Report of Independent Registered Public Accounting Firm

Plan Administrator, Audit Committee and Participants
Community Trust Bancorp, Inc. Savings Plan
Pikeville, Kentucky

We have audited the accompanying statements of net assets available for benefits of the Community Trust Bancorp, Inc. Savings Plan (Plan) as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing auditing procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. Our audits also included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2014 and 2013, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. The supplemental information in the accompanying Schedule of Assets at December 31, 2014, and Schedule of Reportable Transactions for the year ended December 31, 2014, has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements but include supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedules, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion, the supplemental information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole.

Community Trust Bancorp, Inc.
Savings Plan

Notes to Financial Statements

As of December 31, 2014 and 2013
and For the Years Ended December 31, 2014 and 2013

1. Description of Plan

The following description of the Community Trust Bancorp, Inc. Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document and Summary 401(k) Plan Description for more complete information, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan covering substantially all employees of Community Trust Bancorp, Inc. ("CTBI") and all participating subsidiaries, which include Community Trust Bank, Inc. and Community Trust and Investment Company ("CTIC"). All amounts contributed to the Plan are held by the trustee, CTIC. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

An employee becomes eligible to participate in the Plan on the entry date following the attainment of age twenty-one and completion of twelve consecutive months of employment in which the employee has at least 1,000 hours service.

Contributions

A participant may elect to make voluntary contributions, through payroll deductions, to the Plan as deferred compensation contributions. For 2014 and 2013, the maximum amount of voluntary contributions was \$17,500. Participants age 50 and over may also make a catch-up contribution of \$5,500 to the Plan. During 2014 and 2013, CTBI made matching contributions per payroll period equal to 50% of the first 8% of each participant's deferred compensation contributions, not to exceed 4% of such participant's compensation.

Participant Accounts

Each participant's account is credited with employer discretionary contributions, employee deferred compensation contributions, and the related employer matching contribution. Earnings or losses on the investments are allocated in proportion to the participant's interest therein.

Each participant is entitled to exercise voting rights attributable to the shares of CTBI common stock allocated to the participant's account and is notified by the Retirement and Employee Benefits Committee prior to the time that such rights are to be exercised. The Retirement and Employee Benefits Committee is not permitted to vote any share for a participant. The trustee votes shares for which a participant has given no instructions.

Participant Investment Account Options

The Plan provides for the establishment of a variety of investment funds and a CTBI common stock fund. These investment funds are participant directed. Participants may transfer account balances between funds, subject to certain limitations. CTBI has the sole discretion to determine or change the number and nature of investment funds.

Vesting

Vesting of an employee's interest is 100% in cases of normal retirement at age sixty-five, death or total disability. If a participant's employment ceases for any other reason, the full value of his account is payable to him if he has completed at least 1,000 hours or more of vesting service for three plan years. Otherwise, the participant is entitled to the full value of his deferral account less the value of the employer contributions. Forfeited employer contributions are allocated to the accounts of participants based on compensation.

Payment of Benefits

Distribution of funds as a result of retirement or termination from employment may be made either in a lump sum payment (including CTBI common stock if elected) or payments in cash or CTBI common stock made in equal annual installments over a period of 5 years.

Forfeited Accounts and Excess Contributions

At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$5,648 and \$12,635, respectively. These accounts will be reallocated to participants in the same manner as employer contributions. Contributions made to the Plan are returned to participants when the Plan fails certain non-discrimination testing. Excess contributions payable were \$50,610 and \$16,165 as of December 31, 2014 and 2013, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

Investments in securities traded on a national exchange are valued at the last reported sales price on the last business day of the period. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recognized on the trade date basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Market Risks and Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

The Plan invests in various mutual funds and CTBI common stock. Investment securities, in general, are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan's Sponsor as provided in the Plan document.

Payment of Benefits

Distributions to participants are recorded by the Plan when payments are made.

3. Investments

The fair values of individual investments that represent 5 percent or more of the Plan's net assets are as follows as of December 31, 2014 and 2013:

	2014	2013
CTBI common stock; 503,082 (2014) and 487,330 (2013) shares	\$18,417,832	\$20,007,099
Goldman Sachs FS Gov't MM FD #465; 4,119,080 (2014) and 4,893,623 (2013) shares	4,119,080	4,893,623
Vanguard Totl Bd Mkt; 0 (2014) and 369,905 (2013) shares	0	3,906,199
Vanguard Selected Value Fund; 103,829 (2014) and 0 (2013) units	2,946,675	0
Vanguard 500 Index Fund; 61,124 (2014) and 75,697 (2013) units	11,606,910	10,652,027
Vanguard Windsor II Fund; 54,503 (2014) and 50,576 (2013) units	3,608,107	3,299,552
Harbor International Fund #11; 0 (2014) and 38,840 (2013) units	0	2,758,035
Vanguard Intm Term Corp-Adm; 390,236 (2014) and 0 (2013) units	3,836,017	0
Other investments less than 5% of net assets available for benefits	11,117,956	9,454,731
Total Investments	\$55,652,577	\$54,971,266

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value in 2014 by (\$359,522) and appreciated in value in 2013 by \$10,934,159 as follows:

	2014	2013
CTBI common stock	\$ (2,134,685)	\$5,859,169
Mutual funds	1,775,163	5,074,990
Net appreciation (depreciation) in fair value of investments	\$ (359,522)	\$10,934,159

4. Federal Income Tax Status

The Internal Revenue Service ruled on July 17, 2002 that the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its tax-exempt qualification. The Plan has been amended since receiving the initial Internal Revenue Service ruling. The most recent document was submitted and the IRS issued a favorable determination letter dated May 7, 2015. Accordingly, no provision for income taxes has been included in the Plan's financial statements. With a few exceptions, the Plan is no longer subject to U.S. federal, state and local or

non-U.S. income tax examination by tax authorities for years before 2010.

5. Plan Termination

Although it has not expressed any intent to do so, CTBI has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become fully vested in their accounts.

6. Exempt Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. All amounts contributed to the Plan are held by the trustee, CTIC. Professional fees for the administration and audit of the Plan, investment of assets, and trustee services are paid by CTBI.

The Plan held the following party-in-interest investments (at fair value) at December 31:

	2014	2013
CTBI common stock	\$18,417,832	\$20,007,099

7. Plan Amendment

Effective January 1, 2007, the Plan was amended to state the Plan is intended to constitute a plan described in Section 404(c) of ERISA and the fiduciaries of the Plan may be relieved of liability for any losses that are the direct and necessary result of investment instructions given by any Participant or Beneficiary. The Plan was also amended and restated effective April 1, 2013, to provide each eligible employee the election to contribute through payroll deductions to the Plan commencing on his or her entry date a percentage of his or her compensation not less than one percent (1%) nor more than (20%) in whole percentage points. On January 27, 2014, a plan document effective January 1, 2013 was adopted to incorporate all previously adopted amendments into a single plan document for submission to the IRS for a plan determination letter. On May 7, 2015, the IRS issued a determination letter for the Plan.

8. Terminated Participants

Included in net assets available for benefits are amounts allocated to individuals who have withdrawn from the Plan. Amounts allocated to these participants were \$367,257 and \$18,690 at December 31, 2014 and 2013, respectively.

9. Fair Value of Plan Assets

ASC Topic 820, Fair Value Measurements, defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. In this standard, the FASB clarifies the principle that fair value should be based on the assumptions market participants would use when pricing the asset or liability. In support of this principle, ASC Topic 820 specifies a fair value hierarchy that prioritizes the information used to develop those assumptions. There have been no significant changes in the valuation techniques during the year ended December 31, 2014. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. The fair value hierarchy is as follows:

Level 1 Inputs – Quoted prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date.

Level 2 Inputs - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These might include quoted prices for similar assets and liabilities in active markets, quoted prices in inactive markets, and inputs other than quoted prices that are observable for the asset or liability, such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 Inputs - Unobservable inputs for determining the fair values of assets or liabilities that reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

Following are descriptions of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include Community Trust Bancorp, Inc. common stock, mutual funds, and money market funds. Shares of mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. The fair values of Community Trust Bancorp, Inc. common stock are derived from the closing price reported on the NASDAQ Stock Exchange.

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the ASC Topic 820, fair value hierarchy in which the fair value measurements fall at December 31, 2014 and December 31, 2013:

	Fair Value	Fair Value Measurements as of December 31, 2014 Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
CTBI common stock	\$ 18,417,832	\$ 18,417,832	\$ 0	\$ 0
