BRT REALTY TRUST
ANNOUNCES RESULTS OF OPERATIONS
FOR THE SECOND QUARTER AND SIX MONTHS ENDED
MARCH 31, 2007; BOTH PERIODS POSITIVELY IMPACTED
BY SECURITIES SALES

Great Neck, New York, May 8, 2007 -- BRT Realty Trust (NYSE:BRT) today announced that total revenues for the quarter ended March 31, 2007 increased by 35% over the quarter ended March 31, 2006. For the three months ended March 31, 2007, BRT reported total revenues of \$10,994,000 and net income of \$20,864,000, or \$1.88 per share. Net income for the three months ended March 31, 2007 benefited significantly from a \$15,298,000 gain on sale of securities or \$1.38 per share, substantially all of which relates to the sale in the quarter of 294,800 shares of Entertainment Properties Trust. For the three months ended March 31, 2006, total revenues, net income and net income per share were \$8,121,000, \$4,119,000 and \$.52, respectively. The weighted average number of common shares outstanding was 11,069,901 and 7,945,242 for the three months ended March 31, 2007 and 2006, respectively.

For the six months ended March 31, 2007, BRT reported a 53% increase in total revenues as compared to the six months ended March 31, 2006. For the six months ended March 31, 2007, BRT reported total revenues of \$23,739,000 and net income of \$29,153,000, or \$2.95 per share. Net income for the six months ended March 31, 2007 includes a gain on the sale of securities of \$15,298,000, or \$1.55 per share. For the six months ended March 31, 2006, BRT reported total revenues of \$15,521,000, net income of \$8,834,000 and net income per share of \$1.12, respectively. The weighted average number of common shares outstanding was 9,871,381 and 7,910,922 for the six months ended March 31, 2007 and 2006, respectively.

Commenting on the results of operations for the three and six months ended March 31, 2007, Jeffrey Gould, President and Chief Executive Officer of BRT, noted that the primary reason for the increase in revenues was the 51% increase in the average balance of loans outstanding in the March 31, 2007 quarter compared to the March 31, 2006 quarter and a 62% increase in the average balance of loans outstanding in the six months ended March 31, 2007 versus the six months ended March 31, 2006. Also benefiting revenues was a 39% increase in fee income quarter versus quarter and a 70% increase six months versus six months.

On the expense side, Mr. Gould noted that total expense increased by 23% three months versus three months and 40% six months versus six months. He commented that a substantial part of the expense increase was the result of an increase in interest expense. Interest expense increased in the current three month period due to an increase in the overall rate paid on borrowings, offset by a decline in the average balance of borrowings outstanding. An increase in the average balance of borrowings combined with an increase in the overall rate paid on borrowings caused the interest expense increase in the current six month period. In addition the increase in expenses in the current three and six month periods, as compared to the comparable periods in the prior fiscal year, was due to an accrual for federal excise tax in both current periods for taxable income earned that will not be distributed to shareholders in the current tax year. Mr. Gould also commented that net income in the current quarter benefited from a decrease in the advisory fee due to an amendment to the Advisory Agreement, effective January 1, 2007, which reduced the fees paid by the Trust to its advisor. Since the amended Advisory Agreement was not effective until January 1, 2007, the full effect of the reduction was not realized in the current six month period. Notwithstanding the reduction in fees during half of the six month period, an increase in the Trust's assets, the basis upon which the fee is calculated, resulted in an increase in the advisory fee six months versus six months.

Edgar Filing: BRT REALTY TRUST - Form 8-K

In both current periods, the Trust recognized a \$15,298,000 gain on sale of securities, primarily due to the sale of shares of Entertainment Properties Trust. Mr. Gould commented that "our investment in EPR has been highly beneficial for us. We determined that it was a good time to liquefy our holdings for the benefit of our shareholders."

Mr. Gould noted that non-performing loans increased by \$4,997,000 from December 31, 2006 to March 31, 2007. The non-recognition of income on non-performing loans reduced BRT's revenues by \$573,000 and \$791,000, or 5.22% and 3.34%, respectively, for the quarter and six months ended March 31, 2007. He commented that the Trust is not taking any additional loan loss reserves at this time.

BRT Realty Trust is a mortgage oriented real estate investment trust.
