United Insurance Holdings Corp.

St. Petersburg, Florida 33701
Attention: Corporate Secretary

Our Board is soliciting the proxy accompanying this Proxy Statement. We will bear the entire cost of solicitation, including the preparation, assembly, printing, and mailing of this Proxy Statement, the proxy card, and any additional information we furnish to our stockholders. We may solicit proxies through the mail, or our directors, executive officers, and other employees may solicit proxies in person or by telephone. We will not pay any

additional compensation to our directors, executive officers, or other employees for their services with regard to proxy solicitation. We will also request brokers, banks, and other holders of record to forward proxy materials, at our expense, to the beneficial owners of our shares.

Who can vote?

Our Board has fixed the record date for the determination of stockholders entitled to notice of, and to vote at, our Annual Meeting as the close of business on March 27, 2019 (the "Record Date"). As of the Record Date, there were 42,974,421 shares of our common stock outstanding and entitled to vote. Each share of our common stock is entitled to one vote on each of the matters to be voted on at the Annual Meeting.

How do I vote?

If you are a stockholder of record, you may vote as follows:

By Internet: You may vote via the Internet, by following the instructions on your proxy card. The proxyholders appointed by the Board will vote your shares in accordance with your instructions.

By mail: You may vote by mail by marking, dating and signing your proxy card and returning it in the pre-paid envelope provided. The proxyholders appointed by the Board will vote your shares in accordance with your instructions.

In person at the Annual Meeting: You may vote in person by ballot at the Annual Meeting. Please note that even if you plan to attend the Annual Meeting, we encourage you to submit a proxy in advance to ensure your shares are represented.

If you hold your shares beneficially in "street name," through a broker, bank, or other nominee, you may vote by following the instructions provided with the proxy materials. Stockholders who hold their shares in street name may vote in person at the Annual Meeting only if they provide a legal proxy, executed in their favor, from the holder of record of their shares, as described below in the subsection entitled Attendance.

Can I revoke my proxy?

If you are a stockholder of record, you may revoke your proxy at any time before the vote at our Annual Meeting by submitting written notice as described above under Contacting the Company, by delivering a proxy bearing a later date prior to the Annual Meeting or by attending the Annual Meeting and voting in person. If you hold your shares in street name, you must follow the instructions provided by your broker, bank, or other nominee to revoke your proxy.

How many votes must be present to hold the Annual Meeting?

The presence of the holders of a majority of the outstanding shares of our common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum. Abstentions and "broker non-votes" are counted as present and entitled to vote for the purpose of determining whether a quorum is present. A "broker non-vote" occurs when a broker, bank or other nominee, holding shares for a beneficial owner, does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. If their clients do not provide voting instructions, brokers may not vote on behalf of their clients with respect to: (i) the election of directors (Proposal One), (ii) the advisory approval of the compensation of our named executive officers (Proposal Three) and (iii) the advisory approval of the frequency of future advisory votes on the compensation of our named executive officers (Proposal Four). Brokers have discretionary voting power with respect to Proposal Two.

What is the required vote for each proposal?

Proposal One (Election of Directors): The nominees for Class A directors will be elected by a majority of the votes cast with respect to such director nominee's election. On March 28, 2019, the Board of Directors amended the Company's by-laws to provide for the election of directors by a majority of the votes cast, except in the case of contested elections. A "majority of votes cast" means that the number of shares voted "for" a director nominee must exceed the number of votes cast "against" that director nominee's election. Abstentions will not affect the outcome of the vote on Proposal

One. Your broker is not permitted to vote your shares on this matter if no instructions are received from you, and broker non-votes will have no effect on the outcome of Proposal One.

Proposal Two (Ratification of the Appointment of our Independent Registered Public Accounting Firm): Our Second Amended and Restated Certificate of Incorporation (the "Certificate of Incorporation") provides that the holders of a majority of common stock present in person or represented by proxy, and entitled to vote at the Annual Meeting, may ratify any act submitted to the stockholders for ratification. Accordingly, the appointment of Deloitte as our independent registered public accounting firm for the fiscal year ending December 31, 2019 will be ratified if the number of "for" votes cast on Proposal Two exceeds the number of "against" and "abstain" votes. Abstentions will be included in the calculation of the number of shares represented and entitled to vote at the Annual Meeting and will therefore count as votes against the ratification of the appointment of Deloitte. Brokers will have discretionary authority to vote on Proposal Two.

Even if stockholders ratify the appointment of Deloitte, our Audit Committee in its discretion may appoint a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the Company's best interest and, thus, in our stockholders' best interest.

Proposal Three (Approval, on an Advisory Basis, of the Compensation of our Named Executive Officers): The resolution to approve the compensation of our named executive officers, as disclosed in this Proxy Statement, is advisory and is not binding on the Company, our Board, or our Compensation and Benefits Committee. The Compensation and Benefits Committee will, however, consider the outcome of the vote on this proposal when making future executive compensation decisions. In order to approve Proposal Three, the holders of a majority of the common stock, present in person or represented by proxy, and entitled to vote at the Annual Meeting, must vote "for" this proposal. Abstentions will have the same effect as votes against Proposal Three. Your broker is not entitled to vote your shares on this matter if no instructions are received from you, and broker non-votes will have no effect on the outcome of Proposal Three.

Proposal Four (Approval, on an Advisory Basis, of the Frequency of Future Advisory Votes on the Compensation of our Named Executive Officers): The resolution to approve the frequency of future advisory votes on the compensation of our named executive officers is advisory and is not binding on the Company, our Board, or our Compensation and Benefits Committee. The frequency of the advisory vote receiving the greatest number of votes (i.e., every one, two, or three years) will be considered the frequency recommended by stockholders. Abstentions will have no effect on the outcome of Proposal Four. Your broker is not entitled to vote your shares on this matter if no instructions are received from you, and broker non-votes will have no effect on the outcome of Proposal Four.

What is the Board's voting recommendation?

The Board recommends a vote FOR the election of each of the Class A director nominees named in this Proxy Statement (Proposal One), FOR the ratification of the appointment of Deloitte as the Company's independent registered public accounting firm for fiscal 2019 (Proposal Two), FOR the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this Proxy Statement (Proposal Three), and for THREE YEARS with respect to the approval, on an advisory basis, of the frequency of holding future advisory votes on the compensation of our named executive officers (Proposal Four).

Are there any other matters to be presented at the Annual Meeting?

The Company does not know of any other matter to be raised at the Annual Meeting. If any other matters are properly presented at the Annual Meeting for consideration and you authorize a proxy to vote your shares, the persons named in the proxy will have the discretion to vote on those matters for you.

What happens if I sign and return a blank proxy card or voting instruction card?

If you are a stockholder of record and you properly mark, date, sign, and return a proxy card or use Internet voting procedures, as applicable, to authorize the named proxies to vote your shares, and your proxy card or other proxy authorization is received by the Company in time to be voted at the Annual Meeting, it will be voted as specified, unless it is properly revoked prior to the Annual Meeting.

If you are a stockholder of record and you date, sign and return a proxy card without giving specific voting instructions, your shares will be voted:

•“FOR” the election of each of the five Class A director nominees named in this Proxy Statement;

•“FOR” the ratification of the appointment of Deloitte as our independent registered public accounting firm for fiscal 2019;

•“FOR” the approval, on an advisory basis, of the compensation of our named executive officers, as disclosed in this Proxy Statement; and

•“THREE YEARS” with respect to the approval, on an advisory basis, of the frequency of holding future advisory votes on the compensation of our named executive officers.

If you hold your shares in street name via a broker, bank, or other nominee and do not provide the broker, bank, or other nominee with voting instructions (including by dating, signing and returning a blank voting instruction card), your shares:

•Will be voted in accordance with the broker’s discretion on “routine” matters, which includes only Proposal Two; and

•Will not be counted in connection with Proposal One, Proposal Three, or Proposal Four.

INSPECTOR OF ELECTIONS AND STOCKHOLDER LIST

We have appointed an Inspector of Elections for our Annual Meeting who will tabulate all of the votes at our Annual Meeting. For a period of ten (10) days prior to the Annual Meeting, any stockholder may appear at our principal executive offices, located at the address listed above, to examine a list of our stockholders entitled to vote at our Annual Meeting.

ATTENDANCE

All stockholders as of the close of business on the Record Date, or their duly appointed proxy holders, may attend our Annual Meeting. Registration will begin at 12:30 p.m. Eastern Time and persons attending should allow ample time for check-in procedures. If you attend, please note that you must present valid photo identification, such as a driver’s license or passport. If you are a stockholder of record, we will verify your name against the list of our stockholders as of the Record Date, prior to admittance to our Annual Meeting. If you are a beneficial holder and hold your shares in street name through a broker, bank or other nominee, you will need to present a copy of a brokerage statement or a legal proxy from your broker, bank or other nominee, reflecting your stock ownership as of the Record Date before you can be admitted to our Annual Meeting.

If you are a stockholder of record, you may attend our Annual Meeting and vote in person, regardless of whether you have previously voted by proxy card or via the Internet. If you are a beneficial holder and if you obtain a legal proxy from your broker, bank or other nominee and present it to the Inspector of Elections along with your ballot, you may vote in person at our Annual Meeting. We encourage you to vote your shares in advance of our Annual Meeting, even if you plan on attending. If you have already voted, you may nevertheless revoke your vote in the manner described above and vote in person at our Annual Meeting.

CORPORATE GOVERNANCE AND BOARD OF DIRECTORS INFORMATION

The Board oversees and monitors our management in the interest and for the benefit of our stockholders. We have posted our Corporate Governance Guidelines on our website at investors.upcinsurance.com, under the "Governance Documents" tab. In addition to our Corporate Governance Guidelines, the Company has adopted a Code of Conduct and Ethics, which is applicable to our directors, officers, and employees. The Code of Conduct and Ethics is also posted under the "Governance Documents" tab of our website at investors.upcinsurance.com. Although the information contained on or connected to our website is not part of this Proxy Statement, you can view additional information on our website, such as the reports that we file with the Securities and Exchange Commission (“SEC”). Copies of these documents may also be obtained free of charge by contacting the Company.

Our Board is currently comprised of ten directors, divided into two classes of even size. In accordance with our Certificate of Incorporation, each class of directors is elected for a two year term. The term of office for our Class A directors will expire at our Annual Meeting. The term of office for our Class B directors will expire at our 2020 annual meeting of stockholders.

The following table provides information regarding each of our current directors:

PROPOSAL ONE – ELECTION OF DIRECTORS

PROPOSAL

Our Board has nominated as Class A directors, for election or re-election at the Annual Meeting, Gregory C. Branch, R. Daniel Peed, John L. Forney, Michael R. Hogan, and Kent G. Whittemore. Each director nominee elected as a Class A director at our Annual Meeting will serve a two-year term until his successor is elected and qualified at our 2021 annual meeting of stockholders or until his earlier death, resignation or removal.

Unless authority to vote for any of these nominees is withheld, the shares represented by the enclosed proxy will be voted “FOR” the election of each of Gregory C. Branch, R. Daniel Peed, John L. Forney, Michael R. Hogan, and Kent G. Whittemore as Class A directors. All of these nominees have agreed to serve if elected and have consented to being named in this Proxy Statement. In the event that any nominee becomes unable or unwilling to serve, the shares represented by the enclosed proxy will be voted for the election of such other person as the Board may recommend in his place. We have no reason to believe that any nominee will be unable or unwilling to serve as a director.

Our By-Laws provide that, in an uncontested election whereby the number of nominees for director does not exceed the number of directors to be elected, directors shall be elected by a majority of votes cast (rather than by a plurality vote). A majority of the votes cast means that each director nominee must receive more votes "for" his or her election than votes "against" his or her election in order to be elected. Our Corporate Governance Guidelines require an incumbent director who receives less than a majority of the votes cast to tender his or her resignation. The Nominating and Corporate Governance Committee will then consider, and recommend to the Board, whether to accept or reject the resignation. The Board will then consider such recommendation and publicly announce its decision regarding the tendered resignation within 120 days after the date the applicable election results are certified.

RECOMMENDATION OF THE BOARD

Our Board unanimously recommends that you vote FOR the election of each of Gregory C. Branch, R. Daniel Peed, John L. Forney, Michael R. Hogan, and Kent G. Whittemore as Class A directors, each to serve a two-year term ending on the date of the 2021 annual meeting of stockholders and until his successor is duly elected and qualified or until his earlier death, resignation, or removal. Each of the nominees is currently a director of the Company. The Board's

5

recommendation is based on the extent of each candidate's demonstrated excellence and success in his chosen career and the specific skills the candidate adds to the Board, as further described below.

DIRECTOR INDEPENDENCE

The following table shows the directors who are considered independent in accordance with Nasdaq rules as well as their committee assignments:

INDEPENDENT DIRECTORS	COMMITTEES			
	AUDIT	COMPENSATION AND BENEFITS	NOMINATING AND CORPORATE GOVERNANCE	INVESTMENT
Branch				
Davis	ü		ü*	
Hood				ü

*Committee Chair

As described below, our Board has an Audit Committee, a Compensation and Benefits Committee, a Nominating and Corporate Governance Committee, and an Investment Committee. All of the members of all of these committees qualify as independent directors. In addition, all of the committee members qualify as independent directors under the independence standards specific to their committees.

BOARD LEADERSHIP STRUCTURE

Our Board has a non-executive Chairman and a non-executive Vice Chairman. The Chairman, Gregory C. Branch, sets the agendas for and presides over the Board meetings. The Vice Chairman, R. Daniel Peed, assists the Chairman in his duties and responsibilities and would serve as Chairman in the event of Mr. Branch's incapacity, unavailability or absence, until the directors selected a new Chairman. The Chairman and Vice Chairman both communicate regularly with our CEO on matters of significance. The CEO, John L. Forney, is a member of the Board and participates in meetings.

Our Board also has a Lead Director, Alec L. Poitevint II., who was appointed by the independent directors. The Lead Director provides additional leadership and organization in meetings of independent directors separately and apart from management and non-independent directors. In the event of Mr. Poitevint's incapacity, unavailability or absence, the chair of the Nominating and Corporate Governance Committee would serve as the Lead Director until the independent directors selected a new Lead Director.

The Board believes that this leadership structure is appropriate for our Company at this time because it allows for independent oversight of management, increases management accountability, and encourages an objective evaluation of management's performance.

BOARD'S ROLE IN RISK MANAGEMENT AND OVERSIGHT

The Board reviews and approves the Company's strategic plan as presented by management and monitors our performance throughout the year against the plan.

The Board regularly devotes time during its meetings to review and discuss the most significant risks we face and management's processes for identifying, prioritizing, and responding to those risks. During these discussions, our CEO and our Chief Financial Officer (CFO) present management's processes for the assessment of risks, a description of the most significant risks we face and any mitigating factors, plans or policies in place to address those risks. The Board also receives an assessment of cybersecurity risks and the status of procedures to address these risks. The Board also delegates certain of its risk oversight responsibilities to its committees.

The Audit Committee bears responsibility for oversight of our policies with respect to risk assessment and risk management. The Audit Committee members analyze major financial risk exposures which we face and the steps we have taken to monitor and control such exposures. The Audit Committee also oversees our compliance with legal and regulatory requirements, areas which generate many of the most significant risks we face.

The Compensation and Benefits Committee reviews our compensation structure, policies and practices to determine whether incentive compensation arrangements would be reasonably likely to have a material adverse effect on the Company and considers safeguards against incentives to take excessive risks. The Compensation and Benefits Committee reports these risks to the Board.

The Nominating and Corporate Governance Committee is responsible for considering and addressing risks relating to CEO succession planning and the director nomination and appointment process.

The Investment Committee bears responsibility for oversight of policy decisions about risk aggregation and minimization, including credit risk. The Investment Committee is also responsible for oversight of the capital structure and financing arrangements in support of our plans to ensure consistency with our risk tolerances and oversight of management's investment of our assets.

MEETINGS AND MEETING ATTENDANCE

Our Board held four meetings during 2018. Each of our directors attended 100% of all meetings of the Board and Board committees on which they served for the periods in which they served during 2018. All of our directors attended our 2018 annual meeting of stockholders. We do not have a formal policy with respect to director attendance at annual meetings of stockholders; however, we encourage all of our directors to attend such meetings.

COMMUNICATION WITH DIRECTORS

Stockholders may contact an individual director, our Board as a group, our independent directors as a group, or a specified Board committee by sending correspondence addressed to our Secretary to the address listed in the subsection entitled Contacting the Company or to InvestorRelations@upcinsurance.com. Each communication should specify the applicable addressee or addressees to which the communication is directed, as well as the general topic of the communication. We will initially receive and process communications before forwarding them to the addressee. We also may refer communications to other departments as applicable. SELECTION OF DIRECTOR NOMINEES

Our Board selects the director nominees to stand for election at our annual stockholder meetings and to fill vacancies occurring on our Board based on the recommendations of the Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee selects nominees for director on the basis of experience, integrity, skills, the ability to make independent analytical inquiries, an understanding of our business environment, and the willingness to devote adequate time to Board duties, all within the context of an assessment of the perceived needs of the Board at a given point in time. In addition to the individual attributes of our directors discussed above, we highly value the collective business experience and qualifications of the directors. We believe that the collective experiences, viewpoints and perspectives of our directors result in a Board with the commitment and energy to advance the interests of our stockholders.

Our Nominating and Corporate Governance Committee may consider current members of our Board for re-election unless they have notified our Board that they do not wish to stand for re-election. Our Nominating and Corporate Governance Committee may also consider candidates for our Board recommended by current members of our Board or members of management. In addition, our Nominating and Corporate Governance Committee will consider director candidates recommended by our stockholders in the same manner as it would consider any other recommended nominees. If our Nominating and Corporate Governance Committee determines that a stockholder-recommended candidate is suitable for Board membership, it will include the candidate in the pool of candidates under consideration for nomination upon the occurrence of the next Board vacancy or in connection with the next annual meeting of our stockholders.

Pursuant to the above procedures, once our Nominating and Corporate Governance Committee identifies prospective nominees, it will solicit background information on the candidates, then interview and evaluate the candidates. The Nominating and Corporate Governance Committee will then report its recommendations to the Board.

Our Nominating and Corporate Governance Committee recommended the five incumbent director nominees for election at our Annual Meeting, and our Board approved the recommendation.

The values of the stock awards were computed in accordance with Financial Accounting Standards Board Codification Topic 718, Compensation - Stock Compensation. See Note 19 to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018, for a discussion of the relevant assumptions used in calculating the value of the awards granted in 2018.

PROPOSAL TWO – RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has approved the engagement of Deloitte as the independent registered public accounting firm to perform an audit of our consolidated financial statements for the fiscal year ending December 31, 2019. Deloitte has served as our auditor since 2018, as further described in the next paragraph. Deloitte has advised our Audit Committee that neither it, nor any of its members, has any direct financial interest in UPC Insurance as a promoter, underwriter, voting trustee, director, officer, or employee. Though we do not expect a representative of Deloitte to attend our Annual Meeting, if a Deloitte representative does attend, the representative will respond to appropriate questions and will have the opportunity to make a statement if the representative desires to do so.

As previously disclosed, on May 30, 2018, the Audit Committee dismissed RSM US LLP (RSM) as our independent registered public accounting firm and engaged Deloitte in its place. The decision to dismiss RSM resulted from a competitive process to select a firm to serve as our independent registered public accounting firm for the fiscal year ended December 31, 2018. RSM's audit reports on the Company's consolidated financial statements as of and for the years ended December 31, 2017 and 2016 did not contain any adverse opinions or disclaimers of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. The audit reports of RSM on the effectiveness of our internal control over financial reporting as of and for the years ended December 31, 2017 and 2016 contained an adverse opinion on our internal control over financial reporting. During the years ended December 31, 2017 and 2016, and the subsequent interim period through June 1, 2018, there were (i) no disagreements between the Company and RSM on any matter of accounting principles or practices, financial statement disclosure of auditing scope or procedure, which disagreements, if not resolved to the satisfaction of RSM, would have caused RSM to make reference to the subject matter of the disagreement in its reports on the Company's consolidated financial statements for such years, and (ii) no "reportable events" as that term is defined in Item 304(a)(1)(v) of Regulation S-K, except as disclosed above. On June 1, 2018, the Company filed with the SEC a Current Report on Form 8-K disclosing the engagement of Deloitte and the dismissal of RSM, which included as Exhibit 16.1 a letter from RSM addressed to the SEC indicating that it agrees with such disclosure.

The Board is asking our stockholders to ratify our Audit Committee's appointment of Deloitte as our independent registered public accounting firm for the 2019 fiscal year. The appointment of Deloitte as our independent registered public accounting firm for the fiscal year ending December 31, 2019 will be ratified if the number of "for" votes cast on Proposal Two exceeds the number of "against" and "abstain" votes. Abstentions will be included in the calculation of the number of shares represented and entitled to vote at the Annual Meeting and will therefore count as votes against the

ratification of the appointment of Deloitte. Brokers will have discretionary authority to vote on Proposal Two. Although none of our Certificate of Incorporation, our By Laws, or any other document or agreement requires ratification, the Board submits the appointment of Deloitte to our stockholders for ratification because we value our stockholders' views on the appointment of our independent registered public accounting firm. If our stockholders do not ratify the appointment of Deloitte, we will consider such result as a direction from the stockholders to our Audit Committee to consider the appointment of a different firm and our Audit Committee will reconsider whether to retain Deloitte. In such event, our Audit Committee may retain Deloitte notwithstanding the fact that the stockholders did not ratify the appointment, or may appoint another accounting firm without re-submitting the matter to a stockholder vote. Even if stockholders ratify the appointment, our Audit Committee in its discretion may appoint a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the Company's best interest and, thus, in our stockholders' best interest.

RECOMMENDATION OF THE BOARD

The Board and the Audit Committee recommend a vote FOR the ratification of the appointment of Deloitte as our independent registered public accounting firm for the fiscal year ending December 31, 2019.

AUDIT COMMITTEE REPORT

As part of its oversight responsibility, the Audit Committee reviewed and discussed the audited financial statements, the adequacy of financial controls and the effectiveness of UPC Insurance's internal control over financial reporting with management and Deloitte. The Audit Committee also has discussed with Deloitte the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board and the SEC. The Audit Committee has received the written disclosures and the letter from Deloitte required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence. The Audit Committee also has discussed with Deloitte that firm's independence.

Based on these reviews and discussions, the Audit Committee has recommended to the Board, and the Board has approved, the inclusion of the audited financial statements in UPC Insurance's Annual Report on Form 10-K for the fiscal year ended December 31, 2018 for filing with the SEC.

Sherrill W. Hudson, Chairman
Patrick F. Maroney
Kern M. Davis, M.D.

AUDIT COMMITTEE'S PRE-APPROVAL POLICIES AND PROCEDURES

Our Audit Committee requires that management obtain the prior approval of the Audit Committee for all audit and permissible non-audit services that our independent registered public accounting firm will provide. At regular meetings or as needed during the year, the Audit Committee reviews and approves proposals for such services, including the estimated fees the independent registered public accounting firm will charge. The Audit Committee Chairman may approve permissible non-audit services in an amount up to \$10,000, and notifies the full Audit Committee of such approvals at its next scheduled meeting.

AUDIT AND RELATED FEES

The following table summarizes the approximate fees our current auditor, Deloitte, billed us for services rendered during fiscal year 2018 and the approximate fees our previous auditor, RSM, billed us for services rendered during fiscal years 2017 and 2018, all of which were pre-approved by our Audit Committee in accordance with the procedures described above.

	2018	2017
Audit Fees - Deloitte	\$945,000	\$—
Audit Fees - RSM	40,000	760,030 ⁽¹⁾
Tax Fees	—	—
All Other Fees	—	—
Total	\$985,000	\$760,030

⁽¹⁾ Amount includes approximately \$24,000 related to audit services rendered in connection with offerings in 2017 and approximately \$5,000 related to audit services rendered in connection with our merger with AmCo Holding Company.

PROPOSAL THREE - APPROVAL, ON AN ADVISORY BASIS, OF THE EXECUTIVE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

We are seeking an advisory vote of our stockholders on the compensation of our named executive officers as required by Section 14A of the Exchange Act. In order to approve Proposal Three, the holders of a majority of the common stock, present in person or represented by proxy, and entitled to vote at the Annual Meeting, must vote "for" this proposal. Since the vote is advisory in nature, the results will not be binding on the Company, our Board, or our Compensation and Benefits Committee. However, we value the opinions of our stockholders and the Compensation and Benefits Committee intends to consider this vote when making future compensation decisions.

As discussed in the section entitled Compensation Discussion and Analysis, which we urge you to review carefully, our executive compensation program is designed to attract, motivate, and retain the right talent and appropriately incentivize our executives to stay committed to executing our long-range plan and increasing long-term stockholder value.

RECOMMENDATION OF THE BOARD

The Board recommends a vote FOR the approval of Proposal Three, including an approval of the following resolution: "RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables, and narrative discussion, is hereby APPROVED."

PROPOSAL FOUR - APPROVAL, ON AN ADVISORY BASIS, OF THE FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION

As required by Section 14A of the Exchange Act, we are also seeking an advisory vote of our stockholders on the frequency of future advisory votes on the compensation of our named executive officers, commonly called a "say-on-frequency" proposal. Stockholders may vote to approve the say-on-frequency proposal every one, two, or three years, or they may abstain from voting on the proposal.

After considering the benefits and consequences of each option for the frequency of submitting the advisory vote on the compensation of our named executive officers to our stockholders, our Board recommends submitting the advisory vote on the compensation of our named executive officers to our stockholders every three years.

We believe that holding an advisory vote on the compensation of our named executive officers every three years, with the flexibility to hold such a vote more frequently if appropriate, is the best approach for the Company at this time for the following reasons:

▲ A three year vote cycle is consistent with the long-term focus of our compensation objectives and programs.

The stockholder advisory vote on executive compensation is an additional, but not exclusive, opportunity for stockholders to communicate with our Board and our Compensation and Benefits Committee regarding our executive compensation program.

A longer vote cycle reinforces a longer-term perspective with respect to our executive compensation program, providing our Board and our Compensation and Benefits Committee with time to evaluate the results of the most recent stockholder advisory vote on executive compensation, as well as to develop and implement changes to our compensation policies and practices that may be appropriate, and then providing our Board, our Compensation and Benefits Committee and our stockholders with the opportunity to assess the impact of those changes before the next such stockholder advisory vote.

Stockholders should be aware that they are not voting "for" or "against" our Board recommendation with respect to Proposal Four. Rather, stockholders will be able to specify one of four choices with respect to this Proposal Four: one year, two years, three years, or abstain.

The option that receives the highest number of votes cast by stockholders will be considered the stockholders' recommendation as to the say-on-frequency vote. However, the outcome of this advisory vote is not binding on the Company, our Board, or our Compensation and Benefits Committee. Nevertheless, our Board and our Compensation

and Benefits Committee will review and consider the outcome of this vote when making determinations as to when the advisory vote on the compensation of our named executive officers will again be submitted to stockholders for approval at an annual meeting of stockholders within the next three years.

RECOMMENDATION OF THE BOARD

The Board of Directors recommends a vote for **THREE YEARS** with respect to the frequency of holding future advisory votes on the compensation of our named executive officers.

2018 COMPANY PERFORMANCE HIGHLIGHTS

FINANCIAL HIGHLIGHTS. We increased total revenues as a result of a 17.7% increase in net premiums earned, generated by strong organic growth in new and renewal business in all regions. Net income attributable to United

Insurance Holdings Corp. (UIHC) decreased compared to the prior year primarily due to an increase in loss and loss adjustment expenses. Retained catastrophe losses of \$99,988,000 during 2018 included losses from Hurricane Florence and Hurricane Michael, which made landfall in North Carolina and Florida, respectively. Our catastrophe excess of loss reinsurance limits retained losses to \$50,000,000 in total for these two events.

STRATEGIC HIGHLIGHTS. During 2018, we achieved several goals which were consistent with our strategy to become the premier provider of property insurance in catastrophe-exposed areas:

• Formed Journey Insurance Company, which has been rated "A-" by A.M. Best.

• Purchased more frequency and severity reinsurance protection than in any prior year, with an overall program exhaustion point of \$3,100,000,000, making us one of the largest cedants in the world. We structured and placed our program for the first time using our new subsidiary Skyway Re, which was formed in 2017.

• Implemented underwriting, claims, and exposure management initiatives that reduced our non-catastrophe loss ratio to its lowest level since 2014.

Role of the Compensation and Benefits Committee and Management in the Compensation-Setting Process. Our Committee's role in reviewing and approving executive compensation includes the annual review and approval of goals and objectives relevant to senior management compensation and approval of stock option and other equity-based awards for the CEO and other senior management under those plans. The Committee's duties and responsibilities are further set forth in the Committee's charter as described under the section entitled Board Committees above. The Committee's charter can also be found at the following url: <http://investors.upcinsurance.com/govdocs>.

Compensation for our CEO, including base salary and incentive compensation, is reviewed and approved by the Committee following consultation and input from its independent compensation consultant, Pay Governance LLC. For our other executives, our CEO makes recommendations to the Committee for base salaries and Annual Incentive Plan targets. The Committee considers those recommendations and other relevant factors in making its final compensation decisions for our executive officers. The incentive compensation plans are described in more detail under the Incentive Compensation subsection of the section titled Elements of Executive Compensation. The Chairs of the Audit and Finance and Investment Committees serve on the Committee. These directors bring information and perspective from the work of other committees to provide insight to assist the Committee in executing its role, including its role in risk management oversight and fulfilling its obligations under its committee charter.

The Committee has the authority to engage consultants and advisors pursuant to its charter. For fiscal 2018, the Committee retained Pay Governance LLC to assist the Committee in identifying a peer group pursuant to which the

Committee can review executive compensation and determine appropriate compensation for executives, including long-term incentive program designs. Pursuant to regulatory requirements, the Committee assessed Pay Governance LLC's independence in 2018 and concluded that Pay Governance LLC's work did not raise any conflicts of interest.

Summary of 2018 Compensation Actions. In 2018, our Committee continued its focus on managing our compensation program consistent with our compensation philosophy, which is described below under Overview of our Executive Compensation Philosophy and Objectives. Actions taken or approved by our Committee relative to the compensation programs for our executive officers for 2018 included the following:

Reviewed the performance of our CEO and determined his total compensation. This included decisions regarding base salary as seen in the Elements of Executive Compensation section.

Reviewed the performance of our other executive officers, including our NEOs, with assistance from our CEO and determined the structure and amount of base salary and bonus compensation for our executive officers for 2018 as seen in the Elements of Executive Compensation and Executive Compensation subsections, respectively.

Redesigned the Annual Incentive Plan to include both quantitative performance targets and individual qualitative executive performance, with seventy percent (70%) percent of the annual target weighted toward corporate financial performance. The composition and design of our Annual Incentive Plan program is described in more detail in the Elements of Executive Compensation section.

Redesigned our Long-term Incentive Plan grants to include performance units, as well as time-vested restricted stock units and stock options. The design of our Long-term Incentive Plan is described in more detail in the Elements of Executive Compensation section.

Approved a group of peer companies pursuant to which executive compensation can be measured, both for base salary and incentive-based compensation.

Overview of our Executive Compensation Philosophy and Objectives. We believe that a skilled, experienced and dedicated senior management team is essential to the future success of our Company and to building stockholder value. In order to attract and retain talented executives with these qualities as well as to motivate management to maximize performance while building stockholder value, we have sought to establish compensation programs that we believe are competitive in the marketplace. We also have a “pay-for-performance” philosophy, meaning that we will pay above market compensation to our NEOs if the performance of the Company delivers higher value to the stockholders, and below-market compensation if the Company's financial performance delivers below market-median value to its stockholders.

Three long-term objectives drive the Committee's decisions regarding the executive compensation elements, including incentive plan design and award levels. These objectives are as follows:

Build long-term stockholder value - We provide a significant portion of executive compensation through long-term incentive compensation and stock-based opportunities to emphasize compensation programs that we believe are linked to maximizing stockholder value over the long term;

Drive sustained, strong business and financial results - We provide a significant portion of executive compensation through incentive compensation programs that are linked to our Company achieving targeted increases in earnings per share, return on equity and gross premiums earned; and

Attract, motivate, and retain a highly qualified and effective executive team - The attraction, motivation, and retention of top executive talent is critical to our continued success. Therefore, the Committee considers broad-based surveys that reveal executive compensation levels in the industry to gain a general understanding of compensation practices.

Pay Mix. The key components of our compensation program for our NEOs for 2018 were base salary, annual cash incentive awards under our Annual Incentive Plan, time-vesting restricted stock awards, performance stock units and stock options under our Long-Term Incentive Plan and other compensation consisting primarily of matching 401(k) contributions and health and welfare benefits. Each component of our compensation program has an important role in creating compensation arrangements that motivate and reward strong performance and in retaining the NEOs who deliver robust results.

The Committee prioritizes incentive-based "pay-for-performance" compensation programs when developing annual total compensation for our NEOs.

As shown in the charts below, 68.8% of the total target compensation for our CEO and 59.8% of the total target compensation for all other NEOs in 2018 was linked to annual and long-term performance-based incentives.

Peer Group. To ensure that our NEO compensation program is competitive and will allow us to meet our objective of attracting and retaining talented executives, the Committee, with the assistance of Pay Governance LLC, established a group of peer companies on which to compare compensation for the executives with compensation received by the executives of our competitors. For fiscal 2018, the Committee has selected a designated comparison group of sixteen publicly-listed companies of varying sizes within the insurance industry that serve as an appropriate benchmark for the determination of executive compensation. The designated comparison group for 2018 consisted of the following companies:

Company	Ticker	Company	Ticker
1347 Property Insurance Holdings	PIH	Kingstone Companies	KINS
Argo Group	ARGO	National General Holding Corp.	NGHC
Assurant	AIZ	National Security Group	NSEC
Donegal Group	DGICA	Safety Insurance Group	SAFT
Federated National Holding Company	FNHC	Selective Insurance Group	SIGI
HCI Group	HCI	State Auto Financial Corporation	STFC
Heritage Insurance Holdings	HRTG	United Fire Group, Inc.	UFCS
Horace Mann Educators Corporation	HMN	Universal Insurance Holdings, Inc.	UVE

Elements of Executive Compensation.

BASE SALARY. In general, the base salary of each executive is initially established through arm's-length negotiations at the time the individual is hired, including consideration of the individual's qualifications, experience, level of responsibility, as well as internal pay equity considerations. The salaries of our NEOs are set forth in their individual employment agreements. These agreements permit base salary to be increased on an annual basis at the discretion of the Committee during the term of employment. Pursuant to each employment agreement, base salaries may not be decreased during the individual's term of employment.

In 2018, our CEO and Pay Governance LLC conducted a review of the base salaries of our NEOs (other than himself) for potential increases and recommended changes to the Committee for its final determination. In doing so, the

Committee reviewed the base salaries of our executive officers considering broad-based survey data that reveal executive compensation levels in the industry to gain a general understanding of compensation practices. We believe base salaries should be competitive based upon an executive officer's scope of responsibilities, the market compensation of similarly situated executives, and the relative talent of the individual executive. When establishing base salary for an executive, we also consider other factors such as internal consistency, and for new hires, salary paid by a former employer. Based on the foregoing considerations, in 2018 the Committee approved the salaries below for each of the NEOs. Our NEOs' base salaries for 2018 were as follows:

	2018
Named Executive Officer	Base Salary
John L. Forney	\$1,000,000
B. Bradford Martz	400,000
Deepak Menon	350,000
Paul DiFrancesco	300,000
Scott St. John	300,000

INCENTIVE COMPENSATION. The award of incentive compensation for our NEOs under our Annual Incentive Plan and Long-Term Incentive Plan is based on achieving certain annual corporate performance goals included in our 2013 Omnibus Incentive Plan. As to each performance goal, the relevant measurement of performance will be computed in accordance with generally accepted accounting principles to the extent applicable, but unless otherwise determined by the Committee, will exclude the effect of various items set forth in the "Performance Goals" section in the 2013 Omnibus Incentive Plan.

Annual Incentive Plan - Our NEOs as well as certain other management employees participate in the Annual Incentive Plan, which provides participants an opportunity to earn a cash bonus upon achievement of key financial performance objectives approved by the Committee. Within the overall context of our compensation philosophy and culture, the Annual Incentive Plan:

- provides competitive levels of total cash compensation;
- aligns pay with organization and individual performance; and
- focuses executive attention on key business metrics.

In setting the performance goals under the Annual Incentive Plan, our intention is to provide for challenging and ambitious targets to further our overall goal of increasing stockholder value. Though challenging, we believe the goals are attainable through a collaborative effort by our NEOs. The Committee reviews and approves payouts made under the Annual Incentive Plan. With the assistance of Pay Governance LLC, the 2018 Annual Incentive Plan was designed with two metrics:

- **Financial Goals:** Represent 70% of target award value equally weighted between Gross Written Premium (GWP) and Core Earnings Per Share (CEPS)
- **Individual Qualitative Performance:** Represents 30% of target award value.

CEPS is a non-GAAP measure reported by UIHC that excludes from net income the effect of non-cash amortization of intangible assets unrealized gains and losses on the Company's equity security investments and realized gains and losses on the Company's investment portfolio per diluted share. For the purposes of incentive compensation goal calculations, the Approved Budget and the CEPS shall be further adjusted to remove the after-tax effect of losses from named or numbered tropical windstorms as designated by the National Hurricane Center and earthquakes.

The range of potential payouts under the Fiscal 2018 Annual Incentive Plan is described in the table below:

Performance Metric	Weighting	Threshold (Earns 50%)	Target (Earns 100%)	Maximum (Earns 150%)
GWP	35%	85% of Target	105% of prior year GWP	115% of Target
CEPS	35%	67% of Target	Per Approved Budget	133% of Target
Qualitative Performance	35%	Discretionary Evaluation		

Fiscal 2018 GWP was \$1,252,401 approximately 120% of target GWP. Fiscal 2018 CEPS of \$1.30 was below threshold. The Committee also determined that each of the NEO's individual performance warranted above-target payment of the qualitative metric. Taking into consideration these outcomes, as well as the NEO's respective contributions to our strategic goals, the Committee approved payment under the Annual Incentive Plan to our NEOs for 2018 described below and as further detailed in the Summary Compensation Table under the column titled Non-Equity Incentive Plan Compensation. The following table sets forth the calculation of annual incentive award payments to each of our NEOs for fiscal 2018 after applying the performance metrics and individual performance objectives evaluations:

NEO	Target Award	Weighted Average (GWP and CEPS)	Weighted Qualitative Performance	AIP Payout %	AIP Payout
John L. Forney	\$1,000,000	52.5%	37.5%	90.0%	\$900,000
B. Bradford Martz	\$250,000	52.5%	37.5%	90.0%	\$225,000
Deepak Menon	\$225,000	52.5%	45.0%	97.5%	\$219,375
Paul DiFrancesco	\$175,000	52.5%	45.0%	97.5%	\$170,625
Scott St. John	\$150,000	52.5%	45.0%	97.5%	\$146,250

Long-Term Incentive Plan - The Committee implemented our Long-Term Incentive Plan because it believes that long-term incentives are an essential part of our total compensation package, which is intended to promote ownership, higher performance and ultimately higher stockholder return. Additionally, the Committee intends for the Long-Term Incentive Plan to further the following four key objectives that fit within the overall context of our compensation philosophy and culture:

- **Pay for Performance:** Emphasize variable compensation that is linked to our performance, to generate and reward superior corporate performance;

- **Alignment of Interests:** Incorporate performance metrics that link executives' incentive goals with the interests of our stockholders;

- **Long-Term Success:** Support and reward executives for consistent performance over time and achievement of our long-term strategic goals; and

- **Retention:** Attract and retain highly qualified executives whose abilities are critical to our success and competitive advantage.

Under our long-term incentive program, we historically made annual grants of time-vesting restricted stock to our executive officers if predetermined corporate performance targets were achieved. Generally, if the performance targets were hit in year one, time-based restricted stock was granted in year two. Restricted stock awards for our NEOs vested ratably over the three years following the grant date, contingent on continued employment, unless the executive was

terminated by us other than for cause. The number of shares of time-vesting restricted stock granted was based on the target dollar value of the award divided by the closing price of our stock on the date of grant. In fiscal 2018, Pay Governance LLC assisted the Committee in revising our long-term incentive program to incorporate both performance and time-based awards. The Committee believes this plan design is consistent with

the goal of attracting and retaining highly qualified executives, while rewarding company performance aligned with the interests of our stakeholders.

Under the fiscal 2018 program, we granted restricted stock units, performance stock units and stock options to our NEOs which vest ratably over the three years following the grant date, also contingent on continued employment and meeting performance goals. The program design is described below:

Vehicle	Percentage of Target Award	Key Metrics
Options	25%	Granted at fair value under the Black-Scholes Model Vest ratably over three years Exercise price set at fair market value on the date of grant
Restricted Stock Units (RSUs)	25%	Granted at fair market value on the date of grant Vest ratably over three years
Performance Stock Units (PSUs)	50%	Granted at fair value One third of award will vest each April subject to performance against the peer group Allows for vesting between 50% Threshold and 150% of target award (Maximum)

For the fiscal 2018 PSUs, the Committee utilized the Company's GAAP Return on Average Equity (GAAP ROAE) versus that of its peers as the performance metric. The Committee set a target goal for PSUs that is challenging, but capable of being achieved with significant performance. Failure to achieve threshold performance of 750 basis points below the peer group median in any fiscal year will result in failure of vesting of that tranche of the award. The award of each tranche of PSUs is capped at 150% of target if the Company's performance is 750 basis points above the peer group median. Based on fiscal 2018 financial results, the Company's GAAP ROAE was below the peer group median and resulted in vesting at 71.5% of target for the first one-third tranche of PSUs.

NEO	Fiscal 2018 PSU Grant	PSUs Eligible for Vesting in 2019	First Tranche Earned PSUs
John L. Forney	29,354	9,785	6,996
Brad Martz	10,176	3,392	2,425
Deepak Menon	7,950	2,650	1,895
Paul DiFrancesco	6,360	2,120	1,516
Scott St. John	5,088	1,696	1,213

OTHER COMPENSATION. We adopted a 401(k) plan that generally covers all of our employees who have completed 90 days of service. Pursuant to our 401(k) plan, participants may elect to make pre-tax contributions up to the statutorily prescribed annual limits. Our NEOs receive matching contributions under our 401(k) plan in the same manner as all of our employees who participate in the plan. During 2018, we matched 100% of each participant's pre-tax contributions up to the first 5% of such participant's base salary up to the maximum allowed by the plan.

Our executive officers receive health and welfare benefits, such as group medical, group life, group dental, and short-term and long-term disability coverage. We believe that our executives should be able to provide for their retirement needs from the total annual compensation they earn based on our Company's performance. Accordingly, other than employer matching contributions to the accounts of our NEOs under our 401(k) Plan (at the same matching contribution rate that we provide to all eligible full-time employees), we do not offer executives participation in any qualified or non-qualified pension plans, supplemental executive retirement plans, deferred compensation plans or other forms of compensation for retirement.

Other Highlights of Our Compensation Programs. We periodically review best practices in the area of executive compensation and update our compensation policies and practices to reflect those that we believe are appropriate for our company. In addition to the short- and long-term performance compensation described in the Elements of Executive Compensation section above, our program also includes the following:

24

We pay for performance, offering our NEOs the opportunity to earn a substantial amount of variable compensation based on our Company achieving certain performance targets.

We encourage long-term decision making, as our annual Long-term Incentive Plan awards span a three-year time period, and the ultimate value of the options granted and performance stock units earned are determined by our performance over the three years.

We do not provide heightened change of control severance benefits for any NEOs under their employment agreements.

Our equity compensation plan does not permit repricing of stock options without stockholder approval.

We do not guarantee salary increases or bonuses for our executive officers.

Severance and Change of Control Arrangements. We offer severance benefits because we compete for executive talent in a highly competitive market in which companies routinely offer similar benefits to NEOs. We have entered into employment agreements with each of our NEOs, which provide for severance benefits if we terminate the NEO without cause. These severance benefits consist of base salary continuation, paid COBRA coverage for a period of time specified in the employment agreements, a prorated portion of the executive's annual incentive bonus, and in the case of our CEO, accelerated vesting of a portion of his then unvested restricted stock granted under his employment agreement. Additionally, under the terms of restricted stock awards granted to our NEOs pursuant to the fiscal 2018 awards, accelerated vesting of any unvested restricted stock and option awards granted in fiscal 2018 will only be accelerated in the event of a termination without cause or for "good reason" within two years following a change in control. Additionally, in 2018, the Company amended Mr. Forney's employment agreement to eliminate the gross-up for, and modify the treatment of, amounts payable to Mr. Forney following a change in control, that may be subject to the excise tax imposed under Section 4999 of the Internal Revenue Code of 1986, as amended. Please refer to the discussion below under Potential Payments upon Termination or Change of Control for a more detailed discussion of our severance and change of control arrangements.

Advisory Votes on Compensation. The Board recognizes the fundamental interest that our stockholders have in the compensation of our executive officers. At the Annual Meeting of Stockholders, our stockholders have the opportunity to cast an advisory vote (a "say-on-pay proposal") on the compensation of our named executive officers. At the 2016 Annual Meeting of Shareholders, approximately 90% of the shares present and entitled to vote were cast in support of the compensation of the Company's executive officers. This vote did not affect the Company's 2018 compensation program. Future advisory votes on executive compensation will serve as an additional tool to guide the Committee in evaluating the alignment of the Company's executive compensation program with the interests of the Company and its stakeholders.

Tax Considerations. The Committee has considered the impact of Section 162(m) of the Code with respect to the compensation paid to our NEOs. As relevant to 2018 compensation, Section 162(m) places a limit of \$1 million on the amount of compensation that a publicly held corporation may deduct in any one year with respect to its CEO, and each of the next four most highly compensated executive officers. Historically, certain performance-based compensation was not subject to this deduction limit. With the passage of the Tax Cuts and Jobs Act of 2017, the performance-based compensation exemption to Section 162(m) has been repealed except for with respect to certain grandfathered arrangements. The Committee had historically maintained a policy that, where reasonably practicable, sought to qualify the variable compensation paid to our NEOs for exemption from the deductibility limits of Section 162(m). However, the Committee authorized compensation payments that did not comply with the exemptions in Section 162(m) when the Committee believed that such payments were appropriate to attract and retain executive talent.

Compensation and Benefits Committee Report. Our Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and based on such review and discussions, our Committee recommended to our Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

2018 GRANTS OF PLAN BASED AWARDS TABLE

The following table contains information concerning the plan-based equity and non-equity awards that were granted to our NEOs in 2018. The amounts shown in the columns under the heading "Estimated Future Payouts Under Non-Equity Incentive Plan Awards" represent potential future payments at the time of the grant only. At the time of the grant, whether these amounts (or any portion thereof) would ultimately be received by the NEOs was uncertain because the awards were contingent on the achievement of performance goals and the NEOs' continued employment. The awards in the columns under the heading "Estimated Future Payouts Under Non-Equity Incentive Plan Awards" were granted under our annual cash incentive program for 2018, as indicated, and payment was contingent on our achievement of a given level of corporate performance, as described above in the section titled Compensation of Executive Officers - Compensation Discussion and Analysis - Elements of Executive Compensation. The amounts, if any, actually earned and paid to our NEOs for 2018 under our Annual Incentive Plan are shown in the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table above.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

The information below describes certain compensation and benefits to which our NEOs are entitled in the event their employment is terminated under certain circumstances and/or change of control occurs. See the table at the end of this section for the amount of compensation and benefits that would have become payable under existing plans and contractual arrangements assuming a termination of employment and/or change of control had occurred on December 31, 2018, assuming a market value of our common stock on that date of \$16.62 per share, which was the closing sale price of a share of our common stock on such date, given the NEOs' compensation and service levels as of such date. There can be no assurance that an actual triggering event would produce the same or similar results as those estimated if such event occurs on any other date or at any other price, or if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors that affect the nature and amount of any potential payments or benefits, any actual payments and benefits may be different.

TERMINATION WITHOUT CAUSE OR RESIGNATION FOR GOOD REASON

As described above, we are a party to employment agreements with each of our NEOs, all of which were entered into prior to December 31, 2018. Under each employment agreement, "cause" means (i) any action or omission of the executive which constitutes a material breach of the employment agreement, (ii) willful (only if done or omitted to be done without a good faith reasonable belief that such act or failure to act was in the best interests of the Company) failure to perform the duties assigned to the executive by the Board (or the CEO or the Board, with respect to NEOs other than Mr. Forney); (iii) fraud, breach of fiduciary duty, embezzlement or misappropriation as against the

Company, or (iv) the conviction (from which no appeal can be taken) of the executive for any criminal act which is a felony.

Under Mr. Forney's employment agreement, we are required to provide Mr. Forney with 30 days' prior notice to terminate his employment without cause. Upon such a termination, Mr. Forney would be entitled to:

- payment of all accrued payments in full within the next normal payroll period following termination;
- a severance payment equal to (i) three times the highest annual base salary received by Mr. Forney in any of the five years preceding his termination and (ii) an amount equal to three times the highest annual bonus received by Mr. Forney in any of the five years preceding his termination;
- a stock award equal to three times the highest value of restricted stock (or other equity-based award) awarded to Mr. Forney in any one of the five years preceding his termination;
- any annual incentive bonuses earned but not yet paid for any completed full fiscal year immediately preceding the employment termination date;

the annual incentive bonus for the fiscal year in which employment termination occurs to which Executive would have been entitled if employed at the conclusion of the fiscal year, paid based on actual performance achieved for the fiscal year; and

generally, continued participation (through COBRA or otherwise), on substantially the same terms and conditions as in effect for Mr. Forney (including any required contribution) immediately prior to termination of employment, in our medical, dental, disability and life insurance programs for (i) 24 months after termination, if termination occurs within the initial five-year term of employment or (ii) until the end of the current employment term year in which termination occurs, if termination occurs beyond the initial five-year term of employment and we fail to provide Mr. Forney with 90 days' notice of termination.

In addition to the severance above, remaining equity stock awards, if any, for the year of separation would automatically and immediately vest in full. Any equity stock award for any years prior to the year of separation would remain unchanged and would be governed by the plan documents.

Mr. Forney would receive these same benefits if he were to terminate employment for good reason. "Good reason" means, without Mr. Forney's written consent: (a) a reduction by the Company in Mr. Forney's base salary ; (b) the Board materially reduces (including as a result of any co-sharing of responsibilities arrangement), other than during any period of illness or incapacity, of Mr. Forney's authority, responsibilities, or duties such that Mr. Forney no longer has the title of, or serves or functions as, CEO of the Company (or, if following a change in control, the Company is not publicly traded, and Mr. Forney is no longer CEO of a publicly traded successor or parent of the Company); (c) the Company removes Mr. Forney from his position as a director of the Company; (d) the Company requires Mr. Forney to be permanently based at a location in excess of 35 miles from the location of the Company's principal executive office as of the effective date of Mr. Forney's employment agreement; (e) the Company fails to obtain the written assumption of its obligations under Mr. Forney's employment agreement by a successor, at a time not later than the consummation of a merger, consolidation or sale of the Company; or (f) a material breach by the Company of its obligations under Mr. Forney's employment agreement.

Previously, Mr. Forney's employment agreement entitled him to a gross-up payment to account for any excise tax that would be imposed for payments and benefits that would constitute "excess parachute payments" under Section 4999 of the Internal Revenue Code following a change in control event. In 2018, Mr. Forney's employment agreement was amended to instead include a "best net" provision. Under this new provision, the Company will not provide a gross-up payment for such an excise tax and will instead reduce payments to Mr. Forney such that the aggregate amount equals the maximum amount that can be paid without triggering the imposition of the excise tax, if the net amount received by Mr. Forney on an after-tax basis would be greater than it would be absent such a reduction.

If Mr. Forney terminates employment by providing us, with at least 90 days' written notice of his decision not to extend his employment term, Mr. Forney would be entitled to receive payment of any unpaid base salary accrued through the effective date of termination, as well as any expense reimbursement. He would be owed any benefits under any benefit plans (in accordance with the terms of such plans). Any annual incentive bonuses earned but not yet paid for any completed full fiscal year immediately preceding the termination date would also be paid to Mr. Forney. Any remaining restricted stock awarded based on the achievement of performance goals for the year of separation would vest in full, automatically and immediately, upon termination.

Under the employment agreements for the NEOs other than Mr. Forney, employment continues for automatic one-year renewal terms unless either the Company or the NEO provides 30 days' written notice of intent to non-renew. If any NEO's employment is terminated without cause (as defined above), termination would take effect immediately and each executive would be entitled to severance in the form of base salary continuation for the remainder of the then-effective term or 180 days, whichever is greater. All NEOs other than Mr. Forney would also be owed any benefits under any expense reimbursement and any benefit plans (in accordance with the terms of such plans) and

would be entitled to up to 120 days of COBRA continuation coverage, until the NEO became eligible for comparable benefits with a subsequent employer. Any annual incentive bonuses earned but not yet paid for any completed full fiscal year immediately preceding the termination date would also be paid to the NEO. If termination occurs prior to the end of any fiscal year, a pro rata annual incentive bonus for the fiscal year in which termination occurs (determined and paid based on actual performance achieved for that fiscal year against the performance goals for that fiscal year) to which the NEO would have been entitled if employed at the conclusion of the fiscal year would be paid in full within 90 days

following completion of the fiscal year. Any remaining restricted stock awarded based on the achievement of performance goals for the year of separation would vest in full, automatically and immediately, upon termination. Our NEOs other than Mr. Forney do not have "good reason" provisions in their employment agreements.

TERMINATION FOR CAUSE

If any NEO's employment is terminated for cause (as defined above), he would be entitled to receive payment of any unpaid base salary accrued through the effective date of termination, as well as any expense reimbursement. He would be owed any benefits under any benefit plans (in accordance with the terms of such plans). Any annual incentive bonuses earned but not yet paid for any completed full fiscal year immediately preceding the termination date would also be paid to the NEO. Any such payments must be made on or before March 15th of the year following the NEO's termination for cause.

TERMINATION DUE TO DEATH OR DISABILITY

If any NEO's employment is terminated due to death or disability, he (or his estate or legal representatives (as applicable)) would be entitled to receive payment of base salary as of the date of termination of employment, reimbursement for expenses incurred, any benefits under any benefit plans (in accordance with the terms of such plans), any annual incentive bonuses earned but not yet paid for any completed full fiscal year immediately preceding the termination date, and if termination occurs prior to the end of any fiscal year, a pro rata annual incentive bonus for the fiscal year in which termination occurs (determined and paid based on actual performance achieved for that fiscal year against the performance goals for that fiscal year) to which the NEO would have been entitled if employed at the conclusion of the fiscal year. In addition, in the case of termination of employment due to the NEO's death, we would continue to provide all benefits applicable to the NEO's family for six months. Any such payments would be made on or before March 15th of the year following death or disability. Any remaining restricted stock awarded based on the achievement of performance goals for the year of separation would vest in full, automatically and immediately, upon termination.

OTHER RESIGNATION

Upon a voluntary resignation, each NEO other than Mr. Forney would be entitled to receive base salary continuation through the later of (i) the last day of the then-effective employment term and (ii) 180 days after termination. All of our NEOs would be owed any earned benefits under any benefit plans (in accordance with the terms of such plans). Any annual incentive bonuses earned but not yet paid for any completed full fiscal year immediately preceding the termination date, would also be paid to the NEO. For all NEOs, any remaining restricted stock awarded would be forfeited upon resignation.

The table below sets forth the estimated value of the potential payments to each of the NEOs, assuming the employment of each executive was terminated on December 31, 2018. The figures in the table below are based on the employment agreements in effect on December 31, 2018.

CEO PAY RATIO

Our CEO to median employee pay ratio is calculated in accordance with Item 402(u) of Regulation S-K. We identified the median employee by examining the annual total compensation for all of our associates, excluding our CEO, who were employed by us on December 31, 2018. We included all associates, whether employed on a full-time, part-time or seasonal basis. We annualized the compensation for any full-time employees who were employed by us on December 31 but were not employed by us for all of 2018. To determine the median employee, we considered the total annual compensation for each of our associates as gross earnings.

After identifying the median employee based on the process described above, we calculated annual total compensation for the median employee using the same methodology we use for our NEOs as set forth in the 2018 Summary Compensation Table earlier in this Proxy Statement. The total annual compensation calculated for our CEO was \$3,269,357 and for our median employee was \$73,881. The resulting ratio for our CEO's pay compared with the pay of our median employee for 2018 is 44.3 to 1.

BENEFICIAL OWNERSHIP

STOCK OWNERSHIP OF OUR DIRECTORS, EXECUTIVE OFFICERS AND CERTAIN BENEFICIAL OWNERS

The following table provides information, as of March 27, 2019, regarding the number and approximate percentage of shares of our common stock beneficially owned by (i) each of our directors, director nominees, and named executive officers and (ii) all of our directors and executive officers as a group. We calculated the approximate percentage of common stock ownership based upon the 42,974,421 shares of our common stock outstanding on March 27, 2019.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, our officers and persons who beneficially own more than 10% of a registered class of our equity securities to file with the SEC initial reports of ownership and reports of changes in beneficial ownership of such equity securities.

Based solely on our review of such filings and the written representations we received from our directors and officers, we believe that, during the fiscal year ended December 31, 2018, all Section 16(a) reports required to be filed by our directors, officers and greater than 10% beneficial owners were timely filed, with the exception of one Form 4 filing for each of Mr. Forney, Mr. Martz, Mr. Menon, Mr. DiFrancesco, and Mr. St. John as the result of a clerical discrepancy in the application of the Black-Scholes model and one Form 4 filing for each of Mr. Forney, Mr. Martz, Mr. Menon, Mr. DiFrancesco, and Mr. St. John regarding a dividend declared on November 6, 2018, as the result of an administrative error.

POLICIES AND PROCEDURES REGARDING RELATED PERSON TRANSACTIONS

Our Board has adopted written policies and procedures, regarding related person transactions. For purposes of these policies and procedures:

a "related person" means (i) any director, nominee for director or executive officer; (ii) any beneficial owner (other than a financial or investment institution) of more than 5% of the Company's voting securities; (iii) an immediate family member of a director, nominee for director, executive officer, or beneficial owner of more than 5% of the Company's voting securities; (iv) an entity which is owned or controlled by someone who falls within the categories listed in (i), (ii) or (iii) above; and (v) an entity in which someone listed in (i), (ii) or (iii) above has a substantial ownership interest or control; and

a "related person transaction" means a transaction in which we were or are to be a participant and in which any related person had or will have a direct or indirect material interest.

The related person, or the director, nominee, or executive officer who is an immediate family member of a related person, must notify our General Counsel of the related person transaction. Certain transactions will generally be deemed pre-approved under these written policies and procedures, including transactions in the ordinary course of business that do not exceed \$120,000 in any fiscal year and executive officer and director compensation arrangements approved by our Compensation and Benefits Committee. Except for certain enumerated pre-approved transactions, our General Counsel (or the Company's CFO, where our General Counsel has an interest in the related person transaction) shall notify our Audit Committee of any proposed related person transactions reported to him or her. The Audit Committee will consider all of the material facts and circumstances available regarding the related person transaction and will ratify, approve or disapprove the related person transaction based on factors it deems appropriate, including, among other factors, the benefits to our Company, the commercial reasonableness of the terms of the related person transaction, and its impact on director independence.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Since January 1, 2018, we have not been a participant in any related person transaction within the meaning of Item 404(a) of Regulation S-K, other than as follows.

One of our former executive officers who acted as an executive officer during the period covered by this Proxy Statement, Ms. Kimberly Salmon, is also a former partner at the law firm of Groelle & Salmon, PA, where her spouse remains partner and co-owner. Groelle & Salmon, PA provides legal representation to us related to our claims litigation, and also provided representation to us for several years prior to Ms. Salmon joining UPC Insurance in 2014. Since January 1, 2018, while Ms. Salmon was employed at the Company, we paid Groelle & Salmon, PA approximately \$2,407,000 for legal services. Effective September 7, 2018, Ms. Salmon stepped down from her role at UPC Insurance.

AmRisc, a managing general agent, handles the underwriting, claims processing, premium collection and reinsurance review for AmCo. R. Daniel Peed, Vice Chairman of our Board of Directors, beneficially owned approximately 7.7% of AmRisc and was also the CEO of AmRisc during 2018. On December 31, 2018, Mr. Peed sold his interest in AmRisc and, effective January 1, 2019, stepped down from the position of CEO of AmRisc, and became Non-Executive Vice Chairman of AmRisc.

In accordance with the amended and restated managing agency contract with AmRisc (the MGA Contract), we recorded approximately \$361,904,000 of gross written premiums since January 1, 2018 resulting in gross fees and commission (including a profit commission) of approximately \$95,920,000 due to AmRisc. Receivables are stated net of the fees and commission due under the contract.

In addition to the direct premiums written, we recorded approximately \$5,146,000 in ceded premiums to AmRisc as a reinsurance intermediary since January 1, 2018. We also incurred approximately \$19,000 during that period for rent under a sublease agreement with AmRisc.

Net premiums receivable (net of commissions) of approximately \$48,264,000 were due from AmRisc as of December 31, 2018. These premiums were paid by AmRisc to our premium trust account by wire transfer within 15 days of collection pursuant to the MGA Contract.

DEADLINE FOR THE SUBMISSION OF STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS FOR THE 2020 ANNUAL MEETING OF STOCKHOLDERS

If stockholders wish to include a proposal in our proxy statement and form of proxy relating to our 2020 annual meeting, we must receive a written copy of the proposal no later than December 6, 2019. Proposals must comply with the SEC proxy rules relating to stockholder proposals in order to be included in our proxy materials. All proposals should be submitted as described in the subsection entitled Contacting the Company.

Stockholders may present a proposal or director nomination at our 2020 annual meeting without including it in our proxy statement and form of proxy. The proxy solicited by our Board for the 2020 annual meeting will confer discretionary authority on the persons named in such proxy to vote on any stockholder proposal or director nominee presented at that meeting that was submitted to us after February 19, 2020. We encourage stockholders wishing to present such a proposal or nomination to contact us as described in the subsection entitled Contacting the Company.

DELIVERY OF DOCUMENTS TO STOCKHOLDERS SHARING AN ADDRESS

The SEC has adopted rules that permit companies and intermediaries, such as brokers and banks, to satisfy delivery requirements for our proxy statement and annual report with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, known as "householding," reduces costs associated with duplicate printings and mailings and means that we and some brokers will send only one copy of our annual report and proxy statement to stockholders who share the same address. Stockholders sharing the same address will continue to receive separate proxy cards.

If you own shares of our common stock in your own name and you want to receive separate copies of the annual report and proxy statement in the future, or if you receive multiple copies and want to receive only one copy, contact American Stock Transfer & Trust Company, LLC at (800) 937-5449 or 3201 15th Avenue, Brooklyn, NY 11219. If you hold shares of our common stock in street name and you want to receive separate copies of the annual report and proxy statement in the future, or if you receive multiple copies and want to receive only one copy, contact your broker, bank, or other nominee.

OTHER INFORMATION

Our 2018 Annual Report is being mailed to our stockholders together with this Proxy Statement. You can also request a copy, free of charge, by contacting us as described in the subsection entitled Contacting the Company.
