HARRAH S ENTERTAINMENT, INC.

NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS

MARCH 31, 2010

(UNAUDITED)

Note 1 Basis of Presentation and Organization

Harrah's Entertainment, Inc. (Harrah's Entertainment, the Company, we, our or us, and including our subsidiaries where the context requires) is a Delaware corporation. As of March 31, 2010, we owned, operated or managed 52 casinos, in seven countries, but primarily in the United States and England. Our casino entertainment facilities operate primarily under the Harrah's, Caesars and Horseshoe brand names in the United States. Our casino entertainment facilities include 33 land-based casinos, 12 riverboat or dockside casinos, three managed casinos on Indian lands in the United States, one managed casino in Canada, one combination thoroughbred racetrack and casino, one combination greyhound racetrack and casino, and one combination harness racetrack and casino. Our 33 land-based casinos include one in Uruguay, nine in England, one in Scotland, two in Egypt and one in South Africa. We view each property as an operating segment and aggregate all operating segments into one reporting segment.

On January 28, 2008, Harrah's Entertainment was acquired by affiliates of Apollo Global Management, LLC (Apollo) and TPG Capital, LP (TPG) in an all cash transaction, hereinafter referred to as the Acquisition. Harrah's Entertainment continued as the same legal entity after the Acquisition. As a result of the Acquisition, the issued and outstanding shares of non-voting common stock and non-voting preferred stock of Harrah's Entertainment are owned by entities affiliated with Apollo, TPG, certain co-investors and members of management, and the issued and outstanding shares of voting common stock of Harrah's Entertainment are owned by Hamlet Holdings LLC, which is owned by certain individuals affiliated with Apollo and TPG. As a result of the Acquisition, our stock is no longer publicly traded.

We have recast certain amounts for prior periods to conform to our 2010 presentation.

Note 2 Acquisition of Planet Hollywood

On February 19, 2010, Harrah's Operating Company, Inc. (HOC), a wholly-owned subsidiary of Harrah's Entertainment, Inc., acquired 100% of the equity interests of PHW Las Vegas, LLC (PHW Las Vegas), which owns and operates the Planet Hollywood Resort and Casino (Planet Hollywood) located in Las Vegas, Nevada. PHW Las Vegas is an unrestricted subsidiary of HOC and therefore not a borrower under HOC's credit facilities.

In connection with this transaction, PHW Las Vegas assumed a \$554.3 million, face value, senior secured loan, and a subsidiary of Harrah's Operating cancelled certain debt issued by PHW Las Vegas predecessor entities. In connection with the transaction and the assumption of debt, PHW Las Vegas entered into an amended and restated loan agreement (the Amended and Restated Loan Agreement) as discussed in Note 5, Debt, below.

The Company purchased and paid approximately \$67 million for its initial debt investment in certain predecessor entities of PHW Las Vegas during the second half of 2009. As a result of the cancellation of our debt investment in such predecessor entities of PHW Las Vegas in exchange for the equity of PHW Las Vegas, the Company recognized a gain of \$7.1 million to adjust our investment to reflect the estimated fair value of consideration paid for the acquisition. This gain is reflected in Other income, including interest income, in our Statement of Operations for the quarter ended March 31, 2010. Also, as a result of the acquisition, the Company acquired the net cash balance of PHW Las Vegas, resulting in a positive cash flow of \$13.0 million during the quarter ended March 31, 2010.

Net revenues and income from continuing operations before income taxes (excluding transaction costs associated with the acquisition) of Planet Hollywood subsequent to the date of acquisition through March 31, 2010 of \$26.3 million and \$3.1 million, respectively, are included in consolidated results from operations for the quarter ended March 31, 2010. PHW Las Vegas does not meet the definition of significant subsidiary under regulations issued by the Securities and Exchange Commission and, as a result, pro forma information for periods prior to the acquisition of PHW Las Vegas is not provided.

Table of Contents*Purchase Accounting*

The Company accounted for the acquisition of PHW Las Vegas in accordance with ASC 805, Business Combinations, under which the purchase price of the acquisition has been allocated based upon preliminary estimated fair values of the assets acquired and liabilities assumed, with the excess of estimated fair value over net tangible and intangible assets acquired recorded as goodwill. The preliminary purchase price allocation includes assets and liabilities of PHW Las Vegas as follows:

(In millions)	February 19, 2010
Assets	
Current assets	
Cash and cash equivalents	\$ 31.8
Accounts receivable	14.6
Prepayments and other	5.8
Inventories	1.9
Total current assets	54.1
Land, buildings, riverboats and equipment	485.3
Goodwill	1.3
Intangible assets other than goodwill	5.8
Deferred charges and other	13.1
	559.6
Liabilities	
Current liabilities	
Accounts payable	(1.9)
Interest payable	(1.1)
Accrued expenses	(26.2)
Current portion of long-term debt	(6.8)
Total current liabilities	(36.0)
Long-term debt, net of discount	(433.6)
Deferred credits and other	(15.7)
Net assets acquired	\$ 74.3

The Company has not finalized its purchase price allocation. The most significant of the items not finalized is the determination of deferred tax balances associated with differences between the estimated fair values and the tax bases of assets acquired and liabilities assumed.

Note 3 Recently Issued Accounting Pronouncements

On July 1, 2009 the Financial Accounting Standards Board (FASB) launched the accounting standards codification (ASC); a structural overhaul to U.S. GAAP that changes from a standards-based model (with thousands of individual standards) to a topical based model. For final consensus that have been ratified by the FASB, the ASC will be updated with an Accounting Standards Update (ASU) reference, which is assigned a number that corresponds to the year and that individual ASU's place within the progression (e.g., 2010 1 will be the first ASU issued in 2010). ASUs will replace accounting changes that historically were issued as Statement of Financial Accounting Standards (SFAS), FASB Interpretations (FIN,) FASB Staff Positions (FSPs,) or other types of FASB Standards.

The following are accounting standards adopted or issued during 2010 that could have an impact on our Company.

Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

We adopted the provision of ASU No. 2010-09, *Subsequent Events*, on March 1, 2010. This update adds a definition of the term *SEC filer* to the ASC Master Glossary and removes the definition of *public entity* from the ASC 855 Glossary. Also, the update requires (1) SEC filers and (2) conduit debt obligors for conduit debt securities that are traded in a public market to evaluate subsequent events through the date the financial statements are issued. All other entities are required to evaluate subsequent events through the date the financial statements are available to be issued. In addition; the update exempts SEC filers from disclosing the date through which subsequent events have been evaluated. Because ASU No. 2010-09 applies only to financial statement disclosures, it did not have a material impact on our consolidated financial position, results of operations and cash flows.

We adopted the provision of ASU No. 2010-06, *Improving Disclosures About Fair Value Measurements*, on February 1, 2010. This update adds new requirements for disclosure about transfers into and out of Level 1 and 2 measurements, and separate disclosures about purchases, sales, issuances, and settlements relating to Level 3 measurements. The ASU also clarifies existing fair

Table of Contents

value disclosures about the level of disaggregation and about inputs and valuation techniques used to measure fair value. Further, the ASU amends guidance on employers' disclosures about postretirement benefit plan assets under ASC 715, Compensation - Retirement Benefits, to require that disclosures be provided by classes of assets instead of by major categories of assets. Because ASU No. 2010-06 applies only to financial statement disclosures, it did not have a material impact on our consolidated financial position, results of operations and cash flows.

In June 2009, the FASB issued ASU 2009-17 (ASC Topic 810), Improvements to Financial Reporting by Enterprises Involved with Variable Interest Entities, which is effective as of January 1, 2010. The new standard amends existing consolidation guidance for variable interest entities and requires a company to perform a qualitative analysis when determining whether it must consolidate a variable interest entity. This analysis identifies the primary beneficiary of a variable interest entity as the company that has both the power to direct the activities of a variable interest entity that most significantly impact the entity's economic performance and either the obligation to absorb losses or the right to receive benefits from the entity that could potentially be significant to the variable interest entity. As a result of the adoption of ASU 2009-17, we have two joint ventures which were consolidated within our financial statements for all periods prior to December 31, 2009, and are no longer consolidated beginning in January 2010. The deconsolidation of these two joint ventures resulted in a reduction of our cash balances of \$7.9 million, shown as an operating outflow of cash in our statement of cash flows for the quarter ended March 31, 2010. Net revenues and operating income for the quarter ended March 31, 2009 for these two joint ventures were approximately \$8.8 million and \$0.5 million, respectively. As a result, we believe the adoption of ASU 2009-17 was not material to our financial statements.

Note 4 Goodwill and Other Intangible Assets

We account for our goodwill and other intangible assets in accordance with ASC 350, Intangible Assets - Goodwill and Other, which provides guidance regarding the recognition and measurement of intangible assets, eliminates the amortization of indefinite-lived intangible assets and requires assessments for impairment of intangible assets that are not subject to amortization at least annually.

The following table sets forth changes in our goodwill and other intangible assets for the three months ended March 31, 2010:

(In millions)	Amortizing Intangible Assets	Non-Amortizing Intangible Assets Goodwill	Other
Balance at December 31, 2009	\$ 1,391.0	\$ 3,456.9	\$ 3,560.3

Other	(1.0)	19.5	(1.2)
Balance at March 31, 2010	\$ 1,353.1	\$ 3,477.7	\$ 3,559.1

During March 2010, the Company paid \$19.5 million to a former owner of Chester Downs for resolution of the final contingency associated with the Company's purchase of additional interest in this property. This payment was recorded as goodwill.

The following table provides the gross carrying value and accumulated amortization for each major class of intangible assets other than goodwill:

Table of Contents

The aggregate amortization of intangible assets for the quarter ended March 31, 2010 was \$42.7 million. Estimated annual amortization expense for the years ending December 31, 2010, 2011, 2012, 2013 and 2014 is, \$160.3 million, \$155.8 million, \$154.4 million, \$152.1 million and \$141.9 million, respectively. These amounts do not include amortization expense on the preliminary balances of amortizable intangible assets for PHW Las Vegas, pending finalization of the purchase price allocation. Such amounts are not expected to be material.

At March 31, 2010, \$191.6 million, face amount, of our 5.5% Senior Notes due July 1, 2010, and \$25.0 million, face amount, of our 6.0% Secured Note due July 15, 2010, are classified as long-term in our Consolidated Condensed Balance Sheet because the Company currently has both the intent and the ability to refinance these notes with proceeds from \$750 million principal amount of 12.75% Senior Secured notes issued April 16, 2010, discussed further below. Our current maturities of debt include required interim principal payments on each of our Term Loans, our Chester Downs term loan, and the special improvement district bonds.

On April 16, 2010, Harrah's Operating Escrow LLC and Harrah's Escrow Corporation (the "Escrow Issuers"), wholly-owned subsidiaries of HOC, completed the offering of \$750.0 million aggregate principal amount of 12.75% second-priority senior secured notes due 2018. In connection with the issuance of the notes, on April 16, 2010, HOC delivered notices of redemption (each, a "Redemption Notice", and collectively, the "Redemption Notices") to the holders of HOC's currently outstanding 5.50% Senior Notes due 2010 (the "5.50% Notes"), 8.0% Senior Notes due 2011 (the "8.0% Notes") and 8.125% Senior Subordinated Notes due 2011 (the "8.125% Notes" and, collectively with the 5.50% Notes and the 8.0% Notes, the "2010/2011 Notes"). The Redemption Notices provide for HOC's redemption on May 20, 2010 (the "Redemption Date"), pursuant to the terms of the indentures relating to the 2010/2011 Notes, of all \$17.6 million of 8.125% Notes, \$191.6 million of 5.50% Notes and \$13.2 million of 8.0% Notes at a redemption price of (a) in the case of the 8.125% Notes, 100% of the principal amount of the 8.125% Notes to be redeemed plus the Make-Whole Premium (as defined in the indenture relating to the 8.125% Notes), and (b) in the case of each of the 5.50% Notes and the 8.0% Notes, an amount equal to the greater of (x) 100% of the principal amount of such notes to be redeemed and (y) the sum of the present values of the remaining scheduled payments of principal and interest thereon (not including any portion of such payments of interest accrued as of such Redemption Date) discounted to the Redemption Date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate (as defined in the applicable indenture), plus 25 basis points, as calculated by an Independent Investment Banker (as defined in the applicable indenture), plus, in the case of both (a) and (b), accrued and unpaid interest on the principal amount being redeemed to the Redemption Date.

Credit Agreement and Incremental Facility Amendment

In connection with the Acquisition, HOC entered into the senior secured credit facilities (the "Credit Facilities"). This financing is neither secured nor guaranteed by Harrah's Entertainment's other direct, wholly-owned subsidiaries, including the subsidiaries that own properties that are security for certain real estate loans (the "CMBS Financing") and certain of HOC's subsidiaries that are unrestricted subsidiaries. In late 2009, HOC completed cash tender offers for certain of its outstanding debt, and in connection with these tender offers, HOC borrowed \$1,000 million of new term loans under its Credit Facilities pursuant to an incremental amendment (the "Incremental Loans").

As of March 31, 2010, our Credit Facilities provide for senior secured financing of up to \$8,457.6 million, consisting of (i) senior secured term loan facilities in an aggregate principal amount of up to \$6,827.6 million with \$5,830.1 million maturing on January 20, 2015 and \$997.5 million maturing on October 31, 2016, and (ii) a senior secured revolving credit facility in an aggregate principal amount of \$1,630.0 million, maturing January 28, 2014, including both a letter of credit sub-facility and a swingline loan sub-facility. The term loans under the Credit Facilities require scheduled quarterly payments of \$7.5 million, with the balance due at maturity. A total of \$7,327.6 million face amount of borrowings were outstanding under the Credit Facilities as of March 31, 2010, with an additional \$133.5 million committed to letters of credit. After consideration of these borrowings and letters of credit, \$996.5 million of additional borrowing capacity was available to the Company under its revolving credit facility as of March 31, 2010.

Interest and Fees

Borrowings under the Credit Facilities, other than borrowings under the Incremental Loans, bear interest at a rate equal to the then-current LIBOR rate or at a rate equal to the alternate base rate, in each case plus an applicable margin. As of March 31, 2010, the Credit Facilities, other than borrowings under the Incremental Loans, bore interest at LIBOR plus 300 basis points for the term loans and a portion of the revolver loan, 150 basis points over the alternate base rate for the swingline loan and at the alternate base rate plus 200 basis points for the remainder of the revolver loan.

Borrowings under the Incremental Loans bear interest at a rate equal to either the alternate base rate or the greater of i) the then-current LIBOR rate or ii) 2.0%; in each case plus an applicable margin. At March 31, 2010, borrowings under the Incremental Loans bore interest at the minimum base rate of 2.0%, plus 750 basis points.

In addition, on a quarterly basis, we are required to pay each lender (i) a commitment fee in respect of any unborrowed amounts under the revolving credit facility and (ii) a letter of credit fee in respect of the aggregate face amount of outstanding letters of credit under the revolving credit facility. As of March 31, 2010, the Credit Facilities bore a commitment fee for unborrowed amounts of 50 basis points.

We make monthly interest payments on our CMBS Financing. Our outstanding notes (secured and unsecured) have semi-annual interest payments, with the majority of those payments on June 15 and December 15.

Table of Contents

A change in interest rates on variable-rate debt will impact our financial results. For example, assuming a constant outstanding balance for our variable-rate debt, excluding the \$5,810 million of variable-rate debt for which our interest rate swap agreements are designated as hedging instruments for accounting purposes, for the next twelve months, a hypothetical 1% increase in corresponding interest rates would change interest expense for the twelve months following March 31, 2010 by approximately \$66.4 million. At March 31, 2010, the three-month USD LIBOR rate was 0.268%. A hypothetical reduction of this rate to 0% would decrease interest expense for the next twelve months by approximately \$17.8 million. At March 31, 2010, our variable-rate debt, excluding the aforementioned \$5,810 million of variable-rate debt hedged against interest rate swap agreements, represents approximately 39.5% of our total debt, while our fixed-rate debt is approximately 60.5% of our total debt.

Collateral and Guarantors

HOC's Credit Facilities are guaranteed by Harrah's Entertainment, and are secured by a pledge of HOC's capital stock and by substantially all of the existing and future property and assets of HOC and its material, wholly-owned domestic subsidiaries other than certain unrestricted subsidiaries, including a pledge of the capital stock of HOC's material, wholly-owned domestic subsidiaries and 65% of the capital stock of the first-tier foreign subsidiaries, in each case subject to exceptions. The following casino properties have mortgages under the Credit Facilities:

Additionally, certain undeveloped land in Las Vegas also is mortgaged.

Restrictive Covenants and Other Matters

The Credit Facilities require compliance on a quarterly basis with a maximum net senior secured first lien debt leverage test. In addition, the Credit Facilities include negative covenants, subject to certain exceptions, restricting or limiting HOC's ability and the ability of its restricted subsidiaries to, among other things: (i) incur additional debt; (ii) create liens on certain assets; (iii) enter into sale and lease-back transactions (iv) make certain investments, loans and advances; (v) consolidate, merge, sell or otherwise dispose of all or any part of its assets or to purchase, lease or otherwise acquire all or any substantial part of assets of any other person; (vi) pay dividends or make distributions or make other restricted payments; (vii) enter into certain transactions with its affiliates; (viii) engage in any business other than the business activity conducted at the closing date of the loan or business activities incidental or related thereto; (ix) amend or modify the articles or certificate of incorporation, by-laws and certain agreements or make certain payments or modifications of indebtedness; and (x) designate or permit the designation of any indebtedness as Designated Senior Debt.

Harrah's Entertainment is not bound by any financial or negative covenants contained in HOC's credit agreement, other than with respect to the incurrence of liens on and the pledge of its stock of HOC.

All borrowings under the senior secured revolving credit facility are subject to the satisfaction of customary conditions, including the absence of a default and the accuracy of representations and warranties, and the requirement that such borrowing does not reduce the amount of obligations otherwise permitted to be secured under our new senior secured credit facilities without ratably securing the retained notes.

Certain covenants contained in HOC's credit agreement require the maintenance of a senior first priority secured debt to last twelve months (LTM) Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA), as defined in the agreements, ratio (Senior Secured Leverage Ratio). The June 3, 2009 amendment and waiver to our credit agreement excludes from the Senior Secured Leverage Ratio (a) the

\$1,375.0 million first lien notes issued June 15, 2009 and the \$720.0 million first lien notes issued on September 11, 2009 and (b) up to \$250 million aggregate principal amount of consolidated debt of subsidiaries that are not

wholly-owned subsidiaries. Certain covenants contained in HOC's credit agreement governing its senior secured credit facilities, the indenture and other agreements governing HOC's 10.0% Second-Priority Senior Secured Notes due 2015 and 2018, and our first lien notes restrict our ability to take certain actions such as incurring additional debt or making acquisitions if we are unable to meet defined Adjusted EBITDA to Fixed Charges, senior secured debt to LTM Adjusted EBITDA and consolidated debt to LTM Adjusted EBITDA ratios. The covenants that restrict additional indebtedness and the ability to make future acquisitions require an LTM Adjusted EBITDA to Fixed Charges ratio (measured on a trailing four-quarter basis) of 2.0:1.0. Failure to comply with these covenants can result in limiting our long-term growth prospects by hindering our ability to incur future indebtedness or grow through acquisitions.

The indenture governing the 10.75% Senior Notes, 10.75%/11.5% Senior Toggle Notes and the agreements governing the other cash pay debt and PIK toggle debt limit HOC's (and most of its subsidiaries') ability to among other things: (i) incur additional debt or issue certain preferred shares; (ii) pay dividends or make distributions in respect of our capital stock or make other restricted payments; (iii) make certain investments; (iv) sell certain assets; (v) with respect to HOC only, engage in any business or own any material asset other than all of the equity interest of HOC so long as certain investors hold a majority of the notes; (vi) create or permit to exist dividend and/or payment restrictions affecting its restricted subsidiaries; (vii) create liens on certain assets to secure debt; (viii) consolidate, merge, sell or otherwise dispose of all or substantially all of its assets; (ix) enter into certain transactions with its affiliates; and (x) designate its subsidiaries as unrestricted subsidiaries. Subject to certain exceptions, the indenture governing the notes and the agreements governing the other cash pay debt and PIK toggle debt will permit us and our restricted subsidiaries to incur additional indebtedness, including secured indebtedness.

Other Financing Transactions

Acquisition of Planet Hollywood

On February 19, 2010, HOC acquired 100% of the equity interests of PHW Las Vegas, which owns and operates the Planet Hollywood Resort and Casino located in Las Vegas, Nevada. In connection with this transaction, PHW Las Vegas assumed a \$554.3 million, face value, senior secured loan, and a subsidiary of HOC cancelled certain debt issued by PHW Las Vegas' predecessor entities. In connection with the transaction and the assumption of debt, PHW Las Vegas entered into the Amended and Restated Loan Agreement with Wells Fargo Bank, N.A., as trustee for The Credit Suisse First Boston Mortgage Securities Corp. Commercial Mortgage Pass-Through Certificates, Series 2007-TFL2 ("Lender"). The \$554.3 million outstanding under the Amended and Restated Loan Agreement bears interest at a rate per annum equal to LIBOR plus 2.859% (the "Applicable Interest Rate"), is secured by the assets of PHW Las Vegas, and is non-recourse to other subsidiaries of the Company. PHW Las Vegas is an unrestricted subsidiary of HOC and therefore not a borrower under HOC's credit facilities. A subsidiary of HOC manages the property for PHW Las Vegas for a fee. The maturity date for this loan is December 2011, with two extension options, which, if exercised, would extend maturity until April 2015.

Guaranty

In connection with PHW Las Vegas' Amended and Restated Loan Agreement, Harrah's Entertainment entered into a Guaranty Agreement (the "Guaranty") for the benefit of Lender pursuant to which Harrah's Entertainment guaranteed to Lender certain recourse liabilities of PHW Las Vegas. Harrah's Entertainment's maximum aggregate liability for such recourse liabilities is limited to \$30.0 million provided that such recourse liabilities of PHW Las Vegas do not arise from (i) events, acts, or circumstances that are actually committed by, or voluntarily or willfully brought about by Harrah's Entertainment or (ii) event, acts, or circumstances (regardless of the cause of the same) that provide actual benefit (in cash, cash equivalent, or other quantifiable amount) to the Registrant, to the full extent of the actual benefit received by the Registrant. Pursuant to the Guaranty, Harrah's Entertainment is required to maintain a net worth or liquid assets of at least \$100.0 million.

Prepayments

PHW Las Vegas may, at its option, voluntarily prepay the loan in whole or in part upon twenty (20) days prior written notice to Lender.

PHW Las Vegas is required to prepay the loan in (i) the amount of any insurance proceeds received by Lender for which Lender is not obligated to make available to PHW Las Vegas for restoration in accordance with the terms of the Amended and Restated Loan Agreement, (ii) the amount of any proceeds received from the operator of the timeshare property adjacent to the Planet Hollywood Resort and Casino, subject to the limitations set forth in the Amended and Restated Loan Agreement and (iii) the amount of any excess cash remaining after application of the cash management provisions of the Amended and Restated Loan Agreement.

Interest Payments

Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

On each scheduled monthly payment date prior to the maturity date, PHW Las Vegas pays to Lender interest accruing at the Applicable Interest Rate.

Table of Contents**Amendment to CMBS Financing**

On March 5, 2010, we received the consent of the lenders under our CMBS financing to amend the terms of the CMBS Financing to, among other things, (i) provide our subsidiaries that are borrowers under the CMBS mortgage loan and/or related mezzanine loans (CMBS Loans) the right to extend the maturity of the CMBS Loans, subject to certain conditions, by up to 2 years until February 2015, (ii) amend certain terms of the CMBS Loans with respect to reserve requirements, collateral rights, property release prices and the payment of management fees, (iii) provide for ongoing mandatory offers to repurchase CMBS Loans using excess cash flow from the CMBS entities at discounted prices, (iv) provide for the amortization of the mortgage loan in certain minimum amounts upon the occurrence of certain conditions and (v) provide for certain limitations with respect to the amount of excess cash flow from the CMBS entities that may be distributed to us. Any CMBS Loan purchased pursuant to the amendments will be cancelled. The amendment to the terms of the CMBS Loans will become effective upon execution of definitive documentation.

In the fourth quarter of 2009, we purchased approximately \$950 million of face value of CMBS Loans for approximately \$237 million. Pursuant to the terms of the amendment, we have agreed to pay lenders selling CMBS Loans during the fourth quarter 2009 an additional \$48 million for their loans previously sold, subject to the execution of definitive documentation for the amendment. This additional liability was recorded as a loss on early extinguishment of debt during the quarter ended March 31, 2010. In addition, we have agreed to purchase approximately \$124 million of face value of CMBS Loans for \$37 million, subject to the execution of definitive documentation for the amendment.

Derivative Instruments Interest Rate Swap Agreements

We use interest rate swaps to manage the mix of our debt between fixed and variable rate instruments. As of March 31, 2010 we have entered into 10 interest rate swap agreements for notional amounts totaling \$6,500 million. The difference to be paid or received under the terms of the interest rate swap agreements is accrued as interest rates change and recognized as an adjustment to interest expense for the related debt. Changes in the variable interest rates to be paid or received pursuant to the terms of the interest rate swap agreements will have a corresponding effect on future cash flows. The major terms of the interest rate swap agreements as of March 31, 2010 are as follows:

Effective Date	Notional Amount (In millions)	Fixed Rate Paid	Variable Rate Received as of March 31, 2010	Next Reset Date	Maturity Date

April 25, 2008	2,000	4.276%	0.249%	April 26, 2010	April 25, 2013
April 25, 2008	2,000	4.263%	0.249%	April 26, 2010	April 25, 2013
April 25, 2008	1,000	4.172%	0.249%	April 26, 2010	April 25, 2012

The variable rate on our interest rate swap agreements did not materially change as a result of the April 26, 2010 reset.

Until October 2009, our interest rate swap agreements were designated as cash flow hedging instruments for accounting purposes. During October 2009, we borrowed \$1,000 million under the Incremental Loans and used a majority of the net proceeds to temporarily repay most of our revolving debt under the Credit Facility. As a result, we no longer had a sufficient amount of outstanding debt under the same terms as our interest rate swap agreements to support hedge accounting treatment for the full \$6,500 million in interest rate swaps. Thus, as of September 30, 2009, we removed the cash flow hedge designation for the \$1,000 million swap agreement, freezing the amount of deferred losses recorded in Other Comprehensive Income associated with this swap agreement, and reducing the total notional amount on interest rate swaps designated as cash flow hedging instruments to \$5,500 million. Beginning October 1, 2009, we began amortizing deferred losses frozen in Other Comprehensive Income into income over the original remaining term of the hedged forecasted transactions that are still considered to be probable of occurring. We will record \$8.7 million as an increase to interest expense and other comprehensive income over the next 12 months related to deferred losses on the \$1,000 million interest rate swap.

During the fourth quarter of 2009, we re-designated approximately \$310 million of the \$1,000 million swap as a cash flow hedging instrument. As a result, at March 31, 2010, \$5,810 million of our total interest rate swap notional amount of \$6,500 million remained designated as hedging.

instruments for accounting purposes. Any future changes in fair value of the portion of the interest rate swap not designated as a hedging instrument will be recognized in Interest expense during the period in which the changes in value occur.

Table of Contents**Derivative Instruments Interest Rate Cap Agreements**

On January 28, 2008, we entered into an interest rate cap agreement to partially hedge the risk of future increases in the variable rate of the CMBS Financing. The interest rate cap agreement, which was effective January 28, 2008 and terminates February 13, 2013, is for a notional amount of \$6,500 million at a LIBOR cap rate of 4.5%. The interest rate cap was designated as a cash flow hedging instrument for accounting purposes on May 1, 2008.

On November 30, 2009, we purchased and extinguished approximately \$948.8 million of the CMBS Financing. The hedging relationship between the CMBS Financing and the interest rate cap has remained effective subsequent to the debt extinguishment. As a result of the extinguishment, in the fourth quarter 2009, we reclassified approximately \$12.1 million of deferred losses out of accumulated other comprehensive income and into interest expense associated with hedges for which the forecasted future transactions are no longer probable of occurring.

On January 31, 2010, we removed the cash flow hedge designation for the \$6,500 million interest rate cap, freezing the amount of deferred losses recorded in Other Comprehensive Income associated with the interest rate cap. Beginning February 1, 2010, we began amortizing deferred losses frozen in Other Comprehensive Income into income over the original remaining term of the hedge forecasted transactions that are still probable of occurring. We will record \$20.9 million as an increase to interest expense and other comprehensive income over the next 12 months related to deferred losses on the interest rate cap.

On January 31, 2010, we re-designated \$4,650 million of the interest rate cap as a cash flow hedging instrument for accounting purposes. Any future changes in fair value of the portion of the interest rate cap not designated as a hedging instrument will be recognized in Interest expense during the period in which the changes in value occur.

On April 5, 2010, as required under the amended and restated loan agreement, we entered into an interest rate cap agreement to partially hedge the risk of future increases in the variable rate of the PHW Las Vegas senior secured loan. The interest rate cap agreement is for a notional amount of \$554.3 million at a LIBOR cap rate of 5%, and matures on December 9, 2011. To give proper consideration to the prepayment requirements of the PHW Las Vegas term loan, we have designated only \$525 million of the \$554.3 million notional amount of the interest rate cap as a cash flow hedging instrument for accounting purposes.

Interest Rate Contracts	Interest Expense	\$ 4.9

In addition to the impact on interest expense from amounts reclassified from other comprehensive income, the difference to be paid or received under the terms of the interest rate swap agreements is recognized as interest expense and is paid quarterly. This cash settlement portion of the interest rate swap agreements increased interest expense for the quarters ended March 31, 2010 and 2009 by approximately \$66.4 million and \$43.2 million, respectively.

Note 6 Stock-Based Employee Compensation

As of March 31, 2010, there was approximately \$68.2 million of total unrecognized compensation cost related to stock option grants. In 2010, our share-based compensation expense consists primarily of time-based options and performance-based options that have been granted to management, other personnel and key service providers. The Company has recognized compensation expense associated with its stock-based employee compensation programs as follows:

(In millions)	Quarter Ended March 31,	
	2010	2009
Amounts included in:		
Corporate expense	\$ 4.2	\$ 2.6
Property G&A	2.5	1.5
Total Compensation Expense	6.7	\$ 4.1

On February 23, 2010, the Human Resources Committee of the Board of Directors of the Company adopted an amendment to the Harrah's Entertainment, Inc. Management Equity Incentive Plan (the "Plan"). The amendment provides for an increase in the available number shares of the Registrant's non-voting common stock for which options may be granted to 4,566,919 shares.

Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

The amendment also revised the vesting hurdles for performance-based options under the Plan. The performance options vest if the return on investment in the Company of TPG, Apollo, and their respective affiliates and co-investors (the Majority Stockholders) achieve a specified return. Previously, 50% of the performance-based options vested upon a 2x return and 50% vested upon a 3x return. The triggers have been revised to 1.5x and 2.5x, respectively. In addition, a pro-rata portion of the 2.5x options will vest if the Majority Stockholders achieve a return on their investment that is greater than 2.0x, but less than 2.5x. The pro rata portion will increase on a straight line basis from zero to a participant's total number of 2.5x options depending upon the level of returns that the Majority Stockholders realize between 2.0x and 2.5x.

Note 7 Preferred and Common Stock*Preferred Stock*

At March 31, 2010 and December 31, 2009, the authorized shares of preferred stock were 40,000,000, par value \$0.01 per share, stated value \$100.00 per share.

On January 28, 2008, our Board of Directors adopted a resolution authorizing the creation and issuance of a series of preferred stock known as the Non-Voting Perpetual Preferred Stock. The number of shares constituting such series was 20,000,000. Each share of non-voting preferred stock accrued dividends at a rate of 15.0% per annum, compounded quarterly, and such dividends were cumulative. As of December 31, 2009, dividends in arrears were \$652.6 million.

In February 2010, the Board of Directors approved revisions to the Certificate of Designation for the non-voting perpetual preferred stock to eliminate dividends (including all existing accrued but unpaid dividends totaling \$717.2 million at the revision approval date) and to specify that the conversion right of the non-voting perpetual preferred stock be at the original value of the Company's non-voting common stock. In March 2010, Hamlet Holdings LLC (the holder of all of the Company's voting common stock) and holders of a majority of our non-voting perpetual preferred stock approved the revisions to the Certificate of Designation. Also in March 2010, the holders of a majority of our non-voting perpetual preferred stock voted to convert all of the non-voting perpetual preferred stock to non-voting common stock.

As a result of the conversion of preferred stock into common stock, the Company has no shares of preferred stock outstanding as of March 31, 2010.

Common Stock

As of December 31, 2009, the authorized common stock of the Company totaled 80,000,020 shares, consisting of 20 shares of voting common stock, par value \$0.01 per share and 80,000,000 shares of non-voting common stock, par value \$0.01 per share.

Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

As disclosed above, in March 2010, the holders of our voting common stock and of a majority of our non-voting preferred stock voted to convert all of the non-voting perpetual preferred stock to non-voting common stock. As a result of this conversion, the Company issued 19,935,534 additional shares of non-voting common stock.

Table of Contents

The voting common stock has no economic rights or privileges, including rights in liquidation. The holders of voting common stock shall be entitled to one vote per share on all matters to be voted on by the stockholders of the Company.

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Company, holders of non-voting common stock will receive a pro rata distribution of any remaining assets after payment of or provision for liabilities and the liquidation preference on preferred stock, if any.

Note 8 Write-downs, Reserves and Recoveries

Write-downs, reserves and recoveries include various pretax charges to record long-lived tangible asset impairments, contingent liability reserves, project write-offs, demolition costs, recoveries of previously recorded non-routine reserves and other non-routine transactions. The components of write-downs, reserves and recoveries were as follows:

(In millions)	Quarter Ended March 31,	
	2010	2009
Remediation costs	\$ 16.1	\$ 7.6
Efficiency projects	0.4	8.7
Impairment of long-lived tangible assets		8.1
Loss on divested or abandoned assets		0.7
Litigation reserves, awards and settlements	0.5	0.6
Other	(4.5)	1.7
Total Write-downs, reserves and recoveries	\$ 12.5	\$ 27.4

Remediation costs relate to room remediation projects at certain of our Las Vegas properties.

Efficiency program expenses in 2010 and 2009 represent costs incurred to identify and implement efficiency projects aimed at stream-lining corporate and operating functions to achieve cost savings and efficiencies. In 2009, the majority of the costs incurred related to the closing of the office in Memphis, Tennessee, which previously housed certain corporate functions.

We account for long-lived tangible assets to be held and used by evaluating their carrying value in relation to the operating performance and estimated future undiscounted cash flows generated by such assets, when indications of impairment are present. For the quarter ended March 31, 2009, we recorded impairment charges of \$8.1 million, of which \$6.9 million related to long-lived tangible assets at our Horseshoe Hammond property.

Other write-downs, reserves and recoveries for the quarter ended March 31, 2010 includes the release of a \$4.8 million reserve for excise tax for which the statute of limitations has recently expired.

Note 9 Income Taxes

We are subject to income taxes in the United States as well as various states and foreign jurisdictions in which we operate. We account for income taxes under ASC 740 Accounting for Income Taxes, whereby deferred tax assets and liabilities are recognized for the expected future tax consequences of events that have been included in the financial statements or income tax returns. Deferred tax assets and liabilities are determined based on differences between financial statement carrying amounts of existing assets and their respective tax bases using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

The Company's income tax provision/(benefit) and effective tax rate were as follows:

(In millions, except effective tax rate)	Quarter ended March 31,
--	----------------------------

Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

	2010	2009
Loss from continuing operations before income tax	\$ (298.5)	\$ (201.7)
Benefit for income taxes	\$ (104.9)	\$ (74.3)
Effective tax rate	(35.1)%	(36.8)%
Benefit for income taxes at 35%	\$ (104.5)	\$ (70.6)
Difference between tax at effective vs. statutory rate	\$ (0.4)	\$ (3.7)

Table of Contents

For the quarters ended March 31, 2010 and 2009, the differences between the Company's recorded tax benefit and the benefit that would result from applying the U.S. statutory rate of 35.0% were primarily attributable to: (1) state income taxes; (2) foreign income taxes; (3) losses generated within the U.S. and certain jurisdictions outside the U.S. that were not benefited due to management's conclusion that it was less than more likely than not that the tax benefits would be realized; (4) adjustments for uncertain tax positions; and (5) other permanent book/tax differences.

We file income tax returns, including returns for our subsidiaries, with federal, state, and foreign jurisdictions. We are under regular and recurring audit by the Internal Revenue Service (IRS) on open tax positions, and it is possible that the amount of the liability for unrecognized tax benefits could change during the next twelve months. As a result of the expiration of the statute of limitations and closure of IRS audits, our 2004 and 2005 federal income tax years were closed during the year ended December 31, 2009. The IRS audit of our 2006 federal income tax year also concluded during the year ended December 31, 2009. We participated in the IRS's Compliance Assurance Program (CAP) for the 2007 and 2008 tax years. The IRS audit of our 2007 federal income tax year concluded during the quarter ended March 31, 2010. Our 2008 federal income tax year is currently under post-CAP review by the IRS. We did not participate in the IRS's CAP program for our 2009 income tax year and we are not participating in the CAP program for the 2010 income tax year.

We are also subject to exam by various state and foreign tax authorities. Tax years prior to 2005 are generally closed for foreign and state income tax purposes as the statutes of limitations have lapsed. However, various subsidiaries are still capable of being examined by the New Jersey Division of Taxation for tax years beginning with 1999 due to our execution of New Jersey statute of limitation extensions.

We classify reserves for tax uncertainties within Accrued expenses and Deferred credits and other in our Consolidated Balance Sheets, separate from any related income tax payable or deferred income taxes. In accordance with ASC 740, reserve amounts relate to any potential income tax liabilities resulting from uncertain tax positions as well as potential interest or penalties associated with those liabilities. For the quarter ended March 31, 2010, we recorded an increase in gross unrecognized tax benefit (UTB) of \$74.2 million as a result of tax positions taken during a prior year. The increase in gross UTB was related to cancellation of indebtedness income. None of the total amount of the increase in gross UTB during the quarter ended March 31, 2010, if recognized, would benefit the effective tax rate. There was no decrease in gross UTB during the quarter ended March 31, 2010, which, upon recognition, benefited the effective tax rate.

Note 10 Fair Value Measurements

ASC 820 Fair Value Measurements and Disclosures, outlines a valuation framework and creates a fair value hierarchy in order to increase the consistency and comparability of fair value measurements and the related disclosures. ASC 820 clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based upon assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1: Observable inputs such as quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date;

Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

Under ASC 825, Financial Instruments, entities are permitted to choose to measure many financial instruments and certain other items at fair value. We did not elect the fair value measurement option under ASC 825 for any of our financial assets or financial liabilities.

Table of Contents**Items Measured at Fair Value on a Recurring Basis**

The following table shows the fair value of our financial assets and financial liabilities that are required to be measured at fair value as of March 31, 2010 and December 31, 2009.

(In millions)	Balance at March 31, 2010	Level 1	Level 2	Level 3
March 31, 2010:				
Assets:				
Cash equivalents	\$ 281.1	\$ 281.1	\$	\$
Investments	90.2	74.6	15.6	
Derivative instruments	20.2		20.2	
Liabilities:				
Derivative instruments	(400.1)		(400.1)	

(In millions)	Balance at December 31, 2009	Level 1	Level 2	Level 3
December 31, 2009:				
Assets:				
Cash equivalents	\$ 132.7	\$ 132.7	\$	\$
Investments	88.9	73.4	15.5	
Derivative instruments	56.8		56.8	
Liabilities:				
Derivative instruments	(375.2)		(375.2)	

The following section describes the valuation methodologies used to estimate or measure fair value, key inputs, and significant assumptions:

Cash equivalents Cash equivalents are investments in money market accounts and utilize Level 1 inputs to determine fair value.

Derivative instruments The estimated fair values of our derivative instruments are derived from market prices obtained from dealer quotes for similar, but not identical, assets or liabilities. Such quotes represent the estimated amounts we would receive or pay to terminate the contracts. Derivative instruments are included in either Deferred charges and other, or Deferred credits and other, in our Consolidated Condensed Balance Sheets. Our derivatives are recorded at their fair values, adjusted for the credit rating of the counterparty if the derivative is an asset, or adjusted for the credit rating of the Company if the derivative is a liability. See Note 5, Debt, for more information on our derivative instruments.

Investments Investments are primarily debt and equity securities, the majority of which are traded in active markets, have readily determined market values and use level 1 inputs. Those debt and equity securities for which there are not active markets or the market values are not readily determinable are valued using Level 2 inputs. All of these investments are included in either Prepayments and other, or Deferred charges and other, in our Consolidated Balance Sheets.

Items to be Disclosed at Fair Value

Long-Term Debt The fair value of the Company's debt has been calculated based on the borrowing rates available as of March 31, 2010, for debt with similar terms and maturities and market quotes of our publicly traded debt. As of March 31, 2010, the Company's outstanding debt had a fair value of \$19,382.5 million and a carrying value of \$19,329.6 million. The Company's interest rate swaps used for hedging purposes had fair values equal to their carrying values, in the aggregate a liability of \$400.1 million, and our interest rate cap agreement had a fair value equal to its carrying value as an asset of \$20.2 million at March 31, 2010. See additional discussion about derivatives in Note 5, Debt.

Note 11 Commitments and Contingent Liabilities

Contractual Commitments

We continue to pursue additional casino development opportunities that may require, individually and in the aggregate, significant commitments of capital, up-front payments to third parties and development completion guarantees.

The agreements pursuant to which we manage casinos on Indian lands contain provisions required by law that provide that a minimum monthly payment be made to the tribe. That obligation has priority over scheduled repayments of borrowings for development costs and over the management fee earned and paid to the manager. In the event that insufficient cash flow is generated by the operations to fund this payment, we must pay the shortfall to the tribe. Subject to certain limitations as to time, such advances, if any, would be repaid to us in future periods in which operations generate cash flow in excess of the required minimum payment. These commitments will terminate upon the occurrence of certain defined events, including termination of the management contract. Our aggregate monthly commitment for the minimum guaranteed payments, pursuant to these contracts for the three managed Indian-owned facilities now open, which extend for periods of up to 57 months from March 31, 2010, is \$1.2 million. Each of these casinos currently generates sufficient cash flows to cover all of its obligations, including its debt service.

In February 2008, we entered into an agreement with the State of Louisiana whereby we extended our guarantee of an annual payment obligation of Jazz Casino Company, LLC, our wholly-owned subsidiary and owner of Harrah's New Orleans, of \$60 million owed to the State of Louisiana. The guarantee currently expires on March 31, 2011.

In addition to the guarantees discussed above, we had total aggregate non-cancelable purchase obligations of \$945.7 million as of March 31, 2010, including construction-related commitments.

The Supreme Court of Nevada decided in early 2008 that food purchased for subsequent use in the provision of complimentary and/or employee meals is exempt from use tax. Previously, such purchases were subject to use tax and the Company has claimed, but not recognized into earnings, a use tax refund totaling \$32.2 million, plus interest, as a result of the 2008 decision. In early 2009, the Nevada Department of Taxation audited our refund claim, but has taken the position that those same purchases are now subject to sales tax; therefore, they subsequently issued a sales tax assessment totaling \$27.4 million plus interest after application of our refund on use tax. While we have established certain reserves against possible loss on this matter, we believe that the Nevada Department of Taxation's position has no merit and intend to litigate the issue.

Employment Agreements

We have an employment agreement with one executive that provides for payments to the executive in the event of his termination after a change in control, as defined, and provides for, among other things, a compensation payment of 3.0 times the executive's average annual compensation, as defined. The estimated amount, computed as of March 31, 2010, that would be payable under the agreement to the executive based on the compensation payment aggregated approximately \$15.8 million. The estimated amount that would be payable to the executive does not include the tax gross-up payment, provided for in the agreement, that would be payable to the executive if the executive becomes entitled to severance payments which are subject to federal excise tax.

Self-Insurance

We are self-insured for various levels of general liability, workers' compensation, employee medical coverage and other coverage. Insurance claims and reserves include accruals of estimated settlements for known claims, as well as accruals of actuarial estimates of incurred but not reported claims.

Note 12 Litigation

Litigation Related to Employee Benefit Obligations

In December 1998, Hilton Hotels Corporation (Hilton) spun-off its gaming operations as Park Place Entertainment Corporation (Park Place). In connection with the spin-off, Hilton and Park Place entered an Employee Benefits and Other Employment Allocation Agreement dated December 31, 1998 (the Allocation Agreement) whereby Park Place assumed or retained, as applicable, liabilities and excess assets, if any, related to the Hilton Hotels Retirement Plan (the Hilton Plan) based on the accrued benefits of Hilton employees and Park Place employees. Park Place changed its name to Caesars Entertainment, Inc. (Caesars) and the Company acquired Caesars in June 2005. In 1999 and 2005, the United

Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

States District Court for the District of Columbia certified two nationwide class action lawsuits against Hilton alleging that the Hilton Plan's benefit formula was back loaded in violation of ERISA, and that Hilton failed to properly calculate Hilton Plan participants' service for vesting purposes. In May 2009, the Court issued a decision granting summary judgment to the plaintiffs. The plaintiffs and Hilton are undertaking Court-mandated efforts to determine an appropriate remedy.

Table of Contents

The Company received a letter from Hilton in October 2009 alleging potential liability under the above described claims and under the terms of the Allocation Agreement. The Company may be responsible for a portion of the liability resulting from the claims noted above. We are monitoring the status of the lawsuit, remedy determination, and our potential liability, if any.

Litigation Related to Our Operations

In April 2000, the Saint Regis Mohawk Tribe (the "Tribe") granted Caesars the exclusive rights to develop a casino project in the State of New York. On April 26, 2000, certain individual members of the Tribe purported to commence a class action proceeding in a Tribal Court in Hogsburg, New York, against Caesars seeking to nullify Caesars' agreement with the Tribe. On March 20, 2001, the Tribal Court purported to render a default judgment against Caesars in the amount of \$1,787 million. Prior to our acquisition of Caesars in June 2005, it was believed that this matter was settled pending execution of final documents and mutual releases. Although fully executed settlement documents were never provided, on March 31, 2003, the United States District Court for the Northern District of New York dismissed litigation concerning the validity of the judgment, without prejudice, while retaining jurisdiction to reopen that litigation, if, within three months thereof, the settlement had not been completed. On June 22, 2007, a lawsuit was filed in the United States District Court for the Northern District of New York against us by certain trustees of the Catskill Litigation Trust alleging the Catskill Litigation Trust had been assigned the Tribal Court judgment and seeks to enforce it, with interest. According to a Tribal Court order, accrued interest through July 9, 2007, was approximately \$1,014 million. On September 28, 2009, the Court entered summary judgment against the Tribe and dismissed the action, ruling that although alternative grounds were presented in the motion, the subject matter of the action was asserted in a prior action and settled by an oral agreement to end that matter with prejudice. On October 27, 2009, the Tribe filed a Notice of Appeal to the United States Court of Appeals for the Second Circuit. We have a settlement in principle with the Tribe that is subject to definitive documentation.

Litigation Related to Development

On March 6, 2008, Caesars Bahamas Investment Corporation ("CBIC"), an indirect subsidiary of HOC, terminated its previously announced agreement to enter into a joint venture in the Bahamas with Baha Mar Joint Venture Holdings Ltd. and Baha Mar JV Holding Ltd. (collectively, "Baha Mar"). To enforce its rights, on March 13, 2008, CBIC filed a complaint against Baha Mar, and the Baha Mar Development Company Ltd., in the Supreme Court of the State of New York, seeking a declaratory judgment with respect to CBIC's rights under the Subscription and Contribution Agreement (the "Subscription Agreement"), between CBIC and Baha Mar dated January 12, 2007. Pursuant to the Subscription Agreement, CBIC agreed, subject to certain conditions, to subscribe for shares in Baha Mar Joint Venture Holdings Ltd., which was formed to develop and construct a casino, golf course and resort project in the Bahamas. The complaint alleges that (i) the Subscription Agreement grants CBIC the right to terminate the agreement at any time prior to the closing of the transactions contemplated therein, if the closing does not occur on time; (ii) the closing did not occur on time; and, (iii) CBIC exercised its right to terminate the Subscription Agreement, and to abandon the transactions contemplated therein. The complaint seeks a declaratory judgment that the Subscription Agreement has been terminated in accordance with its terms and the transactions contemplated therein have been abandoned.

Baha Mar and Baha Mar Development Company Ltd. ("Baha Mar Development") filed an Amended Answer and Counterclaims against CBIC and a Third Party Complaint dated June 18, 2008 against HOC in the Supreme Court of the State of New York. Baha Mar and Baha Mar Development allege that CBIC wrongfully terminated the Subscription Agreement and that CBIC wrongfully failed to make capital contributions under the Joint Venture Investors Agreement, by and between CBIC and Baha Mar, dated January 12, 2007. In addition, Baha Mar and Baha Mar Development allege that HOC wrongfully failed to perform its purported obligations under the Harrah's Baha Mar Joint Venture Guaranty, dated January 12, 2007. Baha Mar and Baha Mar Development assert claims for breach of contract, breach of fiduciary duty, promissory estoppel, equitable estoppel and negligent misrepresentation. Baha Mar and Baha Mar Development seek (i) declaratory relief; (ii) specific performance; (iii) the recovery of alleged monetary damages; (iv) the recovery of attorneys fees, costs, and expenses and (v) the dismissal with prejudice of CBIC's Complaint. CBIC and HOC each answered, denying all allegations of wrongdoing. During the quarter ended June 30, 2009, both sides filed motions for summary judgment.

At the conclusion of oral argument on October 6, 2009, on cross motions for summary judgment, the Court stated that it was going to grant summary judgment to CBIC and HOC and that Baha Mar Development's claims are dismissed. The Court entered its written decision on February 1, 2010. On February 18, 2010, Baha Mar Development filed an appeal. CBIC and HOC filed an appellate brief on April 21, 2010. Additionally, in January 2010 CBIC and HOC filed a motion to recover attorney's fees and in March 2010 Baha Mar Development filed a motion for a stay of fee hearing pending appeal. On April 1, 2010, the state appeals court refused to grant Baha Mar Development's motion for a stay of the fee hearing. The fee hearing was set for May 6, 2010.

Table of Contents*Litigation Related to the December 2008 Exchange Offer*

On January 9, 2009, S. Blake Murchison and Willis Shaw filed a purported class action lawsuit in the United States District Court for the District of Delaware, Civil Action No. 09-00020-SLR, against Harrah's Entertainment, Inc. and its board of directors, and Harrah's Operating Company, Inc. The lawsuit was amended on March 4, 2009, alleging that the bond exchange offer which closed on December 24, 2008 wrongfully impaired the rights of bondholders. The amended complaint alleges, among others, breach of the bond indentures, violation of the Trust Indenture Act of 1939, equitable rescission, and liability claims against the members of the board. The amended complaint seeks, among other relief, class certification of the lawsuit, declaratory relief that the alleged violations occurred, unspecified damages to the class, and attorneys' fees. On April 30, 2009 the defendants stipulated to the plaintiff's request to dismiss the lawsuit, without prejudice, which the court entered on June 18, 2009. Plaintiff requested the court to award its attorneys' fees. On March 31, 2010, the court denied plaintiff's request for fees and plaintiff has filed a notice of appeal with the Third Circuit United States Courts of Appeals.

Other

In addition, the Company is party to ordinary and routine litigation incidental to our business. We do not expect the outcome of any pending litigation to have a material adverse effect on our consolidated financial position or results of operations.

Note 15 Related Party Transactions

In connection with the Acquisition, Apollo, TPG and their affiliates entered into a services agreement with Harrah's Entertainment relating to the provision of financial and strategic advisory services and consulting services. In addition, we pay a monitoring fee for management services and advice. Fees for each of the quarters ended March 31, 2010 and 2009 were \$7.3 million, which are included in Corporate expense in our Consolidated Statements of Operations. We also reimburse Apollo and TPG for expenses that they incur related to their management services.

Note 16 Subsequent Events

On April 5, 2010, as required under the amended and restated loan agreement, we entered into an interest rate cap agreement to partially hedge the risk of future increases in the variable rate of the PHW Las Vegas senior secured loan. The interest rate cap agreement is for a notional amount of \$554.3 million at LIBOR cap rate of 5%, and matures on December 9, 2011. Due to the prepayment requirements of the loan disclosed in Note 5, Debt, we have designated \$525 million of the \$554.3 million notional amount of the interest rate cap as a cash flow hedging instrument for accounting purposes.

On April 16, 2010, Harrah's Operating Escrow LLC and Harrah's Escrow Corporation (the Escrow Issuers), wholly-owned subsidiaries of HOC, completed the offering of \$750.0 million aggregate principal amount of 12.75% second-priority senior secured notes due 2018.

In connection with the issuance of the notes, on April 16, 2010, HOC delivered notices of redemption (each, a Redemption Notice, and collectively, the Redemption Notices) to the holders of HOC's currently outstanding 5.50% Senior Notes due 2010 (the 5.50% Notes), 8.0% Senior Notes due 2011 (the 8.0% Notes) and 8.125% Senior Subordinated Notes due 2011 (the 8.125% Notes and, collectively with the 5.50% Notes and the 8.0% Notes, the 2010/2011 Notes). Revenues for the quarter ended March 31, 2010, declined primarily due to the continuing impact of the recession on customers' discretionary spending and reduced aggregate demand, which continued to pressure average daily room rates. Income from operations declined as cost-savings initiatives were unable to offset the earnings impact of the revenue decline.

In the fourth quarter of 2009, we purchased approximately \$950 million of face value of CMBS Loans for approximately \$237 million. Pursuant to the terms of the CMBS Letter Agreement agreed to in March 2010 (discussed later within the capital resources section of this Management's Discussion and Analysis), we have agreed to pay lenders selling these CMBS Loans during the fourth quarter 2009 an additional \$48 million for their loans previously sold, subject to the execution of definitive documentation for the amendment. This additional liability was recorded as a loss on early extinguishment of debt during the quarter ended March 31, 2010.

On February 19, 2010, Harrah's Operating Company, Inc. (HOC), a wholly-owned subsidiary of Harrah's Entertainment, Inc., acquired 100% of the equity interests of PHW Las Vegas, LLC (PHW Las Vegas), which owns and operates the Planet Hollywood Resort and Casino (Planet Hollywood) located in Las Vegas, Nevada. Net revenues and income from continuing operations before income taxes (excluding transaction costs associated with the acquisition) of Planet Hollywood subsequent to the date of acquisition through March 31, 2010 of \$26.3 million and \$3.1 million, respectively, are included in consolidated results from operations for the quarter ended March 31, 2010.

For the quarter ended March 31, 2010, revenues declined slightly in the Las Vegas Region from the 2009 period due to increased room inventory in the market, weakness in the group travel business, lower spend per visitor and lower average daily room rates, despite hotel occupancy remaining strong at approximately 90%. Same-store sales revenue declines of 4.4 percent in the 2010 first quarter were largely offset

Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

by incremental revenues resulting from the acquisition of Planet Hollywood during the quarter. Income from operations in the quarter ended March 31, 2010 was lower than the comparable prior year quarter, driven primarily by the earnings impact of reduced revenues.

An expansion and renovation of Caesars Palace Las Vegas was completed in stages during 2009 on the Octavius Tower, a new hotel tower with 110,000 square feet of additional meeting and convention space, three 10,000-square-foot luxury villa suites and an expanded pool and garden area. We have deferred completion of approximately 660 rooms, including 75 luxury suites, in the hotel tower expansion as a result of current economic conditions impacting the Las Vegas tourism sector. The convention center and the remainder of the expansion project, other than the deferred rooms, was completed during 2009. The Company has incurred capital expenditures of approximately \$646.7 million on this project through March 31, 2010, and does not expect to incur significant additional capital expenditures on this project until construction on the deferred rooms is resumed.

Revenues for the quarter ended March 31, 2010 were lower than in the comparable prior year quarter due to reduced visitation and spend per trip, plus unusually harsh winter storms. For the quarter ended March 31, 2010, cost savings initiatives were unable to offset increased marketing expenses and the earnings impact of reduced revenues, which contributed to the 2010 decline in income from operations.

Revenues for the quarter ended March 31, 2010 from our properties in Louisiana and Mississippi were lower than the comparable prior year quarter driven by lower visitation and customer spend per trip. Income from operations was lower than in the 2009 first quarter as cost-savings initiatives were unable to offset increased marketing expenses and the earnings impact of reduced revenues.

Construction began in third quarter 2007 on Margaritaville Casino & Resort in Biloxi. We have halted construction on this project, and will continue to review and refine the project in light of the current economic environment, market conditions on the Gulf Coast and the current financing environment. We license the Margaritaville name from an entity affiliated with the singer/songwriter Jimmy Buffett. As of March 31, 2010, \$178.5 million had been spent on this project.

Revenues for the quarter ended March 31, 2010 at our Iowa and Missouri properties were slightly lower compared to the same period last year due to new competition in the market and the continuing impact of the weak economy. Income from operations remained relatively consistent compared with the 2009 first quarter as cost savings initiatives across all properties within the region helped offset the earnings impact of the revenue decline.

Corporate expense increased in the quarter ended March 31, 2010 from the same period in 2009 due primarily to increased marketing expenditures, partially offset by the continued realization of cost savings initiatives.

Write-downs, reserves and recoveries include various pretax charges to record certain long-lived tangible asset impairments, contingent liability reserves, demolition costs, recoveries of previously recorded non-routine reserves and other non-routine transactions. Given the nature of the transactions included within write-downs, reserves and recoveries, these amounts are not expected to be comparable from year-to-year, nor are the amounts expected to follow any particular trend from year-to-year. For the quarter ended March 31, 2010, total write-downs, reserves and recoveries were \$12.5 million, a reduction of \$14.9 million when compared with amounts recorded during the same quarter of the prior year. Amounts incurred during the quarter ended March 31, 2010 for remediation costs were \$16.1 million, and increased by \$8.5 million when compared to the first quarter of 2009. Partially offsetting these charges in 2010 was the release of a \$4.8 million reserve for excise tax for which the statute of limitations has recently expired.

Acquisition and integration costs in 2010 include costs in connection with our acquisition of PHW Las Vegas.

Amortization of intangible assets was slightly lower in the quarter ended March 31, 2010 when compared to the same period in 2009 due to lower intangible asset balances as a result of certain contract rights being fully amortized during 2009.

Interest expense declined by \$5.3 million in the quarter ended March 31, 2010 compared to the same period in 2009 due primarily to lower debt levels resulting from debt exchanges that occurred in April 2009 and from repurchases of debt in open-market transactions that occurred primarily during the second half of 2009. The decrease was partially offset by changes in the variable rates received under our interest rate swap agreements. Interest expense for the quarter ended March 31, 2010, as a result of interest rate swap agreements and interest rate cap agreement, includes (i) \$10.6 million of expense due to measured ineffectiveness and amounts excluded from effectiveness testing; and (ii) \$5.9 million of expense due to amortization of deferred losses frozen in Other Comprehensive Income (OCI).

In the fourth quarter of 2009, we purchased approximately \$950 million of face value of CMBS Loans for approximately \$237 million. Pursuant to the terms of the CMBS Letter Agreement agreed to in March 2010, we have agreed to pay lenders selling these CMBS Loans an additional \$48 million for their loans previously sold, subject to the execution of definitive documentation for the amendment. This additional liability was recorded as a loss on early extinguishment of debt during the quarter ended March 31, 2010. The gain on early extinguishment of debt during the quarter ended March 31, 2009 represents discounts related to the purchase of certain of our debt in the open market.

As a result of the cancellation of our debt investment in certain predecessor entities of PHW Las Vegas in exchange for the equity of PHW Las Vegas, the Company recognized a gain of \$7.1 million to adjust our investment to reflect the estimated fair value of consideration paid for the acquisition. This gain is reflected in Other income, including interest income, in our Statement of Operations for the quarter ended March 31, 2010. In addition, other income for all periods presented included insurance policy proceeds related to the Company's deferred compensation

plan.

For the 2010 first quarter, we recorded a tax benefit of \$104.9 million on pre-tax loss from continuing operations of \$298.5 million (an effective tax rate of 35.1 percent), compared with a tax benefit of \$74.3 million on a pre-tax loss from continuing

Table of Contents

operations of \$201.7 million in the 2009 first quarter (an effective tax rate of 36.8 percent). The primary differences between the Company's first-quarter 2010 recorded benefit and the benefit that would have resulted from applying the U.S. statutory tax rate of 35 percent to the Company's pre-tax loss from continuing operations are the effects of state income tax benefits and other adjustments.

LIQUIDITY AND CAPITAL RESOURCES

Cost Savings Initiatives

In light of the severe economic downturn and adverse conditions in the travel and leisure industry generally, Harrah's Entertainment has undertaken a comprehensive cost reduction effort to right-size expenses with business levels. Beginning in August 2008, the program includes organizational restructurings at our corporate and property operations, reduction of employee travel and entertainment expenses, rationalization of our corporate-wide marketing expenses, procurement savings, and headcount reductions at property operations and corporate offices. To date, Harrah's Entertainment has identified \$683.0 million in estimated cost savings from these initiatives, of which approximately \$540.6 million had been realized in the trailing twelve month period ending March 31, 2010.

Capital Spending and Development

In addition to the development and expansion projects discussed in the Regional Operating Results section, we also perform on-going refurbishment and maintenance at our casino entertainment facilities to maintain our quality standards, and we continue to pursue development and acquisition opportunities for additional casino entertainment facilities that meet our strategic and return on investment criteria. Prior to the receipt of necessary regulatory approvals, the costs of pursuing development projects are expensed as incurred. Construction-related costs incurred after the receipt of necessary approvals are capitalized and depreciated over the estimated useful life of the resulting asset. Project opening costs are expensed as incurred.

Our planned development projects, if they go forward, will require, individually and in the aggregate, significant capital commitments and, if completed, may result in significant additional revenues. The commitment of capital, the timing of completion and the commencement of operations of casino entertainment development projects are contingent upon, among other things, negotiation of final agreements and receipt of approvals from the appropriate political and regulatory bodies. We must also comply with covenants and restrictions set forth in our debt agreements. Cash needed to finance projects currently under development as well as additional projects being pursued is expected to be made available from operating cash flows, established debt programs, joint venture partners, specific project financing, guarantees of third-party debt and additional debt offerings. Our capital spending for the quarter ended March 31, 2010, excluding costs related to the acquisition of Planet Hollywood, totaled approximately \$35.7 million. Estimated total capital expenditures for 2010 are expected to be between \$175 million and \$250 million.

Liquidity

We generate substantial cash flows from operating activities, as reflected on the Consolidated Statements of Cash Flows in our audited consolidated financial statements. We use the cash flows generated by our operations to fund debt service, to reinvest in existing properties for both refurbishment and expansion projects and to pursue additional growth opportunities via new development. When necessary, we supplement the cash flows generated by our operations with funds provided by financing activities to balance our cash requirements.

Our ability to fund our operations, pay our debt obligations and fund planned capital expenditures depends, in part, upon economic and other factors that are beyond our control, and disruptions in capital markets and restrictive covenants related to our existing debt could impact our ability to secure additional funds through financing activities. We believe that our cash and cash equivalents balance, our cash flows from operations and the financing sources discussed herein will be sufficient to meet our normal operating requirements during the next twelve months and to fund capital expenditures. In addition, we may consider issuing additional debt in the future to refinance existing debt or to finance specific capital projects.

We cannot assure you that our business will generate sufficient cash flows from operations, or that future borrowings will be available to us, to fund our liquidity needs and pay our indebtedness. If we are unable to meet our liquidity needs or pay our indebtedness when it is due, we may have to reduce or delay refurbishment and expansion projects, reduce expenses, sell assets or attempt to restructure our debt. In addition, we have pledged a significant portion of our assets as collateral under certain of our debt agreements, and if any of those lenders accelerate the repayment of borrowings, there can be no assurance that we will have sufficient assets to repay our indebtedness.

Our cash and cash equivalents totaled \$946.7 million at March 31, 2010 compared to \$918.1 million at December 31, 2009.

A substantial portion of the financing of the Company is comprised of credit facility and notes financing obtained by HOC. This financing is neither secured nor guaranteed by Harrah's Entertainment's other wholly-owned subsidiaries, including certain subsidiaries that own properties that secure approximately \$5,551.5 million of commercial mortgage-backed securities (CMBS). Information pertaining solely to the consolidated financial position and results of HOC and its subsidiaries can be found in Exhibit 99 of this Form 10-Q.

After consideration of the CMBS agreement discussed below, the majority of our debt is due in 2015 and beyond. Payments of short-term debt obligations and other commitments are expected to be made from operating cash flows and from borrowings under our established debt programs. Long-term obligations are expected to be paid through operating cash flows, refinancing of debt, joint venture partners or, if necessary, additional debt offerings.

At March 31, 2010, \$191.6 million, face amount, of our 5.5% Senior Notes due July 1, 2010, and \$25.0 million, face amount, of our 6.0% Secured Note due July 15, 2010, are classified as long-term in our Consolidated Condensed Balance Sheet because the Company currently has both the intent and the ability to refinance these notes with proceeds from \$750 million principal amount of 12.75% Senior Secured notes issued April 16, 2010, discussed further below. Our current maturities of debt include required interim principal payments on each of our Term Loans, our Chester Downs term loan, and the special improvement district bonds.

On April 16, 2010, Harrah's Operating Escrow LLC and Harrah's Escrow Corporation (the "Escrow Issuers"), wholly-owned subsidiaries of HOC, completed the offering of \$750.0 million aggregate principal amount of 12.75% second-priority senior secured notes due 2018. In connection with the issuance of the notes, on April 16, 2010, HOC delivered notices of redemption (each, a "Redemption Notice", and collectively, the "Redemption Notices") to the holders of HOC's currently outstanding 5.50% Senior Notes due 2010 (the "5.50% Notes"), 8.0% Senior Notes due 2011 (the "8.0% Notes") and 8.125% Senior Subordinated Notes due 2011 (the "8.125% Notes" and, collectively with the 5.50% Notes and the 8.0% Notes, the "2010/2011 Notes"). The Redemption Notices provide for HOC's redemption on May 20, 2010 (the "Redemption Date"), pursuant to the terms of the indentures relating to the 2010/2011 Notes, of all \$17.6 million of 8.125% Notes, \$191.6 million of 5.50% Notes and \$13.2 million of 8.0% Notes at a redemption price of (a) in the case of the 8.125% Notes, 100% of the principal amount of the 8.125% Notes to be redeemed plus the Make-Whole Premium (as defined in the indenture relating to the 8.125% Notes), and (b) in the case of each of the 5.50% Notes and the 8.0% Notes, an amount equal to the greater of (x) 100% of the principal amount of such notes to be redeemed and (y) the sum of the present values of the remaining scheduled payments of principal and interest thereon (not including any portion of such payments of interest accrued as of such Redemption Date) discounted to the Redemption Date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate (as defined in the applicable indenture), plus 25 basis points, as calculated by an Independent Investment Banker (as defined in the applicable indenture), plus, in the case of both (a) and (b), accrued and unpaid interest on the principal amount being redeemed to the Redemption Date.

Credit Agreement and Incremental Facility Amendment

HOC is party to the senior secured credit facilities (the "Credit Facilities"). This financing is neither secured nor guaranteed by Harrah's Entertainment's other direct, wholly-owned subsidiaries, including the subsidiaries that own properties that are security for certain real estate loans (the "CMBS Financing") and certain of HOC's subsidiaries that are unrestricted subsidiaries. In late 2009, HOC completed cash tender offers for certain of its outstanding debt, and in connection with these tender offers, HOC borrowed \$1,000 million of new term loans under its Credit Facilities pursuant to an incremental amendment (the "Incremental Loans").

As of March 31, 2010, our Credit Facilities provide for senior secured financing of up to \$8,457.6 million, consisting of (i) senior secured term loan facilities in an aggregate principal amount of up to \$6,827.6 million with \$5,830.1 million maturing on January 20, 2015 and \$997.5 million maturing on October 31, 2016, and (ii) a senior secured revolving credit facility in an aggregate principal amount of \$1,630.0 million, maturing January 28, 2014, including both a letter of credit sub-facility and a swingline loan sub-facility. The term loans under the Credit Facilities require scheduled quarterly payments of \$7.5 million, with the balance due at maturity. A total of \$7,327.6 million face amount of borrowings were outstanding under the Credit Facilities as of March 31, 2010, with an additional \$133.5 million committed to letters of credit. After consideration of these borrowings and letters of credit, \$996.5 million of additional borrowing capacity was available to the Company under its revolving credit facility as of March 31, 2010.

Interest and Fees

Borrowings under the Credit Facilities, other than borrowings under the Incremental Loans, bear interest at a rate equal to the then-current LIBOR rate or at a rate equal to the alternate base rate, in each case plus an applicable margin. As of March 31, 2010, the Credit Facilities, other than borrowings under the Incremental Loans, bore interest at LIBOR plus 300 basis points for the term loans and a portion of the revolver loan, 150 basis points over the alternate base rate for the swingline loan and at the alternate base rate plus 200 basis points for the remainder of the revolver loan.

Borrowings under the Incremental Loans bear interest at a rate equal to either the alternate base rate or the greater of i) the then-current LIBOR rate or ii) 2.0%; in each case plus an applicable margin. At March 31, 2010, borrowings under the Incremental Loans bore interest at the minimum base rate of 2.0%, plus 750 basis points.

In addition, on a quarterly basis, we are required to pay each lender (i) a commitment fee in respect of any unborrowed amounts under the revolving credit facility and (ii) a letter of credit fee in respect of the aggregate face amount of outstanding letters of credit under the revolving credit facility. As of March 31, 2010, the Credit Facilities bore a commitment fee for unborrowed amounts of 50 basis points.

We make monthly interest payments on our CMBS Financing. Our outstanding notes (secured and unsecured) have semi-annual interest payments, with the majority of those payments on June 15 and December 15.

Table of Contents

A change in interest rates on variable-rate debt will impact our financial results. For example, assuming a constant outstanding balance for our variable-rate debt, excluding the \$5,810 million of variable-rate debt for which our interest rate swap agreements are designated as hedging instruments for accounting purposes, for the next twelve months, a hypothetical 1% increase in corresponding interest rates would change interest expense for the twelve months following March 31, 2010 by approximately \$66.4 million. At March 31, 2010, the three-month USD LIBOR rate was 0.268%. A hypothetical reduction of this rate to 0% would decrease interest expense for the next twelve months by approximately \$17.8 million. At March 31, 2010, our variable-rate debt, excluding the aforementioned \$5,810 million of variable-rate debt hedged against interest rate swap agreements, represents approximately 39.5% of our total debt, while our fixed-rate debt is approximately 60.5% of our total debt.

Collateral and Guarantors

HOC's Credit Facilities are guaranteed by Harrah's Entertainment, and are secured by a pledge of HOC's capital stock and by substantially all of the existing and future property and assets of HOC and its material, wholly-owned domestic subsidiaries other than certain unrestricted subsidiaries, including a pledge of the capital stock of HOC's material, wholly-owned domestic subsidiaries and 65% of the capital stock of the first-tier foreign subsidiaries, in each case subject to exceptions. The following casino properties have mortgages under the Credit Facilities:

Bill's Gamblin' Hall & Saloon		Horseshoe Bossier City	Horseshoe Council Bluffs/ Bluffs Run

Horseshoe Hammond	Harveys Lake Tahoe

Additionally, certain undeveloped land in Las Vegas also is mortgaged.

Restrictive Covenants and Other Matters

The Credit Facilities require compliance on a quarterly basis with a maximum net senior secured first lien debt leverage test. In addition, the Credit Facilities include negative covenants, subject to certain exceptions, restricting or limiting HOC's ability and the ability of its restricted subsidiaries to, among other things: (i) incur additional debt; (ii) create liens on certain assets; (iii) enter into sale and lease-back transactions; (iv) make certain investments, loans and advances; (v) consolidate, merge, sell or otherwise dispose of all or any part of its assets or to purchase, lease or otherwise acquire all or any substantial part of assets of any other person; (vi) pay dividends or make distributions or make other restricted payments; (vii) enter into certain transactions with its affiliates; (viii) engage in any business other than the business activity conducted at the closing date of the loan or business activities incidental or related thereto; (ix) amend or modify the articles or certificate of incorporation, by-laws and certain agreements or make certain payments or modifications of indebtedness; and (x) designate or permit the designation of any indebtedness as Designated Senior Debt.

Harrah's Entertainment is not bound by any financial or negative covenants contained in HOC's credit agreement, other than with respect to the incurrence of liens on and the pledge of its stock of HOC.

All borrowings under the senior secured revolving credit facility are subject to the satisfaction of customary conditions, including the absence of a default and the accuracy of representations and warranties, and the requirement that such borrowing does not reduce the amount of obligations otherwise permitted to be secured under our new senior secured credit facilities without ratably securing the retained notes.

Certain covenants contained in HOC's credit agreement require the maintenance of a senior first priority secured debt to last twelve months (LTM) Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) ratio, as defined in the agreements (Senior Secured Leverage Ratio). The June 3, 2009 amendment and waiver to our credit agreement excludes from the Senior Secured Leverage Ratio (a) the

Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

\$1,375.0 million first lien notes issued June 15, 2009 and the \$720.0 million first lien notes issued on September 11, 2009 and (b) up to \$250 million aggregate principal amount of consolidated debt of subsidiaries that are not

wholly-owned subsidiaries. Certain covenants contained in HOC's credit agreement governing its senior secured credit facilities, the indenture and other agreements governing HOC's 10.0% Second-Priority Senior Secured Notes due 2015 and 2018, and our first lien notes restrict our ability to take certain actions such as incurring additional debt or making acquisitions if we are unable to meet defined Adjusted EBITDA to Fixed Charges, senior secured debt to LTM Adjusted EBITDA and consolidated debt to LTM Adjusted EBITDA ratios. The covenants that restrict additional indebtedness and the ability to make future acquisitions require an LTM Adjusted EBITDA to Fixed Charges ratio (measured on a trailing four-quarter basis) of 2.0:1.0. Failure to comply with these covenants can result in limiting our long-term growth prospects by hindering our ability to incur future indebtedness or grow through acquisitions.

The indenture governing the 10.75% Senior Notes, 10.75%/11.5% Senior Toggle Notes and the agreements governing the other cash pay debt and PIK toggle debt limit HOC's (and most of its subsidiaries') ability to among other things: (i) incur additional debt or issue certain preferred shares; (ii) pay dividends or make distributions in respect of our capital stock or make other restricted payments; (iii) make certain investments; (iv) sell certain assets; (v) with respect to HOC only, engage in any business or own any material asset other than all of the equity interest of HOC so long as certain investors hold a majority of the notes; (vi) create or permit to exist dividend and/or payment restrictions affecting its restricted subsidiaries; (vii) create liens on certain assets to secure debt; (viii) consolidate, merge, sell or otherwise dispose of all or substantially all of its assets; (ix) enter into certain transactions with its affiliates; and (x) designate its subsidiaries as unrestricted subsidiaries. Subject to certain exceptions, the indenture governing the notes and the agreements governing the other cash pay debt and PIK toggle debt will permit us and our restricted subsidiaries to incur additional indebtedness, including secured indebtedness.

Other Financing Transactions

Acquisition of Planet Hollywood

On February 19, 2010, HOC acquired 100% of the equity interests of PHW Las Vegas, which owns and operates the Planet Hollywood Resort and Casino located in Las Vegas, Nevada. In connection with this transaction, PHW Las Vegas assumed a \$554.3 million, face value, senior secured loan, and a subsidiary of HOC cancelled certain debt issued by PHW Las Vegas' predecessor entities. In connection with the transaction and the assumption of debt, PHW Las Vegas entered into the Amended and Restated Loan Agreement with Wells Fargo Bank, N.A., as trustee for The Credit Suisse First Boston Mortgage Securities Corp. Commercial Mortgage Pass-Through Certificates, Series 2007-TFL2 ("Lender"). The \$554.3 million outstanding under the Amended and Restated Loan Agreement bears interest at a rate per annum equal to LIBOR plus 2.859% (the "Applicable Interest Rate"), is secured by the assets of PHW Las Vegas, and is non-recourse to other subsidiaries of the Company. PHW Las Vegas is an unrestricted subsidiary of HOC and therefore not a borrower under HOC's credit facilities. A subsidiary of HOC manages the property for PHW Las Vegas for a fee. The maturity date for this loan is December 2011, with two extension options, which, if exercised, would extend maturity until April 2015.

Guaranty

In connection with PHW Las Vegas' Amended and Restated Loan Agreement, Harrah's Entertainment entered into a Guaranty Agreement (the "Guaranty") for the benefit of Lender pursuant to which Harrah's Entertainment guaranteed to Lender certain recourse liabilities of PHW Las Vegas. Harrah's Entertainment's maximum aggregate liability for such recourse liabilities is limited to \$30.0 million provided that such recourse liabilities of PHW Las Vegas do not arise from (i) events, acts, or circumstances that are actually committed by, or voluntarily or willfully brought about by Harrah's Entertainment or (ii) event, acts, or circumstances (regardless of the cause of the same) that provide actual benefit (in cash, cash equivalent, or other quantifiable amount) to the Registrant, to the full extent of the actual benefit received by the Registrant. Pursuant to the Guaranty, Harrah's Entertainment is required to maintain a net worth or liquid assets of at least \$100.0 million.

Prepayments

PHW Las Vegas may, at its option, voluntarily prepay the loan in whole or in part upon twenty (20) days prior written notice to Lender.

PHW Las Vegas is required to prepay the loan in (i) the amount of any insurance proceeds received by Lender for which Lender is not obligated to make available to PHW Las Vegas for restoration in accordance with the terms of the Amended and Restated Loan Agreement, (ii) the amount of any proceeds received from the operator of the timeshare property adjacent to the Planet Hollywood Resort and Casino, subject to the limitations set forth in the Amended and Restated Loan Agreement and (iii) the amount of any excess cash remaining after application of the cash management provisions of the Amended and Restated Loan Agreement.

Amortization

Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

On each scheduled monthly payment date prior to the maturity date, PHW Las Vegas pays to Lender interest accruing at the Applicable Interest Rate.

Table of Contents**Amendment to CMBS Financing**

On March 5, 2010, we received the consent of the lenders under our CMBS financing to amend the terms of the CMBS Financing to, among other things, (i) provide our subsidiaries that are borrowers under the CMBS mortgage loan and/or related mezzanine loans (CMBS Loans) the right to extend the maturity of the CMBS Loans, subject to certain conditions, by up to 2 years until February 2015, (ii) amend certain terms of the CMBS Loans with respect to reserve requirements, collateral rights, property release prices and the payment of management fees, (iii) provide for ongoing mandatory offers to repurchase CMBS Loans using excess cash flow from the CMBS entities at discounted prices, (iv) provide for the amortization of the mortgage loan in certain minimum amounts upon the occurrence of certain conditions and (v) provide for certain limitations with respect to the amount of excess cash flow from the CMBS entities that may be distributed to us. Any CMBS Loan purchased pursuant to the amendments will be cancelled. The amendment to the terms of the CMBS Loans will become effective upon execution of definitive documentation.

In the fourth quarter of 2009, we purchased approximately \$950 million of face value of CMBS Loans for approximately \$237 million. Pursuant to the terms of the amendment, we have agreed to pay lenders selling CMBS Loans during the fourth quarter 2009 an additional \$48 million for their loans previously sold, subject to the execution of definitive documentation for the amendment. This additional liability was recorded as a loss on early extinguishment of debt during the quarter ended March 31, 2010. In addition, we have agreed to purchase approximately \$124 million of face value of CMBS Loans for \$37 million, subject to the execution of definitive documentation for the amendment.

Derivative Instruments Interest Rate Swap Agreements

We use interest rate swaps to manage the mix of our debt between fixed and variable rate instruments. As of March 31, 2010 we have entered into 10 interest rate swap agreements for notional amounts totaling \$6,500 million. The difference to be paid or received under the terms of the interest rate swap agreements is accrued as interest rates change and recognized as an adjustment to interest expense for the related debt. Changes in the variable interest rates to be paid or received pursuant to the terms of the interest rate swap agreements will have a corresponding effect on future cash flows. The major terms of the interest rate swap agreements as of March 31, 2010 are as follows:

Effective Date	Notional Amount (In millions)	Fixed Rate Paid	Variable Rate Received as of Mar. 31, 2010	Next Reset Date	Maturity Date
April 25, 2007	\$ 200	4.898%	0.249%	April 26, 2010	April 25, 2011
April 25, 2007	200	4.896%	0.249%	April 26, 2010	April 25, 2011
April 25, 2007	200	4.925%	0.249%	April 26, 2010	April 25, 2011
April 25, 2007	200	4.917%	0.249%	April 26, 2010	April 25, 2011
April 25, 2007	200	4.907%	0.249%	April 26, 2010	April 25, 2011
September 26, 2007	250	4.809%	0.249%	April 26, 2010	April 25, 2011
September 26, 2007	250	4.775%	0.249%	April 26, 2010	April 25, 2011
April 25, 2008	2,000	4.276%	0.249%	April 26, 2010	April 25, 2013
April 25, 2008	2,000	4.263%	0.249%	April 26, 2010	April 25, 2013
April 25, 2008	1,000	4.172%	0.249%	April 26, 2010	April 25, 2012

The variable rate on our interest rate swap agreements did not materially change as a result of the April 26, 2010 reset.

Until October 2009, our interest rate swap agreements were designated as cash flow hedging instruments for accounting purposes. During October 2009, we borrowed \$1,000 million under the Incremental Loans and used a majority of the net proceeds to temporarily repay most of our revolving debt under the Credit Facility. As a result, we no longer had a sufficient amount of outstanding debt under the same terms as our interest rate swap agreements to support hedge accounting treatment for the full \$6,500 million in interest rate swaps. Thus, as of September 30, 2009, we removed the cash flow hedge designation for the \$1,000 million swap agreement, freezing the amount of deferred losses recorded in Other Comprehensive Income associated with this swap agreement, and reducing the total notional amount on interest rate swaps designated as cash flow hedging instruments to \$5,500 million. Beginning October 1, 2009, we began amortizing deferred losses frozen in Other Comprehensive Income into income over the original remaining term of the hedged forecasted transactions that are still considered to be probable of occurring. We will record \$8.7 million as an increase to interest expense and other comprehensive income over the next 12 months related to deferred losses on the \$1,000 million interest rate swap.

During the fourth quarter of 2009, we re-designated approximately \$310 million of the \$1,000 million swap as a cash flow hedging instrument. As a result, at March 31, 2010, \$5,810 million of our total interest rate swap notional amount of \$6,500 million remained designated as hedging

Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

instruments for accounting purposes. Any future changes in fair value of the portion of the interest rate swap not designated as a hedging instrument will be recognized in Interest expense during the period in which the changes in value occur.

Table of Contents**Derivative Instruments Interest Rate Cap Agreements**

On January 28, 2008, we entered into an interest rate cap agreement to partially hedge the risk of future increases in the variable rate of the CMBS Financing. The interest rate cap agreement, which was effective January 28, 2008 and terminates February 13, 2013, is for a notional amount of \$6,500 million at a LIBOR cap rate of 4.5%. The interest rate cap was designated as a cash flow hedging instrument for accounting purposes on May 1, 2008.

On November 30, 2009, we purchased and extinguished approximately \$948.8 million of the CMBS Financing. The hedging relationship between the CMBS Financing and the interest rate cap has remained effective subsequent to the debt extinguishment. As a result of the extinguishment, in the fourth quarter 2009, we reclassified approximately \$12.1 million of deferred losses out of accumulated other comprehensive income and into interest expense associated with hedges for which the forecasted future transactions are no longer probable of occurring.

On January 31, 2010, we removed the cash flow hedge designation for the \$6,500 million interest rate cap, freezing the amount of deferred losses recorded in Other Comprehensive Income associated with the interest rate cap. Beginning February 1, 2010, we began amortizing deferred losses frozen in Other Comprehensive Income into income over the original remaining term of the hedge forecasted transactions that are still probable of occurring. We will record \$20.9 million as an increase to interest expense and other comprehensive income over the next 12 months related to deferred losses on the interest rate cap.

On January 31, 2010, we re-designated \$4,650 million of the interest rate cap as a cash flow hedging instrument for accounting purposes. Any future changes in fair value of the portion of the interest rate cap not designated as a hedging instrument will be recognized in interest expense during the period in which the changes in value occur.

On April 5, 2010, as required under the amended and restated loan agreement, we entered into an interest rate cap agreement to partially hedge the risk of future increases in the variable rate of the PHW Las Vegas senior secured loan. The interest rate cap agreement is for a notional amount of \$554.3 million at a LIBOR cap rate of 5%, and matures on December 9, 2011. Due to the prepayment requirements of the loan disclosed in Note 5, Debt, we have designated \$525 million of the \$554.3 million notional amount of the interest rate cap as a cash flow hedging instrument for accounting purposes.

^(a) In addition to the contractual obligations disclosed in this table, we have unrecognized tax benefits that, based on uncertainties associated with the items, we are unable to make reasonably reliable estimates of the period of potential cash settlements, if any, with taxing authorities. (See Note 9, Income Taxes, to our Consolidated Condensed Financial Statements included in this quarterly report.)

^(b) Estimated interest for variable rate debt is based on rates at March 31, 2010. Estimated interest includes the estimated impact of our interest rate swap and interest rate cap agreements.

Other Commitments

(In millions)	Increase/ (Decrease)	Total
Letters of credit	\$ (28.7)	\$ 133.5
Minimum payments to tribes	(3.4)	27.3

The agreements pursuant to which we manage casinos on Indian lands contain provisions required by law that provide that a minimum monthly payment be made to the tribe. That obligation has priority over scheduled repayments of borrowings for development costs and over the management fee earned and paid to the manager. In the event that insufficient cash flow is generated by the operations to fund this payment, we must pay the shortfall to the tribe. Subject to certain limitations as to time, such advances, if any, would be repaid to us in future periods in which operations generate cash flow in excess of the required minimum payment. These commitments will terminate upon the occurrence of certain defined events, including termination of the management contract. Our aggregate monthly commitment for the minimum guaranteed payments, pursuant to these contracts for the three managed Indian-owned facilities now open, which extend for periods of up to 57 months from March 31, 2010, is \$1.2 million. Each of these casinos currently generates sufficient cash flows to cover all of its obligations, including its debt service.

Competitive Pressures

The gaming industry is highly competitive and our competitors vary considerably in size, quality of facilities, number of operations, brand identities, marketing and growth strategies, financial strength and capabilities, level of amenities, management talent and geographic diversity. We also compete with other non-gaming resorts and vacation areas, and with various other entertainment businesses. Our competitors in each market may have substantially greater financial, marketing and other resources than we do and there can be no assurance that they will not in the future engage in aggressive pricing action to compete with us. Although we believe we are currently able to compete effectively in each of the various markets in which we participate, we cannot make assurances that we will be able to continue to do so or that we will be capable of maintaining or further increasing our current market share. Our failure to compete successfully in our various markets could adversely affect our business, financial condition, results of operations and cash flow. In recent years, with fewer new markets opening for development, many

Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

casino operators have been reinvesting in existing markets to attract new customers or to gain market share, thereby increasing competition in those markets. As companies have completed expansion projects, supply has typically grown at a faster pace than demand in some markets and competition has increased significantly. The expansion of existing casino entertainment properties, the increase in the number of properties and the aggressive marketing strategies of many of our competitors have increased competition in many markets in which we operate, and this intense competition is expected to continue. These competitive pressures have affected, and are expected to continue to adversely affect our financial performance in certain markets.

Table of Contents

Several states and Indian tribes are also considering enabling the development and operation of casinos or casino-like operations in their jurisdictions.

Although, historically, the short-term effect of such competitive developments on our Company generally has been negative, we are not able to determine the long-term impact, whether favorable or unfavorable, that development and expansion trends and events will have on current or future markets. We also cannot determine the long-term impact of the financial crisis on the economy, and casinos specifically. In the short-term, the current financial crisis has stalled or delayed some of our capital projects, as well as those of many of our competitors. In addition, our substantial indebtedness could limit our flexibility in planning for, or reacting to, changes in our operations or business and restrict us from developing new gaming facilities, introducing new technologies or exploiting business opportunities, all of which could place us at a competitive disadvantage. We believe that the geographic diversity of our operations; our focus on multi-market customer relationships; our service training, our rewards and customer loyalty programs; and our continuing efforts to establish our brands as premier brands upon which we have built strong customer loyalty have well-positioned us to face the challenges present within our industry. We utilize the unique capabilities of WINet, a sophisticated nationwide customer database, and Total Rewards, a nationwide loyalty program that allows our customers to earn complimentary items and other benefits for playing at our casinos. We believe these sophisticated marketing tools provide us with competitive advantages, particularly with players who visit more than one market.

SIGNIFICANT ACCOUNTING POLICIES AND USE OF ESTIMATES

We prepare our Consolidated Condensed Financial Statements in conformity with accounting principles generally accepted in the United States. Certain of our accounting policies, including the estimated lives assigned to our assets, the determination of bad debt, asset impairment, fair value of guarantees and self-insurance reserves, the purchase price allocations made in connection with our acquisitions/merger and the calculation of our income tax liabilities, require that we apply significant judgment in defining the appropriate assumptions for calculating financial estimates. By their nature, these judgments are subject to an inherent degree of uncertainty. Our judgments are based on our historical experience, terms of existing contracts, observance of trends in the industry, information provided by our customers and information available from other outside sources, as appropriate. There can be no assurance that actual results will not differ from our estimates. For a discussion of our significant accounting policies and estimates, please refer to Management's Discussion and Analysis of Financial Condition and Results of Operations and Notes to Consolidated Financial Statements presented in our 2009 Annual Report on Form 10-K. Significant changes to our accounting policies and any new accounting pronouncements are further discussed in Note 3, Recently Issued Accounting Pronouncements, to the consolidated financial statements included in Item I of this Form 10-Q.

Item 3. Quantitative and Qualitative Disclosure About Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices. Our primary exposure to market risk is interest rate risk associated with our debt. We attempt to limit our exposure to interest rate risk by managing the mix of our debt between fixed-rate and variable-rate obligations. Of our \$19,329.6 million of total debt at March 31, 2010, \$7,610.2 million, excluding \$5,810.0 million of variable rate debt for which we have entered into interest rate swap agreements, is subject to variable interest rates. To manage our interest rate risk, we have entered

Table of Contents

into interest rate swap agreements with respect to LIBOR borrowings for a notional amount of \$6,500 million of this variable rate debt, all of which fix the floating rates of interest to fixed rates. In addition to the swap agreements, we entered into an interest rate cap agreement for a notional amount of \$6,500 million at a LIBOR cap rate of 4.5%. Assuming a constant outstanding balance for our variable rate debt for the next twelve months, a hypothetical 1% increase in interest rates would increase interest expense for the next twelve months by approximately \$66.4 million. At March 31, 2010, the 3-Month USD LIBOR rate was 0.268%. A hypothetical reduction of this rate to 0% would decrease interest expense for the next twelve months by approximately \$17.8 million.

We use interest rate swaps to manage the mix of our debt between fixed and variable rate instruments. We do not purchase or hold any derivative financial instruments for trading purposes.

Foreign currency translation gains and losses were not material to our results of operations for the first quarter of 2010. Our only material ownership interests in businesses in foreign countries are London Clubs, Macau Orient Golf and an approximate 95% ownership of a casino in Uruguay. Therefore, we have not been subject to material foreign currency exchange rate risk from the effects that exchange rate movements of foreign currencies would have on our future operating results or cash flows.

From time to time, we hold investments in various available-for-sale equity securities; however, our exposure to price risk arising from the ownership of these investments is not material to our consolidated financial position, results of operations or cash flows.

Item 4. Controls and Procedures

Our principal executive officer and principal financial officer have evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)), as of March 31, 2010. PART II OTHER INFORMATION

Item 1. Legal Proceedings.

Certain of our legal proceedings are reported in our Annual Report on Form 10-K for the year ended December 31, 2009, with material developments described below.

Litigation Related to Development

On March 6, 2008, Caesars Bahamas Investment Corporation (CBIC), an indirect subsidiary of HOC, terminated its previously announced agreement to enter into a joint venture in the Bahamas with Baha Mar Joint Venture Holdings Ltd. and Baha Mar JV Holding Ltd. (collectively, Baha Mar). To enforce its rights, on March 13, 2008, CBIC filed a complaint against Baha Mar, and the Baha Mar Development Company Ltd., in the Supreme Court of the State of New York, seeking a declaratory judgment with respect to CBIC's rights under the Subscription and Contribution Agreement (the Subscription Agreement), between CBIC and Baha Mar dated January 12, 2007. Pursuant to the Subscription Agreement, CBIC agreed, subject to certain conditions, to subscribe for shares in Baha Mar Joint Venture Holdings Ltd., which was formed to develop and construct a casino, golf course and resort project in the Bahamas. The complaint alleges that (i) the Subscription Agreement grants CBIC the right to terminate the agreement at any time prior to the closing of the transactions contemplated therein, if the closing does not occur on time; (ii) the closing did not occur on time; and, (iii) CBIC exercised its right to terminate the Subscription Agreement, and to abandon the

transactions contemplated therein. The complaint seeks a declaratory judgment that the Subscription Agreement has been terminated in accordance with its terms and the transactions contemplated therein have been abandoned.

Baha Mar and Baha Mar Development Company Ltd. ("Baha Mar Development") filed an Amended Answer and Counterclaims against CBIC and a Third Party Complaint dated June 18, 2008 against HOC in the Supreme Court of the State of New York. Baha Mar and Baha Mar Development allege that CBIC wrongfully terminated the Subscription Agreement and that CBIC wrongfully failed to make capital contributions under the Joint Venture Investors Agreement, by and between CBIC and Baha Mar, dated January 12, 2007. In addition, Baha Mar and Baha Mar Development allege that HOC wrongfully failed to perform its purported obligations under the Harrah's Baha Mar Joint Venture Guaranty, dated January 12, 2007. Baha Mar and Baha Mar Development assert claims for breach of contract, breach of fiduciary duty, promissory estoppel, equitable estoppel and negligent misrepresentation. Baha Mar and Baha Mar Development seek (i) declaratory relief; (ii) specific performance; (iii) the recovery of alleged monetary damages; (iv) the recovery of attorneys fees, costs, and expenses and (v) the dismissal with prejudice of CBIC's Complaint. CBIC and HOC each answered, denying all allegations of wrongdoing. During the quarter ended June 30, 2009, both sides filed motions for summary judgment.

At the conclusion of oral argument on October 6, 2009, on cross motions for summary judgment, the Court stated that it was going to grant summary judgment to CBIC and HOC and that Baha Mar Development's claims are dismissed. The Court entered its written decision on February 1, 2010. On February 18, 2010, Baha Mar Development filed an appeal. CBIC and HOC filed an appellate brief on April 21, 2010. Additionally, in January 2010 CBIC and HOC filed a motion to recover attorney's fees and in March 2010 Baha Mar Development filed a motion for a stay of fee hearing pending appeal. On April 1, 2010, the state appeals court refused to grant Baha Mar Development's motion for a stay of the fee hearing. The fee hearing was set for May 6, 2010.

Litigation Related to the December 2008 Exchange Offer

On January 9, 2009, S. Blake Murchison and Willis Shaw filed a purported class action lawsuit in the United States District Court for the District of Delaware, Civil Action No. 09-00020-SLR, against Harrah's Entertainment, Inc. and its board of directors, and Harrah's Operating Company, Inc. The lawsuit was amended on March 4, 2009, alleging that the bond exchange offer which closed on December 24, 2008 wrongfully impaired the rights of bondholders. The amended complaint alleges, among others, breach of the bond indentures, violation of the Trust Indenture Act of 1939, equitable rescission, and liability claims against the members of the board. The amended complaint seeks, among other relief, class certification of the lawsuit, declaratory relief that the alleged violations occurred, unspecified damages to the class, and attorneys' fees. On April 30, 2009 the defendants stipulated to the plaintiff's request to dismiss the lawsuit, without prejudice, which the court entered on June 18, 2009. Plaintiff requested the court to award it attorneys' fees. On March 31, 2010, the court denied plaintiff's request for fees and plaintiff has filed a notice of appeal with the Third Circuit United States Courts of Appeals.
