On February 12, 2018, Neonode Inc. announced that Håkan Persson will become the Chief Executive Officer of Neonode commencing April 1, 2018.

Mr. Persson, age 57, previously served from November 2013 through January 2018 as Chief Executive Officer of Precise Biometrics AB, which provides fingerprint software and mobile smart card readers for digital authentication of identity and is publicly listed on the Nasdaq Stockholm. Prior to that, he served during 2013 as Interim Manager Linux operations at Enea AB, an information technology company which provides operating systems and related services. Prior to that, he served from 2010 to 2012 as Chief Executive Officer of Scalado AB, which provides imaging technologies, applications, and services to the mobile industry. In addition, Mr. Persson has previously served in executive positions at various public and private companies including IBM, Aspiro AB, Telelogic AB, and Telia Mobile International.

Neonode also entered into an employment agreement on February 12, 2018 with Mr. Persson in connection with his appointment to the position of Chief Executive Officer. Upon the commencement of his employment, Mr. Persson will be entitled to a gross monthly salary of 166,000 SEK (approximately US\$20,500) per month. His salary will be reviewed in February 2019 and thereafter on an annual basis. Mr. Persson further will be entitled to receive a yearly bonus during 2019 and in each subsequent year up to a maximum of 50% of his total yearly salary based on his performance as Chief Executive Officer and the financial performance of Neonode. Either Neonode or Mr. Persson may terminate his employment with 6 months' notice, during which time he will be entitled to receive his monthly salary and all other employment benefits. The terms of the employment agreement with Mr. Persson contain other customary provisions. In addition, upon the commencement of his employment, the Board of Directors intends to award Mr. Persson options to purchase 300,000 shares of Neonode common stock at a price of \$1.50 per share exercisable for three years.

As previously announced, Andreas Bunge has served as interim Chief Executive Officer of Neonode since January 1, 2018 and he will remain in that role until Mr. Persson becomes Chief Executive Officer on April 1, 2018. In connection with that transition, Neonode through its Swedish subsidiary, Neonode Technologies AB, entered into a consulting agreement on February 12, 2018 with Mr. Bunge's private holding company, Merkatura AB. The purpose of the consulting agreement is so that Mr. Bunge can be compensated for his services as interim Chief Executive Officer. Under the terms of the consulting agreement, Neonode will pay a fee of SEK 126,000 (approximately US\$15,500) per month for Mr. Bunge's services as interim Chief Executive Office retroactive to January 1, 2018. The consulting agreement may be terminated at any time without notice. Neonode intends to terminate the consulting agreement immediately prior to Mr. Persson's commencement as Chief Executive Officer. Mr. Bunge is currently and will remain a member of the Board of Directors of Neonode immediately following the conclusion of his services as interim Chief Executive Officer.
