Edgar Filing: AEGON NV - Form 6-K

- ¹ After deduction of preferred dividend, coupons on perpetuals and coupons and premium on core capital securities.
- ² The potential conversion of the convertible core capital securities is taken into account in the calculation of diluted earnings per share if this would have a dilutive effect (i.e. diluted earnings per share would be lower than the earnings after potential attribution to convertible core capital securities).
- ³ Reflect basic earnings per share. For Q4 2011, basic earnings per share is EUR 0.02

Notes to the condensed consolidated interim financial statements

Amounts in EUR millions, unless otherwise stated

1. Basis of presentation

The condensed consolidated interim financial statements as at, and for the fourth quarter ended, December 31, 2011, have been prepared in accordance with IAS 34 Interim financial reporting as adopted by the European Union (EU) as issued by the International Accounting Standards Board (IASB). It does not include all of the information required for a full set of financial statements prepared in accordance with IFRS and should therefore be read together with the 2010 consolidated financial statements of AEGON N.V. as included in AEGON's Annual Report for 2010. AEGON's Annual Report for 2010 is available on its website (www.aegon.com).

The condensed consolidated interim financial statements have been prepared in accordance with the historical cost convention as modified by the revaluation of investment properties and those financial instruments (including derivatives) and financial liabilities that have been measured at fair value. The condensed consolidated interim financial statements were approved by the Executive Board on February 16, 2012.

The published figures in these condensed consolidated interim financial statements are unaudited.

Correction of immaterial errors

AEGON identified an immaterial error in AEGON's financial statements issued prior to 2008. This error is related to the value of AEGON's deferred tax and current tax balances in the Americas, resulting in an overstatement of Other assets and receivables, offset by an overstatement of Other liabilities and a net understatement of equity in the comparative periods. AEGON assessed the qualitative and quantitative impact of this correction on previously issued financial statements and concluded that it was immaterial in all prior periods.

AEGON has therefore made correcting adjustments to the opening balances of 2010 (increasing Group equity by EUR 110 million) in the current condensed consolidated interim financial statements in accordance with IAS 8 *Accounting Policies, Changes in Accounting Estimates and Errors*.

This error had no impact on AEGON's income statement, including net income or earnings per share, reported in these periods.

The net effect of the correcting adjustments, including the foreign exchange impact, on the individual financial statement line items of the condensed consolidated interim financial statements for the periods presented are as follows:

Condensed consolidated statement of financial position

<i>EUR millions</i>	Other assets and receivables	Other liabilities	Shareholders equity	Group equity
December 31, 2010				
As previously reported	8,776	23,326	17,210	23,425
Increase / (decrease)	(81)	(199)	118	118
As corrected	8,695	23,127	17,328	23,543

Condensed consolidated statement of changes in equity

<i>EUR millions</i>	Retained earnings	Other reserves	Group equity
December 31, 2010			

Edgar Filing: AEGON NV - Form 6-K

As previously reported	9,421	(1,353)	23,425
Increase / (decrease)	108	10	118

As corrected	9,529	(1,343)	23,543
---------------------	--------------	----------------	---------------

January 1, 2010

As previously reported	7,995	(2,306)	18,883
Increase / (decrease)	108	2	110

As corrected	8,103	(2,304)	18,993
---------------------	--------------	----------------	---------------

2. Significant accounting policies

All accounting policies and methods of computation applied in the condensed consolidated interim financial statements are the same as those applied in the 2010 consolidated financial statements, which were prepared in accordance with the International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board as adopted by the European Union.

Taxes on income for the Q4 2011 interim period are accrued using the tax rate that would be applicable to expected total annual earnings.

Unaudited

Page 7

The following standards, interpretations, amendments to standards and interpretations became effective in 2011:

Amendment to IAS 24 - Related party disclosures

Amendment to IFRS 1 - First time adoption

Amendment to IFRIC 14 - Prepayments of a minimum funding requirement

Amendment to IAS 32 - Classification of Rights Issues

IFRIC 19 - Extinguishing financial liabilities with equity instruments

Improvements to IFRS (2010)

None of these new or revised standards and interpretations had a significant effect on the condensed consolidated interim financial statements for the period ended December 31, 2011.

AEGON has not early adopted any other standards, interpretations or amendments, which have been issued but are not yet effective.

Critical accounting estimates

Certain amounts recorded in the condensed consolidated interim financial statements reflect estimates and assumptions made by management. Actual results may differ from the estimates made.

Assumptions changes

In Q3 2011, AEGON has lowered its long term assumption for 10 year US Treasury yields by 50 bps to 4.75% (graded uniformly from current yields over the next five years) and lowered the 90 day rate to 0.2% for the next two years followed by a three year grade to 3%. In addition, AEGON has lowered its assumed return for separate account bond fund returns by 200 bps to 4% over the next five years, followed by a return of 6% thereafter. The bond fund return is a gross assumption from which asset management and policy fees are deducted to determine the policyholder return.

Exchange rates

The following exchange rates are applied for the condensed consolidated interim financial statements:

Income statement items: average rate 1 EUR = USD 1.3909 (2010: USD 1.3210); 1 EUR = GBP 0.8667 (2010: GBP 0.8544).

Balance sheet items: closing rate 1 EUR = USD 1.2982 (2010: USD 1.3362); 1 EUR = GBP 0.8353 (2010: GBP 0.8608).

Non-IFRS measures

This report includes the non-IFRS financial measure: underlying earnings before tax. The reconciliation of this measure to the most comparable IFRS measure is presented in the tables in this note. This non-IFRS measure is calculated by consolidating on a proportionate basis the revenues and expenses of AEGON's associated companies in Spain, India, Brazil and Mexico. AEGON believes that its non-IFRS measure provides meaningful information about the underlying operating results of AEGON's business including insight into the financial measures that senior management uses in managing the business.

AEGON's senior management is compensated based in part on AEGON's results against targets using the non-IFRS measure presented here. While many other insurers in AEGON's peer group present substantially similar non-IFRS measures, the non-IFRS measure presented in this document may nevertheless differ from the non-IFRS measures presented by other insurers. There is no standardized meaning to these measures under IFRS or any other recognized set of accounting standards and readers are cautioned to consider carefully the different ways in which AEGON and its peers present similar information before comparing them.

AEGON believes the non-IFRS measure shown herein, when read together with AEGON's reported IFRS financial statements, provides meaningful supplemental information for the investing public to evaluate AEGON's business after eliminating the impact of current IFRS accounting policies for financial instruments and insurance contracts, which embed a number of accounting policy alternatives that companies may select in presenting their results (i.e. companies can use different local GAAPs) and that can make the comparability from period to period difficult.

Underlying earnings

Certain assets held by AEGON Americas, AEGON The Netherlands and AEGON UK are carried at fair value and managed on a total return basis, with no offsetting changes in the valuation of related liabilities. These include assets such as investments in hedge funds, private equities, real estate limited partnerships, convertible bonds and structured products. Underlying earnings exclude any over- or underperformance compared to management's long-term expected return on assets.

Based on current holdings and asset returns, the long-term expected return on an annual basis is 8-10%, depending on asset class, including cash income and market value changes. The expected earnings from these asset classes are net of deferred policy acquisition costs (DPAC) where applicable.

In addition, certain products offered by AEGON Americas contain guarantees and are reported on a fair value basis, including the segregated funds offered by AEGON Canada and the total return annuities and guarantees on variable annuities of AEGON USA. The earnings on these products are impacted by movements in equity markets and risk-free interest rates. Short-term developments in the financial markets may therefore cause volatility in earnings. Included in underlying earnings is a long-term expected return on these products and excluded is any over- or underperformance compared to management's expected return. The fair value movements of certain guarantees and the fair value change of derivatives that hedge certain risks on these guarantees of AEGON The Netherlands and Variable Annuities Europe (included in New Markets) are excluded from underlying earnings, and the long-term expected return for these guarantees is set at zero.

Holding and other activities include certain issued bonds that are held at fair value through profit or loss (FVTPL). The interest rate risk on these bonds is hedged using swaps. The fair value movement resulting from changes in AEGON's credit spread used in the valuation of these bonds are excluded from underlying earnings and reported under fair value items.

Fair value items

Fair value items include the over- or underperformance of investments and guarantees held at fair value for which the expected long-term return is included in underlying earnings. Changes to these long-term return assumptions are also included in the fair value items.

In addition, hedge ineffectiveness on hedge transactions, fair value changes on economic hedges without natural offset in earnings and for which no hedge accounting is applied and fair value movements on real estate are included under fair value items.

Realized gains or losses on investments

Includes realized gains and losses on available-for-sale investments, mortgage loans and loan portfolios.

Impairment charges / reversals

Includes impairments and reversals on available-for-sale debt securities and impairments on shares including the effect of deferred policyholder acquisition costs, mortgage loans and loan portfolios on amortized cost and associates respectively.

Other income or charges

Other income or charges is used to report any items which cannot be directly allocated to a specific line of business. Also items that are outside the normal course of business are reported under this heading, including impairments on non-financial assets.

Other charges include restructuring charges that are considered other charges for segment reporting purposes because they are outside the normal course of business. In the condensed consolidated income statement, these charges are included in operating expenses.

Run-off businesses

Includes underlying results of business units where management has decided to exit the market and to run off the existing block of business. Currently, this line includes the run-off of the institutional spread-based business, structured settlements blocks of business, Bank-Owned and Corporate-Owned Life Insurance (BOLI/COLI) business and life reinsurance business in the United States. AEGON has other blocks of business for which sales have been discontinued and of which the earnings are included in underlying earnings.

On April 26, 2011, AEGON publicly announced the decision of its Executive Board to divest its life reinsurance activities, Transamerica Reinsurance, to SCOR. These activities are no longer reported in underlying earnings but are reflected in the run-off businesses line in the segment reporting (both in 2011 and in 2010). More details on this transaction are given in note 23.

In December 2010, AEGON publicly announced the decision of its Executive Board to discontinue new sales of executive non-qualified benefit plans and related BOLI/COLI business in the United States. Earnings from the BOLI/COLI business are no longer reported in underlying earnings but reflected in the run-off businesses line in the segment reporting (both in 2011 and 2010).

The comparative figures, affecting the Americas segment, regarding the underlying earnings and the run-off businesses have been revised as follows:

<i>EUR millions</i>	Reported	Reclassification		Revised
<i>Three months ended December 31, 2010</i>		Reinsurance	BOLI/COLI

Rental income	39	42	166	172
Total investment income	2,043	2,032	8,167	8,762
Investment income related to general account	1,494	1,501	5,823	6,258
Investment income for account of policyholders	549	531	2,344	2,504
Total	2,043	2,032	8,167	8,762

6. Fee and commission income

Quarterly Fee and commission income is in line with the same quarter of last year. The decrease in full-year Fee and commission income originates from a recapture fee paid as part of the divestment of the life reinsurance business of Transamerica Reinsurance to SCOR. Refer to note 23 for more details on this transaction.

7. Income from reinsurance ceded

The increase in Income from reinsurance ceded is mainly the result of the increased income from external reinsurance following the divestment of the life reinsurance business, Transamerica Reinsurance, to SCOR. Refer to note 23 for more details on this transaction.

8. Results from financial transactions

<i>EUR millions</i>	Q4 2011	Q4 2010	FY 2011	FY 2010
Net fair value change of general account financial investments at FVTPL other than derivatives	18	108	44	257
Realized gains and (losses) on financial investments	222	66	803	564
Gains and (losses) on investments in real estate	(13)	186	(49)	135
Net fair value change of derivatives	259	(1,243)	1,165	1,340
Net fair value change on for account of policyholder financial assets at FVTPL	5,401	5,035	(2,133)	13,217
Net fair value change on investments in real estate for account of policyholders	7	(15)	20	73
Net foreign currency gains and (losses)	(6)	(3)	(17)	60
Net fair value change on borrowings and other financial liabilities	(15)	56	(24)	(2)
Realized gains and (losses) on repurchased debt		18	4	18
Total	5,873	4,208	(187)	15,662

Net fair value changes on for account of policyholder financial assets at fair value through profit and loss are

offset by amounts in Claims and benefits reported in the Benefits and expenses line (note 10).

9. Other income

In 2011, other income mainly relates to a benefit related to

a settlement of legal claims.

10. Benefits and expenses

<i>EUR millions</i>	Q4 2011	Q4 2010	FY 2011	FY 2010
Claims and Benefits	12,322	10,300	26,358	42,825
Employee expenses	502	538	2,069	2,151
Administration expenses	355	355	1,315	1,182
Deferred expenses	(353)	(392)	(1,458)	(1,611)
Amortization charges	465	423	1,572	1,510
Total	13,291	11,224	29,856	46,057

Claims and benefits reflects the claims and benefits paid to policyholders, including claims and benefits in excess of account value for products for which deposit accounting is applied and the change in valuation of liabilities for insurance and investment contracts. Claims and benefits fluctuates mainly as a result of changes in technical provisions resulting from fair value changes on for account of policyholder financial assets included in results from financial transactions (note 8). In addition, Q4 2011 includes EUR 60 mln related to the AEGON UK customer redress program (FY 2011: EUR 91 mln).

The positive effect of changes to employee benefit plans amount to EUR 66 mln for the full year of 2011 and are included in employee expenses.

Edgar Filing: AEGON NV - Form 6-K

Administration expenses include restructuring charges of EUR 53 million (FY 2011: EUR 141 million) relating mainly to restructuring programs in AEGON the Netherlands and AEGON UK.

Page 16

11. Impairment charges / (reversals)

<i>EUR millions</i>	Q4 2011	Q4 2010	FY 2011	FY 2010
Impairment charges / (reversals) comprise:				
Impairment charges on financial assets, excluding receivables ¹	107	160	461	615
Impairment reversals on financial assets, excluding receivables ¹	(4)	(18)	(55)	(90)
Impairment charges / (reversals) on non-financial assets and receivables	73	175	77	176
Total	176	317	483	701
Impairment charges on financial assets, excluding receivables, from:				
Shares	2	3	10	7
Debt securities and money market instruments	61	99	345	475
Loans	43	44	99	114
Other		14	6	19
Investments in associates	1		1	
Total	107	160	461	615
Impairment reversals on financial assets, excluding receivables, from:				
Debt securities and money market instruments	(2)	(6)	(48)	(73)
Loans	(2)	(12)	(7)	(17)
Total	(4)	(18)	(55)	(90)

¹ Impairment charges / (reversals) on financial assets, excluding receivables, are excluded from underlying earnings before tax for segment reporting (refer to note 3).

12. Other charges

Other charges mainly include an increase in reserves in connection with the use of the US death master file to help identify potential life insurance claims in the United States and a loss on the sale of the Guardian life and pension business in the United Kingdom. This loss on book value is mainly reflecting the disentanglement costs

associated with the sale. Full year 2011 other charges also include an annual charge related to a bank tax charged by the Hungarian government of EUR 20 million.

13. Intangible assets

<i>EUR millions</i>	Dec. 31, 2011	Dec. 31, 2010
Goodwill	753	652
VOBA	2,086	3,221
Future servicing rights	397	444
Software	36	32
Other	13	10

Total intangible assets	3,285	4,359
--------------------------------	--------------	--------------

The increase in goodwill is attributable to the acquisition, effectively July 1, 2011, of Caixa Sabadell Vida offset by goodwill impairment on distribution business in The Netherlands and foreign currency effects. The decrease in value of business acquired (VOBA) is attributable to

regular amortization, the sale of Guardian, the impact of shadow accounting and a VOBA impairment on distribution business in The Netherlands of EUR 41 million offset slightly by foreign currency effects.

Government bond investments

Included in the available-for-sale debt securities and money market investments are EUR 1,112 million (December 31, 2010: EUR 1,250 million) of exposures to the central governments of the European peripheral

countries of Portugal, Italy, Ireland, Greece and Spain. The table on the next page provides the amortized cost and fair value of these exposures.

<i>EUR millions</i>	Dec. 31, 2011		Dec. 31, 2010	
	Amortized cost	Fair value	Amortized cost	Fair value
Portugal	13	7	33	32
Italy	46	38	114	112
Ireland	30	26	37	32
Greece	1	1	58	45
Spain	1,022	962	1,008	904
Total	1,112	1,034	1,250	1,125

15. Investments for account of policyholders

<i>EUR millions</i>	Dec. 31, 2011	Dec. 31, 2010
Shares	37,108	40,810
Debt securities	27,376	30,426
Money market and short-term investments	2,283	2,597
Deposits with financial institutions	2,813	2,630
Separate accounts and unconsolidated investment funds	71,284	68,089
Other	533	551
Total investments for account of policyholders at fair value through profit or loss, excluding derivatives	141,397	145,103
Investment in real estate	1,132	1,134
Total investments for account of policyholders	142,529	146,237

16. Derivatives

There have been no material changes in the composition of the derivative portfolio. The movements in derivative balances mainly result from changes in market conditions.

17. Reinsurance assets

The increase in Reinsurance assets is driven by the increased activity in external reinsurance following the divestment of the life reinsurance business, Transamerica Reinsurance, to SCOR. Refer to note 23 for more details on this transaction.

18. Deferred expenses and rebates

<i>EUR millions</i>	Dec. 31, 2011	Dec. 31, 2010
DPAC for insurance contracts and investment contracts with discretionary participation features	11,027	11,341
Deferred transaction costs for investment management services	405	380
Unamortized interest rate rebates	201	227
Total deferred expenses and rebates	11,633	11,948

DPAC balances decreased as a result of disposal of business and the impact of shadow accounting and amortization, which was partially offset by newly deferred expenses and changes in foreign currency exchange rates.

DPAC balances also include deferred cost of reinsurance for an amount of EUR 579 million (2010: nil) which are amortized over the life of the underlying reinsured policies.

19. Share capital

<i>EUR millions</i>	Dec. 31, 2011	Dec. 31, 2010

Balance	8,787	7,906

On March 1, 2011, AEGON issued 173,604,912 new common shares of AEGON N.V. with a par value of EUR 0.12. The shares were issued at a price of EUR 5.20 per share. The proceeds of EUR 903 million were used to fund part of the repurchase of the convertible core capital securities described in note 20.

The new shares have been listed on Euronext Amsterdam, the principal market for AEGON's common shares.

On March 15, 2011, Vereniging AEGON exercised its option rights to purchase 41,042,000 class B preferred shares at par value of EUR 0.25 in order to avoid dilution of its voting rights following the issuance of 10% new common shares on March 1, 2011.

Page 20

20. Convertible core capital securities

AEGON repurchased EUR 1.5 billion in principal amount of the original EUR 3 billion in convertible core capital securities from the Dutch State. The total payment to the Dutch State amounted to EUR 2,250 million of which EUR 1,500 million related to the repurchase of 375 million convertible core capital securities and EUR 750 million related to the premium attached to this repurchase. This repurchase was completed in two equal tranches on March 15 and June 15 respectively.

With these transactions AEGON has repurchased all of the EUR 3 billion convertible core capital securities issued to the Dutch State at the height of the financial crisis in 2008.

21. Borrowings

<i>EUR millions</i>	Dec. 31, 2011	Dec. 31, 2010
Debentures and other loans	9,199	7,742
Commercial paper	646	701
Short term deposits	18	18
Bank overdrafts	278	57
Total borrowings	10,141	8,518

On April 14, 2011, AEGON The Netherlands sold EUR 1.5 billion Class A residential mortgage-backed securities (RMBS) to a broad group of institutional investors. These securities consist of two tranches:

EUR 375 million of class A1 notes with an expected weighted average life of 1.9 years and priced at par with a coupon of three month Euribor plus 0.95 %; and

EUR 1,125 million of class A2 notes with an expected weighted average life of 4.9 years and priced at par with a coupon of three month Euribor plus 1.35 %.

The securities were issued under the Dutch SAECURE program. The net proceeds were used to finance a part of the existing Dutch mortgage portfolio of AEGON The Netherlands.

Debentures and other loans increased due to the sale of these residential mortgage-backed securities, partly offset by redemptions and negative impact of foreign currency exchange rates.

Included in Debentures and other loans is EUR 987 million relating to borrowings measured at fair value (2010: EUR 987 million).

Commercial paper, Short term deposits and Bank overdrafts vary with the normal course of business.

22. Commitments and contingencies

On July 26, 2011, the Amsterdam Court of Appeal, an intermediate appeals court, ruled with respect to a specific AEGON unit-linked product, the Koersplan -product.

The Amsterdam Court of Appeal accepted AEGON's positions that Koersplan-products sold during the period 1989-1998 entailed an obligation on the part of customers to pay a premium for a death benefit. However, the Court ruled that AEGON should have more clearly informed its customers about the amount of premium which the company charged in relation to the embedded death benefit. AEGON acknowledges that its level of communication could have been better at the time and has subsequently taken steps to substantially improve its communications with customers as well as adjusting the amounts charged to Koersplan-customers.

In its decision, the Court ruled that customers are required to pay a reasonable premium. However, the Court went on to define what it considers to be a reasonable premium at a level below that charged by AEGON. The Court based its decision on a single industry example, which AEGON believes is not representative. AEGON believes that, based on the arguments presented, the Court's ruling was

wrongly decided and, in October 2011, appealed the decision taken by the Amsterdam Court of Appeal to the Supreme Court in the Netherlands. However, if the Supreme Court were to confirm the decision taken by the Amsterdam Court of Appeal and the principles underlying such decision were applied to AEGON's entire KoersPlan-portfolio (instead of solely to the holders of KoersPlan-products who are plaintiffs in the pending litigation), AEGON currently estimates the financial effect to be approximately EUR 150 million after tax.

The actual amount may vary based on uncertainties related to the application of any decision to individual customers, equity market fluctuations as well as interest rates movements. AEGON expects the Supreme Court to issue a decision during the second half of 2012.

Except for the before mentioned, there have been no material changes in contingent assets and liabilities as reported in the 2010 consolidated financial statements of AEGON.

23. Acquisitions / Divestments

Acquisitions

Effective July 1, 2011, AEGON entered into a Joint Venture contract with Unnim, the entity which was created by the merger of Caixa Terrassa, Caixa Sabadell and Caixa Manlleu. AEGON Spain is the sole insurance partner of Unnim to provide life and pension insurance products.

Divestments

On August 9, 2011, AEGON completed the previously announced divestment of its life reinsurance business, Transamerica Reinsurance, to SCOR. The divestment resulted in a total after-tax consideration of USD 1.4 billion, consisting of cash proceeds of USD 0.9 billion and capital release of USD 0.5 billion.

AEGON has retained certain blocks of business consisting primarily of variable annuity guarantee products with a book value of USD 0.4 billion.

The divestment of Transamerica Reinsurance consists of a series of reinsurance agreements between various statutory insurance entities and SCOR for the US domestic business. In addition, SCOR has acquired Transamerica International Reinsurance Ireland (TIRI), a company that includes reinsurance contracts that are assumed by AEGON US domestic companies which have been retroceded to TIRI, and has taken over the operational assets and systems of Transamerica Reinsurance.

The business residing in Transamerica International Reinsurance, Bermuda (TIRe) has been retroceded to SCOR. TIRe continues to provide reserve credit security for redundant reserves to AEGON USA's ceding companies. AEGON maintains approximately half of the collateral

Edgar Filing: AEGON NV - Form 6-K

requirements needed for reinsurance reserve financing. This obligation provides reserve credit security and will run off over approximately 15 years.

Unaudited

Page 22

Structuring the transaction as a reinsurance arrangement leaves AEGON exposed to a counter-party risk of SCOR not performing on the reinsurance contracts as the business matures. For such an event, certain levels of collateral related to the reinsured contracts have been placed in trust for AEGON's benefit. SCOR is rated A2/A by Moody's and Standard & Poor's, both with positive outlooks.

The transaction is accounted for primarily as a reinsurance transaction between AEGON and SCOR. Certain fixed assets and certain investment assets are transferred with any related gain (loss) being recognized. As a result, the divestment has no significant impact on shareholders' equity. Earnings on the business retained as well as amortization of the prepaid cost of reinsurance assets are reflected in the run-off businesses line in AEGON's segment reporting.

The reinsurance business being retained by AEGON, which comprises primarily the variable annuity guarantee business, is substantially hedged for financial market risks and produces normalized results which are negligible.

In addition, various administration, service and asset management contracts are part of the transaction. The combined result, consisting primarily of the amortization of the prepaid cost of reinsurance, is approximately USD 40 million before tax per annum initially. These costs are expected to trend down as the contracts mature. Transamerica Reinsurance realized underlying earnings before tax of USD 105 million in 2010.

On November 24, 2011, AEGON completed the previously announced sale of its UK-based Guardian life and pension business for a total cash consideration of GBP 275 million to Cinven, a European private equity group. The sale of the Guardian life and pension business in the United Kingdom resulted in a loss of EUR 7 mln, mainly originated from the disentanglement costs associated with the sale.

Underlying earnings before tax for Guardian life and pension totaled GBP 23 million in 2010. Gross written premiums for 2010 was GBP 129 million and net income for 2010 was GBP 26 million for the Guardian life and pension business.

AEGON Asset Management has entered into a long-term agreement with Cinven and will continue to manage the assets of Guardian which total GBP 7.4 billion.

24. Events after the balance sheet date

On February 7, 2012, AEGON completed the issuance of USD 525 million aggregate principal amount of 8.00% non-cumulative subordinated notes due 2042 in an underwritten public offering in the United States registered with the U.S. Securities and Exchange Commission.

The subordinated notes will bear interest at a fixed rate of 8.00% and will not be cumulative and are priced at 100% of their principal amount. The coupon may be cancelled under certain circumstances. The proceeds from the issuance of the subordinated notes will be used for general corporate purposes.

Disclaimer

Cautionary note regarding non-GAAP measures

This document includes the non-GAAP financial measure: underlying earnings before tax. The reconciliation of underlying earnings before tax to the most comparable IFRS measure is provided in Note 3 Segment information of our Condensed consolidated interim financial statements. AEGON believes that this non-GAAP measure, together with the IFRS information, provides a meaningful measure for the investment community to evaluate AEGON's business relative to the businesses of our peers.

Local currencies and constant currency exchange rates

This document contains certain information about our results and financial condition in USD for the Americas and GBP for the United Kingdom, because those businesses operate and are managed primarily in those currencies. Certain comparative information presented on a constant currency basis eliminates the effects of changes in currency exchange rates. None of this information is a substitute for or superior to financial information about us presented in EUR, which is the currency of our primary financial statements.

Forward-looking statements

The statements contained in this document that are not historical facts are forward-looking statements as defined in the US Private Securities Litigation Reform Act of 1995. The following are words that identify such forward-looking statements: aim, believe, estimate, target, intend, may, expect, anticipate, predict, project, counting on, plan, continue, want, forecast, goal, should, would, is confident, will, and similar expressions as they relate to our company. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. We undertake no obligation to publicly update or revise any forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which merely reflect company expectations at the time of writing. Actual results may differ materially from expectations conveyed in forward-looking statements due to changes caused by various risks and uncertainties. Such risks and uncertainties include but are not limited to the following:

changes in general economic conditions, particularly in the United States, the Netherlands and the United Kingdom;

changes in the performance of financial markets, including emerging markets, such as with regard to:

the frequency and severity of defaults by issuers in our fixed income investment portfolios; and

the effects of corporate bankruptcies and/or accounting restatements on the financial markets and the resulting decline in the value of equity and debt securities we hold;

the effects of declining creditworthiness of certain private sector securities and the resulting decline in the value of sovereign exposure that we hold;

changes in the performance of our investment portfolio and decline in ratings of our counterparties;

consequences of a potential (partial) break-up of the euro;

the frequency and severity of insured loss events;

Edgar Filing: AEGON NV - Form 6-K

changes affecting mortality, morbidity, persistence and other factors that may impact the profitability of our insurance products;

reinsurers to whom we have ceded significant underwriting risks may fail to meet their obligations;

changes affecting interest rate levels and continuing low or rapidly changing interest rate levels; changes affecting currency exchange rates, in particular the EUR/USD and EUR/GBP exchange rates;

changes in the availability of, and costs associated with, liquidity sources such as bank and capital markets funding, as well as conditions in the credit markets in general such as changes in borrower and counterparty creditworthiness;

increasing levels of competition in the United States, the Netherlands, the United Kingdom and emerging markets;

changes in laws and regulations, particularly those affecting our operations, ability to hire and retain key personnel, the products we sell, and the attractiveness of certain products to our consumers;

regulatory changes relating to the insurance industry in the jurisdictions in which we operate;

acts of God, acts of terrorism, acts of war and pandemics;

changes in the policies of central banks and/or governments;

lowering of one or more of our debt ratings issued by recognized rating organizations and the adverse impact such action may have on our ability to raise capital and on our liquidity and financial condition;

lowering of one or more of insurer financial strength ratings of our insurance subsidiaries and the adverse impact such action may have on the premium writings, policy retention, profitability of its insurance subsidiaries and liquidity;

the effect of the European Union's Solvency II requirements and other regulations in other jurisdictions affecting the capital we are required to maintain;

litigation or regulatory action that could require us to pay significant damages or change the way we do business;

as our operations support complex transactions and are highly dependent on the proper functioning of information technology, a computer system failure or security breach may disrupt our business, damage our reputation and adversely affect our results of operations, financial condition and cash flows;

customer responsiveness to both new products and distribution channels;

competitive, legal, regulatory, or tax changes that affect profitability, the distribution cost of or demand for our products;

Edgar Filing: AEGON NV - Form 6-K

changes in accounting regulations and policies may affect our reported results and shareholder's equity;

the impact of acquisitions and divestitures, restructurings, product withdrawals and other unusual items, including our ability to integrate acquisitions and to obtain the anticipated results and synergies from acquisitions;

catastrophic events, either manmade or by nature, could result in material losses and significantly interrupt our business; and

our failure to achieve anticipated levels of earnings or operational efficiencies as well as other cost saving initiatives.

Further details of potential risks and uncertainties affecting the company are described in the company's filings with Euronext Amsterdam and the US Securities and Exchange Commission, including the Annual Report on Form 20-F. These forward-looking statements speak only as of the date of this document. Except as required by any applicable law or regulation, the company expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements contained herein to reflect any change in the company's expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.
