2019 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION

This proxy statement is provided and the enclosed form of proxy is solicited on behalf of Sprouts Farmers Market, Inc., a Delaware corporation, by our board of directors for use at the 2019 Annual Meeting of Stockholders (referred to as the *Annual Meeting*) and any postponements or adjournments thereof. The Annual Meeting will be held at the Sprouts Farmers Market Store Support Office, 5455 East High Street, Suite 111, Phoenix, Arizona 85054, on Tuesday, **April 30, 2019 at 8:00 a.m.** local time.

Internet Availability of Proxy Materials

In accordance with rules adopted by the Securities and Exchange Commission (referred to as the *SEC*) that allow companies to furnish their proxy materials over the Internet, we are mailing a Notice of Internet Availability of Proxy Materials instead of a paper copy of our proxy statement and our 2018 Annual Report to most of our stockholders. The Notice of Internet Availability of Proxy Materials contains instructions on how to access those documents and vote over the Internet. The Notice of Internet Availability of Proxy Materials also contains instructions on how to request a paper copy of our proxy materials, including this proxy statement, our 2018 Annual Report, and a form of proxy card. We believe this process will allow us to provide our stockholders the information they need in a more timely manner, while reducing the environmental impact and lowering our costs of printing and delivering the proxy materials.

These proxy solicitation materials are being first provided on or about March 18, 2019 to all stockholders entitled to vote at the meeting.

Record Date

Stockholders of record at the close of business on the record date of March 4, 2019 are entitled to notice of and to vote at the meeting.

Number of Outstanding Shares

On the record date, there were 123,673,737 outstanding shares of our common stock, par value \$0.001 per share.

Requirements for a Quorum

The holders of a majority of the issued and outstanding shares of common stock entitled to vote at the meeting, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Each stockholder voting at the meeting, either in person or by proxy, may cast one vote per share of common stock held on all matters to be voted on at the meeting.

Votes Required for Each Proposal

Assuming that a quorum is present, directors shall be elected by a plurality of the votes cast by shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. Therefore, the two nominees who receive the greatest number of votes cast shall be elected as directors. Our stockholders do not have cumulative voting rights for the election of directors.

Table of Contents

General Information

The advisory vote on the compensation of our named executive officers for fiscal 2018 (commonly referred to as a say-on-pay proposal) and the proposal to ratify PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 29, 2019 shall each be decided by the affirmative vote of a majority of shares present in person or represented by proxy at the meeting and entitled to vote thereon.

Although the say-on-pay vote is non-binding, it will provide information to our compensation committee and our board of directors regarding investor sentiment about our executive compensation philosophy, policies, and practices, which our compensation committee and our board of directors will consider when determining executive compensation for the years to come.

The vote on each matter submitted to stockholders is tabulated separately. Broadridge Financial Solutions, or a representative thereof, will tabulate the votes.

Our Board's Recommendation for Each Proposal

Our board of directors recommends that you vote your shares:

FOR each of the two Class III director nominees;

FOR the say-on-pay proposal; and

FOR the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 29, 2019.

Voting Instructions

You may vote your shares by proxy by doing any one of the following: vote via the Internet at www.proxyvote.com; call 1-800-690-6903 to vote by telephone; sign, date, and return your proxy or voting instruction card in the prepaid enclosed envelope to vote by mail; or attend the Annual Meeting to vote in person. When a proxy is properly executed and returned, the shares it represents will be voted at the meeting as directed.

If a proxy card is properly executed and returned and no voting specification is indicated, the shares will be voted (1) for the election of each of the two nominees for director set forth in this proxy statement, (2) for the non-binding advisory resolution to approve the compensation paid to our named executive officers for fiscal 2018, (3) for the proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal 2019, and (4) as the persons specified in the proxy deem advisable in their discretion on such other matters as may properly come before the meeting. As of the date of this proxy statement, we have received no notice of any such other matters.

If you attend the Annual Meeting, you may vote in person even if you have previously voted via the Internet or by phone or returned a proxy or voting instruction card by mail, and your in-person vote will supersede any vote previously cast.

Broker Non-Votes and Abstentions

If you are a beneficial owner of shares held in street name and do not provide the broker, bank, or other nominee that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote your shares on routine matters but cannot vote on non-routine matters. If the broker, bank, or other nominee that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is commonly referred to as a broker non-vote.

Table of Contents

General Information

The election of directors (referred to as *Proposal 1*) and the say-on-pay proposal (referred to as *Proposal 2*) are matters considered non-routine under applicable rules. A broker, bank, or other nominee cannot vote without your instructions on non-routine matters; as a result, there may be broker non-votes on Proposals 1 and 2. **For your vote to be counted in the above proposals, you will need to communicate your voting decisions to your broker, bank, or other nominee before the date of the Annual Meeting using the voting instruction form provided by your broker, bank, or other nominee.**

The ratification of appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal 2019 (referred to as *Proposal 3*) is a matter considered routine under applicable rules. A broker, bank, or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected in connection with Proposal 3.

Broker non-votes and abstentions each are counted for determining the presence of a quorum. The election of directors requires a plurality of votes cast. Neither broker non-votes nor any withhold votes in the election of directors will have any effect thereon. Because they represent shares present and entitled to vote that are not cast in favor of a proposal, abstentions will have the same effect as votes against Proposal 2 or Proposal 3. Broker non-votes, however, do not represent shares present and entitled to vote on non-routine matters, and therefore, will have no effect on Proposal 2.

Revoking Proxies

Any stockholder giving a proxy may revoke the proxy at any time before its use by furnishing to us either a written notice of revocation or a duly executed proxy (via Internet, telephone, or mail) bearing a later date, or by attending the meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

Election Inspector

Votes cast by proxy or in person at the meeting will be tabulated by the election inspector appointed for the meeting, who will determine whether a quorum is present. The election inspector will treat broker non-votes and abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, and as described in the Broker Non-Votes and Abstentions section of this proxy statement for purposes of determining the approval of any matter submitted to stockholders for a vote. The election inspector need not be a stockholder, and any of our directors or officers may be an inspector on any question other than a vote for or against his or her election to any position with our company or on any other matter in which he or she may be directly interested.

Voting Results

The final voting results from the Annual Meeting will be publicly disclosed in a Current Report on Form 8-K to be filed with the SEC within four business days of the Annual Meeting.

Costs of Solicitation of Proxies

We will bear the cost of this solicitation, estimated to be approximately \$85,000. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for expenses incurred in forwarding solicitation materials to such beneficial owners. Proxies also may be solicited by certain of our directors and officers,

personally or by telephone or e-mail, without additional compensation. We may, but do not currently intend to, engage a third-party proxy solicitor.

Householding

We are required to provide an Annual Report to all stockholders who receive this proxy statement. To reduce future costs to our company, if you are a stockholder of record and have more than one account in your name, or reside at the same address as other stockholders of record, you may authorize us to

Table of Contents

General Information

discontinue duplicate mailings of future Annual Reports and proxy statements, commonly referred to as householding. To do so, mark the designated box on each proxy card for which you wish to discontinue receiving an Annual Report and proxy statement. If you are voting via the Internet or by telephone, you can either follow the prompts when you vote or give instructions to discontinue duplicate mailings of future Annual Reports and proxy statements. Street name stockholders who wish to discontinue receiving duplicate mailings of future Annual Reports should review the information provided in the proxy materials mailed to them by their bank or broker. If, now or in the future, you wish to receive a separate copy of the Annual Report or proxy statement, please notify us by sending a written request to our Corporate Secretary at our principal executive offices, 5455 East High Street, Suite 111, Phoenix, Arizona 85054, and we will deliver a separate copy.

Attending the Annual Meeting

You are entitled to attend the Annual Meeting only if you are a stockholder as of the close of business on March 4, 2019, the record date, or hold a valid proxy for the meeting. In order to be admitted to the Annual Meeting, you must present proof of ownership of Sprouts stock on the record date. This can be:

a brokerage statement or letter from a bank or broker indicating ownership on March 4, 2019;

the Notice of Internet Availability of Proxy Materials;

a printout of the proxy distribution email (if you received your materials electronically);

a proxy card;

a voting instruction form; or

a legal proxy provided by your broker, bank, or other nominee.

Admission to the Annual Meeting will be on a first-come, first-served basis and will require proof of ownership described above. Stockholders and proxy holders must also present a government-issued form of photo identification, such as a driver's license, and comply with customary security procedures. We will be unable to admit anyone who does not present identification or refuses to comply with our security procedures. The use of cameras or other recording devices will not be allowed at the Annual Meeting.

Availability of our Filings with the SEC

Our 2018 Annual Report to Stockholders, which was made available to stockholders with or preceding this proxy statement, contains financial and other information about our company, but is not incorporated into this proxy statement and is not to be considered a part of these proxy materials or subject to Regulations 14A or 14C or to the

liabilities of Section 18 of the Securities Exchange Act of 1934, as amended, or the Exchange Act. The information contained in the Compensation Committee Report and the Report of the Audit Committee shall not be deemed filed with the SEC or subject to Regulations 14A or 14C or to the liabilities of Section 18 of the Exchange Act.

Through our investor relations website, *investors.sprouts.com*, we make available free of charge all of our SEC filings, including our proxy statements, our Annual Reports on Form 10-K, our Quarterly Reports on Form 10-Q, and our Current Reports on Form 8-K, as well as Form 3, Form 4, and Form 5 reports of our directors, officers, and principal stockholders, together with amendments to these reports filed or furnished pursuant to Sections 13(a), 15(d), or 16 of the Exchange Act. We will also provide upon written request, without charge to each stockholder of record as of the record date, a copy of our Annual Report on Form 10-K for the fiscal year ended December 30, 2018 (referred to as the *Form 10-K*), as filed with the SEC. Any exhibits listed in the Form 10-K report also will be furnished upon request at the actual expense we incur in furnishing such exhibits. Any such requests should be directed to our Corporate Secretary at our principal executive offices set forth in this proxy statement.

Table of Contents**Corporate Governance****Board Diversity**

While we do not have a formal policy outlining the diversity standards to be considered when evaluating director candidates, our objective is to foster diversity of thought on our board of directors. To accomplish that objective, the nominating and corporate governance committee considers ethnic and gender diversity, as well as differences in perspective, professional experience, education, skill, and other qualities in the context of the needs of our board of directors. Nominees are not discriminated against on the basis of age, race, religion, national origin, sex, sexual orientation, disability, or any other basis prohibited by law. The nominating and corporate governance committee evaluates its effectiveness in achieving diversity on the board of directors through its annual review of board member composition. Our current directors reflect these efforts and the importance of diversity to the board, and we are honored to have been recognized by the Women's Forum of New York as a Corporate Champion for board diversity.

Table of Contents

Corporate Governance

Our board of directors has determined that all of our current directors are independent, as defined in the corporate governance rules of the NASDAQ Stock Market. There are no family relationships among any of our directors, director nominees, or executive officers.

Only one class of directors will be elected at each annual meeting of stockholders, with the other classes continuing for the remainder of their respective three-year terms. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of our directors. Our directors may be removed for cause by the affirmative vote of the holders of a majority of our voting stock.

The division of our board of directors into three classes with staggered three-year terms may delay or prevent a change of our management or a change in control of our company.

Board Leadership Structure

Our board of directors has no policy with respect to the separation of the offices of Chief Executive Officer and Chairman of the Board. It is the board's view that rather than having a rigid policy, the board, with the advice and assistance of the nominating and corporate governance committee, and upon consideration of all relevant factors and circumstances, will determine, as and when appropriate, whether to institute a formal policy. Currently, our leadership structure separates these roles, with Mr. Fortunato serving as our Chairman of the Board and Messrs. Lukow and Nielsen serving as our Interim Co-Chief Executive Officers.

Our board believes that separating these roles provides the appropriate balance between strategy development, flow of information between management and the board of directors, and oversight of management. We believe this provides guidance for our board of directors, while also positioning our Interim Co-Chief Executive Officers as the leaders of the company in the eyes of our customers, team members, and other stakeholders. As Chairman, Mr. Fortunato, among other responsibilities, oversees planning of the annual board calendar and develops meeting agendas, presides over regularly scheduled board meetings and executive sessions of the independent members of the board, serves as a liaison between the directors, consults with major stockholders, as appropriate, and performs such additional duties as our board of directors may otherwise determine and delegate. By having Mr. Fortunato serve as Chairman of the Board, Messrs. Lukow and Nielsen are better able to focus their attention on running our company.

The Board's Role in Risk Oversight

Our board of directors is primarily responsible for overseeing our risk management processes. We have an enterprise risk management program designed to identify, prioritize and assess a broad range of risks that may affect our ability to execute our corporate strategy and fulfill our business objectives, and to formulate plans to mitigate their effects. Our board, as a whole, reviews our enterprise risk management program and specific risks we face, determines the appropriate level of risk for our company and reviews management's strategies for adequately mitigating and managing the identified risks. Although our board administers this risk management oversight function, our audit, compensation, and nominating and corporate governance committees support our board in discharging its oversight duties and addressing risks inherent in their respective areas. We believe this division of responsibilities is an effective approach for addressing the risks we face and that our board leadership structure supports this approach.

Board Participation

Our board of directors held five formal meetings in fiscal 2018 and took action by written consent once. During fiscal 2018, each of our directors attended at least 75% of the total number of meetings of our board of directors and of the committees on which they serve. We regularly schedule executive sessions at each formal meeting of the board during which the independent directors meet without the presence or participation of management.

Table of Contents

Corporate Governance

We encourage our directors to attend each annual meeting of stockholders. To that end, and to the extent reasonably practical, we generally schedule a meeting of our board of directors on or around the same day as our annual meeting of stockholders. Each of our directors at the time attended our 2018 annual meeting of stockholders.

Board Committees

Our board of directors has the authority to appoint committees to perform certain oversight and administration functions. Our board of directors has an audit committee, a compensation committee, and a nominating and corporate governance committee. The composition and responsibilities of each committee are described below. Members will serve on these committees until their resignation or until otherwise determined by the board of directors.

Audit Committee

Our audit committee consists of Lawrence P. Molloy, Chairperson, Kristen E. Blum, and Steven H. Townsend. Our board of directors has determined that each such individual is independent under the rules of the SEC and the NASDAQ Stock Market. Our board has also determined that Messrs. Molloy and Townsend are each an audit committee financial expert within the meaning of SEC regulations, and that each member of our audit committee can read and understand fundamental financial statements in accordance with audit committee requirements. In arriving at this determination, the board has examined each audit committee member's scope of experience in financial roles and the nature of their employment.

The audit committee has the following responsibilities, among others things, as set forth in the audit committee charter:

reviewing and pre-approving the engagement of our independent registered public accounting firm to perform audit services and any permissible non-audit services;

evaluating the performance of our independent registered public accounting firm;

monitoring the rotation of partners of our independent registered public accounting firm on our engagement team as required by law;

reviewing our annual and quarterly financial statements and reports filed with the SEC and discussing the statements and reports with our independent registered public accounting firm and management, including a review of disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations;

reviewing and monitoring our accounting principles, accounting policies, financial and accounting controls, and compliance with legal and regulatory requirements;

considering and approving or disapproving all related party transactions and discussing such transactions that are significant to our company with our independent registered public accounting firm;

preparing the audit committee report required by the SEC to be included in our annual proxy statement;

conducting an annual assessment of the performance of the audit committee and its members, and the adequacy of its charter; and

establishing procedures for the receipt, retention, and treatment of complaints received by us regarding financial controls, accounting, or auditing matters.

Our audit committee formally met four times during fiscal 2018.

Compensation Committee

Our compensation committee consists of Steven H. Townsend, Chairperson, Joseph Fortunato, Terri Funk Graham, and Lawrence P. Molloy. Our board of directors has determined that each such individual is independent under NASDAQ Stock Market listing standards, a non-employee director as defined in Rule 16b-3 promulgated under the Exchange Act and as an outside director as defined in Section 162(m) of the Internal Revenue Code (referred to as the *Code*).

The compensation committee has the following responsibilities, among other things, as set forth in the compensation committee's charter:

reviewing, modifying, and approving (or if it deems appropriate, recommending to the full board of directors regarding) our overall compensation strategy and policies and discussing such compensation with our independent registered public accounting firm;

reviewing (or if it deems appropriate, recommending to the full board of directors regarding) performance goals and objectives relevant to the compensation of our executive officers and assessing their performance against these goals and objectives;

reviewing and recommending to the full board of directors the compensation of our directors;

evaluating, adopting, and administering (or if it deems appropriate, making recommendations to the full board of directors regarding) the 2013 Incentive Plan (as defined below), other compensation plans, and similar programs advisable for us, as well as modification or termination of existing plans and programs;

establishing policies with respect to equity compensation arrangements;

reviewing and discussing annually with management our Compensation Discussion and Analysis ;

preparing the compensation committee report required by the SEC to be included in our annual proxy statement; and

reviewing and evaluating, at least annually, the performance of the compensation committee and the adequacy of its charter.

Our compensation committee formally met two times during fiscal 2018 and took action by written consent three times.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee consists of Terri Funk Graham, Chairperson, Kristen E. Blum, Joseph Fortunato, and Joseph O Leary. Our board of directors has determined that each such individual is independent under the rules of the NASDAQ Stock Market.

The nominating and corporate governance committee has the following responsibilities, among other things, as set forth in the nominating and corporate governance committee s charter:

reviewing periodically and evaluating director performance on our board of directors and its applicable committees, and recommending to our board of directors and management areas for improvement;

establishing criteria and qualifications for membership on the board of directors and its committees;

interviewing, evaluating, nominating, and recommending individuals for membership on our board of directors;

reviewing and recommending to our board of directors any amendments to our corporate governance policies; and

reviewing and assessing, at least annually, the performance of the nominating and corporate governance committee and the adequacy of its charter.

Our nominating and corporate governance committee formally met two times during fiscal 2018.

Board Evaluations

Our board believes that a robust annual evaluation process is a critical part of its governance practices. Accordingly, the nominating and corporate governance committee oversees an annual evaluation of the performance of the board of directors. The committee approves written evaluation questionnaires that are distributed to each director. The results of each written evaluation are provided to, and compiled by, an outside law firm. The chair of the nominating and corporate governance committee discusses the results of the performance evaluations with the full board. Our board utilizes the results of these evaluations in making decisions on director nominees, board agendas, board structure, composition and effectiveness and committee assignments. As a result of past board evaluations, we have made changes to board meeting agenda and the form and scope of materials provided to directors.

Identifying and Evaluating Director Candidates

Director candidates are evaluated in light of the then-existing composition of the board, and the background and areas of expertise of existing directors and potential nominees. The nominating and corporate governance committee also considers the specific needs of the various board committees. In the case of Mr. O Leary, the most recent addition to our board, the committee considered, among other factors, his merchandising and supply chain and logistics experience with other successful growth-oriented retailers. Prior to that, the committee considered, in connection with Ms. Blum joining our board, her vast experience in developing and designing information technology solutions, expertise in cybersecurity and technology functional leadership and gender diversity, among other factors.

Our nominating and corporate governance committee will consider persons recommended by stockholders for inclusion as nominees for election to our board of directors. Stockholders wishing to recommend director candidates for consideration by the committee may do so by writing to our Corporate Secretary at our principal executive offices set forth in this proxy statement, and giving the recommended nominee's name, biographical data and qualifications, accompanied by the written consent of the recommended nominee.

The evaluation process for director nominees who are recommended by our stockholders is the same as for any other nominee and is based on numerous factors that our nominating and corporate governance committee considers appropriate, some of which may include strength of character, mature judgment, career specialization, relevant technical skills, diversity reflecting ethnic background, gender, and professional experience, and the extent to which the nominee would fill a present need on our board of directors. We typically engage search firms to engage in national searches for prospective board candidates, and we instruct these search firms with which we work to identify potential board candidates that would, in addition to bringing particular skills and experience to the board, also add to the gender and/or ethnic diversity on the board.

Director Compensation

DIRECTOR COMPENSATION

Our directors that are considered independent under applicable SEC and NASDAQ stock market rules receive consideration for service on our board of directors. In 2018, these directors received the following cash compensation (all payable quarterly):

Annual retainer of \$60,000;

Annual committee retainer fees of \$10,000 per committee assignment;

Annual committee chairperson retainer fees in the following amounts:

- \$20,000 for the chairperson of our audit committee;
- \$15,000 for the chairperson of our compensation committee;
- \$15,000 for the chairperson of our nominating and corporate governance committee; and

Annual retainer for our chairman of the board of \$20,000.

In addition to the cash compensation discussed above, our independent directors also received equity compensation for 2018 equal to \$100,000 in the form of restricted stock units (referred to as *RSUs*) vesting on the one-year anniversary of the grant date. The number of RSUs granted to each independent director was determined using the 20-day trailing average closing price of our common stock as reported on the grant date. We also pay for or reimburse directors for approved board governance educational seminars and for travel expenses related to attending board and committee meetings.

Our board of directors recognizes that stock ownership by directors may strengthen their commitment to the long-term success of our company and further align their interests with those of our stockholders. In accordance with our corporate governance guidelines, our independent directors are expected over a five-year period to beneficially own shares of our common stock (including shares owned outright, unvested shares, and stock options or other equity grants) having a value of at least five times their annual cash retainer until he/she leaves the board.

Our compensation committee periodically engages its independent compensation consultant, Korn Ferry, to review our company's independent director compensation against peer and market data. In late 2018, our compensation committee reviewed the position of our independent director compensation program relative to market data and our peer group discussed below based on data provided by Korn Ferry and determined to make certain changes to increase our independent director compensation to slightly below the median of our peer group. For fiscal 2019, the annual

retainer will increase to \$65,000, the committee retainer fees will remain at \$10,000 per committee assignment, the audit committee chairperson retainer will increase to \$25,000, the compensation and nominating and corporate governance committee chairperson retainers will increase to \$20,000 and the chairman of the board retainer will increase to \$30,000. In addition, annual equity compensation for fiscal 2019 will increase to \$125,000 in the form of RSUs vesting on the one-year anniversary of the grant date.

The valuation assumptions used in determining such amounts are described in Note 26 to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 30, 2018. The grant date for the RSUs was May 14, 2018.

(2) Mr. Boney was not independent under NASDAQ stock market rules for a period of three years following the Company's purchase of a corporate aircraft from an entity controlled by Mr. Boney in November 2015. In February 2019, our board of directors determined that Mr. Boney qualified as an independent director under applicable SEC and NASDAQ stock market rules.

Section One Overview and Executive Summary***Compensation Program Background and Philosophy***

Our executive compensation program is administered by the compensation committee of our board of directors comprised entirely of independent directors. The program is intended to attract, motivate, and retain executives and reward the creation of stockholder value. We seek to provide executive compensation packages that are competitive with comparable companies (our peer group discussed below along with other market competitors) and reward the achievement of short-term and long-term performance goals.

Like most companies, we use a combination of fixed and variable compensation to reward and incentivize strong performance as well as to align the interests of our executives with those of our stockholders. When making compensation decisions, the compensation committee takes into consideration the value of target total direct compensation (referred to as *TDC*) provided to executives and where that value falls in relation to comparable companies. While the compensation committee does not target a specific percentile when making compensation decisions, the committee generally looks to position the value of target TDC between the 50th and 75th percentiles of comparable companies, which we believe will enable us to remain competitive in attracting and retaining qualified executive officers. Our compensation committee's decisions on target compensation are also influenced by a variety of additional factors, including compensation mix, the executive's performance, skills, experience, time in the role, retention risk, difficulty to replace and scope of responsibility.

2017 Say on Pay Vote and Stockholder Engagement

At our 2018 annual meeting, our say-on-pay advisory vote on the 2017 compensation of our named executive officers described in our 2018 proxy statement received approximately 94% support from our stockholders. Our compensation committee took this strong approval into account as one of many factors it considered in connection with the discharge of its responsibilities and attributed this level of support, in part, to many of the changes to the company's compensation program implemented in 2017 and 2018, including:

Engaging Korn Ferry, the compensation committee's independent compensation consultant, to evaluate our incentive plan design;

Executive Compensation

Conducting calls with several stockholders collectively holding 40% of our outstanding shares, and implementing certain changes based on this feedback to better align with our peers;

Increasing the performance period for our 2018 performance shares from one year to three years to better align our practices with the broader retail market and to better align our executive officers' long-term incentives with the creation of long-term value;

Revising the 2018 performance share metric from earnings per share (referred to as *EPS*) to earnings before interest and taxes (referred to as *EBIT*) to provide greater emphasis on our core business;

Increasing 2018 annual target award percentage and long-term award values for certain of our executive officers to better align with our peer group and enhance motivation and retention value for these key executives;

Approving modest pay increases to our executive officers' annual compensation packages in 2018 to align with our peer group and enhance retention value; and

Not granting any special retention awards in 2018.

Our compensation committee determined not to make significant structural changes to our executive compensation program in 2019 based on the strong level of stockholder support demonstrated by our 2017 say-on-pay vote and the changes made to the program in 2018. We continued our ongoing stockholder outreach efforts by contacting our largest stockholders in early 2019 to determine if any wished to raise concerns related to our compensation or governance practices. Our compensation committee continued to refine our executive compensation program for 2018 and 2019 as described further below, as a demonstration of its attention to corporate governance and its emphasis on the link between pay and performance.

2018 Fiscal Year Performance

Fiscal 2018 was another strong year for our company as we continued to grow in our very dynamic industry. Our brand of health and value continues to resonate both with new and existing customers, leading to solid financial performance. Some of our fiscal 2018 highlights include:

Opened 30 new stores, representing unit growth of 11% from 2017;

Net sales of \$5.2 billion; a 12% increase from 2017;

Comparable store sales growth of 2.1% and two-year comparable store sales growth of 5.0%;

Net income of \$159 million; compared to \$158 million in 2017;

Adjusted net income² of \$168 million; compared to \$140 million in 2017;

Diluted earnings per share of \$1.22; compared to \$1.15 in 2017;

Adjusted diluted earnings per share² of \$1.29; compared to \$1.01 in 2017; and

Drove additional stockholder returns by repurchasing approximately 11.1 million shares.

² Adjusted net income and adjusted diluted earnings per share, non-GAAP financial measures, exclude the impact of certain special items we do not consider representative of our ongoing financial performance. See the Non-GAAP Financial Measures section in Appendix A to this proxy statement for additional information about these items.

Table of Contents**Executive Compensation*****Executive Summary of Our Fiscal 2018 Executive Compensation Program and Actions Taken for 2019***

For 2018, our pay mix consisted of base salary, the opportunity to earn annual performance-based cash bonuses based on our achievement of Plan EBITDA (as defined below) and comparable store sales performance goals, and equity incentives consisting of time-vesting RSUs and performance-based restricted stock (referred to as *performance shares*) based on our achievement of a Plan EBIT (as defined below) target over a three-year performance period. We have no pension plans or other executive retirement plans except our 401(k) plan that is available to all team members, and limited executive perquisites consisting primarily of payment of health and life insurance premiums for certain of our named executive officers.

We believe that this mix of compensation, including in particular the performance shares and annual performance-based cash bonus program tied to company financial and operational objectives, closely links executive officer compensation to performance. We exceeded the threshold performance levels for our Plan EBITDA and comparable store sales goals for our annual performance-based cash bonus, and our performance shares remain subject to a three-year Plan EBIT performance target before they may be earned. Accordingly, our executive officers were awarded with payouts above threshold, but below target levels, for our company's performance during fiscal 2018, consistent with our pay-for-performance philosophy.

In 2019, at-risk pay will continue to comprise a significant portion of our executive compensation, particularly for our most senior officers. Our compensation committee has determined to continue to emphasize our pay-for-performance philosophy by using Plan EBITDA and comparable store sales metrics for our annual performance-based bonuses and performance share awards that reward cumulative performance over a three-year performance period based on a Plan EBIT performance goal. Our compensation committee also approved stock option grants for certain of our executive officers in 2019 to provide incentive for the long-term creation of stockholder value. See *Committee Actions Taken for 2019*.

Section Two Elements of our Compensation Program

The elements of our 2018 executive compensation program are presented below in summary format and more fully explained in the sections that follow:

Cash Compensation	Base Salary	Base salary is designed to provide a competitive fixed rate of pay recognizing different levels of responsibility and performance within our company, set generally near the 50 th percentile of comparable companies.
	Performance-based Bonus	Our performance-based bonus is an annual cash incentive program designed to reward team members for achieving company sales and profitability goals.
Long-Term Incentive Compensation	Performance Shares	Performance shares are granted to provide incentive for long-term creation of stockholder value based on company profitability goals measured by Plan EBIT over a three-year performance period. Performance shares represented 50% of the annual long-term incentive grant value in fiscal 2018 for all of our named executive officers.
	RSUs	

Benefit Programs	Health, Welfare and Retirement Programs	<p>Time-vesting restricted stock units (referred to as <i>RSUs</i>) are granted to provide incentive for long-term creation of stockholder value. RSUs vest in annual installments over three years and represented 50% of the annual long-term incentive for our named executive officers.</p> <p>Executives participate in the same benefit programs that are offered to other salaried team members. Our benefits are designed to provide market competitive benefits to protect team members and their covered dependents health and welfare and provide retirement benefits in the form of a 401(k) plan.</p>
	Other	<p>Perquisites</p> <p>Limited perquisites are provided to certain executives, primarily in the form of company-paid health and life insurance premiums.</p>

Base Salary

Base salary is a fixed portion of compensation that reflects the compensation committee's (and the Chief Executive Officer's in the case of other named executive officers) assessment of the individual named

Table of Contents**Executive Compensation**

executive officer's performance, skills, experience, time in the role, and scope of responsibility. Base salaries are generally set at levels near the median of comparable companies and are reviewed on an annual basis to determine if any adjustments are required.

Performance-based Cash Bonus

We utilize performance-based cash incentives to motivate executives to attain short-term objectives that align with long-term business goals. Meeting or exceeding our annual business and financial goals is important to executing our business strategy and delivering long-term value to stockholders. Individual award opportunities vary by job level and are generally set so that, along with other components of compensation, the executives' target TDC is competitive with the 50th to 75th percentile of comparable companies.

Our performance-based cash bonus plan is based upon (1) Adjusted EBITDA³, as further adjusted for any income or expense that is unusual, non-recurring or extraordinary, as the compensation committee of our board deems appropriate (referred to as *Plan EBITDA*), and (2) comparable store sales growth. No incentive award is payable to executives unless a pre-established minimum of 91% of the target Plan EBITDA goal or 53% of the target comparable store sales goal is achieved.

The performance-based cash bonus plan focuses executives on critical financial and operational goals. Our compensation committee believes that Plan EBITDA is a primary indicator to our stockholders of overall business health, and its use achieves our desire to use a measure of profitability that drives stockholder value creating behaviors. The second measure, comparable store sales growth, focuses executive officers on both strengthening our core business and making our stores more productive.

Each executive officer has a target performance-based cash bonus opportunity, expressed as a percentage of base salary (referred to as the *Target Bonus*), with the ability to earn above or below that target based on our company's actual performance.

At the beginning of 2018, the compensation committee and board of directors approved the financial and operational goals for the company. The compensation committee also reviewed and approved the Target Bonus opportunity for each executive officer. If Plan EBITDA and comparable store sales growth were 100% of the established targets, our executive officers would be each entitled to receive 100% of such officer's respective Target Bonus. In addition, each executive officer had the opportunity to earn an out-performance bonus of 200% of such officer's Target Bonus (referred to as *Total Bonus Opportunity*). The Target Bonus and Total Bonus Opportunity for our executive officers for 2018 were as follows:

	Threshold Bonus	Target Bonus	Total Bonus Opportunity
Compensation Tier	(as % of Base Salary)	(as % of Base Salary)	(as % of Base Salary)

Because such a large percentage of executive officer compensation is performance-based, our compensation committee invests significant time determining the annual financial target for our performance-based cash bonus program. In general, management makes the initial recommendation for the

financial targets based upon our company's annual board-approved budget, and these recommendations are reviewed and discussed by the compensation committee. The major factors used in setting one or more targets for a particular year are the results for the most recently-completed year and the budget for the current year. Other factors taken into account may include general economic and competitive market conditions and industry dynamics. Our compensation committee sets the final corporate performance goals during our first quarter, typically at a level our compensation committee believes is challenging, but reasonable, for management to achieve.

Award payouts are determined each February following completion of the plan year by measuring the performance against each award component. In determining whether the performance ranges are met, the compensation committee exercises its judgment whether to reflect or exclude the impact of changes in accounting principles and extraordinary, unusual, or infrequently occurring events. The 2018 incentive award target goals and 2018 results and corresponding bonus percentages relative to the target amounts are shown below.

Equity Incentive Compensation

Each year we grant equity-based awards to executive officers and key team members to motivate and reward them for creating long-term stockholder value. Long-term incentive awards are generally established so that, when added to total cash compensation, the target TDC for an individual executive is competitive with the 50th to 75th percentiles of comparable companies. In 2018, our compensation committee determined to grant to our executive officers time-vesting RSUs and performance shares. The value of such equity awards increases or decreases as a result of changes in the market price of our common stock, creating opportunities in the event of successful market performance of our shares, aligning the interests of our named executive officers with our stockholders.

Award	Weighting	Vesting Terms and Other Conditions
Performance Shares	50%	Performance shares are designed to reward cumulative performance over a three-year performance period and are subject to our company achieving a cumulative Plan EBIT ⁴ performance target based on our financial objectives. If the cumulative three-year Plan EBIT target is achieved, the performance shares will be considered earned and will vest on the third

anniversary of the grant date, subject to continued employment. If the Plan EBIT performance target is exceeded, our named executive officers may earn performance shares greater than the target amount, up to 200%.

RSUs	50%	The target number of shares of our common stock subject to performance shares is determined by the 20-day trailing average closing price for our common stock as reported on the grant date. All of our executive officers receive time-vesting RSUs that vest one-third on each anniversary of the grant date.

The number of shares of our common stock subject to RSUs is determined by the 20-day trailing average closing price for our common stock as reported on the grant date.

⁴ EBIT is a non-GAAP financial measure that is explained and reconciled to the comparable GAAP measure in [Appendix A](#) to this proxy statement. We define Adjusted EBIT as net income before interest expense and provision for income tax, excluding certain special items we do not consider representative of our ongoing financial performance. We define Plan EBIT as Adjusted EBIT, as may be further adjusted for any income or expense that is unusual, non-recurring or extraordinary, as the compensation committee of our board deems appropriate.

2018 Performance Shares: As our 2018 performance shares measure Plan EBIT over a three-year performance period, we will measure the Plan EBIT performance target in 2021 to determine if performance shares will be earned. If such shares are earned, they will vest on the third anniversary of the grant date, subject to continued employment through the vesting date.

2016 Performance Shares: The 2016 – 2018 target goals and results and corresponding performance shares awarded in respect of our performance shares granted in 2016 are shown below.

Grant Year	Performance Measure	Rationale for Measure	Target Goals	Results	Percentage
					Awarded Shares
2016	Plan EBIT (100%)	Reflects overall business operations and is a measure of profitability that drives stockholder value	\$258.4 million (annual)	\$234.8 million (2018)	0%
			\$751.9 million (cumulative over three-year period)	\$675.0 million (2016 – 2018)	0%

Consistent with our pay-for-performance philosophy, none of our named executive officers earned performance shares with respect to the 2016 grants, which measured Plan EBIT annually and cumulatively over the three-year 2016 – 2018 performance period.

Benefits and Perquisites

We provide our named executive officers with benefits that our board of directors believes are reasonable and in the best interests of our company and our stockholders. Consistent with our compensation philosophy, we maintain competitive benefit packages for our named executive officers. The compensation committee, in its discretion, may revise, amend, or add to an officer's benefits if it deems it advisable. We believe these benefits are generally equivalent to benefits provided by comparable companies.

Retirement Plan Benefits. We sponsor a 401(k) defined-contribution plan (referred to as the *401(k) Plan*) covering substantially all eligible team members, including our named executive officers. Team member contributions to the 401(k) Plan are voluntary. Contributions by participants are limited to their annual tax deferred contribution limit by the Internal Revenue Service. We contribute an amount up to 50% of the first 6% of the eligible compensation deferred by a participant.

Health and Welfare Benefits. We offer medical, dental, vision, life insurance, short-term and long-term disability insurance and accidental death and dismemberment insurance for all eligible team members. Named executive officers are eligible to participate in the same plans as other eligible team members.

Perquisites. We pay the premium amounts for medical, dental, vision, life insurance, short-term and long-term disability insurance and accidental death and dismemberment insurance plans on behalf of certain of our named executive officers, and impute income related to the limited personal use of our corporate aircraft by certain of our executive officers.

Section Three How Executive Pay is Established

Role of Our Compensation Committee

Our compensation committee, which is comprised entirely of independent directors, is responsible for overseeing our executive compensation policies and programs with the goal of maintaining compensation that is competitive and reflects the long-term interests of our stockholders. You can learn more about the compensation committee's purpose, responsibilities, and structure by reading the committee's charter posted on our investor relations website at investors.sprouts.com. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on or accessible through our website into this proxy statement.

Table of Contents**Executive Compensation**

While our Chief Executive Officer and other executive officers may attend meetings of the compensation committee or our board of directors from time to time, the ultimate decisions regarding executive officer compensation are made solely by the members of our compensation committee. These decisions are based not only on our compensation committee's deliberations, but also on input requested from our company or outside advisors, including our compensation committee's independent compensation consultant, with respect to, among other things, market data analyses. The final decisions relating to our Chief Executive Officer's compensation are determined solely by our compensation committee. Decisions regarding other executive officers are made by our compensation committee after considering recommendations from our Chief Executive Officer.

Role of the Compensation Consultant

Our compensation committee may periodically engage the services of independent compensation consultants to provide advice in connection with making executive compensation determinations. The chairperson of our compensation committee, in consultation with other committee members, defines the scope of any consultant's engagement and related responsibilities. These responsibilities may include, among other things, advising on issues of executive compensation and equity compensation structure and assisting in the preparation of compensation disclosure for inclusion in our SEC filings. In fulfilling its responsibilities, the independent compensation consultant may interact with management or our other outside advisors to the extent necessary or appropriate.

In 2018, our compensation committee engaged Korn Ferry as its independent compensation consultant to provide the committee with an executive compensation assessment, peer group analysis and related compensation advice. The compensation committee's independent compensation consultant provides analyses that inform the committee's decisions, but it does not decide or approve any compensation decisions. For 2018, Korn Ferry developed criteria used to identify and refine peer and other comparable companies for executive compensation and performance comparisons. Korn Ferry representatives met informally with the chairperson of the committee and with certain members of our management team, and formally with our compensation committee as requested.

The compensation committee considered the factors set forth in the NASDAQ Stock Market rule regarding compensation advisor independence. Specifically, the compensation committee analyzed whether the work of Korn Ferry as compensation consultant raised any conflict of interest, taking into consideration the following factors: (i) the provision of other services to our company by Korn Ferry; (ii) the amount of fees from our Company paid to Korn Ferry as a percentage of Korn Ferry's total revenue; (iii) the policies and procedures of Korn Ferry that are designed to prevent conflicts of interest; (iv) any business or personal relationship of Korn Ferry or the individual compensation advisors employed by Korn Ferry with an executive officer of our company; (v) any business or personal relationship of the individual compensation advisors with any member of the compensation committee; and (vi) any stock of our company owned by Korn Ferry or the individual compensation advisors employed by Korn Ferry. The compensation committee considered the above factors related to compensation advisor independence and based on the foregoing, the committee concluded that Korn Ferry was independent.

Our compensation committee intends to continue its practice of retaining executive compensation consultants from time to time, as our compensation committee deems appropriate, to advise our compensation committee with respect to its compensation policies and provide compensation data from comparable companies.

Management's Role in Compensation Decisions

Members of our human resources, finance, and legal departments work with our Chief Executive Officer to recommend changes to existing compensation plans and programs, to recommend financial and other targets to be achieved under those programs, to prepare analyses of financial data and other briefing materials to assist the compensation committee in making its decisions and, ultimately, to implement the decisions of our compensation committee.

Table of Contents**Executive Compensation**

Our Chief Executive Officer is actively engaged in setting compensation for other executives through a variety of means, including recommending for committee approval the financial goals and the annual variable pay amounts for our executive team. Our Chief Executive Officer works closely with our Chief Human Resources Officer and the chairperson of the compensation committee in analyzing relevant market data to determine base salary and annual target bonus opportunities for senior management and to develop targets for our short- and long-term incentive plans. Our Chief Executive Officer is subject to the same financial performance goals as our other executive officers, all of which are ultimately determined and approved by our compensation committee.

Compensation Levels and Benchmarking

We benchmark our executive compensation against a peer group of companies with which we may compete for executive talent. Market pay data for the peer group for 2018 was gathered through publicly available information and compensation surveys conducted by Korn Ferry. When making compensation decisions, the compensation committee takes into consideration the value of TDC provided to executives and where that value falls in relation to comparable companies (our peer group discussed below along with other market survey data). While the compensation committee does not target a specific percentile of comparable companies when making decisions regarding individual compensation components, the committee generally looks to position the value of target TDC so as to be competitive with the 50th to 75th percentiles of comparable companies, with exceptions made based on the committee's analysis of key factors, as discussed below.

The peer group is periodically evaluated and updated to ensure the companies in the group remain relevant to us based on our changing size and other factors. For 2018, our compensation committee reviewed the compensation of our executive officers and compared it with that of both our peer group companies and broader, composite global market survey data provided by our compensation consultant. In assessing the appropriateness of peer companies, the compensation committee considered the following criteria for our peer group in 2018: annual revenues; food retail, health and wellness, as well as broader retail; talent market that represents the market for executive talent for our company; growth-oriented companies; and the peer groups used by proxy advisory firms.

The peer group of 14 companies which, along with broader market survey data, were used for benchmarking purposes in fiscal 2018 is set forth below.

Table of Contents**Executive Compensation**

Based on input from Korn Ferry, the peer group was updated in late 2018 to assist the compensation committee with determining 2019 compensation. Based on the evaluation criteria, our compensation committee approved the removal of Vitamin Shoppe, Inc. and the addition of Tractor Supply Company to our peer group for 2019.

As discussed above, while the committee does not target a specific percentile when making compensation decisions, our compensation committee generally looks to position the value of target TDC of our executive officers so as to be competitive with the 50th to 75th percentiles of comparable officers at comparable companies, as derived from both peer group data and broader composite market survey data. Our compensation committee may vary from this general approach for various elements of compensation depending on the committee's analysis of key factors, such as performance, contributions to the business, ability to replace with a high quality candidate in our unique industry/model or disruption to our business if executive were to exit.

Section Four 2018 Named Executive Officer Pay Actions**2018 Compensation Actions**

In February 2018, the compensation committee approved the following compensation and awards for our named executive officers after considering each officer's individual achievements and contributions toward our long-term strategic goals, our peer group and market survey data and the accomplishments of the company.

Name	Base Salary	Target Bonus	RSU Awards	Performance Share Awards	Target TDC
Amin N. Maredia(1)	\$ 950,000	\$ 950,000	\$ 1,425,000	\$ 1,425,000	\$ 4,750,000
Bradley S. Lukow(2)	\$ 625,000	\$ 437,500	\$ 468,750	\$ 468,750	\$ 2,000,000
James L. Nielsen(2)	\$ 650,000	\$ 487,500	\$ 650,000	\$ 650,000	\$ 2,437,500

Dan J. Sanders	\$ 425,000	\$ 255,000	\$ 170,000	\$ 170,000	\$ 1,020,000

- (1) The compensation for Mr. Maredia excludes severance received in connection with his resignation as our Chief Executive Officer in December 2018. See *Potential Payments Upon Termination or Change in Control*.
- (2) The base salary and equity award values received by Messrs. Lukow and Nielsen include only the amounts approved by the compensation committee in February 2018 for their capacities as Chief Financial Officer and President and Chief Operating Officer, respectively. See *Committee Actions Taken for 2019* for compensation awarded to Messrs. Lukow and Nielsen in their capacities as Interim Co-Chief Executive Officers.

Base Salary: Base salary amounts presented above differ from the amounts disclosed in the Summary Compensation Table because increases in base salary become effective in February of each year. Therefore, the amounts reported in the Summary Compensation Table reflect approximately one month at the 2017 base salary rate and eleven months at the 2018 rate.

Short-Term Incentive Awards: We achieved 92% of the target Plan EBITDA goal (which comprised 75% of the Target Bonus amount) and achieved 55% of the target for our comparable store sales goal (which comprised 25% of the Target Bonus amount), which collectively resulted in a 2018 cash incentive award of 82.8% of the Target Bonus amount for our officers. This was calculated under the terms of the plan as described in the *Section Two Elements of Our Executive Compensation Program*.

Long-Term Incentive Grants (Performance Shares and RSUs): The compensation committee approved the long-term incentive grant for each named executive officer in February 2018 with a view towards aligning a large portion of executive pay with the interests of our stockholders. Each of our named executive officers received 50% of their equity awards in the form of RSUs and 50% in the form of performance share awards with a three-year Plan EBIT target.

Executive Compensation

To demonstrate our focus on pay-for-performance, each element of compensation for 2018 target amounts as approved by the compensation committee is set forth as a percentage of target TDC in the following chart.

Committee Actions Taken for 2019

An important principle driving our compensation program is our belief that it benefits our stockholders for management's compensation to be tied to our company's current and long-term performance. As a result, in 2019 at-risk pay will continue to comprise a significant portion of our executive compensation program, particularly for our most senior officers. As we continue our transition to a mature public company in a competitive environment, our compensation committee continues to refine our compensation program, while taking into account stockholder feedback based on outreach and the prior years' say-on-pay votes. Accordingly, our compensation committee determined to take the following actions with respect to our 2019 compensation program:

The compensation committee increased the base salaries of our executive officers by 5% to 12% based on individual performance, increased job responsibilities and their contributions to our business.

The compensation committee continued to emphasize objective pay-for-performance criteria through the use of Plan EBITDA and comparable store sales targets for our annual performance-based cash bonuses.

The performance-based cash bonus opportunity for our Chief Financial Officer increased to 75% of base salary, from 70% in 2018. The target opportunity for our other executive officers will remain at 2018 levels: 75% for our President and Chief Operating Officer and 60% for our other executive officers.

The compensation committee will maintain target equity-based compensation equal to 200% of base salary for our President and Chief Operating Officer and 150% of base salary for our Chief Financial Officer. To provide further incentive for the long-term creation of stockholder value, the compensation committee increased target equity-based compensation from 80% to 100% of base salary for our other executive officers, with such increase to be provided in the form of time-based stock options.

The 2019 equity compensation for our President and Chief Operating Officer and Chief Financial Officer remains comprised 50% in the form of performance shares and 50% time-based RSUs vesting one-third on each anniversary of the grant date. For our other executive officers, 2019 equity compensation will be comprised of 40% in the form of performance shares, 40% time-based RSUs and 20% time-based stock options, with such RSUs and stock options vesting one-third on each anniversary of the grant date.

Table of Contents**Executive Compensation**

The compensation committee will continue to include a multi-year target in the structure of our performance shares by granting such shares to our executive officers that can be earned after a three-year performance period based on achievement of a Plan EBIT target. If earned, such performance shares will vest 100% on the third anniversary date of the grant (2022).

For our President and Chief Operating Officer 73% of target TDC will be performance based, and for our Chief Financial Officer, 69% of target TDC will be performance based. For the other named executive officers, on average, 62% of target TDC will be performance-based.

In connection with the appointment of and added responsibilities assumed by Messrs. Nielsen and Lukow as Interim Co-Chief Executive Officers upon Mr. Maredia's resignation, the compensation committee approved additional compensation of \$25,000 per month for each of Messrs. Nielsen and Lukow until a permanent Chief Executive Officer has been named, beginning in December 2018. The compensation committee also granted each of Messrs. Nielsen and Lukow stock options under our 2013 Incentive Plan to purchase 20,000 shares of common stock, which shall vest in three equal annual installments over a three-year period.

Upon the appointment of a permanent Chief Executive Officer, the compensation committee expects that such individual's compensation package will be consistent with our strong pay-for-performance philosophy.

Section Five Executive Compensation Governance***Stock Ownership Guidelines***

To further align the long-term interests of our executives and our stockholders, our board maintains stock ownership guidelines applicable to our Chief Executive Officer and other executive officers. Our Chief Executive Officer must maintain beneficial ownership of shares of Sprouts stock equal in market value to five times his current annual base salary, and our other executive officers must maintain beneficial ownership of shares of Sprouts stock equal in market value to two times his or her respective current annual base salary. Our Chief Executive Officer and other executive officers have five years to satisfy these stock ownership guidelines. As of fiscal 2018 year-end, each of our named executive officers met these guidelines.

Change-in-Control and Severance Arrangements

In December 2018, our compensation committee amended our executive severance and change-in-control plan, which provides that our Chief Executive Officer, President and Chief Operating Officer, and Chief Financial Officer are eligible for two to three years of severance benefits upon certain events, including an involuntary termination of employment or termination of employment in connection with a change in control, and our other executive officers are eligible for one to two years of severance benefits upon certain events, including an involuntary termination of employment or a termination of employment in connection with a change in control. For further information regarding compensation payable to our named executive officers in the event of termination of such officer's employment, see *Potential Payments Upon Termination or Change in Control*.

Hedging and Pledging Policy

Our insider trading policy expressly prohibits transactions involving hedging or pledging of Sprouts shares by directors, officers or team members without the approval of our Chief Legal Officer, who would review risks of proposed transactions.

Tax Deductibility of Executive Compensation

Section 162(m) of the Code generally does not permit publicly traded companies to take income tax deductions for compensation paid to our Chief Executive Officer and certain other executive officers to the extent that compensation exceeds \$1 million per officer in any taxable year. Certain compensation,

Table of Contents**Executive Compensation**

including performance-based compensation deductible for 2017 and prior years and certain grandfathered performance-based compensation arrangements, meeting specified requirements, is exempt from this limit. As a new public company, under special transition relief, certain compensation paid (and certain equity awards granted) prior to the 2017 Annual Meeting of Stockholders, has also been exempt from this limit. The executive officers to whom Section 162(m) generally applies for 2018 include our Chief Executive Officer and Chief Financial Officer, the next three most highly compensated executive officers, and any such covered employee for a year after 2016. Although our compensation committee considers tax consequences as a factor when it makes compensation decisions, it retains the discretion and flexibility to make compensation decisions resulting in the grant of non-deductible compensation to the extent it deems that it is appropriate.

Clawback of Certain Compensation Following Restatement of Financial Statements

Our corporate governance guidelines provide that if the board of directors learns of any misconduct by an officer that contributed to our company having to restate all or a portion of our financial statements, it shall take such action as it deems necessary to remedy the misconduct, prevent its recurrence and, if appropriate, take remedial action against such officer in a manner it deems appropriate. In determining what remedies to pursue, the board of directors will take into account all relevant factors, including whether the restatement was the result of negligence or intentional or gross misconduct. The board of directors will, in all appropriate cases, require reimbursement of any bonus or incentive compensation awarded to an officer or effect the cancellation of unvested restricted, deferred stock awards previously granted to the officer if: (i) the amount of the bonus, incentive compensation or stock award was calculated based upon the achievement of certain financial results that were subsequently the subject of a restatement, (ii) the executive engaged in intentional misconduct that caused or partially caused the need for the restatement and (iii) the amount of the bonus, incentive compensation or stock award that would have been awarded to the officer had the financial results been properly reported would have been lower than the amount actually awarded. In addition, the board or directors, in its full and complete discretion, may dismiss the officer, authorize legal action for breach of fiduciary duty or take such other action to enforce the officer's obligations to our company as the board of directors determines fit the facts surrounding the particular case.

Risk Considerations

Our board of directors does not believe that our 2018 compensation policies and practices create risks that are reasonably likely to have a material adverse effect on our company for the following reasons:

we believe our fixed pay is competitive given our size and stage of development;

our variable pay is based on achieving short-term financial goals, we set a threshold for financial targets below which no bonus payment can be made, and cash bonuses are awarded at amounts that are capped to avoid windfall payouts; and

long-term performance is rewarded through grants of RSUs that provide retention value only if our stock remains stable or increases, and performance shares that are valuable only if our company achieves certain

financial targets, which aligns our executives' interests with those of our equity holders. In addition, the number of shares that can be earned is capped.

(1) Options are to acquire shares of common stock. Options generally expire seven years from the grant date. Time-vested options granted prior to 2016 generally vest over 12 quarters. Time-vested options granted in 2016 and 2018 vest annually over three

years on each anniversary of the grant date. In addition, all options granted prior to 2015 vest upon occurrence of a change in control of the company. Options granted subsequent to 2015 vest upon a change in control if not assumed by the acquiror or employment is terminated by the company without cause or by the team member for good reason within 24 months of a change in control, each as defined in the respective option award agreement.

- (2) Except as otherwise indicated, represents unvested RSUs or restricted stock awards (referred to as *RSAs*). The RSUs and RSAs generally vest in three equal installments on each of the first three anniversaries of the grant date, assuming continued employment through the applicable vesting date.
- (3) The market value of unvested awards is calculated by multiplying the number of unvested awards held by the applicable named executive officer by the closing market price of our common stock on the Nasdaq Global Select Market on the last trading day of fiscal 2018, December 28, 2018, which was \$23.19 per share.
- (4) Certain stock awards granted on March 4, 2016 represent unvested performance share awards. The performance shares cliff vest on March 4, 2019, assuming performance conditions are achieved both annually and cumulatively over the three-year performance period and assuming continued service through the applicable vesting date. Subsequent to fiscal 2016, 2017 and 2018 year-end, the compensation committee determined that the conditions for such performance share awards were not met for the applicable performance year.
- (5) Options and restricted stock awards granted to Messrs. Maredia and Nielsen on May 23, 2016 are related to their respective promotions in 2015. The options and restricted stock granted to Mr. Maredia vested on a quarterly basis over a three quarter period, beginning on December 31, 2016, and the options and restricted stock granted to Mr. Nielsen vested on June 30, 2018.
- (6) Stock awards granted on March 3, 2017 represent unvested performance share awards. The performance shares vest annually on March 3, 2019 and March 3, 2020, assuming continued service through the applicable vesting date. Subsequent to fiscal 2017 year-end, the compensation committee determined that the conditions for such performance share awards were achieved at the maximum performance level.
- (7) Stock awards granted on March 5, 2018 represent unvested performance share awards. The performance shares will cliff vest on March 5, 2021, assuming three-year Plan EBIT performance conditions are achieved and continued service through the applicable vesting date.
- (8) Options granted on December 26, 2018 to Messrs. Lukow and Nielsen are related to their promotions to Interim Co-Chief Executive Officer, effective December 31, 2018. The options vest and become exercisable in three equal installments on December 26, 2019, December 26, 2020 and December 26, 2021, assuming continued employment through the applicable vesting date.

Option Exercises

The following table describes, for the named executive officers, the number of shares acquired on the exercise of options and the value realized on exercise of options during fiscal 2018.

Name	Option Awards	
	Number of Shares Acquired on Exercise	Value Realized on Exercise
Amin N. Maredia	90,322	\$ 1,189,741
James L. Nielsen	466,561	\$ 3,860,839
Brandon F. Lombardi	95,000	\$ 1,189,719
Dan J. Sanders	19,929	\$ 123,277

For option awards, the value realized is computed as the difference between the fair market value of the underlying shares on the date of exercise and the exercise price times the number of shares acquired upon exercise.

Employment Agreements

On July 15, 2011, we entered into an employment agreement with Mr. Maredia, as amended from time to time, that provided for compensation terms as well as confidentiality and non-competition obligations. In connection with Mr. Maredia's promotion to Chief Executive Officer, on August 6, 2015, we entered into an amended and restated employment agreement with Mr. Maredia that provided for an

increase in his annual base salary and a target annual bonus, and the grant of options to purchase 1,200,000 shares of our common stock, as subsequently restructured. The term of Mr. Maredia's amended and restated employment agreement was three years, subject to one-year extension periods. Upon Mr. Maredia's resignation on December 30, 2018, his amended and restated employment agreement was terminated, and we entered into a letter agreement with Mr. Maredia to provide for certain post-employment obligations and a three-month post-termination consultancy period. See *Potential Payments Upon Termination or Change in Control*.

On April 18, 2011, we entered into an employment agreement with Mr. Nielsen, as amended from time to time, that provided for compensation terms as well as confidentiality and non-competition obligations. In connection with Mr. Nielsen's appointment as President and Chief Operating Officer, on August 6, 2015, we entered into an amendment to his employment agreement that provided for an increase in his annual base salary and the grant of options to purchase 500,000 shares of our common stock, as subsequently restructured.

On January 23, 2012, we entered into an employment agreement with Mr. Lombardi, as amended from time to time, that provided for compensation terms as well as confidentiality and non-competition obligations. Messrs. Lukow and Sanders do not have an employment agreement.

Each employment agreement described above contains a base salary that was set as a result of negotiations between the executive and our board of directors, and is subject to adjustment on an annual basis. Mr. Lukow's offer letter contained an initial base salary and provides for an annual equity grant award value. Additionally, each employment agreement and offer letter provides for a bonus based upon our company's attainment of annual goals established by our board and the compensation committee. Each employment agreement and offer letter also provides vacation benefits, reimbursement for business expenses, and the right to participate in company-wide benefits, including insurance, retirement, and other plans and programs as are available to our executive officers. Each employment agreement contains a covenant not to compete with our company or solicit our team members or customers for a period equal to the greater of 12 months immediately following termination of employment or the end of the period during which severance payments are being made, subject to certain exceptions, as well as confidentiality, preservation of intellectual property and non-disparagement obligations. We and each named executive officer may terminate the officer's employment at any time. In the event of termination of employment, amounts payable to our named executive officers are reflected in the *Potential Payments Upon Termination or Change in Control* section below.

Potential Payments Upon Termination or Change in Control

On November 4, 2015, our board of directors adopted an Executive Severance and Change in Control Plan (referred to as the *Plan*) to provide benefits and payments to certain of our senior executive officers if their employment is terminated under certain circumstances. The Plan was subsequently amended in December 2018 and covers senior executive officers designated by the compensation committee of our board of directors, including our named executive officers that do not otherwise have employment agreements which specifically provide for severance. In addition, if one of our senior executive officers designated for participation in the Plan has an employment agreement and his or her employment is terminated in connection with a change in control (as defined in the Plan) under circumstances providing for change in control severance benefits under the Plan (as described below), the senior executive officer is eligible to receive change in control severance benefits under the Plan, rather than severance benefits under the applicable employment agreement, unless the severance terms of the applicable employment agreement are more favorable to the executive in which case the terms of the employment agreement shall govern.

In the event that a Plan participant's employment is terminated by us without cause or due to elimination of job position, reduction in force or restructuring, or by a participant due to relocation, and such termination does not constitute a termination in connection with a change in control described below and is not within 12 months of the participant's date of hire, (a) our Chief Executive Officer, President and

Table of Contents**Executive Compensation**

Chief Operating Officer, and Chief Financial Officer will be eligible to receive continued payments of base salary for two years and COBRA premium reimbursement for two years (or, if earlier, until the participant is no longer eligible for COBRA coverage), the aggregate amount of the annual bonus amounts received in respect of the prior two completed fiscal years, and a prorated bonus based on actual performance for the fiscal year in which termination occurs; and (b) other participants will be eligible to receive continued payments of base salary for one year and COBRA premium reimbursement for one year (or, if earlier, until the participant is no longer eligible for COBRA coverage), an amount equal to the participant's target bonus at the time of termination, and a prorated bonus based on actual performance for the fiscal year in which termination occurs.

In the event that a Plan participant's employment is terminated by us without cause or by the participant for good reason (each as defined by the Plan) upon or during the 24-month period following a change in control, Plan participants other than our Chief Executive Officer will be eligible to receive continued payments of base salary for two years and COBRA premium reimbursement for two years (or, if earlier, until the participant is no longer eligible for COBRA coverage), as well as an amount equal to the participant's target bonus at the time of termination. Our Chief Executive Officer will be eligible to receive continued payments of base salary for three years and COBRA premium reimbursement for three years (or, if earlier, until he is no longer eligible for COBRA coverage), as well as an amount equal to his annual bonuses paid in respect of the past three completed fiscal years.

The tables below reflect the amount of compensation to our named executive officers in the event of termination of such officer's employment or upon a change in control pursuant to the Plan or the respective named executive officer's employment agreement. The amount of compensation payable to each named executive officer upon voluntary or for cause termination, involuntary for good reason or involuntary not for cause termination, and in the event of disability or death of the executive or upon a change in control of our company is shown below. The amounts shown assume that such termination or change in control was effective as of December 30, 2018, and thus include amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of such officer's separation from our company. Our officers' employment agreements do not provide for additional benefits upon a change in control of our company other than reflected in the tables below; however, certain of our equity award agreements granted prior to 2015 provide for the immediate vesting of the award upon a qualifying change in control transaction, while other equity award agreements provide for the vesting of the award only if not assumed by an acquiror or after the executive is terminated by an acquiror without cause or by the executive for good reason within 24 months of a qualifying change in control transaction.

Amin N. Maredia

On November 29, 2018, Mr. Maredia notified our board that he was resigning as our Chief Executive Officer and as a director, effective on December 30, 2018, the last day of our 2018 fiscal year. The following sets out the payments and benefits to which Mr. Maredia became entitled in connection with his resignation.

Pension Benefits and Nonqualified Deferred Compensation

Team Member Benefit and Stock Plans

We have two team member benefit and stock plans under which we have issued equity to our team members and non-employee members of the board, our 2011 Option Plan and 2013 Incentive Plan.

CEO Pay Ratio

SEC rules require us to disclose the total annual compensation of our Chief Executive Officer (referred to as *CEO*), the median of the total annual compensation of all employees other than the CEO, as well as their ratio to each other (referred to as the *CEO pay ratio*). Total compensation for Amin Maredia, who served as our CEO through December 30, 2018, and our median compensated employee is calculated in accordance with SEC rules applicable to the Summary Compensation Table. For our 2018 fiscal year, these amounts were as follows:

CEO's total compensation: \$4,491,961

Our median compensated employee's total compensation: \$20,225

Ratio of CEO's total compensation to our median compensated employee's total compensation: 222:1
In determining the median compensated employee, we chose December 30, 2018 as the determination date, and used the same methodology we employed in the prior year as our median compensated employee for fiscal 2017 no longer works for our company. As of this date, we employed 27,795 total team members (excluding Mr. Maredia). We annualized compensation for permanent employees who were not employed by us for the full 2018 year. In determining our median compensated employee and computing the CEO pay ratio, we did not use any of the exemptions permitted under SEC rules, nor did we rely on any material assumptions, adjustments (*i.e.*, cost-of-living adjustments) or estimates (*i.e.*, statistical sampling).

The CEO pay ratio set forth above is a reasonable estimate for fiscal 2018, calculated in a manner consistent with SEC rules. The SEC rules for identifying the median compensated employee and calculating the CEO pay ratio based on that employee's total annual compensation allow companies to adopt a variety of methodologies, to apply certain exclusions and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the CEO pay ratio reported by other companies may not be comparable to the CEO pay ratio reported for us, as other companies may have different employment and compensation practices and may utilize different permitted methodologies, exclusions, estimates and assumptions in calculating their own CEO pay ratios.

Report of the Audit Committee

REPORT OF THE AUDIT COMMITTEE

The audit committee consists of Lawrence P. Molloy, Chairperson, Kristin E. Blum and Steven H. Townsend. All of the members of the committee are independent of our company and management, as independence is defined in applicable rules of the SEC and the NASDAQ Stock Market. Our board has also determined that each of Messrs. Molloy and Townsend is an audit committee financial expert within the meaning of SEC regulations, and that each member of our audit committee can read and understand fundamental financial statements in accordance with audit committee requirements. In arriving at this determination, the board has examined each audit committee member's scope of experience in financial roles and the nature of their employment.

The purpose of the audit committee is to provide oversight of the Company's accounting and financial reporting processes and audits of the financial statements of the Company and compliance with applicable legal requirements and regulations. The primary responsibilities of the committee include reviewing and pre-approving the engagement of our independent registered public accounting firm, reviewing our annual and quarterly financial statements and reports, discussing the statements and reports with our independent registered public accounting firm and management, and reviewing and monitoring our accounting principles, accounting policies, financial and accounting controls and compliance with legal and regulatory requirements. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The independent auditor is responsible for auditing the financial statements and expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles. Our board of directors has adopted a written charter for our audit committee, available at *investors.sprouts.com*, that reflects, among other things, requirements of the Sarbanes-Oxley Act of 2002, rules adopted by the SEC, and rules of the NASDAQ Stock Market. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on or accessible through our website into this proxy statement.

In fulfilling its oversight responsibilities, the committee reviewed and discussed with management and the independent auditor the audited financial statements at December 30, 2018 and December 31, 2017 and for each of the years in the three-year period ended December 30, 2018. The committee discussed with the independent auditor the matters required to be discussed by Public Company Accounting Oversight Board (PCAOB) AS 1301:

Communications with Audit Committees, and other applicable regulations. This included a discussion of the independent auditor's judgments as to the quality, not just the acceptability, of our company's accounting principles and such other matters as are required to be discussed with the committee under generally accepted auditing standards. In addition, the committee received from the independent auditor written disclosures and the letter required by applicable requirements of the PCAOB regarding the independent accountant's communications with the audit committee concerning independence. The committee also discussed with the independent auditor the independent auditor's independence from management and our company, including the matters covered by the written disclosures and letter provided by the independent auditor.

The committee discussed with our independent auditor the overall scope and plans for its audit. The committee meets with the independent auditor, with and without management present, to discuss the results of the independent auditor's examinations, its evaluations of our company, the internal controls, and the overall quality of the financial reporting. The committee held four meetings during fiscal 2018.

Based on the reviews and discussions referred to above, the committee recommended to the board of directors, and the board approved, that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal

year ended December 30, 2018 for filing with the Securities and Exchange Commission.

Proposal 2: Advisory Vote on Executive Compensation (Say-on-Pay)

PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION (SAY-ON-PAY)

Background

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules.

Summary

We are asking our stockholders to provide advisory approval of the compensation of our named executive officers (which consist of individuals serving as our Chief Executive Officer and Chief Financial Officer, as well as our three other most highly compensated executive officers during our fiscal year ended December 30, 2018), as such compensation is described in the *Executive Compensation Compensation Discussion and Analysis* section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure set forth in this proxy statement, beginning on page 23. We urge our stockholders to review the complete *Executive Compensation* section included in this proxy statement for more information.

Our executive compensation program is designed to promote the creation of long-term stockholder value by paying for performance, attracting and retaining valuable team members and aligning the interests of our named executive officers with those of our stockholders. Our fiscal 2018 executive officer compensation program consisted of base salary, annual performance-based cash bonus, equity awards in the form of restricted stock awards and performance share awards that are earned upon the achievement of EBIT targets over a three-year performance period, benefits generally available to all of our salaried team members and limited prerequisites. The fixed components (base salary and benefits) of our named executive officer compensation are designed to be competitive in order to induce talented executives to join our company. The variable cash bonus is tied specifically to the achievement of company-wide objectives and is designed so that above-average performance is rewarded with above-average rewards but capped to avoid windfall payments. The equity awards are subject to both performance and time-based vesting, which will provide retention value and reward sustained performance that is aligned with long-term stockholder interests. By tying a large portion of executive compensation to achievement of our operational goals, we seek to closely align the interests of our named executive officers with the interests of our stockholders. Consistent with our pay-for-performance philosophy, our strong performance during 2018 resulted in short-term incentive awards at 82.8% of the target levels and long-term incentives that may yet be achieved based on our three-year performance period for performance shares granted in fiscal 2018.

Our board of directors believes that the information provided above and within the *Executive Compensation* section of this proxy statement demonstrates that our executive compensation program is designed appropriately and is working to ensure that management's interests are aligned with our stockholders' interests to support long-term value creation.

In accordance with the requirements of Section 14A of the Exchange Act and the related rules of the SEC, our board of directors will request your advisory vote on the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the company's named executive officers for the fiscal year ended December 30, 2018, as disclosed in this proxy statement pursuant to the SEC's executive compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the narrative

discussion that accompanies the compensation tables), is hereby approved.

Required Vote

The say-on-pay proposal requires the affirmative vote of a majority of shares present in person or represented by proxy at the meeting and entitled to vote on the proposal.

The say-on-pay vote is advisory, and therefore not binding on our company, our compensation committee, or our board of directors. Although non-binding, the vote will provide information to our compensation committee and our board of directors regarding investor sentiment about our executive compensation philosophy, policies, and practices, which our compensation committee and our board of directors will be able to consider when determining executive compensation for the years to come.

Recommendation of the Board

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR ADOPTION OF THE RESOLUTION APPROVING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS FOR THE FISCAL YEAR ENDED DECEMBER 30, 2018, AS DESCRIBED IN THE *EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS* SECTION AND THE RELATED TABULAR AND NARRATIVE DISCLOSURE SET FORTH IN THIS PROXY STATEMENT.

Section 16(a) Beneficial Ownership Reporting Compliance

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers, and persons who beneficially own more than ten percent of our common stock to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership of common stock. Directors, executive officers, and ten percent stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely upon our review of the copies of such forms that we received during the fiscal year ended December 30, 2018, and written representations that no other reports were required, we believe that each person who at any time during such year was a director, officer, or beneficial owner of more than ten percent of our common stock complied with all Section 16(a) filing requirements during the fiscal year ended December 30, 2018.

Table of Contents**Security Ownership of Certain Beneficial Owners and Management****SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth information regarding the beneficial ownership of our common stock as of the record date, March 4, 2019, by the following:

each of our directors and named executive officers;

all of our directors and executive officers as a group; and

each person, or group of affiliated persons, who is known by us to beneficially own more than 5% of our common stock.

For further information regarding material transactions between us and certain of our stockholders, see *Certain Relationships and Related Party Transactions*.

Beneficial ownership is determined according to the rules of the SEC and generally means that a person has beneficial ownership of a security if he, she, or it possesses sole or shared voting or investment power of that security, including options, restricted stock and restricted stock units that are currently exercisable or exercisable within 60 days of the record date, March 4, 2019. Shares issuable pursuant to options are deemed outstanding for computing the percentage of the person holding such options, but are not outstanding for computing the percentage of any other person. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons named in the table below have sole voting and investment power with respect to all shares of common stock shown that they beneficially own, subject to community property laws where applicable. The information does not necessarily indicate beneficial ownership for any other purpose.

Our calculation of the percentage of beneficial ownership is based on 123,673,737 shares of common stock outstanding as of March 4, 2019.

Other than compensation arrangements, we describe below transactions and series of similar transactions during our last three fiscal years to which we were a party or will be a party, in which:

the amounts involved exceeded or will exceed \$120,000; and

Mr. Boney is not, nor at any time during the past three fiscal year was, a director, partner, controlling stockholder or an executive officer of Volcanic Red, nor are any of his family members. Our purchases from this company in fiscal 2018 totaled \$2.6 million. As of December 30, 2018, we had recorded accounts payable due to this vendor of \$0.0 million. Effective January 1, 2019, Mr. Boney no longer holds an ownership interest in Volcanic Red.

Policies and Procedures for Related Party Transactions

We have adopted a policy that our executive officers, directors, nominees for election as a director, beneficial owners of more than 5% of any class of our common stock, and any members of the immediate family of any of the foregoing persons are not permitted to enter into a related person transaction with us without the prior consent of our audit committee. Any request for us to enter into a transaction with an executive officer, director, nominee for election as a director, beneficial owner of more than 5% of any class of our common stock, or any member of the immediate family of any of the foregoing persons, in which the amount involved exceeds \$120,000 and such person would have a direct or indirect interest, must first be presented to our audit committee for review, consideration, and approval. In approving or rejecting any such proposal, our audit committee is to consider the material facts of the transaction, including, but not limited to, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person's interest in the transaction. All of the transactions described above were entered into after presentation, consideration, and approval by our audit committee.

Table of Contents**Appendix A****APPENDIX A****RECONCILIATION OF NON-GAAP FINANCIAL MEASURES**

This proxy statement contains financial measures, EBITDA, adjusted EBITDA, adjusted net income and adjusted diluted earnings per share in discussing our company's financial performance, as well as Plan EBITDA and Plan EBIT, that were used as performance targets in certain of our performance-based compensation items during 2018. These measures are not calculated in accordance with accounting principles generally accepted in the United States of America (referred to as *GAAP*).

We define EBITDA as net income before interest expense, provision for income tax, and depreciation, amortization and accretion and adjusted EBITDA as EBITDA excluding the impact of special items we do not consider representative of our ongoing financial performance. Plan EBIT and Plan EBITDA may contain further adjustments, as determined by our compensation committee. We define adjusted net income and adjusted diluted earnings per share by adjusting the applicable GAAP measure to remove the impact of these special items.

We believe the presentation of EBITDA, adjusted EBITDA, adjusted net income and adjusted diluted earnings per share aids in the understanding of our business performance but is not intended to be an alternative to GAAP measures. For the fiscal year ended December 30, 2018, there were no further adjustments used by our compensation committee to determine Plan EBIT and Plan EBITDA for purposes of certain of our performance-based compensation items; thus only adjusted EBIT and adjusted EBITDA are presented below.

These non-GAAP measures are intended to provide additional information only and do not have any standard meaning prescribed by GAAP. Use of these terms below may differ from similar measures reported by other companies. Because of their limitations, these non-GAAP measures should not be considered as measures of discretionary cash available to use to reinvest in growth of our business, or as measures of cash that will be available to meet our obligations. These non-GAAP measures have limitations as analytical tools, and you should not consider them in isolation or as substitutes for analysis of our results as reported under GAAP.

The following table shows a reconciliation of EBITDA and adjusted EBITDA to net income for the fifty-two weeks ended December 30, 2018 and December 31, 2017 and a reconciliation of net income and diluted earnings per share to adjusted net income and adjusted diluted earnings per share for the fifty-two weeks ended December 30, 2018 and December 31, 2017.
