AGREEMENT FOR A JOINT PARTICIPATION IN THE  
DARK FIBER AUCTION

Mexico City and Guadalajara, Jalisco – March 18, 2010 – Telefónica Móviles de México S.A. de C.V. (“Telefónica”), Grupo Televisa, S.A.B. (“Televisa”, BMV:TLEVISA CPO; NYSE:TV) and Megacable Holdings S.A.B. de C.V. (“Megacable”, BMV:MEGA CPO) announced today that they have agreed to jointly participate in the auction of a pair of dark fiber wires (the “Auction”) to be held by the Federal Electricity Commission (Comisión Federal de Electricidad), which according to the rules and procedures published by the Secretary of Communication and Transportation (Secretaría de Comunicaciones y Transportes) should take place this year.

The three companies will participate as a consortium in the Auction and the definitive launch of this consortium is subject to a successful outcome in the auction process. The equity participation of each company in the consortium will be in equal stakes.

This new fiber optic network will represent for Televisa, Telefónica and Megacable, and also for third parties, an alternative to access data transportation services, increasing competition in the Mexican telecommunications market and therefore improving the quality of the services offered.

This network will aim to increase broadband internet access for businesses as well as households in Mexico, which is an essential step in order to raise the competitive level of the country to international standards.
