**Exhibit 99.1**

On January 31, 2011, United Bancshares, Inc. issued the following release:

**United Bancshares, Inc.** (Nasdaq: UBOH news), a bank holding company headquartered in Columbus Grove, Ohio with consolidated assets of \$613 million today announced operating results for the quarter and year ended December 31, 2010.

For the quarter ended December 31, 2010, the Corporation reported net income of \$598,000, or \$0.17 per share compared to fourth quarter 2009 net income of \$893,000, or \$0.26 per share. Compared with the same period in 2009, fourth quarter 2010 net income decreased \$295,000 or 33.0%. The decrease for the quarter, as compared to the quarter ended December 31, 2009, resulted from increases in the provision for loan losses of \$250,000 and non-interest expenses of \$511,000 offset by increases in net interest income of \$142,000, non-interest income of \$227,000, and a decrease of \$97,000 in the provision for income taxes.

Net income for the year ended December 31, 2010, was \$2,808,000, or \$0.82 per share compared to \$2,883,000, or \$0.84 per share for the same period in 2009. Compared with the same period in 2009, net income decreased \$75,000 or 2.6%. The decrease in net income for the year was primarily the result of an increase in non-interest expenses of \$1,043,000 and a \$774,000 decrease in non-interest income offset by a \$755,000 increase in net interest income, a \$975,000 decrease in the provision for loan losses, and a decrease in the provision for income taxes of \$13,000.

The Corporation recognized a \$2,050,000 provision for loan losses for the fourth quarter of 2010 compared to \$1,800,000 for the same period in 2009, and a \$6,550,000 provision for loan losses for the year ended December 31, 2010 compared to \$7,525,000 for the same period in 2009. In light of high unemployment and the continued uncertainty of the real estate markets in which the Corporation serves, especially with respect to commercial real estate, management believed it prudent to make the aforementioned provisions to the allowance for loan losses. The allowance for loan losses as a percentage of total loans has increased to 2.09% at December 31, 2010 compared to 1.18% at December 31, 2009.

For the quarter ended December 31, 2010, non-interest income was \$1,302,000, compared to \$1,075,000 for the fourth quarter of 2009, a \$227,000 (21.1%) increase. For the year ended December 31, 2010, non-interest income was \$3,718,000, compared to \$4,492,000 for the year ended December 31, 2009, a \$774,000 (17.2%) decrease. The increase in non-interest income for the fourth quarter of 2010 as compared to 2009 was primarily attributable to a \$229,000 increase in the gain on sales of loans. On an annual basis, the decrease in non-interest income is primarily attributable to a \$509,000 decrease in the gain on sales of loans, resulting from a decrease in loan sales activity, especially during the first half of 2010 as compared to 2009, and a \$337,000 change relating to the fair value of mortgage servicing rights, offset by a \$149,000 increase in the gain on sales of securities.

For the quarter ended December 31, 2010, non-interest expenses were \$3,903,000, compared to \$3,392,000 for the comparable period in 2009, a \$511,000 (15.1%) increase. The increase in non-interest expenses for the fourth quarter of 2010 as compared to 2009 was primarily attributable to a \$232,000 increase in salaries and benefits, a \$123,000 increase in advertising, a \$58,000 increase in other real estate owned expenses and a \$97,000 increase in cash variances offset by a \$53,000 decrease in deposit premium amortization. For the year ended December 31, 2010, non-interest expenses totaled \$15,522,000, compared to \$14,479,000 for the comparable period of 2009, an increase of \$1,043,000 (7.2%). On an annual basis, the decrease in non-interest expenses is primarily attributable to a \$232,000 increase in salaries and benefits, a \$205,000 increase in advertising, a \$374,000 increase in other real estate owned expenses, a \$219,000 increase in asset management legal expenses, and a \$113,000 increase in miscellaneous losses and recoveries offset by a \$160,000 decrease in deposit premium amortization.

**Quarterly Report**

**December 31, 2010**

Dear Shareholders, Customers, and Employees,

The current economic environment continued to have a negative impact on business operations throughout 2010. As a result, we have continued to make significant provisions to the allowance for loan losses, which has adversely affected our profitability. Despite adding nearly \$6.6 million to the allowance for loan losses during the year, the Company reported net income of \$2.8 million for the year or \$0.82 per share, compared to \$2.9 million or \$0.84 per share for the same period of 2009. As a result of the aforementioned provision, the allowance for loan losses as a percentage of total loans increased to 2.09% as of December 31, 2010, compared to 1.18% as of December 31, 2009.

The Company was able to improve the net interest margin during 2010, resulting in an increase in net interest income. The net interest margin and reported net interest income were 3.85% and \$21.3 million respectively during 2010 compared to 3.76% and \$20.6 million during 2009. This was accomplished despite a \$23.9 million (5.9%) decrease in total loans.

The management team continues to work with customers to obtain the best possible results during one of the most difficult economic environments in recent history. As always, we appreciate your continued support.

Respectfully,

Daniel W. Schutt

President & CEO
