GENERAL INFORMATION

Current Operations

Hilton Hotels Corporation ("Hilton" or the "Company") is primarily engaged, together with its subsidiaries, in the ownership, management and development of hotels, resorts and vacation ownership properties and the franchising of lodging properties. As of December 31, 2000, the Company's hotel system included 1,895 properties, totaling approximately 318,000 rooms worldwide. Of such properties, the Company owned an interest in and operated 139 hotels, managed 191 hotels owned by others, leased 73 hotels and franchised 1,492 hotels owned and operated by third parties. All of these hotels are located in the United States, with the exception of 10 hotels in which the Company owns an interest and/or manages and 33 hotels franchised by the Company.

The Company's hotel brands include Hilton, Hilton Garden Inn, Doubletree, Embassy Suites, Hampton, Homewood Suites by Hilton, Red Lion, Conrad and Harrison Conference Centers. The Company's hotel system also includes certain properties that are not Company branded. The Company develops and operates vacation ownership resorts through Hilton Grand Vacations Company and its related entities, which are wholly owned by the Company. The Company is also engaged in various other activities incidental or related to the operation of hotels.

Hilton was organized in the State of Delaware on May 29, 1946. Our principal executive offices are located at 9336 Civic Center Drive, Beverly Hills, California 90210, and our telephone number is (310) 278-4321.

For additional information, see the Company's Annual Report to Stockholders for the fiscal year ended December 31, 2000 (the "Stockholder Report"). Portions of the Stockholder Report are included as Exhibit 13 to this Form 10-K and, to the extent specific references are made to such portions of the Stockholder Report, those provisions are incorporated in this Form 10-K by reference.

Recent Developments

Promus Acquisition

On November 30, 1999, the Company consummated its acquisition of Promus Hotel Corporation ("Promus") through the merger of Promus into a wholly owned subsidiary of the Company (the "Promus Acquisition"). As a result of the Promus Acquisition, the Company added over 1,450 properties representing over 200,000 rooms to its hotel system, along with a complementary portfolio of hotel brand names including Doubletree, Embassy Suites, Hampton, Homewood Suites, Red Lion and Harrison Conference Centers. The Promus Acquisition has created a more diversified and balanced income stream by increasing the percentage of revenue that the Company derives from management and franchise fees, both of which require little or no ongoing capital investment by the Company. The integration of Promus was substantially completed during the first quarter of 2000. The Company believes that the Promus Acquisition has yielded and will continue to yield significant synergies, economies of scale and revenue enhancements by providing greater opportunity for expansion with multiple brands and market segments; spreading overhead over a wider base of properties; and including the Promus brands in the Hilton HHonors Worldwide frequent guest program, the Hilton Reservations Worldwide central reservation system and our sales and marketing initiatives.

Properties

In January 2001, the Company completed the sale of 52 operating leases and four management contracts on hotels owned by RFS Hotel Investors, Inc. to RFS for approximately \$60 million in cash. The Company also sold 973,684 shares of RFS preferred stock to RFS for \$13 million in cash.

In January 2001, the Company entered into an agreement to affiliate 13 Camino Real hotels and resorts located in Mexico, and one Camino Real hotel in Texas, into our family of brands.

In January 2001, the Company opened a new 264-unit vacation ownership resort at the Hilton Hawaiian Village Beach Resort & Spa in Honolulu, Hawaii, developed through the conversion of an apartment tower to timeshare units.

Edgar Filing: HILTON HOTELS CORP - Form 10-K

In January 2001, the Company entered into two year agreements to manage 15 Hampton Inn hotels and one Homewood Suites by Hilton hotel owned by Equity Inns, Inc.

In January 2001, the Company sold the Red Lion Hotel in Houston, Texas for approximately \$20 million.

In December 2000, the Company sold seven Homewood Suites by Hilton properties for approximately \$95 million. The Company entered into long-term management and franchise agreements with the purchaser of these properties.

In September 2000, the Company acquired the Cleveland Marriott East in Beachwood, Ohio (which was renamed the Hilton Cleveland) in exchange for our ownership interests in the Doubletree San Antonio Airport and the Doubletree Guest Suites in Southfield, Michigan. The Company entered into long-term franchise agreements for these two Doubletree properties.

Hotel Development

During 2000, the Company added a total of 170 hotels, or approximately 23,500 rooms, to its portfolio, including an increase of 157 franchise properties and seven managed properties owned by third parties. A total of 27 properties, or approximately 6,000 rooms, were removed from the Company's hotel system during 2000. During 2000, the Company continued to enhance its development pipeline by approving an additional 223 new hotels, primarily franchises, representing approximately 32,000 rooms.

Additional Information

For a more detailed description of the Company's recent developments, see "Hotel Operations" and "Additional Information Vacation Ownership." For a description of the Company's planned expansion activities, see "Hotel Operations Expansion Program" and "Additional Information Vacation Ownership." For additional information, see "Management's Discussion and Analysis of Financial Condition and Results of Operations" on pages 25 through 38 in the Stockholder Report.

Separation of Gaming Business

On December 31, 1998, the Company completed a spin-off that split its operations into two independent public corporations, one for conducting its hotel business and one for conducting its gaming business. The Company retained ownership of the hotel business. The Company transferred the gaming business to a new corporation named Park Place Entertainment Corporation, and distributed the stock of Park Place to the Company's stockholders on a one-for-one basis.

Industry Segments

The Company operates in one business segment, hospitality and leisure, which includes the consolidated results of the Company's owned and leased hotels, management and franchise fees, equity income from unconsolidated affiliates and earnings from vacation ownership and conference center operations.

As of December 31, 2000, the Company managed (and in some cases, partially owned) hotel properties in Belgium, Egypt, England, Hong Kong, Ireland, Puerto Rico, Singapore and Turkey. The Company also franchised hotel properties in Canada, Colombia, Costa Rica, Ecuador, Mexico, Peru,

Puerto Rico and Venezuela. To date, the amounts of revenues, operating profits and identifiable assets attributable to geographic areas outside the United States have not been material.

HOTEL OPERATIONS

Hotel Properties

Owned Hotels

Edgar Filing: HILTON HOTELS CORP - Form 10-K

As of December 31, 2000, the Company owned a majority or controlling interest in and operated 78 hotels, representing 35,234 rooms. The owned hotels include some of the Company's largest and most profitable hotels, including:

the 1,380-room Waldorf=Astoria;

the 2,086-room Hilton New York;

the 2,545-room Hilton Hawaiian Village Beach Resort & Spa;

the 1,895-room Hilton San Francisco;

the 1,543-room Hilton Chicago;

the 1,639-room Palmer House Hilton;

the 1,123-room Hilton Washington; and

the 1,600-room Hilton New Orleans Riverside.

Included in the number of owned hotels are 12 hotels for which Hilton leases the land upon which the hotels are located. The expiration dates of the leases range up to 2044, with certain leases containing renewal options for 30 to 40 years. Under these leases, the Company owns the buildings and leasehold improvements and all furniture and equipment, is responsible for repairs, maintenance, operating expenses and lease rentals, and retains complete managerial discretion over operations. Generally, the Company pays a percentage rental based on the gross revenue of the facility. Upon the expiration of such leases, the buildings and other leasehold improvements presently owned by the Company revert to the landlords. For additional information, see "Leases" in the Notes to the Company's Consolidated Financial Statements on page 57 in the Stockholder Report.

Leased Hotels

As of December 31, 2000, the Company leased 73 hotels, representing 12,602 rooms. Under these leases, the Company leases the hotel from its owner, manages the hotel and is generally responsible for all aspects of the hotel's operations and recognizes all revenues and substantially all expenses associated with the hotel's operations. Although, in general, replacement of furniture, fixtures and equipment is the landlord's responsibility, the Company is obligated under certain leases to maintain and replace these items. Lease terms typically require the Company to pay a fixed monthly base rent regardless of the performance of the hotel and a variable rent based on a percentage of revenues.

In January 2001, the Company completed the sale of operating leases relating to 52 hotels that the Company leased pursuant to substantially similar lease agreements with subsidiaries of RFS Hotel Investors, Inc. See "Alliances RFS Hotel Investors" below and "Acquisitions and Divestitures Assets Held For Sale" and "Leases" in the Notes to the Company's Consolidated Financial Statements on pages 47 and 57 in the Stockholder Report.

Joint Ventures

As of December 31, 2000, the Company had a minority or non-controlling ownership interest in and operated 61 hotels, representing 18,148 rooms. These hotels are owned by joint ventures of which the Company owns a minority or non-controlling interest. The Company has a right of first refusal to purchase additional equity interests in certain of these joint ventures. The Company manages each of the partially owned hotels for the entity owning the hotel. For additional information, see "Alliances" below.

Managed Hotels

Edgar Filing: HILTON HOTELS CORP - Form 10-K

As of December 31, 2000, the Company managed 191 hotels, representing 51,122 rooms, which are wholly owned by others. Under its standard management arrangement, the Company operates a hotel for the benefit of its owner, which either owns or leases the hotel and the associated personal property. The Company's management fee is generally based on a percentage of each hotel's gross revenue plus, in the majority of properties, an incentive fee based on operating performance. The expiration dates of the Company's management agreements range up to 2024 and generally contain renewal options ranging from five to 20 years, subject to certain termination rights.

Under the management agreements, all operating and other expenses are paid by the owner, and the Company is generally reimbursed for its out-of-pocket expenses. In turn, the Company's managerial discretion is subject to approval by the owner in certain major areas, including the approval of capital expenditure budgets.

Franchise Hotels

As of December 31, 2000, the Company franchised 1,492 hotels, representing 200,717 rooms, which are owned and operated by third parties. In general, franchisees pay the Company an initial fee based on the number of rooms in a franchise hotel and a continuing fee based on a percentage of the hotel's room revenue. Although the Company does not directly participate in the management or operation of franchise hotels, we conduct periodic inspections to ensure that our standards are maintained and render advice with respect to hotel operations. The Company generally approves the plans for, and the location of, franchise hotels and assists in their design.

Franchise and Managed Hotels

Edgar Filing: HILTON HOTELS CORP - Form 10-K

During 2000, the Company added a total of 170 hotels, or approximately 23,500 rooms, to its portfolio, including an increase of 157 franchise properties and seven managed properties owned by third parties. A total of 27 properties, or approximately 6,000 rooms, were removed from the Company's hotel system during 2000. Most of these removals occurred in the first six months of 2000 and related to former Promus brand franchise hotels which did not meet the Company's quality standards; only eight properties were removed in the second half of 2000. During 2000, the Company continued to enhance its development pipeline by approving an additional 223 new hotels, primarily franchises, representing approximately 32,000 rooms.

The Company intends to grow its brands primarily through franchising and the addition of management contracts. The Company anticipates that its hotel owners will open approximately 180 properties during 2001, with Hampton Inn, Hilton Garden Inn and Homewood Suites by Hilton accounting for most of the new development. See "General Information Recent Developments Properties." The success of the Company's ability to grow the number of franchise and managed hotels is affected by, among other things, national and regional economic conditions, capital markets, credit availability, relationships with franchisees and owners, and competition from other hotel franchisors and managers.

International Hotels

Camino Real Hotels

In January 2001, the Company entered into an agreement to affiliate 13 Camino Real hotels and resorts located in Mexico, and one Camino Real hotel in Texas, into the Company's family of brands. Effective April 1, 2001, these Camino Real hotels will participate in the Hilton HHonors Worldwide guest loyalty program, the Hilton Reservations Worldwide reservation system and our sales and marketing programs. The Company anticipates that these properties will be rebranded either as Hilton hotels or another of our hotel brands.

Conrad

The Company has entered into a management agreement to operate a new Conrad hotel in Bangkok, Thailand, which is scheduled to open in spring 2002. The Company has also entered into a management agreement to operate, and will own a 10% equity interest in, a new Conrad hotel in Jakarta, Indonesia.

Future development of international hotels by the Company under the "Hilton" and "Conrad" names will be subject to agreements entered into between the Company and Hilton Group plc, formerly known as Ladbroke Group PLC ("Hilton Group"). The Company and Hilton Group have formed a joint venture to develop the Conrad brand on a worldwide basis. See "Alliances Hilton Group" and "Territorial Restrictions."

Alliances

Hilton Group

In 1997, the Company entered into agreements with Hilton Group, whose wholly owned subsidiary Hilton International Co. ("HI"), owns the rights to the Hilton name outside the United States. The agreements provide for the reunification of the Hilton brand worldwide through a strategic alliance between the companies, including cooperation on sales and marketing, loyalty programs and other operational matters. Pursuant to these agreements, the Company and HI have integrated their reservation systems under Hilton Reservations Worldwide, launched the Hilton HHonors Worldwide loyalty program, integrated worldwide sales offices, developed joint marketing initiatives and adopted a Hilton brand identity used by both companies. See "Additional Information HHonors." Stephen F. Bollenbach, the Company's President and Chief Executive Officer, is a non-executive director of Hilton Group and David Michels, Chief Executive of Hilton Group, is a non-executive director of the Company.

In November 2000, the Company and Hilton Group announced the formation of a joint venture company to expand the Conrad brand of luxury hotels on a worldwide basis. The joint venture company, which is owned 50% by each of the Company and HI, seeks to develop the Conrad brand primarily through management contracts, the construction of new hotels requiring modest investment by the joint venture partners and through the conversion of existing hotels to the Conrad brand. Separate from the joint venture with HI, the Company continues to manage and retain its ownership interest, if any, in the nine Conrad hotels operated by the Company prior to formation of the joint venture. See "Hotel Brands Other Brands Conrad."

RFS Hotel Investors

In January 2000, the Company entered into an agreement with RFS which gave RFS the option to terminate 52 operating leases and four management contracts on hotels owned by RFS for a termination payment to the Company of approximately \$60 million. Under this agreement, the Company had the option to require RFS to repurchase 973,684 shares of convertible preferred stock of RFS owned by the Company for

Edgar Filing: HILTON HOTELS CORP - Form 10-K

\$13 million. In January 2001, RFS exercised its option to terminate all of these leases and management contracts, the Company exercised its option to require RFS to repurchase its preferred stock and RFS paid the Company an aggregate amount of approximately \$73 million.

FelCor

As of December 31, 2000, FelCor Lodging Trust Inc. ("FelCor") owned or had an interest in 84 Company brand hotels and the Company owned approximately 1.5 million shares of FelCor common stock, representing approximately 3% of FelCor's outstanding shares. In addition, the Company has guaranteed repayment of a third party loan to FelCor of up to \$25 million.

Candlewood

As of December 31, 2000, the Company owned approximately 2.6 million shares of Candlewood Hotel Company ("Candlewood") common stock, representing approximately 29% of Candlewood's outstanding shares. The Company also has a note receivable from Candlewood with a balance of \$15 million at December 31, 2000.

The Company has provided credit support for a loan facility utilized by Candlewood to provide construction and permanent financing to Candlewood and its franchisees. The Company's aggregate maximum exposure for such credit support is capped at \$30 million. As of December 31, 2000, the Company had guaranteed \$10 million in such financing.

Development Financing

In order to assist prospective owners in obtaining financing for hotel projects, the Company has initiated programs to provide alternative capital sources to owners. Hilton Acceptance Corp. ("HiLMAC"), a third party lending entity, provides first mortgage construction financing to franchisees for select Hilton Garden Inn, Homewood Suites by Hilton, Hampton and Embassy Suites hotels. The Company has

8

guaranteed \$33 million of loans outstanding under the HiLMAC program. The Company also provides secondary financing to franchisees under a mezzanine financing program. As of December 31, 2000, loans outstanding under this program totaled approximately \$51 million. See "Management's Discussion and Analysis of Financial Condition and Results of Operations" on pages 25 through 38 in the Stockholder Report.

Territorial Restrictions

Certain franchise and management agreements entered into by Hilton and Promus contain provisions that may have the effect of limiting or restricting Hilton's or Promus' right to own, manage or franchise additional hotels, or in some cases brands, in a specified geographic area. Such provisions vary significantly in their applicability and scope and may be subject to differing interpretations. As a result of the Promus Acquisition, the Company owns, manages or franchises hotels in circumstances that may give rise to claims that such hotels conflict with or violate such provisions. To the extent that such conflicts arise, the Company seeks to resolve them by negotiation with the relevant parties. In the event that such resolution cannot be achieved, litigation may result in damages or other remedies against the Company. Such remedies could include termination of the right to own, manage or franchise the relevant property. Although no assurance can be given that the Company will be able to renegotiate successfully or otherwise resolve the effects of all conflicts in each instance, these conflicts are not expected to have a material adverse effect on the Company's financial position or results of operations.

Hilton has entered into agreements which restrict its right to operate hotels in various areas under the "Hilton" or "Conrad" names. Pursuant to an agreement entered into in 1964 at the time Hilton distributed to its stockholders all of the issued and outstanding capital stock of HI, Hilton was prohibited from operating facilities outside the United States identified as "Hilton" hotels and HI was prohibited from operating facilities within the United States identified as "Hilton" hotels. The Company conducts certain of its international hotel operations under the Conrad name. See "Hotel Brands Other Brands Conrad."

The Company and Hilton Group, the parent company of HI, have entered into agreements to form a strategic alliance which reunites the Hilton name. Pursuant to these agreements, HI has granted a license to the Company to develop franchise properties under the Hilton and Hilton Garden Inn names in Canada, Mexico and the Island of St. John, U.S. Virgin Islands, for a period of 20 years. The Company and HI have formed a joint venture to develop the Conrad brand on a worldwide basis. Subject to the foregoing restrictions as to the use of the "Hilton" and "Conrad" names, Hilton and HI can compete in all, and do compete in certain, markets. See "Alliances Hilton Group" above.

Potential Acquisitions

Edgar Filing: HILTON HOTELS CORP - Form 10-K

The Company continuously evaluates acquisition opportunities and may, from time to time, negotiate to engage in a business combination transaction or other acquisition. However, there is no assurance that the Company will engage in any such transactions.

Property Transactions

The Company continuously evaluates its property portfolio and intends to dispose of its interests in hotels or properties that, in its opinion, no longer yield an adequate return on investment or conform to the Company's long range plans. In December 2000, the Company sold seven Homewood Suites by Hilton properties to a third party, with the Company retaining long-term franchise and management agreements for these hotels. In January 2001, the Company sold the Red Lion Hotel in Houston, Texas. See "General Information Recent Developments Properties." In addition, the Company will continue to review its hotel portfolio for potential repositioning or re-branding opportunities.

Casino Windsor

The Company owns a 50% equity interest in Windsor Casino Limited, which operates the 400-room Casino Windsor in Windsor, Ontario, Canada for the Ontario provincial government under a management contract. This hotel casino features a 75,000 square foot casino and entertainment and meeting facilities. See "Additional Information Regulation and Licensing Ontario Gaming Laws."

Design and Furnishing Services

Edgar Filing: HILTON HOTELS CORP - Form 10-K

Hilton, through its wholly owned subsidiary, Hilton Equipment Corporation, provides design and furnishing services to the Company's hotels and to hotels owned and operated by others. These services include the purchase and distribution of furniture, furnishings, equipment, food, beverage and operating supplies. The revenues of this operation depend primarily on the number of new hotels operated or franchised by the Company and on refurbishing and remodeling of the Company's existing hotels.

Reservation System

Hilton Reservations Worldwide, LLC ("HRW") operates a worldwide reservation system for hotels owned, operated or franchised by the Company, HI, their affiliates and others. The Company and HI each own a 50% interest in HRW. HRW uses an updated computerized reservation system called Hilstar, which is managed by REZsolutions Inc. The Company is integrating the reservation system used by Promus into the Hilstar system. The domestic HRW reservation agents utilize an automated system that allows them to automatically cross-sell among all of the Company's hotel brands which has benefited, and which the Company expects will continue to benefit, all of our hotel brands. See "Hotel Operations Alliances Hilton Group."

13

HHonors

Pursuant to the alliance agreements between the Company and HI, the Company and HI launched the Hilton HHonors Worldwide guest loyalty program ("HHonors"). On April 3, 2000, HHonors was further expanded to include the Doubletree, Embassy Suites, Hampton and Homewood Suites by Hilton brands. HHonors related stays accounted for over 20 percent of total stays at these four brands since the program expansion. HHonors is now featured in more than 2,100 hotels worldwide and has a total membership of approximately 11 million travelers enrolled since the program was introduced, including nearly 3 million enrolled during 2000. Since the program expansion, over 25% of the enrollment activity has been completed through the Hilton.com website discussed below. The Company expects the expansion of HHonors to continue to have a positive impact on the brands that participate in the program.

E-Business

The Company operates the award winning Hilton.com internet website and our various hotel brand websites which provide cost effective customer service, including online hotel reservations and HHonors enrollment. The Company also provides various business, technology and information services for its hotel guests, including high-speed internet access at certain of its hotels.

Trademarks

The following trademarks used herein are owned by the Company and are registered as service marks in the United States and in certain foreign countries: Conrad, Doubletree®, Doubletree Club Hotel®, Doubletree Guest Suites®, Embassy Suites Hotels®, Embassy Vacation Resort®, Hampton Inn®, Hampton Inn & Suites®, Hampton Vacation Resort®, Harrison Conference Centers®, HGVClub®, Hilton®, Hilton Garden Inn®, Hilton Grand Vacations Company®, Hilton Suites®, Homewood Suites® by Hilton, and Red Lion Hotels & Inns®. The Company considers all of these marks, and the associated name recognition, to be valuable to its business. See "Summary of Significant Accounting Policies Brands" in the Notes to the Company's Consolidated Financial Statements on page 44 in the Stockholder Report.

Marketing

The Company's hotel properties offer multiple product lines to a broad range of customers in many geographic markets. The Company's properties include full-service and limited-service hotels in urban, airport, resort and suburban locations, as well as vacation ownership resorts and conference centers. The Company participates in certain joint marketing programs with business partners in the airline, car rental and cruise line industries.

The Company's metropolitan and airport properties primarily serve the convention and meeting market and the business traveler market (businesspersons traveling as individuals or in small groups). The Company's resort properties primarily serve the tour and leisure market (tourists traveling either as individuals or in groups) and the convention and meeting market. The Company's suburban properties primarily serve the leisure and business traveler markets. As indicated under "Business Risks" below, these sources of business are sensitive to general economic and other conditions.

The Company believes that the Promus Acquisition has strengthened the performance of its hotel brands and maximized revenue per available room by:

Edgar Filing: HILTON HOTELS CORP - Form 10-K

including the Doubletree, Embassy Suites, Hampton and Homewood Suites by Hilton brands in the Hilton HHonors Worldwide guest loyalty program, and all of our hotel brands in the Hilton Reservations Worldwide central reservation system and our sales and marketing initiatives;

utilizing the Company's worldwide sales organization to market all of our hotel brands;

14

cross-selling all of our hotel brands and, where appropriate, converting hotels to another Company brand to maximize revenue; and

spreading brand support and system costs over a greater number of properties.

The Company believes that its alliance with Hilton Group (which currently owns the rights to the Hilton name outside the U.S.) has improved the performance of the Company's operations as our properties have benefited from the worldwide integration of the Hilton brand, reservation systems, marketing programs and sales organizations. See "Hotel Operations Alliances Hilton Group."

Business Risks

The Company's operating results are significantly affected by growth in the number of available rooms through acquisition and development, occupancy and room rates achieved by hotels, the Company's ability to manage costs and the relative mix of owned, leased, managed and franchised hotels. The Company's future operating results could be adversely impacted by industry overcapacity and weak demand, which could restrict the Company's ability to raise room rates to keep pace with the rate of inflation. The Company's ability to manage costs could be adversely impacted by significant increases in energy costs and other operating expenses, resulting in lower operating margins. The Company's business could also be adversely affected by increases in transportation and fuel costs or sustained recessionary periods in the U.S. (affecting domestic travel) and internationally (affecting inbound travel from abroad).

General economic conditions, competition, work stoppages and other factors affecting particular properties impact the Company's occupancy percentages and average room rates. Occupancy percentages and average room rates at the Company's hotels could also be negatively impacted by a decrease in travel resulting from adverse economic conditions outside the U.S. and by excess industry capacity.

Competition

The Company seeks to maintain the quality of its lodging business while expanding both domestically and internationally, primarily through franchising and the addition of management contracts. The Company intends to improve its core business by leveraging its strong brand names, maximizing operating efficiencies and expanding and enhancing properties. The Company may also acquire or develop properties as appropriate.

The Company's position as a multi-branded owner, operator, manager and franchisor of hotels makes it one of the largest hotel companies in the United States. Competition in the industry is based primarily on the level of service, quality of accommodations, convenience of locations and room rates. Competition from other hotels, motels and inns, including facilities owned by local interests and facilities owned by national and international chains, is vigorous in all areas in which the Company operates or franchises its facilities. The Company's hotels also compete generally with facilities offering similar services and located in cities and other locations where the Company's hotels are not present. If hotel capacity is expanded by others in a city where a Company branded hotel is located, competition will increase.

adequacy of resources, are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995.

Words such as "believes," "anticipates," "expects," "intends," "plans" and similar expressions are intended to identify forward-looking statements. These forward-looking statements reflect the Company's current views with respect to future events and financial performance, and are subject to certain risks and uncertainties, including those set forth under the captions "Hotel Operations Territorial Restrictions" and "Additional Information Business Risks" and "Competition," the effects of economic conditions, supply and demand changes for hotel rooms, competitive conditions in the lodging industry, relationships with clients and property owners, the impact of government regulations, and the availability of capital to finance growth, which could cause actual results to differ materially from historical results or those anticipated. Although the Company believes the expectations reflected in such forward-looking statements are based upon reasonable assumptions, it can give no assurance that its expectations will be attained.

Environmental Matters

The Company, like others in its industry, is subject to various Federal, state, local and, in some cases, foreign laws, ordinances and regulations that:

- (i) govern activities or operations that may have adverse environmental effects, such as discharges to air and water, as well as handling and disposal practices for solid and hazardous or toxic wastes, or
- (ii) may impose liability for the costs of cleaning up, and certain damages resulting from, sites of past spills, disposals or other releases of hazardous or toxic substances or wastes (together, "Environmental Laws").

The Company endeavors to maintain compliance with Environmental Laws but, from time to time, the Company's operations may have resulted or may result in noncompliance or liability for cleanup pursuant to Environmental Laws. In that regard, the Company has been notified of contamination resulting from past disposals of wastes at one site to which hazardous or non-hazardous wastes may have been sent from Company facilities in the past. Based on information reviewed by and available to the Company, including:

- (i) uncertainty whether a Company facility in fact shipped any wastes to such site;
- (ii) the number of potentially responsible parties at such site; and
- (iii) where available, the volume and type of waste sent to such site;

the Company believes that any liability arising from such disposals under Environmental Laws would not have a material adverse effect on its results of operations or financial condition.

Regulation and Licensing

Ontario Gaming Laws. Ontario, Canada has laws and regulations governing the conduct of casino gaming. Ontario law requires that the operator of a casino must be found suitable and be registered. A registration once issued remains in force until revoked. Ontario law defines the grounds for registration, as well as revocation or suspension of such registration. The Ontario authorities have conducted an investigation of, and have found suitable, the Company and the other shareholder of Windsor Casino Limited in connection with the Ontario registration of Windsor Casino Limited. See "Additional Information Casino Windsor."

Other Laws and Regulations. Each of the hotels and vacation ownership resorts operated by the Company is subject to extensive state and local regulations and, on a periodic basis, must obtain various licenses and permits, including those required to sell alcoholic beverages. Federal and state laws and regulations also require certain registration, disclosure statements and other practices with respect to the

franchising of hotels. Management believes that the Company has obtained all required licenses and permits and its businesses are conducted in substantial compliance with applicable laws.

Employees

At December 31, 2000, Hilton employed approximately 77,000 persons, of whom approximately 18,000 were covered by various collective bargaining agreements providing, generally, for basic pay rates, working hours, other conditions of employment and orderly settlement of labor

Edgar Filing: HILTON HOTELS CORP - Form 10-K

disputes. Hilton believes that the aggregate compensation benefits and working conditions afforded its employees compare favorably with those received by employees in the hotel industry generally. Hilton believes its employee relations are satisfactory.

Item 2. Properties

Hilton considers its hotels to be leading establishments with respect to desirability of location, size, facilities, physical condition, quality and variety of services offered in most of the areas in which they are located. Obsolescence arising from age and condition of facilities is a factor in the hotel industry. Accordingly, Hilton spends, and intends to continue to spend, substantial funds to maintain its owned facilities in first-class condition in order to remain competitive.

Hotels owned, leased, managed and franchised by Hilton are briefly described under "Item 1" and, in particular, under the caption "Hotel Operations." In addition, contemplated additions to or renovations of existing properties and new properties presently under construction that Hilton will operate are briefly described under the captions "Hotel Operations Expansion Program" and "Additional Information Vacation Ownership" under "Item 1."

Item 3. Legal Proceedings

Bally Merger Litigation

A purported class action against Bally Entertainment Corporation ("Bally"), its directors and Hilton was commenced in August 1996 under the caption *Parnes v. Bally Entertainment Corporation, et al.* (C.A. No. 15192) in the Court of Chancery for the State of Delaware. The plaintiff alleged breaches of fiduciary duty in connection with the merger of Bally with and into Hilton in December 1996 (the "Bally Merger"), including allegedly illegal payments to Arthur M. Goldberg that purportedly denied Bally shareholders other than Mr. Goldberg an opportunity to sell their shares to Hilton or any other bidder at the best possible price. In the complaint, the plaintiff sought, among other things:

- (i) an order enjoining the Bally Merger;
- (ii) an award of damages in an unspecified amount;
- (iii) an order requiring Mr. Goldberg to disgorge his profits; and
- (iv) an award of attorneys' fees and expenses.

In orders dated May 13, 1997 and February 3, 1998, the Court dismissed this litigation. Plaintiff appealed this dismissal and, on January 25, 1999, the Delaware Supreme Court reversed the dismissal order and remanded the case to the Court of Chancery. After a trial, on February 20, 2001, the Court of Chancery ruled in favor of the defendants on all claims in this action and awarded no damages to plaintiff. On March 20, 2001, plaintiff appealed this judgment.

Rights Agreement Litigation

A purported class action against the Company was filed in the Court of Chancery for the State of Delaware on or about February 22, 2000, under the caption *Leonard Loventhal Account v. Hilton Hotels Corporation* (C.A. No. 17803NC). The plaintiff alleged that the Rights Agreement, dated as of November 29, 1999, between the Company and ChaseMellon Shareholders Services, L.L.C., relating to the

Company's preferred share purchase rights plan, is invalid and unenforceable and violates provisions of the Delaware General Corporation Law, the Uniform Commercial Code and the Company's Restated Certificate of Incorporation and By-Laws. In the complaint, the plaintiff sought an order declaring the Rights Agreement to be invalid and enjoining the Company from enforcing the Rights Agreement, and monetary damages in an unspecified amount. In an opinion dated October 10, 2000, the Court granted the Company's motion to dismiss this action in its entirety. On December 20, 2000, the plaintiff appealed this judgment.

In management's opinion, disposition of pending litigation against the Company, including the litigation described above, is not expected to have a material adverse effect on the Company's financial position or results of operations.

Item 4. Submission of Matters to a Vote of Security Holders

Not applicable.

Rights Agreement

On November 29, 1999, the Company adopted a new preferred share purchase rights plan (the "Rights Plan") and declared a dividend distribution of one preferred share purchase right (a "Right") on each outstanding share of the Company's Common Stock. The new Rights Plan replaced the Company's prior rights plan which had been originally adopted in 1988 and readopted in 1998 prior to its expiration. The Company has entered into a Rights Agreement, dated as of November 29, 1999, which was amended as of February 15, 2001 to provide for the substitution of The Bank of New York as Rights Agent (as amended, the "Rights Agreement"). The Rights are transferred only with the Common Stock, unless and until they become exercisable. The Rights will expire on November 29, 2009, subject to the Company's right to extend, unless earlier redeemed or exchanged by the Company or terminated.

Generally, the Rights become exercisable only if a person or group (other than Hilton Interests, as defined below):

- (i) acquires beneficial ownership of 20% or more of the Company's Common Stock (such person or group, an "Acquiring Person") or
- (ii) announces a tender offer, the consummation of which would result in ownership by a person or group of 20% or more of the Common Stock.

When exercisable, each Right entitles a shareholder to purchase from the Company one one-hundredth of a share of Series A Junior Participating Preferred Stock at an exercise price of \$80, subject to adjustment (the "Purchase Price").

After a person becomes an Acquiring Person, each holder of a Right (other than Rights owned by the Acquiring Person) will have the right to receive, upon exercise of such Right, a number of shares of Common Stock having a market value equal to two times the then current Purchase Price of the Right. After a person becomes an Acquiring Person, if the Company engages in certain mergers or transfers of

assets, each holder of a Right (other than Rights owned by the Acquiring Person) will have the right to receive upon exercise, at the Right's exercise price, a number of the acquiring company's common shares having a market value of twice the Right's Purchase Price.

Once a person becomes an Acquiring Person, but prior to their acquisition of 50% or more of the outstanding Common Stock, the Company's Board of Directors may cause the Company to exchange the Rights (other than Rights owned by an Acquiring Person), in whole or in part, for shares of Common Stock at an exchange ratio based on the value of the Common Stock at that time, subject to adjustment.

Prior to a person or group becoming an Acquiring Person, the Rights are redeemable for \$.001 per Right at the option of the Company's Board of Directors.

"Hilton Interests" refer to Barron Hilton and the Conrad N. Hilton Fund and the shares of Common Stock beneficially owned by them.

The Rights Agreement, as amended, has been filed as Exhibits 4.21 and 4.22 to this Form 10-K, and the foregoing summary is qualified in its entirety by reference thereto. For a description of litigation which related to the Rights Agreement, see "Part I, Item 3. Legal Proceedings Rights Agreement Litigation."
