PEAPACK-GLADSTONE FINANCIAL CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Certain information and footnote disclosures normally included in the unaudited consolidated financial statements prepared in accordance with U.S. generally accepted accounting principles have been condensed or omitted pursuant to the rules and regulations of the Securities and Exchange Commission. These unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Annual Report on Form 10-K for the period ended December 31, 2005 for Peapack-Gladstone Financial Corporation (the "Corporation").

Principles of Consolidation: The Corporation considers that all adjustments (all of which are normal recurring accruals) necessary for a fair presentation of the statement of the financial position and results of operations in accordance with U.S. generally accepted accounting principles for these periods have been made. Results for such interim periods are not necessarily indicative of results for a full year.

The consolidated financial statements of Peapack-Gladstone Financial Corporation are prepared on the accrual basis and include the accounts of the Corporation and its wholly owned subsidiary, Peapack-Gladstone Bank. All significant intercompany balances and transactions have been eliminated from the accompanying consolidated financial statements.

Allowance for Loan Losses: The allowance for loan losses is maintained at a level considered adequate to provide for probable loan losses inherent in the Corporation's loan portfolio. The allowance is based on management's evaluation of the loan portfolio considering, among other things, current economic conditions, the volume and nature of the loan portfolio, historical loan loss experience, and individual credit situations. The allowance is increased by provisions charged to expense and reduced by charge-offs net of recoveries.

Stock Option Plans: The Corporation has incentive and non-qualified stock option plans that allow the granting of shares of the Corporation's common stock to employees and non-employee directors. The options granted under these plans are exercisable at a price equal to the fair market value of common stock on the date of grant and expire not more than ten years after the date of grant. Stock options may vest during a period of up to five years after the date of grant.

As of January 1, 2006, the Corporation adopted the fair value recognition provisions of Financial Accounting Standards Board (FASB) Statement No. 123 (Revised 2004), Share-Based Payment, (Statement 123R), under the modified

Edgar Filing: PEAPACK GLADSTONE FINANCIAL CORP - Form 10-Q

prospective transition method. Statement 123R requires public companies to recognize compensation expense related to stock-based compensation awards over the period during which an employee is required to provide service for the award. Under the modified prospective transition method, the fair value recognition provisions apply only to new awards or awards modified after January 1, 2006. Additionally, the fair value of existing unvested awards at the date of adoption is recorded in salaries and benefits expense over the remaining requisite service period. Results from prior periods have not been restated. The following table represents the impact of the adoption of Statement 123R on the Corporation's financial statements for the six months ended June 30, 2006.

(Dollars in thousands except share data)	Statement 123R	Under APB 25	Under Difference
	-----	-----	-----
Net income before income tax expense	\$ 8,286	\$ 8,315	\$ 29
Net income	5,941	5,970	29
Earnings per share - basic	\$ 0.72	\$ 0.72	\$ --
Earnings per share - diluted	0.71	0.71	--

7

Prior to January 1, 2006, the Corporation had accounted for its stock option plans under the recognition and measurement principles of Accounting Principles Board Opinion No. 25 (APB 25) and related Interpretations. No stock-based compensation cost was reflected in net income, as all options granted under those plans had an exercised price equal to the market value of their underlying common stock on the date of grant. The following table illustrates the effect on net income and earnings per share for the three and six months ended June 30, 2005 as if the Corporation had applied the fair value recognition provisions of Statement No. 123R, to stock-based employee compensation in 2005:

	Three Months Ended June 30, 2005	Six Months Ended June 30, 2005
	-----	-----
(Dollars in thousands except share data)		
Net income:		
As reported	\$ 3,218	\$ 6,921

Diluted	0.38	0.82
Earnings per share - pro forma		
Basic	\$ 0.38	\$ 0.81
Diluted	0.37	0.80

As of June 30, 2006, there was approximately \$211 thousand of unrecognized compensation cost related to non-vested share-based compensation arrangements granted under the Corporation's stock incentive plans. That cost is expected to

Edgar Filing: PEAPACK GLADSTONE FINANCIAL CORP - Form 10-Q

be recognized over a weighted average period of 1.5 years.

For the Corporation's stock option plans for employees, changes in options outstanding during the six months ended June 30, 2006 were as follows:

(Dollars in thousands except share data)	Number of Shares	Exercise Price Per Share	Weighted Average Exercise Price	Aggre Intri Valu
Balance, December 31, 2005	429,316	\$11.85-\$32.14	\$22.47

Options exercisable, June 30, 2006	405,324			\$ 2

The aggregate intrinsic value in the table above represents the total pre-tax intrinsic value (the difference between the Corporation's closing stock price on the last trading day of the second quarter of 2006 and the exercise price, multiplied by the number of in-the-money options).

The aggregate intrinsic value of options exercised during the six months ended June 30, 2006 and 2005 was \$41 thousand and \$489 thousand, respectively.

The following table summarizes information about stock options outstanding at June 30, 2006.
