Reports and Events of Default

The indenture, to the extent relating to the 4.50% notes, certain notes concurrently and previously issued under the indenture and all future series of securities under the indenture, provides that any documents or reports that we may be required to file with the Securities and Exchange Commission, or SEC, pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934, as amended, will be filed with the trustee within 15 days after we have filed those documents or reports with the SEC. Under the Trust Indenture Act of 1939, as amended, we may have a separate obligation to file with the trustee documents or reports we are required to file with the SEC. Our failure to comply with either filing obligation is not an event that will result in an event of default under the indenture. Accordingly, acceleration of our obligations under the 4.50% notes will not be a remedy for our failure to file those documents or reports with the trustee, and you may have no remedy for the failure other than an action in damages. For other outstanding series of our notes, acceleration is a remedy, upon appropriate notice and passage of time, for the holders of those securities for our failure to file documents or reports with the trustee.

Other Information

Concurrent with the offering of the 4.50% notes, we are also offering \$325 million aggregate principal amount of 5.80% Medium-Term Notes, Series D, due November 16, 2041.
