Item 2.02 Results of Operations and Financial Condition

On October 25, 2006, F5 Networks, Inc. (the Company) issued a press release announcing its financial results for the fourth quarter ended September 30, 2006. The press release is attached hereto as Exhibit 99.1. The information in this Item 2.02 shall not be treated as filed for purposes of the Securities Exchange Act of 1934, as amended.

Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

As previously announced, the Company's Board of Directors (the Board) formed a special committee of the Board (the Special Committee) to conduct a review of the Company's stock option practices. On October 25, 2006, the Company announced that the Special Committee had substantially completed its review.

To date, the Special Committee has found that the recorded grant dates for certain stock options granted during fiscal years 1999 through 2004 should not be relied upon as the measurement date for accounting purposes.

The Company is conducting an analysis to determine what adjustments need to be made to the Company's historical financial statements. Based on its analysis to date, the Company anticipates that it may be required to record additional non-cash, stock-based compensation expense of up to \$30 million, in the aggregate, for fiscal years 1999 through 2006. The Company has not completed its analysis of the total net effect of these adjustments, but any such adjustments are not expected to affect the Company's current cash position or previously reported revenues.

On October 25, 2006, the Audit Committee of the Board (the Audit Committee) determined, after consultation with management, that the Company's financial statements and all earnings releases and similar communications relating to fiscal periods commencing on or after October 1, 1998, which is the first day of the Company's fiscal year 1999, through the date of this report should no longer be relied upon. The Audit Committee also determined that the Company should restate its financial statements for fiscal years 1999 through 2005 and its financial statements for the first two quarters of fiscal 2006, to reflect adjustments prompted by the Special Committee's findings to date. The Company intends to file its restated financial statements, as well as its Form 10-Q for the third quarter of fiscal 2006, which has been delayed due to the pending the Special Committee inquiry, as soon as practicable pending completion of the Company's analysis of any necessary adjustments.

Additionally, the Company is evaluating Management's Report on Internal Controls Over Financial Reporting set forth in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2005. The Company has not yet completed its analysis of the impact of this situation on its internal controls over financial reporting.

The Company will describe any improvements to its policies and procedures regarding the granting of stock options and restricted stock units in its Annual Report on Form 10-K for the fiscal year 2006.

The Audit Committee has discussed the matters disclosed in this Item 4.02(a) with the Company's independent registered public accounting firm.

On October 25, 2006, the Company issued a related press release announcing the matters described herein. The full text of the press release is attached as Exhibit 99.1 to this report and is hereby incorporated by reference herein.
