PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
APRIL 29, 2002

March 12, 2002

This Proxy Statement is furnished in connection with the solicitation of proxies to be used at the Annual Meeting of Stockholders of Seaboard Corporation (the "Company") to be held

Edgar Filing: SEABOARD CORP /DE/ - Form DEF 14A

on April 29, 2002, and at any adjournment thereof, for the purposes set forth in the foregoing Notice of Annual Meeting.

The close of business on Monday, March 4, 2002, has been fixed as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting, and at any adjournment thereof.

This Proxy Statement is first being sent to stockholders on or about March 25, 2002. The consolidated financial statements of the Company for the fiscal year ended December 31, 2001, together with corresponding consolidated financial statements for the fiscal year ended December 31, 2000, are contained in the Annual Report which is mailed to stockholders herewith.

Proxies in the form enclosed are solicited by the Board of Directors of the Company. Any stockholder giving a proxy in the enclosed form has the power to revoke it at any time before it is exercised. A stockholder's right to revoke his or her proxy is not limited by, or subject to, compliance with any specified formal procedure. He or she may revoke his or her proxy by delivering a written revocation or a duly executed proxy bearing a later date, or by attending the meeting and voting in person. A proxy in such form, if received in time for voting and not revoked, will be voted at the Annual Meeting in accordance with the direction of the stockholder. Where a choice is not so specified, the shares represented by the proxy will be voted "for" the election of the nominees for Director listed herein and "for" ratification of the selection of KPMG LLP as independent auditors of the Company. The Board of Directors does not know of any matters which will be brought before the meeting other than those specifically set forth in the Notice of Annual Meeting. However, if any other matter properly comes before the meeting, it is intended that the persons named in the enclosed form of proxy, or their substitutes acting there under, will vote on such matter in accordance with their best judgment.

Votes cast at the Annual Meeting will be tabulated by persons duly appointed to act as inspectors of election for the Annual Meeting. The inspectors of election will treat shares represented by a properly signed and returned proxy as present at the Annual Meeting for purposes of determining a quorum, without regard to whether the proxy is marked as casting a vote or abstaining. Likewise, the inspectors of election will treat shares of stock represented by "broker non-votes" as present for purposes of determining a quorum. Broker non-votes are proxies with respect to shares held in record name by brokers or nominees, as to which (i) instructions have not been received from the beneficial owners or persons entitled to vote, (ii) the broker or nominee does not have discretionary voting power under applicable national securities exchange rules or the instrument under which it serves in such capacity, and (iii) the record holder has indicated on the proxy card or otherwise notified the Company that it does not have authority to vote such shares on that matter.

A favorable plurality of votes cast is necessary to elect members of the Board of Directors. Accordingly, abstentions or broker non-votes as to the election of Directors will not affect the election of the candidates receiving the plurality of votes.

The remaining proposals set forth herein require the affirmative vote of the majority of the shares present. Shares represented by broker non-votes as to such matters are treated as not being present for the purposes of such matters, while abstentions as to such matters are treated as being present but not voting in the affirmative. Accordingly, the effect of broker non-votes is only to reduce the number of shares considered to be

Edgar Filing: SEABOARD CORP /DE/ - Form DEF 14A

present for the consideration of such matters, while abstentions will have the same effect as votes against the matter.

The Company will bear all expenses in connection with the solicitation of proxies, including preparing, assembling, and mailing of the Proxy Statement.

The Company had 1,487,519.75 shares of Common Stock, \$1.00 par value, outstanding and entitled to vote as of March 4, 2002. A majority, or 743,760 of such shares, constitutes a quorum for the Annual Meeting.

Frozen Retirement Plan. Each of the Named Executive Officers in the Summary Compensation Table is 100% vested under a certain defined benefit plan which was frozen at December 31, 1993. A definitive actuarial determination of the benefit amounts was made in 1995. The annual amounts payable upon retirement after attaining age 62 under this predecessor defined benefit plan are as follows: H. Bresky \$120,108, S. Bresky \$32,796, R. Steer \$15,490, J. Lynch \$25,872, and R. Brenneman \$6,540. Under this Plan, the automatic form of benefit payment, for a married participant, is pursuant to a "Ten-year Certain and Continuous Annuity." This means the participant will receive a monthly annuity benefit for his/her lifetime and should the participant die while in the ten-year certain period, the balance of the ten-year benefit will be paid to his/her designated beneficiary. If the participant dies while employed by the Company or after retirement, but before the commencement of benefits, monthly payments shall be made to the participant's beneficiary for a period of ten years. The Plan allows for optional forms of payment under certain circumstances.

Supplemental Retirement Plans. The Supplemental Executive Benefit Plan provides for discretionary investment options under the Investment Option Plan, described below, for 2001 and 2000 and cash compensation for 1999 for H. Bresky, S. Bresky and R. Steer and cash compensation for 2001, 2000 and 1999 for J. Lynch and R. Brenneman, in an amount equal to 3% of a participant's annual compensation in excess of \$170,000 for 2001 and 2000 and \$160,000 for 1999. Additionally, the cash compensation amounts paid pursuant to this plan are grossed up to cover 100% of a participant's estimated income tax liability on the benefit. The amounts of benefits payable, including the gross up for taxes, under the Supplemental Executive Benefit Plan is reported in the Summary Compensation Table herein.

In addition to the Supplemental Executive Benefit Plan, the Company has agreed to provide a supplementary pension benefit to Mr. H. Bresky. Mr. H. Bresky is entitled to a supplementary annual pension in the amount of \$410,088 per year. Under this Plan, the automatic form of benefit payment is pursuant to a "Ten-year Certain and Continuous Annuity." This means Mr. Bresky will receive a monthly annuity benefit for his lifetime and should Mr. Bresky die while in the ten-year certain period, the balance of the ten-year benefit will be paid to his designated beneficiary. If Mr. Bresky dies while employed by the Company or after retirement, but before the commencement of benefits, monthly payments shall be made to Mr. Bresky's beneficiary for a period of ten years. Under these plans, payment of benefits commences with the executive's retirement from the Company.

Investment Option Plan. The Investment Option Plan allows executives to reduce their compensation in exchange for options to buy shares of certain mutual funds. In addition, the Company may grant discretionary investment options under the Investment Option Plan, which do not require a reduction to executive compensation. The exercise price for each investment option is established based upon the fair market value of the underlying investment at the date of grant.

Executive Deferred Compensation Plan. The Executive Deferred Compensation Plan requires the deferral of salary and bonus on a pre-tax basis for executives whose compensation exceeds the maximum allowable deductible amount under Section 162(m) of the Code (\$1 million).

None of the benefits payable under the aforementioned plans contain an offset for social security benefits.

REPORT OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The following information is to provide shareholders and other interested parties with a clear understanding of the Company's philosophy regarding executive compensation and to provide insight behind fundamental compensation decisions.

The Company maintains the philosophy that determination of compensation for its executive officers by the Board of Directors is primarily based upon a recognition that these officers are responsible for implementing the Company's long-term strategic objectives. The Company's goals with respect to its executive compensation policies described below are to attract and retain top executive employees.

Base compensation, increases thereto and bonus compensation for executive officers as presented in the Summary Compensation Table herein are determined by the following factors:

Competitive compensation ranges at or above the average of a select group of comparable firms. As most of the peer group companies offer their executives long-term stock incentives, in addition to base and bonus compensation, and Seaboard does not, the Board also considers this factor in its compensation decisions. This group is comprised of comparable sized firms in the food processing and grain industries. While this group contains some of the same firms listed in the peer group index in the total return graphs herein, it is not identical.

The diversity and complexity of the Company's businesses.

Compensation decisions for the Chief Executive Officer and other executive officers are not principally based on Company performance.

As Chief Executive Officer, Mr. H. Harry Bresky's base compensation and bonus are also determined based on a survey of the select group of firms referenced above. An analysis of the data presented in this survey shows that the typical base compensation for Chief Executive Officers of these entities is comparable to the base compensation and bonus paid to Mr. H. Harry Bresky.

Discretionary bonuses for executive officers, including the Chief Executive Officer, may not exceed 100% of each executive's

Edgar Filing: SEABOARD CORP /DE/ - Form DEF 14A

base compensation.

Pursuant to Section 162(m) of the Internal Revenue Code, compensation in excess of \$1 million paid to Mr. Bresky is not deductible by the Company. The Board of Directors has considered the effect of Section 162(m) of the Code on the Corporation's executive compensation. As such, to assure that the Corporation does not lose deductions for compensation paid, the Board of Directors has adopted the Executive Deferred Compensation Plan described above, requiring the executive to defer receipt of any compensation in excess of \$1 million that is not deductible. In 2001 and 2000, no deferral was required as Mr. Bresky elected under the Investment Option Plan to reduce his compensation below \$1 million.

The foregoing report has been furnished by the Board of Directors:

COMPANY PERFORMANCE

The Securities and Exchange Commission requires a five-year comparison of stock performance for the Company with that of an appropriate broad equity market index and similar industry index. The Company's Common Stock is traded on the American Stock Exchange, and one appropriate comparison is with the American Stock Exchange Market Value Index performance. Because there is no single industry index to compare stock performance, the companies comprising the Dow Jones Food and Marine Transportation Industry indices were chosen as the second comparison.

The following graph shows a five-year comparison of cumulative total return for the Company, the American Stock Exchange Market Value Index and the companies comprising the Dow Jones Food and Marine Transportation Industry indices weighted by market capitalization for the five fiscal years commencing December 31, 1996, and ending December 31, 2001.
