The following talking points were sent to managers of Meadowbrook Insurance Group, Inc. on December 30, 2014.

MANAGER TALKING POINTS

By now, you've all heard the news that we have signed a definitive agreement to merge into Fosun International for \$8.65 per share in cash.

I'd like to take this opportunity to walk you through a few key points.

Fosun is a Shanghai-based investment group with over \$50 billion in total assets, global operations and a strong presence in insurance internationally. They have been very clear about their plans to expand their core insurance business and have made a number of acquisitions in recent years.

The acquisition of Meadowbrook marks their entry into the U.S. and will enable Fosun to establish a significant presence in the U.S. P&C market.

This is an exciting time for Meadowbrook and this transaction enables us to continue to build upon the progress we have made over the last year in strengthening our business, improving our capital position, returning to profitability and continuing to anticipate and support the evolving needs of our customers, partners and agents.

We are confident that we have found an excellent partner in Fosun, which brings additional financial resources and operational expertise and is committed to helping us build on our success. We believe the transaction will enhance our ability to serve our partners, customers and policyholders and will create new opportunities for employees as part of a larger, global organization.

Fosun has informed us that following the closing of the transaction, which is expected in the second half of 2015, they intend to maintain our operational headquarters in Southfield, MI and we will continue to operate under the Meadowbrook name.

In the coming weeks, you will learn more about Fosun and I'm sure you too will recognize the respect they have for who we are and what we can do.

Having said that, it is important to understand that today's announcement is just the first step in the process. Until the transaction is completed, we will continue to operate as an independent company. It is business as usual.

As we work toward the closing, the most important thing for all of us is to remain focused on continuing to provide our partners, customers and policyholders with the high level of service they have come to expect.

I know that many of you will have questions over the coming days and weeks, and we will keep you informed as we move through this process.

As always, thank you for your hard work and commitment to Meadowbrook.
