ITEM 2.02 Results of Operations and Financial Condition

On April 9, 2019, Pentair plc (the “Company”) issued a press release announcing its preliminary financial results for the first quarter ended March 31, 2019 along with updated outlook for the full year 2019. A copy of the press release is furnished herewith as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

The preliminary 2019 adjusted diluted earnings per share from continuing operations (“EPS”) include eliminates intangible amortization, certain targeted restructuring activities, impairments, deal related costs, inventory step-up, gain on sale of business and certain tax items. The 2018 adjusted EPS eliminates intangible amortization, certain targeted restructuring activities, corporate allocations, loss on sale of business, interest expense adjustments and certain tax items.

We use the term “core sales” to refer to GAAP net sales from continuing operations excluding (1) the impact of currency translation and (2) the impact of revenue from acquired businesses recorded prior to the first anniversary of the acquisition less the amount of sales attributable to divested product lines not considered discontinued operations (“acquisition sales”). The portion of GAAP net sales attributable to currency translation is calculated as the difference between (a) the period-to-period change in net sales (excluding acquisition sales) and (b) the period-to-period change in net sales (excluding acquisition sales) after applying current period foreign exchange rates to the prior year period. We use the term “core sales growth” to refer to the measure of comparing current period core net sales with the corresponding period of the prior year.

Management utilizes these adjusted financial measures to assess the run-rate of its continuing operations against those of prior periods without the distortion of these factors. The Company believes that these non-GAAP financial measures will be useful to investors as well to assess the continuing strength of the Company’s underlying operations. These non-GAAP measures may not be comparable to similarly titled measures reported by other companies.

The information included in this item, including Exhibit 99.1, is hereby furnished and shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.
