The Board of Directors of Philippine Long Distance Telephone Company ( PLDT ) approved in principle today the broad outline of the PLDT Group s strategic plans for the next three years (2007 to 2009). The strategic plans of the Group will focus on the development of new revenue streams to drive future growth while protecting its existing core communications business, particularly its traditional voice service revenues in light of a shift towards more data and other converged services. PLDT Group has moved steadily towards a convergence business model/platform over the recent past. Looking forward, the Group intends to continue pursuing the development of next generation services on its wireless and fixed line infrastructures, expand broadband and other data services, exploit opportunities in the content side to complete the triple-play potential as well as increase its participation in the call center/business process outsourcing sector.

To ensure the proper execution of the Group s three-year plans as presented - particularly with respect to the manpower resources being committed to such plans - a new Long-Term Incentive Plan ( the New LTIP ), upon endorsement of the Executive Compensation Committee, was approved by the Board to cover the period 2007 to 2009. As a result of the establishment of the New LTIP, the Board also approved the early vesting of the current Long-Term Incentive Plan ( the Original Plan ) by the end of 2006.

The establishment of the New LTIP for the next three years - the award of which is contingent upon the successful achievement of certain targets - aligns the execution of the new business strategies of the Group over the same period. In addition, the New LTIP ensures the continuity of management and assists in succession planning for the Group. It also allows PLDT Group to cover new hires and key management in newly acquired businesses to participate in the New LTIP as well as support a more aggressive retention and pruning process.

The strategic plans and the New LTIP intimately align the PLDT shareholders and management in achieving the profit targets and the resulting increase in shareholder value created from the successful execution of the strategic plans over the plan period.
