NOTICE OF 2011 ANNUAL MEETING OF STOCKHOLDERS

May 10, 2011

1:30 p.m.

The Annual Meeting of Stockholders of Altera Corporation, a Delaware corporation, will be held on Tuesday, May 10, 2011, at 1:30 p.m. local time, at Altera's offices at 101 Innovation Drive, San Jose, California 95134, for the following purposes:

- (1) To elect the seven directors named in the proxy statement to serve until the next annual meeting of stockholders.
- (2) To approve an amendment to the 2005 Equity Incentive Plan to increase by 10,000,000 the number of shares of common stock reserved for issuance under the plan.
- (3) To approve an amendment to the 1987 Employee Stock Purchase Plan to increase by 1,000,000 the number of shares of common stock reserved for issuance under the plan.
- (4) To approve an amendment to our Amended and Restated Certificate of Incorporation to eliminate supermajority voting.
- (5) To approve an amendment to our Amended and Restated Certificate of Incorporation to add a forum selection clause.
- (6) To approve an amendment to our By-Laws to provide that stockholders holding over 20% of our shares may call a special meeting of stockholders.
- (7) To hold an advisory vote on executive compensation.
- (8) To hold an advisory vote on the frequency of holding an advisory vote on executive compensation.
- (9) To ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011.
- (10) To transact such other business as may properly come before the meeting or any postponement or adjournment of the meeting.

The foregoing items of business are more fully described in the attached proxy statement. Only stockholders who owned shares of our common stock at the close of business on March 11, 2011 are entitled to notice of, and to vote at, the meeting.

On or about March 23, 2011, we will mail a Notice of Internet Availability of Proxy Materials to our stockholders of record on March 11, 2011, other than those stockholders who previously requested electronic or paper delivery of communications from us. The notice will contain instructions on how to access an electronic copy of our proxy materials, including this proxy statement and our annual report, as well as instructions with respect to how to vote your shares.

All stockholders are cordially invited to attend the meeting in person. However, to assure your representation at the meeting, you are urged to vote your shares as soon as possible.

PROXY STATEMENT FOR
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON
May 10, 2011
GENERAL

The enclosed proxy is solicited on behalf of the board of directors of Altera Corporation, a Delaware corporation, for use at our annual meeting of stockholders to be held on May 10, 2011, or at any adjournment, continuation, or postponement of the meeting. The annual meeting will be held at our principal executive offices at 101 Innovation Drive, San Jose, California 95134.

A Notice of Internet Availability of Proxy Materials, this proxy statement, any accompanying proxy card or voting instruction form, and our 2010 Annual Report to Stockholders will be made available on or about March 23, 2011 to our stockholders of record on March 11, 2011. Paper copies of the proxy materials may be obtained by following the instructions on the Notice of Internet Availability of Proxy Materials. Upon request, we will provide any exhibit listed in the Annual Report.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND THESE PROXY MATERIALS

What matters will be voted on at the annual meeting?

The following matters will be voted on at the annual meeting:

- Proposal One: To elect the seven directors named in the proxy statement to serve until the next annual meeting of stockholders.
- Proposal Two: To approve an amendment to the 2005 Equity Incentive Plan to increase by 10,000,000 the number of shares of common stock reserved for issuance under the plan.
- Proposal Three: To approve an amendment to the 1987 Employee Stock Purchase Plan to increase by 1,000,000 the number of shares of common stock reserved for issuance under the plan.
- Proposal Four: To approve an amendment to our Amended and Restated Certificate of Incorporation to eliminate a supermajority voting requirement.
- Proposal Five: To approve an amendment to our Amended and Restated Certificate of Incorporation to add a forum selection clause.
- Proposal Six: To approve an amendment to our By-Laws to provide that stockholders holding over 20% of our shares may call a special meeting of stockholders.
- Proposal Seven: To hold an advisory vote on executive compensation.
- Proposal Eight: To hold an advisory vote on the frequency of holding an advisory vote on executive compensation.
- Proposal Nine: To ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011.
- Such other business as may properly come before the meeting or any postponement or adjournment of the meeting.

How does the board of directors recommend I vote?

The board of directors recommends that you vote:

- FOR the election of the seven directors named in this proxy statement.
- FOR the amendment to the 2005 Equity Incentive Plan.
- FOR the amendment to the 1987 Employee Stock Purchase Plan.
- FOR the amendment to our Amended and Restated Certificate of Incorporation to eliminate a supermajority voting requirement.
- FOR the amendment to our Amended and Restated Certificate of Incorporation to add a forum selection clause.
- FOR the amendment to our By-Laws.
- FOR the approval, on an advisory basis, of the compensation of our named executive officers.
- FOR the selection, on an advisory basis, of every year as the frequency for holding an advisory vote on executive compensation.
- FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011.

Why did I receive a notice in the mail regarding Internet availability of proxy materials instead of a full set of proxy materials?

Under rules adopted by the U.S. Securities and Exchange Commission, or the SEC, we furnish our proxy materials to our stockholders over the Internet, rather than mailing printed copies of those materials to each stockholder. Each stockholder who receives a Notice of Internet Availability of Proxy Materials has the right to vote on all matters presented at the meeting.

You will not receive a printed copy of the proxy materials unless you request one. Instead, the Notice of Internet Availability of Proxy Materials will provide instructions as to how you may access and review a copy of our proxy materials on the Internet, including this proxy statement and our Annual Report. The Notice of Internet Availability of Proxy Materials also includes instructions for requesting a printed copy of the proxy materials. If you share an address with another stockholder and have received only one Notice of Internet Availability of Proxy Materials, you may write or call us at the address and phone number provided above to request a separate copy of these materials at no cost to you. Beneficial owners (as described below) may contact their broker or other nominee to request a separate copy of these materials.

Can I vote my shares by filling out and returning the Notice of Internet Availability of Proxy Materials?

No. The Notice of Internet Availability of Proxy Materials only identifies the items to be voted on at the annual meeting. You cannot vote by marking the Notice of Internet Availability of Proxy Materials and returning it. The notice provides instructions on how to cast your vote. For additional information please see "How do I vote and what are the voting deadlines?"

Who is entitled to vote at the annual meeting?

Stockholders who owned shares of our common stock at the close of business on March 11, 2011, the record date for the annual meeting, are entitled to notice of, and to vote at, the annual meeting. On the record date, 322,029,687 shares of common stock were issued and outstanding.

Stockholders at the close of business on the record date may examine a list of all stockholders as of the record date for any purpose germane to the annual meeting for ten days preceding the annual meeting at our offices in San Jose, California.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholders of Record. You are a stockholder of record if at the close of business on the record date your shares were registered directly in your name with Computershare Trust Company, N.A., our transfer agent.

Beneficial Owner. You are a beneficial owner if at the close of business on the record date your shares were held by a brokerage firm or other nominee and not in your name. Being a beneficial owner means that, like most of our stockholders, your shares are held in “street name.” As the beneficial owner, you have the right to direct your broker or nominee how to vote your shares by following the voting instructions your broker or other nominee provides. If you do not provide your broker or nominee with instructions on how to vote your shares, your broker or nominee will be able to vote your shares with respect to some of the proposals, but not all. Please see “What happens if I do not give specific voting instructions?” for additional information.

How do I vote and what are the voting deadlines?

Stockholders of Record: If you are a stockholder of record, there are several ways for you to vote your shares.

By Mail. If you received printed proxy materials, you may submit your vote by completing, signing, and dating each proxy card received and returning it in the prepaid envelope. Sign your name exactly as it appears on the proxy card. Proxy cards submitted by mail must be received no later than the annual meeting to be voted at the annual meeting.

- By telephone or over the Internet. You may vote your shares by telephone or via the Internet by following the instructions provided in the Notice of Internet Availability of Proxy Materials. If you vote by telephone or via the Internet, you do not need to return a proxy card by mail. Internet and telephone voting are available 24 hours a day. Votes submitted by telephone or through the Internet must be received by 11:59 p.m. Eastern Time on May 9, 2011.

- In person at the Annual Meeting. You may vote your shares in person at the annual meeting. Even if you plan to attend the annual meeting in person, we recommend that you also submit your proxy card or voting instructions or vote by telephone or via the Internet by the applicable deadline so that your vote will be counted if you later decide not to attend the meeting.

Beneficial Owners: If you are a beneficial owner of your shares, you should have received a Notice of Internet Availability of Proxy Materials or voting instructions from the broker or other nominee holding your shares. You should follow the instructions in the Notice of Internet Availability of Proxy Materials or voting instructions provided by your broker or nominee in order to instruct your broker or other nominee on how to vote your shares. The availability of telephone and Internet voting will depend on the voting process of the broker or nominee. Shares held beneficially may be voted in person at the annual meeting only if you obtain a legal proxy from the broker or nominee giving you the right to vote the shares.

How are proxies voted?

If you submit your proxy - whether via the Internet, by telephone, in person or by mail - the shares represented by your proxy will be voted at the annual meeting in accordance with your instructions.

What happens if I do not give specific voting instructions?

Stockholders of Record: If you are a stockholder of record and you do not cast a vote or submit a proxy, no votes will be cast on your behalf on any of the items of business at the annual meeting. If you are a stockholder of record and you submit a proxy but do not provide voting instructions, the shares represented by your proxy will be voted in favor of the director nominees (Proposal 1), for every year as the frequency for an advisory vote on executive compensation (Proposal 8), and in favor of Proposals 2 through 7 and Proposal 9. In addition, if any other matters properly come before the annual meeting, it is the intention of the persons named on your voting form to vote the shares they represent as directed by the board of directors. We have not received notice of any other matters that may properly be presented at the annual meeting.

Beneficial Owners of Shares Held in Street Name: If you are a beneficial owner and you do not provide the broker or other nominee with voting instructions, the broker or other nominee will determine if it has the discretionary authority to vote on the particular matter. Under the rules of the various national and regional securities exchanges, brokers and

other nominees holding your shares may vote on routine matters, including Proposals 6 and 9, but cannot vote on non-routine matters, including Proposals 1, 2, 3, 4, 5, 7, and 8. If you hold your shares in street name and you do not instruct your broker or other nominee how to vote on non-routine matters, no votes will be cast on your behalf. This is generally referred to as a “broker non-vote.”

How do I revoke my proxy?

Stockholders of Record: If you are a stockholder of record, you may revoke your proxy at any time prior to the annual meeting by: (1) submitting a later-dated vote, in person at the annual meeting, by Internet, by telephone, or by mail; or (2) delivering instructions to us, care of our Secretary, at the address of our principal executive offices. Any notice of revocation sent to us must include the stockholder's name and must be received prior to the meeting to be effective. Only your latest Internet or telephone proxy received by 11:59 p.m. Eastern Time on May 9, 2011 will be counted. Your attendance at the annual meeting after having submitted a valid proxy will not in and of itself constitute a revocation of your proxy. You will be required to give oral notice of your intention to vote in person to the inspector of elections at the annual meeting.

Beneficial Owners of Shares Held in Street Name: If your shares are held in "street name," you should follow the directions provided by your broker or other nominee regarding how to revoke your proxy.

How are votes counted and who will count the votes?

Each share of common stock outstanding on the record date is entitled to one vote. Cumulative voting is not permitted. The inspector of elections appointed for the annual meeting will tabulate the votes.

What constitutes a quorum and why is a quorum required?

A quorum, which is a majority of the outstanding shares as of the record date, must be present in order to hold the meeting and to conduct business. Your shares will be counted as being present at the meeting if you appear in person at the meeting, if you vote your shares by telephone or over the Internet, or if you submit a properly executed proxy card. Shares represented by proxies marked with abstentions or represented by "broker non-votes" will be counted as shares that are present for purposes of determining whether a quorum exists.

What is the effect of broker non-votes and abstentions?

Broker non-votes and abstentions are counted for purposes of determining whether or not a quorum is present. Neither broker non-votes nor abstentions are treated as a vote cast on any measure requiring the approval of a plurality of the votes cast (Proposal 8) or a majority of the votes cast (Proposals 1 and 5). Proposal 4 requires the approval of 80% of our outstanding shares. Broker non-votes and abstentions will have the same effect as a vote against Proposal 4. All other matters must be approved by a majority of the votes which could be cast by the holders of all outstanding shares of common stock entitled to vote on the matter. Since broker non-votes are not considered entitled to vote, they will have no effect on the outcome of the vote on Proposals 2, 3, 6, and 9. Abstentions will have the effect of a vote against these proposals.

What is the vote required for each proposal?

Proposal

Vote Required

Proposal One: To elect directors named in the proxy statement to serve until the next annual meeting of stockholders.

Majority of the votes cast

Proposal Two: To approve an amendment to the 2005 Equity Incentive Plan to increase by 10,000,000 the number of shares of common stock reserved for issuance under the plan.

Majority of shares outstanding and entitled to vote on the proposal

Proposal Seven: To hold an advisory vote on executive compensation.

Majority of shares outstanding and entitled to vote on the proposal

Proposal Eight: To hold an advisory vote on the frequency of holding an advisory vote on executive compensation.

Plurality of votes cast

Proposal Nine: To ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011.

Majority of shares outstanding and entitled to vote on the proposal

Who is paying for the costs of this proxy solicitation?

We will bear the expense of soliciting proxies. We have retained Phoenix Advisory Partners to assist with the solicitation of proxies for a fee of \$9,000, plus reimbursement for out-of-pocket expenses. We may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding soliciting materials to such beneficial owners. Proxies may also be solicited personally or by telephone, telegram, or facsimile by certain of our directors, officers, and other employees, without additional compensation.

What is the deadline to propose actions for consideration or to nominate individuals to serve as directors at the 2012 annual meeting of stockholders?

Requirements for Stockholder Proposals to be Considered for Inclusion in the Company's Proxy Materials: In accordance with Rule 14a-8 under the Securities Exchange Act of 1934, or the Exchange Act, and as provided in Section 2.10 of our By-Laws, any stockholder who intends to submit a proposal at our 2012 annual meeting of stockholders and who wishes to have the proposal considered for inclusion in the proxy statement for that meeting must, in addition to complying with Rule 14a-8 under the Exchange Act and all other applicable laws and regulations governing submission of such proposals, deliver the notice of the proposal to us for consideration no earlier than 120 days or more than 180 days prior to the anniversary of the date on which we first mailed our proxy materials for the previous year's annual meeting of stockholders, or not earlier than September 25, 2011 and not later than November 24, 2011. In addition, your notice must set forth the information required by our By-Laws with respect to each proposal. Such proposal should be sent to us, care of our Secretary, at Altera Corporation, 101 Innovation Drive, San Jose, California 95134.

Requirements for Stockholder Proposals and Director Nominations to be Brought Before the 2012 Annual Meeting of Stockholders: Pursuant to Sections 2.10 and 2.11 of our By-Laws, if a stockholder wishes to present a proposal before the 2012 annual meeting of stockholders, but does not wish to have the proposal considered for inclusion in the proxy

statement, or wishes to bring a director nominee before the meeting, the stockholder must give written notice to us at the address noted above. In addition, the notice must set forth the information required by our By-Laws with respect to each such proposal or director nominee. The notice must be submitted by February 10, 2012, the date 90 days prior to the anniversary date of the annual meeting.

BOARD AND CORPORATE GOVERNANCE MATTERS

Our board of directors is currently comprised of seven members.

The nominating and governance committee of the board of directors has nominated the seven current directors for re-election at the annual meeting. Unless otherwise directed, the proxy holders will vote the proxies received by them for the nominees named below. If any nominee is unable or declines to serve as a director at the annual meeting, the proxies will be voted for any nominee who is designated by the present board of directors to fill the vacancy. It is not expected that any nominee will be unable or will decline to serve as a director. The directors elected at the annual meeting will hold office until the next annual meeting or until their successors are elected and qualified.

Directors are elected by a majority of the votes cast at the annual meeting except in the case of a contested election. A contested election occurs when the number of nominees exceeds the number of directors to be elected, in which case directors are elected by a plurality of the votes cast. A majority of votes cast means that the number of votes cast "for" a director exceeds the number of votes cast "against" that director. If a director nominee, who is serving as a director at the time of the election, does not receive a majority of the votes cast, such nominee will tender his/her resignation to the board of directors. The nominating and governance committee will then make a recommendation to the board of directors to either accept or reject the resignation. The board of directors will act on the nominating and governance committee's recommendation and publicly disclose its reasons and decision within ninety days from when the election results are certified. The director who tenders his/her resignation does not participate in the board's decision.

The names of the nominees and certain information about them are set forth below.

Name of Nominee	Age	Position(s) with Altera	Director Since
John P. Daane	47	Chairman of the Board, President, and Chief Executive Officer	2000
Robert J. Finocchio, Jr.	59	Lead Independent Director	2002
Kevin McGarity	65	Director	2004
T. Michael Nevens	61	Director	2009
Krish A. Prabhu	56	Director	2008
John Shoemaker	68	Director	2007
Susan Wang	60	Director	2003

There is no family relationship between any of our directors or executive officers.

The nominating and governance committee annually assesses the performance of individual directors and the board as a whole. This assessment includes an evaluation of the skills, relevant business experience and expertise, diversity, and ability and willingness of board members to devote the necessary time to board service on an ongoing basis. The assessment is done in the context of what the perceived needs of the board are at that time. The nominating and governance committee is then responsible for nominating candidates for election to the board of directors based on that assessment. Candidates nominated for election to the board are expected to have high personal and professional ethics, integrity, and an inquiring and independent mind, along with practical wisdom and mature judgment. Each of the following individuals who have been nominated for election to the board of directors has those characteristics. Additionally, as described below, each candidate has unique skills and experiences that contribute to the board's decision-making processes.

JOHN P. DAANE joined us as President and Chief Executive Officer in November 2000 and was elected as one of our directors in December 2000. He was elected Chairman of the Board in May 2003. Prior to joining us, Mr. Daane spent fifteen years at LSI Logic Corporation, a semiconductor manufacturer, most recently as Executive Vice President, Communications Products Group, with responsibility for ASIC technology development and the Computer, Consumer, and Communications divisions. We believe Mr. Daane's qualifications to sit on our board of directors include his extensive knowledge of the company, its products, strategies, and customers, his twenty-five years of experience in the semiconductor industry, his strong leadership skills, and his broad experience in executive management roles in marketing and engineering within the semiconductor industry.

ROBERT J. FINOCCHIO, JR. has served as one of our directors since January 2002. He has been a dean's executive professor at Santa Clara University, Leavey School of Business, since September 2000. Prior to joining us, he served as Chief Executive Officer and President of Informix Corporation, an information management software company, from July 1997 to July 1999 and as Chairman of Informix from July 1997 to September 2000. From December 1988 to May 1997, Mr. Finocchio was employed by 3COM Corporation, a global data networking company. Mr. Finocchio also serves as a director of Echelon Corporation. He was previously a director of Palmsource Inc., Pinnacle Systems, Inc., and Sun Microsystems, Inc. We believe Mr. Finocchio's qualifications to sit on our board of directors include his prior experience as a Chief Executive Officer of a technology company, his significant executive management and board experience at public and private companies within some of our end markets, including our largest market, the communications industry, his financial expertise, and his knowledge of the communications, software, and computer industries.

KEVIN MCGARITY has served as one of our directors since March 2004. From 1988 until 1999, he served as Senior Vice President of Worldwide Marketing and Sales for Texas Instruments, Inc., a diversified semiconductor company. In addition, during his career with Texas Instruments, he also had responsibility for Global Semiconductor IT and Quality and spent five years living in Europe in a variety of managerial positions. He currently is a consultant to global companies in the semiconductor industry. Mr. McGarity also serves as a director of Fairchild Semiconductor International, Inc. We believe Mr. McGarity's qualifications to sit on our board of directors include his thirty-eight years of experience in the semiconductor industry as a sales and marketing executive of Texas Instruments and a board member of Fairchild, his knowledge of our sales channels, competitors, and end markets, and his international work experience in Europe and Asia.

T. MICHAEL NEVENS has served as one of our directors since November 2009. From 1980 until 2002, Mr. Nevens held various management positions at McKinsey and Company, including managing partner of the Global Technology Practice. He also served on the board of the McKinsey Global Institute, which conducts research on economic and policy issues. Mr. Nevens is currently a Senior Advisor to Permira, an international private equity fund, and he serves as a director of NetApp, Inc. Mr. Nevens previously served as a director of Broadvision, Inc. and Borland Software, Inc. We believe Mr. Nevens' qualifications to sit on our board of directors include his extensive experience as a consultant to many semiconductor and other high technology companies, his understanding of semiconductor industry business models, economics, segments, and competition, and his experience as a director of other public and private technology companies.

KRISH A. PRABHU has served as one of our directors since May 2008. From 2004 to 2008, Mr. Prabhu served as Chief Executive Officer and President of Tellabs, Inc., a global supplier to the telecommunications industry. He served as a Venture Partner with Morgenthaler Venture Partners, a venture capital buyout firm, from November 2001 to 2004. He also held various executive and senior management roles at Alcatel, an international telecommunications company, from 1991 to 2001. Currently, Mr. Prabhu is an advisor to various companies in the telecommunications and semiconductor industries, and he serves as a director of ADVA AG Optical Networking, Tekelec, Inc. and ADC Telecommunications, Inc. Since January 2011, he has served as Interim Chief Executive Officer of Tekelec, Inc. We believe Mr. Prabhu's qualifications to sit on our board of directors include his experience as a Chief Executive Officer of a communications system company, his extensive knowledge of the communications industry, which is our largest end market, his experience in engineering and as a user of our technology, and his international experience.

JOHN SHOEMAKER has served as one of our directors since March 2007. From 1990 to 2004, Mr. Shoemaker held various executive and senior management roles at Sun Microsystems, Inc., a network computing company. Prior to joining Sun Microsystems, Mr. Shoemaker served in a number of senior executive positions with Xerox Corporation. Mr. Shoemaker is currently a director of Extreme Networks, Inc. He previously served as chairman of the board of SonicWALL, Inc. We believe Mr. Shoemaker's qualifications to sit on our board of directors include his significant executive management and board experience at public and private companies within some of our end markets, his experience in engineering and as a user of semiconductor technology, and his experience in leadership development and succession management.

SUSAN WANG has served as one of our directors since October 2003. In 2002, Ms. Wang retired from her position as Executive Vice President and Chief Financial Officer of Solectron Corporation, a worldwide provider of electronics manufacturing services, where she worked from 1984. She is a certified public accountant. Ms. Wang also serves as a director of Nektar Therapeutics, RAE Systems, Inc. and Suntech Power Holdings Co., Ltd. She previously served as a director of Calpine Corporation and Avanex Corporation. We believe Ms. Wang's qualifications to sit on our board of directors include her extensive executive management, board, and audit committee experience at public and private companies within the technology industry, her financial expertise, her knowledge of manufacturing and supply chains, her familiarity with acquisitions and integrations, and her international experience.

Corporate Governance

We believe that good corporate governance is important to ensure that we are managed for the long-term benefit of our stockholders. Our board of directors has adopted corporate governance guidelines to assist it in fulfilling its responsibilities to stockholders and to our employees, customers, suppliers, and local communities in which we operate.

We have a code of business conduct and ethics that applies to our officers, directors, and employees, and is designed to promote compliance with the laws applicable to our business, accounting standards, and proper and ethical business methods and practices. Additionally, the audit committee has adopted a code of ethics for senior financial officers and certain other employees of the finance department. If we make any material amendments to the code of ethics applicable to our principal executive officer, principal financial officer, principal accounting officer and controller, or persons performing similar functions, or grant any waiver from any provision of the code to any such person, we will promptly disclose the nature of the amendment or waiver on our website at www.altera.com.

Our corporate governance guidelines, together with our current committee charters and the two codes described above, are available, free of charge, in the “Corporate Governance” section of our website at www.altera.com, or by calling our Investor Relations Department at (408) 544-7000, or by writing to us at Investor Relations, Altera Corporation, 101 Innovation Drive, San Jose, California 95134.

Our corporate governance practices are in compliance with the listing requirements of the Nasdaq Global Select Market, or NASDAQ, and the corporate governance requirements of the Sarbanes-Oxley Act of 2002, including:

- The board of directors has adopted clear corporate governance policies;
- Six of the seven directors standing for re-election at the annual meeting are independent of us and our management;
 - The independent directors meet regularly, at least twice a year, without management present;
- All members of the audit committee, compensation committee, and nominating and governance committee are independent directors;
- The board of directors has elected a Lead Independent Director;
- The charters of the board committees clearly establish each committee's respective roles and responsibilities;
- We have a code of business conduct and ethics that applies to all of our officers, directors, and employees;
- We have a code of ethics for senior financial officers that applies to our principal executive officer, principal financial officer, all other officers in the finance department as well as certain other employees of the finance department; and
- We have a hotline available to all employees, and our audit committee has procedures in place for the anonymous submission of any employee complaint, including those relating to accounting, internal controls, or auditing matters.

Board Leadership Structure

The board believes it is currently in the best interests of the stockholders to have our Chief Executive Officer, John Daane, also serve as our Chairman of the Board and to have a Lead Independent Director. Mr. Finocchio, who was elected by the independent directors in executive session, currently serves as our Lead Independent Director. The board believes that having our CEO serve as Chairman of the Board and having a Lead Independent Director helps to foster open and timely communication between the board and management, ensures alignment between the board, management, and stockholders, and also provides significant independent oversight and direction to management. The board of directors also believes that Mr. Daane is in the best position to provide strategic leadership to the board based on his knowledge of the Company, our industry, our competitors, and our customers. Additionally, the board believes that Mr. Daane has established a culture of accountability and transparency at the company which helps to ensure that management is working in the best interests of stockholders.

The role of the Lead Independent Director is to assist the Chairman of the Board in establishing the strategic direction for board discussions and decision making and to act as a liaison between the Chairman of the Board and the other independent directors. In particular, the responsibilities of the Lead Independent Director are to:

- Lead the independent directors in discussions during executive sessions of the independent directors;
- Discuss with the Chairman of the Board, the full board, and/or members of management any issues or concerns raised by the other independent directors;
- Approve, together with the Chairman of the Board, the agendas for board meetings;
- As he or she deems appropriate, provide input regarding the content of board presentation materials to the Chairman of the Board and the Secretary to the Board;
- Recommend to the board the retention of consultants who report directly to the full board;
- Call special meetings of the board of directors and of the stockholders as specified in the company's By-Laws;
- Perform the duties of the Chairman of the Board in the Chairman's absence; and
- Perform such other duties as the board may from time to time delegate to the Lead Independent Director.

Board Oversight of Risk

One of the board's primary responsibilities, which it may execute through one or more of its committees, is to monitor the material risks facing the company and evaluate management's plans for dealing with such risks. While the board has risk oversight responsibility, management is responsible for assessing and managing material risk exposures.

The board of directors provides risk oversight by: (1) discussing and developing a shared understanding with management of the company's philosophy of risk management and appetite for risk; (2) understanding and assessing the company's risk management processes; (3) understanding the company's strategic goals and objectives and assessing how they may be affected by material risk exposures; and (4) receiving regular reports from management on various types of risks and management's processes for managing such risks.

In general, the board of directors directly oversees strategic risks such as those relating to competitive dynamics, end market trends and developments, and changes in macroeconomic conditions. The board also provides risk oversight relating to various operational risks such as risks relating to product development, marketing, sales, and supply chain management. The board has delegated oversight of certain categories of risk to various committees. This delegation is documented in the committees' charters. In particular, the audit committee has risk oversight responsibility relating to financial reporting risk, legal compliance risk, risks relating to treasury operations, tax compliance risk, and risks relating to the security and back up of information systems. The compensation committee has risk oversight responsibility relating to the design and operation of compensation programs, policies, and practices. The nominating and governance committee has risk oversight responsibility relating to the adequacy of succession planning for the CEO and other executive officers as well as for corporate governance risk. The board's role in risk oversight has not had any effect on the board's leadership structure.

Director Diversity

The board does not have a formal policy requiring the nominating and governance committee to consider the diversity of directors in its nomination process. However, the nominating and governance committee seeks to have a slate of candidates for election that represents a diverse set of views, experiences, and backgrounds. Additionally, the nominating and governance committee considers as one factor in its selection of directors the diversity of the board as it relates to race, gender, and national origin.

Director Independence

In accordance with current NASDAQ listing standards, the board of directors, on an annual basis, affirmatively determines the independence of each director and nominee for election as a director, including all elements of independence set forth in the NASDAQ listing standards. The director independence standards are set forth in our corporate governance guidelines, which are available, free of charge, in the "Corporate Governance" section of our website at www.altera.com.

It is the policy of the board of directors that a significant majority of the directors be independent. A director is independent if he/she has no material relationship with us or our affiliates (either directly or indirectly as a partner, stockholder or officer of an organization that has a relationship with us or our affiliates) and meets the standards for independence as defined by applicable law and the rules of NASDAQ. Such relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, among others.

More specifically, a director is not considered independent if:

- he/she is currently employed, or has been employed within the past three years, by us or any of our affiliates; the director (or his/her immediate family member as defined by NASDAQ) accepted compensation from us or any of our affiliates in excess of \$120,000 during any twelve month period within the past three years (other than compensation for board service, retirement plan benefits, or non-discretionary compensation, or compensation paid to a family member who is an employee (other than an executive officer));
- the director has an immediate family member who is, or has been in the past three years, employed by us or any of our affiliates as an executive officer; the director (or his/her immediate family member) is or has been a partner, controlling stockholder or an executive officer of any business to which we made, or from which we received, payments (other than those which arise solely from investments in our securities) that exceed five percent of such entity's consolidated gross revenues for that year, or \$200,000, whichever is more, in any of the past three years;
- the director (or his/her immediate family member) is or has been employed as an executive officer of another entity where any of our executive officers serve on that entity's compensation committee;
- he/she (or his/her immediate family member) is a current partner of our independent registered public accounting firm, PricewaterhouseCoopers LLP, or either the director (or an immediate family member) has been a partner or employee of PricewaterhouseCoopers in the past three years and worked on our audit during that time; or
- the director participated in the preparation of our (or any of our current subsidiaries') financial statements at any time during the past three fiscal years.

The determination of director independence is made during the annual review process; the board considers relationships that the board members (and those of their immediate family members) have with us and our affiliates and other potential conflicts of interest. Based on the most recent review, there were no transactions, arrangements or relationships between us (or our affiliates) and any board member that would impair the independence of any board member.

Currently, six of the seven directors nominated for re-election meet the standards for independence as defined by NASDAQ, with John P. Daane, our Chairman of the Board, President, and Chief Executive Officer, being the only director who is not independent.

Board of Directors and Committees

Board Meetings

During 2010, the board of directors held seven meetings. Each director attended at least seventy-five percent of the aggregate number of meetings of the board of directors and meetings held by all committees of the board on which such director served. Our independent directors hold executive sessions without management present at most meetings of the board of directors. We expect each of our directors to attend the annual meeting every year, unless extenuating circumstances prevent their attendance. All of our then-current directors attended last year's annual meeting.

Stockholder Communications with Board of Directors

Stockholders wishing to communicate with a board member, or the full board, may send a written communication to us, care of the Secretary of the company, at the address of our principal executive offices. Our Secretary will forward the communication to the board or to any individual director or directors to whom the communication is addressed unless the communication is unduly hostile, threatening, illegal, or harassing, in which case our Secretary has the authority to discard the communication or take appropriate legal action regarding the communication.

Committee Membership

Below is a summary of our committee structure and membership information as of March 23, 2011, the date this proxy statement is made available.

Audit Committee

Each of the current members of the audit committee is: (1) “independent” as that term is defined in Section 10A of the Securities and Exchange Act of 1934, as amended, or the Exchange Act; (2) “independent” as defined by current NASDAQ listing requirements; and (3) financially literate and has the requisite financial sophistication as required by NASDAQ rules applicable to issuers listed on NASDAQ. In addition, the board of directors has determined that Susan Wang and Robert J. Finocchio, Jr. each meet the criteria of an “audit committee financial expert” within the meaning of the SEC's regulations. The audit committee held eight meetings during 2010.

The duties of the audit committee are to oversee: (1) the integrity of reported financial results; (2) the quality and adequacy of disclosures; (3) the soundness and effectiveness of our accounting policies and internal control over financial reporting; (4) our compliance with significant applicable financial, legal, and ethical requirements; (5) the independence and performance of our independent registered public accounting firm (“external auditor”) and internal auditors; and (6) communications among the external auditor, internal auditors, financial and senior management, and the board of directors. The audit committee has ultimate authority and responsibility to select, approve the compensation of, evaluate and, when appropriate, replace our external auditor. The audit committee also has the sole authority to hire and review the performance of our Senior Director of Internal Audit and Compliance and to review and approve the scope of internal audit plans. The audit committee has established procedures for: (a) the receipt, retention, and treatment of complaints received by us regarding accounting, internal controls, or auditing matters; and (b) the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters.

Compensation Committee

Each of the current members of the compensation committee is “independent” as defined by current NASDAQ listing requirements. The compensation committee held seven meetings during 2010.

The duties of the compensation committee are to: (1) lead the independent members of the board of directors in a discussion and evaluation of the performance of the CEO on at least an annual basis, (2) evaluate and establish the compensation of the CEO and other executive officers, and (3) evaluate and make recommendations to the board of directors regarding the compensation of directors. In addition, the compensation committee has the sole authority to engage outside advisers to assist in its work, such as compensation consultants.

In 2010, the compensation committee directly engaged Compensia, Inc. as its outside compensation consultant to provide independent advice on executive compensation matters.

Compensation Committee Interlocks and Insider Participation

At no time has John Shoemaker, Kevin McGarity, or Krish A. Prabhu been an officer or employee of the company. In addition, none of our executive officers serves as a member of the board of directors or compensation committee of any company that has one or more of its executive officers serving as a member of our board of directors or compensation committee.

Nominating and Governance Committee

Each of the current members of the nominating and governance committee is "independent" as defined by current NASDAQ listing requirements. The nominating and governance committee held three meetings in 2010.

The duties of the nominating and governance committee are to: (1) identify individuals qualified to become board members and to nominate directors for election; (2) lead the board in its annual review of the performance, size, and membership of the board and its committees; (3) nominate for election by the board the members of each board committee, including the chair of each committee; (4) lead the board of directors in a regular review of succession plans for members of executive management and ensure that the board has in place a succession plan for the CEO; and (5) review and make recommendations to the board concerning corporate governance matters. As part of its annual performance review process, the nominating and governance committee seeks input from each board member regarding the performance of individual directors, each committee, and the board as a whole. The committee reports this information to the board and also takes into account the results of this annual performance review in its decisions regarding director nominations.

Director Compensation

We pay our non-employee directors an annual retainer for board and committee service. The annual retainers are targeted so that total cash compensation approximates the 50th percentile of the peer companies listed in the "Compensation Discussion and Analysis -- Process" section on page 21. The payment schedule applicable to board and committee service is described more fully in the chart below. The retainer payments are made on the date of each year's annual meeting of stockholders and are pro-rated if a director's service begins subsequent to the date of the annual meeting.

Annual Retainer

Equity Compensation

Described in further detail below

(1) Effective November 1, 2010, retainer payments to the Chairman of the Compensation Committee and the Lead Independent Director were increased from \$13,000 to \$15,000, and from \$5,000 to \$20,000, respectively.

Pursuant to our 2005 Equity Incentive Plan, which we refer to as the 2005 Plan, at the discretion of the compensation committee, when a non-employee director joins the board, he/she may be granted either: (i) up to a maximum number of restricted stock units, which we refer to as RSUs, and/or a restricted stock grant having an aggregate fair market value (i.e., the closing price of our common stock on the date of grant, as reported on NASDAQ) equal to \$300,000, or (ii) up to a maximum aggregate number of 40,000 stock option shares and/or stock appreciation rights, which we refer to as SARs.

Following the date of each annual stockholders meeting, each non-employee director who is re-elected may be granted, at the discretion of the compensation committee, either: (i) up to a maximum number of RSUs and/or a restricted stock grant having an aggregate fair market value equal to \$150,000, as measured on the date of grant, or (ii) up to a maximum aggregate number of 20,000 stock option shares and/or SARs.

RSUs and restricted stock grants vest and are exercisable as determined by the compensation committee, provided that RSUs and restricted stock vest over a minimum of three years as measured from the date of grant. The term of any stock option and/or SAR grant is ten years. The exercise price of any stock option and/or SAR grant is equal to the fair market value of our stock on the grant date. Non-employee directors are also eligible to receive other types of awards under the 2005 Plan (including bonus stock), but such awards are discretionary and are not automatic.

In February 2008, the board adopted stock ownership guidelines that provide that each director should own, within five years of the institution of the requirement, 5,500 shares of our common stock. The guidelines provide that an individual may request that the compensation committee suspend the ownership guidelines based on personal hardship.

The following table summarizes the total compensation received by each of our directors in 2010. Our directors do not receive fringe or other benefits.

(1) Mr. Daane, our Chairman of the Board, President, and Chief Executive Officer, does not receive any compensation for his service as a member of the board of directors.

(2) The amounts in columns (c) and (d) reflect the grant date fair value of RSU and stock option awards, respectively. These amounts reflect the value determined by the company in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 718, for accounting purposes, and do not reflect whether the recipient has actually realized a financial benefit from the award. Pursuant to SEC rules, these amounts exclude the impact of estimated forfeitures related to service-based vesting conditions.

The following table sets forth information with respect to stock option grants and RSU awards made during 2010 to our directors. The vesting schedule and grant term is described in further detail in the “Director Compensation” section on page 12.

(1) Represents the number of RSUs awarded to each director pursuant to our 2005 Plan.

(2) Represents the number of non-statutory stock options granted under our 2005 Plan.

(3) The exercise price for the stock option grant shown here is the fair market value (i.e., the closing price) of our common stock on the date of grant, as reported on NASDAQ.

(4) Represents the aggregate grant date fair value of each stock option grant and/or RSU award, as applicable, computed in accordance with FASB ASC Topic 718. Pursuant to SEC rules, these amounts exclude the impact of estimated forfeitures related to service-based vesting conditions. For information on valuation assumptions, see Note 12 to our 2010 Consolidated Financial Statements included in our Annual Report.

Nominating and Governance Committee Report

The nominating and governance committee operates under a written charter adopted by our board of directors. The charter is available in the “Corporate Governance” section of our website at www.altera.com, or by calling our Investor Relations Department at (408) 544-7000, or by writing us at Investor Relations, Altera Corporation, 101 Innovation Drive, San Jose, California 95134.

Nomination of Directors

The nominating and governance committee nominates candidates for election to the board based on an evaluation of the candidate's decision-making ability, business experience and expertise, technological background, personal integrity, reputation, ability and willingness to devote the necessary time to board service on an ongoing basis, and independence as defined by NASDAQ listing standards. The nominating and governance committee also seeks to have a slate of candidates for election that represents a diverse set of views, experiences, and backgrounds. Additionally, the nominating and governance committee considers as one factor in its selection of directors the diversity of the board as it relates to race, gender, and national origin. The nominating and governance committee also reviews the activities and associations of potential candidates to ensure that there is no legal impediment, conflict of interest, or other consideration that might hinder or prevent a potential candidate from fulfilling the duties of a director. When the nominating and governance committee considers nominating current members of the board of directors for re-election, it reviews each member's contributions to the board, knowledge of the company and issues presented to the board, and preparation for and participation in meetings. This review is part of the board evaluation process discussed on page 12.

The nominating and governance committee has retained Russell Reynolds Associates, Inc. since August 2006 to assist in identifying and evaluating potential director candidates.

The nominating and governance committee will consider prospective nominees proposed by stockholders based on the same criteria it uses for all director candidates. Any stockholder who wants to recommend a prospective nominee should submit the following information to the nominating and governance committee, care of our Secretary, at the address of our principal executive offices, within the timeframe described below under the caption “Stockholder Proposals”:

- Biographical information about the candidate and a statement about his/her qualifications;
Any other information required to be disclosed about the candidate under SEC proxy rules (including the
- candidate's written consent to being named in the proxy statement and to serve as a director, if nominated and elected);
- The names and addresses of the stockholder(s) recommending the candidate for consideration and the number of shares of our common stock beneficially owned by each and the length of ownership; and
- Any affiliation between the candidate and the stockholder(s) recommending the candidate.

Greater detail about the submission process for stockholder proposals is set forth in our by-laws, a copy of which may be obtained by making a written request to our Secretary at the address of our principal executive offices.

We have not received a qualifying director nominee recommendation from any stockholder (or group of stockholders) that beneficially owns more than five percent of our common stock.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section describes the compensation programs for our CEO and CFO in fiscal year 2010, as well as each of our three most highly compensated executive officers employed at the end of fiscal year 2010, all of whom we refer to collectively as our named executive officers or NEOs. Our named executive officers for fiscal year 2010 are:

- Chairman of the Board and CEO, John P. Daane;
- Senior Vice President, Finance and Chief Financial Officer, Ronald J. Pasek;
- Senior Vice President, Marketing, Danny K. Biran;
- Senior Vice President, Research and Development, Misha R. Burich; and
- Senior Vice President, Worldwide Operations and Engineering, William Y. Hata.

Executive Summary

Our compensation programs are intended to align our named executive officers' interests with those of our stockholders by rewarding performance that meets or exceeds the goals the compensation committee establishes with the objective of increasing stockholder value. Our named executive officers' total compensation is comprised of a mix of base salary, annual incentive compensation, and long-term incentive awards. In line with our pay for performance philosophy, the total compensation received by our named executive officers will vary based on individual and corporate performance measured against annual performance goals. Additionally, because a large percentage of our named executive officers' pay is comprised of equity compensation, their pay increases with increases in our stock price.

We delivered outstanding financial results for fiscal year 2010. The company's revenues grew to \$1.95 billion, an increase of 64% over the prior year. Net income increased to \$783 million in 2010, an increase of 212%. The company's strong earnings and cost reduction focus helped drive a cash balance at year end 2010 of \$2.8 billion, an increase of \$1.2 billion over the prior year-end. The company's total shareholder return over the prior 1-, 3-, and 5-year periods was 58%, 89%, and 99%, respectively.

Our fiscal year 2010 corporate performance was a crucial factor in the compensation outcomes for fiscal year 2010 and the compensation committee's 2011 compensation decisions:

- Operating margin is the key metric for annual incentive awards. Performance with respect to this metric was above target and resulted in annual incentive awards between target and maximum for the NEOs.
- Long-term incentives make up a significant portion of each of the NEO's compensation and the value of their equity awards is directly linked to the performance of our stock.

Based on our review of competitive positioning relative to our peer group, we increased the fiscal year 2010 salaries of Messrs. Daane, Biran, and Hata and the fiscal year 2011 salary of Mr. Biran. Prior to this, Mr. Daane had not received a salary increase since 2003. Mr. Biran last received a salary increase in 2009, Mr. Hata in 2008, and Mr. Burich in 2003.

We made an adjustment to our compensation programs for fiscal year 2011 to further align our executive compensation structure with our stockholders' interests by adding a revenue growth measure to our 2011 Bonus Plan. In addition to strong operating results, profitable, sustained growth is a fundamental objective of our board of directors, management, and stockholders. For 2011, we reflected this priority in our bonus plan by introducing revenue growth as a second company performance measure with a 25% weighting, while continuing to emphasize operating margin targets with a 75% weighting. The performance minimums, targets, and maximums for 2011 are set forth below.

Performance Targets	Operating Margin	Revenue Growth	
Minimum	27	% 3	%
Target	32	% 8	%
Maximum	37	% 13	%

Each company performance measure works independently to drive 2011 Bonus Plan payouts. For example, if the company were to miss the 3% minimum threshold for revenue growth, but meet or exceed the 27% threshold for operating margin, the 2011 Bonus Plan would still fund, on a weighted basis, at the rate dictated by the level of operating margin performance. These two factors in combination with individual performance could drive payouts under the 2011 Bonus Plan up to the 250% maximum payout.

The changes we made to our compensation program for fiscal year 2011 build upon our solid existing compensation governance framework and strong pay for performance practices, which are exemplified by:

- A “no-hedging” policy in our insider trading policy that prohibits our directors, named executive officers, and other executive officers from hedging the economic interest in the Altera shares they hold.
- The absence of perquisites and tax gross-ups, except for potential gross-ups related to relocation expenses.
- Our review of the external marketplace and succession planning in making compensation determinations.
- The compensation committee's engagement of its own independent consultant that does not provide any services to management and has no prior relationship with any of our NEOs.
- An absence of any NEO employment, severance or change-in-control agreements.

Compensation Philosophy and Objectives

The compensation committee is responsible for establishing all elements of our executive pay plans in consultation with the board of directors and its outside compensation consultant. Our compensation philosophy is developed around the fact that we are in a highly competitive global industry that competes for the best talent on a worldwide level. Continuing to develop and bring to market the products that drive our financial performance requires that we attract, motivate, and retain the best people possible on a worldwide basis. The compensation committee also seeks to establish compensation plans that drive shareholder value and that do not encourage excessive risk-taking. Consequently, when reviewing executive compensation programs each year, the compensation committee seeks to incentivize achievement of both short-term and long-term performance goals, such as achieving annual financial targets in the former case, and achieving stock price appreciation in the latter case. Due to the highly cyclical nature of the semiconductor industry, this may lead to years where financial results drive lower bonus and equity compensation, despite excellent individual performance. Conversely, in years of rapid growth combined with high individual and company performance, the bonus and equity results may be higher. The compensation committee strives to balance the company's short-term financial and operational results with the longer-term strategic decisions needed to maintain the company's growth and achieve long-term goals.

The primary objectives of Altera's executive compensation program are to:

- attract, motivate, and retain highly qualified executives;
- align management and stockholder interests by tying a substantial percentage of executives' compensation, in the form of cash and long-term equity incentives, to the financial performance of the company (i.e., “pay for performance”);
- reward superior performance by basing decisions regarding cash incentive compensation on the overall performance of executives, including performance against individual and group goals; and
- compensate executives at levels competitive with peer companies.

In general, the types of compensation and benefits provided to our named executive officers, all of whom we refer to collectively as our named executive officers, or NEOs, are equivalent to those provided to most other employees, and include salary, cash bonuses, equity compensation, and other benefits. The amount and mix of compensation differs, however, depending on an employee's position, level of responsibility, experience, and performance.

The compensation committee is responsible for implementing our executive compensation program. The committee does not have a pre-established policy or target for allocating between either cash and equity or short-term and long-term incentive compensation, nor do its decisions regarding one component of compensation necessarily influence decisions regarding other components. However, as an executive's level of responsibility increases, the percentage of total compensation represented by variable, incentive compensation increases; the CEO's percentage is the highest. Additionally, while the compensation committee considers internal equity in setting compensation, the

company did not have formal internal equity guidelines applicable to 2010. The majority of executives' total compensation historically has been provided in the form of long-term equity incentives because the compensation committee believes that this is the most effective way to align executives' interests with those of our stockholders.

Process

On an annual basis, the compensation committee: (1) leads the independent members of the board of directors in a discussion and evaluation of the performance of the CEO, (2) evaluates and establishes the compensation of the CEO based on the CEO's self-assessment and the independent directors' assessment of the CEO's performance, and (3) evaluates and establishes the compensation of each executive officer based on his or her self-assessment, the recommendation of the CEO, and the committee's own assessment of the performance of each executive officer. The compensation committee makes compensation decisions for the other executive officers in the same way and using similar factors as with respect to the CEO.

Compensation decisions related to our annual performance review process are made based in part on an evaluation of the executive's contributions and performance, including achievement of individual and group goals that are established by each executive officer and reviewed with the board of directors prior to the start of the fiscal year. At the end of the year, each executive officer prepares a self-assessment of his or her performance against goals and on other accomplishments, which is presented to the board of directors. Additionally, the CEO provides input to the compensation committee on the performance of each executive officer.

In establishing and changing compensation paid to our executive officers, the compensation committee compares each element of compensation (salary, bonus, and equity) paid to each executive officer to the compensation paid to executives in similar positions at the peer companies listed below. This comparison is based on data from the Radford Global Technology Survey, which we refer to as the Radford Survey, and, where available, reported proxy data. The Radford Survey data and peer proxy data for our peer companies has certain limitations which make exact comparisons between compensation of similar executive officer positions difficult. For example, not all of our peers have the same set of executive officers and executive officer duties and responsibilities may vary from one company to another. Second, except in the case of our CEO and CFO, the executive officer positions that are within the top five highest paid executives (the so-called NEOs) vary from one company to another. Additionally, in some cases, our peers do not report to the survey the values for certain elements of compensation for certain officers. Finally, actual equity compensation values (as opposed to Black Scholes values) are difficult to compare because values are effected greatly by the grant date and the form of compensation. For example, RSUs have value at the date of grant, whereas stock options will have value only if the stock price appreciates after the grant date. Because of these limitations in the peer proxy and survey data, the compensation committee also takes into account Radford Survey data for a larger list of companies and other competitive compensation information provided by the committee's compensation consultant. For 2011 compensation changes, the compensation committee also considered the Radford Survey data for high technology companies with revenues between \$1 and \$3 billion.

In making recommendations to the compensation committee regarding the compensation of other executive officers, the CEO takes into account the data discussed in the previous paragraph together with his evaluation of the individual and relative performance of executive officers, the individual's scope of responsibility at and contributions to the company, the executive officer's experience, and the similarity or dissimilarity of responsibilities between the company's executive officer and peer company executives. The CEO's recommendations are generally approved by the compensation committee with minor adjustments.

The committee believes that it must maintain flexibility and judgment in making compensation decisions in light of the inherent limitations of competitive compensation data, in order to retain the best talent, and to reward superior performance. While the compensation committee generally targets total cash compensation to fall between the 50th and 75th percentile of the total cash compensation paid to executives at peer companies, actual total cash compensation paid may be above or below the targeted range due to a number of factors including but not limited to: company and individual performance; differences in responsibilities between executives at peer companies; executives' experience and tenure with the company; an executive's performance and contributions relative to other

executives at the company; and succession planning concerns. The compensation committee generally targets equity compensation to fall between the 50th and 75th percentile of the equity compensation paid to executives at peer companies, but the value of equity compensation grants to particular executives may be above or below the targeted range due to the factors listed above with regards to total cash compensation as well as the following additional factors: perceived limitations in the compensation survey data as it relates to equity compensation; the executive's potential future contributions to the company; the executive's expected tenure; and the retention value, or holding power, of existing equity compensation grants.

The companies that comprise our peer group are:

- Analog Devices, Inc.
- Atmel Corporation
- Autodesk, Inc.
- Brocade Communications Systems
- Cadence Design Systems, Inc.
- Fairchild Semiconductor International, Inc.
- KLA-Tencor Corporation
- Lam Research Corporation
- Linear Technology Group Ltd.
- LSI Corporation
- Marvell Technology Group Ltd.
- Maxim Integrated Products, Inc.
- Memc Electronic Materials, Inc.
- Microchip Technology, Inc.
- National Semiconductor Corporation
- Novellus Systems, Inc.
- Nvidia Corporation
- On Semiconductor Corporation
- Spansion, Inc.
- Synopsys, Inc.
- Teradyne, Inc.
- Xilinx, Inc.

The compensation committee reviews the composition of the peer group annually to ensure that the companies remain relevant for comparative purposes. The following criteria were used to develop the peer group for 2011 compensation decisions: each company must be an independent public corporation, headquartered in the U.S., within the semiconductor industry with revenues between \$1 billion and \$5 billion, or a business related to the semiconductor industry with revenues between \$1 billion and \$3 billion. As a result of the 2011 peer group review, the compensation committee removed Broadcom Corporation, Cypress Semiconductor Corporation, Intersil Corporation, Mentor Graphics Corporation, and Sandisk because these companies no longer satisfied the revenue criteria.

In 2010, the compensation committee directly engaged Compensia, Inc. as its outside compensation consultant to provide independent advice on executive compensation matters. Compensia provided insight into a wide range of external market factors, including: (1) current compensation trends; (2) market survey data and peer group practices; and (3) general observations on our executive compensation program, including program design alternatives. No member of the compensation committee has any affiliation with Compensia.

Components of Compensation

Our compensation program for executive officers, including named executive officers, consists of three elements: base salary, annual cash bonus, and long term equity incentive compensation, which are summarized in the table below.

Compensation element	Key features	Purpose
Base salary	Fixed cash compensation that is based on scope of responsibilities, performance, experience, and competitive pay practices	Provides a fixed, baseline level of compensation
Cash incentive compensation	Cash payment tied to company and individual performance during the fiscal year. Includes any discretionary cash bonus in addition to annual cash incentive compensation	Rewards Altera's achieving or exceeding annual performance objectives and individual contributions to the company's performance; discretionary bonuses in addition to annual cash incentive compensation reward exceptional contributions to the company's success and provide competitive compensation to attract and retain highly qualified executives
Long term equity compensation	Equity compensation in the form of stock options and/or RSUs.	Attracts, retains, and motivates executives to build stockholder value over the life of the stock options and RSUs and provides retention value over the vesting term of the RSUs

Overview of 2010 Bonus Plan

In February 2010, the compensation committee adopted a bonus plan applicable to 2010, which we refer to as the 2010 Bonus Plan. The purpose of the 2010 Bonus Plan was to promote the interests of the company and stockholders by providing financial rewards upon achievement of specified business objectives, as well as to help us attract and retain key employees by providing compensation opportunities linked to performance results.

All of our executive officers were eligible to participate in the 2010 Bonus Plan. Payouts under the 2010 Bonus Plan were determined at the sole discretion of the compensation committee. In exercising its discretion, the compensation committee took into account (1) the company's operating income as a percentage of revenue for 2010, which we refer to as operating margin or the financial performance metric, (2) the individual's target bonus percentage, and (3) the individual's performance during the year. Operating margin was defined as earnings before income, interest expense, and taxes (including the expense associated with the payout under the 2010 Bonus Plan) divided by net sales. The compensation committee has discretion to exclude significant, non-recurring items, as well as amounts attributable to Altera's non-qualified deferred compensation plan, from the calculation of the financial performance metric.

Significant non-recurring transactions are defined as items that could have a material effect on the outcome of the calculated bonus, are unusual in nature and occur infrequently. For purposes of the calculation, items are deemed to have a material effect if they have a positive or negative impact on operating margin income of greater than 1% of net sales or \$10 million for the full year impact (net of any resulting dollar savings) of each type of unusual or infrequently occurring item (whether they occur in one or more transactions). Unusual in nature refers to those transactions or events that possess a high degree of abnormality and are of a type clearly unrelated to, or only incidentally related to, the ordinary and typical activities of Altera and the industry. Examples of significant, non-recurring items that the compensation committee may elect to exclude from the calculation of the operating margin metric include, but are not limited to, the following: (1) restructuring charges as defined by United States Generally Accepted Accounting Provisions, or US GAAP; (2) business combinations as defined by US GAAP;

(3) asset impairment or discontinuation of operations recognized under US GAAP; and (4) earthquake, tsunami, flood, hurricane, typhoon, or fire resulting in an expense recognized under US GAAP.

The financial performance metric determined a potential payout percentage, as specified in the table below.

Operating Margin	Potential Payout Percentage
Less than 22	0
22	10
23	30
24	50
25	70
26	95
27	100
28	110
29	120
30	140
31	170
32 or higher	200

In January 2011, the compensation committee certified that the financial performance metric for 2010 was 44.4%, which resulted in a potential payout percentage of 200%. The compensation committee did not exclude from the calculation of the financial performance metric any significant, non-recurring items, other than the amounts attributable to our non-qualified deferred compensation plan.

The compensation committee multiplied the potential payout percentage by the individual's target bonus percentage and then increased or decreased that bonus percentage based on an evaluation of the individual's performance, as described further below. The target bonus percentages varied depending on the executive's position and level of responsibility within the company. Payouts under the plan were capped at two times the applicable target bonus percentage. The target and maximum bonus percentages in 2010 were: (1) 125% and 250%, respectively, in the case of our CEO; and (2) 60% and 120%, respectively, in the case of our other named executive officers. The final bonus percentage was then multiplied by the individual's 2010 salary and rounded up or down slightly to arrive at a 2010 Bonus Plan payout.

The compensation committee evaluated the performance of the CEO and each executive officer in order to determine a 2010 Bonus Plan payout. In evaluating performance, the compensation committee considered, among other factors, performance against individual and group goals that were generally established prior to the start of the fiscal year.

However, in some cases, non-financial goals were added or eliminated after the start of the fiscal year due to changes in responsibilities or changes in corporate goals or priorities. Goals were not modified after the start of the fiscal year to compensate for unexpected changes in the company's financial performance. Our named executive officers' 2010 goals fell within the following categories:

- Market share and financial goals. The goals in this category identified matters such as specific customers,
 - (1) categories of customers, and end market sub-segments we were targeting in order to increase revenue and market share vis-à-vis our competitors. They also related to achievement of key business metrics.
 - (2) Sales and marketing plans, strategies, and campaigns. Many of the goals within this category related to our plans and strategies for increasing design wins that would result in future revenues.
- Planned improvements in business processes, compliance, and profitability. The goals represented by this
 - (3) category included efficiency improvements in a broad range of business processes as well as financial compliance and controllership.
 - (4) Product development plans and schedules. The goals within this category related to the timing of and contingencies for the development and release of future products.
- Personnel and organizational matters. The goals within this category related to the individuals and departments
 - (5) that comprised our internal organization, including but not limited to succession planning, retention, and employee-development plans.

We are not disclosing the specific goals and objectives within the above categories because we believe such disclosure would cause us competitive harm in that it would reveal confidential future business plans and objectives. Nor are we disclosing the weightings that applied to the goals; such information is confidential and would cause future competitive harm since the weightings indicate the priority we place on certain activities or programs. Moreover, such information is potentially misleading because an executive may have more than one goal within the above categories; as a result, the weighting applied to a particular category of goals would in fact be an accumulation of the weightings applied to individual goals.

The degree of difficulty for a named executive officer to achieve his target bonus can be seen by looking at historical results. Achievement against the financial metrics has varied considerably over the past several years and achievement against individual goals varies year to year and between executives. Our operating margin (including equity expense and excluding amounts attributable to our non-qualified deferred compensation plan) was 29.6% in fiscal year 2008, 25.5% in fiscal year 2009, and 44.4% in fiscal year 2010. Operating margin in 2010 increased substantially from 2009 as a result of considerably higher revenues. As a consequence, bonus payouts were substantially higher in 2010 than in 2009, which is in line with our pay for performance philosophy. The table below indicates the actual payouts received (as a percentage of base salary) under the 2010 Bonus Plan and under prior non-equity incentive plans that had financial and individual performance metrics comparable to those in the 2010 Bonus Plan. The variation in payouts from year to year is consistent with the compensation committee's policy of tying variable, incentive compensation to the company's financial performance as well as individual performance.

(1) Based on operating income as a percentage of revenue (including equity expense and excluding amounts attributable to our non-qualified deferred compensation plan) of 44.4%.

(2) Subject to Maximum Payout Percentage of 250% of base salary, in the case of our CEO, and 120% in the case of our other NEOs.

(3) Amounts are rounded and are reflected in column (g) of the "Summary Compensation Table" on page 30. Overview of 2011 Bonus Plan

In February 2011, the compensation committee adopted a bonus plan applicable to 2011, which we refer to as the 2011 Bonus Plan. The purpose of the 2011 Bonus Plan is to promote the interests of the company and its stockholders by providing key employees with financial rewards upon achievement of specified business objectives, as well as to help the company attract and retain key employees. The actual payouts will be determined in the sole discretion of the compensation committee. In exercising this discretion, the committee will take into account: (1) the company's operating income as a percentage of revenue for 2011, which we refer to as the operating margin metric, (2) the company's percent of revenue growth (as measured by net sales) in 2011 as compared to 2010, which we refer to as the revenue growth metric and collectively with the operating margin metric, the financial performance metrics, and (3) the individual's performance during the year.

The operating margin metric and the revenue growth metric will each determine a financial performance metric potential payout percentage (as specified in the table below) that may be earned by an individual. The compensation committee will then have the discretion to increase, decrease or eliminate the amount payable under the 2011 Bonus Plan based on the executive officer's performance during the year, including his or her performance against goals that have been approved by the compensation committee.

For purposes of determining the operating margin metric, "operating income" is defined as earnings before interest and other income, interest expense, and taxes (including the expense associated with the 2011 Bonus Plan payout) divided by net sales.

For purposes of determining the operating margin metric and the revenue growth metric, "net sales" is defined consistently with the convention used in Altera's reporting to the U.S. Securities and Exchange Commission. The compensation committee has discretion to exclude significant, non-recurring items, as well as amounts attributable to Altera's non-qualified deferred compensation plan, from the calculation of the financial performance metrics. Significant non-recurring transactions are defined as items that could have a material effect on the outcome of the calculated bonus, are unusual in nature and occur infrequently. For purposes of the calculation, items are deemed to have a material effect if they have a positive or negative impact on net sales or operating margin income of greater than 1% of net sales or \$10 million for the full year impact (net of any resulting dollar savings) of each type of

unusual or infrequently occurring item (whether they occur in one or more transactions). Unusual in nature refers to those transactions or events that possess a high degree of abnormality and are of a type clearly unrelated to, or only incidentally related to, the ordinary and typical activities of Altera and the industry. Infrequency of occurrence refers to events or transactions of a type that would not reasonably be expected to recur in the foreseeable future based

on the nature of the company's normal operations and the industry. Examples of significant, non-recurring items that the compensation committee may elect to exclude from the calculation of the Financial Performance Metrics include, but are not limited to, the following: (1) restructuring charges as defined by United States Generally Accepted Accounting Provisions, or US GAAP; (2) business combinations as defined by US GAAP; (3) asset impairment or discontinuation of operations recognized under US GAAP; and (4) earthquake, tsunami, flood, hurricane, typhoon, or fire resulting in an expense recognized under US GAAP.

A 2011 Bonus Plan payout percentage will be determined for each executive officer according to the following formula:

$(\text{Operating Margin Metric Payout Percentage} * 75\%) + (\text{Revenue Growth Metric Payout Percentage} * 25\%)$

* Bonus Target Percentage = Bonus Payout Percentage

The 2011 Bonus Plan payout percentage will then be multiplied by the executive officer's base salary to determine a potential bonus payout amount. As with the 2010 Bonus Plan, each named executive officer's payout is determined based in part on his or her target bonus percentage, which varies depending on the executive officer's position and level of responsibility within the company, and is subject to a cap of 2.5 times the target percentage. The target and maximum payout percentages are: (1) 125% and 312.5%, respectively, in the case of our CEO, and (2) 75% and 187.5%, respectively, for our CFO and other named executive officers.

The potential payout percentages are shown in the table below (if the results of the financial performance metric fall between the amounts indicated, the potential payout percentage will be calculated on a proportional basis).

Overview of Equity Compensation for 2010

RSUs were granted to each of our named executive officers in 2010 in recognition of the value of their significant contributions to the company and our interest in retaining their services. The number of shares covered by the grant was based on individual performance, peer group data, and the compensation committee's assessment of the retention value of existing equity grants. The difference in the value of the equity grants made to our named executive officers was based on competitive peer group data for their respective positions as well as the compensation committee's assessment of each executive's potential future contribution to the company. Vesting as to 70% of the total RSUs granted was contingent on (i) the company achieving net income (including equity compensation expense) from continuing operations as a percentage of net sales of 17% or greater in 2010 (referred to as the financial performance metric), and (ii) the NEO satisfying certain service requirements (i.e., continued employment with the company over a four-year vesting period). We refer to this 70% portion of the total RSUs granted as the performance-based RSUs. Vesting of the remaining 30% of the total RSUs granted is contingent on the NEO's continued employment with the company over a four-year vesting period. We refer to this 30% portion of the total RSUs granted as the service-only RSUs. In February 2011, the compensation committee certified that the financial performance metric had been met.

Overview of Equity Compensation for 2011

For 2011, a mix of RSUs and stock options were granted to our CEO, CFO, and other NEOs in order to incentivize both retention and stock appreciation. These equity awards were granted in recognition of the value of their significant contributions to the company and our interest in retaining their services. The mix and number of shares covered by each RSU and option grant was

27

based on individual performance, peer group data, and the compensation committee's assessment of the retention value of existing and new equity grants. The difference in the value of the equity grants made to our named executive officers was based on competitive peer group data for their respective positions, as well as the compensation committee's assessment of each executive's potential future contribution to the company. Vesting of the RSU and stock option grants is contingent on the named executive officer's continued employment with the company over a four-year vesting period.

The compensation committee authorized the following RSU and stock option grants for 2011. With the exception of Mr. Daane's retention grants discussed below, the grant date of all RSUs and stock options was February 25, 2011; the first vesting date is July 31, 2012.

Name	Total RSUs and Options Granted	RSUs	Options
John P. Daane (1)	762,000	402,000	360,000
	238,000	98,000	140,000
Ronald J. Pasek	62,000	26,000	36,000
Misha R. Burich	40,000	40,000	—
Danny K. Biran	104,000	43,000	61,000
William Y. Hata	88,000	36,000	52,000

(1) As further described below, Mr. Daane received a special retention grant of 402,000 RSUs and 360,000 stock options in addition to the 98,000 RSUs and 140,000 stock options that he received as part of his 2010 performance evaluation and 2011 compensation changes.

Mr. Daane's grant is proportionally larger than the grants made to our other named executive officers because the compensation committee decided to make a special retention grant to Mr. Daane in recognition of his substantial contributions during his ten- year tenure to our growth and profitability, as well as his potential future contributions. The compensation committee believed it was in the company's best interest to retain Mr. Daane's services for the next several years so the committee decided to award 402,000 RSUs and 360,000 stock options, which we refer to collectively as the retention grants. The retention grants are included in the table above. The retention grants have a grant date of February 25, 2011 and will vest in four equal annual installments commencing February 25, 2012.

2010 Discretionary Bonus

The compensation committee decided to award a special bonus in the amount of \$1.125 million to our CEO in recognition of his substantial contributions to the company during his ten-year tenure, which had a significant impact on our 2010 financial results. This award was entirely discretionary and was not based on achievement of particular goals, nor was the amount determined with reference to any specific financial or other metric.

Other Benefits

Executive officers are eligible to receive benefits at the same level generally available to our U.S.-based employees. These benefits include: employee stock purchase plan, non-qualified deferred compensation plan, medical benefits, life and accident insurance, and an annual 401(k) plan matching contribution of \$4,000. We do not provide any other perquisites to our executive officers that are not made available to other employees.

Stock Ownership Guidelines

In February 2008, the board of directors adopted stock ownership guidelines that provide that the CEO and CFO should own, within five years of the institution of the guideline or five years of beginning employment, 100,000 and 15,000 shares, respectively, of common stock in the company. An individual may request that the compensation committee suspend the ownership guidelines based on personal hardship. The board put the guidelines in place to align the interests of management with those of our stockholders, with the belief that the CEO and CFO have the greatest ability to influence our long-term growth and profitability. As of the record date, our CEO owned 386,881 shares (not including shares that he has the right to acquire within sixty days of the record date or shares that are subject to further vesting requirements), thereby meeting the guidelines. Our CFO joined us in late December 2009, and as of the record date, he owned 725 shares of common stock in the company.

Other Compensation Considerations

Deductibility of Executive Compensation

Under Section 162(m) of the Internal Revenue Code of 1986, as amended, which we refer to as the Code, we may not receive a federal income tax deduction for compensation paid to our CEO and our three most highly compensated employees, excluding the CFO, (referred to in the Code as “covered persons”) to the extent that any of these persons receive more than \$1,000,000 in compensation in any one year. However, if we pay compensation that is “performance-based” under Section 162(m), we can receive a federal income tax deduction even if such compensation exceeds \$1,000,000 in a single year, subject to certain conditions. Our 2005 Equity Incentive Plan is structured so that performance-based equity compensation deemed paid to covered persons in connection with the exercise of stock option grants and performance-based RSUs made under the plan will qualify as performance-based compensation that will not be subject to the \$1,000,000 limitation. Although the compensation committee generally seeks to structure compensation payable to covered persons to meet the deductibility requirements under Section 162(m), in order to maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the compensation committee has not adopted a policy that all compensation payable to covered persons must be deductible on our federal income tax returns. In addition, the committee cannot ensure that compensation intended to qualify for deductibility under Section 162(m) will in fact be deductible because: (1) a number of requirements must be satisfied in order for the compensation to qualify; and (2) uncertainties as to the application and interpretation surrounding this section currently exist.

Accounting for Stock-Based Compensation

We account for stock-based awards made to all employees and non-employee directors, including stock options, RSUs, and stock purchase rights granted pursuant to our equity compensation and stock purchase plans, in accordance with the requirements of FASB ASC Topic No. 718.

Summary of Named Executive Officer Compensation

Base salaries for some of our named executive officers, as reflected in column (c) of the “Summary Compensation Table” below, increased from 2009 to 2010 in order to keep those individuals' salaries competitive with their peers. As noted above, while maintaining some degree of flexibility and judgment, the compensation committee generally targets total cash compensation to fall between the 50th and 75th percentile of our peer group. Actual total cash compensation paid to our NEOs for 2010 (2010 salary and payouts under the 2010 Bonus Plan) was above this target range as a result of the company's outstanding financial performance.

The amounts shown in column (d) in the below table reflect discretionary bonuses. Mr. Daane's discretionary bonus was made in connection with the committee's recognition of his substantial contributions to the Company over the past ten years, which contributed to the Company's outstanding financial performance in 2010.

The amounts shown in columns (e) and (f) are for RSUs and stock options. All equity grants are described in further detail in the “Grants of Plan-Based Awards During 2010” table on page 31.

Amounts listed in column (g) represent cash incentive awards pursuant to our 2010 Bonus Plan (described in further detail in the “Grants of Plan-Based Awards During 2010” table on page 31) that our named executive officers received for 2010 performance.

The following table summarizes the total compensation paid to each of our named executive officers, comprised of our CEO, CFO, and our three other most highly compensated executive officers who were serving as executive officers at the end of 2010.

(1) Amounts shown in columns (e) and (f) reflect the grant date fair value of awards granted in accordance with FASB ASC Topic No. 718. These amounts do not represent the actual amounts paid to or realized by the NEOs during fiscal 2010. The grant date fair value of the performance-based RSUs included in these amounts also represents the maximum fair value (assuming that all performance conditions will be achieved). See Note 12 of our footnotes to the Consolidated Financial Statements in the company's Annual Report on Form 10-K for additional information. Details of 2010 stock awards can be found in the table "Grants of Plan-Based Awards." Details regarding the 2010, 2009 and

2008 stock awards that are still outstanding can be found in the table "Outstanding Equity Awards at Fiscal Year End."

(2) Represents a discretionary bonus to Mr. Daane for his substantial contributions during his ten-year tenure with the company.

(3) Mr. Pasek became CFO in fiscal 2009 and, consequently, no fiscal 2008 compensation amounts are provided.

(4) Mr. Pasek's annual base salary for fiscal 2009 was \$400,000. The amount shown in column (c) is less than his annual salary because his date of hire was in late December 2009.

(5) Represents a hire-on bonus.

(6) Mr. Pasek joined the company in late December 2009 and was not eligible to participate in the 2009 Bonus Plan.

(7) Danny Biran is a named executive officer in fiscal 2010, but was not in 2009 and 2008; consequently, disclosure of his fiscal 2009 and 2008 compensation is not required.

(8) William Hata is a named executive officer in fiscal 2010, but was not in 2009 and 2008; consequently, disclosure of his fiscal 2009 and 2008 compensation is not required.

Grants of Plan-Based Awards During 2010

The following table sets forth information with respect to our 2010 Bonus Plan as well as RSU awards made during 2010 to our named executive officers. To the extent that amounts paid pursuant to our 2010 Bonus Plan were not deferred by the NEO into our non-qualified deferred compensation plan, the amounts were paid out in 2011.

(1) In 2010, the compensation committee approved all equity-based awards to NEOs (except as described below) by written resolution effective February 13, 2010. In the case of Mr. Pasek, who joined the company on December 21, 2009, the compensation committee approved his compensation package on November 24, 2009 and his initial grant date was February 1, 2010. Mr. Pasek received an additional retention grant on November 1, 2010 due to the fact that because of his hire date, he was not eligible for the executive grant on February 13, 2010. The RSUs granted on February 1, 2010 were valued at \$21.88, the RSUs granted on February 19, 2010 were valued at \$23.83, and the RSUs granted on November 1, 2010 were valued at \$31.21 (the closing price of our common stock as reported on NASDAQ on the respective date).

(2) The amounts shown in columns (d)-(f) reflect the minimum, target and maximum payment amounts that NEOs could have received under the 2010 Bonus Plan, depending on performance against the metrics described in further detail in the "Components of Compensation" section beginning on page 23. The amounts range from zero to a cap based on a certain percentage of the individual's base salary. The applicable caps are as follows: 250% for Mr. Daane; 120% for Messrs. Pasek, Burich, Biran and Hata.

(3) Represents the number of RSUs awarded to each NEO pursuant to our 2005 Plan, as described in further detail in the "Overview of Equity Compensation for 2010" section on page 27.

(4) Represents the full grant date fair value of each RSU award computed in accordance with ASC No. 718-10. These amounts do not represent the actual amounts paid to or realized by the NEOs during fiscal 2010. The grant date fair value of the performance-based RSUs included in these amounts also represents the maximum fair value (assuming that all performance conditions will be achieved). See Note 12 of our footnotes to the Consolidated Financial Statements in the company's Annual Report on Form 10-K.

Option Exercises and Stock Vested In 2010

Non-Qualified Deferred Compensation

All of our employees in director-level and above positions, including our named executive officers, are eligible to defer a portion of their base salary, cash incentive compensation, and/or sales incentives into our Non-Qualified Deferred Compensation Plan ("Deferred Compensation Plan"). We do not pay any additional compensation or guarantee minimum returns to any participant in the Deferred Compensation Plan. We incur only incidental expenses to administer the Deferred Compensation Plan. We might obtain a tax benefit based on payment of a participant's compensation, but any benefit is delayed until funds (including earnings or losses on the amounts invested pursuant to the plan) are eventually distributed.

Pursuant to the Deferred Compensation Plan, eligible employees can defer: (1) up to 100% of their base salary, cash incentive compensation, and/or sales incentives if the employee does not participate in our 401(k) plan, and (2) up to 65% of their base salary and cash incentive compensation and up to 80% of their sales incentives if the employee participates in our 401(k) plan. In general, deferral elections are made in November of each year for amounts to be earned in the upcoming year. Participants may invest amounts in individual stocks or funds available under the Deferred Compensation Plan (in general, those traded on a nationally recognized exchange), with the exception of investing in securities of Altera, Xilinx, Inc., or Lattice Semiconductor Corporation. Plan earnings are calculated by reference to actual earnings of mutual funds or other securities chosen by individual participants.

Except for a change in control or certain unforeseeable emergencies (as defined in the Deferred Compensation Plan), benefits are not distributed until a "distribution event" has occurred. At the election of each participant, the distribution event may be: (1) the attainment of a specified date or age; (2) the earlier of a specified date or age, or termination; or (3) termination of employment. Distributions can be made in the form of cash or in kind, and the method of distribution can be a lump sum payment or annual installments (not to exceed ten years).

The following table provides information regarding contributions, earnings, and the aggregate balance of non-qualified deferred compensation for our named executive officers in 2010.

(1) To the extent that a contribution was made from base salary, that amount is also included in the 2010 amounts shown in column (c) of the "Summary Compensation Table" on page 30. Contributions made from cash incentive compensation and/or sales incentives are reflected in the fiscal 2009 amounts shown in column (g) of the "Summary Compensation Table" because such amounts were earned in fiscal 2009 but paid, and therefore contributed, in 2010.

(2) Amounts shown in column (f) were previously reported as salary, cash incentive compensation and/or sales incentives in 2010 and prior fiscal years, as applicable.

COMPENSATION COMMITTEE

Risk Assessment of Compensation Programs

The compensation committee considers potential risks when reviewing and approving compensation programs. We have designed our compensation programs, including our incentive compensation plans, with specific features to address potential risks while rewarding employees for achieving long-term financial and strategic objectives through prudent business judgment and appropriate risk-taking. The following elements have been incorporated in our programs available for our executive officers:

- A balanced mix of compensation components. The target compensation mix for our executive officers is composed of salary, annual cash incentives and long-term equity incentives, representing a mix that is not overly weighted toward short-term cash incentives.
- Multiple performance factors. Our incentive compensation plans take into account both company-wide metrics and individual performance which encourage focus on the achievement of personal objectives for the overall benefit of the company. The 2011 annual cash incentive is dependent on two performance metrics, operating margin and revenue growth, as well as individual goals related to specific strategic or operational objectives. Individual and group goals are approved by the board of directors. Other long-term incentives are equity-based, with vesting over a minimum period of three years to complement our annual cash-based incentives.
- Capped incentive awards. 2011 annual incentive awards are capped at 250% of target.
- Stock ownership guidelines. Guidelines call for significant share ownership by our CEO and CFO, which aligns the interests of these executives with the long-term interests of stockholders.

Additionally, the compensation committee considered an assessment of compensation-related risks for all of our employees. Based on this assessment, the committee concluded that our compensation programs do not create risks that are reasonably likely to have a material adverse effect on the company. In making this determination, the committee reviewed the key design elements of our compensation programs, as well as the means by which any potential risks may be mitigated, such as through our internal controls and oversight by management and the board of directors. In addition, management completed an inventory of incentive programs below the executive level and reviewed the design of these incentives to conclude that such incentive programs do not encourage excessive risk-taking.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our officers and directors and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership on Form 3 and changes in ownership on Form 4 or 5 with the SEC. Such officers, directors, and ten percent stockholders are also required by SEC rules to furnish us with copies of all Section 16(a) reports they file.

Based solely on our review of the copies of such forms received by us or written representations from certain reporting persons that no Forms 5 were required for such persons, we believe that, during the year ended December 31, 2010, all Section 16(a) filing requirements applicable to our officers, directors, and ten percent stockholders were complied with.

Audit Committee Report

The audit committee operates under a written charter adopted by our board of directors. The charter is available in the "Corporate Governance" section of our website at www.altera.com, or by calling our Investor Relations Department at (408) 544-7000, or by writing us at Altera Corporation, 101 Innovation Drive, San Jose, California 95134, Attn: Investor Relations.

In general, the audit committee charter sets forth:

- the scope of the audit committee's responsibilities and the means by which it carries out those responsibilities;
- the external auditor's accountability to the board of directors and the audit committee; and
- the audit committee's responsibility to monitor the independence of the external and internal auditors.

Management is responsible for: (1) preparation, presentation, and integrity of our consolidated financial statements; (2) selection of accounting and financial reporting principles; and (3) maintenance of effective internal control over

financial reporting and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. PricewaterhouseCoopers, our external auditor, is responsible for performing an independent audit of our consolidated financial statements and internal control over financial reporting in accordance with auditing standards generally accepted in the U.S.

The audit committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management or the external auditor. Rather, the audit committee serves a board-level oversight role, providing advice, counsel, and direction to management and the external auditor on the basis of the information it receives, discussions with management and the external auditor, and the experience of the audit committee's members in business, financial, and accounting matters.

The audit committee members have relied, without independent verification, on management's representation that the consolidated financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the U.S., and that the company maintained effective internal control over financial reporting as of December 31, 2010. The audit committee's oversight role does not provide it with an independent basis to determine whether management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the audit committee's considerations and discussions with management and the internal and external auditor do not assure that our consolidated financial statements are presented in accordance with accounting principles generally accepted in the U.S., nor that the audit of our financial statements has been carried out in accordance with auditing standards generally accepted in the U.S.

Among other matters, the audit committee monitors the activities and performance of our external auditor, including the audit scope, external audit fees, auditor independence, and the extent to which the external auditor may be retained to perform non-audit services. The audit committee has sole responsibility to retain and replace our external auditor. The audit committee formally reviews the performance of the external auditor on an annual basis to determine whether rotation of audit firms is appropriate. The audit committee also reviews the results of the external auditor's work with regard to the adequacy and appropriateness of our financial reporting, accounting, and internal controls.

Audit Fees Pre-Approval Policy

The audit committee has adopted a policy that requires the audit committee to pre-approve all audit, audit-related, and permissible non-audit services performed by the external auditor. At the beginning of each fiscal year, management and the external auditor seek the audit committee's approval of the services the external auditor intends to perform. The chairman of the audit committee, or any other committee member in the chairman's absence, may approve additional services and/or an increase in the amount of fees for services to be performed by the external auditor. Unless otherwise performed by a comparable body of the board of directors, the audit committee must review and approve all related-person transactions as such term is defined by the SEC and NASDAQ.

Review with Management

The audit committee reviewed and discussed our audited consolidated financial statements with management. Management represented to the audit committee that our consolidated financial statements were prepared in accordance with accounting principles generally accepted in the U.S.

Review and Discussions with Independent Registered Public Accounting Firm

During 2010, the audit committee held meetings with management and the external auditor to discuss the overall scope and plan for the audit. The audit committee also met with our internal and external auditor, with and without management present, to discuss the results of its independent audit and evaluation of the effectiveness of our internal control over financial reporting. In addition, the audit committee reviewed and discussed the audited consolidated financial statements for the year ended December 31, 2010 and held discussions with management and the external auditor on the quality, not just the acceptability, of our accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in our consolidated financial statements. The audit committee reviewed and discussed with management and the internal and external auditor, management's report on the company's internal control over financial reporting and PricewaterhouseCoopers' audit report on the effectiveness of the company's internal control over financial reporting.

The audit committee and PricewaterhouseCoopers have discussed the matters required by "Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380, as adopted by the Public Company Accounting Oversight Board in Rule 3200T), which includes, among other items, matters related to the

conduct of the audit of our consolidated financial statements and other matters relating to the external auditor's judgments about the acceptability and quality of our accounting principles.

The audit committee has discussed with PricewaterhouseCoopers its independence from us and our related entities, including the matters in the written disclosures from PricewaterhouseCoopers required by the Public Company Accounting Oversight Board Rule 3526. In addition, the audit committee also determined that the provision of those services set forth in the table below is compatible with maintaining the independence of PricewaterhouseCoopers.

Conclusion

Based on its review and discussions with management as well as our internal and external auditor, the audit committee recommended to the board of directors that the audited consolidated financial statements and management's report on internal control over financial reporting be included in the Annual Report.

AUDIT COMMITTEE

No portion of this Audit Committee Report shall be deemed to be incorporated by reference into any filing under the Securities Act of 1933, or the Securities Act, or the Exchange Act, through any general statement incorporating by reference in its entirety the proxy statement in which this report appears, except to the extent that we specifically incorporate this report or a portion of it by reference. In addition, this report shall not be deemed to be filed under either the Securities Act or the Exchange Act.

Audit, Audit-Related and Tax Fees

The following table sets forth the types of services and aggregate fees billed or to be billed by PricewaterhouseCoopers for 2009 and 2010:

Description of Services	2010	2009
Audit Fees (1)	\$ 1,611,000	\$ 1,595,000
Tax Fees (2)	\$ 367,000	\$ 352,000
Total	\$ 1,978,000	\$ 1,947,000

(1) The services relate to the integrated audit of our annual financial statements, the review of the financial statements included in our quarterly reports, statutory audits and review of documents provided in connection with statutory or regulatory filings.

(2) Relates to services for tax return compliance and examination services, including worldwide tax consulting services of \$95,000 for 2010 and \$148,000 for 2009.

Certain Relationships and Related-Party Transactions

The board of directors has adopted written policies and procedures for reviewing, approving, and monitoring transactions involving us and "related persons." The policy covers: (1) any transaction or series of transactions in which we or any of our subsidiaries was or is to be a participant; (2) in which the amount involved exceeds \$120,000; and (3) in which a "related person" had or will have any material interest. "Related persons" include directors and executive officers (or their immediate family members), or stockholders who own more than five percent of our outstanding common stock (or their immediate family members).

On an annual basis, all directors and executive officers must respond to a questionnaire requiring disclosure of any related person transactions, arrangements or relationships (including indebtedness). In addition to these annual reviews, the affected director, executive officer, and our management are required to bring these matters to the attention of the Chairman of the Board, the Lead Independent Director, or the Secretary of the company in advance (or, if not practicable, as promptly as possible). Those persons subsequently decide whether the matter should be brought to the board of directors or to a committee of the board; the board or a committee consisting solely of independent members then reviews the particular transaction.

In performing its review, the board (or applicable committee) considers all relevant standards in determining whether the transaction is in the best interests of the company, including, as applicable: (1) our business interest in entering into the transaction; (2) whether the transaction is made or entered into in the ordinary course of business; (3) whether

the transaction is made on substantially the same terms as other comparable transactions involving us and unrelated third parties; (4) the potential for the transaction to lead to an actual or apparent conflict of interest; and (5) alternatives to entering into the transaction with the related person.

PROPOSAL ONE - ELECTION OF DIRECTORS

The Board has nominated the following directors to be elected to serve until the next annual meeting of stockholders and until their successors are duly elected and qualified: John P. Daane; Robert J. Finocchio, Jr.; Kevin McGarity; T. Michael Nevens; Krish A. Prabhu; John Shoemaker; and Susan Wang. At the annual meeting, proxies cannot be voted for a greater number of individuals than the seven nominees named in this proxy statement. Holders of proxies solicited by this proxy statement will vote the proxies received by them as directed on the proxy card or, if no direction is made, for the election of the board's seven nominees. If any nominee is unable or declines to serve as a director at the time of the annual meeting, the proxy holders will vote for a nominee designated by the present board to fill the vacancy.

Vote Required and Board of Directors' Recommendation

Those nominees who receive a majority of the votes cast shall be elected as directors. Any nominee who does not receive a majority of the votes cast shall tender his/her resignation to the board of directors, and the board of directors shall act on such resignation as specified above in "Directors and Corporate Governance." Our board of directors recommends that the stockholders vote "FOR" the nominees listed above.

PROPOSAL TWO - APPROVAL OF AMENDMENT
TO 2005 EQUITY INCENTIVE PLAN

At the annual meeting, stockholders are requested to approve an amendment to the 2005 Plan to increase by 10,000,000 the number of shares reserved for issuance.

Summary

The 2005 Plan was adopted by our board of directors in March 2005 and approved by our stockholders on May 10, 2005. The 2005 Plan replaced the 1987 Stock Option Plan and the 1996 Stock Option Plan, which we collectively refer to as the prior Plans. As originally adopted, the 2005 Plan had 3,000,000 shares of common stock reserved for issuance, plus all available but unissued shares under the prior Plans. In addition, shares subject to awards granted under the prior Plans that were outstanding on the effective date of the 2005 Plan and that were subsequently cancelled, forfeited, settled in cash or that expired by their terms were returned to the pool of shares available for grant and issuance under the 2005 Plan. On May 10, 2010, our stockholders approved an amendment to the 2005 Plan to increase by 5,000,000 shares the number of shares of common stock reserved for issuance under the 2005 Plan. As of the record date, 8,719,306 stock options had been granted, 17,097,393 RSUs had been granted (equivalent to 38,469,134 options at a ratio of one RSU for every 2.25 options), options to purchase an aggregate of 2,694,653 shares were outstanding, an aggregate of 8,099,873 unvested RSUs were outstanding, and 14,171,589 shares were available for future grant under the 2005 Plan.

The 2005 Plan authorizes the board of directors or a committee of the board to grant the following types of equity to eligible employees, directors, and consultants of the company: non-qualified and incentive stock options, SARs, restricted stock, RSUs, and stock bonus awards. The 2005 Plan is structured to provide the board of directors with broad discretion in creating equity incentives to assist us in attracting, retaining, and motivating the best available personnel for the successful conduct of our business. The board of directors believes that an increase in the number of shares reserved for issuance under the 2005 Plan is necessary to attract and hire new employees, to motivate and retain existing employees, and to ensure that a sufficient number of shares are available for equity grants assumed or granted in connection with acquisitions we may undertake.

In January 2011, the board of directors approved an amendment to the 2005 Plan, subject to stockholder approval, to increase the number of shares reserved for issuance by 10,000,000, thereby increasing the total number of shares issuable under the 2005 Plan from 40,991,502 to 50,991,502. Subject to stockholder approval, we plan to register the additional 10,000,000 shares reserved under the 2005 Plan on a Registration Statement on Form S-8.

Essential Features of the 2005 Plan

Key Terms of the 2005 Plan

The following is a summary of the key provisions of the 2005 Plan.

Plan Term: May 10, 2005 to May 10, 2015

Eligible Participants: Employees of the company and its subsidiaries, non-employee directors, and consultants are eligible to receive awards. As of the record date, there were approximately 2,571 employees and six non-employee directors eligible to participate.

Shares Authorized: 54,114,514 (as of the record date), which includes 3,000,000 shares authorized for issuance by stockholders upon approval of the 2005 Plan, 5,000,000 shares authorized for issuance by stockholders upon approval of an amendment to the 2005 Plan in May 2010, and shares that were available for future grants under the prior Plans as of May 10, 2005, subject to adjustment only to reflect stock splits and similar events. Shares subject to awards granted under the prior Plans that were outstanding on May 10, 2005 and that are subsequently cancelled, forfeited, settled in cash or that expired by their terms are returned to the pool of shares available for grant and issuance under the 2005 Plan. Shares tendered in payment of a stock option or stock appreciation right, withheld from an award to pay applicable taxes, and repurchased by the company using proceeds from stock option exercises shall not be returned to the pool of shares available for grant.

Award Types: (1) Non-qualified and incentive stock options
(2) Restricted stock awards
(3) Restricted stock units
(4) Stock appreciation rights
(5) Stock bonus awards

Dividends: No dividends on outstanding awards.

Share Limit on Awards: No more than 2,000,000 shares may be granted to any individual under the 2005 Plan during any calendar year, other than new employees who are eligible to receive up to 2,000,000 additional shares in the calendar year during which they begin employment. These limits are intended to ensure that awards will qualify under Section 162(m), if applicable. Failure to qualify under this section might result in the company's inability to take a tax deduction for part of its performance-based compensation to certain senior executives.

Determining the Number of Shares Available for Grant: For purposes of determining the number of shares available for grant under the 2005 Plan against the maximum number of shares authorized, any full-value award (i.e., anything other than a stock option or SAR) reduces the number of shares available for issuance by 2.25 shares.

Vesting: Determined by the stock option committee (other than for grants to executive officers and directors, which are determined by the compensation committee).

Options and SARs generally vest over four years (25% cliff vesting after one year and monthly thereafter). Restricted stock and RSUs vest over a minimum of three years, including any performance period.

Term of Awards: Stock options and SARs have a term of no longer than ten years.

Exercise Price: The exercise price of stock options or SARs granted may not be less than 100% of the fair market value (i.e., the closing price) of our common stock on the date of grant. On December 31, 2010, the closing price of our stock was \$35.58 per share.

Repricing Prohibited: Repricing a stock option or SAR is prohibited without prior stockholder approval.

Administration

The compensation committee administers the 2005 Plan with respect to awards to executive officers and non-employee directors, and the stock option committee administers the 2005 Plan with respect to all other awards. The applicable committee selects the individuals who receive awards, determines the number of shares covered by awards and, subject to the terms and limitations expressly set forth in the 2005 Plan, establishes the terms, conditions, and other provisions of any awards granted under the 2005 Plan. The applicable committee interprets the 2005 Plan and establishes, amends, and rescinds any rules relating to the 2005 Plan. The compensation committee may delegate to a committee of one or more directors the ability to grant awards and take certain other actions with respect to participants who are not executive officers or non-employee directors.

Non-Employee Director Awards

The board of directors approved amendments to the 2005 Plan regarding non-employee director equity awards in February 2008, and stockholders approved the amendments in May 2008 at the annual meeting. Currently, the 2005 Plan permits the compensation committee to exercise limited discretion in deciding the type and amount of equity awards to be granted to a non-employee director upon joining the board of directors and upon re-election at the annual meeting of stockholders.

More specifically, at the discretion of the compensation committee, when a non-employee director joins the board, he/she may be granted either: (i) up to a maximum number of RSUs and/or a restricted stock grant having an aggregate fair market value (i.e., the closing price of our common stock on the date of grant, as reported on NASDAQ) equal to \$300,000, as measured on the date of grant, or (ii) up to a maximum aggregate number of 40,000 stock option shares and/or SARs.

Following the date of each annual stockholders meeting, each non-employee director who is re-elected may be granted, at the discretion of the compensation committee, either: (i) up to a maximum number of RSUs and/or a restricted stock grant having an aggregate fair market value equal to \$150,000, as measured on the date of grant, or (ii) up to a maximum aggregate number of 20,000 stock option shares and/or SARs.

RSUs and restricted stock grants vest and are exercisable as determined by the compensation committee, provided that RSUs and restricted stock vest over a minimum of three years as measured from the date of grant. The term of any stock option and/or SAR grant is ten years. The exercise price of any stock option and/or SAR grant is equal to the fair market value of our stock on the grant date. Non-employee directors are also eligible to receive other types of awards under the 2005 Plan (including bonus stock).

Terms Applicable to Stock Options and Stock Appreciation Rights

The exercise price of stock options or SARs granted under the 2005 Plan may not be less than 100% of the fair market value (i.e., the closing price) of our common stock on the date of grant. The term may not exceed ten years. Subject to the limitations of the 2005 Plan, the compensation committee in the case of executive officers and directors (and the stock option committee in the case of other eligible participants) determines the terms and conditions applicable to stock option grants and grants of SARs (including vesting and exercisability). The terms and conditions applicable to stock options and SARs may include, among other things, continued employment with the company, the passage of time, or such performance criteria and level of achievement versus such criteria as the compensation committee deems appropriate.

Terms Applicable to Restricted Stock Awards, Restricted Stock Unit Awards, and Stock Bonus Awards

Restricted stock and RSUs vest over a minimum of three years, including any applicable performance period. Subject to the limitations of the 2005 Plan, the compensation committee in the case of executive officers and directors (and the stock option committee in the case of other eligible participants) determines the terms and conditions applicable to the granting of restricted stock, RSUs, and stock bonuses. The terms and conditions may include, among other things, continued employment with the company, the passage of time, or such performance criteria and level of achievement versus such criteria as the respective committee deems appropriate.

Eligibility Under Section 162(m)

Section 162(m) of the Code permits performance-based compensation that meets the requirements established by the U.S. Internal Revenue Service to be excluded from the limitation on deductibility of compensation in excess of \$1,000,000 paid to certain specified senior executives. In order to meet the requirements of Section 162(m), the 2005 Plan limits awards to individual participants as follows: no person may receive more than 2,000,000 shares issuable as awards in any fiscal year, other than new employees, who may receive up to a maximum of 2,000,000 additional shares issuable as awards granted in the fiscal year in which they first commence employment. The foregoing limits are greater than the number of options or RSUs that we have granted to any individual in the past. We do not currently intend to significantly increase our equity awards to executive officers.

Awards may, but need not, include performance criteria that satisfy Section 162(m). To the extent that awards are intended to qualify as performance-based compensation under Section 162(m), the performance criteria will be one of the following criteria, either individually, alternatively, or in any combination, applied to either the company as a whole or to a business unit or subsidiary, either individually, alternatively, or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the compensation committee in the award:

- Net revenue and/or net revenue growth
- Operating income and/or operating income growth
- Net income and/or net income growth
- Earnings per share and/or earnings per share growth
- Adjusted operating cash flow return on income
- Earnings before income taxes and amortization and/or earnings before income taxes and amortization growth
- Individual business objectives
- Operating cash flow return on income
- Economic value added
- Return on equity
- Total stockholder return and/or total stockholder return growth

To the extent that an award under the 2005 Plan is designated as a “performance award,” but is not intended to qualify as performance-based compensation under Section 162(m), the performance criteria can include the achievement of strategic objectives as determined by the compensation committee.

Notwithstanding satisfaction of any performance criteria described above, to the extent specified at the time an award is granted, the number of shares of common stock, stock options or other benefits granted, issued, retainable, and/or vested under an award on account of satisfaction of performance criteria may be reduced by the compensation committee on the basis of such further considerations as the compensation committee in its sole discretion determines. Consistent with Section 162(m), the compensation committee may adjust performance criteria applicable to awards to take into account changes in law and accounting and to make such adjustments as the compensation committee deems necessary or appropriate to reflect the impact of extraordinary or unusual items, events or circumstances.

Transferability

The committee has the discretion to permit an award recipient to transfer his/her award to an authorized transferee (as defined in the 2005 Plan). Without such permission, an award may not be transferred, sold, pledged, assigned, hypothecated or disposed of in any manner other than by will or by the laws of descent and distribution. No award may be made subject to execution, attachment or other similar process.

Amendments

The board may terminate, amend or suspend the 2005 Plan, provided that no action may be taken by the board (except those described in “Adjustments”) without stockholder approval to:

- (1) Increase the number of shares that may be issued under the 2005 Plan;
- (2) Permit the repricing of outstanding stock options or SARs under the 2005 Plan;
- (3) Extend the term of the 2005 Plan;
- (4) Expand the class of persons eligible to participate in the 2005 Plan; or
- (5) Otherwise implement any amendment to the 2005 Plan required to be approved by stockholders under NASDAQ rules.

Adjustments

In the event of a stock dividend, recapitalization, stock split, combination of shares, extraordinary dividend of cash or assets, reorganization, or exchange of our common stock, or any similar event affecting our common stock, the

compensation committee will adjust the number and kind of shares available for grant under the 2005 Plan, and subject to the various limitations set forth in the 2005 Plan, the number and kind of shares subject to outstanding awards under the 2005 Plan, and the exercise or settlement price of outstanding stock options and other awards.

Corporate Transactions

In the event of a corporate transaction (as defined in the 2005 Plan), any or all outstanding awards may be assumed or replaced by a successor corporation, which assumption or replacement shall be binding on all award recipients. In the alternative, a successor corporation may substitute equivalent awards or provide substantially similar consideration to award recipients as was provided to our stockholders (after taking into account the existing provisions of outstanding awards). The successor corporation may also issue, in place of our outstanding shares held by award recipients, substantially similar shares or other property subject to repurchase restrictions no less favorable to such award recipient. In the event such successor corporation, if any, refuses to assume or replace the awards outstanding under the 2005 Plan pursuant to a corporate transaction or if there is no successor corporation due to a dissolution or liquidation of the company, outstanding awards shall immediately vest as to 100% of the shares subject thereto at such time and on such conditions as our board of directors determines, and outstanding awards shall expire at the closing of the transaction or at the time of dissolution or liquidation.

Tax Information

The following is a general summary as of the date of this proxy statement of the federal income tax consequences to the company and the participants in the 2005 Plan. This summary deals with the general tax principles that apply and is provided only for general information. Some kinds of taxes, such as foreign, state, and local income taxes, are not discussed. Tax laws are complex and subject to change and may vary depending on individual circumstances and from locality to locality. The summary does not discuss all aspects of income taxation that may be relevant in light of a holder's personal investment circumstances. This summarized tax information is not tax advice.

Non-Qualified Stock Options. Non-qualified stock options do not qualify for any special tax benefits to the optionee. An optionee will not recognize any taxable income at the time he/she is granted a non-statutory option. Upon exercise of the stock option, the optionee will generally recognize ordinary income for federal tax purposes measured by the excess, if any, of the then fair market value of the shares at the time of exercise over the exercise price. We are generally entitled to a tax deduction equal to the ordinary income recognized by the participant in connection with such exercise. The participant's basis in the stock issued upon exercise of the option, referred to as the "option stock," will be increased by the amount of the ordinary income recognized. Upon the sale of the shares issued upon exercise of a non-statutory stock option, any further gain or loss recognized will be treated as capital gain or loss and will be treated as short-term capital gain or loss if the shares have been held for less than one year.

Incentive Stock Options. The Code provides optionees with favorable federal income tax treatment of stock options that qualify as incentive stock options. If a stock option is treated as an incentive stock option, the optionee will not recognize income upon grant or exercise of the stock option (unless the alternative minimum tax rules apply). The company will not be allowed a tax deduction in connection with the exercise of an incentive stock option.

Upon the sale of the shares issued upon exercise of an incentive stock option at least: (1) two years after the grant of the stock option; and (2) one year after exercise of the stock option, referred to as the "statutory holding periods," any gain will be taxed to the optionee as long-term capital gain and no deduction will be available to the Company. If the statutory holding periods are not satisfied (i.e., the optionee makes a "disqualifying disposition"), the optionee will recognize ordinary income equal to the excess, if any, of the lower of: (1) the fair market value of the stock at the date of the stock option exercise; or (2) the sale price of the stock, over the option price and we will generally be entitled to a tax deduction equal to the ordinary income recognized by the participant in connection with such sale or disposition. The participant's basis in the option stock will be increased by the amount of ordinary income recognized. Any further gain or loss recognized on a disqualifying disposition of the shares will be characterized as capital gain or loss.

Different rules may apply if shares are purchased by an optionee who is subject to Section 16(b) of the Exchange Act, and who subsequently disposes of such shares prior to the expiration of the statutory holding periods.

Stock Appreciation Rights. A grant of a SAR (which can only be settled in our common stock) has no federal income tax consequences at the time of grant. Upon exercise of SARs, the value of the shares received as determined on the date of exercise is generally taxable to the recipient as ordinary income, and the company generally will be entitled to a corresponding tax deduction. Any additional gain or loss recognized upon any later disposition of the shares would

be capital gain or loss.

Restricted Stock. A participant receiving restricted stock may be taxed in one of two ways: the participant (1) pays tax when the restrictions lapse (i.e., they become vested) or (2) makes a special election to pay tax in the year the grant is made. At either time, the value of the award for tax purposes is the excess of the fair market value of the shares at that time over the amount (if any) paid for the shares. This value is taxed as ordinary income and is subject to income tax withholding. We receive a tax deduction at the same time and for the same amount taxable to the participant. If a participant elects to be taxed at grant, then, when the restrictions lapse, there will be no further tax consequences attributable to the awarded stock until disposition of the stock.

Restricted Stock Units. In general, no taxable income is realized upon the grant of a RSU. The participant will generally include in ordinary income the fair market value of the award of stock at the time shares of stock are delivered to the participant or at the time the RSU vests and is otherwise settled. We generally will be entitled to a tax deduction at the time and in the amount that the participant recognizes ordinary income.

Plan Benefits

The benefits to be received pursuant to the 2005 Plan are not determinable at this time.

Vote Required and Board of Directors' Recommendation

The affirmative vote of the holders of a majority of the votes which could be cast by the holders of all shares of stock outstanding and entitled to vote on the proposal is required to approve this amendment to the 2005 Plan. To provide incentives to eligible employees, non-employee directors, and consultants and to align their interests directly with those of our stockholders, our board of directors has unanimously approved the proposed amendment to the 2005 Plan and recommends that stockholders vote “FOR” such amendment.

PROPOSAL THREE - APPROVAL OF AMENDMENT TO 1987 EMPLOYEE STOCK PURCHASE PLAN

At the annual meeting, stockholders are requested to approve an amendment to the 1987 Employee Stock Purchase Plan, referred to as the “1987 Purchase Plan,” to increase by 1,000,000 the number of shares reserved for issuance.

Summary

The 1987 Purchase Plan was adopted by our board of directors in August 1987 and approved by our stockholders in September 1987. As originally adopted, the 1987 Purchase Plan had 200,000 shares of common stock reserved for issuance. Through the years, the board of directors has authorized, and stockholders have approved, amendments to the 1987 Purchase Plan to increase the number of shares reserved for issuance. Most recently, at the annual meeting in 2010, stockholders approved an amendment increasing the number of shares reserved for issuance under the 1987 Purchase Plan by an aggregate of 1,000,000 shares to 25,700,000. Subject to stockholder approval, we plan to register the additional 1,000,000 shares reserved under the 1987 Purchase Plan on a Registration Statement on Form S-8. As of the record date, 22,472, 080 shares were issued pursuant to the exercise of options to purchase shares under the 1987 Purchase Plan, and 2,227,920 shares were available for future grant.

Essential Features of the 1987 Purchase Plan

General

The 1987 Purchase Plan, and the right of participants to make purchases under the 1987 Purchase Plan, is intended to qualify as an “Employee Stock Purchase Plan” under the provisions of Sections 421 and 423 of the Code. The provisions of the 1987 Purchase Plan are, accordingly, construed so as to extend and limit participation in a manner consistent with the requirements of those Code sections.

The 1987 Purchase Plan is not a qualified deferred compensation plan under Section 401(a) of the Code, and is not subject to the provisions of ERISA.

Purpose

The purpose of the 1987 Purchase Plan is to provide our employees, including employees of certain subsidiaries, with an opportunity to purchase our common stock through accumulated payroll deductions.

Administration

The 1987 Purchase Plan may be administered by our board of directors or a committee of board members appointed by the board of directors. Once appointed, committee members serve until directed otherwise by the board. The administration, interpretation, or application of the 1987 Purchase Plan by the board or committee is final, conclusive, and binding upon all participants to the full extent provided by law. No charges for administrative or other costs may be made against the payroll deductions of a participant in the 1987 Purchase Plan. Members of the board of directors receive no additional compensation for administering the 1987 Purchase Plan. Currently, Mr. Daane is the sole member of the committee that administers the 1987 Purchase Plan.

Eligibility

Any person, including an executive officer, who is customarily employed for at least twenty hours per week and more than five months in a calendar year by us or any of our designated subsidiaries, as of an offering date, is eligible to participate in the 1987 Purchase Plan. The offering date is the first trading day of a given offering period.

Notwithstanding the foregoing, no participant shall be granted an option to purchase shares under the 1987 Purchase Plan:

- that would permit the participant's rights to purchase stock under all of our employee stock purchase plans and those of our subsidiaries to accrue at a rate that exceeds \$21,250 (which is eighty-five percent of \$25,000 of the fair market value of such stock determined at the time such stock option is granted) for each calendar year in which such option is outstanding at any time; or
- if, after the grant of an option, the participant would own common stock or options to purchase common stock equal to five percent or more of the total combined voting power or value of all classes of our capital stock or capital stock of any of our subsidiaries.

For purposes of the 1987 Purchase Plan, the employment relationship is treated as continuing intact while a participant is on sick leave or other leave of absence approved by us. However, if the period of leave exceeds ninety days and the participant's right to re-employment is not guaranteed either by statute or by contract, the participant will be deemed to have withdrawn from the 1987 Purchase Plan on the ninety-first day of such leave.

Furthermore, if, on a purchase date, the number of shares that would otherwise be subject to stock options under the 1987 Purchase Plan exceeds the number of shares available for sale as of the beginning of the applicable offering period, a pro-rata allocation of the available shares is made in as uniform and as equitable a manner as is practicable. As of the record date, approximately 2,586 employees were eligible to participate in the 1987 Purchase Plan.

Enrollment in the Plan

Eligible employees become participants in the 1987 Purchase Plan by completing a subscription agreement authorizing payroll deductions prior to the applicable offering date. A person who becomes employed after the commencement of an offering period may not participate in the 1987 Purchase Plan until the commencement of the next offering period.

Offering Periods; Purchase Periods

Typically, the 1987 Purchase Plan is implemented by consecutive, overlapping twelve-month offering periods, with a new offering period commencing on the first trading day on or after May 1 and November 1 of each year and terminating on the trading day on or before April 30 and October 31. Each twelve-month offering period generally includes two six-month purchase periods. In the future, the board of directors may alter the duration of the offering periods, including the commencement dates, with respect to future offerings without stockholder approval if such change is announced prior to the scheduled beginning of the first offering period to be affected.

Purchase Price

The purchase price at which shares are sold under the 1987 Purchase Plan is eighty-five percent of the lower of the fair market value of a share of our common stock on: (1) the first trading day of the offering period; or (2) the last trading day of the purchase period. If the fair market value at the end of any purchase period is less than the fair market value at the beginning of the offering period, each participant is: (1) automatically withdrawn from the current offering period following the purchase of shares on the purchase date; and (2) automatically re-enrolled in the immediately following offering period. The 1987 Purchase Plan provides that, because our common stock is currently traded on NASDAQ, the fair market value of a share of our common stock on a given date is the closing price on NASDAQ on such date.

Payment of the Purchase Price; Payroll Deductions

The payroll deductions accumulated during the offering period are applied to the purchase of the shares. The deductions may not exceed ten percent of a participant's eligible compensation received on each payday. The aggregate of such payroll deductions during the offering period cannot exceed ten percent of a participant's aggregate eligible compensation during such offering period up to a maximum of \$21,250 (which is eighty-five percent of \$25,000 of the fair market value of such stock determined at the time such stock option is granted) for each calendar year. Eligible compensation is defined as all regular straight time gross earnings, plus sales commissions and sales incentives earned during the entire offering period, but exclusive of payments for overtime, shift premium, other incentive payments, bonuses, or other compensation.

Payroll deductions commence on the first payday following the first day of the offering period and continue at the same percentage rate until the end of the offering period unless sooner terminated. No interest accrues on a participant's payroll deductions. At any time during the offering period, a participant may discontinue or decrease his/her payroll deductions without withdrawing amounts previously contributed. A participant may increase his/her rate of payroll deductions only for a subsequent offering period and may not increase his/her rate of payroll deductions during an outstanding offering period in which such participant is currently participating.

All payroll deductions received or held by us under the 1987 Purchase Plan may be used by us for any corporate purpose; we are not obligated to segregate such payroll deductions. Until the shares are issued, participants only have the rights of an unsecured creditor.

Purchase of Stock; Grant of Options

On the first day of each offering period, each eligible employee participating in the 1987 Purchase Plan is granted an option to purchase up to a maximum of 10,000 shares of our common stock during each purchase period. The exact number of shares is determined by dividing such employee's accumulated payroll deductions at the end of the purchase period by the option purchase price determined as described above, subject to the limitations set forth in the 1987 Purchase Plan. For future offering periods, the board of directors may increase or decrease, in its absolute discretion, the maximum number of shares of our common stock that may be purchased during each purchase period of the offering period.

Exercise of Options

Unless the participant's participation is discontinued, each participant's option for the purchase of the maximum number of full shares is exercised automatically at the end of the purchase period at the applicable price.

Withdrawal

A participant may withdraw all, but no less than all, the payroll deductions credited to his/her account under the 1987 Purchase Plan at any time prior to the last day of the offering period by giving written notice to us. After receipt of a notice of withdrawal: (1) all of the participant's payroll deductions credited to his/her account are promptly refunded; (2) the participant's option for the current period automatically terminates; and (3) no further payroll deductions for the purchase of shares are made during the offering period.

A participant's withdrawal from an offering does not have any effect upon such participant's eligibility to participate in subsequent offerings under the 1987 Purchase Plan or in any similar plan that we may adopt.

Termination or Interruption of Employment

Upon termination or interruption of a participant's employment for any reason, including retirement or death, prior to the last day of the offering period, the payroll deductions credited to the participant's account will be returned to such participant, or, in the case of a participant's death, to the person or persons entitled thereto as specified in the participant's subscription agreement, and his/her option will automatically terminate.

Adjustments upon Changes in Capitalization or Merger

In the event any change, such as a stock split or payment of a stock dividend, is made in our capitalization that increases or decreases the number of outstanding shares of common stock without our receipt of additional consideration, an appropriate adjustment will be made in the shares subject to purchase and in the purchase price per share, subject to any required action by our stockholders. In the event of our proposed dissolution or liquidation, the offering period then in progress will be shortened and a new exercise date will be set. At least ten days prior to the new exercise date, the board of directors will notify the participant that the exercise date has been changed and that the participant's option will be exercised automatically, unless the participant has withdrawn from the offering period prior to the new exercise date. In the event of our merger with or into another corporation, or the sale of substantially all of our assets, the participant's outstanding option will be assumed or substituted for or by the successor corporation, or a parent or subsidiary of such successor corporation. If the successor corporation refuses to assume or provide a substitute for the participant's outstanding options, we will take the same actions under the plan as previously described with respect to a proposed dissolution or liquidation.

Nonassignability

Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the 1987 Purchase Plan may be assigned, transferred, pledged, or otherwise disposed of in any way by the participant, other than by will, the laws of descent and distribution, or as provided in the 1987 Purchase Plan. Any such attempt at assignment, transfer, pledge, or other disposition shall be without effect, except that we may treat such act as an election to withdraw from the 1987 Purchase Plan.

Amendment and Termination of the Plan

The board of directors may, at any time or from time to time, amend or terminate the 1987 Purchase Plan, except that such termination shall not affect options previously granted nor, generally, may any amendment make any change in an option previously granted that adversely affects the rights of any participant. To the extent necessary to comply with Section 423 of the Code, we shall obtain stockholder approval in such a manner and to such a degree as required. Without stockholder approval and without regard to whether any participant rights may be adversely affected, the board of directors may:

- (1) change the offering periods;
- (2) limit the frequency and/or number of changes in the amount withheld during an offering period;
- (3) establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars;
- (4) permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in our processing of properly completed withholding elections;
- (5) establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of our common stock for each participant properly correspond with amounts withheld from the participant's compensation; and
- (6) establish such other limitations or procedures that the board of directors determines, in its sole discretion, are advisable and that are consistent with the 1987 Purchase Plan.

The 1987 Purchase Plan continues in effect until terminated as described above.

Tax Information

The following is a general summary as of the date of this proxy statement of the federal income tax consequences to the company and participants in the 1987 Purchase Plan. This summary deals with the general tax principles that apply and is provided only for general information. Some kinds of taxes, such as foreign, state, and local income taxes, are not discussed. Tax laws are complex and subject to change and may vary depending on individual circumstances and from locality to locality. The summary does not discuss all aspects of income taxation that may be relevant in light of a holder's personal investment circumstances. This summarized tax information is not tax advice.

The 1987 Purchase Plan and the right of participants to make purchases under the 1987 Purchase Plan are intended to qualify under the provisions of Sections 421 and 423 of the Code. Under these provisions, no income will be taxable to a participant at the time of grant of the option or the purchase of shares. A participant may become liable for tax upon disposition of the shares acquired, as follows.

If the shares are sold or disposed of, including by way of gift: (1) at least two years after the offering date (the first day of the offering period during which shares were purchased); and (2) more than one year after the date on which shares were transferred to the employee, then the lesser of: (a) the excess of the fair market value of the shares at the time of such disposition over the purchase price of the shares subject to the option, referred to as the "option price;" or (b) fifteen percent of the fair market value of the shares on the offering date, will be treated as ordinary income to the participant. The employee's basis of the option stock will be increased by the amount of the ordinary income recognized. Any further gain or loss upon such disposition will be treated as long-term capital gain or loss. If the shares are sold and the sales price is less than the option price, there is no ordinary income and the participant has a capital loss for the difference.

If the shares are sold or disposed of, including by way of gift or by exchange in connection with the exercise of an incentive stock option, before the expiration of the holding periods described above, then the excess of the fair market value of the shares on the date of option exercise over the option price will be treated as ordinary income to the participant. This excess will constitute ordinary income in the year of sale or other disposition even if no gain is realized on the sale or a gratuitous transfer of the shares is made. The basis of the option stock will be increased by the amount of the ordinary income recognized. Any further gain or loss recognized in connection with any such sale or exchange will be treated as capital gain or loss and will be treated as short-term capital gain or loss if the shares have been held less than one year.

If shares are sold or disposed of before the expiration of the statutory holding periods, we are generally entitled to a tax deduction equal to the ordinary income recognized by the participant in connection with such sale or disposition. The foregoing summary of the effect of federal income taxation upon the participant and us with respect to the shares purchased under the 1987 Purchase Plan does not purport to be complete. Reference should be made to the applicable provisions of the Code. In addition, the summary does not discuss the tax implications of a participant's death or the provisions of the income tax laws of any municipality, state, or foreign country in which the participant may reside.

Participation in the 1987 Purchase Plan

Eligible employees participate in the 1987 Purchase Plan voluntarily and each such employee determines his/her level of payroll deductions within the guidelines fixed by the 1987 Purchase Plan. Accordingly, future purchases under the 1987 Purchase Plan are not determinable at this time.

The following table sets forth information with respect to purchases under the 1987 Purchase Plan during the fiscal year ended December 31, 2010. Non-employee directors are not allowed to participate in the 1987 Purchase Plan.

Identity of Group (a)	Purchases (#) (b)	% of Total Purchases (1) (c)	Weighted Average Purchase Price Per Share (\$/Sh) (d)

Vote Required and Board of Directors' Recommendation

The affirmative vote of the holders of a majority of the votes which could be cast by the holders of all shares of stock outstanding and entitled to vote on the proposal is required to approve the amendment to the 1987 Purchase Plan. Our board of directors has unanimously approved the proposed amendment and recommends that the stockholders vote "FOR" such amendment.

PROPOSAL FOUR - APPROVAL OF AMENDMENT TO CERTIFICATE OF INCORPORATION TO ELIMINATE SUPERMAJORITY VOTING

The board of directors is proposing, for approval by the stockholders, an amendment (the “Certificate Amendment”) to our Amended and Restated Certificate of Incorporation (the “Current Certificate”). The Certificate Amendment would eliminate the sole supermajority voting provision in the Current Certificate. Following the effectiveness of the Certificate Amendment, the affirmative vote of the holders of a majority of the outstanding shares of our capital stock would be required to amend any provision of our certificate of incorporation. Other than as described herein, the approval of the Certificate Amendment will not have any effect on your rights as a stockholder.

Elimination of Supermajority Voting Provision

A stockholder proposal to eliminate provisions in the Current Certificate and in our By-Laws that require more than a simple majority vote of stockholders was included in last year's proxy statement and received favorable votes from a majority of the shares of our common stock outstanding and entitled to vote. There are no supermajority provisions contained in our By-Laws. The Current Certificate contains a single supermajority voting requirement: No action that is required or permitted to be taken by the stockholders at an annual or special meeting may be taken by written consent of the stockholders. Approval of at least 80% of the outstanding stock of the company is required to repeal this provision.

Our board of directors has carefully considered the advantages and disadvantages of eliminating this supermajority voting provision and, in light of the vote of stockholders at last year's annual meeting, has determined that it is appropriate to remove the supermajority voting provision in the Current Certificate.

This change is proposed to be effected by the removal of the second sentence of Article Eighth of the Current Certificate, as follows (deletions indicated by strikeout):

“No action that is required or permitted to be taken by the stockholders of the Corporation at any annual or special meeting of stockholders may be effected by written consent of stockholders in lieu of a meeting of stockholders. Notwithstanding anything contained in this Amended and Restated Certificate of Incorporation to the contrary, the affirmative vote of at least eight percent (80%) in voting power of the then outstanding voting stock of the corporation, voting together as a single class, shall be required to amend, repeal or adopt any provision inconsistent with the Article Eighth.”

As a result, following the effectiveness of the Certificate Amendment, Article Eighth of the certificate of incorporation will state as follows:

“No action that is required or permitted to be taken by the stockholders of the Corporation at any annual or special meeting of stockholders may be effected by written consent of stockholders in lieu of a meeting of stockholders.”

Effective Time

If approved by our stockholders, the Certificate Amendment will be effective upon filing with the Secretary of State of the State of Delaware, which we intend to do promptly after stockholder approval is obtained.

Vote Required and Board of Directors' Recommendation

The removal of the supermajority voting provision in Article Eighth of the Current Certificate requires the affirmative vote of at least 80% of the outstanding shares of common stock. Because the Certificate Amendment contains both of the provisions described above and represents a single proposal, the affirmative vote of at least 80% of the outstanding common stock is required for approval of this proposal. Abstaining or otherwise failing to vote on this proposal will have the same effect as a vote against the proposal. Our board of directors has unanimously approved the Certificate Amendment to eliminate supermajority voting and recommends that the stockholders vote “FOR” this proposal.

**PROPOSAL FIVE - APPROVAL OF AMENDMENT TO CERTIFICATE OF INCORPORATION
TO ADD A FORUM SELECTION CLAUSE**

The board of directors is proposing, for approval by the stockholders, an additional amendment (the “Additional Certificate Amendment”) to our Amended and Restated Certificate of Incorporation (the “Current Certificate”). The Additional Certificate Amendment would add a new Article Ninth providing that, with certain exceptions, the sole and exclusive forum for certain actions shall be the Court of Chancery of the State of Delaware. Other than as described herein, the approval of the Additional Certificate Amendment will not have any effect on your rights as a stockholder.

Adoption of Forum Selection Clause

If the Additional Certificate Amendment is approved by our stockholders, the Current Certificate would be amended to include a new Article Ninth. Article Ninth provides that, except for (i) actions in which the Court of Chancery in the State of Delaware concludes that an indispensable party is not subject to the jurisdiction of the Delaware courts, and (ii) actions in which a federal court has assumed exclusive jurisdiction of a proceeding, any derivative action brought by or on behalf of the company, and any direct action brought by a stockholder against the company or any of its directors, officers, or other employees, alleging a violation of the Delaware General Corporation Law, the certificate of incorporation or By-Laws or breach of fiduciary duties or other violation of Delaware decisional law relating to the internal affairs of the company, shall be brought exclusively in the Court of Chancery in the State of Delaware, unless otherwise permitted by the board of directors.

The board of directors believes that our stockholders will benefit from having disputes of this nature litigated in the Delaware Chancery Courts. Although some plaintiffs could prefer to litigate matters in a forum outside of Delaware because another court may be more convenient to them (among other reasons), the board believes that the proposed provision provides substantial benefits to the company and its stockholders as a whole. Delaware offers a system of specialized Chancery Courts to deal with corporate law questions, with streamlined procedures and processes that help provide relatively quick decisions. This accelerated schedule can limit the time, cost and uncertainty of litigation for all parties. These courts have developed considerable expertise in dealing with corporate law issues, as well as a substantial and influential body of case law construing Delaware's corporate law and long-standing precedent regarding corporate governance. This provides stockholders and the company with more certainty with respect to the outcome of intra-corporate disputes. In addition, adoption of the provision would reduce the risk that the company could be involved in duplicative litigation in more than one forum, as well as the risk that the outcome of cases in multiple forums could be inconsistent, even though each forum purports to follow Delaware law. In addition, the provision would give the board the flexibility to consent to an alternative forum.

Following the effectiveness of the Additional Certificate Amendment, Article Ninth of the certificate of incorporation will state as follows:

“Unless the Corporation consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware shall be the sole and exclusive forum for (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim of breach of a fiduciary duty owed by, or other wrongdoing by, any director, officer, or other employee of the Corporation to the Corporation or the Corporation's stockholders, (iii) any action asserting a claim against the Corporation arising pursuant to any provision of the General Corporation Law of the State of Delaware, this Amended and Restated Certificate of Incorporation or the Corporation's By-Laws, or (iv) any action to interpret, apply, enforce or determine the validity of this Amended and Restated Certificate of Incorporation or the Corporation's By-Laws, or (v) any action asserting a claim against the Corporation governed by the internal affairs doctrine. Any person or entity purchasing or otherwise acquiring any interest in shares of stock of the Corporation shall be deemed to have notice of and consented to the provisions of this Article Ninth.”

Effective Time

If approved by our stockholders, the Additional Certificate Amendment will be effective upon filing with the Secretary of State of the State of Delaware, which we intend to do promptly after stockholder approval is obtained.

Vote Required and Board of Directors' Recommendation

The addition of Article Ninth to the Current Certificate requires the affirmative vote of a majority of the outstanding shares. Abstaining or otherwise failing to vote on this proposal will have the same effect as a vote against the proposal. Our board of directors has unanimously approved the Additional Certificate Amendment to add a forum selection clause and recommends that the stockholders vote “FOR” this proposal.

PROPOSAL SIX - APPROVAL OF AMENDMENT TO BY-LAWS

The board of directors is proposing, for approval by the stockholders, an amendment (the “By-Laws Amendment”) to Section 2.2 of our By-Laws (the “Current By-Laws”). The By-Laws Amendment would amend Section 2.2 of the Current By-Laws to allow holders of at least 20% of the company's outstanding capital stock to call a special meeting of stockholders. Currently, only the board of directors, the chairman of the board of directors, the president or the lead independent director may call a special meeting of the company's stockholders.

The board believes that establishing an ownership threshold of 20% in order to request a special meeting strikes a reasonable balance between enhancing stockholder rights and protecting against the risk that a small minority of stockholders, including stockholders with special interests, could call one or more special meetings that could be disruptive to our business and impose unnecessary and unreasonable costs and expenses on us.

The proposed By-Laws Amendment, including the requirements and procedures for calling a special meeting of stockholders, is attached to this proxy statement as Annex A. The above descriptions of the current provisions and proposed By-Laws Amendment are qualified in their entirety by reference to the actual text of the By-Laws Amendment.

Vote Required and Board of Directors' Recommendation

The affirmative vote of the holders of a majority of the votes which could be cast by the holders of all shares of stock outstanding and entitled to vote on the proposal is required to approve this proposal. Our board of directors has unanimously approved the By-Laws Amendment and recommends that the stockholders vote “FOR” this proposal.

PROPOSAL SEVEN - ADVISORY VOTE ON EXECUTIVE COMPENSATION

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, added Section 14A to the Securities Exchange Act of 1934, as amended, which enables our stockholders to vote to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules.

As described in detail under the heading "Executive Compensation - Compensation Discussion and Analysis," our executive compensation programs are designed to:

- attract, motivate, and retain highly qualified executives;
- align management and stockholder interests by tying a substantial percentage of executives' compensation, in the form of cash and long-term equity incentives, to financial performance of the company;
- reward superior performance by basing decisions regarding cash incentive compensation on the overall performance of executives, including performance against individual and group goals; and
- compensate executives at levels competitive with peer companies.

Our compensation committee seeks to maintain our named executive officers' total compensation at a level competitive with the compensation paid to officers in similar positions at our peer companies in the semiconductor industry and other related industries. We believe we have designed our executive compensation program to be substantially performance-based and have sought to align executive pay and our financial performance. Our equity incentive compensation program promotes the interests of the company and its stockholders by providing financial rewards that increase with increases in our stock price. Please read the "Compensation Discussion and Analysis" beginning on page 19, the tabular disclosure regarding such compensation and the accompanying narrative disclosure set forth in this proxy statement for additional details about our executive compensation programs, including information about the fiscal year 2010 compensation of our named executive officers.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation as described in this proxy statement. Accordingly, our board of directors is asking our stockholders to cast a non-binding advisory vote "FOR" the following resolution at the annual meeting:

"RESOLVED, that the company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the company's Proxy Statement for the 2011 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2010 Summary Compensation Table and the other related tables and disclosure."

The say-on-pay vote is advisory, and therefore not binding on the company, the compensation committee or our board of directors. Our board of directors and our compensation committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and the compensation committee will evaluate whether any actions are necessary to address those concerns.

Vote Required and Board of Directors' Recommendation

The affirmative vote of the holders of a majority of the votes which could be cast by the holders of all shares of stock outstanding and entitled to vote on the proposal is required to approve the proposal. The board of directors unanimously recommends a vote "FOR" the approval of the compensation of our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.

**PROPOSAL EIGHT - ADVISORY VOTE ON THE FREQUENCY
OF AN ADVISORY VOTE ON EXECUTIVE COMPENSATION**

Section 14A of the Securities Exchange Act of 1934, as amended, requires that we provide our stockholders with an opportunity to indicate how frequently we should seek an advisory vote on the compensation of our named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules. In this Proposal 8, our board of directors is asking stockholders to cast a non-binding advisory vote indicating whether they would prefer an advisory vote on named executive officer compensation, such as that set forth in Proposal 7, once every one, two, or three years. Our board of directors has determined that an advisory vote on executive compensation that occurs every year is the most appropriate alternative for the company, and therefore our board of directors recommends that you vote for a one-year interval for the advisory vote on executive compensation. An annual advisory vote on executive compensation will facilitate stockholder input on our compensation philosophy, policies, and practices that are disclosed in the proxy statement.

We recognize that our stockholders may have differing views on the appropriate frequency for the advisory vote on executive compensation, and you may cast your vote on your preferred voting frequency by choosing the option of one year, two years, three years or abstain from voting when you vote in response to the resolution set forth below: “RESOLVED, that the stockholders of the company indicate, on an advisory basis, whether the stockholder vote on the compensation of the company's named executive officers listed in the annual proxy statement should occur every one, two or three years.”

Vote Required and Board of Directors' Recommendation

The option of one year, two years or three years that receives the highest number of votes cast by stockholders will be the frequency for the advisory vote on executive compensation that has been selected by stockholders. However, because this vote is advisory and not binding on the board of directors or the company in any way, the board may decide that it is in the best interests of our stockholders and the company to hold an advisory vote on executive compensation more or less frequently than the preferred frequency selected by our stockholders. The board of directors unanimously recommends a vote for the option of every one year as the preferred frequency with which stockholders are provided an advisory vote on executive compensation.

**PROPOSAL NINE - RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

At the annual meeting, stockholders are requested to ratify the audit committee's appointment of PricewaterhouseCoopers as our independent registered public accounting firm for the fiscal year ending December 31, 2011. We expect that a representative of PricewaterhouseCoopers will be present at the annual meeting, will have the opportunity to make a statement if he/she desires to do so, and will be available to answer any appropriate questions.

Vote Required and Board of Directors' Recommendation

Although not required, the board of directors submits its selection of our independent registered public accounting firm for ratification by stockholders to ascertain the view of stockholders regarding such selection. The affirmative vote of the holders of a majority of the votes which could be cast by the holders of all shares of stock outstanding and entitled to vote on the proposal is required to ratify this proposal. Whether the proposal is approved or defeated, the audit committee may reconsider its selection. The board of directors has unanimously approved this proposal and recommends that stockholders vote "FOR" the ratification of the selection of PricewaterhouseCoopers LLP.

OTHER MATTERS

We know of no other matters to be submitted at the annual meeting. If any other matters are properly brought before the annual meeting, it is the intention of the persons named in the enclosed proxy card to vote the shares that they represent in accordance with their judgment.

For further information about the company, please refer to our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, which accompanies this proxy statement. Our Annual Report on Form 10-K was filed with the SEC on February 15, 2011 and is publicly available on our website at www.altera.com. You may also obtain a copy by sending a written request to Investor Relations, Altera Corporation, 101 Innovation Drive, San Jose, California, 95134.

It is important that proxies be cast promptly. Therefore, stockholders are requested to cast their proxy as instructed in the Notice of Internet Availability of Proxy Materials whether or not they expect to attend the meeting in person. If you request a paper proxy card, please complete, date, and sign the enclosed form of proxy and return it promptly in the envelope provided. By returning your proxy promptly, you can help us avoid the expense of follow-up mailings to ensure a quorum so that the meeting can be held. We encourage you to vote via the Internet.

ANNEX A

AMENDMENTS TO THE AMENDED AND RESTATED BY-LAWS TO ALLOW HOLDERS OF 20% OF THE OUTSTANDING STOCK TO CALL A SPECIAL MEETING OF STOCKHOLDERS

ARTICLE II

STOCKHOLDERS

Section 2.1. Annual Meetings. An annual meeting of stockholders shall be held for the election of directors at such date, time and place, either within or without the State of Delaware, as may be designated by resolution of the Board of Directors from time to time. Only such business shall be conducted as shall have been properly brought before the annual meeting. To be properly brought before an annual meeting, business must be specified in the notice of meeting (or any supplement thereto) given by or at the direction of the Board of Directors, or otherwise properly brought before the meeting by or at the direction of the Board of Directors, or otherwise properly brought before the meeting by a stockholder.

Section 2.2. Special Meetings. Special meetings of stockholders for any purpose or purposes may be called at any time by the Board of Directors, the Chairman of the Board of Directors, the President, or the Lead Independent Director, or . Such special meetings may not be called by any other person or persons. one or more record holders of shares of stock of the Corporation representing in the aggregate not less than twenty percent (20%) of the total number of shares of stock outstanding and entitled to vote on the matter or matters to be brought before the proposed special meeting (the "Voting Stock"). A stockholder request for a special meeting shall be directed to the Secretary of the Corporation at the Corporation's principal executive offices and shall be signed by each stockholder, or a duly authorized agent of such stockholder, requesting the special meeting and shall be accompanied by a notice setting forth the information required by Section 2.10 or Section 2.11, as applicable, of Article II of these By-laws, as to any nominations proposed to be presented and any other business proposed to be conducted at such special meeting and as to the stockholder(s) requesting the special meeting. In addition to the information required by Section 2.10 or Section 2.11, as applicable, of Article II of these By-laws, the special meeting request shall include (i) an acknowledgment by such stockholder(s) that any disposition of shares of the Voting Stock held of record by such stockholder(s) as of the date of delivery of the special meeting request and prior to the record date for the proposed special meeting of stockholders requested by such stockholder(s) shall constitute a revocation of such request with respect to such shares, and (ii) documentary evidence that the requesting stockholder(s) own in the aggregate the requisite twenty percent (20%) or more of the Voting Stock as of the date of such written request to the Secretary; provided, however, that if the requesting stockholder(s) are not the beneficial owner(s) of the shares representing the requisite twenty percent (20%) or more of the Voting Stock as of the date of such written request to the Secretary, then to be valid, the written request must also include documentary evidence that the beneficial owner(s) on whose behalf the special meeting request is made beneficially own the requisite twenty percent (20%) or more of the Voting Stock as of the date of such written request to the Secretary. In addition, the requesting stockholder(s) and the beneficial owner(s), if any, shall promptly provide any other information reasonably requested by the Corporation.

A special meeting requested by stockholder(s) shall be held at such date, time and place within or without the state of Delaware as may be designated by the Board of Directors; provided, however, that the date of any such special meeting shall be not more than 90 days after the request to call the special meeting by the stockholder(s) who satisfy the requirements of this Section 2.2 is received by the Secretary, unless a later date is required in order to allow the Corporation to file the information required under Item 8 (or any comparable or successor provision) of Schedule 14A under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), if applicable.

Notwithstanding the foregoing, a special meeting requested by the stockholder(s) shall not be held if: (i) the request for the special meeting does not comply with the provisions of these By-laws, (ii) the stated business to be brought before the special meeting is not a proper subject for stockholder action under applicable law, (iii) the Board of Directors has called or calls for an annual meeting of stockholders to be held within 90 days after the Secretary receives the request for the special meeting and the Board of Directors determines in good faith that the business of such annual meeting includes (among any other matters properly brought before the annual meeting) the business specified in the stockholder(s)' request for a special meeting, (iv) an annual or special meeting of stockholders that included an identical or substantially similar item of business ("Similar Business"), as determined in good faith by the Board of Directors, was held not more than 120 days before the special meeting request was received by the Secretary, or (v) the special meeting request was made in a manner that involved a violation of Regulation 14A under the Exchange Act or other applicable law. For purposes of this Section 2.2, the election of directors shall be deemed to be Similar Business with respect to all items of business involving the election or removal of directors, changing the size of the Board of Directors and filing of vacancies and/or newly created directorships resulting from any increase in the authorized number of directors.

A-1

In determining whether a special meeting of stockholders has been requested by the record holders of shares representing in the aggregate not less than twenty percent (20%) of the Voting Stock as of the date of such written request to the Secretary, multiple special meeting requests delivered to the Secretary will be considered together only if (i) each request identifies substantially the same purpose or purposes of the proposed special meeting and substantially the same matters proposed to be acted on at the proposed special meeting (in each case as determined in good faith by the Board of Directors), and (ii) such request(s) have been dated and delivered to the Secretary within sixty (60) days of the earliest dated special meeting request.

A stockholder may revoke a request for a special meeting at any time by written revocation delivered to the Secretary of the Corporation, and if, following such revocation, there are un-revoked requests from stockholders holding in the aggregate less than the requisite number of Voting Stock entitling the stockholder(s) to request the calling of a special meeting, the Board of Directors, in its discretion, may cancel the special meeting. If none of the stockholder(s) who submitted the request for a special meeting appears or sends a qualified representative to present the nominations proposed to be presented or other business proposed to be conducted at the special meeting, the Corporation need not present such nominations or other business for a vote at such meeting.

Business transacted at all special meetings shall be confined to the matter(s) stated in the notice of special meeting. Business transacted at a special meeting requested by stockholders shall be limited to the matter(s) described in the special meeting request; provided, however, that nothing herein shall prohibit the Board of Directors from submitting matter(s) to the stockholders at any special meeting requested by stockholder(s).

The Chair of a special meeting shall determine all matter(s) relating to the conduct of the meeting, including, without limitation, determining whether any nomination or other item of business has been properly brought before the meeting in accordance with these By-laws, and if the Chair should so determine and declare that any nomination or other item of business has not been properly brought before the special meeting, then such business shall not be transacted at such meeting.

Special meetings of stockholders may not be called by any person or persons other than as specified by this Section 2.2.

Section 2.10. Stockholder Proposals at Any Meeting of Stockholders Annual Meetings. At an annual meeting of stockholders, only such business shall be conducted as shall have been properly brought before the meeting. To be properly brought before an annual meeting of stockholders, business must be specified in the notice of meeting (or any supplement thereto) given by or at the direction of the Board of Directors, otherwise properly brought before the meeting by or at the direction of the Board of Directors, or otherwise properly brought before the meeting by a stockholder(s). In addition to any other applicable requirements for business to be properly brought before an annual meeting by a stockholder(s), whether or not the stockholder(s) are seeking to have a proposal included in the Corporation's proxy statement or information statement under any applicable rule of the Securities and Exchange Commission (the "SEC"), including, but not limited to, Regulation 14A or Regulation 14C under the Security and Exchange Act of 1937, as amended (the "exchange Act"), the stockholder(s) must have given timely notice thereof in writing to the Secretary of the Corporation. To be timely, in the case of a stockholder(s) seeking to have a proposal included in the Corporation's proxy statement or information statement, a stockholder(s)'s notice must be delivered to the Secretary at the Corporation's principal executive offices not less than 120 days or more than 180 days prior to the first anniversary (the "Anniversary") of the date on which the Corporation first mailed its proxy materials for the previous year's annual meeting of stockholders. However, if the date of the annual meeting is advanced more than 30 days prior to or delayed by more than 30 days after the Anniversary of the preceding year's annual meeting, then notice by the stockholder(s) to be timely must be delivered to the Secretary at the Corporation's principal

executive offices not later than the close of business on the later of (i) the 90th day prior to such annual meeting or (ii) the 15th day following the day on which public announcement of the date of such meeting is first made. If the stockholder(s) areis not seeking inclusion of athe proposal in the Corporation's proxy statement or information statement but nonetheless intend to present such proposal at the annual meeting, timely notice consists of stockholder(s)' notice delivered to or mailed and received by the Secretary at the principal executive offices of the Corporation not less than 90 days prior to the date of the annual meeting. In no event shall any adjournment or postponement of an annual meeting or the announcement thereof commence a new time period for the giving of a stockholder's notice as described above. Other than with respect to stockholder proposals relating to director nomination(s) which requirements are set forth in Section 2.11 below, a stockholder(s)'s notice to the Secretary shall set forth as to each matter the stockholder(s) proposes to bring before the annual meeting of stockholders: (i) a brief description of the business the stockholder(s) desires to bring before the annual meeting and the reasons for conducting such business at the meeting, (ii) the name and record address of the stockholder(s) proposing such business, (iii) the class and number of shares of the Corporation that are beneficially owned by the stockholder(s), (iv) any material interest of the stockholder(s) in such business; (v) as to the stockholder(s) giving the notice and any Stockholder Associated Person (as defined below), whether and the extent to which any hedging or other transaction or series of transactions has been entered into by or on behalf of, or any other agreement, arrangement or understanding (including, but not limited to, any short position or any borrowing or

lending of shares of stock) has been made, the effect or intent of which is to mitigate loss or increase profit to or manage the risk or benefit of stock price changes for, or to increase or decrease the voting power of, such stockholder(s) or any such Stockholder Associated Person with respect to any share of stock of the Corporation (each, a "Relevant Hedge Transaction"), and (vi) as to the stockholder(s) giving the notice and any Stockholder Associated Person, to the extent not set forth pursuant to the immediately preceding clause, (a) whether and the extent to which such stockholder(s) or Stockholder Associated Person has direct or indirect beneficial ownership of any option, warrant, convertible security, stock appreciation right, or similar right with an exercise or conversion privilege or a settlement payment or mechanism at a price related to any class or series of shares of the Corporation, whether or not such instrument or right shall be subject to settlement in the underlying class or series of capital stock of the Corporation or otherwise, or any other direct or indirect opportunity to profit or share in any profit derived from any increase or decrease in the value of shares of the Corporation (a "Derivative Instrument"), (b) any rights to dividends on the shares of the Corporation owned beneficially by such stockholder(s) that are separated or separable from the underlying shares of the Corporation, (c) any proportionate interest in shares of the Corporation or Derivative Instruments held, directly or indirectly, by a general or limited partnership in which such stockholder(s) are is a general partner or, directly or indirectly, beneficially owns an interest in a general partner and (d) any performance-related fees (other than an asset-based fee) that such stockholder(s) are is entitled to based on any increase or decrease in the value of shares of the Corporation or Derivative Instruments, if any, as of the date of such notice, including without limitation any such interests held by members of such stockholder(s)'s immediate family sharing the same household (which information shall be supplemented by such stockholder(s) and beneficial owner(s), if any, not later than 10 days after the record date for the meeting to disclose such ownership as of the record date). For purposes of this Section 2.10 and Section 2.11, "Stockholder Associated Person" of any stockholder shall mean (i) any person controlling or controlled by, directly or indirectly, or acting in concert with, such stockholder, (ii) any beneficial owner of shares of stock of the Corporation owned of record or beneficially by such stockholder and (iii) any person controlling, controlled by or under common control with such Stockholder Associated Person. The Chairman of an annual meeting of stockholders shall, if the facts warrant, determine and declare to the meeting that business was not properly brought before the meeting in accordance with the provisions of this Section 2.10 and the other provisions of these By-laws, and if the Chairman should so determine he or she shall so declare to the meeting, and any such business not properly brought before the meeting shall not be transacted. Nothing in this Section 2.10 shall affect the right of a stockholder to request inclusion of a proposal in the Corporation's proxy statement to the extent that such right is provided by an applicable law.

Section 2.11. Nominations of Persons For Election to the Board of Directors. In addition to any other applicable requirements, only persons who are nominated in accordance with the following procedures shall be eligible for election as directors. Nominations of persons for election to the Board of Directors of the Corporation may be made at a meeting of stockholders by or at the direction of the Board of Directors, by any nominating committee or person appointed by the Board of Directors or by any stockholder(s) of the Corporation entitled to vote for the election of directors at the meeting who comply with the notice procedures set forth in this Section 2.11 and the other provisions of these By-laws. Such nominations, other than those made by or at the direction of the Board of Directors, shall be made pursuant to timely notice in writing to the Secretary of the Corporation at the Corporation's principal executive offices in accordance with these By-laws, which shall be the exclusive means for a stockholder to make nominations whether or not the stockholder is seeking to have a nomination included in the Corporation's proxy statement or information statement under an applicable rule of the SEC, including , but not limited to, Regulation 14A or Regulation 14C under the Exchange Act. To be timely, in the case of a stockholder(s) seeking to have a nomination included in the Corporation's proxy statement or information statement, a stockholder(s)'s notice must be delivered to or mailed and received at the principal executive offices of the Corporation, not less than 120 days or more than 180 days prior to the first Anniversary of the date on which the Corporation first mailed its proxy materials for the previous year's annual meeting of stockholders. However, if the date of the annual meeting is advanced more than 30 days prior to or delayed by more than 30 days after the Anniversary of the preceding year's annual meeting, then notice by the stockhareholder(s) to be timely must be delivered to the Secretary at the Corporation's principal

executive offices not later than the close of business on the later of (i) the 90th day prior to such annual meeting or (ii) the 15th day following the day on which public announcement of the date of such meeting is first made. If the stockholder(s) areis not seeking inclusion of athe nomination in the Corporation's proxy statement or information statement but nonetheless intend to present such nomination at the annual meeting, timely notice consists of a stockholder(s)'s notice delivered to or mailed and received at the principal executive offices of the Corporation not less than 90 days prior to the date of the annual meeting. In no event shall any adjournment or postponement of an annual meeting or the announcement thereof commence a new time period for the giving of a stockholder's notice as described above. The stockholder(s)'s notice relating to director nomination(s) shall set forth (a) as to each person whom the stockholder(s) proposes to nominate for election or re-election as a director, (i) the name, age, business address and residence address of the person, (ii) the principal occupation or employment of the person, (iii) the class and number of shares of the Corporation which are beneficially owned by the person, and (iv) any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors pursuant

to Regulation 14A under the Exchange Act; (b) as to the stockholder(s) giving the notice, (i) the name and record address of the stockholder(s), and (ii) the class and number of shares of the Corporation which are beneficially owned by the stockholder(s); (c) as to the stockholder(s) giving the notice and any Stockholder Associated Person (as defined in Section 2.109), to the extent not set forth pursuant to the immediately preceding clause, whether and the extent to which any Relevant Hedge Transaction (as defined in Section 2.109) has been entered into, and (d) as to the stockholder(s) giving the notice and any Stockholder Associated Person, (1) whether and the extent to which any Derivative Instrument (as defined in Section 2.109) is directly or indirectly beneficially owned, (2) any rights to dividends on the shares of the Corporation owned beneficially by such stockholder(s) that are separated or separable from the underlying shares of the Corporation, (3) any proportionate interest in shares of the Corporation or Derivative Instruments held, directly or indirectly, by a general or limited partnership in which such stockholder(s) are a general partner or, directly or indirectly, beneficially owns an interest in a general partner and (4) any performance-related fees (other than an asset-based fee) that such stockholder(s) are entitled to based on any increase or decrease in the value of shares of the Corporation or Derivative Instruments, if any, as of the date of such notice, including without limitation any such interests held by members of such stockholder(s)'s immediate family sharing the same household (which information shall be supplemented by such stockholder(s) and beneficial owner(s), if any, not later than 10 days after the record date for the meeting to disclose such ownership as of the record date). The Corporation may require any proposed nominee to furnish such other information as may reasonably be required by the Corporation to determine the eligibility of such proposed nominee to serve as a director of the Corporation. No person shall be eligible for election as a director of the Corporation unless nominated in accordance with the procedures set forth here in these By-laws.

The Chairman of an annual meeting of stockholders shall, if the facts warrant, determine and declare to the meeting that a nomination was not made in accordance with the provisions of this Section 2.11 and the other provisions of these By-laws, and if he should so determine, he shall so declare to the meeting and the defective nomination shall be disregarded.
