PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 20, 2014

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why am I receiving these materials?

We have sent you a Notice of Availability of Proxy Materials (the **Notice**) or our proxy materials, as applicable, because the Board of Directors (the **Board**) of Geron Corporation, a Delaware corporation (**Geron**, the **Company**, **we** or **us**), is soliciting your proxy to vote at the 2014 Annual Meeting of Stockholders (the **Annual Meeting**), to be held on May 20, 2014, at 8:00 a.m. Pacific Daylight Time at the Hotel Sofitel, 223 Twin Dolphin Drive, Redwood City, CA 94065 or at any adjournment or postponement thereof. You may vote by proxy over the Internet, by phone or by mail, if you requested printed copies of the proxy materials.

We intend to distribute the Notice and the proxy materials on or about April 8, 2014 to all stockholders of record entitled to vote at the Annual Meeting.

What is the purpose of the Annual Meeting?

At our Annual Meeting, stockholders will act upon the matters described in this Proxy Statement. In addition, following the meeting, management will report on current events at Geron and respond to questions from stockholders.

How can I attend the Annual Meeting?

All stockholders are cordially invited to attend the Annual Meeting in person at the Hotel Sofitel, 223 Twin Dolphin Drive, Redwood City, CA 94065. For directions to attend the Annual Meeting, please contact our Investor Relations department at (650) 473-7765 or by email at investor@geron.com. A live audio-only webcast will also be available at <http://edge.media-server.com/m/p/7awtbx5k/lan/en> via the Internet. The Annual Meeting will start at 8:00 a.m., Pacific Daylight Time, on May 20, 2014.

How can I participate in the Annual Meeting if I cannot attend in person?

Why did I receive a Notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

We are pleased to continue to apply the SEC rule that allows companies to furnish their proxy materials over the Internet. If you received the Notice by mail, you will not receive a printed copy of the proxy materials unless you request one. Instead, the Notice will instruct you as to how you may access and review the proxy materials and cast your vote via the Internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, please follow the instructions included in the Notice. A stockholder's election to receive proxy materials by mail or electronically by email will remain in effect until the stockholder terminates such election.

Why did I receive a full set of proxy materials instead of a Notice regarding the Internet availability of proxy materials?

We are providing paper copies of the proxy materials to stockholders who previously requested to receive them. If you would like to reduce the environmental impact and the costs incurred by us in mailing proxy materials, you may elect to receive all future proxy materials electronically via email or the Internet. To sign up for electronic delivery, please follow the instructions provided with your proxy materials and on your proxy card or voting instruction card, to vote using the Internet and, when prompted, indicate that you agree to receive or access future stockholder communications electronically. Alternatively, you can go to www.proxyvote.com and enroll for online delivery of proxy materials.

How can I access the proxy materials over the Internet?

You may view and also download our proxy materials, including the 2013 Annual Report on Form 10-K, at www.proxyvote.com.

How do I order proxy materials if I have not received them?

This Proxy Statement and Geron's 2013 Annual Report on Form 10-K are available at www.proxyvote.com. Internet distribution of proxy materials is designed to expedite receipt by stockholders, lower the cost of the Annual Meeting and conserve natural resources. However, if you have not received a copy of our proxy materials and would like to receive one for the Annual Meeting or for future stockholder meetings, you may request printed copies as follows:

- by telephone: call 1-800-579-1639 free of charge and follow the instructions;
- by Internet: go to www.proxyvote.com and follow the instructions; or
- by e-mail: send an e-mail message to sendmaterial@proxyvote.com. Please send a blank e-mail and put the 12-Digit Control Number located in your Notice in the subject line.

Who can vote at the Annual Meeting?

Only holders of record at the close of business on March 24, 2014 (the Record Date) will be entitled to notice of and to vote at the Annual Meeting or any adjournment or postponement thereof. At the close of business on the Record Date, we had 156,898,895 shares of common stock, par value \$0.001 per share (Common Stock), outstanding. Each holder of record of Common Stock on the Record Date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting. The stock transfer books will not be closed between the Record Date and the Annual Meeting date. A list of stockholders entitled to vote at the Annual Meeting will be available for examination at our principal executive offices at the address listed above for a period of ten days prior to the Annual Meeting and during the Annual Meeting.

Table of Contents

What am I voting on at the Annual Meeting?

You are being asked to vote on three proposals, as follows:

Proposal 1	To elect the three nominees for director named in this Proxy Statement to hold office as Class III members of our Board of Directors until the 2017 annual meeting of stockholders;
Proposal 2	To approve the 2014 Employee Stock Purchase Plan;
Proposal 3	To approve, on an advisory basis, the compensation of our named executive officers, as disclosed in this Proxy Statement; and
Proposal 4	To ratify the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

What are the choices in voting?

For Proposal 1, you may either vote For all nominees to the Board of Directors or you may Withhold your vote for any nominee you specify. For Proposals 2, 3 and 4, you may vote For or Against or Abstain from voting.

What is the recommendation of the Board on each of the matters scheduled to be voted on at the Annual Meeting?

The Board of Directors recommends that you vote:

- FOR the nominees to the Board of Directors (Proposal 1);
- FOR the approval of the 2014 Employee Stock Purchase Plan (Proposal 2);
- FOR the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this Proxy Statement (Proposal 3); and
- FOR the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014 (Proposal 4).

Could other matters be decided at the Annual Meeting?

Our Bylaws require that we receive advance notice of any proposal to be brought before the Annual Meeting by our stockholders, and we have not received notice of any such proposals. If any other matter were to be properly submitted for a vote at the Annual Meeting, the proxy holders appointed by the Board will have the discretion to vote on those matters for you as they see fit. This includes, among other things, considering any motion to adjourn the Annual Meeting to another time and/or place, including for the purpose of soliciting additional proxies for or against a given proposal.

What is the difference between holding shares as a stockholder of record or as a beneficial owner?

Stockholder of Record: Shares Registered in Your Name

You are a stockholder of record if at the close of business on March 24, 2014, your shares were registered directly in your name with our transfer agent, Computershare Trust Company, N.A. As a stockholder of record, you may vote during the Annual Meeting or vote by proxy.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

You are a beneficial owner, if at the close of business on March 24, 2014, your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization and not in your name. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. Being a beneficial owner means that, like most stockholders, your shares are held in street name and these proxy

Table of Contents

materials are being forwarded to you by that organization. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account by following the voting instructions your broker or other nominee provides. If you do not provide your broker or nominee with instructions on how to vote your shares, your broker or nominee will be able to vote your shares with respect to some of the proposals, but not all. Refer to the section below *What are broker non-votes?* for more information.

How do I vote my shares and what are the voting deadlines?

Please refer to the proxy card for instructions on, and access information for, voting by telephone, over the Internet or by mail.

Stockholder of Record: Shares Registered In Your Name

If you are a stockholder of record, there are several ways for you to vote your shares.

- **Via the Internet.** You may vote at www.proxyvote.com, 24 hours a day, seven days a week. You will need the 12-Digit Control Number included on your Notice or your proxy card (if you received a printed copy of the proxy materials). Votes submitted through the Internet must be received by 11:59 p.m., Eastern Time, on May 19, 2014.
- **By Telephone.** You may vote using a touch-tone telephone by calling 1-800-690-6903, 24 hours a day, seven days a week. You will need the 12-Digit Control Number included on your Notice or your proxy card (if you received a printed copy of the proxy materials). Votes submitted by telephone must be received by 11:59 p.m., Eastern Time, on May 19, 2014.
- **By Mail.** If you received printed proxy materials, you may submit your vote by completing, signing, and dating each proxy card received and returning it in the prepaid envelope. Sign your name exactly as it appears on the proxy card. Proxy cards submitted by mail must be received no later than May 19, 2014 to be voted at the Annual Meeting.
- **During the Annual Meeting.** Stockholders may also submit their vote if they attend the meeting in person.

The Internet and telephone voting procedures described above, which comply with Delaware law, are designed to authenticate stockholders identities, to allow stockholders to vote their shares, and to confirm that their instructions have been properly recorded. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If you are a beneficial owner of your shares, you should have received a Notice or voting instructions from the broker or other nominee holding your shares. You should follow the instructions in the Notice or voting instructions provided by your broker or nominee in order to instruct your broker or other nominee on how to vote your shares. The availability of telephone and Internet voting will depend on the voting process of the broker or nominee. Please contact your bank, broker or other agent if you have questions about their instructions on how to vote your shares. To vote during the 2014 Annual Meeting, you must obtain a valid proxy from your broker, bank, or other agent, and attend the meeting in person to submit your vote.

Geron Plan Participants

As trustee of the Geron 401(k) Plan, Prudential Bank and Trust FSB will receive a proxy that incorporates all the shares owned by the Geron 401(k) Plan and will vote such proxy as directed by the Geron 401(k) sponsor.

Shares purchased through the 1996 Employee Stock Purchase Plan will follow standard brokerage industry practices. Shares held in the name of the broker will be voted on behalf of the holder on certain routine matters. To the extent the brokerage firm votes shares on the behalf of the holder, the shares will be counted for the purpose of determining a quorum.

Table of Contents

Can I vote my shares by filling out and returning the Notice?

No. The Notice will, however, provide instructions on how to vote by Internet, by telephone, or by requesting and returning a paper proxy card or voting instruction card.

How many votes are needed to approve a proposal?

A quorum of stockholders is necessary to hold a valid meeting. In order to constitute a quorum and to transact business at the Annual Meeting, a majority of the outstanding shares of Common Stock on the Record Date must be represented at the Annual Meeting. Shares represented by proxies that reflect abstentions or broker non-votes will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Proposal Number	Proposal	Vote Required
1	To elect the three nominees for director named in this Proxy Statement to hold office as Class III members of our Board of Directors until the 2017 annual meeting of stockholders.	The three nominees receiving the most FOR votes properly cast in person or by proxy will be elected. Only votes FOR or WITHHOLD will affect the outcome of the vote.
2	To approve the 2014 Employee Stock Purchase Plan.	The affirmative vote of the holders of a majority of the shares present or represented, in person or by proxy at this meeting. Abstentions will have the same effect as a vote against this proposal, and broker non-votes will have no effect on the outcome of this proposal.
3	To approve, on an advisory basis, the compensation of our named executive officers, as disclosed in this Proxy Statement.	The affirmative vote of the holders of a majority of the shares present or represented, in person or by proxy at this meeting. Abstentions will have the same effect as a vote against this proposal, and broker non-votes will have no effect on the outcome of this proposal. However, this proposal is advisory and non-binding upon us.
4	To ratify the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.	The affirmative vote of the holders of a majority of the shares present or represented, in person or by proxy, at this meeting. Abstentions will have the same effect as a vote against this proposal, and broker non-votes will have no effect on the outcome of this proposal.

Although the election of directors at the Annual Meeting is uncontested and directors are elected by a plurality of votes cast, and we therefore expect that each of the named nominees for director will be elected at the Annual Meeting, under our Corporate Governance Guidelines, any nominee for director is required to submit an offer of resignation for consideration by the Nominating and Corporate Governance Committee if such nominee for director (in an uncontested election) receives a greater number of WITHHOLD votes from his or her election than votes FOR such election. In such case, the Nominating and Corporate Governance Committee will then consider all of the relevant facts and circumstances and recommend to the Board the action to be taken with respect to such offer of resignation. For more information on this policy see Corporate Governance Matters Corporate Governance Guidelines below.

What are broker non-votes ?

Broker non-votes occur when a beneficial owner of shares held in street name does not give instructions to the broker or nominee holding the shares on how to vote on matters deemed non-routine. Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be routine, but not with respect to non-routine matters. In the event that a broker, bank, custodian, nominee or other record holder of Geron Common

Table of Contents

Stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, then those shares will be treated as broker non-votes with respect to that proposal. Accordingly, if you own shares through a nominee, such as a broker or bank, please be sure to instruct your nominee on how to vote to ensure that your vote is counted on each of the proposals.

Which ballot measures are considered routine or non-routine?

The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014 (Proposal 4) is considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to occur in connection with Proposal 4. The election of directors (Proposal 1), the approval of the 2014 Employee Stock Purchase Plan (Proposal 2) and the advisory vote on the compensation of our named executive officers (Proposal 3) are considered non-routine matters under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore we expect broker non-votes on Proposals 1, 2 and 3.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return each proxy card to ensure that all of your shares are voted.

How will your proxy be voted?

Votes will be counted by the Inspector of Election appointed for the Annual Meeting, who will separately count For and (with respect to proposals other than the election of directors) Against votes, abstentions and broker non-votes. In addition, with respect to the election of directors, the Inspector of Election will count the number of Withhold votes received for the nominees. If your shares are held by your broker as your nominee (that is, in street name), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to routine items, but not with respect to non-routine items. See What are broker non-votes? and Which ballot measures are considered routine or non-routine? above for more information regarding routine and non-routine matters.

Can I revoke or change my vote after I submit my proxy?

Stockholder of Record: Shares Registered In Your Name

If you are a stockholder of record, you may revoke or change your vote at any time before the final vote at the Annual Meeting by:

- signing and returning a new proxy card with a later date;
- submitting a later-dated vote by telephone or via the Internet only your latest Internet or telephone proxy received by 11:59 p.m., Eastern Time, on May 19, 2014 will be counted;
- attending the Annual Meeting in person and voting again; or
- delivering a written revocation to our Corporate Secretary at Geron's offices, 149 Commonwealth Drive, Suite 2070, Menlo Park, California 94025, before the Annual Meeting.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If you are a beneficial owner of your shares, you must contact the broker or other nominee holding your shares and follow their instructions for revoking or changing your vote.

Is my vote confidential?

Edgar Filing: GERON CORP - Form DEF 14A

Yes. Proxy cards, ballots and voting tabulations that identify stockholders by name are kept confidential. There are exceptions for contested proxy solicitations or when necessary to meet legal requirements. In addition, all comments written on a proxy card or elsewhere will be forwarded to management, but your identity will be kept confidential unless you ask that your name be disclosed.

Table of Contents

How can I obtain a copy of Geron's Annual Report on Form 10-K?

We will mail to you without charge, upon written request, a copy of our Annual Report on Form 10-K filed with the SEC for the fiscal year ended December 31, 2013, as well as a copy of any exhibit specifically requested. Requests should be sent to: Corporate Secretary, Geron Corporation, 149 Commonwealth Drive, Suite 2070, Menlo Park, California 94025. A copy of our Annual Report on Form 10-K has also been filed with the SEC and may be accessed from the SEC's homepage (www.sec.gov). You may also view and download our 2013 Annual Report on Form 10-K on our website at www.geron.com as well as www.proxyvote.com.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published by Geron in a Current Report on Form 8-K, filed with the SEC, that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Current Report on Form 8-K within four business days after the Annual Meeting, we intend to file a Current Report on Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Current Report on Form 8-K to publish the final results.

Who is paying for this proxy solicitation?

We will pay the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this Proxy Statement, the proxy and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of Common Stock beneficially owned by others to forward to such beneficial owners. In addition, we may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by solicitation by mail, telephone or other electronic means, or in person, by our directors, officers, or other regular employees, or at our request, by Alliance Advisors, LLC. No additional compensation will be paid to directors, officers or other regular employees for such services, but Alliance Advisors will be paid its customary fee, estimated to be \$5,000, to render solicitation services.

When are stockholder proposals due for next year's Annual Meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 9, 2014, to our Corporate Secretary at Geron Corporation, 149 Commonwealth Drive, Suite 2070, Menlo Park, California, 94025, and must comply with all applicable requirements of Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended. However, if our 2015 Annual Meeting of Stockholders is not held between April 20, 2015 and June 19, 2015, then the deadline will be a reasonable time prior to the time we begin to print and send our proxy materials.

If you wish to bring a proposal before the stockholders or nominate a director at the 2015 Annual Meeting of Stockholders, but you are not requesting that your proposal or nomination be included in next year's proxy materials, you must notify our Corporate Secretary, in writing, not earlier than the close of business on January 20, 2015 and not later than the close of business on February 19, 2015. However, if our 2015 Annual Meeting of Stockholders is not held between April 20, 2015 and July 19, 2015, then the deadline will be the 90th day prior to the 2015 Annual Meeting or, if later, the 10th day following the day on which public disclosure of the date of the 2015 Annual Meeting of Stockholders was first made. We also advise you to review Geron's Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations. The chairman of the 2015 Annual Meeting of Stockholders may determine, if the facts warrant, that a matter has not been properly brought before the meeting and, therefore, may not be considered at the meeting. Stockholders interested in submitting a proposal are advised to contact knowledgeable counsel with regard to the detailed requirements of the applicable securities laws. The submission of a stockholder proposal does not guarantee that it will be included in our Proxy Statement. For additional discussion, refer to the section entitled "Stockholder Nominations and Proposals for 2015 Annual Meeting" on page 62.

This means that only one copy of this Proxy Statement and 2013 Annual Report on Form 10-K or the Notice may have been sent to multiple stockholders in a stockholder's household. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive separate copies of the proxy statement, annual report or the notice of internet availability, please notify your broker or our Investor Relations department. MATTERS TO BE CONSIDERED AT THE 2014 ANNUAL MEETING

PROPOSAL 1

ELECTION OF DIRECTORS

Board Structure

Our Board currently consists of eight members, seven of which are independent, as that term is defined by NASDAQ Rule 5605(a)(2). Proxies may only be voted for the three Class III directors nominated for election at the Annual Meeting. Our Bylaws provide for the classification of the Board into three classes, as nearly equal in number as possible, with staggered terms of office. Our Bylaws also provide that upon expiration of the term of office for a class of directors, nominees for such class will be elected for a term of three years or until their successors are duly elected and qualified.

The term of office of the Class III directors will expire at the Annual Meeting in May 2014. Two of the nominees, V. Bryan Lawlis, Ph.D. and Susan M. Molineaux, Ph.D., are currently serving as our directors, but have not been previously elected by our stockholders. Ms. Eastham was previously elected to our Board by our stockholders in 2011. The Class I directors, Thomas Hofstaetter, Ph.D., John A. Scarlett, M.D., and Robert J. Spiegel, M.D., FACP, have one year remaining on their terms of office. The Class II directors, Hoyoung Huh, M.D., Ph.D., and Daniel M. Bradbury, have two years remaining on their terms of office.

**NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS
For a Three Year Term Expiring at the
2017 Annual Meeting**

The Board has selected three nominees for Class III directors, all of whom are currently directors of Geron. Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy at the meeting. The three nominees receiving the highest number of For votes will be elected as Class III directors of Geron. The election of directors is a non-routine matter on which a broker or other nominee is not empowered to vote. Accordingly, if the beneficial owner does not give a broker specific instructions, the beneficially owned shares may not be voted on this proposal and will not be counted in determining the number of shares necessary for election.

Table of Contents

Set forth below is a brief biography of each nominee for Class III director, including their ages, the periods during which they have served as a director of Geron, and information furnished by them as to principal occupations and public company directorships held by them. Each person nominated for election has agreed to serve if elected, and the Board has no reason to believe that any nominee will be unable to serve.

Dr. Molineaux was responsible for leading the development of Proteolix's second-generation proteasome inhibitor, carfilzomib (now marketed as Kyprolis), for the treatment of multiple myeloma, from discovery through completion of clinical trials for accelerated approval, until the company's acquisition by Onyx Pharmaceuticals, Inc., a global oncology-oriented biopharmaceutical company, in November 2009. From 2000 to 2003, Dr. Molineaux served as Vice President of Biology at Rigel Pharmaceuticals, Inc., a biopharmaceutical company focused on inflammatory and autoimmune diseases. She served as Vice President of Biology at Praelux, Inc. from 1999 to 2000, and from 1994 through 1999, as Vice President of Drug Development at Praecis Pharmaceuticals, Inc., an oncology-focused biopharmaceutical company. The Nominating and Corporate Governance Committee evaluated Dr. Molineaux's qualifications upon recommendation from Dr. Scarlett and recommended the election of Dr. Molineaux to the Board in September 2012. The Board believes Dr. Molineaux's extensive experience in pharmaceutical and oncology drug development, and her expertise in managing and conducting clinical trials, qualifies Dr. Molineaux to be nominated as a director.

Vote Required and Board Recommendation

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy at the meeting. The three nominees receiving the highest number of FOR votes properly cast in person or by proxy at the meeting will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the three nominees named above. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as our Nominating and Corporate Governance Committee and Board may propose. Broker non-votes will not have any effect on the outcome of this proposal. In tabulating the voting results for the election of directors, only FOR and WITHHOLD votes are counted.

Although the election of directors at the Annual Meeting is uncontested and directors are elected by a plurality of votes cast, and we therefore expect that each of the named nominees for director will be elected at the Annual Meeting, under our Corporate Governance Guidelines, any nominee for director is required to submit an offer of resignation for consideration by the Nominating and Corporate Governance Committee if such nominee for director (in an uncontested election) receives a greater number of WITHHOLD votes from his or her election than votes FOR such election. In such case, the Nominating and Corporate Governance Committee will then consider all of the relevant facts and circumstances and recommend to the Board the action to be taken with respect to such offer of resignation. For more information on this policy see Corporate Governance Matters Corporate Governance Guidelines below.

As the only management representative on the Board, Dr. Scarlett brings management's perspective to board discussions about Geron's business and strategic direction. In addition, the Board believes Dr. Scarlett's medical background and extensive drug development experience which provides substantial understanding of our clinical product opportunities, qualifies Dr. Scarlett to serve as a director.

Robert J. Spiegel, M.D., FACP, has served as a director of Geron since May 2010. Dr. Spiegel currently serves as Chief Medical Officer of PTC Therapeutics, Inc. He is also a director of Edge Therapeutics, Inc., a biopharmaceutical company focused on products for acute, fatal or debilitating conditions, and Avior Computing Corporation, a governance risk and compliance process technology company. The Board believes Dr. Spiegel's extensive medical experience developing oncology products, his deep understanding of pharmaceutical research and development and broad expertise in gaining regulatory approval for drug candidates, enhances the Board's ability to critically assess the progress and potential of our programs, and qualifies Dr. Spiegel to serve as a director.

CORPORATE GOVERNANCE MATTERS

We have an ongoing commitment to excellence in corporate governance and business practices. In furtherance of this commitment, we regularly monitor developments in the area of corporate governance and review our processes, policies and procedures in light of such developments. We comply with the rules and regulations promulgated by the SEC and NASDAQ, and implement additional corporate governance practices that we believe are in the best interest of Geron and our stockholders.

Corporate Governance Guidelines

Our Board has adopted Corporate Governance Guidelines that set forth key principles to guide the Board in their exercise of responsibilities and serve the interests of Geron and our stockholders. In February 2014, the Board amended the Corporate Governance Guidelines to include provisions whereby any nominee for director would submit an offer of resignation for consideration by the Nominating and Corporate Governance Committee of the Board, if such nominee for director in an uncontested election receives a greater number of votes withheld from his or her election than votes for such election. The Nominating and Corporate Governance Committee would then consider all of the relevant facts and circumstances and recommend to the Board the action to be taken with respect to such offer of resignation. Promptly following the Board's decision, we would disclose that decision and an explanation of such decision in a filing with the Securities and Exchange Commission or a press release. The current form of the Corporate Governance Guidelines can be found on the Corporate Governance page under the Investor Relations section of our website at www.geron.com. In addition, these guidelines are available in print

Table of Contents

to any stockholder who requests a copy. Please direct all requests to our Corporate Secretary, Geron Corporation, 149 Commonwealth Drive, Suite 2070, Menlo Park, California 94025. In accordance with these guidelines, a member of our Board may serve as a director of another company only to the extent such position does not conflict or interfere with such person's service as a director of Geron.

Board Independence

In accordance with NASDAQ listing standards and Geron's Corporate Governance Guidelines, our Board has affirmatively determined that all nominees for election at the Annual Meeting and all continuing directors, other than Dr. Scarlett, are independent under NASDAQ listing standards. The Board consults with our counsel to ensure that the Board's determinations are consistent with relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent listing standards of the NASDAQ, as in effect from time-to-time.

One class of the Board is elected annually, and each class of directors stands for election every three years. From January 2013 to May 2013, the Board was comprised of ten directors, one of whom was an executive officer and nine of whom were affirmatively determined by the Board to be independent, meeting the objective requirements set forth by the SEC and NASDAQ, and having no relationship, direct or indirect, to Geron other than as stockholders or through their service on the Board. From May 2013 to the present date, our Board has been comprised of eight directors: one non-independent member, Dr. Scarlett, our Chief Executive Officer, and seven members who have been affirmatively determined by the Board to be independent, meeting the objective requirements set forth by the SEC and NASDAQ, and having no relationship direct or indirect, to Geron other than as stockholders or through their service on the Board.

Board Leadership Structure

The Board has an independent Chair, Dr. Huh, who has authority, among other things, to call and preside over Board meetings, including meetings of the independent directors, to set meeting agendas and to determine materials to be distributed to the Board. Accordingly, the Board Chair has substantial ability to shape the work of the Board. Except from February 2011 to September 2011, the role of Chairman of the Board historically has been separate from the role of Chief Executive Officer at Geron. From February 2011 to September 2011, we maintained a Lead Independent Director and an Executive Chairman.

We believe that separation of the positions of Board Chair and Chief Executive Officer reinforces the independence of the Board in its oversight of the business and affairs of Geron. As a result, we believe that having an independent Board Chair enhances the effectiveness of the Board as a whole. In addition, we believe that having an independent Board Chair creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the Board to monitor whether management's actions are in the best interests of Geron and our stockholders.

The Board regularly meets in executive sessions without the presence of the non-independent director or management.

Board's Role in Risk Oversight

Geron is subject to a variety of risks, which generally include any undesired event, circumstance or outcome that could affect Geron's ability to achieve its objectives or adversely impact Geron's business, operations or financial condition. Some risks may be readily perceived and even quantified, while others are unexpected or unforeseeable. Risks can be external, such as those arising from the macroeconomic or industry environment, government policies or regulations, competitors' activities or natural disasters. Alternatively, risks can arise as a result of our business or financial activities.

The Board and Geron's management team work together to manage Geron's risks. It is management's responsibility to manage risk and bring to the Board's attention the material risks to the Company. The Board has an active role in overseeing management of the Company's risks. The Board regularly reviews information regarding our credit, liquidity and operations, as well as the risks associated with each. In addition, our Corporate Governance

Table of Contents

Guidelines specify that each of our Board committees oversees the risks within its areas of responsibilities. While each committee is responsible for evaluating certain risks and overseeing the management of such risks within its respective oversight area, the entire Board is regularly informed through committee reports about such risks.

The Compensation Committee of the Board is responsible for overseeing the management of risks relating to Geron's employment policies and executive compensation plans and arrangements. In connection with the structuring of the compensation elements for executive officers, the Compensation Committee, together with the Board, considers whether such programs, individually or in the aggregate, encourage executive officers to take unnecessary risks.

The Audit Committee of the Board oversees management of financial risks. In addition to fulfilling its responsibilities for the oversight of our financial reporting processes and annual audit of Geron's financial statements, the Audit Committee also reviews with the independent auditors and management the adequacy and effectiveness of our policies and procedures to assess, monitor and manage business risk and Geron's ethical compliance program. The Audit Committee takes the appropriate actions to set the best practices and highest standards for quality financial reporting, sound business risk practices and ethical behavior.

The Nominating and Corporate Governance Committee of the Board manages Geron's corporate governance practices, including certain risks that those practices are intended to address. In addition, the Nominating and Corporate Governance Committee reviews risks associated with the independence of the Board, potential conflicts of interest and risks relating to management and Board succession planning.

Board Committees and Meetings

It is Geron's policy to encourage directors to attend annual meetings of stockholders. All of our current directors attended our 2013 Annual Meeting. During the fiscal year ended December 31, 2013, the Board held seven meetings. The Board has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. During the fiscal year ended December 31, 2013, each of the directors attended at least 89% of the aggregate number of meetings of the Board and the committees on which the director served, held during the portion of the last fiscal year for which he or she was a director or committee member.

Audit Committee

From January 1, 2013 until May 22, 2013, the Audit Committee was comprised of Ms. Eastham and Messrs. Bradbury, Fritzky and Kiley. Messrs. Fritzky and Kiley retired from the Board and the Audit Committee effective as of the date of our Annual Meeting on May 22, 2013. Since May 22, 2013, the Audit Committee has been comprised of Ms. Eastham and Messrs. Bradbury and Lawlis. The Audit Committee met seven times in 2013. All of the members of the Audit Committee in 2013 were, and all of the members of the Audit Committee in 2014 are, independent as required by NASDAQ Rule 5605(c)(2)(A). The Board has determined that all of the members of the Audit Committee in 2013 and 2014 are financially literate and that two members of the Audit Committee, Ms. Eastham and Mr. Bradbury, have accounting and financial management expertise that qualifies each as an Audit Committee Financial Expert, as such term is defined in Item 407(d)(5) of Regulation S-K promulgated by the SEC. The Audit Committee's responsibilities include: (i) sole authority to select, oversee and replace Geron's independent registered public accounting firm and pre-approve any fees paid to such firm, (ii) consulting with the independent auditors with regard to the plan and scope of the audit, (iii) reviewing, in consultation with the independent auditors, their report of the audit or proposed report of the audit, and the accompanying management letter, if any, and (iv) consulting with the independent auditors and management with regard to the adequacy of Geron's internal controls. The Audit Committee operates under a written charter that satisfies the applicable standards of the SEC and NASDAQ. A copy of the Audit Committee Charter is available on our website at www.geron.com. See more information about the Audit Committee in the Audit Committee report on page 58.

Compensation Committee

The Compensation Committee, which is comprised of Drs. Hofstaetter, Lawlis and Spiegel, met seven times in 2013. Each of the members of the Compensation Committee is independent, as required by NASDAQ Rules 5605(a)(2) and 5605(d)(2). In determining whether Drs. Hofstaetter, Lawlis and Spiegel are independent within the meaning of NASDAQ Rules pertaining to membership of the Compensation Committee that will be in effect

Table of Contents

for us as of the Annual Meeting, our Board determined, based on its consideration of factors specifically relevant to determining whether any such director has a relationship to us that is material to that director's ability to be independent from management in connection with the duties of a compensation committee member, that no member of the Compensation Committee has a relationship that would impair that member's ability to make independent judgments about our executive compensation.

The Compensation Committee's responsibilities include making recommendations concerning compensation of executive officers, administering Geron's incentive compensation and benefit plans, and performing such other functions regarding compensation as the Board may delegate. In addition, the Compensation Committee has authority to administer the 2011 Incentive Award Plan and the 1996 Employee Stock Purchase Plan, and if approved at the Annual Meeting, will have the authority to administer the 2014 Employee Stock Purchase Plan. The Compensation Committee operates under a written charter that satisfies the applicable standards of the SEC and NASDAQ. A copy of the Compensation Committee charter is available on our website at www.geron.com.

Under its charter, the Compensation Committee has the sole authority, as it deems appropriate, to retain and/or replace, at Geron's expense, as needed, any independent counsel, compensation and benefits consultants and other outside experts or advisors as the Compensation Committee believes to be necessary or appropriate. In this regard, the Compensation Committee has engaged Radford, an Aon Hewitt Company (Radford) as a compensation consultant in evaluating certain executive compensation since December 2011. For information regarding the Compensation Committee's processes and procedures for the consideration and determination of executive compensation, including the role of Radford and our Chief Executive Officer in the determination of executive compensation, see the section entitled "Compensation Discussion and Analysis" Role of the Compensation Committee on page 34. With respect to director compensation matters, our Board determines and sets non-employee director compensation. Our compensation arrangements for our non-employee directors, including Radford's role with respect to such arrangements for 2013, are described under the section entitled "Compensation of Directors." The charter of the Compensation Committee allows it to delegate responsibilities to a subcommittee of the Compensation Committee, but only to the extent consistent with our certificate of incorporation, Bylaws, NASDAQ rules and Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code.

Compensation Committee Interlocks and Insider Participation

Drs. Hofstaetter, Lawlis and Spiegel served on the Compensation Committee for the entire fiscal year ended December 31, 2013. Not one of Drs. Hofstaetter, Lawlis or Spiegel is a former or current officer or employee of Geron. None of our executive officers serves as a member of a compensation committee of any entity that has one or more executive officers serving as a member of our Board or Compensation Committee.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee's responsibilities include developing, reviewing and recommending to the Board corporate governance guidelines and principles applicable to Geron, making recommendations to the Board for candidates to be nominated for election or re-election as a director by the stockholders or by the Board and the corporate governance functions described in the Nominating and Corporate Governance Committee's charter. From January 1, 2013 until May 2013, the members of the Nominating and Corporate Governance Committee were Mr. Fritzky, Ms. Eastham and Dr. Molineaux. Mr. Fritzky retired from the Board and the Nominating and Corporate Governance Committee effective as of the date of the Annual Meeting on May 22, 2013, and Dr. Huh joined the Nominating and Corporate Governance Committee on May 22, 2013. The 2013 members of the Nominating and Corporate Governance Committee were, and the 2014 members of the Nominating and Corporate Governance Committee are, independent as defined in NASDAQ Rule 5605(a)(2). The Nominating and Corporate Governance Committee met on two occasions during 2013. The Nominating and Corporate Governance Committee will consider nominees for director nominated by stockholders upon submission in writing to our Corporate Secretary of the names of such nominees in accordance with our Bylaws. Members of the Nominating and Corporate Governance Committee also obtain recommendations for potential directors from their and other Board members' contacts in our industry, and may from time to time engage a search firm to assist in identifying potential directors. The Nominating and Corporate Governance Committee will investigate, evaluate and interview, as appropriate, a director candidate with regard to his or her individual characteristics as well as how those characteristics fit with the needs of the Board as a whole. The Nominating and Corporate Governance Committee operates under a written charter that satisfies the applicable standards of

the SEC and NASDAQ. A copy of the Nominating and Corporate Governance Committee charter is available on our website at www.geron.com. Specific qualifications and the process for identification and recommendation of director candidates are provided in more detail under the section entitled "Stockholder Nominations and Proposals for 2015 Annual Meeting" on page 62.

Accordingly, we intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding an amendment to, or waiver from, a provision of the Code of Conduct by posting such information on our website at the website address and location specified above.

In keeping with the Sarbanes-Oxley Act of 2002, the Audit Committee has established procedures for the receipt and handling of complaints received by us regarding accounting, internal accounting controls or auditing matters. Contact information for the Chairperson of the Audit Committee has been distributed to all employees to allow for the confidential, anonymous submission by our employees of concerns regarding accounting or auditing matters.

COMPENSATION OF DIRECTORS**Cash Compensation**

In March 2012, the Board engaged compensation consultants from Radford to conduct a comprehensive analysis of non-employee director compensation in comparison to industry peers. As a result of this analysis and Radford's recommendation, the Board adjusted its annual cash compensation in April 2012. The following table describes the annual cash compensation applicable to each role performed by non-employee directors in 2013:

Additionally, non-employee directors are eligible to receive equity grants, as more fully described below under the subsection entitled "Equity Compensation." Non-employee directors also receive reimbursement for out-of-pocket expenses incurred in connection with attendance at meetings of the Board.

Terms of Awards

From January 1, 2013 until March 10, 2014, the 2006 Directors' Plan provided for the automatic grant of the following types of equity awards with the following terms:

First Director Option. Each person who becomes a non-employee director, whether by election by Geron's stockholders or by appointment by the Board to fill a vacancy, will automatically be granted an option to purchase 70,000 shares of Common Stock on the date such person first becomes a non-employee director (the First Director Option). The First Director Option will vest annually over three years upon each anniversary date of appointment to the Board.

Subsequent Director Option. Each non-employee director (other than any director receiving a First Option on the date of the annual meeting) will automatically be granted a subsequent option on the date of the Annual Meeting of Stockholders in each year during such director's service on the Board (a Subsequent Director Option) to purchase 35,000 shares of Common Stock. The Subsequent Director Option will vest in full upon the first anniversary of the date of grant.

Exercise Price and Term of Options. The exercise price of all stock options granted under the 2006 Directors' Plan is equal to the fair market value of a share of our Common Stock on the NASDAQ Global Select Market on the date of grant of the option. Options granted under the 2006 Directors' Plan have a term of ten years, unless terminated earlier.

Exercise Period Post-Termination. The options issued pursuant to the 2006 Directors' Plan remain exercisable until the earlier of the original expiration date of the option or 36 months following the optionee's termination of service as our director, unless such termination is a result of death or permanent and total disability, in which case the options (both those already exercisable and those that would have become exercisable had the director remained on the Board for an additional 36 months) remain exercisable for up to a 36 month period.

The 2006 Directors' Plan allows for grants of discretionary restricted stock awards. In prior years, directors have also received grants of performance-based restricted stock awards. No restricted stock awards have been granted under the 2006 Directors' Plan in 2013.

In March 2014, the Compensation Committee recommended and the Board adopted a Non-Employee Directors Compensation Policy (the Directors Compensation Policy) that outlines cash and equity compensation automatically payable to non-employee members of the Board, unless such non-employee director declines receipt of such cash or equity compensation by written notice to us. The cash and equity compensation components in the Directors Compensation Policy are consistent with the terms of and the amounts paid or granted to non-employee directors in 2013, except that equity grants will be made from our 2011 Incentive Award Plan, instead of the 2006 Directors' Plan. Effective March 10, 2014, the 2006 Directors' Plan was terminated.

Effect of Certain Corporate Events

In the event of the dissolution or liquidation of the Company, a sale of all or substantially all of the assets of the Company, the merger or consolidation of the Company with or into another corporation in which the Company is not the surviving corporation or any other capital reorganization in which more than 50% of the shares of the Company entitled to vote are exchanged, each non-employee director shall have a reasonable time within which to exercise the option, including any part of the option that would not otherwise be exercisable, prior to the effectiveness of such dissolution, liquidation, sale, merger or reorganization, at the end of which time the option shall terminate, unless the outstanding option is assumed or an equivalent option substituted by the successor corporation (or a parent or subsidiary of the successor corporation). In addition, except as otherwise provided in an award agreement, unvested shares subject to awards of restricted stock and restricted stock units will become fully vested immediately prior to the date of such dissolution, liquidation, sale, merger, consolidation or reorganization.

PROPOSAL 2

APPROVAL OF 2014 EMPLOYEE STOCK PURCHASE PLAN

The Company's stockholders are being asked to approve the Geron Corporation 2014 Employee Stock Purchase Plan (the "2014 Purchase Plan") at this Annual Meeting. The 2014 Purchase Plan is intended to replace the Geron Corporation 1996 Employee Stock Purchase Plan (the "1996 Purchase Plan"), which will be terminated effective as of the date of the Annual Meeting if this Proposal 2 is approved by our stockholders. However, in the event of such termination, any outstanding purchase rights granted under the 1996 Purchase Plan will remain subject to the terms of the 1996 Purchase Plan, including those rights to be exercised on the June 30, 2014 and December 31, 2014 purchase dates. If this Proposal 2 is approved by our stockholders, no new purchase rights will be granted under the 1996 Purchase Plan on or after the date of the Annual Meeting and any shares remaining under the 1996 Purchase Plan after the exercise of all outstanding purchase rights granted under the 1996 Purchase Plan will be available for future issuance for other corporate purposes (but will not be available for issuance under the 2014 Purchase Plan).

On March 10, 2014, the Board of Directors adopted the 2014 Purchase Plan, subject to stockholder approval. Approval of the 2014 Purchase Plan will enable the Company's employees to participate in an employee stock purchase plan designed to operate in compliance with Section 423 of the Internal Revenue Code of 1986, as amended (the "Code"). The Board believes that it is in the best interests of the Company to continue a program of stock ownership for the Company's employees in order to provide them with a meaningful opportunity to acquire a substantial proprietary interest in the Company and thereby encourage such individuals to remain in the Company's service and more closely align their interests with those of our stockholders.

If this Proposal 2 is approved by our stockholders, the maximum number of shares of Common Stock that may be issued under the 2014 Purchase Plan will be 1,000,000 shares. As of March 24, 2014, 263,404 shares of Common Stock remained available for future purchase under the 1996 Purchase Plan and a total of 156,898,895 shares of Common Stock were outstanding.

If this Proposal 2 is approved by our stockholders, the 2014 Purchase Plan will become effective as of the date of the Annual Meeting. In the event that our stockholders do not approve this Proposal 2, the 2014 Purchase Plan will not become effective and the 1996 Purchase Plan will continue in its current form.

Summary of the 2014 Employee Stock Purchase Plan

The following is a summary of principal features of the 2014 Purchase Plan, together with the applicable tax implications, which will be in effect if the 2014 Purchase Plan is approved by our stockholders. The summary, however, does not purport to be a complete description of all the provisions of the 2014 Purchase Plan and is qualified in its entirety by reference to the complete text of the 2014 Purchase Plan. Stockholders are urged to read the actual text of the 2014 Purchase Plan in its entirety, which is attached as Appendix A to this Proxy Statement.

General, Purpose and Administration

The purpose of the 2014 Purchase Plan is to provide a means by which our employees may be given an opportunity to purchase shares of Common Stock, to assist us in retaining the services of our employees, to secure and retain the services of new employees, and to provide incentives for such persons to exert maximum efforts for our success. The rights to purchase Common Stock granted under the 2014 Purchase Plan are intended to qualify as options issued under an employee stock purchase plan, as that term is defined in Section 423(b) of the Code. If the 2014 Purchase Plan is approved by our stockholders, approximately 40 of our employees as of March 24, 2014 initially will be eligible to participate in the 2014 Purchase Plan.

Pursuant to the provisions of the 2014 Purchase Plan, the Board has delegated its authority to administer the 2014 Purchase Plan to the Compensation Committee of the Board. The Board and such committee (each of which will be considered a Plan Administrator for purposes of this Proposal 2), will have full authority to adopt such rules and procedures as it may deem necessary for proper plan administration and to interpret the provisions of the 2014 Purchase Plan. The Plan Administrator has the power, subject to the provisions of the 2014 Purchase Plan, to determine when and how rights to purchase Common Stock will be granted, the provisions of each offering of

Table of Contents

such rights (which need not be identical), and whether employees of any of our parent or subsidiary companies will be eligible to participate in the 2014 Purchase Plan. All costs and expenses incurred in plan administration will be paid by the Company without charge to the participants.

Stock Subject to the 2014 Purchase Plan

The maximum number of shares of Common Stock that may be issued under the 2014 Purchase Plan is 1,000,000 shares. If rights granted under the 2014 Purchase Plan terminate without being exercised, the shares of Common Stock not purchased under such rights again become available for issuance under the 2014 Purchase Plan. The shares of Common Stock purchasable under the 2014 Purchase Plan will be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by us on the open market. In the event any change is made to the outstanding shares of our Common Stock by reason of any recapitalization, stock dividend, stock split, combination of shares, exchange of shares or other change in corporate structure effected without our receipt of consideration, appropriate adjustments will be made to (i) the class and maximum number of securities issuable under the 2014 Purchase Plan, including the class and maximum number of securities subject to any purchase limits under each ongoing offering, and (ii) the class and number of securities subject to each outstanding purchase right and the purchase price payable per share thereunder.

Offering Periods

The 2014 Purchase Plan will be implemented by offerings of rights to purchase our Common Stock to all eligible employees. The Plan Administrator will determine the duration of each offering period, provided that in no event may an offering period exceed 27 months. The Plan Administrator may establish separate offerings which vary in terms (although not inconsistent with the provisions of the 2014 Purchase Plan or the requirements of applicable laws). Each offering period will consist of one or more purchase dates, as determined by the Plan Administrator prior to the commencement of the offering period. The Plan Administrator has the authority to alter the terms of an offering prior to the commencement of the offering period, including the duration of subsequent offering periods. When an eligible employee elects to join an offering period, he or she is granted a right to purchase shares of our Common Stock on each purchase date within the offering period. On the purchase date, all contributions collected from the participant are automatically applied to the purchase of our Common Stock, subject to certain limitations.

The Plan Administrator has the discretion to structure an offering so that if the fair market value of our Common Stock on any purchase date within the offering period is less than or equal to the fair market value of our Common Stock on the first day of the offering period, then that offering will terminate immediately following the purchase of shares on such purchase date, and the participants in such terminated offering will be automatically enrolled in a new offering beginning on the first trading day following such purchase date.

Eligibility

Any individual (including officers and employee directors) who is employed by us (or by any of our parent or subsidiary companies if such company is designated by the Plan Administrator as eligible to participate in the 2014 Purchase Plan) may participate in offerings under the 2014 Purchase Plan, provided such individual has been employed by us (or our parent or subsidiary company, if applicable) for such continuous period preceding the first day of the offering period as the Plan Administrator may require, but in no event may the required period of continuous employment be equal to or greater than two years. In addition, the Plan Administrator may provide that an employee will not be eligible to be granted purchase rights under the 2014 Purchase Plan unless such employee is customarily employed for more than 20 hours per week and five months per calendar year. The Plan Administrator may also provide in any offering that certain of our employees who are highly compensated as defined in the Code are not eligible to participate in the 2014 Purchase Plan.

No employee will be eligible to participate in the 2014 Purchase Plan if, immediately after the grant of purchase rights, the employee would own, directly or indirectly, stock possessing 5% or more of the total combined voting power or value of all classes of our stock or of any of our parent or subsidiary companies, including any stock which such employee may purchase under all outstanding purchase rights and options.

The date an individual enters an offering period will be designated his or her entry date for purposes of that offering period.

Table of Contents

Purchase Provisions

An eligible employee may enroll in the 2014 Purchase Plan by delivering to us, prior to the date selected by the Plan Administrator, an agreement authorizing contributions as specified by the Plan Administrator, which may be up to 10% of such employee's earnings during the offering period. Each participant will be granted a separate purchase right for each offering period in which he or she participates. The purchase right will be granted on his or her entry date into that offering period and will be automatically exercised on the last business day of each purchase period within that offering period on which he or she remains an eligible employee. Unless the employee's participation is discontinued, his or her right to purchase shares is exercised automatically at the end of each purchase period at the applicable price. See Termination of Purchase Rights below.

The purchase of shares during an offering period generally will be funded by a participant's payroll deductions accumulated during the offering period. A participant may change or terminate his or her rate of contributions, as determined by the Plan Administrator in the offering. All contributions made for a participant are credited to his or her account under the 2014 Purchase Plan and deposited with our general funds.

On the last business day of each purchase period, the accumulated contributions of each participant will automatically be applied to the purchase of whole shares of our Common Stock at the purchase price in effect for the participant for that purchase period. However, no employee may purchase more than \$25,000 worth of Common Stock (determined at the fair market value of the shares at the time such rights are granted) under all our employee stock purchase plans and any employee stock purchase plans of our parent or subsidiary companies for each calendar year during which such rights are outstanding.

The Plan Administrator may provide that any shares of Common Stock issued to a participant under the 2014 Purchase Plan will be precluded from trading in an open market transaction for one year following the purchase of such shares, and in such case, certificates evidencing such shares will bear a restrictive legend reflecting such restriction.

Purchase Price

The purchase price per share at which our Common Stock will be purchased by each participant on each purchase date within an offering period will not be less than 85% of the lower of (i) the fair market value per share of our Common Stock on the participant's entry date into that offering period or (ii) the fair market value per share of Common Stock on that purchase date.

Purchase Limits

In connection with each offering made under the 2014 Purchase Plan, the Plan Administrator may specify (i) a maximum number of shares of our Common Stock that may be purchased by any participant on any purchase date during such offering, (ii) a maximum aggregate number of shares of our Common Stock that may be purchased by all participants pursuant to such offering and/or (iii) a maximum aggregate number of shares of our Common Stock that may be purchased by all participants on any purchase date during such offering. If the aggregate purchase of shares of our Common Stock issuable upon exercise of purchase rights granted under such offering would exceed any such maximum aggregate number, then the Plan Administrator will make a pro rata allocation of available shares in a uniform and equitable manner.

Withdrawal and Termination of Purchase Rights

While each participant in the 2014 Purchase Plan is required to sign an agreement authorizing contributions, the participant may withdraw from a given offering by terminating his or her contributions and by delivering a notice of withdrawal from the 2014 Purchase Plan. Such withdrawal may be elected at any time prior to the end of the applicable offering, except as otherwise provided by the Plan Administrator. In addition, all purchase rights under an offering immediately terminate upon cessation of an employee's employment with us (or our parent or subsidiary company, if applicable) or if the employee is otherwise no longer eligible to participate in the offering.

Upon such withdrawal or termination of purchase rights, the contributions collected during the offering period, less any accumulated contributions previously applied to the purchase of shares of Common Stock on the employee's behalf during such offering, are immediately refunded to the employee. Such refunds will be

made without interest. The employee is not entitled to again participate in that offering. However, an employee's withdrawal from an offering will not have any effect upon such employee's eligibility to participate in subsequent offerings under the 2014 Purchase Plan.

Valuation

The fair market value per share of our Common Stock on any relevant date will be deemed equal to the closing selling price per share on such date on the NASDAQ Global Select Market. On March 24, 2014, the closing selling price per share of our Common Stock on the NASDAQ Global Select Market was \$2.28 per share.

Stockholder Rights

No participant will have any stockholder rights with respect to the shares of our Common Stock covered by his or her purchase right until the shares are actually purchased by the participant. No adjustment will be made for dividends, distributions or other rights for which the record date is prior to the date of such purchase.

Assignability

No purchase right will be assignable or transferable other than in connection with the participant's death and will be exercisable only by the participant during his or her lifetime.

Effect of Corporate Transactions

In the event of a corporate transaction (as defined in the 2014 Purchase Plan and described below), each outstanding purchase right under the 2014 Purchase Plan will be assumed or an equivalent right will be substituted for such purchase right by the successor corporation (or its parent or subsidiary), unless the Plan Administrator shortens any offering periods then in progress so that the employees' rights to purchase stock under the 2014 Purchase Plan are automatically exercised prior to the corporate transaction and terminate immediately after such purchase.

For purposes of the 2014 Purchase Plan, a corporate transaction generally will be deemed to occur in the event of the consummation of: (i) a sale or other disposition of all or substantially all of our consolidated assets; (ii) a sale or other disposition of at least 90% of our outstanding securities; (iii) a merger, consolidation or similar transaction following which we are not the surviving corporation; or (iv) a merger, consolidation or similar transaction following which we are the surviving corporation but the shares of our Common Stock outstanding immediately prior to such transaction are converted or exchanged into other property by virtue of the transaction.

Duration, Amendment and Termination

The Plan Administrator may suspend, terminate or amend the 2014 Purchase Plan at any time. However, except in regard to certain capitalization adjustments, any such amendment must be approved by our stockholders if such approval is required by applicable law or listing requirements, including any amendment that would:

- (i) materially increase the number of shares of our Common Stock issuable under the 2014 Purchase Plan;
- (ii) materially expand the class of individuals eligible to participate in the 2014 Purchase Plan;
- (iii) materially increase the benefits accruing to participants in the 2014 Purchase Plan or materially reduce the price at which shares of our Common Stock may be purchased under the 2014 Purchase Plan;
- (iv) materially extend the term of the 2014 Purchase Plan; or
- (v) expand the types of awards available for issuance under the 2014 Purchase Plan; but in each case, only to the extent stockholder approval is required by applicable law or listing requirements.

Any outstanding purchase rights granted before an amendment, suspension or termination of the 2014 Purchase Plan will not be materially impaired by any such amendment, suspension or termination, except (i) with the consent of the employee to whom such rights were granted, (ii)

as necessary to comply with applicable laws, listing requirements or governmental regulations (including Section 423 of the Code), or (iii) as necessary to obtain or maintain favorable tax, listing or regulatory treatment.

Federal Income Tax Aspects

The following is only a brief summary of the effect of U.S. federal income taxation upon the participant and us with respect to the issuance and exercise of rights under the 2014 Purchase Plan. It does not purport to be complete, and does not discuss the tax consequences of a participant's death or the income tax laws of any municipality, state or foreign country in which the participant may reside.

The 2014 Purchase Plan is intended to be an employee stock purchase plan within the meaning of Section 423 of the Code. Under a plan that so qualifies, a participant will recognize no taxable income as a result of the grant or exercise of a purchase right until there is a sale or other disposition of the shares acquired under the 2014 Purchase Plan.

If the participant sells or otherwise disposes of the purchased shares within two years after his or her entry date into the offering period in which such shares were acquired or within one year after the actual purchase date of those shares, then the participant will recognize ordinary income in the year of sale or disposition equal to the amount by which the fair market value of the shares on the purchase date exceeded the purchase price paid for those shares, and we will be entitled to an income tax deduction, for our tax year in which such sale or disposition occurs, for the amount taxed as ordinary income to the participant to the extent permitted by Section 162(m) of the Code. Any additional gain or loss on such sale or disposition will be long-term or short-term gain or loss, depending on the holding period.

If the participant sells or disposes of the purchased shares more than two years after his or her entry date into the offering period in which such shares were acquired and more than one year after the actual purchase date of those shares, then the participant will recognize ordinary income in the year of sale or disposition equal to the lesser of (i) the excess of the fair market value of the shares on the sale or disposition date over the purchase price, or (ii) an amount equal to 15% of the fair market value of the shares on his or her entry date into the offering period (or, if higher, 15% of the fair market value on the first day of the offering period), and any additional gain or loss upon the disposition will be taxed as a long-term capital gain or loss. We will not be entitled to any income tax deduction with respect to such sale or disposition.

New Plan Benefits

Participation in the 2014 Purchase Plan is voluntary and each eligible employee will make his or her own decision regarding whether and to what extent to participate in the 2014 Purchase Plan. In addition, we have not approved any grants of purchase rights that are conditioned on stockholder approval of this Proposal 2. It is, therefore, not possible to determine the benefits or amounts that will be received in the future by individual employees or groups of employees under the 2014 Purchase Plan. Our non-employee directors will not be eligible to participate in the 2014 Purchase Plan.

Please see the section of this Proxy Statement entitled "Equity Compensation Plans" for certain information with respect to compensation plans under which equity securities of Geron Corporation are authorized for issuance.

Vote Required and Board Recommendation

Stockholders are requested in this Proposal 2 to approve the 2014 Purchase Plan. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the proposal at the meeting will be required to approve the proposal. Accordingly, proxies reflecting abstentions as to this proposal will be treated as votes against the 2014 Purchase Plan. Broker non-votes, however, will be treated as unvoted for purposes of this proposal, and thus will not be counted as votes for or against the 2014 Purchase Plan.

PROPOSAL 3

ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

As required by Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Section 14A of the Exchange Act, the Board is requesting stockholders to vote, on a non-binding advisory basis, to approve the compensation paid to Geron's Named Executive Officers as disclosed in this Proxy Statement in the sections entitled, "Compensation Discussion and Analysis" and "Executive Compensation Tables." This proposal, commonly known as a "say-on-pay" proposal, gives stockholders the opportunity to express their views on the compensation of Geron's Named Executive Officers.

The Compensation Committee continually reviews the compensation programs for our executive officers, including the Named Executive Officers, to determine whether the compensation programs achieve our desired goals of aligning our executive compensation structure with the Company's stockholders' interests and current market practices. As part of its ongoing review, the Compensation Committee considered the "say-on-pay" advisory vote at our 2013 Annual Stockholder meeting (where approximately 49.6% of votes cast supported the proposal) and undertook an extensive stockholder outreach program to understand the level of stockholder support. Taking the vote and feedback received into consideration, along with an overall review of the compensation program, the Compensation Committee made certain changes to the Company's executive compensation program as described in the section entitled "Compensation Discussion and Analysis" of this Proxy Statement below to address the concerns raised.

As discussed in detail in the section entitled "Compensation Discussion and Analysis" of this Proxy Statement, Geron's executive compensation strategy and structure is designed to (i) reward successful execution of business strategy; (ii) attract and retain qualified talent; and (iii) align management and stockholder interests. The Compensation Committee strives to act in the long-term best interests of Geron and our stockholders. As described in the section entitled "Compensation Discussion and Analysis", we structured our 2013 executive compensation program to emphasize pay for performance and to be competitive with the companies with whom we compete for executive talent. The Compensation Committee believes that Geron's executive compensation programs are strongly aligned with the long-term interests of our stockholders. Please read the "Compensation Discussion and Analysis" section of the Proxy Statement for additional details about our executive compensation programs, including information about 2013 compensation of our Named Executive Officers.

Advisory Vote and Board Recommendation

We request stockholder approval of the 2013 compensation of our Named Executive Officers as disclosed in this Proxy Statement pursuant to the SEC's compensation disclosure rules which disclosure includes the section entitled "Compensation Discussion and Analysis", the compensation tables and the narrative disclosures that accompany the compensation tables within the section entitled "Executive Compensation Tables" of this Proxy Statement. This vote is not intended to address any specific element of compensation, but rather the overall compensation of our Named Executive Officers and the compensation philosophy, policies and practices described in this Proxy Statement.

Accordingly, the Board recommends that stockholders vote in favor of the following resolution:

RESOLVED, that the stockholders approve, on a non-binding advisory basis, the compensation paid to Geron's Named Executive Officers, as disclosed in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation and the accompanying narrative disclosure set forth in the Proxy Statement relating to the Company's 2014 Annual Meeting of Stockholders.

Approval of the above resolution requires the affirmative vote of the shares present in person or represented by proxy at this meeting. Abstentions will have the same effect as a vote against this proposal, and broker non-votes will have no effect on the outcome of this proposal.

Table of Contents

Stockholders are not being asked to approve or disapprove the Board's recommendation. As this is an advisory vote, the outcome of the vote is non-binding on us with respect to future executive officer compensation decisions, including those related to our Named Executive Officers, or otherwise. However, the Board and the Compensation Committee will review the results of the vote and take them into account when considering future executive officer compensation policies and decisions.

The Board has approved holding a say-on-pay advisory vote every year. Unless the Board modifies its policy on the frequency of future say-on-pay advisory votes, the next say-on-pay advisory vote will be held at the 2015 Annual Meeting of Stockholders.

Executive Summary

Stockholder Advisory Vote on Executive Compensation

At our 2013 Annual Meeting of Stockholders in May 2013, we sought an advisory vote from our stockholders regarding the compensation of our named executive officers (commonly referred to as a say-on-pay proposal). The say-on-pay proposal was not approved, with approximately

49.6% of votes cast supporting the proposal. As a result of this vote outcome, at the direction of the Compensation Committee and the Board, we commenced a comprehensive stockholder outreach program aimed at soliciting feedback from stockholders related to our governance and executive compensation practices so that we could better understand our stockholders' views on

Table of Contents

executive compensation, be responsive to the outcome of the 2013 say-on-pay proposal and consider potential changes to our compensation programs that would address our stockholders' concerns. As part of this outreach program, we contacted the top 25 institutional investment firms representing votes both *For* and *Against* our 2013 say-on-pay proposal. These firms represented approximately 36% of our outstanding shares, or 90% of our institutional investor stockholders. At the time of the 2013 annual meeting, approximately 60% of our outstanding shares were represented by individual investor stockholders. We held telephonic meetings with six of our institutional investors, and each meeting was attended by governance representatives from the institutional investment firm, our proxy solicitor Alliance Advisors, members of our executive management team and members of the Compensation Committee. Additionally, we examined reports and analyses issued by proxy advisory services and held meetings with Institutional Shareholder Services (ISS) and Glass Lewis to solicit their feedback on best practices, and expectations and concerns they had regarding our executive compensation practices. The outreach and analysis was very informative and helped the Compensation Committee gain a better understanding of stockholders' views and recommendations regarding our executive compensation practices. The Compensation Committee and the Board carefully considered the feedback from the investment firms, ISS and Glass Lewis, on their analyses of our fiscal 2012 executive compensation program. In addition, the Compensation Committee analyzed data regarding market practices among similarly sized companies, and information regarding executive compensation best practices, as prepared by Radford. The following is a summary of the key concerns raised by stockholders regarding our 2012 executive compensation practices and the actions the Compensation Committee took in response:

Primary Stockholder Concern or Request**Geron Response**

Disapproval of existence of the single trigger provision under the Company's Severance Plan that permitted an employee, including an executive officer, to reject any employment offered in connection with a change in control and receive severance benefits	We amended our Severance Plan to remove the single trigger provision so that an eligible employee would only receive cash severance benefits if the employee was terminated without cause or resigned due to a material adverse change in the employee's employment (such as a material reduction in base salary or duties, a relocation of the employee's primary work location or a material breach of the employee's employment agreement).
Request for anti-hedging/pledging provisions	We approved and implemented anti-hedging and anti-pledging clauses in our Insider Trading Policy.
Request for clawback provisions requiring relinquishment of annual bonus payments by executive officers under certain circumstances	We amended all executive officer employment agreements to include clawback provisions requiring relinquishment of bonuses in the event an executive officer has engaged in any misconduct or in any act or omission that would constitute cause for termination of employment.
Request for greater responsiveness by the Compensation Committee to low level of shareholder support (63.3%) with respect to the say-on-pay proposal put forth in 2012	The Compensation Committee initiated the stockholder outreach program described above to understand and discuss our stockholders' concerns; we carefully analyzed best practices and market data and we implemented what we believe to be the meaningful compensation changes described in this table.
Request for performance-based long term incentives (LTI)	We will continue to take into account the outcome of our stockholders' say-on-pay vote when evaluating future executive compensation arrangements. The Compensation Committee currently grants time-based stock options, vesting over four years, to our Named Executive Officers, which we view as performance-based because they deliver value only if the value of our stock increases above the exercise price. The Compensation Committee currently believes that this structure is the best approach for incentivizing our executive officers to increase stockholder value. We are currently considering future LTI programs.
Request for enhanced disclosure of the link between pay and performance regarding annual incentive bonuses	We further heightened our efforts to ensure that our disclosures describe the relationship between pay and performance, including by providing strategic context for the corporate goal achievements in 2013.

Primary Stockholder Concern or Request

Request for adoption of executive and Board stock ownership guidelines

Geron Response

In consultation with Radford, the Compensation Committee noted that stock ownership guidelines are not common practice in the biotechnology industry or in other entrepreneurial companies in the San Francisco Bay Area. To maintain competitive pay practices, the Compensation Committee and the Board decided to postpone adoption of any stock ownership guidelines.

Although we have not addressed all of the concerns raised through the Compensation Committee's outreach program at the time of this publication, the Compensation Committee gained a better understanding of stockholders' views on executive compensation from the stockholders' feedback and will continue to develop initiatives for our executive compensation program to align with the interests of our stockholders.

Business Highlights that Impacted 2013 Compensation Decisions

In 2013, executive compensation decisions were highly influenced by retention challenges stemming from the significant uncertainty relating to our future in light of our dependence on one product candidate, imetelstat, the need to motivate executive officers and employees to pursue new development opportunities for imetelstat despite the continued clinical development challenges encountered in 2012 and 2013, the continued restructuring and discontinuance of certain programs and the competitive local market environment for qualified biotechnology employees. The decision in April 2013 to discontinue our discovery research and companion diagnostics programs and reduce our workforce increased the need to retain the remaining critical employees and enable future growth potential. Accordingly, our 2013 goals were designed to focus our resources and efforts to develop and advance imetelstat for the treatment of hematologic myeloid malignancies. As a result, many of our 2013 activities centered on managing our operating spend to conserve our cash resources, advancing clinical development of imetelstat in myelofibrosis and informing current and potential investors and financial analysts about our plans to pursue the potential disease-modifying application of imetelstat in hematologic myeloid malignancies.

Key 2013 company achievements included rationalizing research and development programs to focus resources on the development of imetelstat for the potential treatment of hematologic myeloid malignancies; support of the investigator-sponsored clinical trial in myelofibrosis being conducted at Mayo Clinic (the Myelofibrosis IST[®]); an increase in institutional ownership by approximately 15% to 20%; and research analyst coverage from two new investment banks, MLV & Co. and Piper Jaffray & Co. For details regarding our achievement of corporate goals in 2013, see section entitled "Compensation Discussion and Analysis - 2013 Corporate Goal Achievement Factor" on page 37.

The Compensation Committee and the Board evaluated our efforts and results of undertaking a significant re-focus of the Company in 2013 and determined that we fully achieved our 2013 corporate goals. The Compensation Committee and the Board also determined that our Named Executive Officers, including our Chief Executive Officer, made crucial efforts towards achievement of our corporate goals, as well as leading individual, team, departmental and functional performance and achievements, despite challenges during the year.

Emphasis on Pay for Performance

We structure a significant portion of our executive officers' total compensation to be variable, at risk and tied directly to our measurable performance. For 2013, 72% of our Chief Executive Officer's total compensation was based on performance, as reported in the Summary Compensation Table. Total compensation referred to in this Compensation Discussion and Analysis consists of annual base salary, target annual incentive bonus and equity awards.

Our annual incentive bonus for our Chief Executive Officer is entirely dependent upon our achievement of annual corporate goals established for the year by the Board. Our annual incentive bonus for our other Named Executive Officers is dependent upon achievement of our annual corporate goals as well as each executive officer's achievement against individual goals and our corporate values. None of our Named Executive Officers are entitled to guaranteed or minimum bonuses under our annual incentive bonus program.

Table of Contents

Our long-term incentive awards for 2013 consist of stock options, which only provide value if the market price of our stock increases and if the executive officer continues in our employment. Therefore, these awards strongly align our executive officers' interests with those of our stockholders by providing a continuing financial incentive to maximize long-term value, keep the executive officers' total compensation opportunity competitive and encourage our executive officers to remain in the long-term employ of our Company.

The Compensation Committee believes that this structure, which puts a considerable proportion of the executive officers' total compensation at risk, contingent on the appreciation of Geron's Common Stock, achievement of specific corporate goals, and continued employment, strongly aligns the interests of our executive officers with those of our stockholders, ties their compensation to the most concrete measure of performance against critical corporate goals and promotes retention.

Market Positioning

The Compensation Committee actively reviews and assesses our executive compensation program in light of the highly competitive employment environment in the San Francisco Bay Area, the challenge of recruiting, motivating and retaining executive officers in an industry with much longer business cycles than other commercial industries, and evolving compensation governance and best practices.

The Compensation Committee utilizes Radford, an independent compensation consultant, to assess our executive compensation program against market data. The Compensation Committee generally targeted our Named Executive Officers' 2013 total compensation (base salary, target annual incentive bonus and equity awards) to be at the 50th to 60th percentile of the total compensation to comparable executive officers based on the market data provided by Radford.

Commitment to Compensation Governance

We are committed to having strong governance standards with respect to our compensation programs, procedures and practices, which include:

- *Independent Compensation Consultant.* The Compensation Committee engages, on an annual basis, an experienced, independent compensation consultant who reports directly to the Compensation Committee to advise on executive and equity compensation matters.
- *Responsible Internal Pay Equity.* For 2013, our Chief Executive Officer's total cash compensation was less than two and a half times the average total cash compensation of our other Named Executive Officers, which reflects internal fairness and an important benchmark to avoid excessive compensation of the Chief Executive Officer.
- *Limited Personal Benefits.* Our executive officers are eligible for the same benefits as non-executive, salaried employees, and do not receive any personal benefits other than a housing allowance and travel reimbursement allowance for Dr. Scarlett, our President and Chief Executive Officer.
- *No Tax Gross-Ups on Compensation.* None of our executive officers receive tax related gross-ups on any element of compensation.
- *No Single-Trigger Change in Control Cash Benefits.* Executive officer employment agreements and our Amended Severance Plan permit payment of cash benefits in connection with a Change in Control only if an executive officer's position is terminated or the executive officer resigns due to a material adverse change in his or her employment terms.
- *Clawback Terms.* Executive officer employment agreements require that an executive officer forfeit his/her entire annual incentive bonus if we determine that such executive officer has engaged in any misconduct intended to affect the payment of his or her annual incentive bonus, or has otherwise engaged in any act or omission that would constitute cause for termination of his/her employment, as defined by his or her employment agreement.
- *No Retirement Benefits.* We do not offer any pension plans or health benefits during retirement.

Table of Contents

- *No Hedging or Pledging.* Our Insider Trading Policy prohibits employees from engaging in speculative trading activities, including hedging or pledging company securities as collateral. Accordingly, our employees may not hedge the economic risk of, or pledge ownership of, our Common Stock.

Overview of the Executive Compensation Program

Philosophy & Objectives

The overall objective of the compensation program is to support business objectives by attracting, retaining and engaging the highest caliber of employees, including executive officers, while maintaining a fiscally responsible position in a highly competitive employment environment. Consistent with this overall objective, the goals of the executive compensation program are to:

- pay appropriate cash and equity compensation to executive officers for retention purposes during periods of significant uncertainty (e.g., in 2013, uncertainty due to the discontinuation of key clinical trials in the second half of 2012 and discontinuation of research efforts in the first half of 2013);
- attract and retain executive officers that can capably lead by incentivizing them with competitive cash and non-cash compensation opportunities;
- enable a high performing culture by employing and retaining successful experienced executive officers;
- encourage and inspire the executive officers to achieve key corporate strategic and financial objectives by linking incentive award opportunities to the achievement of individual and corporate goals; and
- align the interests of the executive officers with stockholders by motivating executive officers to focus on achievements that will result in an increase in value for our stockholders and reward executive officers for excellence in performance.

The Compensation Committee reviews and approves the compensation of our executive officers (except for the Chief Executive Officer, whose compensation is approved by the Board upon recommendation from the Compensation Committee), including salaries, target annual incentive bonuses, equity awards and any other benefits. As discussed in further detail below, the 2013 compensation program for the Named Executive Officers was intended to strike an appropriate balance among base salary, target annual incentive bonuses and equity awards. The Compensation Committee strives to act in the best interests of Geron and our stockholders, as well as to ensure that the elements of compensation do not, individually or in the aggregate, encourage excessive risk taking.

Components

The components of the executive compensation program consist primarily of base salary, annual incentive bonuses, equity awards and broad-based benefits. To provide competitive total compensation to executive officers, we utilize a mix of cash (base salaries and annual incentive bonuses) and long-term incentives (equity awards) that are competitive with the market. The Compensation Committee has structured our executive compensation program as follows to ensure that executive officers are compensated in a manner consistent with stockholder interests, competitive pay practices and applicable requirements of regulatory bodies.

The Compensation Committee does not have any formal policies for allocating compensation among the various components of compensation. Instead, the Compensation Committee uses its judgment to establish for each Named Executive Officer a mix of current, short-term and long-term incentive compensation, and equity, cash and non-cash compensation that it believes appropriate to achieve the compensation and corporate objectives described above. However, because we believe it is important to our success to aggressively pursue long-term goals, to avoid excessive risk taking, and to preserve our cash resources, and to further our pay-for-performance philosophy, a significant portion of our Named Executive Officers' total compensation is comprised of performance-based bonus opportunities and long-term equity awards, which align the executive officers' incentives with the interests of our stockholders.

Table of Contents

Base Salary

Base salaries serve to provide a fixed amount of compensation to our executive officers for performing daily responsibilities, and also provide stability and security. We establish base salaries for our executive officers when they join our Company or upon promotion. In addition, base salaries for executive officers are reviewed and determined by the Compensation Committee (or the Board with respect to our Chief Executive Officer, upon recommendation from the Compensation Committee) on an annual basis, in consultation with our compensation consultant, based on each executive officer's position and specific responsibilities, individual performance, level of experience, achievement of corporate and strategic goals, and a review of competitive salary, total compensation market data, and cost of living increases in the San Francisco Bay Area. Any increase in base salary beyond a cost of living increase is based on an evaluation of the individual's performance, changes in responsibilities or position and the individual's criticality to our future plans. Increases in base salary, including cost of living increases, typically take effect on January 1st of each calendar year.

We generally aim to ensure that total compensation for our executive officers, including the Named Executive Officers, are maintained at competitive levels, which levels are generally targeted, on average, at the 50th to the 60th percentile of market data provided by Radford for executive officers in comparable positions with similar responsibilities. The Compensation Committee believes this is appropriate because competition for executive talent is intense in our industry and in our geographic area and continued leadership from our executive officers is deemed critical to our success.

Annual Incentive Bonuses

Under our annual incentive bonus program, every employee, including executive officers, has an established annual incentive bonus target, which is equal to a percentage of the employee's base salary. This percentage increases with increasing level of responsibility and title. Each employee's actual earned annual incentive bonus, if any, is calculated based on: (1) corporate goal achievement (the corporate goal achievement factor), (2) individual performance achievements (the individual performance factor) and (3) support of corporate values (the corporate values performance factor).

For more senior employees and executive officers, the weighting of corporate goal achievement has greater influence on the annual incentive bonus, as performance from these individuals has a larger impact on performance toward corporate goal achievement. This program is designed to create a direct link between executive compensation and operational and financial goals to provide motivation for executive officers to implement strategic initiatives intended to meet or exceed pre-established corporate goals.

At the beginning of each year, the Chief Executive Officer presents the annual corporate goals, which generally relate to our operational and financial performance, and recommends weightings for each goal to the Compensation Committee and the Board. The weighting for each corporate goal depends on its importance and business value for Geron and our stockholders. The Board approves the corporate goals and weightings.

As part of the annual year-end performance review process, the Compensation Committee, taking into consideration recommendations from the Chief Executive Officer, evaluates our overall achievement of the corporate goals during the preceding year and other significant company accomplishments, while taking into consideration the degree of difficulty in achieving the corporate goals and any particular events or circumstances that impacted performance. The corporate goal achievement factor ranges from 0 to 1.0 and is approved by the Board upon recommendation from the Compensation Committee based upon the Board's assessment of Company achievement of that year's annual corporate goals.

The Chief Executive Officer presents to the Compensation Committee written assessments of the performance and achievements, including support of the corporate values, of each of the executive officers (other than himself) for the prior year and recommends the individual performance factor and corporate values performance factor for each executive officer (other than himself). The Compensation Committee reviews and approves the individual performance factor and the corporate values performance factor for each of the executive officers. The corporate values performance factor ranges from 0 to 1.0, based on the extent to which an executive officer, including the Named Executive Officers, other than the Chief Executive Officer, supported corporate value adherence. The individual performance factor ranges from 0 to 1.30, and this is the primary factor that

Table of Contents

increases an annual incentive bonus above the annual target incentive bonus percentage for any executive officer, including the Named Executive Officers other than the Chief Executive Officer. The Compensation Committee has the discretion to approve an individual performance factor above 1.30 upon evaluation of appropriate criteria. The Chief Executive Officer's annual incentive bonus is based entirely on the corporate goal achievement factor. The Compensation Committee and the Board have the discretion to approve an annual incentive bonus above the 1.0 corporate goal achievement factor for the Chief Executive Officer in extraordinary circumstances where they determine such increase is warranted. There are no minimum or guaranteed bonus payments for employees, including the Named Executive Officers.

Equity Awards

Equity awards are designed to encourage high performance by and long-term tenure for executive officers, thereby strongly aligning executive officers' interests with the interests of our stockholders. We granted equity awards in the form of stock options in 2013. Stock option grants under our 2011 Incentive Award Plan encourage employee ownership in Geron, link pay with performance and align the interests of stockholders and employees. Primarily through sustained growth by and positive price per share performance in our stock, employees, including the Named Executive Officers, will be able to realize gains from equity-based awards. The Compensation Committee (and the Board, with respect to our Chief Executive Officer) determines the size of any stock option grant according to each executive officer's position, and sets a level it considers appropriate to create an opportunity for reward predicated on increasing stockholder value. The Compensation Committee also takes into account each Named Executive Officer's recent performance history, his or her potential for future responsibility, and criticality of his or her work. Other factors may include equity awards previously granted, the amount of actual versus theoretical equity value per year that has been derived to date by the individual, the current actual value of the unvested equity grants for each individual, the percentage of stock option grants with exercise prices greater than Geron's stock price and the number of stock option grants that have expired unexercised as a result of market conditions. The Compensation Committee has the discretion to give relative weight to each of these factors. There is no set formula for the granting of stock options or other equity awards to employees, including the Named Executive Officers. For non-executive employees, the Chief Executive Officer and other executive officers determine the size of any stock option grant or other equity award according to each position and/or the individual's past performance and criticality of the individual's work.

The Compensation Committee grants equity awards to newly hired and existing executive officers, except the Chief Executive Officer, with respect to whom the Board determines equity awards based on the recommendation of the Compensation Committee. Our general policy is to grant stock options and other equity awards on fixed dates determined in advance, although there are occasions when grants are made on other dates. All required approvals are obtained in advance of or on the actual grant date. We grant our stock options and other equity awards independent and irrespective of the existence of any favorable or unfavorable news or developments known or disclosed by us prior to or after such granting.

The exercise price of all stock option grants is equal to the closing price of Geron Common Stock as reported by the NASDAQ Global Select Market on the date of grant, so employees and executives who receive stock option grants do not realize any compensation from such options unless the stock price increases above the exercise price. In this manner, the interests of our stockholders, and employees and executive officers during their employment, are aligned for the long-term success of Geron.

Geron's standard vesting schedule for the first stock option grant awarded to newly hired employees, including executive officers, provides that 12.5% of the shares granted will vest six months after the date of the grant, and the remaining shares will vest in equal monthly installments over the following 42 months so that vesting is complete four years from the date of grant, provided the employee continues to provide services to the Company during that time. Additional option grants made after an employee, including an executive officer, has provided services to the Company for more than six months generally vest monthly from the date of grant over four years.

Broad-Based Benefits and Other Compensation

Benefit programs include a variety of health insurance plans, 401(k) plan with Company matching, Employee Stock Purchase Plan and flexible spending 125 cafeteria plan covering health and dependent care services. These benefits are offered to all employees, including executive officers. We do not offer pension or other retirement benefits to employees. Currently, Dr. Scarlett also receives housing and travel reimbursement for the commute from his principal residence in Texas.

Role of the Compensation Committee

The Compensation Committee acts on behalf of the Board with respect to overseeing our compensation policies and programs and in determining compensation for executive officers, including the Named Executive Officers other than our Chief Executive Officer. Compensation Committee members are independent of management and meet the NASDAQ listing standards for independence. Typically, the Compensation Committee meets at least once quarterly and with greater frequency if necessary. The agenda for each meeting is usually developed by the Chair of the Compensation Committee, in consultation with the Chief Executive Officer, Senior Director of Human Resources, General Counsel and Radford. The Compensation Committee meets in executive session without the presence of any employees. The Compensation Committee exercises independent judgment in allocating between cash and non-cash, and equity, compensation. In setting the annual level of cash and equity compensation for executive officers, the Compensation Committee typically considers various factors, which include: corporate performance, our achievement toward meeting annual corporate goals, each executive officer's individual performance, the criticality of each executive officer's skill set, and market data for our industry. Each of these factors is balanced against Geron's ability to award cash and equity incentives. The Compensation Committee has the authority to retain special counsel and other experts, including compensation consultants, to support their responsibilities in determining executive officer compensation and related programs. Since December 2011, the Compensation Committee has retained Radford as its independent compensation consultant for their extensive analytical and consulting work in the biotech/pharmaceutical industry. In this capacity, Radford provided documentary support, including industry data from third-party salary survey sources, and recommendations related to cash and equity compensation for executive officers and members of the Board.

The Compensation Committee reviewed information from Radford about potential conflicts of interest and has analyzed whether the work of Radford as a compensation consultant has raised any conflict of interest, taking into consideration the following factors: (i) the provision of other services to Geron by Radford or any other AON Hewitt Company; (ii) the amount of fees Geron paid to Radford or any other AON Hewitt Company as a percentage of the firm's total revenue; (iii) Radford's policies and procedures that are designed to prevent conflicts of interest; (iv) any business or personal relationship of Radford, any other AON Hewitt Company or the individual compensation advisors employed by Radford with an executive officer of the Company; (v) any business or personal relationship of the individual compensation advisors with any member of the Compensation Committee; and (vi) any Geron Common Stock owned by the individual compensation advisors employed by Radford. Based on these factors, the Compensation Committee determined that there were no conflicts of interest with respect to Radford providing services to the Compensation Committee.

The Compensation Committee reviews, and thereafter recommends to the Board, both the establishment and achievement of annual corporate goals for the annual incentive bonus program. With respect to achievement of annual corporate goals, the Board considers the recommendations of the Compensation Committee and may accept or modify such recommendations before approval. To aid the Compensation Committee in its responsibilities, the Chief Executive Officer, with assistance from the General Counsel and Senior Director of Human Resources, provides the Compensation Committee with recommendations relating to achievement of our annual corporate goals, individual performance of executive officers and cash and equity compensation recommendations for each executive officer. The Compensation Committee does not consult with any other executive officer with regard to its decisions concerning compensation for executive officers. In making such decisions, the Compensation Committee gives considerable weight to the Chief Executive Officer's performance evaluations of the executive officers, since he has direct knowledge of the criticality of their work and performance and contributions. The Chief Executive Officer does not participate in the Compensation Committee's or Board's deliberations or decisions with regard to his own compensation, which must be approved by the Board.

Table of Contents

In making compensation decisions for 2013, in consultation with Radford, the Compensation Committee reviewed survey data rather than a defined peer group. Radford recommended that the Compensation Committee not define a peer group for 2013 due to the significant changes in our business at the end of 2012, our volatile market capitalization, reduced headcount, declining research and development expenses and necessity to retain key executives resulting from the setbacks in our clinical development program. Accordingly, in making 2013 compensation decisions the Compensation Committee used market data from the Radford Global Life Sciences Survey consisting of 64 comparable companies in the life science industry with market capitalization generally between \$150 million and \$700 million and headcounts between 80 and 200 employees. We refer to the data from Radford that the Compensation Committee reviewed as the market data.

The Compensation Committee's general market positioning strategy for 2013, in consultation with Radford, was to target total compensation (consisting of base salary, target annual incentive bonus and equity awards) for our Named Executive Officers to be at the 50th to 60th percentile of the market data for each Named Executive Officer's position. However, the Compensation Committee retained the ability to set the individual components or total compensation for an individual Named Executive Officer to be above or below the positioning target based on factors such as experience, performance achieved, specific skills or competencies, the desired pay mix (e.g., cash versus equity) and our budget. The Compensation Committee believes this market positioning strategy was necessary and appropriate in order to attract and retain top executive talent in the competitive environment in which we operate.

Compensation Risk Assessment

The Compensation Committee annually evaluates Geron's compensation elements of base salary, annual incentive bonuses, equity awards, severance and change in control benefits, other benefits and Geron's compensation philosophy generally as it relates to all employees. The Compensation Committee reviews the following elements of Geron's compensation practices that balance our compensation programs to mitigate the risks associated with our compensation practices:

- performance assessment based upon a mix of individual and corporate performance and achievement;
- annual incentive bonuses determined by performance with no minimum payments;
- utilization of a combination of cash and equity awards to encourage short-term and long-term incentives;
- absence of employment agreements or contracts that contain multi-year guarantees of salary increases, non-performance-based bonuses or equity compensation; and
- emphasis on equity amongst our employees and in comparison with external benchmarks.

The Compensation Committee has reviewed our compensation policies and practices as they relate to all employees and has determined that such policies and practices do not present any risks that are reasonably likely to have a material adverse effect on Geron.

2013 Compensation Decisions

Base Salaries

In the first quarter of 2013, the Compensation Committee performed their annual analysis of base salaries for all of our executive officers. The Compensation Committee reviewed the market data provided by Radford and noted that the market data showed that each of our Named Executive Officers' base salaries at the end of 2012 was between the 60th to 75th percentile of the market data. Given the competitive positioning of base salaries and the performance of each of the Named Executive Officers during 2012, the Compensation Committee and, with respect to Dr. Scarlett, the Board, approved 3.5% salary increases as a cost of living adjustment for each of the Named Executive Officers, except for Ms. Bloom, who received an adjustment to her base salary in December 2012 in connection with her promotion to Chief Financial Officer.

Table of Contents

The following 2013 base salaries for the Named Executive Officers were effective as of January 1, 2013.

Named Executive Officer	2012	Salary	2013
	Base Salary	Increase (%)	Base Salary
John A. Scarlett, M.D.	\$550,000	3.5%	\$569,250
Olivia K. Bloom	\$330,000	0%	\$330,000 ⁽¹⁾
Andrew J. Grethlein, Ph.D.	\$355,000	3.5%	\$367,425
Stephen N. Rosenfield, J.D.	\$365,000 ⁽²⁾	3.5%	\$377,775 ⁽²⁾
Melissa A. Kelly Behrs	\$330,000	3.5%	\$341,550

(1) Ms. Bloom's 2012 base salary was increased to \$330,000 in December 2012 in connection with her appointment to Chief Financial Officer and was not further adjusted in January 2013.

(2) We employ Mr. Rosenfield at 80% time. Thus, the actual base salary paid to Mr. Rosenfield is 80% of the amounts presented in the table.

In the first quarter of 2014, the Compensation Committee (and the Board with respect to Dr. Scarlett) approved the following 2014 base salaries for our Named Executive Officers: Dr. Scarlett: \$586,500; Ms. Bloom: \$365,000; Dr. Grethlein: \$379,000; Mr. Rosenfield: \$390,000 (because we employ Mr. Rosenfield at 80% time, Mr. Rosenfield's actual base salary is \$312,000); and Ms. Behrs: \$352,000.

2013 Annual Incentive Bonuses

The Named Executive Officers' 2013 annual incentive bonus targets remained at the same levels set since 2010, which ranged from 40% to 60% of base salary depending on the executive officer's position. The annual incentive bonus targets for senior vice presidents, executive vice presidents and the Chief Executive Officer are currently 40%, 45% and 60%, respectively. In connection with Dr. Scarlett's employment agreement with us, Dr. Scarlett is eligible to receive an annual incentive bonus target of up to 60% of his annual base salary, payable at the discretion of the Board. For 2013, other than Dr. Scarlett, each Named Executive Officer's annual incentive bonus was 50% dependent upon achievement of our corporate goals, 30% dependent on their individual performance and achievement and 20% dependent upon individual performance of our corporate values. Dr. Scarlett's 2013 annual incentive bonus was wholly dependent upon achievement of our corporate goals and at the discretion of the Board. The table below summarizes the annual incentive bonus targets as a percentage of annual salary for each of our Named Executive Officers for 2013, which were effective at the beginning of 2013. The annual incentive bonus targets are designed to, when combined with base salary and equity awards, approximate the 50th to 60th percentile of the market data as provided by Radford.

Named Executive Officer	Annual Incentive Bonus
	Target as a % of Salary
John A. Scarlett, M.D.	60%
Olivia K. Bloom ⁽¹⁾	40%
Andrew J. Grethlein, Ph.D.	45%

Melissa A. Kelly Behrs ⁽¹⁾	40%

(1) During 2013, both Ms. Bloom and Ms. Behrs were Senior Vice Presidents. Each of Ms. Bloom and Ms. Behrs' target bonus percentage increased to 45% in 2014 upon promotion to Executive Vice President.

Table of Contents2013 Corporate Goal Achievement Factor

The table below summarizes the corporate goals approved by the Board for 2013, including assigned weightings, and the Compensation Committee's and Board's assessment of our level of achievement of those goals in 2013. The corporate goals in 2013 aimed to advance the overall corporate objective of developing imetelstat for the potential treatment of hematologic myeloid malignancies which included supporting clinical trial progress and directing expenditures into activities with the nearest term value inflection points. Based on the achievements noted below, the Board approved an overall corporate goal achievement factor for 2013 of 100%.

<u>Individual Performance and Corporate Values Performance Factors</u>					

For all employees in 2013, including the Named Executive Officers other than the Chief Executive Officer, actual individual performance factors ranged from 0.90 to 1.30. Each Named Executive Officer's 2013 individual performance factor was based on overall performance and achievement, which reflected: his or her support of the 2013 corporate goals; individual, team, departmental and functional performance and achievements, including performance and achievements beyond the corporate, individual, team, departmental and functional goals. Our corporate values are authenticity, accountability, excellence, integrity and respect, and the actual individual corporate values performance factors were 1.0, for each of the Named Executive Officers, who fully supported our corporate values during 2013.

The following are the annual incentive bonus targets and weighting percentages used to calculate the 2013 annual incentive bonus for each of the Named Executive Officers as well as the 2013 actual bonus percentage awarded.

For 2013, the Compensation Committee concurred with Dr. Scarlett's recommendation for each executive officer's individual performance and corporate values performance factor, as discussed in detail below.

Ms. Bloom was awarded an individual performance factor of 1.10 and a corporate values performance factor of 1.0 based primarily on the following achievements:

- executed the appropriate financing initiatives to support our strategic plans, culminating in our public offering completed in early 2014;
- monitored and controlled operating expenses to stay within the approved spending level;
- continued to provide oversight of the accounting operations, compliance with SEC and other regulatory requirements, and preparation of SEC disclosure documents (including our periodic and current reports and proxy materials) and tax documents with no material findings in our yearly audit;

- facilitated the stem cell divestiture transaction, including transfer of assets upon the closing in October 2013.

Dr. Grethlein was awarded an individual performance factor of 1.10 and a corporate values performance factor of 1.0 based primarily on the following achievements:

- as acting head of Discovery Research in late 2012, led the function toward an optimization of their activities to achieve specific objectives under a clinical research plan;
- led a full strategic assessment of the discovery research platform, including making extensive presentations to the Board to enable the Board to reach the critical decision to stop the discovery research activities in a timely, cost-effective and strategically sound manner;
- led both the Quality and Product Development & Manufacturing functions to fully achieve their internal goals for technical performance, productivity, communication, and decision-making in 2013;
- planned and directed actions to ensure production and distribution of imetelstat drug product to clinical trial sites in compliance with good manufacturing practices; and
- became the responsible manager for the Clinical Operations function in mid-2013 to support the organization due to the departure of our former Chief Medical Officer in May 2013; was instrumental in enabling the Clinical Operations function to achieve its goals in a timely, proficient manner.

Mr. Rosenfield was awarded an individual performance factor of 1.25 and a corporate values performance factor of 1.0 based primarily on the following achievements:

- provided trusted legal and business guidance, and risk assessments, to the Board and its committees, as evidenced by the quality of the materials prepared, his continued deep involvement in issues and areas where legal guidance and risk mitigation were critical, and by proactively voicing his concerns and options for a number of key activities and decisions taken by the Board;
- provided legal guidance and risk assessments to the senior management and the Company in general, as particularly evidenced by his review of key SEC disclosure documents, press releases and investor presentations;

Edgar Filing: GERON CORP - Form DEF 14A

- provided key business leadership in significantly improving the description of development plans for imetelstat in public presentations, such as investor presentations and conference call scripts.

Table of Contents

Ms. Behrs was awarded an individual performance factor of 1.30 and a corporate values performance factor of 1.0 based primarily on the following achievements:

- led the Program Management function to ensure roll-out of a refined multi-disciplinary team system to appropriately reflect the evolving (i.e., reduced) scope of our programs post-restructuring and to fit the cultural needs of the organization;
- led the completion of all GRN1005 program wind-down activities and comprehensive transition of the program back to Angiochem within planned timelines, and closely managed spend related to such activities;
- became the interim head of Regulatory Affairs and reviewed and supervised compliance with FDA standards, including meeting time-critical reporting deadlines;
- recruited and trained new internal personnel and external consultants to provide regulatory operational support as well as regulatory strategy; and
- organized and directed preparation for meeting with the FDA to discuss development plans for imetelstat which provided important feedback for the design of a future planned Geron-sponsored Phase 2 clinical trial in myelofibrosis.

2013 Annual Incentive Bonus for Chief Executive Officer

Because Dr. Scarlett's 2013 annual incentive bonus is structured to be 100% dependent on corporate goal achievement, the Compensation Committee recommended and the Board determined that Dr. Scarlett should receive 100% of his target annual incentive bonus of 60%. The Board did not exercise its discretion to approve an annual bonus above the 1.0 corporate goal achievement factor for Dr. Scarlett.

2013 Equity Awards

The Compensation Committee granted stock options to all employees on February 12, 2013, except for the Chief Executive Officer whose stock options were granted by the Board on February 13, 2013. To determine the appropriate size of the February 2013 option grants to each of the Named Executive Officers, the Compensation Committee first pre-approved an option grant benchmarking guideline provided by Radford that was based on employee level. This guideline recommended a target number of options that could be awarded to an employee, including the Named Executive Officers, based on an individual's position. For the Named Executive Officers, equity awards were targeted to be at the 50th to 60th percentile of the market data provided by Radford. The Compensation Committee determined that the equity awards granted to the Named Executive Officers in 2013 should continue to consist of stock options rather than restricted stock awards that vest over time because stock options deliver future value only if the value of our stock increases above the exercise price. The Compensation Committee believed that this structure was the best approach for 2013 for incentivizing our executive officers to increase stockholder value.

Each of our Named Executive Officers received the following stock option grants in February 2013:

Named Executive Officer	2013 Stock Option Grant (# of shares)
John A. Scarlett, M.D.	1,340,000
Olivia K. Bloom	400,000
Andrew J. Grethlein, Ph.D.	300,000
Stephen N. Rosenfield, J.D.	420,000
Melissa A. Kelly Behrs	300,000

The exercise price for the February 2013 stock option grants was equal to the closing price of Geron Common Stock as reported by the NASDAQ Global Select Market on the date of grant and the vesting schedule is monthly over four years from the date of grant, provided the employee continued to provide services to Geron and had been employed for more than six months at the time of grant. See the section entitled

Grants of Plan-Based Awards for 2013 on page 49 for additional information regarding stock option awards to Named Executive Officers in 2013.

Table of Contents

In September 2013, the Compensation Committee approved modifications to outstanding options held by Ms. Bloom, Mr. Rosenfield and Ms. Behrs to extend the post-termination exercise period for vested options granted prior to 2013 from 90 days to two years in the event of certain types of qualifying terminations, as further described in the section entitled *Severance and Change in Control Benefits*, to align with the terms of these options to those of the other Named Executive Officers.

The Board approved a stock option grant to purchase 1,340,000 shares to Dr. Scarlett on February 11, 2014 and the Compensation Committee approved a stock option grant to purchase 400,000 shares to each of our other Named Executive Officers on February 10, 2014.

On February 11, 2014, in connection with her promotion to Executive Vice President, we amended Ms. Behrs' employment agreement to provide for an annual base salary of \$352,000, subject to increase, and an annual discretionary bonus targeted at 45% of her annual base salary.

Severance and Change in Control Benefits

Our Named Executive Officers are entitled to certain severance and change in control benefits under the terms of our Amended Severance Plan, their employment agreements and our equity plans. These severance and change in control provisions are intended to allow employees, including Named Executive Officers, to focus their attention on business operations of Geron in the face of the potentially disruptive impact of a proposed change in control transaction, to assess takeover bids objectively without regard to the potential impact on their own job security and to allow for a smooth transition in the event of a change in control of Geron.

The Compensation Committee believes that the severance benefits we offer remain essential to fulfill the objective to recruit, retain and develop key management talent in the competitive market. These arrangements enable us to recruit and retain high-quality new management talent because they provide reasonable protection to the executive officer in the event that he or she is not retained under limited circumstances. We do not provide for any excise tax gross-ups in the Amended Severance Plan or in any individual agreement with a Named Executive Officer.

Amended Severance Plan

In September 2002, the Board approved a Severance Plan that became effective on January 21, 2003 (the "2003 Severance Plan"). The 2003 Severance Plan was subsequently amended and restated in October 2006, December 2008, February 2013 and May 2013 (collectively referred to herein as the "Amended Severance Plan"). The May 2013 amendment included modifications that require a "double trigger" for cash severance benefits paid to employees, including Named Executive Officers in the event of a Change in Control, as defined below, so that benefits are paid only upon a Change in Control and a termination of employment, either by the Company or because the employee resigns due to a material change in their employment terms. Prior to the May 2013 amendment, the Amended Severance Plan provided "single trigger" benefits that would be paid automatically upon a Change in Control.

The Amended Severance Plan applies to all employees, including the Named Executive Officers, who are not subject to a performance improvement plan; however, severance payments under the employment agreements are generally reduced by the same type of severance payments the Named Executive Officer is entitled to under the Amended Severance Plan, to prevent duplication of benefits.

The Amended Severance Plan provides for each employee to receive a severance payment upon certain triggering events. A non-change in control triggering event is defined by the Amended Severance Plan as an event where an employee who is not subject to an ongoing performance improvement plan is terminated without cause. Severance payments in the case of a non-change in control triggering event range from two to nine months of base salary and continued premium payments for continued health benefits under the provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended ("COBRA"), depending on the non-executive employee's position with Geron, payable in a lump-sum payment. The Amended Severance Plan does not provide for severance payments to the Named Executive Officers in the case of a non-change in control triggering event. Any severance payment to be provided to the Named Executive Officer in connection with a non-change in control triggering event is detailed in such Named Executive Officer's employment agreement.

A Change in Control triggering event is defined by the Amended Severance Plan as a termination (i) without Cause in connection with a Change in Control (which has the same definition as under the 2011 Incentive Award Plan described below) or within 12 months following a Change in Control; *provided, however*, that if an individual is terminated by the Company in connection with a Change in Control but immediately accepts employment with the Company's successor or acquirer, they will not be deemed to be covered by this subsection, unless (i) they are subsequently terminated without Cause by the successor or acquirer within the 12 months following the Change in Control; (ii) an individual resigns their employment with the Company because in connection with a Change in Control, they are offered terms of employment (new or continuing) by the Company or the Company's successor or acquirer within 30 days after the Change in Control that results in a material change in the terms of their employment. For purposes of the foregoing, a material change in terms of employment shall occur if one of the following events occurs without the employee's consent: (a) their base salary is materially reduced from that in effect immediately prior to the Change in Control, or (b) if as of the Change in Control they are employed at the director level or above, they are subject to a material reduction in their duties (including responsibilities and/or authority), or (c) their principal work location is to be moved to a location that is either (i) more than 45 miles from their principal work location immediately prior to the Change in Control or (ii) more than 30 miles farther from their principal weekday residence than was their principal work location immediately prior to the Change in Control, or (d) the Company or the Company's successor or acquirer materially breaches the terms of any employment or similar service agreement with the employee; *provided, however*, that to resign due to a material change in terms of their employment, the employee must (1) provide written notice to the Company's General Counsel within 30 days after the first occurrence of the event giving rise to a material change in their terms of employment setting forth the basis for their resignation, (2) allow the Company at least 30 days from receipt of such written notice to cure such event, and (3) if such event is not reasonably cured within such period, the employee resignation from all positions they then hold with the Company is effective not later than 90 days after the expiration of the cure period; or (iii) after accepting (or continuing) employment with the Company or the Company's successor or acquirer after a Change in Control, the employee resigns their employment within 12 months following the Change in Control due to a material change in terms of their employment as defined above.

Table of Contents

Under the Amended Severance Plan, upon a Change in Control triggering event, each of our Named Executive Officers is entitled to a payment equal to 15 months (18 months, with respect to Dr. Scarlett) of his base salary and payment of COBRA premiums for up to 15 months (18 months, with respect to Dr. Scarlett).

For purposes of the Amended Severance Plan, Cause generally means an employee's (i) continued failure to satisfactorily perform duties; (ii) willful act or omission constituting dishonesty, fraud or other malfeasance against the Company; (iii) conviction of a felony; (iv) debarment by the U.S. Food and Drug Administration from working in or providing services to any pharmaceutical or biotechnology company or other ineligibility under any law or regulation to perform the employee's duties to the Company; or (v) breach of any material Company policies.

Employment Agreements

Under Dr. Scarlett's employment agreement, in the event of a Covered Termination and subject to a release of claims against Geron, Dr. Scarlett will be entitled to (i) any unpaid annual incentive bonus to which he would have become entitled for any fiscal year that ends on or before the termination date had he remained employed through the payment date, payable in a single lump-sum payment; (ii) a lump-sum severance payment equal to 24 months of his base salary then in effect as of such termination; (iii) continued healthcare coverage as permitted under COBRA for a period of one year following a Covered Termination at the same cost as in effect immediately prior to such termination; and (iv) the vested portion of any stock options or other exercisable equity interest in Geron will remain outstanding until the earlier of the second anniversary of the date of termination and the original expiration date of such award. In addition, Dr. Scarlett's employment agreement provides that the initial option granted to him will vest in full upon a change in control if he is providing services through the date of such change in control. As described above, Dr. Scarlett is also eligible to participate in Geron's Amended Severance Plan, provided that any severance benefits payable under Dr. Scarlett's employment agreement, other than annual discretionary bonuses and extended exercisability of any stock options or equity awards, shall be reduced by the amount of severance or other cash payable to Dr. Scarlett under the Amended Severance Plan.

Under the employment agreements for each of the other Named Executive Officers, in the event of a Covered Termination and subject to a release of claims against Geron, each Named Executive Officer will be entitled to (i) a lump-sum severance payment equal to 12 months of base salary then in effect as of such termination, (ii) a pro-rated portion of any target annual incentive bonus; (iii) continued COBRA coverage for a period of one year following a Covered Termination; and (iv) the vested portion of any stock options or other exercisable equity interest in Geron in either case shall remain outstanding until the earlier of the second anniversary of the date of termination and the original expiration date of such award. In addition, stock options granted to each of the Named Executive Officers will vest in full upon a Change in Control (as defined in the relevant equity plan under which the options were granted) if the Named Executive Officer is providing services through the date of such Change in Control. As described above, each of the Named Executive Officers is also eligible to participate in Geron's Amended Severance Plan, provided that any severance benefits payable under the Named Executive Officer's employment agreements, other than annual discretionary bonuses and extended exercisability of any stock options or equity awards, shall be reduced by the amount of severance or other cash payable to the Named Executive Officers under the Amended Severance Plan.

For the purposes of the Named Executive Officers' employment agreements, a Covered Termination generally means an Involuntary Termination Without Cause that occurs at any time, provided that such termination constitutes a separation from service within the meaning of Section 409A of the Internal Revenue Code of 1986, as amended, and Involuntary Termination Without Cause generally means an executive officer's dismissal or discharge other than (i) for cause or (ii) following an involuntary or voluntary filing of bankruptcy, an assignment for the benefit of creditors, a liquidation of our assets in a formal proceeding or otherwise or any other event of insolvency by Geron, in any case, without an offer of comparable employment by Geron or a successor, acquirer, or affiliate of Geron.

For purposes of the Named Executive Officers' employment agreements, Cause generally means the executive's (i) willful act or omission constituting dishonesty, fraud or other malfeasance against the Company; (ii) conviction of a felony; (iii) debarment by the U.S. Food and Drug Administration from working in or providing services to any pharmaceutical or biotechnology company or other ineligibility under any law or regulation to perform the employee's duties to the Company; or (iv) breach of any material Company policies.

Equity Plans

In the event of a Change in Control of Geron (defined below), the 2011 Incentive Award Plan provides that each outstanding award shall continue in effect or be assumed or an equivalent award substituted by the successor corporation or parent or subsidiary of the successor corporation; in the event the successor corporation refuses to assume or substitute for the awards, the administrator of the 2011 Incentive Award Plan may cause any or all of such awards to become fully exercisable immediately prior to the consummation of such transaction and all forfeiture restrictions on any or all of such awards to lapse. For purposes of the 2011 Incentive Award Plan, a Change in Control generally means and includes each of the following: (a) as a result of any merger or consolidation, the voting securities of Geron outstanding immediately prior thereto represent (either by remaining outstanding or by being converted into voting securities of the surviving or acquiring entity) less than 49% of the combined voting power of the voting securities of Geron or such surviving or acquiring entity outstanding immediately after such merger or consolidation; (b) during any period of twenty-four consecutive calendar months, the individuals who at the beginning of such period constitute the board of directors, and any new directors whose election by such board of directors or nomination for election by stockholders was approved by a vote of at least two-thirds of the members of such board of directors who were either directors on such board of directors at the beginning of the period or whose election or nomination for election as directors was previously so approved, for any reason cease to constitute at least a majority of the members thereof; (c) any individual, entity or group becomes the beneficial owner of more than 20% of the then outstanding shares of Geron Common Stock; (d) any sale of all or substantially all of the assets of Geron; or (e) the complete liquidation or dissolution of Geron.

In the event of a merger, acquisition or similar change in control, the 1996 Directors' Stock Option Plan, the 2002 Equity Incentive Plan and the 2006 Directors' Plan provide through the plan or the individual stock option or restricted stock award agreements or both, that each outstanding option and award held by all employees or outside directors will accelerate so that each option will be fully exercisable for all of the shares subject to such option immediately prior to the effective date of the transaction and each other type of award shall be fully vested unless, in the case of all of such plans, the employee or outside director receives a substitute for such option or award with comparable terms or, in the case of both the 2002 Equity Incentive Plan and the 2006 Directors' Plan, the option or award is assumed by a successor corporation. In addition, upon the occurrence of such transaction, the 2002 Equity Incentive Plan and the 2006 Directors' Plan provide that all of the outstanding repurchase rights of Geron with respect to shares of Common Stock acquired upon exercise of options granted, as well as shares of restricted stock, under the 2002 Equity Incentive Plan and the 2006 Directors' Plan will terminate.

Tax and Accounting Implications for Executive Compensation

The Compensation Committee is responsible for addressing the issues raised by Section 162(m) of the U.S. Internal Revenue Code, which makes certain non-performance-based compensation to certain executives of Geron in excess of \$1,000,000 non-deductible to us. To qualify as performance-based under Section 162(m), compensation payments must be determined pursuant to a plan, by a committee of at least two outside directors (as defined in the regulations promulgated under the Code) and must be based on achieving objective performance goals. In addition, the material terms of the plan must be disclosed to and approved by stockholders and the outside directors or the Compensation Committee, as applicable, must certify that the performance goals were achieved before payments can be awarded.

The Compensation Committee will continue to examine the effects of Section 162(m), to monitor the level of compensation paid to executive officers and take appropriate action in response to the provisions of Section 162(m), to the extent practicable while maintaining competitive compensation practices. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Compensation Committee reserves the right to recommend and award compensation that is not deductible under Section 162(m).

In addition to considering the tax consequences, the Compensation Committee considers the accounting consequences of its decisions, including the impact of expenses being recognized in connection with equity-based awards, in determining the size and form of different equity-based awards.

For the actual compensation paid to our Named Executive Officers for the fiscal year ended December 31, 2013, see the section entitled "2013 Summary Compensation Table" on page 47. For further discussion see the section entitled "Compensation Discussion and Analysis - 2013 Annual Incentive Bonuses" on page 36.

For additional information, refer to Note 11 of the consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2013 regarding assumptions underlying the valuation of option awards and the calculation method.

 - (4) Stock option vests in a series of 48 equal consecutive monthly installments commencing February 12, 2013, provided the executive officer continues to provide services to the Company.
 - (5) In September 2013, the Compensation Committee approved modifications to outstanding options held by Ms. Bloom, Mr. Rosenfield and Ms. Behrs to extend the post-termination exercise period for vested options from 90 days to two years in the event of certain types of qualifying terminations for options granted prior to 2013, to align with the terms of options currently being granted to Named Executive Officers. The stock options reported in the table above and identified by this footnote (5) represent the same stock options that were originally granted prior to 2013 at the exercise price on the original grant date, with the shares as shown representing the shares that remain subject to the modified stock options, and the amounts reported in the "Grant Date Fair Value of Stock and Option Awards" column with respect to the modified stock options represents the incremental fair value on the modification date associated with those modified stock options. For purposes of these modified stock options, the "Grant Date" represents the original grant date for these modified options, which is the grant date determined for financial statement reporting purposes pursuant to ASC 718 and was not changed as a result of the modification; accordingly, the "Approval Date," for purposes of the modified stock options represents the date the Compensation Committee modified the options, or the modification date.

CERTAIN TRANSACTIONS

There has not been, nor is there currently proposed, any transaction or series of similar transactions to which the Company was or is to be a party in which the amount involved exceeds \$120,000 and in which any current director, executive officer, holder of more than 5% of our Common Stock or any immediate family member of any of the foregoing persons had or will have a direct or indirect material interest other than compensation arrangements, described under the sections entitled *Executive Compensation Tables* and *Compensation of Directors*, other than with respect to the indemnification agreements described below, and as described below under *Participation in Public Offering*.

Certain Transactions With or Involving Related Persons

Participation in Public Offering

On February 4, 2014, we completed an underwritten public offering of 25,875,000 shares of our Common Stock at a price to the public of \$4.00 per share. Net cash proceeds from the public offering were approximately \$96.7 million, after deducting the underwriting discounts and commissions and estimated offering expenses payable by us. Based on information provided to us, FMR LLC, which beneficially own more than 5% of our outstanding Common Stock, purchased 5,625,000 shares in the public offering from the underwriters for a total purchase price of \$22.5 million (based on the price to the public of \$4.00 per share). To our knowledge, no other holder of 5% of our outstanding Common Stock participated in the offering. None of our directors or executive officers participated in the offering, nor did any of such persons have a direct or indirect material interest in the offering. Since this offering was public, with the price to the public in the offering determined by a book building process with the underwriters, the offering was not specifically reviewed in advance as a related-party transaction. However, the offering was approved by our Board and a Pricing Committee of our Board, and consistent with our Audit Committee charter, the Audit Committee subsequently reviewed the offering.

Indemnity Agreements

We have entered into indemnity agreements with all of our officers and directors which provide, among other things, that we will indemnify such executive officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines, settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason for his or her position as a director, officer or other agent of the Company, and otherwise to the full extent permitted under Delaware law and our Bylaws.

Policies and Procedures

Our Audit Committee is responsible for reviewing and approving all related party transactions, which would include a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we and any related person are participants involving an amount that exceeds \$120,000, not including transactions involving compensation for services provided to Geron as an employee, director, consultant or similar capacity by a related person. Related parties include any of our directors or executive officers, certain of our stockholders and their immediate family members. This obligation is set forth in writing in the Audit Committee charter. A copy of the Audit Committee charter is available on our website at www.geron.com in the Investor Relations section under *Corporate Governance*.

Where a transaction has been identified as a related-person transaction, management would present information regarding the proposed related-person transaction to the Audit Committee (or, where Audit Committee approval would be inappropriate, to another independent body of the Board) for consideration and approval or ratification. The presentation would include a description of, among other things, the material facts, the interests, direct and indirect, of the related persons, the benefits to Geron of the transaction and whether any alternative transactions were available. To identify related-person transactions in advance, the Audit Committee relies on information supplied by Geron's executive officers and directors. In considering related-person transactions, the Audit Committee takes into account the relevant available facts and circumstances including, but not limited to (a) the risks, costs and benefits to Geron, (b) the impact on a director's independence in the event the related person is a director, immediate family member of a director or an entity with which a director is affiliated,

Table of Contents

(c) the terms of the transaction, (d) the availability of other sources for comparable services or products and (e) the terms available to or from, as the case may be, unrelated third parties or to or from employees generally. In the event a director has an interest in the proposed transaction, the director must recuse himself or herself from the deliberations and approval. In determining whether to approve, ratify or reject a related-person transaction, the Audit Committee considers, in light of known circumstances, whether the transaction is in, or is not inconsistent with, the best interests of Geron and our stockholders, as the Audit Committee determines in the good faith exercise of its discretion.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who beneficially own more than 10% of a registered class of our equity securities (collectively, Reporting Persons), to file with the SEC initial reports of ownership and reports of changes in ownership of Geron Common Stock and other equity securities. Reporting Persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely upon a review of the copies of such reports furnished to us and written representations from such directors, executive officers and stockholders that no other reports were required, we believe that during fiscal year ended December 31, 2013, all Reporting Persons complied with the applicable Section 16(a) reporting requirements.

Stockholder Nominations and Proposals for 2015 Annual Meeting

We expect to hold our 2015 Annual Meeting of Stockholders in May 2015. All proposals or director nominations of stockholders intended to be presented at the 2015 Annual Meeting of Stockholders must be directed to the attention of our Corporate Secretary, at the address set forth on the first page of this Proxy Statement.

If you wish to bring a proposal before the stockholders or nominate a director at the 2015 Annual Meeting of Stockholders, but you are not requesting that your proposal or nomination be included in next year's proxy materials, you must notify our Corporate Secretary, in writing, not earlier than the close of business on January 20, 2015 and not later than the close of business on February 19, 2015. However, if the 2015 Annual Meeting of Stockholders is not held between April 20, 2015 and July 19, 2015, the notice must be delivered no later than the 90th day prior to the 2015 Annual Meeting of Stockholders or, if later, the 10th day following the day on which public disclosure of the date of the 2015 Annual Meeting of Stockholders is made. In addition, our Bylaws provide that the stockholder's notice must include certain information for the person making the proposal or the nomination for director, including:

- name and address;
- the class and number of shares of the Company, owned of record or beneficially owned;
- any derivative, swap or other transaction which gives economic risk similar to ownership of shares of the Company;
- any proxy, agreement, arrangement, understanding or relationship that confers a right to vote any shares of the Company;
- any agreement, arrangement, understanding or relationship, engaged in to increase or decrease the level of risk related to, the voting power with respect to, and certain other arrangements or agreements with respect to, shares of the Company;
- any performance-related fees that the proposing/nominating person is entitled, based on any increase or decrease in the value of any shares of the Company; and
- any other information required by the SEC to be disclosed in a proxy statement or certain other filings.

Table of Contents

The stockholder's notice must also include information for each proposed director nominee, including:

- the same information as for the nominating person set forth above;
- all information required to be disclosed in a proxy statement in connection with election of directors; and
- financial or other relationships between the nominating person and the nominee during the past three years.

Copies of our Bylaws may be obtained from our Corporate Secretary.

Stockholders who wish to submit a proposed nominee for election to the Board should send written notice to the Nominating and Corporate Governance Committee Chairman, Geron Corporation, 149 Commonwealth Drive, Suite 2070, Menlo Park, CA 94025, within the time periods set forth above. Such notification should set forth all information relating to such nominee as is required to be disclosed in solicitations of proxies for elections of directors pursuant to Regulation 14A under the Exchange Act, including such person's written consent to being named in a proxy statement as a nominee and to serving as a director if elected, the name and address of such stockholder or beneficial owner on whose behalf the nomination is being made, the class and number of shares of the Company, owned beneficially and of record by such stockholder or beneficial owner, and all information regarding the nominee that would be required to be included in the Company's proxy statement by the rules of the SEC, including the nominee's age, business experience for the past five years and any directorships held by the nominee during the past five years. The Nominating and Corporate Governance Committee will consider stockholder nominees on the same terms as nominees selected by the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee believes that nominees for election to the Board must possess certain minimum qualifications and attributes. The nominee: 1) must meet the objective independence requirements set forth by the SEC and NASDAQ, 2) must exhibit strong personal integrity, character and ethics, and a commitment to ethical business and accounting practices, 3) must not be involved in on-going litigation with the Company or be employed by an entity which is engaged in such litigation and 4) must not be the subject of any on-going criminal investigations, including investigations for fraud or financial misconduct. In addition, the Nominating and Corporate Governance Committee may consider the following criteria, among others:

- (i) experience in corporate management, such as serving as an officer or former officer of a publicly held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly traded company in today's business environment;
- (ii) experience in our industry and with relevant social policy concerns;
- (iii) experience as a board member of other publicly held companies;
- (iv) expertise in an area of our operations; and
- (v) practical and mature business judgment, including the ability to make independent analytical inquiries.

The Nominating and Corporate Governance Committee does not specifically consider diversity in identifying nominees for election as a director. However, specific experience or expertise that could assist Geron in developing our clinical product opportunity provides added value and insight to the Board. In general, the Nominating and Corporate Governance Committee aspires the Board to be comprised of individuals that represent a diversity of professional experience, perspective and experience, and who portray characteristics of diligence, commitment, mutual respect and professionalism with an emphasis on consensus building. The Board does not follow any ratio or formula to determine the appropriate mix. Rather, it uses its judgment to identify nominees whose backgrounds, attributes and experiences, taken as a whole, will contribute to the high standards of board service at Geron.

Directors are expected to rigorously prepare for, attend and participate in Board meetings and meetings of the Committees of the Board on which they serve, to ask direct questions and require straight answers, and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities and duties as directors. Each Board member is expected to ensure that other existing and planned future commitments do not materially interfere with the member's service as an outstanding director.

1. GENERAL; PURPOSE.

(a) This Plan provides a means by which Eligible Employees of the Company and certain designated Related Corporations may be given an opportunity to purchase shares of Common Stock. This Plan permits the Company to grant a series of Purchase Rights to Eligible Employees under an Employee Stock Purchase Plan. Defined terms used in this Plan are set forth in Section 16.

(b) The Company, by means of this Plan, seeks to retain the services of such Employees, to secure and retain the services of new Employees and to provide incentives for such persons to exert maximum efforts for the success of the Company and its Related Corporations.

(b) The Board will have the power, subject to, and within the limitations of, the express provisions of this Plan:

(i) To determine how and when Purchase Rights will be granted and the provisions of each Offering (which need not be identical).

(ii) To designate from time to time which Related Corporations of the Company will be eligible to participate in this Plan.

(iii) To construe and interpret this Plan and Purchase Rights, and to establish, amend and revoke rules and regulations for the administration of this Plan and Purchase Rights. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in this Plan, in a manner and to the extent it deems necessary or expedient to make this Plan fully effective.

(iv) To settle all controversies regarding this Plan and Purchase Rights granted hereunder.

(v) To suspend or terminate this Plan at any time as provided in Section 13.

(vi) To amend this Plan at any time as provided in Section 13.

(vii) Generally, to exercise such powers and to perform such acts as it deems necessary or expedient to promote the best interests of the Company and its Related Corporations and to carry out the intent that this Plan be treated as an Employee Stock Purchase Plan.

(viii) To adopt such procedures and sub-plans as are necessary or appropriate to permit participation in this Plan by Employees who are foreign nationals or employed outside the United States.

(c) The Board may delegate some or all of the administration of this Plan to a Committee or Committees. If administration is delegated to a Committee, the Committee will have, in connection with the administration of this Plan, the powers theretofore possessed by the Board that have been delegated to the Committee, including the power to delegate to a subcommittee any of the administrative powers the Committee is

Edgar Filing: GERON CORP - Form DEF 14A

authorized to exercise (and references in this Plan to the Board will thereafter be to the Committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of this Plan, as may be adopted from time to time by the Board. The Board may retain the authority to concurrently administer this Plan with the Committee and

may, at any time, revert in the Board some or all of the powers previously delegated. Whether or not the Board has delegated administration of this Plan to a Committee, the Board will have the final power to determine all questions of policy and expediency that may arise in the administration of this Plan.

(d) All determinations, interpretations and constructions made by the Board in good faith will not be subject to review by any person and will be final, binding and conclusive on all persons.

3. SHARES OF COMMON STOCK SUBJECT TO THIS PLAN.

(a) Subject to the provisions of Section 12(a) relating to Capitalization Adjustments, the maximum number of shares of Common Stock that may be issued under this Plan will not exceed 1,000,000 shares of Common Stock.

(b) If any Purchase Right granted under this Plan terminates without having been exercised in full, the shares of Common Stock not purchased under such Purchase Right will again become available for issuance under this Plan.

(c) The stock purchasable under this Plan will be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Company on the open market.

4. GRANT OF PURCHASE RIGHTS; OFFERING.

(a) The Board may from time to time grant or provide for the grant of Purchase Rights to Eligible Employees under an Offering (consisting of one or more Purchase Periods) on an Offering Date or Offering Dates selected by the Board. Each Offering will be in such form and will contain such terms and conditions as the Board will deem appropriate and will comply with the requirement of Section 423(b)(5) of the Code that all Employees granted Purchase Rights will have the same rights and privileges. The terms and conditions of an Offering will be incorporated by reference into this Plan and treated as part of this Plan. The provisions of separate Offerings need not be identical, but each Offering will include (through incorporation of the provisions of this Plan by reference in the document comprising the Offering or otherwise) the period during which the Offering will be effective, which period will not exceed 27 months beginning with the Offering Date, and the substance of the provisions contained in Sections 5 through 8, inclusive.

(b) The Board will have the discretion to structure an Offering so that if the Fair Market Value of a share of Common Stock on any Purchase Date within that Offering is less than or equal to the Fair Market Value of a share of Common Stock on the Offering Date for that Offering, then (i) that Offering will terminate immediately following the purchase of shares of Common Stock on such Purchase Date, and (ii) the Participants in such terminated Offering will be automatically enrolled in a new Offering beginning on the first Trading Day following such Purchase Date.

5. ELIGIBILITY.

(a) Purchase Rights may be granted only to Employees of the Company or, as the Board may designate in accordance with Section 2(b), to Employees of a Related Corporation. Except as provided in Section 5(b), an Employee will not be eligible to be granted Purchase Rights unless, on the Offering Date, the Employee has been in the employ of the Company or the Related Corporation, as the case may be, for such continuous period preceding such Offering Date as the Board may require, but in no event will the required period of continuous employment be equal to or greater than two years. In addition, the Board may provide that no Employee will be eligible to be granted Purchase Rights under this Plan unless, on the Offering Date, such Employee's customary employment with the Company or the Related Corporation is more than 20 hours per week and more than five months per calendar year or such other criteria as the Board may determine consistent with Section 423 of the Code.

Table of Contents

(b) The Board may provide that each person who, during the course of an Offering, first becomes an Eligible Employee will, on a date or dates specified in the Offering which coincides with the day on which such person becomes an Eligible Employee or which occurs thereafter, receive a Purchase Right under that Offering, which Purchase Right will thereafter be deemed to be a part of that Offering. Such Purchase Right will have the same characteristics as any Purchase Rights originally granted under that Offering, as described herein, except that:

(i) the date on which such Purchase Right is granted will be the Offering Date of such Purchase Right for all purposes, including determination of the exercise price of such Purchase Right;

(ii) the period of the Offering with respect to such Purchase Right will begin on its Offering Date and end coincident with the end of such Offering; and

(iii) the Board may provide that if such person first becomes an Eligible Employee within a specified period of time before the end of the Offering, he or she will not receive any Purchase Right under that Offering.

(c) No Employee will be eligible for the grant of any Purchase Rights if, immediately after any such Purchase Rights are granted, such Employee owns stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of any Related Corporation. For purposes of this Section 5(c), the rules of Section 424(d) of the Code will apply in determining the stock ownership of any Employee, and stock which such Employee may purchase under all outstanding Purchase Rights and options will be treated as stock owned by such Employee.

(d) As specified by Section 423(b)(8) of the Code, an Eligible Employee may be granted Purchase Rights only if such Purchase Rights, together with any other rights granted under all Employee Stock Purchase Plans of the Company and any Related Corporations, do not permit such Eligible Employee's rights to purchase stock of the Company or any Related Corporation to accrue at a rate which exceeds \$25,000 of Fair Market Value of such stock (determined at the time such rights are granted, and which, with respect to this Plan, will be determined as of their respective Offering Dates) for each calendar year in which such rights are outstanding at any time. In all cases, this \$25,000 limit will be determined in accordance with regulations applicable under Section 423(b)(8) of the Code. In particular, this limit will be determined based on (i) the number of shares previously purchased with respect to such calendar years pursuant to such Offering or any other Offering under this Plan, and pursuant to any other Company or Related Corporation plans intended to qualify as an employee stock purchase plan under Section 423 of the Code, and (ii) the number of shares subject to other Purchase Rights outstanding on the Offering Date for such Offering pursuant to this Plan and any other such Company or Related Corporation plan intended to qualify as an Employee Stock Purchase Plan.

(e) Officers of the Company and any designated Related Corporation, if they are otherwise Eligible Employees, will be eligible to participate in Offerings under this Plan. Notwithstanding the foregoing, the Board may provide in an Offering that Employees who are highly compensated Employees within the meaning of Section 423(b)(4)(D) of the Code will not be eligible to participate.

6. PURCHASE RIGHTS; PURCHASE PRICE.

(a) On each Offering Date, each Eligible Employee, pursuant to an Offering made under this Plan, will be granted a Purchase Right to purchase up to that number of shares of Common Stock purchasable either with a percentage or with a maximum dollar amount, as designated by the Board, but in either case not exceeding 10% of such Employee's earnings (as defined by the Board in each Offering) during the period that begins on the Offering Date (or such later date as the Board determines for a particular Offering) and ends on the date stated in the Offering, which date will be no later than the end of the Offering.

Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code, the Board may specify that a Participant's Contribution rate will be decreased to 0% of the Participant's earnings at such time during any Offering which is scheduled to end during the current calendar year that the aggregate of all Contributions accumulated with respect to such Offering and any other Offering ending within the same calendar year equal \$21,250.

(b) The Board will establish one or more Purchase Dates during an Offering on which Purchase Rights granted for that Offering will be exercised and shares of Common Stock will be purchased in accordance with such Offering.

Table of Contents

(c) In connection with each Offering made under this Plan, the Board may specify (i) a maximum number of shares of Common Stock that may be purchased by any Participant on any Purchase Date during such Offering, (ii) a maximum aggregate number of shares of Common Stock that may be purchased by all Participants pursuant to such Offering and/or (iii) a maximum aggregate number of shares of Common Stock that may be purchased by all Participants on any Purchase Date during such Offering. If the aggregate purchase of shares of Common Stock issuable upon exercise of Purchase Rights granted under such Offering would exceed any such maximum aggregate number, then, in the absence of any Board action otherwise, a pro rata (based on each Participant's accumulated Contributions) allocation of the shares of Common Stock available will be made in as nearly a uniform manner as will be practicable and equitable.

(d) The purchase price of shares of Common Stock acquired pursuant to Purchase Rights will be not less than the lesser of:

(i) an amount equal to 85% of the Fair Market Value of the shares of Common Stock on the Offering Date; or

(ii) an amount equal to 85% of the Fair Market Value of the shares of Common Stock on the applicable Purchase Date.

7. PARTICIPATION; WITHDRAWAL; TERMINATION.

(a) An Eligible Employee may elect to authorize payroll deductions as the means of making Contributions by completing and delivering to the Company, within the time specified in the Offering, an enrollment form provided by the Company. The enrollment form will specify the amount of Contributions not to exceed the maximum amount specified by the Board. Each Participant's Contributions will be credited to a bookkeeping account for such Participant under this Plan and will be deposited with the general funds of the Company except where applicable law requires that Contributions be deposited with a third party. If permitted in the Offering, a Participant may begin such Contributions with the first payroll occurring on or after the Offering Date (or, in the case of a payroll date that occurs after the end of the prior Offering but before the Offering Date of the next new Offering, Contributions from such payroll will be included in the new Offering). If permitted in the Offering, a Participant may thereafter decrease (including to zero) or increase his or her Contributions. If specifically provided in the Offering, in addition to making Contributions by payroll deductions, a Participant may make Contributions through payment by cash or check prior to a Purchase Date.

(b) During an Offering, a Participant may cease making Contributions and withdraw from the Offering by delivering to the Company a withdrawal form provided by the Company. The Company may impose a deadline before a Purchase Date for withdrawing. Upon such withdrawal, such Participant's Purchase Right in that Offering will immediately terminate and the Company will distribute to such Participant all of his or her accumulated but unused Contributions without interest. A Participant's withdrawal from that Offering will have no effect upon his or her eligibility to participate in any other Offerings under this Plan, but such Participant will be required to deliver a new enrollment form to participate in subsequent Offerings.

(c) Purchase Rights granted pursuant to any Offering under this Plan will terminate immediately if the Participant either (i) is no longer an Employee for any reason or for no reason (subject to any post-employment participation period required by law) or (ii) is otherwise no longer eligible to participate in such Offering. For purposes of the foregoing, a Participant will be treated as an Employee while the Participant is on military leave, sick leave or other bona fide leave of absence agreed to in writing by the Company or a Related Corporation, if applicable, if the period of such leave does not exceed three months, or if longer, so long as the Participant's right to reemployment with the Company or a Related Corporation, if applicable, upon the expiration of such leave is provided either by statute or by contract. The Company will distribute to such individual all of his or her accumulated but unused Contributions without interest.

(d) During a Participant's lifetime, Purchase Rights will be exercisable only by such Participant. Purchase Rights are not transferable by a Participant, except by will, by the laws of descent and distribution, or, if permitted by the Company, by a beneficiary designation as described in Section 11.

(e) Unless otherwise specified in the Offering, the Company will have no obligation to pay interest on Contributions.

Table of Contents

8. EXERCISE OF PURCHASE RIGHTS.

(a) On each Purchase Date, each Participant's accumulated Contributions will be applied to the purchase of shares of Common Stock, up to the maximum number of shares of Common Stock permitted by this Plan and the applicable Offering, at the purchase price specified in the Offering. No fractional shares will be issued unless specifically provided for in the Offering.

(b) In any Offering, if any amount of accumulated Contributions remains in a Participant's account after the purchase of shares of Common Stock on the final Purchase Date within such Offering, and such remaining amount is less than the amount required to purchase one share of Common Stock on the final Purchase Date of such Offering, then such remaining amount will be held in such Participant's account for the purchase of shares of Common Stock under the next Offering under this Plan, unless such Participant withdraws from or is not eligible to participate in such Offering, in which case such amount will be distributed to such Participant after the final Purchase Date without interest. If the amount of Contributions remaining in a Participant's account after the purchase of shares of Common Stock is at least equal to the amount required to purchase one whole share of Common Stock on the final Purchase Date of an Offering, then such remaining amount will not roll over to the next Offering and will instead be distributed in full to such Participant after the final Purchase Date of such Offering without interest.

(c) No Purchase Rights may be exercised to any extent unless the shares of Common Stock to be issued upon such exercise under this Plan are covered by an effective registration statement pursuant to the Securities Act and this Plan is in material compliance with all applicable federal, state, foreign and other securities and other laws applicable to this Plan. If, on a Purchase Date, the shares of Common Stock are not so registered or this Plan is not in such compliance, no Purchase Rights will be exercised on such Purchase Date, and the Purchase Date will be delayed until the shares of Common Stock are subject to such an effective registration statement and this Plan is in material compliance, except that the Purchase Date will in no event be more than 6 months from the Offering Date. If, on the Purchase Date, as delayed to the maximum extent permissible, the shares of Common Stock are not registered and this Plan is not in material compliance with all applicable laws, no Purchase Rights will be exercised and all accumulated but unused Contributions will be distributed to the Participants without interest.

9. OTHER RESTRICTIONS.

(a) The Board may provide that any shares of Common Stock issued to a Participant under this Plan will be precluded from trading in an open market transaction for one year following the Purchase Date of such shares, and in such case, certificates evidencing such shares will bear a restrictive legend reflecting such restriction.

(b) The terms and conditions of Purchase Rights granted under this Plan to, and the purchase of Shares of Common Stock by, persons subject to Section 16 of the Exchange Act will comply with the applicable provisions of Rule 16b-3. This Plan will be deemed to contain, and such Purchase Rights will contain, and the shares of Common Stock issued upon exercise thereof will be subject to, such additional conditions and restrictions as may be required by Rule 16b-3 to qualify for the maximum exemption from Section 16 of the Exchange Act with respect to Plan transactions.

10. COVENANTS OF THE COMPANY.

The Company will seek to obtain from each federal, state, foreign or other regulatory commission or agency having jurisdiction over this Plan such authority as may be required to grant Purchase Rights and issue and sell shares of Common Stock thereunder. If, after commercially reasonable efforts, the Company is unable to obtain the authority that counsel for the Company deems necessary for the grant of Purchase Rights or the lawful issuance and sale of Common Stock under this Plan, and at a commercially reasonable cost, the Company will be relieved from any liability for failure to grant Purchase Rights and/or to issue and sell Common Stock upon exercise of such Purchase Rights.

11. DESIGNATION OF BENEFICIARY.

(a) The Company may, but is not obligated to, permit a Participant to submit a form designating a beneficiary who will receive any shares of Common Stock and/or Contributions from the Participant's account under this Plan if the Participant dies before such shares and/or Contributions are delivered to the Participant. If a Participant is

married and the designated beneficiary is not the Participant's spouse, the Company may require spousal consent for such designation to be effective. The Company may, but is not obligated to, permit the Participant (subject to spousal consent, if applicable and required by the Company) to change such designation of beneficiary. Any such designation and/or change must be on a form approved by the Company.

(b) If a Participant dies, and in the absence of a valid beneficiary designation, the Company will deliver any shares of Common Stock and/or Contributions to the executor or administrator of the estate of the Participant. If no executor or administrator has been appointed (to the knowledge of the Company), the Company, in its sole discretion, may deliver such shares of Common Stock and/or Contributions to the Participant's spouse, dependents or relatives, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

12. ADJUSTMENTS UPON CHANGES IN COMMON STOCK; CORPORATE TRANSACTIONS.

(a) In the event of a Capitalization Adjustment, the Board will appropriately and proportionately adjust: (i) the class(es) and maximum number of securities subject to this Plan pursuant to Section 3(a); (ii) the class(es) and number of securities subject to, and the purchase price applicable to outstanding Offerings and Purchase Rights; and (iii) the class(es) and number of securities that are the subject of the purchase limits under each ongoing Offering. The Board will make these adjustments, and its determination will be final, binding and conclusive.

(b) In the event of a dissolution or liquidation of the Company, all Offerings under this Plan will terminate immediately prior to the consummation of such dissolution or liquidation, unless otherwise provided by the Board.

(c) In the event of a Corporate Transaction, each outstanding Purchase Right under this Plan will be assumed or an equivalent right will be substituted for such Purchase Right by the successor corporation (or a parent or subsidiary of such successor corporation), unless the Board determines, in the exercise of its sole discretion and in lieu of such assumption or substitution, to shorten any Offerings then in progress by setting a new Purchase Date prior to the Corporate Transaction (the ***New Purchase Date***). If the Board sets a new Purchase Date pursuant to the preceding sentence, then (i) the Board will notify each Participant in writing, at least 10 days prior to the New Purchase Date, that the Purchase Date for such Participant's outstanding Purchase Rights has been changed to the New Purchase Date, (ii) such Participant's accumulated Contributions will be used to purchase shares of Common Stock automatically on the New Purchase Date under such Purchase Rights, unless the Participant withdraws from the applicable Offering prior to the New Purchase Date in accordance with Section 7(b), and (iii) such Purchase Rights will terminate immediately after such purchase.

For purposes of this Section 12(c), a Purchase Right granted under this Plan will be deemed to be assumed if, following the Corporate Transaction, the Purchase Right confers the right to purchase, for each share of Common Stock subject to the Purchase Right immediately prior to the Corporate Transaction, the same consideration (whether stock, cash or other securities or property) received in the Corporate Transaction by holders of Common Stock for each share of Common Stock held on the effective date of the Corporate Transaction (and if such holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Common Stock); *provided, however*, that if such consideration received in the Corporate Transaction was not solely common stock of the successor corporation or its parent (as defined in Section 424(e) of the Code), the Board may, with the consent of the successor corporation and the Participant, provide for the consideration to be received upon exercise of the Purchase Right to be solely common stock of the successor corporation or its parent equal in fair market value to the per share consideration received by holders of Common Stock in the Corporate Transaction.

13. AMENDMENT, TERMINATION OR SUSPENSION OF THIS PLAN.

(a) The Board may amend this Plan at any time in any respect the Board deems necessary or advisable. However, except as provided in Section 12(a) relating to Capitalization Adjustments, stockholder approval will be required for any amendment of this Plan for which stockholder approval is required by applicable law or listing requirements, including any amendment that either (i) materially increases the number of shares of Common Stock available for issuance under this Plan, (ii) materially expands the class of individuals eligible to become Participants and receive Purchase Rights, (iii) materially increases the benefits accruing to Participants under this Plan or materially reduces the price at which shares of Common Stock may be purchased under this Plan,

Table of Contents

(iv) materially extends the term of this Plan, or (v) expands the types of awards available for issuance under this Plan, but in each of (i) through (v) above, only to the extent stockholder approval is required by applicable law or listing requirements.

(b) The Board may suspend or terminate this Plan at any time. No Purchase Rights may be granted under this Plan while this Plan is suspended or after it is terminated.

(c) Any benefits, privileges, entitlements and obligations under any outstanding Purchase Rights granted before an amendment, suspension or termination of this Plan will not be materially impaired by any such amendment, suspension or termination except (i) with the consent of the person to whom such Purchase Rights were granted, (ii) as necessary to comply with any laws, listing requirements, or governmental regulations (including, without limitation, the provisions of Section 423 of the Code and the regulations and other interpretive guidance issued thereunder relating to Employee Stock Purchase Plans) including, without limitation, any such regulations or other guidance that may be issued or amended after the date this Plan is adopted by the Board, or (iii) as necessary to obtain or maintain favorable tax, listing, or regulatory treatment.

Notwithstanding anything in this Plan or any Offering Document to the contrary, the Board will be entitled to: (i) establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars; (ii) permit payroll withholdings in excess of the amount designated by a Participant in order to adjust for mistakes in the Company's processing of properly completed Contribution elections; (iii) establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each Participant properly correspond with amounts withheld from the Participant's Contributions; (iv) amend any outstanding Purchase Rights or clarify any ambiguities regarding the terms of any Offering to enable the Purchase Rights to qualify under and/or comply with Section 423 of the Code; and (v) establish other limitations or procedures as the Board determines in its sole discretion advisable that are consistent with this Plan. The actions of the Board pursuant to this paragraph will not be considered to alter or impair any Purchase Rights granted under an Offering as they are part of the initial terms of each Offering and the Purchase Rights granted under each Offering.

14. EFFECTIVE DATE OF PLAN.

This Plan will become effective on the date of the annual meeting of stockholders of the Company held in 2014, provided this Plan is approved by the Company's stockholders at such meeting. No Purchase Rights will be exercised unless and until this Plan has been approved by the stockholders of the Company, which approval must be within 12 months before or after the date this Plan is adopted (or if required under Section 13(a) above, materially amended) by the Board.

15. MISCELLANEOUS PROVISIONS.

(a) Proceeds from the sale of shares of Common Stock pursuant to Purchase Rights will constitute general funds of the Company.

(b) A Participant will not be deemed to be the holder of, or to have any of the rights of a holder with respect to, shares of Common Stock subject to Purchase Rights unless and until the Participant's shares of Common Stock acquired upon exercise of Purchase Rights are recorded in the books of the Company (or its transfer agent).

(c) This Plan and Offering do not constitute an employment contract. Nothing in this Plan or in the Offering will in any way alter the at will nature of a Participant's employment or be deemed to create in any way whatsoever any obligation on the part of any Participant to continue in the employ of the Company or a Related Corporation, or on the part of the Company or a Related Corporation to continue the employment of a Participant.

(d) The provisions of this Plan will be governed by the laws of the State of Delaware without resort to that state's conflicts of laws rules.

Unless otherwise provided by the Board, if there is no closing sales price for the Common Stock on the date of determination, then the Fair Market Value will be the closing sales price on the last preceding date for which such quotation exists.
