INDEPENDENT AUDITORS' REPORT

To the Organization, Compensation, and Nominating Committee of the
Board of Directors of Dominion Resources, Inc.

We have audited the accompanying statements of net assets available for benefits of the Dominion Salaried Savings Plan (formerly Dominion Resources, Inc. Employee Savings Plan) (the Plan) as of December 31, 2002 and December 30, 2002, and the related statement of changes in net assets available for benefits for the one day ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial

statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and December 30, 2002, and the changes in net assets available for benefits for the one day ended December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule listed in the Table of Contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. Such supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic 2002 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

DOMINION SALARIED SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Dominion Salaried Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. GENERAL - The Plan is a defined contribution plan covering all salaried employees of the Participating Companies (see Note 1.d) who are age 18 or older. Dominion Resources, Inc. (Dominion) is the designated Plan sponsor. The Plan administrator is Dominion Resources Services, Inc. (a subsidiary of Dominion). Mellon Bank, N.A. serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. CONTRIBUTIONS - A maximum of 50% of the participant's eligible earnings and 35% of highly compensated employee's eligible earnings can be invested in the Plan. Of the 35%, up to 15% can be invested on a tax-deferred basis for highly compensated employees. Participating Companies contribute a matching amount equivalent to 50% of each participant's contributions, not to exceed 3% of the participant's eligible earnings, which is used to purchase Dominion Common Stock. Contributions are subject to certain Internal Revenue Code limitations. Effective January 1, 2001, the Participating Companies' matching contribution was increased to 66.7% of each participant's contributions, not to exceed 4% of participant's eligible earnings, for employees who have 20 or more years of service with Dominion or its subsidiaries.

c. PARTICIPANT ACCOUNTS - Individual accounts are maintained for each Plan participant. Each participant's account includes the effect of the participant's contributions and withdrawals, as applicable, and allocations of the Participating Companies' contributions, Plan earnings, and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

d. PARTICIPANTS - Any subsidiary of Dominion may adopt the Plan for the benefit of its qualified salaried employees subject to approval of the Dominion Board of Directors.

e. VESTING - Participants become vested in their own contributions and the earnings on these amounts immediately, and in the Participating Companies' matching contributions and earnings after three years of service. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Participating Companies' contributions.

f. INVESTMENT OPTIONS

Employee Contributions

: Upon enrollment in the Plan, a participant may direct employee contributions in any option (except the loan fund) in 1% increments totaling to 100%. Changes in investment options may be made at any time and become effective with the subsequent pay period. Participants can make unlimited transfers among existing funds.

The Plan provides for employee contributions to be invested in the following:

Dominion Stock Fund

Interest in Master Trust:

Certus Stable Value Fund (Certus Fund)
Dresdner Large Cap Growth Fund (Dresdner Fund)

Mutual Funds:

Small Cap Value Fund
Small Cap Growth Fund
Euro Pacific Growth Fund
Real Estate Fund

Common/Collective Trust:

Wilshire 4500 Index Fund
EB Mellon Total Return Fund
Mellon S & P 500 Index Daily Fund
Conservative Balanced Fund
Moderate Balanced Fund
Growth Balanced Fund
Large Cap Value Fund

Company Contributions

: Participating Company matching contributions are automatically contributed into the Dominion Stock Fund. However, participants may transfer 100% of the value of their Company Match Account into another investment option at anytime.

g. PARTICIPANT LOANS - Participants are eligible to secure loans against their plan account and repay the amount over a one to five-year period. The minimum loan amount is \$1,000 and the maximum loan amount is the lesser of:

- 50% of the vested account balance or
- \$50,000 (reduced by the maximum outstanding loan balance during the prior 12 months).

Loan transactions are treated as a transfer between the respective investment fund and the loan fund. The loans are interest bearing at one percentage point above the prime rate of interest. The rate is determined every quarter; however, the rate is fixed at the inception of the loan for the life of the loan.

Participants make repayments to the Plan on a monthly basis. Any defaults in loans result in a reclassification of the remaining loan balances as taxable distributions to the participants.

h. PAYMENTS OF BENEFITS - Distributions from the Plan are recorded on the valuation date when a participant's valid withdrawal request is processed by the recordkeeper. On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or defer the payment to a future time no later than the year in which the participant attains age 70 1/2. There were no amounts payable to participants at December 31, 2002 and December 30, 2002.

Page 7

i. FLEXIBLE DIVIDEND OPTION - Participants are given the choice of (1) receiving cash dividends paid on vested shares held in their Dominion Stock Fund or (2) reinvesting the dividends in the fund.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. BASIS OF ACCOUNTING - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

b. VALUATION OF INVESTMENTS:

(1) *Dominion Stock Fund* - The investments of the fund are stated at fair value based on the closing sales prices reported on the New York Stock Exchange on the last business day of the year.

(2) *Mutual Funds* - Investments in mutual funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end.

(3) *Common/Collective Trusts* - Investments in common/collective trust funds (funds) are stated at estimated fair values, which have been determined based on the unit values of the funds. Unit values are determined by the bank sponsoring such funds by dividing the fund's net assets by its units outstanding at the valuation dates.

(4) *Investment in Certus Fund* - The Certus Fund invests primarily in guaranteed investment contracts, which are valued at contract value. Contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and administrative expenses.

(5) *Investment in Dresdner Fund* - Investments in the Dresdner Fund are stated at fair value based on the closing sales price reported on the New York Stock Exchange on the last business day of the plan year.

c. INVESTMENT INCOME - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recognized on the ex-dividend date.

d. EXPENSES - The Plan's expenses are accrued as incurred and paid by the Plan, as provided by the Plan document.

e. USE OF ESTIMATES - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein. Actual results could differ from those estimates.

f. CONCENTRATION OF INVESTMENTS - Included in the Plan's net assets available for benefits at December 31, 2002 and December 30, 2002, are investments in Dominion Common Stock amounting to \$449 million and \$452

million, respectively, whose value could be subject to change based upon market conditions.

The Plan obtained its latest determination letter on December 5, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, Dominion believes that the Plan is currently designed and operating in compliance with the applicable requirements of the Internal Revenue Code.
