PROSPECTUS SUMMARY

This summary highlights key aspects of our business and our common stock offering that are described more fully elsewhere in this prospectus. This summary does not contain all of the information which you should consider before making an investment decision. You should read this entire prospectus carefully, including "Risk Factors" and the consolidated financial statements and the notes to the consolidated financial statements included elsewhere in this prospectus. In this prospectus, "we," "us," "our," "ours" and "the Company" refer to American Capital Holdings, Inc. and, where applicable, our existing and intended insurance subsidiaries, Universe Life Insurance Company ("Universe Life"), IS Direct Agency, Inc. ("IS Direct") and Cosmopolitan Life Insurance Company ("Cosmopolitan Life").

4

The Company

American Capital Holdings, Inc. is a holding company which owns five proprietary financial products, and 100% of an insurance company called IS Direct Agency, Inc. The Company has entered into contracts to purchase two (2) insurance companies, Cosmopolitan Life and Universe Life, which are planned to be subsidiaries of the Company. The funds to purchase Cosmopolitan Life are currently held in escrow, pending Form A (change of ownership control) regulatory approval by the Arkansas Department of Insurance. Upon receipt of the expected approval by the Arkansas Department of Insurance, the Company plans to license Cosmopolitan Life in forty-eight (48) additional states. The other pending acquisition, Universe Life Insurance Company, requires regulatory approval as well. The Company plans to commence the regulatory approval process for Universe in August, 2005. The proprietary products are known as Guaranteed Principle Insured Convertible Securities ("GPICS(TM)"), Energy Tax Incentive Preferred Securities ("ETIPS(TM)"), Equipment Tax Incentive Convertible Securities ("ETICS(TM)"), Guaranteed Pension Accounting Contract Solutions

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

("GPACS(TM)"), and Government Pension Accounting Contract Solutions ("GPACS(TM)"). GPACS(TM) are insurance related products designed to provide balance sheet funding options for currently unfunded government and private sector pension plan liability. The GPICS(TM), ETIPS(TM) and ETICS(TM) products are investment structures designed to facilitate the use of energy and depreciation tax incentives while insuring the capital investment through guarantees of principal. When and if these products are utilized, compliance with federal and state securities and/or insurance laws will be required. Our Chairman, Barnard A. Richmond, has applied for a patent for one of these products, known as Government Pension Accounting Contract Solutions (GPACS(TM)). If and when the patent is granted, Mr. Richmond will assign the patent to the Company.

To date, we have been participating exclusively in activities associated with the start-up of the Company, including structuring the Company, acquiring assets, negotiating the acquisition of the insurance subsidiaries needed to sell our products, obtaining the required state licenses for our intended insurance subsidiaries, and formulating our marketing strategies. We have not yet commenced operations, and therefore have had no significant revenues since inception. Upon completion of our pending acquisitions of Universe Life and Cosmopolitan Life, the Company plans to use the proceeds of this offering to expand operations in additional states. Until that time, we will use the services of third-party insurance carriers in connection with any sales of our products. We have not yet realized revenues from sale of our products, and have incurred a net loss of \$4,638,264 since inception, of which \$3,023,199 is related to asset write-downs. We expect our acquisitions of Cosmopolitan Life to be completed by May 31, 2005 and our acquisition of Universe Life to be completed by August, 2005. The proceeds of this offering are designated for additional expansion capitalization of those subsidiaries. We intend to begin sales of our products as soon as possible, but do not expect significant net revenues until after our acquisition of Cosmopolitan Life is complete. We expect to begin generating revenues from operations by the end of our fourth quarter, upon closing of our acquisition of Cosmopolitan Life.

Payment of dividends will be within the sole discretion of our Board of Directors and will depend, among other factors, upon earnings, capital requirements and the operating and financial condition of the Company. At the present time, our anticipated financial capital requirements are such that we

5

intend to continue to follow a policy of retaining earnings in order to finance the development of our business.

The GPACS(TM) and some of our other products use insurance as a part of their structure. The insurance contracts will be written through several licensed insurance carriers, including our insurance subsidiaries. Our insurance subsidiaries will also sell traditional insurance products, such as life, health, and dental policies, and annuities.

IS Direct is a wholly-owned subsidiary of the Company, and is a licensed insurance agency through which we will sell our products. IS Direct is currently licensed in forty-three (43) states. Chris Dillon, president of IS Direct, is authorized to do business as an individual agent in forty-nine (49) states (all but Alaska) and in the District of Columbia. IS Direct expects to obtain the necessary licenses for it to operate in all fifty (50) states. In addition to placing the insurance components of our financial products, IS Direct will also sell term life products, annuities and other traditional insurance products. We expect most of the insurance products sold by IS Direct will be eventually underwritten by Cosmopolitan Life and other licensed insurance carriers.

The Company has a contract to purchase Universe Life, which is planned

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

as another wholly-owned subsidiary of the Company, pending regulatory approval of the change in control by the Insurance Commissioner of the State of Idaho. The contract stipulates a purchase price of \$100,000 in exchange for 100% ownership. Universe Life will be acquired through receivership with no existing operations, but the process for reinstatement is in progress. Universe Life is a life, health, and annuities insurance carrier, which is currently licensed to operate in twenty-three (23) states. Universe Life will be initiating the application process to become licensed in all remaining states, and expects to obtain the necessary licenses to operate in all fifty (50) states in the near future. We expect Universe Life to be domiciled in the State of South Carolina, with its principal offices in Charleston. After acquisition, we may merge Universe Life and Cosmopolitan Life in order to jointly utilize each company's capital surplus resources and/or licenses.

On October 30, 2004, we entered into an agreement to purchase one-hundred (100%) percent of the voting shares of Cosmopolitan Life. We expect to close our acquisition of Cosmopolitan Life by May 31, 2005, upon regulatory approval by the Arkansas Department of Insurance. Cosmopolitan Life is a stipulated premium insurer chartered in 1931 in the State of Arkansas. A "stipulated premium insurer" is one issuing policies or certificates promising money or other benefits to a policyholder upon his or her disability or, upon his or her decease, to his or her legal representatives or beneficiaries designated by him or her, which money or benefit is derived from stipulated premiums collected in advance from those policyholders and from interest and other accumulations. Since 1998, Cosmopolitan Life has offered both direct and re-insurance coverage related to health and dental care plans, with a specialty in providing stop-loss coverage for self-funded employer plans. After acquisition, we may merge Cosmopolitan Life and Universe Life, which would allow Universe Life to operate on Cosmopolitan Life's asset base, and would give Cosmopolitan Life the ability to operate in twenty-three additional states.

We intend to use some of the insurance products of our subsidiaries as part of a plan to reduce currently unfunded government and private sector pension plan liabilities, addressing the needs of governmental and private sector businesses

6

regarding unfunded pension liabilities and other post-employment benefit ("OPEB") liabilities. We also plan to sell annuities and other insurance products, through our subsidiaries, to both the public and private sectors. Our principal executive offices are located at 100 Village Square Crossing, Suite 202, Palm Beach Gardens, FL 33410, and our telephone number is (561) 207-6395. The Company's website is www.americancapitalholdings.com as of January 20, 2005. The Company's fiscal year ends May 31.

A portion of the proceeds will also be used to carry our operating expenses until revenues from operation are sufficient to do so. RISK FACTORS

The risk factors discussed below could cause our actual results to differ materially from those expressed in any forward-looking statements. See "Forward-Looking Statements." Although we have attempted to list comprehensively these important factors, we caution you that other factors may in the future prove to be important in affecting our results of operations. New factors emerge from time to time and it is not possible for us to predict all of these factors, nor can we assess the impact of each such factor on the business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statement.

The risks described below set forth what we believe to be the most material risks associated with the purchase of our common stock. Before you invest in our common stock, you should carefully consider these risk factors, as well as the other information contained in this prospectus.

8

LACK OF OPERATING HISTORY. To date, we have been participating exclusively in activities associated with the start-up of the Company, including structuring the Company, acquiring assets, negotiating the acquisition of the insurance subsidiaries needed to sell our products, obtaining the required licenses for our intended insurance subsidiaries, and formulating our marketing strategies. We have not yet commenced operations, and thusly have had no significant revenues since inception. Until our pending acquisitions of Universe Life and Cosmopolitan Life are completed, and until they are capitalized sufficiently to obtain the insurance licenses needed to underwrite our products, we will use the services of third-party insurance carriers in connection with any sales of our products, which will reduce our net revenues. We have not yet realized revenues from sale of our products, and have incurred a net loss of \$4,638,264 since inception, of which \$3,023,199 are asset write-downs.

We expect our acquisition of Cosmopolitan Life to be completed by May 31, 2005, and some of the proceeds of this offering are designated for additional expansion capitalization of those subsidiaries. We intend to begin sales of our products within 60 days, regardless of the status of this offering, but do not expect significant net revenues until after our acquisitions Cosmopolitan Life is complete.

SPECULATIVE NATURE OF THE COMPANY'S PROPOSED OPERATIONS. The success of our proposed plan of operation will depend primarily on our ability to sell the proprietary products we have created. There can be no assurance that we will be successful in these efforts.

WE WILL FACE INTENSE COMPETITION. We are and will continue to be only one participant in the business of selling life insurance backed financial products in response to the Governmental Accounting Standards Board ("GASB") Statement 45, which generally requires state and local governmental employers to account for and report the annual cost of Other Post Employment Benefits ("OPEB") and the outstanding obligations and commitments related to OPEB in essentially the same manner as currently required pension for obligations. Although we have applied for a patent on our product addressing Statement 45, we will face competition from companies who may offer a similar product that have greater financial resources, broader arrays of products, higher ratings and stronger

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

financial performance, which may impair our ability to retain existing customers, attract new customers and maintain our profitability and financial strength. We operate in a highly competitive industry. Many of our competitors are substantially larger and enjoy substantially greater financial resources, broader and more diversified product lines and more widespread agency relationships. Our products can be expected to face competition with products sold by other insurance companies, financial intermediaries and other institutions based on a number of factors, including premium rates, policy terms and conditions, service provided to distribution channels and policyholders, ratings by rating agencies, reputation and commission structures.

9

SOME OF OUR DIRECTORS MAY BE SUBJECT TO CONFLICTS OF INTEREST. Because some of our directors are in the business of providing services to the insurance industry, they could encounter conflicts of interest from time to time between the interests of the Company and the interests of their clients. Douglas Sizemore provides consulting services to various insurance companies. Norman E. Taplin is an attorney specializing in insurance regulatory matters. Michael Camilleri owns an actuarial firm which provides services to various insurance entities. Resulting conflicts of interest will be resolved through exercise of such judgment as is consistent with the fiduciary duties of management to the Company.

NO PUBLIC MARKET CURRENTLY EXISTS. There is currently no public market for the Company's common stock. Although we intend to apply for listing of our Common Stock on the American Stock Exchange, there can be no assurance that we will be successful in doing so, that a market will in fact develop, or that a shareholder ever will be able to sell his shares without considerable delay. If a market should develop, the price may be highly volatile. Factors such as those discussed in this "Risk Factors" section may have a significant impact upon the market price of the Company's stock.

WE WILL REQUIRE ADDITIONAL CAPITAL. We have not yet begun sales of our products, and will therefore require additional capital to sustain us until sales begin and we are able to receive revenues from those sales. We may also require additional capital in the future to sustain growth and achieve favorable ratings. The required capital may not be available when needed or may be available only on unfavorable terms. Our long-term strategic capital requirements will depend on many factors including the accumulated statutory earnings of our life subsidiary and the relationship between the statutory capital and surplus of our life subsidiary and (i) the rate of growth in sales of our products; and (ii) the levels of credit risk and/or interest rate risk in our invested assets. To support long-term capital requirements, we may need to increase or maintain the statutory capital and surplus of our life subsidiary through additional financings, which could include debt, equity, financial reinsurance and/or other surplus relief transactions. Such financings, if available at all, may be available only on terms that are not favorable to us. In the case of additional equity offerings, dilution to our shareholders could result, and/or such securities may have rights, preferences and privileges that are senior to those of our common stock. In the case of debt offerings or placements, the holders of the debt will have rights preferences and privileges that are senior to those of our common stock. If we cannot maintain adequate capital, we may be required to limit growth, and such action could adversely affect our business, financial condition and results of operations.

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

CHANGES IN STATE AND FEDERAL REGULATION MAY AFFECT OUR PROFITABILITY. We are subject to regulation under applicable insurance statutes, including insurance holding company statutes, in the various states in which our life subsidiary write insurance. Insurance regulation is intended to provide safeguards for policyholders rather than to protect shareholders of insurance companies or their holding companies. Regulators oversee matters relating to trade practices, policy forms, claims practices, guaranty funds, types and amounts of investments, reserve adequacy, insurer solvency, minimum amounts of capital and surplus, transactions with related parties, changes in control and payment of dividends.

10

State insurance regulators and the National Association of Insurance Commissioners, or NAIC, continually reexamine existing laws and regulations, and may impose changes in the future. Our life subsidiary are subject to the NAIC's risk-based capital requirements which are intended to be used by insurance regulators as an early warning tool to identify deteriorating or weakly capitalized insurance companies for the purpose of initiating regulatory action. Our life subsidiary also may be required, under solvency or guaranty laws of most states in which they do business, to pay assessments up to certain prescribed limits to fund policyholder losses or liabilities of insolvent insurance companies. In addition, federal legislation and administrative policies in several areas, including pension regulation, age and sex discrimination, financial services regulation, securities regulation and federal taxation, can significantly affect the insurance business. As increased scrutiny has been placed upon the insurance regulatory framework, a number of state legislatures have considered or enacted legislative proposals that alter, and in many cases increase, state authority to regulate insurance companies and holding company systems. The regulatory framework at the state and federal level applicable to our insurance products is continuously evolving. The changing regulatory framework could affect the design of such products and our ability to sell certain products. Any changes in these laws and regulations could materially and adversely affect our business, financial condition and results of operations.

OUR COMMON STOCK IS CURRENTLY CLASSIFIED AS "PENNY STOCK" AND IS NOT A SUITABLE INVESTMENT FOR ALL INVESTORS. Our common stock is a penny stock and is not a suitable investment for all investors. Generally, a penny stock is a security that (i) is priced under five dollars, (ii) is not traded on a national stock exchange or on NASDAQ (as opposed to the Over the Counter Bulletin Board or the "pink sheets"), and (iii) is issued by a company that has less than \$5 million in net tangible assets and has been in business less than three years. Because our common stock is not yet publicly traded, and we have less than \$5,000,000 of net tangible assets, our common stock is currently classified as "penny stock." While we intend to apply for listing on the American Stock Exchange, there can be no assurance that we will be successful. If our common stock does not become listed on the American Stock Exchange, or on another exchange or the NASDAQ, or if our common stock does not trade at or above \$5.00 per share, or if we do not maintain at least \$5,000,000 of net tangible assets, our common stock will continue to be classified as a penny stock. Penny stocks are subject to Securities and Exchange Commission rules that impose special sales practice requirements upon broker-dealers that sell such securities to persons other than established customers or accredited investors. Consequently, the rule may affect the ability of purchasers of our common stock to buy or sell in any market that may develop. In addition, the Securities and Exchange Commission has adopted a number of rules to regulate "penny stocks". These rules may further affect the ability of owners of our common stock to sell their shares in any market that may develop for them. Potential investors should be aware that, according to the Securities and Exchange Commission Release No. 34-29093, the

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

market for penny stocks has suffered in recent years from patterns of fraud and abuse. Such patterns include:

- * control of the market for the security by one or a few broker-dealers that are often related to the promoter or issuer;
- * manipulation of prices through prearranged matching of purchases and sales and false and misleading press releases;

11

- * "boiler room" practices involving high pressure sales tactics and unrealistic price projections by inexperienced sales persons;
- * excessive and undisclosed bid-ask differentials and markups by selling broker-dealers; and
- * the wholesale dumping of the same securities by promoters and broker-dealers after prices have been manipulated to a desired level, along with the inevitable collapse of those prices with consequent investor losses.

We advise you to consult with your investment, tax and other professional financial advisors prior to purchasing our stock. No independent rating agency has reviewed our financial condition to determine whether the stock is a suitable investment for any purchaser. The stock may not be a suitable investment for you based on your ability to withstand a loss of your investment or other aspects of your financial situation, including your income, net worth, financial needs, investment risk profile, return objectives, investment experience and other factors. Prior to purchasing any stock, you should consider your investment allocation with respect to the amount of your contemplated investment in our stock in relation to your other investment holdings and the diversity of those holdings.

YOU WILL INCUR IMMEDIATE AND SUBSTANTIAL DILUTION IN NET TANGIBLE BOOK VALUE. We expect that the initial public offering price of our common stock will be substantially higher than the net tangible book value of each outstanding share of common stock. If you purchase common stock in this offering, you will suffer immediate and substantial dilution. The dilution will be \$1.50 per share in the net tangible book value of the common stock from the initial public offering price. For a more detailed discussion of dilution, see "Dilution" on page 14.

CENTRALIZED CONTROL. After the offering, our executive officers, directors, and parties related to them, in the aggregate, may have the ability to control matters requiring shareholder approval. Our executive officers, directors and parties related to them own a large enough stake in us to have an influence on the matters presented to shareholders. As a result, these shareholders may have the ability to control matters requiring shareholder approval, including the election and removal of directors, the approval of significant corporate transactions, such as any merger, consolidation or sale of all or substantially all of our assets, and the control of our management and affairs. Accordingly, this concentration of ownership may have the effect of delaying, deferring or preventing a change in control of us, impede a merger, consolidation, takeover or other business combination involving us or discourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of us, which in turn could have an adverse effect on the market price of our common stock.

OUR MANAGEMENT WILL HAVE BROAD DISCRETION IN ALLOCATING PROCEEDS FROM THIS OFFERING. The net proceeds to us from this offering are estimated to be approximately \$190,000,000, before deducting estimated offering expenses of \$170,000. The primary purpose of this offering is to increase the capital and surplus of our life subsidiary to support future growth of our business. Our management will retain broad discretion as to the allocation of the proceeds of this offering. The failure of management to apply these funds effectively could

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

negatively impact our business and prospects. See "Use of Proceeds."

FORWARD-LOOKING STATEMENTS

This prospectus contains certain statements of a forward-looking nature relating to future events or our future performance. These forward-looking statements are based on our current expectations, assumptions, estimates and projections about us and our industry. When used in this prospectus, the words "expects," "believes," "anticipates," "estimates," "intends" and similar expressions are intended to identify forward-looking statements. These statements include, but are not limited to, statements of our plans, strategies and prospects under the captions "Prospectus Summary," "Risk Factors," "Use of Proceeds," and other statements contained elsewhere in this prospectus.

These forward-looking statements are only predictions and are subject to risks and uncertainties that could cause actual events or results to differ materially from those projected. The cautionary statements made in this prospectus should be read as being applicable to all related forward-looking statements wherever they appear in this prospectus. We assume no obligation to update these forward-looking statements publicly for any reason. Actual results could differ materially from those anticipated in these forward-looking statements.

USE OF PROCEEDS

We estimate that our net proceeds from this offering will be approximately \$190,000,000 before deducting estimated offering expenses of \$170,000. We expect to initially use the majority of the proceeds to provide capital surplus to our subsidiaries, including our existing subsidiary, IS Direct, and the two life insurance subsidiaries we are in the process of acquiring, Universe Life and Cosmopolitan Life. A portion of the proceeds will also be used to carry our operating expenses until revenues from operation are sufficient to do so. Additional proceeds will be available for additional acquisitions of businesses related, and complimentary, to that of our existing subsidiaries. The capital surplus provided to our subsidiaries will be used by them to meet regulatory requirements pertaining to the amount of reserves required in order to underwrite various insurance products. The reserves will be invested in various institutional grade securities as allowed by applicable state and federal insurance regulations. Until we have completed our acquisitions of Universe Life and Cosmopolitan Life, the amounts designated for additional capitalization of those subsidiaries will be held in the accounts of the Company and may be invested in short term securities, such as United States Treasury securities, bank certificate of deposit, or bank overnight repurchase funds. None of the proceeds will be used to acquire Universe Life or Cosmopolitan Life, since the purchase price for those acquisitions is our common stock.

This offering is not contingent upon any minimum number of common stock shares or warrants being sold. As a result, all proceeds from sales of the common stock will be placed in our general operating account as sales are made.

We plan to sell the common stock and warrants offered hereby over a period of up to two years, as funds are needed for the purposes described above. There can be no assurance that all of the shares offered hereby will be sold. The table below shows our estimated application of the proceeds of this offering if a total of 10,000,000, 20,000,000 or 40,000,000 shares are actually sold.

DILUTION

Purchasers of our common stock in this offering will suffer immediate and substantial dilution in net tangible book value per share. Dilution is the amount by which the offering price paid by the purchasers of our common stock to

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

be sold in this offering exceeds the net tangible book value per share of our common stock after the offering. Net tangible book value per share is determined by subtracting our total liabilities from the total book value of our tangible assets and dividing the difference by the number of shares of our common stock deemed to be outstanding on the date the book value is determined.

Our net tangible book value as of February 28, 2005 was approximately \$2,591,789 or \$.15 per share of common stock, including 2,080,000 shares subscribed and paid for as of that date, but not yet issued. After giving effect to the sale of all 40,000,000 shares in this offering, and after deducting estimated offering expenses, our net tangible book value as of February 28, 2005, would have been \$194,421,789 or \$3.33 per share. This represents an immediate increase in net tangible book value of \$3.18 per share to the existing shareholders and an immediate dilution of \$1.67 per share to new investors purchasing shares in this offering. The following table illustrates this per share dilution, assuming 10,000,000, 20,000,000 and 40,000,000 shares are sold in this offering:

	10,000,000 shares sold	20,000,000 shares sold	40,000,000 shares sold
Offering price per share	\$ 5.00	\$ 5.00	\$ 5.00
Net tangible book value per share before this offering	\$.15	\$.15	\$.15
Pro forma increase in net tangible book value per share attributable to new investors	\$ 1.65	\$ 2.43	\$ 3.18
Pro forma net tangible book value per share after this offering	\$ 1.80	\$ 2.58	\$ 3.33
Dilution per share to new investors	\$ 3.20	\$ 2.42	\$ 1.67

The following table summarizes, as of February 28, 2005, the differences between existing shareholders and the new investors with respect to the number of shares of common stock purchased from us, the total consideration paid and the average price per share paid before deducting estimated underwriting discounts, commissions and other expenses payable by us.

PLAN OF OPERATION

Overview

American Capital Holdings, Inc., ("the Company") is a holding company which owns five (5) proprietary financial products, and either owns or is the process of acquiring three subsidiary insurance companies, Cosmopolitan Life Insurance Company, IS Direct Agency, Inc., and Universe Life Insurance Company. The proprietary products are known as Guaranteed Principle Insured Convertible Securities ("GPICS(TM)"), Energy Tax Incentive Preferred Securities

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

("ETIPS(TM)"), Equipment Tax Incentive Convertible Securities ("ETICS(TM)"), Guaranteed Pension Accounting Contract Solutions ("GPACS(TM)") and Government Pension Accounting Contract Solutions ("GPACS(TM)"). The GPACS(TM) products are insurance related products designed to reduce currently unfunded government and private sector pension plan liability. The GPICS(TM), ETIPS(TM) and ETICS(TM) products are investment structures designed to facilitate the use of energy and depreciation tax incentives while insuring the capital investment through guarantees of principal. When and if these products are utilized, when applicable, they will require separate SEC registration statements and/or insurance product approvals in the states in which the products are utilized. Our Chairman, Barnard A. Richmond, has applied for a patent for one of these products, known as Government Pension Accounting Contract Solutions (GPACS(TM)). If and when the patent is granted, Mr. Richmond will assign the patent to the Company.

The GPACS(TM) and some of our other products use insurance as a part of their structures. The insurance contracts will be written through several licensed insurance carriers, including our insurance subsidiaries. Our insurance subsidiaries will also sell traditional insurance products, such as life, health, and dental policies, and annuities.

IS Direct is a wholly-owned subsidiary of the Company, and is a licensed insurance agency through which we will sell our products. IS Direct is currently licensed in forty-three (43) states. Chris Dillon, president of IS Direct, is authorized to do business as an individual agent in forty nine (49) states (all but Alaska) and in the District of Columbia. IS Direct expects to obtain the necessary licenses for it to operate in all fifty (50) states. In addition to placing the insurance components of our financial products, IS Direct will also sell term life products, annuities and other traditional insurance products. We expect most of the insurance products sold by IS Direct will be eventually underwritten by Universe Life, which the Company has a contract to purchase. However, we also plan to use IS Direct to sell additional products of other licensed insurance carriers.

We have an agreement to purchase Universe Life, which is planned as another wholly-owned subsidiary of the Company, pending regulatory approval of the change in control by the Insurance Commissioner of the State of Idaho. Universe Life is a life, health and annuities insurance carrier, which is currently licensed to operate in twenty-three (23) states. Universe Life will be initiating the application process to become licensed in all remaining states, and expects to obtain the necessary licenses to operate in all fifty (50) states in the near future. We expect Universe Life to be domiciled in the State of South Carolina, with its principal offices in Charleston. We may merge Universe and Cosmopolitan Life, after the acquisitions have closed, as means of jointly utilizing each company's capital surplus resources and/or licenses.

16

On October 30, 2004, we entered into an agreement to purchase one-hundred (100%) percent of the voting shares of Cosmopolitan Life. We expect to close our acquisition of Cosmopolitan Life in May 2005, upon regulatory approval by the Arkansas Department of Insurance. Cosmopolitan Life is a stipulated premium insurer chartered in 1931 in the State of Arkansas. Since 1998, Cosmopolitan Life has offered both direct and re-insurance coverage related to health and dental care plans, with a specialty in providing stop-loss coverage for self-funded employer plans. The funds for the purchase of Cosmopolitan have been placed in escrow pending regulatory approval.

Our principal executive offices are located at 100 Village Square Crossing, Suite 202, Palm Beach Gardens, FL 33410, and our telephone number is (561) 207-6395. Our fiscal year ends May 31, 2005.

History

The Company was incorporated in the State of Florida on January 25, 1999 as US Amateur Sports Company, a wholly owned subsidiary of eCom eCom.com, Inc. ("eCom") which trades on the OTC/Bulletin Board under the symbol 'ECEC.' In March 2003, the Company changed its name to USA SportsNet, Inc., and in December 2003 changed its name to American Capital Holdings, Inc.

eCom incorporated in the State of Florida on June 14, 1994 as US Amateur Sports, Inc., but on December 17, 1998, eCom's directors voted to change the name from US Amateur Sports, Inc. to eCom eCom.com, Inc. in the belief that the proposed name more accurately reflected the nature of the core business--electronic commerce. At a Special Meeting of Shareholders held on January 25, 1999, the shareholders approved an amendment to Articles of Incorporation of US Amateur Sports Company in order to adopt the new name. At that time, a current report on Form 8-K was filed with the Securities and Exchange Commission, and the name change became effective on January 27, 1999.

Throughout these transactions and restructurings, and as the market's infatuation with dot-coms began to wane, eCom began to lose market capitalization. From the historical high share price of \$21.50 in April 1999, shares saw a rapid decline to a low of \$.01 in February 2003. eCom concluded that it did not have the financial resources necessary to develop all ten of its business units collectively, so in an effort to preserve and restore shareholder value, eCom decided to spin off the ten subsidiaries into independent companies. The rationale behind this move was that each independent company would be better suited to obtain their own funding, and to develop and execute their distinct business plans. eCom would then be able to develop and streamline its business plan as well. This belief was based in part on eCom's experience with potential business partners who sought involvement with only one operating segment of eCom's multi-faceted business.

On December 1, 2003, eCom's Board of Directors approved the spin-off, and USA SportsNet, Inc. emerged as an independent company, and subsequently changed its name to American Capital Holdings, Inc. ("the Company"), in anticipation of making a certain acquisition. After the spin-off, the Company was presented with an opportunity to acquire certain assets of a company then known as American Capital Holdings, Inc., now known and referred to as ACHI. On January

17

12, 2004, the Company entered into an Asset Purchase Agreement with ACHI whereby the Company agreed to acquire certain assets, and assume certain liabilities, of ACHI in return for 95% of the total stock ownership of the Company. In order to accomplish this transaction, the Company effected a 20-to-1 reverse stock split, which reduced its outstanding shares to 2,497,756 shares, and agreed to issue ACHI 49,995,112 shares. ACHI agreed to accept the issuance of 13,561,804 at closing, and assigned the right to receive these shares to its principle, Barnard A. Richmond, who is now the President of the Company. The remaining 36,393,308 shares were reserved for issuance by the Company in connection with future acquisitions and financing.

The assets acquired from ACHI consist primarily of approximately \$10.8 million of investment interests in ten developing companies (described below), approximately \$5.3 million of restricted securities, approximately \$233,000 of marketable securities, approximately \$100,000 in cash, and proprietary investment programs known as Energy Tax Incentive Preferred Securities ("ETIPS") and Guaranteed Principal Insured Convertible Securities ("GPICS"). The liabilities assumed consisted of \$1,005,000 of convertible notes given by ACHI to various investors. See our balance sheet included in the Financial

Statements section of this prospectus. See our balance sheet included in the Financial Statements section of this prospectus.

Of the 36,393,308 shares reserved for future issuance, 2,162,099 shares have now been issued to the shareholders of Spaulding Ventures, LLC ("Spaulding") to complete the acquisition of the investment interests in the ten developing companies noted above. The Company also issued 216,209 warrants, at an exercise price of \$6.00 per share, to the shareholders of Spaulding as part of the acquisition.

The ten developing companies in which the Company has acquired an investment interest are as follows:

Smart Pill Holding Corporation	Brilliant Roadways, Inc.
@visory, LLC	eSmokes, Inc.
Efficien, Inc.	IS Direct Agency, Inc.
Solid Imaging, Ltd.	Century Aerospace Corporation
Traffic Engine, Inc.	Metroflex, Inc.

The Company is divesting its interests in the developing companies, except for its interest in IS Direct. To date, the Company has sold its interests in SmartPill Holding Corporation and eSmokes, Inc. The company has acquired 100% of the assets of IS Direct in order to facilitate its current plan of operation.

Business Strategy

Our primary business is insurance and related financial products. In addition to traditional offerings such as life insurance, health insurance, and annuities, we will offer financial strategies which utilize insurance as a part of their structure.

18

American Capital Holdings, Inc. owns the patent and the trademarks for five proprietary products:

GPICS(tm) -- Guaranteed Principle Insured Convertible Securities

ETIPS(tm) -- Energy Tax Incentive Preferred Securities

ETICS(tm) -- Equipment Tax Incentive Convertible Securities

GPACS(tm) -- Guaranteed Pension Accounting Contract Solutions

GPACS(tm) -- Government Pension Accounting Contract Solutions

Our GPACS(TM) products, which refers to both the Guaranteed Pension Accounting Contract Solutions product and the Government Pension Accounting Contract Solutions product, relate to a business method of adjusting the balance sheet of a business or governmental organization, and particularly to a system for organizing the unfunded obligations of the organization so that the liability for those obligations on the balance sheet is offset by an asset. We intend to use the insurance products of our subsidiaries to reduce currently unfunded government and private sector pension plan liability, addressing the needs of governmental and private sector businesses regarding unfunded pension

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

liabilities and other post-employment benefit ("OPEB") liabilities. By purchasing whole and term life insurance products for a pool of employees, with the employer as the beneficiary, and utilizing the tax benefits of mandatory participation in a tax-qualified retirement plan, an employer can realize various financial benefits. The product provides a systematic investing capability to enhance the profitability of the organization via investment income, and improved treatment of tax obligations via qualified plans which exempt OPEB income from FICA tax. The restructuring of the balance sheet in such a manner can generate favorable financial implications such as improved borrowing scenarios, reduction in the cost of insurance coverage, and increases in the value of outstanding or newly-issued bonds. We intend to collect premiums and commissions on the insurance products sold as a part of the structured product, and also collect a consulting fee for the product itself. Until our pending acquisitions of Universe Life and Cosmopolitan Life are completed, and they are capitalized sufficiently to obtain the insurance licenses needed to underwrite our products, we will use the services of third-party insurance carriers in connection with any sales of our products.

American Capital Holdings, Inc. plans to utilize the existing sales and marketing divisions of both IS Direct Agency, Inc. and Cosmopolitan Life Insurance Company to target the municipalities and school boards in the states in which the subsidiaries are licensed to sell our financial products.

Our GPICS(TM), ETIPS(TM) and ETICS(TM) products are investment structures designed to maximize the benefit of energy and equipment tax incentives, in order to facilitate investment in energy-related and other business enterprises. An essential feature of these products is a guarantee of the principal invested, as a result of the structuring of the investment. When and if these products

19

are utilized, compliance with federal and state securities and/or insurance laws will be required. If and when utilized, we expect the sale of these products to generate consulting revenue from the strategic planning provided by the Company.

Our plan of operation includes the underwriting of the insurance aspects of our products through our subsidiaries. Pending approvals of our above described proposed acquisitions of Universe Life and Cosmopolitan Life, we will use third party insurance carriers. However, upon receiving the approvals, which are expected in due course, we will retain as much premium and commission money as possible within our subsidiaries. We expect to be able to support operating expenses with operating revenues beginning in our fourth quarter, upon closing of our acquisition of Cosmopolitan Life.

IS Direct

American Capital Holdings, Inc. purchased IS Direct for 800,000 shares of the common stock of American Capital Holdings. The acquisition was completed May 20, 2004. Included in this acquisition are the assets listed below:

IS Direct Term Quick Website	IS Direct Agency Name
Insurance Licenses	Software
Business Process Methods	Trademarks
Customers	Prospective Customers
Vendor Relationships	Insurance Carrier Relationships
Broker Relationships	

IS Direct is an insurance agency which currently sells primarily term and whole life insurance products. However, upon the completion of our proposed

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

acquisition of Universe Life, a life, health, and annuities carrier, the scope of products available for sale by IS Direct is expected to broaden. In addition to placing the insurance components of our financial products, IS Direct will also sell term life products, annuities, and other traditional insurance products. We expect most of the insurance products sold by IS Direct will eventually be underwritten by Universe Life.

Universe Life

Universe Life is a life insurance company which we expect to use to underwrite the insurance policies required by our GPACS products. We have an agreement to purchase Universe Life, which is planned as another wholly-owned subsidiary of the Company, pending regulatory approval of the change in control by the Insurance Commissioner of the State of Idaho. The agreement stipulates a purchase price of \$100,000 in exchange for 100% ownership. There are no contingencies to closing other than regulatory approval. Universe Life will be acquired through receivership with no existing operations, but the process for reinstatement is in progress and should be completed within 120 days.

Universe Life is a life, health and annuities insurance carrier, which is currently licensed to operate in twenty-three (23) states. Universe Life will be initiating the application process to become licensed in all remaining

20

states, and expects to obtain the necessary licenses to operate in all fifty (50) states in the near future. We expect Universe Life to be domiciled in the State of South Carolina, with its principal offices in Charleston. We anticipate merging Universe and Cosmopolitan Life in the near future as means of jointly utilizing each company's capital surplus resources and/or licenses.

Our application for approval of our acquisition of Universe Life has been filed with the Insurance Commissioner of the State of Idaho. We expect to receive regulatory approval for our purchase of Universe Life by August, 2005.

Cosmopolitan Life

On October 30, 2004, we entered into an agreement to purchase 100% percent of the voting shares, and approximately 83% of the non-voting shares, of Cosmopolitan Life, representing approximately 96% of the total ownership of Cosmopolitan Life. The purchase price is \$500,000, plus a loan to Cosmopolitan Life in the form of a surplus note in the amount of \$250,000. The surplus note bears interest at 5% per annum, and is repayable only with the consent of the applicable insurance commissioners, which will not be granted until Cosmopolitan Life is deemed by them to have sufficient capital without the surplus note. We expect to close our acquisition of Cosmopolitan Life by May 31, 2005, upon regulatory approval by the Arkansas Department of Insurance. Upon closing, we intend to contribute additional capital to Cosmopolitan Life, from the amount raised pursuant to this offering, in order to provide capital for expansion and additional licensing.

Cosmopolitan Life is a stipulated premium insurer chartered in 1931 in the State of Arkansas. A "stipulated premium insurer" is one issuing policies or certificates promising money or other benefits to a policyholder upon his or her disability or, upon his or her decease, to his or her legal representatives or beneficiaries designated by him or her, which money or benefit is derived from stipulated premiums collected in advance from those policyholders and from interest and other accumulations. Since 1998, Cosmopolitan Life has offered both direct and re-insurance coverage related to health and dental care plans, with a specialty in providing stop-loss coverage for self-funded employer plans.

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

Until 1998, Cosmopolitan Life was engaged exclusively in providing burial/final expense insurance, and was operated as a small stipulated premium carrier in association with the funeral home business. In 1998, Cosmopolitan Life was acquired by Stephen E. Whitwell and Matt Lile, who implemented plans to grow the company. In 1998 a dental insurance product was file-approved and marketing commenced. Cosmopolitan Life also became involved in providing specific stop-loss coverage for self-funded employer plans for which there was a retro-session agreement. In 2001, Cosmopolitan Life introduced a new product, Employers Choice Health Plan, referred to as ECHP. Recently, most of Cosmopolitan Life's revenues have been realized from re-insurance assumed, while its dental product has been a small but profitable segment for the company. Cosmopolitan Life sees great opportunity for each product to expand and to have great growth potential with the added authority by way of either obtaining Certificate of Authority in additional jurisdictions or by affiliating with an issuing carrier with authority in other jurisdictions to enter into a quota share agreement.

Government Regulation

Life insurance companies are subject to regulation and supervision by the states in which they transact business. State insurance laws establish supervisory agencies with broad regulatory authority, including the power to:

- * grant and revoke licenses to transact business
- * regulate and supervise trade practices and market conduct
- * establish guaranty associations
- * license agents
- * approve policy forms
- * approve premium rates for some lines of business
- * establish reserve requirements
- * prescribe the form and content of required financial statements and reports
- * determine the reasonableness and adequacy of statutory capital and surplus
- * perform financial, market conduct and other examinations
- * define acceptable accounting principles
- * regulate the type and amount of permitted investments
- * limit the amount of dividends and surplus note payments that can be paid without obtaining regulatory approval.

Our existing and intended life subsidiaries are subject to periodic examinations by state regulatory authorities. The payment of dividends or the distributions, including surplus note payments, by our existing and intended life subsidiaries is subject to regulation by each subsidiary's state of domicile's insurance department. In addition, dividends and surplus note payments may be made only out of earned surplus, and all surplus note payments are subject to prior approval by regulatory authorities.

Most states have also enacted regulations on the activities of insurance holding company systems, including acquisitions, extraordinary dividends, the terms of surplus notes, the terms of affiliate transactions and other related matters. Most states have enacted legislation or adopted administrative regulations affecting the acquisition of control of insurance companies as well as transactions between insurance companies and persons controlling them. The nature and extent of such legislation and regulations currently in effect vary from state to state. However, most states require administrative approval of the direct or indirect acquisition of 10% or more of the outstanding voting

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

securities of an insurance company incorporated in the state. The acquisition of 10% of such securities is generally deemed to be the acquisition of "control" for the purpose of the holding company statutes and requires not only the filing of detailed information concerning the acquiring parties and the plan of acquisition, but also administrative approval prior to the acquisition. In many states, the insurance authority may find that "control" in fact does not exist in circumstances in which a person owns or controls more than 10% of the voting securities.

Federal legislation and administrative policies in several areas, including pension regulation, age and sex discrimination, financial services regulation, securities regulation and federal taxation can significantly affect the insurance business.

State insurance regulators and the NAIC are continually reexamining existing laws and regulations and developing new legislation for the passage by state

22

legislatures and new regulations for adoption by insurance authorities. Proposed laws and regulations or those still under development pertain to insurer solvency and market conduct and in recent years have focused on:

- * insurance company investments
- * risk-based capital ("RBC") guidelines, which consist of regulatory targeted surplus levels based on the relationship of statutory capital and surplus, with prescribed adjustments, to the sum of stated percentages of each element of a specified list of company risk exposures
- * the implementation of non-statutory guidelines and the circumstances under which dividends may be paid
- * product approvals
- * agent licensing
- * underwriting practices
- * insurance and annuity sales practices.

Public Trading Market.

Once we have completed our pending acquisitions, commenced sales of our products, and are able to meet the qualitative and quantitative requirements of the American Stock Exchange, we intend to apply for listing of our Common Stock on the American Stock Exchange ("AMEX"). The AMEX has various standards to be met in order for a stock to be listed on the exchange. These standards include requirements that a majority of the company's directors be independent, that the company have an audit committee of at least three independent directors, that the audit committee have a formal written charter, and that the company adopt a code of ethics applicable to directors, officers and employees. In order to meet these standards, we need to replace Richard Turner, who as our Chief Financial Officer is not an independent director, on our audit committee. Since one of the audit committee members must be financially sophisticated, we are exploring whether one of our other two audit committee members meet this standard, whether another of our current independent directors would meet this standard, or whether we need to search for an additional independent director to meet this standard. In addition, while we have drafted a code of ethics and presented it for review by our Board of Directors, it has not yet been adopted and will be considered at our next Board of Directors meeting.

In addition to the above standards, to be listed for trading on the AMEX a company's stock must meet one of various sets of criteria regarding volume and public distribution. The set of criteria we believe we can meet requires shareholders' equity of at least \$4 million, a market capitalization of at least \$50 Million, a publicly held (non-insider) market value of at least \$15 million, a public distribution of at least 1 million shares, and at least 400 shareholders. We do not currently meet the criteria for total market capitalization and publicly held market value. Whether we meet these criteria

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

will be determined by the trading price of our common stock after this offering.

Properties

The Company does not own any real property. The Company leases its headquarters from a non-affiliated third party. The space consists of approximately 1,231 square feet of office and warehouse space located at 100 Village Square Crossings, Suite 202, Palm Beach Gardens, Florida. The lease is for a term of one year, at a rental of \$3,478 per month, including sales tax.

23

Legal Proceedings

We are not a party to any legal proceedings, except for an Involuntary Bankruptcy Petition filed by the Company, as one of three (3) petitioning creditors, against eCom that is currently pending in the Federal District Court in Broward County, Florida. We are a creditor of eCom and various former subsidiaries of eCom which were spun off from eCom. We have initiated the bankruptcy proceedings as means to reorganize eCom and their former subsidiaries. We expect the bankruptcy filing to allow us to reorganize and/or divest our interests in eCom and its former subsidiaries in order to allow them to pursue profitable strategies as a means of restoring lost shareholder value.

Employees

The Company currently has seven full time employees.

MANAGEMENT

The following individuals are our executive officers and the members of our board of directors. Each of our directors, other than Mr. Richmond and Mr. Turner, are independent. Each director is elected at our annual meeting of shareholders and holds office until the next annual meeting of shareholders, or until his or her successor is elected and qualified. Our by-laws permit the board of directors to fill any vacancy and such director may serve until the next annual meeting of stockholders or until his or her successor is elected and qualified. The board of directors elects officers annually and their terms of office are at the discretion of the board.

DESCRIPTION OF SECURITIES

Common Stock. Our authorized capital stock consists of 300,000,000 shares of Common Stock, \$.0001 par value per share. As of February 28, 2005, 15,723,903 shares of our Common Stock were issued and outstanding, and an additional 2,080,000 shares had been subscribed to but were not yet issued. Of these shares, only the 2,497,756 shares retained by those who were shareholders prior to our acquisition of assets from ACHI are freely tradable. We currently have approximately 5,600 shareholders.

The holders of our Common Stock are entitled to one vote per each share held and have the sole right and power to vote on all matters on which a vote of stockholders is taken. Voting rights are non-cumulative. The holders of shares of Common Stock are entitled to receive dividends when, as and if declared by the Board of Directors out of funds legally available therefore and to share pro rata in any distribution to stockholders. Upon liquidation, dissolution, or winding up of the Company, the holders of the Common Stock are entitled to receive the net assets of the Company in proportion to the respective number of shares held by them after payment of liabilities which may be outstanding.

At the present time, our anticipated financial capital requirements are such that we intend to continue to follow a policy of retaining earnings in order to finance the development of our business.

29

Convertible Notes. As of February 28, 2005, we had outstanding \$494,950 of convertible notes, representing amounts we have borrowed. The notes pay interest at 10% per annum, payable quarterly, and are currently due. We have been extending the notes from quarter to quarter by making regular quarterly payments of interest. The notes can be converted to shares of our common stock, at the option of the holder, at a conversion price equal to 80% of the average closing price of our common stock for the preceding five consecutive trading days, with a minimum conversion price of \$1.00. The holder of a \$500,000 convertible note has agreed to convert the note to common stock. By agreement, the shares of common stock at conversion will not be issued until the effective date of this offering.

Florida Law Restricting Change in Control. Florida has enacted legislation that may deter or frustrate takeovers of Florida corporations. The Florida Control Share Act generally provides that shares acquired in excess of certain specified thresholds will not possess any voting rights unless such voting rights are approved by a majority or a corporation's disinterested shareholders.

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

The Florida Affiliated Transactions Act generally requires supermajority approval by disinterested shareholders of certain specified transactions between a public corporation and holders of more than 10% of outstanding voting shares of that corporation (or their affiliates). Florida law and the Company's Articles of Incorporation and Bylaws also authorize the Company to indemnify its directors, officers, employees and agents. In addition, Florida law presently limits the personal liability of corporate directors for monetary damages, except where the directors (i) breach their fiduciary duties and (ii) such breach constitutes or includes certain violations of criminal law, a transaction from which the directors derived an improper person benefit, certain unlawful distributions or certain reckless, wanton or willful acts or misconduct.

Transfer Agent. The Company's Transfer Agent is Florida Atlantic Stock Transfer, 7130 Nob Hill Road, Tamarac, Florida 33321.

No selling commission or other remuneration will be paid directly or indirectly to any officer, director or employee of the Company in connection with the sale of the stock. All proceeds from sales of the stock will be placed in the general treasury of the Company as sales are made, and this offering is not contingent upon any minimum amount of common stock being sold. The Subscription Agreement must be properly completed and executed by the purchaser and returned to our executive offices with cash, check or money order made payable to American Capital Holdings, Inc. The investment is not effective until accepted by our executive office.

Prior to this offering, there has been no public market for our common stock. We intend to apply for listing of our Common Stock on the American Stock Exchange. In addition to prevailing market conditions, the factors we considered in determining the initial public offering price, the price at which the Debentures may be converted, and the warrant exercise price, are:

- * the valuation multiples of publicly-traded companies that we believe are comparable to us
- * our financial information
- * the history of, and the prospects for, our company and the industry in which we compete
- * an assessment of our management, its past and present operations, and

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

the prospects for, and timing of, our future revenues,

- * the present state of our development
- * the above factors in relation to market values and various valuation measures of other companies engaged in activities similar to ours.

An active trading market for the shares may not develop. It is also possible that after the offering the shares will not trade in the public market at or above the initial public offering price.

TWELVE MONTHS ENDED MAY 31, 2004

NOTE A - NATURE OF OPERATIONS

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

American Capital Holdings, Inc. (the "Company") was incorporated in the State of Florida on January 27, 1999 as U S Amateur Sports Company, a wholly owned subsidiary of eCom eCom.com, Inc. ("eCom") which trades on the OTC/Bulletin Board under the symbol 'ECEC.' On March 19, 2003, the Company changed its name to USA SportsNet Company, and on December 12, 2003 changed its name to American Capital Holdings, Inc. in connection with its spin off by eCom and its acquisition of certain assets of a company formerly known as American Capital Holdings, Inc. (now known as ACHI, Inc.) The Company's main office is located at 100 Village Square Crossing, Suite 202, Palm Beach Gardens, Florida 33410, and the telephone number is (561) 207-6395.

IS Direct Agency, Inc. ("ISDA") was incorporated in the State of Florida on May 20, 2004. On May 21, 2004 ISDA acquired the assets of IS Direct Agency, Inc., a New York Corporation. ISDA provides internet based term life insurance quotes.

While a wholly owned subsidiary of eCom, the Company developed an e-commerce Internet infrastructure. This product provided an affordable, user-friendly technological platform and professional resources to facilitate web business development. It also operated an on-line business as a test model using Company developed e-commerce concepts to sell sports products.

The Spin-Off. The Company was one of ten wholly owned subsidiaries of eCom, with varying business plans. In recent years, eCom concluded that it did not have the financial resources necessary to develop all of its ten business units collectively. eCom decided to spin off its subsidiaries into independent companies in the belief that independent companies, each with a distinct business, would be better able to obtain necessary funding and develop their business plans. This belief was based in part on eCom's experience with potential business partners which sought involvement with only one of eCom's subsidiaries, rather than involvement with the multi-faceted eCom.

On December 1, 2003, the Board of Directors of eCom approved the spin-off of the Company. They voted to issue to the shareholders of eCom one share of the Company for every one share of eCom owned as of the record date of January 5, 2004. Fractional shares will be purchased by the Company. No payment was required of the eCom shareholders.

Acquisition from American Capital Holdings. After the spin off of the Company was completed, the Company was presented with an opportunity to acquire certain assets of American Capital Holdings, Inc. (now known as, and referred to hereafter as ACHI). On January 12, 2004, the Company entered into an Asset Purchase Agreement with ACHI whereby the Company acquired certain assets of ACHI in return for the issuance of common stock of the Company in an amount equal to 84.1% of the total ownership of the Company. In order to accomplish this transaction, the Company effected a 20 to 1 reverse stock split, which reduced its outstanding stock to 2,497,756 shares, and agreed to issue to ACHI

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation, Use of Estimates

The Company maintains its accounts on the accrual basis of accounting. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Revenue and dividends from investments are recognized at the time the investment dividends are declared payable by the underlying investment. Capital gains and losses are recorded on the date of sale of the investment.

Cash

Cash consists of deposits in banks and other financial institutions having original maturities of less than ninety days.

Allowance for Doubtful Accounts

It is the policy of management to review the outstanding accounts receivable at year end, as well as the bad debt write-offs experienced in the past, and establish an allowance for doubtful accounts for uncollectible amounts.

Depreciation

Property and equipment are recorded at cost and depreciated over the estimated useful lives of the related assets. Depreciation is computed using the straight-line method.

See accompanying independent accountants' audit report.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Amortization

The accounting for a recognized intangible asset acquired after June 30, 2001 is based on its useful life to the Company. If an intangible asset has a finite life, but the precise length of that life is not known, that intangible asset shall be amortized over management's best estimate of its useful life. An intangible asset with a indefinite useful life is not amortized. The useful life to an entity is the period over which the asset is expected to contribute directly or indirectly to the future cash flows of that entity.

NOTE R - RECENT ACCOUNTING PRONOUNCEMENTS

The FASB issued SFAS No. 143, Accounting for Asset Retirement Obligations with an effective date for financial statements issued for fiscal years beginning after June 15, 2002. The statement addresses financial accounting and reporting for obligations related with the retirement of tangible long-lived assets and the costs associated with asset retirement. The statement requires the recognition of retirement obligations which will, therefore, generally increase liabilities; retirement costs will be added to the carrying value of long-lived assets, therefore, assets will be increased; and depreciation and accretion expense will be higher in the later years of an assets life than in earlier years. The Company adopted SFAS No. 143 at January 1, 2002. The adoption of SFAS No. 143 had no impact on the Company's operating results or financial positions.

The FASB also issued SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets and is effective for financial statements issued for fiscal years beginning January 1, 2002. This statement addresses financial accounting and reporting for the impairment or the disposal of long-lived asset. An impairment loss is recognized if the carrying amount of a long-lived group exceeds the sum of the undiscounted cash flow expected to result from the use and eventual disposition of the asset group. Long-lived assets should be tested at least annually or whenever changes in circumstances indicate that its carrying amount may not be recoverable. This statement does not apply to goodwill and intangible assets that are not amortized. The Company adapted SFAS No. 144 in the first quarter of 2002. The adoption of SFAS No. 144 had no impact on the Company's operating results or financial position.

In April 2002, the FASB issued SFAS No. 145, "Rescission of the FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections" ("SFAS No. 145"). SFAS No. 145 eliminates the requirement to classify gains and losses from the extinguishment of indebtedness as extraordinary, requires certain lease modifications to be treated the same as a sale-leaseback transaction, and makes other non-substantive technical corrections to existing pronouncements. SFAS No. 145 is effective for fiscal years beginning after May 15, 2002. SFAS No. 145 was adopted on June 1, 2003 and did not have a material effect on the Company's financial position or results of operations.

NOTE R - RECENT ACCOUNTING PRONOUNCEMENTS (CONTINUED)

The FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity" and is effective for financial instruments entered into after May 31, 2003. This Statement establishes standards for how an issuer classifies and measures in its statement of financial position certain financial instruments with characteristics of both liabilities and equity. It requires that an issuer classify a financial instrument that is within its scope as a liability because that financial instrument embodies an obligation of the issuer. The Company has adopted SFAS No. 150 and the adoption has had no impact on the Company's operating results or financial position.

Goodwill and intangible assets acquired prior to July 1, 2001 will continue to be amortized and tested for impairment in accordance with pre- SFAS No. 142 requirements until adoption of SFAS No. 142. Under the provision of SFAS No.142, intangible assets with definite useful lives will be amortized to their estimated residual values over those estimated useful lives in proportion to the economic benefits consumed. Such intangible assets remain subject to the impairment provisions of SFAS No. 121. Intangible assets with indefinite useful lives will be tested for impairment annually in lieu of being amortized. The impact of adopting SFAS Nos. 141 and 142 will not cause a material change in the Company's consolidated financial statements as of the date of this report.

A valuation allowance is provided if it is more likely than not that some or all of the deferred tax assets will not be realized.

NOTE N STOCKHOLDERS' EQUITY

To facilitate the purchase of the assets of ACHI, the Company recorded a 1-for-20 reverse split on the Effective Date of the currently outstanding common stock, while maintaining the conversion and exercise prices of the Senior Notes, the Secured Notes, the Subordinated Notes and the related warrants. All prior period share and per-share amounts have been restated to account for the reverse split. Any fractional shares remaining after the reverse split will be paid out in cash to the shareholder on the Effective Date.

NOTE N STOCKHOLDERS' EQUITY - (CONTINUED)

Warrants were granted to Promissory Note holders with detachable warrants. Management has determined that the fair value of each warrant is \$0.01.

The computation of diluted loss per share before extraordinary item for the nine-months ended February 28, 2005 does not include shares from potentially dilutive securities as the assumption of conversion or exercise of these would have an anti-dilutive effect on loss per share before extraordinary items. In accordance with generally accepted accounting principles, diluted loss per share from extraordinary item is calculated using the same number of potential common shares as used in the computation of loss per share before extraordinary items.

NOTE O - DEFERRED TAX ASSET

Deferred income taxes are provided for temporary differences between the financial reporting and income tax basis of the Company's assets and liabilities. Temporary differences, net operating loss carry forwards and valuation allowances comprising the net deferred taxes on the balance sheets is as follows:

	February 28, 2005

Loss carry-forward for tax purposes	\$ 1,959,498
	=====
Deferred tax asset (34%)	666,229
Valuation allowance	(666,229)

Net deferred tax asset	\$ -
	=====

No provision for federal and state income taxes has been recorded because the Company has incurred net operating losses since inception. The Company's net operating loss carry-forward as of February 28, 2005 was approximately \$1,959,000. These carry-forwards will be available to offset future taxable income, and will expire through the year 2024.

The Company does not believe that the realization of the related net deferred tax asset meets the criteria required by generally accepted accounting principles and, accordingly, the deferred income tax asset arising from such loss carry forward has been fully reserved.

NOTE Q - RECENT ACCOUNTING PRONOUNCEMENTS

The FASB issued SFAS No. 143, Accounting for Asset Retirement Obligations with an effective date for financial statements issued for fiscal years beginning after June 15, 2002. The statement addresses financial accounting and reporting for obligations related with the retirement of tangible long-lived assets and the costs associated with asset retirement. The statement requires the recognition of retirement obligations which will, therefore, generally increase liabilities; retirement costs will be added to the carrying value of long-lived assets, therefore, assets will be increased; depreciation and accretion expense will be higher in the later years of an asset's life than in earlier years. The Company adopted SFAS No. 143 at January 1, 2002. The adoption of SFAS No. 143 had no impact on the Company's operating results or financial positions.

The FASB also issued SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets and is effective for financial statements issued for fiscal years beginning January 1, 2002. This statement addresses financial accounting and reporting for the impairment or the disposal of long-lived assets. An impairment loss is recognized if the carrying amount of a long-lived asset group exceeds the sum of the undiscounted cash flow expected to result from the use and eventual disposition of the asset group. Long-lived assets should be tested at least annually or whenever changes in circumstances indicate that the carrying amount may not be recoverable. This statement does not apply to goodwill and intangible assets that are not amortized. The Company adapted SFAS No. 144 in the first quarter of 2002. The adoption of SFAS No. 144 had no impact on the Company's operating results or financial position.

NOTE Q - RECENT ACCOUNTING PRONOUNCEMENTS (CONTINUED)

In April 2002, the FASB issued SFAS No. 145, "Rescission of the FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections" ("SFAS No. 145"). SFAS No. 145 eliminates the requirement to classify gains and losses from the extinguishment of indebtedness as extraordinary, requires certain lease modifications to be treated the same as a sale-leaseback transaction, and makes other non-substantive technical corrections to existing pronouncements. SFAS No. 145 is effective for fiscal years beginning after May 15, 2002. SFAS No. 145 was adopted on June 1, 2003 and did not have a material effect on the Company's financial position or results of operations.

The FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity" and is effective for financial instruments entered into after May 31, 2003. This Statement establishes standards for how an issuer classifies and measures in its statement of financial position certain financial instruments with characteristics of both liabilities and equity. It requires that an issuer classify a financial instrument that is within its scope as a liability because that financial instrument embodies an obligation of the issuer. The Company has adopted SFAS No. 150 and the adoption has had no impact on the Company's operating results or financial position.

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

Goodwill and intangible assets acquired prior to July 1, 2001 will continue to be amortized and tested for impairment in accordance with pre- SFAS No. 142 requirements until adoption of SFAS No. 142. Under the provision of SFAS No.142, intangible assets with definite useful lives will be amortized to their estimated residual values over those estimated useful lives in proportion to the economic benefits consumed. Such intangible assets remain subject to the impairment provisions of SFAS No. 121. Intangible assets with indefinite useful lives will be tested for impairment annually in lieu of being amortized. The impact of adopting SFAS Nos. 141 and 142 will not cause a material change in the Company's consolidated financial statements as of the date of this report.

ITEM 28. UNDERTAKINGS

Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Securities Act") may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue. The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) to include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
 - (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing an increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if,

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form SB-2/A

in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

II-2

- (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing Amendment No. 2 to Form SB-2 and has duly caused this Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in Palm Beach Gardens, State of Florida, on April 28, 2005.
