The information set forth in Item 8.01 regarding the Notes (as defined below) is incorporated herein by reference.

Item 8.01 Other Events.

As previously announced, on February 7, 2018, McKesson Corporation (the "Company") entered into an Underwriting Agreement with the several underwriters named therein (the "Underwriters"), pursuant to which the Company agreed to issue and sell to the Underwriters \$600,000,000 aggregate principal amount of its 3.950% Notes due 2028 (the "Notes"). On February 16, 2018, the Notes were issued pursuant to the Indenture, dated as of December 4, 2012 (the "Indenture") between the Company and Wells Fargo Bank, National Association, as trustee (the "Trustee"), as supplemented by an Officer's Certificate, dated as of February 16, 2018, setting forth certain terms of the Notes (the "Officer's Certificate").

The Notes will bear interest at the rate of 3.950% per year. Interest on the Notes is payable on February 16 and August 16 of each year, beginning on August 16, 2018.

Upon at least 15 days and not more than 45 days notice to holders of the Notes, the Company may redeem the Notes for cash in whole, at any time, or in part, from time to time, prior to maturity, at redemption prices that include accrued and unpaid interest and a make-whole premium, as specified in the Indenture and the Officer's Certificate. The Indenture and the Officer's Certificate include certain covenants, including limitations on the Company's ability to create certain liens on its assets or enter into sale and leaseback transactions with respect to its properties, or consolidate, merge or sell all or substantially all of its assets, subject to a number of important exceptions as specified in the Indenture. The Notes are unsecured and unsubordinated obligations of the Company and rank equally with all of the Company's existing and future unsecured and unsubordinated indebtedness from time to time outstanding. The Indenture contains customary event of default provisions. In the event of the occurrence of both (1) a change of control of the Company and (2) a downgrade of the Notes below an investment grade rating by each of the Ratings Agencies (as defined in the Officer's Certificate) within a specified period, unless the Company has previously exercised its optional redemption right with respect to the Notes in whole, the Company will be required to offer to repurchase the Notes from the holders at a price in cash equal to 101% of the then outstanding principal amount of the Notes, plus accrued and unpaid interest to, but not including, the date of repurchase.

The public offering price of the Notes was 99.975% of the principal amount. The Company expects to receive approximately \$595 million in aggregate net proceeds from the offering of the Notes, after estimated expenses. The Company expects to use the net proceeds from this offering and the net proceeds from its recently completed issuance and sale of 250,000,000 aggregate principal amount of its Floating Rate Notes due 2020 and 500,000,000 aggregate principal amount of its 1.625% Notes due 2026 to finance the purchase of up to \$1.1 billion of certain of the Company's outstanding notes pursuant to and upon the terms set forth in an offer to purchase and related letter of transmittal. The Company intends to use the remaining net proceeds, if any, for working capital and general corporate purposes, which may include, among other things, the repayment of debt.

The Notes were offered and sold pursuant to the Company's automatic shelf registration statement on Form S-3 (Registration No. 333-215763) under the Securities Act of 1933, as amended. The Company has filed with the Securities and Exchange Commission (the "SEC") a prospectus supplement, dated February 7, 2018, together with the accompanying prospectus, dated January 27, 2017.

For a complete description of the terms and conditions of the Officer's Certificate and the Notes, please refer to the Officer's Certificate and the form of Note, which are incorporated herein by reference and attached to this Current Report on Form 8-K as Exhibits 4.1 and 4.2, respectively.
