### BLAIR CORPORATION REPORTS SECOND QUARTER RESULTS

WARREN, Pa., (July 23, 2004) -- Blair Corporation (Amex: BL), (), a national multi-channel direct marketer of women's and men's apparel and home products, today announced results for the second quarter and six months ended June 30, 2004.

## Edgar Filing: BLAIR CORP - Form 8-K

Net sales for the second quarter ended June 30, 2004 were \$127.0 million compared to \$154.3 million reported for the second quarter ended June 30, 2003.

Net income for the second quarter ended June 30, 2004 was \$5.0 million, or \$0.62 per basic and \$0.61 per diluted share, compared to \$4.1 million, or \$0.51 per basic and diluted share, reported for the second quarter last year.

Net sales for the six months ended June 30, 2004 were \$255.6 million, compared to \$291.4 million reported for the first six months ended June 30, 2003.

Net income for the six months ended June 30, 2004 was \$5.6 million, or \$0.69 per basic and diluted share, compared to \$4.6 million, or \$0.57 per basic and diluted share, reported for the six months last year.

The planned elimination of unprofitable circular mailings and a reduction in Crossing Pointe mailings resulted in a decrease in sales for the second quarter of 2004. Blair expects to discontinue circulation of its 4-year-old Crossing Pointe catalog title in early 2005. The increase in net income for the quarter reflects enhanced efficiencies of core operations and Blair's focus on profitability and enhancing shareholder value.

Cost of goods sold as a percentage of net sales for the second quarter of 2004 was 45.9% compared to 47.1% for the second quarter of 2003, reflecting reduced customer returns, and successful efforts to lower overall shipping and liquidation costs.

Blair's e-commerce channel generated \$45.6 million in gross sales demand in the first six months of 2004, compared to \$41.7 million in the first six months of 2003.

"Second quarter results reflect Blair's successful efforts to focus on profitability and cost efficiencies which were achieved through our enhanced fulfillment operation and focused advertising initiatives. As a result, Blair was able to realize higher margins in per customer sales and reduce overall shipping costs for the quarter," said Bryan J. Flanagan, Senior Vice President and Chief Financial Officer.

"Our core customers have consistently remained the cornerstone of Blair's historic success and we will continue to focus on meeting their specific needs as part of our long-term plan to increase profitability," concluded Mr. Flanagan.

John E. Zawacki, President and CEO said, "I am pleased that our initiatives to improve profitability have contributed to Blair's overall performance for the second quarter and reaffirm our long-term strategy to focus our product offerings to our core customers."

"Blair's balance sheet remains strong, and we expect that Blair's core businesses will continue to be the primary driver of the Company's profitability and value creation. We remain confident that our efforts to enhance profitability will result in greater shareholder value," concluded Mr. Zawacki.
