 fair value category:

	Level 3 Plan Investments
Balance at January 1, 2008	\$ 583,357
Loan originations and repayments, net	198,418
Balance at December 31, 2008	\$ 781,775

Participant loan repayments, including interest, are returned to the participants account.

**Table of Contents*****Investments Held in Master Trust***

The following table presents the investments held in the Master Trust for the Plan and other employee benefit plans of Dominion and its subsidiaries that are measured at fair value for each hierarchy level as of December 31, 2008:

	Level 1	Level 2	Level 3	Total
Investments held in the Master Trust at Fair Value <sup>(1)</sup> :				
RCM Fund	\$	\$ 47,790,445	\$	\$ 47,790,445
BNY Mellon Fund			571,338,190	571,338,190
	\$	\$ 47,790,445	\$ 571,338,190	\$ 619,128,635

(1) As discussed in Note 4, the Plan's interest in the net assets of the RCM Fund and the BNY Mellon Fund was approximately \$726,752 (1%) and \$3,151,713 (1%), respectively.

The following table presents the change in the investments held in the Master Trust for the Plan and other employee benefit plans of Dominion and its subsidiaries that are measured at fair value and included in the Level 3 fair value category:

	Level 3 Investments Held in Master Trust
Balance at January 1, 2008	\$ 578,895,426
Realized gains	19,110,296
Unrealized losses related to assets still held at the reporting date	(25,812,459)
Purchases, sales, issuances and settlements, net	(855,073)
Balance at December 31, 2008	\$ 571,338,190

The gains and losses on investments held in the Master Trust included in the Level 3 fair value category, including those attributable to the change in unrealized gains and losses relating to assets still held at the reporting date, were classified in loss from Master Trust in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2008.

**6. FEDERAL INCOME TAX STATUS**

The Plan is a qualified employees' profit sharing trust and employee stock ownership plan under Sections 401(a), 401(k) and 404(k) of the IRC and, as such, is exempt from Federal income taxes under Section 501(a). Pursuant to Section 402(a) of the IRC, a participant is not taxed on the income and pretax contributions allocated to the participant's account until such time as the participant or the participant's beneficiaries receive distributions from the Plan.

The Plan obtained its latest determination letter on December 16, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since applying for the determination letter; however, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

**Table of Contents****7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of Common/Collective Trusts and a Master Trust managed by BNY Mellon. BNY Mellon is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

At December 31, 2008 and 2007, the Plan's investment in the Dominion Stock Fund included 125,005 and 97,943 shares, respectively, of common stock of Dominion, the Plan sponsor, with a cost basis of approximately \$5 million and \$4 million, respectively. During the year ended December 31, 2008, the Plan recorded dividend income related to Dominion common stock of approximately \$176,000.

**8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

	December 31, 2008	December 31, 2007
Statement of Net Assets Available for Benefits:		
Net assets available for benefits per the financial statements	\$ 17,111,149	\$ 17,902,949
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(191,862)	(9,473)
Net assets available for benefits per the Form 5500, at fair value	\$ 16,919,287	\$ 17,893,476
		Year Ended December 31, 2008
Statement of Changes in Net Assets Available for Benefits:		
Decrease in net assets per the financial statements		\$ (791,800)
Net change on adjustment from contract value to fair value for fully benefit-responsive investment contracts		(182,389)
Net decrease per the Form 5500		\$ (974,189)

**9. PLAN TERMINATION**

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.
