FOR IMMEDIATE RELEASE

TURKCELL PROVIDES UPDATE ON THE APPROVAL PROCESS OF ITS GSM LICENSE AGREEMENT IN IRAN

Istanbul, Turkey: September 27, 2004 - Turkcell (NYSE: TKC, ISE: TCELL), the leading provider of mobile communications in Turkey, announced today an update on the approval process of its GSM license agreement in Iran.

Previously, Turkcell announced that although the GSM license agreement was signed between Irancell, the company that would carry out the GSM operations in Iran, and the Iranian government, Irancell would not become a licensed GSM operator until the license fee of (euro)300 million was paid.

Following talks between Turkcell and Iranian officials, Turkcell has been informed that the Iranian Parliament has clarified that the Iranian law, which requires the approval of Parliament for investments with more than 50.1% foreign ownership, is applicable to Turkcell's GSM investment in Iran.

Accordingly, Irancell must receive the Iranian Parliament's approval prior to the payment of the (euro)300 million of license fee in order to become the second licensed GSM operator in Iran.

Turkcell will make a further announcement once the GSM license has been transferred to Irancell.
