Income Tax Information

The following information is presented on an income tax basis. Differences between amounts for financial statement and federal income tax purposes are primarily due to the treatment of paydown gains and losses, timing differences in recognizing taxable market discount and timing differences in recognizing certain gains and losses on investment transactions. To the extent that differences arise that are permanent in nature, such amounts are reclassified within the capital accounts on the Statement of Assets and Liabilities presented in the annual report,

based on their federal tax basis treatment; temporary differences do not require reclassification. Temporary and permanent differences do not impact the net asset value of the Fund.

At February 29, 2008, the cost of investments was \$56,400,560.

Gross unrealized appreciation and gross unrealized depreciation of investments at February 29, 2008, were as follows:

Gross unrealized: Appreciation Depreciation	\$ 864,434 (2,084,813)
Net unrealized appreciation (depreciation) of investments	\$(1,220,379)
