**SUPPLEMENT TO THE PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS**

TO BE HELD ON MAY 3, 2019

EXPLANATORY NOTE

The following information corrects the definitive proxy statement of Lattice Semiconductor Corporation (the Company) originally filed with the Securities and Exchange Commission on March 22, 2019, in connection with the solicitation of proxies by the Company's Board of Directors for use at the Company's 2019 Annual Meeting of Stockholders or any adjournment(s) thereof (the Proxy Statement).

The Proxy Statement section titled "CEO Pay Ratio" did not reflect the correct numerical pay ratio calculation and inadvertently omitted employer 401(k) contributions made on behalf of Mr. James R. Anderson, our Chief Executive Officer (our CEO), when stating our CEO's annualized annual total compensation. Accordingly, for fiscal 2018, our last completed fiscal year:

- o The median of the annual total compensation of all employees of our company (other than our CEO), was \$74,420.
- o The annualized annual total compensation of our CEO was \$10,655,771.

For 2018, based on this information, the annual total compensation of our CEO, including a one-time sign on bonus and other inducement awards issued to Mr. Anderson in connection with our executive transition, was 143.2 times that of the median of the annual total compensation of all employees. In future years, we expect the ratio to substantially decrease toward our peer group median. The CEO's total compensation for fiscal 2018 adjusted to exclude what we consider one-time items was \$3,970,557. Under this methodology, the ratio of our CEO's adjusted annual total compensation was 53.4 times that of the median of the annual total compensation of all employees.

No other changes have been made to the Proxy Statement, and this supplement has not been updated to reflect events occurring subsequent to the filing of the Proxy Statement. If you have already voted, you do not need to vote again unless you would like to change or revoke your prior vote on any proposal.
