CKX Lands, Inc.

Notes to Financial Statements

March 31, 2015

(Unaudited)

Note 1. Basis of Presentation

The accompanying unaudited financial statements of CKX Lands, Inc. (“Company”) have been prepared in accordance with United States generally accepted accounting principles for interim financial information. They do not include all information and footnotes required by United States generally accepted accounting principles for complete financial statements. Except as described herein, there has been no material change in the information disclosed in the notes to the financial statements included in our financial statements as of and for the year ended December 31, 2014. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included in the accompanying financial statements.

Interim results are not necessarily indicative of results for a full year. These financial statements and accompanying notes should be read in conjunction with the Company’s Form 10-K for the year ended December 31, 2014 and Form 10-Q for the quarterly period ended March 31, 2014.

Note 2. Income Taxes

In accordance with generally accepted accounting principles, the Company has analyzed its filing positions in federal and state income tax returns that remain subject to examination, generally 3 years after filing. The Company believes that all filing positions are highly certain and that all income tax filing positions and deductions would be sustained upon a taxing jurisdiction’s audit. Therefore, no reserve for uncertain tax positions is required. No interest or penalties have been levied against the Company and none are anticipated.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Results of Operations

Revenue

Comparison of Revenues for the three months ended March 31, 2015 and 2014 follows:

	2015	2014	\$ Change	% Change
Oil and Gas	230,222	419,572	(189,350)	(45.13)%
Timber	--	--	--	-- %
Surface	22,719	198,740	(176,021)	(88.57)%
Total	252,941	618,312	(365,371)	(59.09)%

Oil and Gas

CKX leases its property to oil and gas operators and collects income through its land ownership in the form of oil and gas royalties and lease rentals and geophysical revenues. A breakdown of oil and gas revenues follows:

	2015	2014	\$ Change	% Change
Oil	158,193	356,597	(198,404)	(55.64)%
Gas	63,418	40,153	23,265	57.94 %
Lease and Geophysical	8,611	22,822	(14,211)	(62.27)%
Total	230,222	419,572	(189,350)	(45.13)%

CKX received oil and/or gas revenues from 116 and 100 wells during the three month period ended March 31, 2015 and 2014, respectively. During the quarter, CKX received approximately \$23,000 from EOG Resources, Inc. for a mineral interest on approximately 480 acres located in Gonzales County, Texas. This income represented one month's production. Based on the information received, this production was derived from six (6) horizontal wells.

The following schedule summarizes barrels and MCF produced and average price per barrel and per MCF.

	2015	2014
Net oil produced (Bbl) ⁽²⁾	2,753	3,278
Average oil sales price (per Bbl) ^(1,2)	\$53.43	\$97.99
Net gas produced (MCF)	15,498	8,634
Average gas sales price (per MCF) ⁽¹⁾	\$4.09	\$4.65

Notes to above schedule:

⁽¹⁾ Before deduction of production and severance taxes.

⁽²⁾ Excludes plant products.

Oil and Gas revenues declined by \$189,350 from 2014 revenues. As indicated from the schedule above the decline was due to reductions in the barrels of oil produced, the average price per barrel, and the average price per MCF. MCF of gas produced increase from the 2014 reported amounts.

**Item MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS
2. OF OPERATIONS (continued)**

Lease and geophysical revenues decreased \$14,211 from 2014 amounts. These revenues are dependent on oil and gas producers' activities, are not predictable and can vary significantly from year to year.

Management believes oil and gas activity is driven by the current and forecasted commodity prices, demand for oil and gas, and upstream and downstream industry activity. Based on available public information, management believes that oil and gas activity which includes oil and gas production as well as lease rentals and geophysical will continue to be depressed when compared to 2014 reported amounts.

During the first quarter of 2015, the Company marketed timber for sale and has found the demand for timber to be depressed. The Company will continue to market timber for sale during 2015 but acceptable offer prices will determine if a sale is made in 2015.

Surface revenue decreased due to several large right of way agreements being executed in 2014. As previously noted by management, pipeline, utility and other right of ways are not unusual to the Company; however agreements of the magnitude seen in 2014 are unusual. Surface revenues are not predictable and can vary significantly from year to year.

Costs and Expenses

Oil and gas production costs, primarily severance taxes, decreased by \$8,768 in 2015. With the reduction in oil and gas revenues, the decrease was expected.

General and administrative expenses increased by \$1,185 primarily due to decrease in compensation of \$7,510 which was offset by an increase in legal fees of \$8,258 primarily due to a failed land acquisition.

Other costs and expenses incurred for the three months ended March 31, 2015 were materially consistent with 2014 reported amounts.

Financial Condition

Current assets totaled \$7,460,493 and total liabilities equaled \$468,586 at March 31, 2015. Management believes available cash and certificates of deposit together with funds generated from operations should be sufficient to meet operating requirements and provide funds for strategic acquisitions. Additional sources of liquidity include an available bank line of credit of \$5,000,000.

The Company declared a seven cents (\$0.07) per common share quarterly dividend during the quarter ended March 31, 2015. In assessing the amount of or if a quarterly dividend will be declared, the Board of Directors will review recent earnings, current liquidity, and other relevant information.

From time to time, the Company may elect to pay an extra dividend. In determining if an extra dividend will be declared, the Board of Directors will take into consideration the Company's current liquidity and capital resources and the availability of suitable timberland with mineral potential.

Issues and Uncertainties

This quarterly report contains forward-looking statements. These statements are based on current expectations and assumptions that are subject to risks and uncertainties. Actual results could differ materially because of issues and uncertainties such as those discussed below, which, among others, should be considered in evaluating the Company's financial outlook.

Revenues from oil and gas provide a significant portion of the Company's net income and cash flows. These revenues come from wells operated by other companies on property owned by CKX Lands, Inc. Consequently, these revenues fluctuate due to changes in oil and gas prices and changes in the operations of these other companies.

Item 3. Not applicable.

Item 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

The Company has evaluated the effectiveness of the design and operation of its disclosure controls and procedures pursuant to Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 as of the period covered by this report. Based on the evaluation, performed under the supervision and with the participation of the Company's management, including the President, concluded that the Company's disclosure controls and procedures were effective as of the end of the period covered by the report.

Changes in Internal Control Over Financial Reporting

There were no significant changes with respect to the Company's internal control over financial reporting or in other factors that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting during the quarter covered by this report.
