Item 1.01 Entry into a Material Definitive Agreement.

As previously announced in its Current Report on Form 8-K filed on November 15, 2018, Advanced Emissions Solutions, Inc. ("ADES" or the "Company") and Apollo Credit Strategies Master Fund Ltd and Apollo A-N Credit Fund (Delaware) L.P. (collectively "Apollo"), affiliates of a beneficial owner of greater than five percent of the Company's common stock, executed a commitment letter pursuant to which Apollo offered to provide funding in the form of a \$70 million term loan (the "Term Loan"). This financing was provided to fund the Company's acquisition (the "Carbon Solutions Acquisition") of 100% of the equity interests of ADA Carbon Solutions, LLC ("Carbon Solutions") pursuant to the previously announced Purchase and Sale Agreement dated as of November 15, 2018 (the "Purchase Agreement").

On December 7, 2018, ADES, certain of its subsidiaries as guarantors, The Bank of New York Mellon as administrative agent, and Apollo entered into the Term Loan upon execution of a Term Loan and Security Agreement (the "Loan Agreement"). The Term Loan has a term of 36 months and bears interest at a rate equal to 3-month LIBOR (subject to a 1.5% floor) + 4.75% per annum, which shall be payable quarterly in arrears. Quarterly principal payments of \$6 million will be required beginning on March 1, 2019. ADES will be able to prepay the Term Loan at any time without penalty.

The Term Loan is secured by substantially all of the assets of ADES and its subsidiaries (including those acquired in the Carbon Solutions Acquisition), including the cash flows from Tinium Group LLC and Tinium Services LLC (collectively, the "Tinium Entities"), but excluding ADES' equity interests in the Tinium entities. The Loan Agreement includes, among others, the following covenants: (1) Beginning December 31, 2018 and as of the end of each fiscal quarter thereafter, the Company must maintain a minimum cash balance of \$5.0 million and shall not permit "expected future net cash flows from the refined coal business" (as defined in the Loan Agreement) to be less than 1.75 times the principal amount of the Term Loan then outstanding; (2) Beginning in January 2019, annual collective dividends and buybacks of Company shares in an aggregate amount, not to exceed \$30 million, shall be permitted so long as (a) no default or event of default exists under the Loan Agreement and (b) expected future net cash flows from the refined coal business as of the end of the most recent fiscal quarter exceed \$100 million.

Additionally, on December 7, 2018, ADES, ADA-ES, Inc. ("ADA"), a Colorado corporation and wholly-owned subsidiary of ADES, and CoBiz Bank, d/b/a Colorado Business Bank, entered into the Thirteenth Amendment (the "Thirteenth Amendment") of the 2013 Loan and Security Agreement (the "Line of Credit").

The Thirteenth Amendment provides, among other things, for ADA to be able to enter into the Loan Agreement as a guarantor so long as the principal amount of the Term Loan does not exceed \$70 million. Additionally, the financial covenants in the Line of Credit were amended and restated to be consistent with the aforementioned Term Loan covenants.

The foregoing descriptions of the Loan Agreement and the Thirteenth Amendment do not purport to be complete and are qualified in their entirety by reference, respectively, to the full text of the Loan Agreement and the Thirteenth Amendment, which are filed as Exhibits 10.1 and 10.2, respectively, to this Current Report on Form 8-K.

On December 13, 2018, ADES issued a press release announcing the closing of the Carbon Solutions Acquisition and Loan Agreement. A copy of the press release is included as Exhibit 99.1 to this report.

Item 2.01 Completion of Acquisition or Disposition of Assets.

Pursuant to the Purchase Agreement, on December 7, 2018, the Company completed the Carbon Solutions Acquisitions and acquired 100% of the equity interests of Carbon Solutions from Energy Capital Partners I, LP, Energy Capital Partners I-A, LP, Energy Capital Partners I-B IP, LP, Energy Capital Partners I (Crowfoot IP), LP, and Carbon Solutions Management, LLC (collectively, the "Sellers") for a total purchase price of \$75.0 million plus fees. This amount was financed through the \$70.0 million Term Loan, less original issue discount of \$2.1 million, and \$8.6 million of assumed capital leases (the "Purchase Price").

Carbon Solutions is an activated carbon company and the North American leader in mercury capture using powdered activated carbon for the coal-fired power plant, industrial and water treatment markets. Carbon Solutions also owns an

associated lignite mine which supplies the raw material for the powdered activated carbon plant. Carbon Solutions was formed in 2008 as a 50/50 joint venture by the Company and Energy Capital Partners LLC. The Company relinquished its ownership in 2011 as part of a legal settlement agreement as described in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017. At the time of entering into the Purchase Agreement there was no relationship between the Company and any of the Sellers or Carbon Solutions.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The disclosure under Item 1.01 of this Current Report on Form 8-K relating to the Loan Agreement is incorporated herein by reference.

Carbon Solutions and its subsidiaries are party to various capital and operating leasing arrangements (the "Leasing Arrangements"). As of December 7, 2018, approximately \$15.6 million was outstanding under the Leasing Arrangements, which are due over the period from December 31, 2018 to December 31, 2025.
