FOR IMMEDIATE RELEASE

WALTER HEWLETT ISSUES STATEMENT ON THIRD SURVEY SHOWING HP EMPLOYEES ARE OPPOSED TO HP/COMPAQ MERGER

PALO ALTO, CA, March 5, 2002 Walter B. Hewlett, on behalf of The William R. Hewlett Revocable Trust and its trustees, today made the following statement regarding the survey released yesterday showing that 65% of Hewlett-Packard employees living in the Fort Collins, Colorado area are strongly opposed to the company s proposed merger with Compaq Corporation!

We think it is important HP employees have had the opportunity to express their opinions about the merger in this independent study. This is the third survey demonstrating employee opposition to the proposed merger. Fort Collins-area HP employees oppose the merger by 65% to 26%. Likewise, previous studies found employees in Corvallis and Boise also oppose the merger by a margin of more than two to one. The Fort Collins employees main concern like that of investors and their counterparts in Corvallis and Boise is that acquiring Compaq won t add value to HP. It is difficult to fathom how a seamless integration is possible given that HP employees are widely and consistently opposed to merging with Compaq.

It is clear to us that employee dissatisfaction toward the proposed merger with Compaq appears to run much deeper than HP management is willing to admit publicly. In addition, we find it curious that HP s management engaged International Survey Research to validate the data from HP s January 23-29 survey without announcing the methodology used or the name of the organization that conducted the HP surveys in the first place.

The independent study of employees living in the Fort Collins, Colorado area was completed by Field Research Corporation of San Francisco, an independent public opinion research organization. The survey was commissioned and paid for by David W. Packard, acting as an individual. Mr. Packard is not a participant in the solicitation of proxies from Hewlett-Packard stockholders being conducted by Walter B. Hewlett, Edwin E. van Bronkhorst and The William R. Hewlett Revocable Trust.

The methodology and detailed findings of this survey are available for viewing at www.votenohpcompaq.com.

1 Fort Collins-area findings are based on a random sample of 260 current and 574 former employees of the Hewlett-Packard Company living in Larimer County, Colorado by Field Research Corporation.

2 The Corvallis survey results are based on a random sample of 445 current and 226 former HP employees living in Benton County or Linn County, Oregon by Field Research Corporation. The Boise-area findings are based on a random sample of 235 current and 237 former employees of the Hewlett-Packard Company living in Ada County, Idaho by Field Research Corporation.
