Only stockholders of record at the close of business on December 28, 2009 will be entitled to notice of and to vote at the meeting.

We have adopted the U.S. Securities and Exchange Commission rule that allows companies to furnish their proxy materials over the Internet. As a result, we are mailing a Notice of Internet Availability of Proxy Materials (the Internet Availability Notice) to most of our stockholders instead of a paper copy of this proxy statement and our 2009 Annual Report. The Internet Availability Notice contains instructions on how to access and review those documents over the Internet. We believe that this process allows us to provide our stockholders with the information they need in a more timely manner, while reducing the environmental impact and lowering the costs of printing and distributing our proxy materials. If you received an Internet Availability Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Internet Availability Notice.

Your vote is very important. Whether or not you plan to attend the Annual Meeting, please complete and return your proxy card or vote by telephone or via the Internet by following the instructions on your Internet Availability Notice. Returning a proxy card or otherwise submitting your proxy does not deprive you of your right to attend the Annual Meeting and vote in person. Proxies are being solicited on behalf of the board of directors.

**PROXY STATEMENT
for
ANNUAL MEETING OF STOCKHOLDERS**

This Proxy Statement is furnished in connection with the solicitation of proxies to be voted at the 2010 Annual Meeting of Stockholders of TD AMERITRADE Holding Corporation (the Company). The 2010 Annual Meeting will be held on Thursday, February 25, 2010 at 9:00 a.m., Central Standard Time, at the Hilton Omaha, 1001 Cass Street in Omaha, Nebraska. This Proxy Statement and the accompanying proxy card are first being sent to stockholders on or about January 8, 2010.

GENERAL INFORMATION ABOUT THE MEETING

Quorum and Voting Requirements

The Company has one class of common stock. Each share of common stock is entitled to one vote upon each matter to be voted on at the Annual Meeting. Stockholders do not have the right to cumulate votes in the election of directors. Only stockholders of record at the close of business on December 28, 2009 (the Record Date) will be entitled to vote at the Annual Meeting. As of the Record Date, there were 588,943,147 shares of common stock issued and outstanding.

This Proxy Statement relates only to the solicitation of proxies from the stockholders with respect to the election of four Class II directors recommended by the board of directors, ratification of the appointment of the Company's independent registered public accounting firm and approval of the amendment and restatement of the Company's Long-Term Incentive Plan. All shares of the Company's common stock represented by properly executed and unrevoked proxies will be voted by the persons named as proxies in accordance with the directions given. Where no instructions are indicated on any such proxy, properly executed proxies will be voted FOR the proposals set forth in this Proxy Statement for consideration at the Annual Meeting. The directors expect that shares of the common stock held by executive officers and directors of the Company will be voted FOR such proposals. Such shares represent approximately 12% of the common stock outstanding as of the Record Date. At this time, we are unaware of any matters, other than described above in the Notice of Annual Meeting of Stockholders, that may properly come before the Annual Meeting. If any other matters come before the Annual Meeting, the proxies in the enclosed form will confer discretionary authority on the persons named as proxies to vote in their discretion with respect to such matters.

The accompanying proxy is solicited from the holders of the Company's common stock on behalf of the board of directors of the Company. A proxy is revocable at any time by giving written notice of revocation to the secretary of the Company prior to the Annual Meeting or by executing and delivering a later-dated proxy via the Internet, telephone or mail prior to the Annual Meeting. Furthermore, the stockholders who are present at the Annual Meeting may revoke their proxies and vote in person.

A quorum consisting of at least a majority of shares of common stock issued and outstanding must be present at the meeting for any business to be conducted. Shares of common stock entitled to vote and represented by properly executed, returned and unrevoked proxies, including shares with respect to which votes are withheld, abstentions are cast or shares that are broker non-votes, will be considered present at the Annual Meeting for purposes of determining a quorum. Broker non-votes are shares held by brokers or nominees for which voting instructions have not been received from the beneficial owners or the persons entitled to vote those shares and for which the broker or nominee

does not have discretionary voting power under rules applicable to broker-dealers. If your broker holds your shares in its name and you do not instruct your broker how to vote, your broker will nevertheless have discretion to vote your shares on routine matters, including the ratification of the appointment of the Company's

Table of Contents

independent registered public accounting firm. Your broker will not have discretion to vote on non-routine matters absent direction from you, including the election of directors recommended by the board of directors and approval of the amendment and restatement of the Company's Long-Term Incentive Plan.

Voting Electronically

In order to vote online or via telephone, go to the **www.ProxyVote.com** Web site or call the toll-free number on the proxy card or Internet Availability Notice and follow the instructions. PROPOSAL NO. 1

ELECTION OF DIRECTORS RECOMMENDED BY THE BOARD OF DIRECTORS

Board of Directors

The Company's certificate of incorporation divides the Company's board of directors into three classes, with four directors per class and with each class being elected to a staggered three-year term. J. Joe Ricketts, the Company's founder, certain members of his family and trusts established for their benefit (collectively, the Ricketts holders) owned approximately 15% of our common stock as of the Record Date. The Toronto-Dominion Bank, a Canadian chartered bank, owned approximately 45% of our common stock as of the Record Date. References to TD or TD Bank Financial Group in this proxy statement refer to The Toronto-Dominion Bank and its subsidiaries. In connection with the Company's acquisition of TD Waterhouse Group, Inc. (TD Waterhouse), the Ricketts holders, TD and the Company entered into a stockholders agreement (the Stockholders Agreement) effective June 22, 2005. Under the Stockholders Agreement, as amended, the Company's board of directors consists of twelve members, up to five of whom may be designated by TD, up to three of whom may be designated by the Ricketts holders, one of whom is the chief executive officer of the Company, and three of whom are outside independent directors who are nominated by the Outside Independent Directors Committee and then approved by TD and the Ricketts holders. The right of each of TD and the Ricketts holders to designate directors is subject to their maintenance of specified ownership thresholds of Company common stock, as set forth in the Stockholders Agreement, as amended. See discussion under Stockholders Agreement for additional information regarding the terms of the Stockholders Agreement. As of the Record Date, based on their respective ownership positions in the Company, TD may designate five members of the board of directors and the Ricketts holders may designate two members. Because TD and the Ricketts holders collectively own more than 50% of the voting power of the outstanding common stock of the Company, the Company qualifies as a controlled company for purposes of Nasdaq Rule 4350(c) and therefore is exempt from specified director independence requirements of The Nasdaq Stock Market.

The board of directors has nominated the following persons as directors to be voted upon at the 2010 Annual Meeting: Marshall A. Cohen, William H. Hatanaka, J. Peter Ricketts and Allan R. Tessler, as Class II directors to serve terms ending at the 2013 Annual Meeting. Messrs. Cohen and Hatanaka are designees of TD, Mr. J. Peter Ricketts is a designee of the Ricketts holders and Mr. Tessler is an outside independent director. J. Joe Ricketts, Dan W. Cook III, Joseph H. Moglia and Wilbur J. Prezzano are Class III directors serving terms ending at the 2011 Annual Meeting. W. Edmund Clark, Mark L. Mitchell and Fredric J. Tomczyk are Class I directors serving terms

Table of Contents

ending at the 2012 Annual Meeting. The board of directors has determined that Messrs. Cohen, Cook, Mitchell, Prezzano, and Tessler are independent as defined in Nasdaq Rule 4200.

The board of directors knows of no reason why any of Messrs. Cohen, Hatanaka, J. Peter Ricketts and Tessler might be unavailable to serve as directors, and each has expressed an intention to serve if elected. If any of Messrs. Cohen, Hatanaka, J. Peter Ricketts and Tessler is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute nominee as the board of directors may recommend. With the exception of the Stockholders Agreement, as amended, there are no arrangements or understandings between any of the persons nominated to be a Class II director and any other person pursuant to which any of such nominees was selected.

The election of a director requires the affirmative vote of a plurality of the shares of common stock present in person or represented by proxy at the meeting and voting, provided a quorum of at least a majority of the outstanding shares of common stock is represented at the meeting. If you abstain from voting on this matter, your abstention will have no effect on the vote. If you hold your shares through a broker and you do not instruct the broker on how to vote on this non-routine proposal, your broker does not have authority to vote your shares. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any other effect on the outcome of the election of directors. Proxies submitted pursuant to this solicitation will be voted **FOR** the election of each of Messrs. Cohen, Hatanaka, J. Peter Ricketts and Tessler as Class II directors, unless specified otherwise.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE **FOR THE ELECTION OF MARSHALL A. COHEN, WILLIAM H. HATANAKA, J. PETER RICKETTS AND ALLAN R. TESSLER AS CLASS II DIRECTORS.**

Board Meetings and Committees

The board of directors conducts its business through meetings of the board, actions taken by written consent in lieu of meetings and by the actions of its committees. During the fiscal year ended September 30, 2009, the board of directors held eight meetings. During fiscal year 2009, each director attended at least 75% of the aggregate number of meetings of the board of directors and meetings of the committees of the board of directors on which he served. Although the Company does not have a formal policy regarding director attendance at our Annual Meeting of Stockholders, directors are encouraged to attend. All 12 directors attended the 2009 Annual Meeting of Stockholders.

The board of directors has established five standing committees: Audit, H.R. and Compensation, Corporate Governance, Outside Independent Directors and Non-TD Directors.

Audit Committee. The functions performed by the Audit Committee are described in the Audit Committee charter and include (1) overseeing the Company's internal accounting and operational controls, including assessment of strategic, financial, operational and compliance risk management, (2) selecting the Company's independent registered public accounting firm and Managing Director of Corporate Audit and assessing their performance on an ongoing basis, (3) reviewing the Company's financial statements and audit findings and overseeing the financial and regulatory reporting processes, (4) performing other oversight functions as requested by the board of directors and (5) reporting activities performed to the board of directors. The Audit Committee charter was adopted by unanimous written consent of the board of directors on September 5, 2002 and subsequently was adopted by the Audit Committee at the October 3, 2002 Audit Committee meeting. A revision to the charter was approved by the Audit Committee on February 18, 2009 and subsequently was approved by the board of directors on May 21, 2009. The charter has been reviewed and reaffirmed by the Audit Committee annually, with the most recent review and approval at the November 9, 2009 Audit Committee meeting. The Audit Committee charter is available on the Company's Web site at www.amtd.com under the governance section and is attached to this proxy statement as Appendix A. The Audit Committee is currently composed of Messrs. Cohen, Prezzano and Tessler. Mr. Cohen serves as the Audit Committee's chairman. All current Audit Committee members are independent as defined in the applicable listing standards of The Nasdaq Stock Market. The Company's Audit Committee met 17 times during fiscal year 2009. The Report of the Audit Committee for the fiscal year ended September 30, 2009 appears under PROPOSAL NO. 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

The Compensation Committee also reviews the Compensation Discussion and Analysis, discusses it with management and makes a recommendation as to whether it should be included in each proxy statement. The Compensation Committee is currently composed of Messrs. Clark, Cook and Mitchell. Mr. Clark serves as the Compensation Committee's chairman. The Compensation Committee charter is available on the Company's Web site at www.amtd.com under the governance section. The Compensation Committee met five times during fiscal year 2009. The OI D Committee s purpose is to assist the board of directors in fulfilling the board s oversight responsibilities by (1) identifying individuals qualified to serve on the board, (2) reviewing the qualifications of the members of the board and recommending nominees to fill board vacancies and (3) recommending a slate of nominees for election or reelection as directors by the Company s stockholders at the Annual Meeting to fill the seats of outside independent directors whose terms are expiring. The OI D Committee reviews and approves (or ratifies) any related person transaction that is required to be disclosed by the Company. The OI D Committee is also responsible for approving transfers of voting securities by TD and the Ricketts holders not otherwise permitted by the Stockholders Agreement, approving qualifying transactions (as defined in the Stockholders Agreement) and determining the fair market value (or selecting an independent investment banking firm to determine the fair market value) of certain property in connection with the stock purchase and transfer rights of TD and the Ricketts holders set forth in the Stockholders Agreement. The members of the OI D Committee are Messrs. Cook, Mitchell and Tessler. Mr. Cook serves as the OI D Committee s chairman. All current OI D Committee members are independent as defined in the applicable listing standards of The Nasdaq Stock Market. Written communications submitted by stockholders pursuant to the Company s Stockholder Communications Policy recommending the nomination of a person to be a member of the Company s board of directors will be forwarded to the chair of the OI D Committee for consideration. The OI D Committee will consider director candidates who have been identified by other directors or the Company s stockholders, but it has no obligation to recommend such candidates for nomination, except as may be required by contractual obligation of the Company. Stockholders who submit director recommendations must include the following: (1) a detailed resume outlining the candidate s knowledge, skills and experience, (2) a one-page summary of the candidate s attributes, including a statement as to why the candidate is an excellent choice for the board, (3) a detailed resume of the stockholder submitting the director recommendation and (4) the number of shares held by the stockholder, including the dates such shares were acquired.

The OI D Committee charter establishes the following guidelines for identifying and evaluating candidates for selection to the board of directors:

1. Decisions for recommending candidates for nomination are based on merit, qualifications, performance, character and integrity and the Company s business needs and will comply with the Company s anti-discrimination policies and federal, state and local laws.
2. The composition of the entire board will be taken into account when evaluating individual directors, including: the diversity, depth and breadth of knowledge, skills, experience and background represented on the board; the need for financial, business, financial industry, public company and other experience and expertise on the board and its committees; and the need to have directors work cooperatively to further the interests of the Company and its stockholders.
3. Candidates will be free of conflicts of interest that would interfere with their ability to discharge their duties as a director.
4. Candidates will be willing and able to devote the time necessary to discharge their duties as a director and shall have the desire and purpose to represent and advance the interests of the Company and stockholders as a whole.
5. Any other criteria as the OI D Committee may determine.

Notwithstanding any provision to the contrary in the OI D Committee charter, when the Company is legally required by contractual obligation to provide third parties with the ability to nominate directors (including pursuant to the

Stockholders Agreement discussed below under the heading "Stockholders Agreement" the selection and nomination of such directors is not subject to the committee's review and recommendation process. Stockholders Agreement

Concurrently with entering into the share purchase agreement related to the Company's acquisition of TD Waterhouse, the Company, the Ricketts holders and TD entered into the Stockholders Agreement. The Stockholders Agreement contains certain governance arrangements and various provisions relating to board composition, stock ownership, transfers by TD and the Ricketts holders, voting and other matters.

Governance of TD AMERITRADE. The Stockholders Agreement provides that the board of directors of the Company consists of twelve members, five of whom may be designated by TD, three of whom may be designated by the Ricketts holders, one of whom is the chief executive officer of the Company and three of whom are outside independent directors. The outside independent directors are nominated by the OID Committee and subject to the consent of TD and the Ricketts holders. The number of directors designated by TD and the Ricketts holders depends on their maintenance of specified ownership thresholds of common stock and may increase or decrease from time to time based on those ownership thresholds, but will never exceed five in the case of TD or three in the case of the Ricketts holders.

In order to accommodate both the election of Joseph H. Moglia as chairman of the board of directors and Fredric J. Tomczyk as chief executive officer, effective October 1, 2008, given the limitation of twelve members of the board of directors and other rights provided under the Stockholders Agreement, TD waived its right to designate one of its directors so long as Mr. Moglia serves as chairman of the board. On August 3, 2009, the Company entered

Table of Contents

into Amendment No. 2 and Waiver (Amendment No. 2) to the Stockholders Agreement. Under Amendment No. 2: (a) the Company consented to the termination of the waiver by TD of its right to designate one of its five TD directors; (b) certain provisions of the Stockholders Agreement and the certificate of incorporation were waived to the extent necessary to permit Mr. Moglia to fill the board of director vacancy created by the resignation of one of the directors designated by the Ricketts holders as a result of the reduction in ownership of Company stock by the Ricketts holders and (c) in the event the Ricketts holders are entitled to fill a third seat on the board of directors during any time that Mr. Moglia serves as chairman of the board pursuant to his employment agreement, TD agrees to waive its right to designate one of its five directors to accommodate the continued service of Mr. Moglia as a director, and TD will cause one of its five designated directors to resign to permit a director designated by the Ricketts holders to join the board of directors. This waiver by TD of its right to designate one of its five directors would continue only so long as Mr. Moglia serves as chairman of the board pursuant to his employment agreement. Upon Mr. Moglia ceasing to be chairman of the board, the waiver would expire and TD would have the right to designate the full number of TD directors provided for in the Stockholders Agreement.

The Stockholders Agreement provides, subject to applicable laws and certain conditions and exceptions, that the Company shall cause each committee of its board of directors to consist of two of the directors designated by TD, one of the directors designated by the Ricketts holders and two of the outside independent directors. These levels of committee representation are subject to adjustment from time to time based on TD's and the Ricketts holders maintenance of specified ownership thresholds. The parties to the Stockholders Agreement each agreed to vote their shares of common stock in favor of, and the Company agreed that it would solicit votes in favor of, each director nominated for election in the manner provided for in the Stockholders Agreement.

Share Ownership. The Stockholders Agreement provides that TD may acquire shares of Company common stock only up to an aggregate beneficial ownership interest of 45% of the outstanding voting securities of the Company for the remaining term of the Stockholders Agreement. The Stockholders Agreement also provides that TD will not, subject to certain exceptions, solicit proxies with respect to common stock. Notwithstanding the limitations on TD's ownership described above, the Stockholders Agreement permits TD to make a non-public proposal to the board of directors to acquire additional shares pursuant to a tender offer or merger for 100% of the outstanding voting securities of the Company and to complete such a transaction, subject to the approval of independent directors and holders of a majority of the outstanding shares of common stock not affiliated with TD. Under the Stockholders Agreement, the Ricketts holders may acquire additional shares of common stock only up to an aggregate ownership interest of 29% of the outstanding common stock.

Right to Purchase Securities. TD and the Ricketts holders have the right to purchase up to their respective proportionate share of future issuances of common stock, other than in connection with the Company stock issued as consideration in an acquisition by the Company. If the Company proposes to issue shares as consideration in an acquisition, the Company will discuss in good faith with TD and the Ricketts holders alternative structures in which a portion of such shares would be sold to TD or the Ricketts holders, with the proceeds of such sale used to fund the acquisition.

The Stockholders Agreement further provides that if the Company engages in discussions with a third party that could result in the acquisition by such party of 25% of the voting securities or consolidated assets of the Company, the Company must offer TD the opportunity to participate in parallel discussions with the Company regarding a comparable transaction.

Transfer Restrictions. The Stockholders Agreement generally prohibits TD and the Ricketts holders from transferring shares of common stock, absent approval of the independent directors, to any holder of 5% or more of the outstanding shares of the Company, subject to certain exceptions. As long as TD and the Company constitute the same audit client, TD may not engage the auditor of the Company, and the Company will not engage the auditors of TD, to

provide any non-audit services.

Information Rights. Subject to confidentiality and nondisclosure obligations and as long as it owns at least 15% of the outstanding shares of common stock, TD is entitled to access to information regarding the Company's business, operations and plans as it may reasonably require to appropriately manage and evaluate its investment in the Company and to comply with its obligations under U.S. and Canadian laws.

Table of Contents

Obligation to Repurchase Shares. If the Company issues shares of its common stock pursuant to any compensation or similar program or arrangement, then the Company will, subject to certain exceptions, use its reasonable efforts to repurchase a corresponding number of shares of its common stock in the open market within 120 days after any such issuance.

Non-Competition Covenants. Subject to specified exceptions, the Stockholders Agreement generally provides that neither TD nor J. Joe Ricketts (so long as he is a director of the Company) or their respective affiliates may participate in or own any portion of a business engaged in the business of providing securities brokerage services in the U.S. (or, solely in the case of Mr. Ricketts and his affiliates, in Canada) to retail traders, individual investors and registered investment advisors. If TD acquires indirectly a competing business as a result of its acquisition of a non-competing business, TD must offer to sell the competing business to the Company at its appraised fair value determined in accordance with the terms of the Stockholders Agreement. If the Company decides not to purchase the competing business, TD must use commercially reasonable efforts to divest the competing business within two years.

Mr. Ricketts, TD and their affiliates are permitted under the terms of the Stockholders Agreement to own a passive investment representing less than 2% of a class of equity securities of a competing business so long as the class of equity securities is traded on a national securities exchange in the U.S. or the Toronto Stock Exchange. TD also is permitted to engage in certain activities in the ordinary course of its banking and securities businesses. In addition, the Company has agreed that it will not hold or acquire control of a bank or similar depository institution except (1) incidentally in connection with the acquisition of an entity not more than 75% of whose revenues are generated by commercial banks or (2) in the event that TD does not hold control of any bank or similar depository institution that is able to offer money market deposit accounts to clients of the Company as a designated sweep vehicle or TD has indicated that it is not willing to offer such accounts to clients of the Company through a bank or similar depository institution it controls.

Termination of the Stockholders Agreement. The Stockholders Agreement will terminate (1) with respect to the Ricketts holders, when their aggregate ownership of common stock falls below approximately 4% and (2) upon the earliest to occur of (a) the consummation of a merger or tender offer where TD acquires 100% of the common stock, (b) the tenth anniversary of the consummation of the acquisition of TD Waterhouse, (c) the date on which TD's ownership of common stock falls below approximately 4% of the outstanding voting securities of the Company, (d) the commencement by a third party of a tender offer or exchange offer for not less than 25% of common stock, unless the board recommends against the offer and continues to take steps to oppose the offer, (e) the approval by the board of a business combination that would result in another party owning more than 25% of the voting securities or consolidated assets of the Company or which would otherwise result in a change of control of the Company, or (f) the acquisition of more than 20% of the voting securities of the Company by a third party. For a period of up to one year following a termination under clause (2)(d), (2)(e) or (2)(f) above, TD and the Ricketts holders will be prohibited from acquiring shares of common stock that would cause, in the case of TD, its aggregate ownership to exceed 45% or, in the case of the Ricketts holders, 29%, except pursuant to a tender offer or merger for 100% of the outstanding shares of common stock approved by the holders of a majority of the Company's outstanding shares of common stock (other than the Ricketts holders and TD). In addition, during that one-year period, the provisions of the Stockholders Agreement relating to the designation of directors and certain other provisions will remain in effect.

The compensation arrangements with our senior executives are designed to implement the Company's pay-for-performance philosophy by making a significant portion of total compensation based on the performance of the Company.

Changes in Management and Employment Terms

Effective October 1, 2008, upon the conclusion of the employment term specified in his employment agreement, J. Joe Ricketts retired as chairman of the board of directors. The Company's board of directors elected Joseph H. Moglia as chairman and Fredric J. Tomczyk as president and chief executive officer, effective as of October 1, 2008. On September 4, 2008, David M. Kelley was appointed executive vice president and chief operating officer, also effective October 1, 2008.

On February 17, 2009, Mr. Sidebottom entered into an agreement to become the Company's executive vice president of product, marketing and client experience. Mr. Sidebottom's annual base salary is \$400,000. In fiscal year 2009 his annual incentive target was \$1.4 million, comprised of 70% cash and 30% equity, while in fiscal year 2010 it will be comprised of 50% cash and 50% equity. Upon the commencement of his employment with the Company, he received a special equity award of restricted stock units, or RSUs, valued at \$1 million that vest in full on the third anniversary of the grant date.

Beginning March 1, 2009, the annual incentive target for Mr. Kelley for fiscal year 2009 was increased by \$200,000 to \$1.4 million. Accordingly, Mr. Kelley's targeted overall compensation shown below is calculated based on \$1.6 million for five months of fiscal 2009 and \$1.8 million for seven months of fiscal 2009. For fiscal year 2010, Mr. Kelley's targeted overall compensation is \$2.0 million, comprised of \$400,000 base salary, targeted annual cash incentive of \$800,000 and targeted annual equity incentive of \$800,000.

This discussion and the executive compensation tables below are based on the employment agreements of Messrs. Moglia, Tomczyk and Sidebottom, as well as the terms of our management incentive plan and long-term incentive plan. We refer you to those agreements and plan documents for the complete terms.

We have organized this report as follows:

1. First, we provide information regarding our Compensation Committee and its role in setting executive compensation.
2. Next, we discuss the guiding principles underlying senior executive compensation policies and decisions.
3. We then describe the objectives we seek to achieve with the compensation arrangements of our senior executives.
4. We discuss the elements of compensation, how we determined the amount of each element and how each element fits into the Company's compensation objectives.
5. We describe stock ownership guidelines.
6. We discuss severance and change of control benefits.
7. We discuss certain tax treatment of senior executive compensation.
8. We conclude by describing compensation-related actions since the end of fiscal year 2009.

1. The H.R. and Compensation Committee

The Compensation Committee establishes and administers the Company's executive compensation programs. The Compensation Committee evaluates the performance of the chief executive officer and the chairman and determines their compensation in light of pre-established goals and objectives. The chief executive officer and the Compensation Committee together assess the performance of the other named executive officers and determine their compensation based on initial recommendations from the chief executive officer. Beginning in October 2005, the Compensation Committee retained Mercer Human Resources Consulting to advise the Compensation Committee on executive compensation practices and market compensation levels. Mercer and its affiliates also provide consulting services to the Company on its health and welfare plans.

The Compensation Committee is composed of three non-employee directors of the board. No member of the Compensation Committee during fiscal year 2009 was an employee of the Company or any of its subsidiaries at the time of his service on the Compensation Committee. Each member of the Compensation Committee during fiscal year 2009 qualified as a non-employee director under rule 16b-3 under the 1934 Act and as an outside director under section 162(m) of the Internal Revenue Code of 1986, as amended (the Code).

The Compensation Committee has delegated to the chief executive officer the authority to increase the compensation of, and grant equity awards to, any employee whose compensation is less than the tenth highest paid employee participating in the management incentive plan, or MIP, subject in each case to any increase or grant being (1) within the budget previously approved by the Compensation Committee and (2) in accordance with the terms of the applicable compensation plan.

In fiscal 2009, the Compensation Committee also delegated to the chief executive officer the authority to grant RSUs subject to guidelines approved by the Compensation Committee as described in the preceding paragraph, and subject to a vesting schedule that provides that the RSUs vest in full on the third anniversary of the grant date. Messrs. Kelley and Sidebottom, who received RSU awards with a value of \$500,000 and \$1.0 million, respectively, were the only

named executive officers to receive such awards of discretionary RSUs during fiscal year 2009. Mr. Kelley's award was made as part of his compensation for services during fiscal year 2008 but was granted in fiscal year 2009. Mr. Sidebottom's grant was made in connection with the commencement of his employment with the Company.

2. Guiding Principles

The following guiding principles are used by the Company and the Compensation Committee when evaluating executive compensation policies and decisions:

total compensation available to any executive officer should reflect the level of responsibilities and experience and should be informed by comparative market analysis;

Table of Contents

compensation arrangements should emphasize and reward corporate and individual performance;

incentive pay based on achieving performance goals with specific targets and clear measures should comprise a substantial portion of total compensation;

equity grants should form a large percentage of incentive pay to aid in retention and align short- and long-term executive interests with those of stockholders;

equity grants should be awarded based on the achievement of annual performance goals and then be subject to time-based vesting;

the ability of the Compensation Committee to exercise negative discretion on a case-by-case basis should always be available to ensure that compensation can be adjusted downward when appropriate;

stock ownership guidelines should be promoted to align executive interests with the interests of stockholders over the medium- and long-term; and

compensation of all named executive officers is reviewed and established by the Compensation Committee, comprised solely of non-employee directors, in consultation with an independent compensation consultant that is retained by and reports directly to the Compensation Committee.

3. Objectives

The Company and the Compensation Committee have strived to design the compensation package of each senior executive to:

compensate senior executives for success in achieving corporate and individual performance goals;

incentivize senior executives through performance-based compensation, which accounts for a substantial portion of total compensation;

promote collegiality and avoid competition among the management team; and

align corporate and individual performance goals.

4. Elements of Compensation

Targeted Overall Compensation

The Company operates in the highly competitive financial services sector, with a leadership position in retail securities brokerage services. The overall compensation program is designed to align the interests of executives with those of our stockholders and be competitive with the compensation practices of financial services companies with characteristics similar to the Company (identified below).

In 2009, the Company revised its executive compensation comparator group to provide a broader market perspective focused on firms with key business segments similar to the Company. The new comparator group consists of: E*TRADE Financial Corporation, The Charles Schwab Corporation, Ameriprise Financial, Inc., Blackrock, Inc., Franklin Resources, Inc., Legg Mason, Inc., MF Global Ltd., Northern Trust Corporation, optionsXpress Holdings

Inc., Raymond James Financial Inc. and T. Rowe Price Group Inc. The criteria for determining the comparator group were industry, products, operations, market capitalization, total revenue and client assets/assets under management.

A targeted overall compensation level, including salary and incentive compensation with incentive compensation being composed of annual cash and equity is established for each executive position and is designed to be payable when annual and long-term performance goals are achieved.

These targeted total compensation levels are developed using market data from our comparator group and other financial services compensation data obtained from the following human resources consulting firms: McLagan, Mercer and Towers Perrin. This market data reflects compensation levels of corresponding positions for our named executive officers at similarly sized financial services companies.

Table of Contents

Mercer, our outside independent compensation consultant, reviewed the market compensation information that was collected and confirmed its appropriateness as a point of reference in setting target total compensation levels for each of our named executive officers. The Company's compensation philosophy is to target total compensation based on the market median of similar positions using the market data from our comparator group and other compensation data obtained by the Company. Actual compensation paid may be above or below the median based on individual and Company performance.

Each named executive officer had a base salary and target annual incentive award for fiscal year 2009 as follows:

Name	Base Salary (\$)	Target Cash Incentive	Target Equity Incentive	Total Target Incentive	Targeted Overall Compensation (\$)
		(\$)	(\$)	(\$)	(\$)
Fredric J. Tomczyk	500,000	1,500,000	3,500,000	5,000,000	5,500,000
William J. Gerber	350,000	475,000	475,000	950,000	1,300,000
Joseph H. Moglia	1,000,000	6,000,000		6,000,000	7,000,000
Peter J. Sidebottom	400,000	980,000	420,000	1,400,000	1,800,000
David M. Kelley ⁽¹⁾	400,000	658,000	658,000	1,316,000	1,716,000

(1) Mr. Kelley's targeted overall compensation is calculated using targeted overall compensation of \$1.6 million for five months of fiscal year 2009 and \$1.8 million for seven months of fiscal year 2009.

Consistent with the Company's overall principles, a large percentage of the total compensation package is paid only after an executive satisfies performance objectives. The Company has generally designed its compensation plans so that as total targeted compensation increases reflecting each named executive officer's expected contribution to the success of the Company the percentage of performance-based compensation also increases, thereby establishing a progressively higher percentage of performance-based compensation. Within the targeted overall compensation package, the amount of total compensation subject to performance-based objectives for fiscal 2009 was:

Name	Performance-Based
Fredric J. Tomczyk	91%
William J. Gerber	73%
Joseph H. Moglia	86%
Peter J. Sidebottom	78%
David M. Kelley	77%

Annual Incentive Award

The board of directors and the Compensation Committee believe that the Company's annual diluted earnings per share, or EPS, is an important measure of the Company's success. In fiscal year 2009, awards under the annual incentive plan for executive officers were initially based on the achievement of an EPS goal established by the Compensation Committee in order to align the short-term interests of executives with those of our stockholders. In addition, the

following factors were considered in determining the annual incentive award of our executive officers:

attainment of quantitative and qualitative goals, established by the CEO and approved by the Compensation Committee, which we refer to as the CEO goals and

attainment of individual quantitative and qualitative performance goals.

The Compensation Committee has reserved the right to reduce the payouts initially determined by the achievement of EPS by up to 20% for failure to attain the CEO goals and up to an additional 20% for failure to attain individual performance goals. In addition, the Compensation Committee retains the ability to exercise further negative discretion to reduce incentive payments to executives.

The design of our annual incentive plan supports our pay-for-performance philosophy and more closely aligns each executive to the long-term growth of the Company and the business strategy for which each executive is most

Table of Contents

responsible. The design also provides for an assessment of senior management performance using measures in addition to EPS, and, as described above, may result in a reduction to the annual incentive awards actually made to our executive officers.

To the extent a portion of the annual incentive award includes an equity component, the Company uses the 1996 Long-Term Incentive Plan, or the LTIP, to motivate, reward and retain key executives and to align their interests to those of stockholders by linking the performance of the Company to equity awards made to executives. If the Company grants RSUs as a component of the annual incentive, the RSUs will fully vest on the third anniversary of the grant date, so long as the executive is then employed by the Company. This vesting schedule aligns the long-term interests of executives with those of our stockholders.

These clear measures and specific targets ensure a strong, team-oriented, pay-for-performance philosophy and allow the full incentive payments to executive officers to qualify as performance-based compensation under section 162(m) of the Code.

Fiscal Year 2009

For fiscal year 2009, the Compensation Committee established an EPS target for the annual incentive award of \$1.04, with the following range:

Fiscal Year 2009 EPS (\$)	Fiscal Year 2009 Annual Incentive Award Payout (% of Target)
1.44	200%
1.20	140%
1.10	115%
1.04	100%
0.96	80%
0.80	40%

In fiscal year 2009, the Company achieved EPS of \$1.10. Accordingly, under the terms of the annual incentive program for fiscal year 2009, the Compensation Committee approved annual incentive awards equal to 115% of the target annual incentive, subject to the exercise of up to 20% negative discretion for the CEO goals and up to 20% for individual performance goals. The CEO goals in fiscal year 2009 consisted of the following key corporate performance goals: market share, net new client assets, asset-based revenues, technology improvement and stockholder return. Incentive awards were then calculated based on the exercise of negative discretion in the amount of 5% on the CEO goals for all named executive officers and on the exercise of negative discretion ranging from 0% to 18.33% on the individual performance goals for each of the named executive officers. In exercising negative discretion, the Compensation Committee considered the overall achievement of the CEO goals and each named executive officer's individual contribution in achieving the CEO goals, as well as his individual performance on a quantitative and qualitative basis. The Compensation Committee used its judgment to measure the performance of each named executive officer and to determine the amount of the negative discretion to employ. The Compensation Committee did not utilize a formula, as it does when it uses EPS, in determining the amount of negative discretion to apply.

Management was rewarded in fiscal year 2009 for successfully executing on a business strategy, in the face of extremely difficult operating conditions, that resulted in expanded leadership in trades, record new client accounts and net new client assets and strong stockholder returns. The 2009 annual incentive awards consisted of a cash component and an equity component. The amount of incentive compensation based on achieving individual performance goals was awarded solely in equity in order to increase the retention value of the compensation and to further align the interests of our executives to the long-term success of the Company. This had the effect of increasing the equity component of the annual incentive while decreasing the cash component, with no net effect on

Table of Contents

the overall award. The following table sets forth the actual awards earned under the fiscal year 2009 annual incentive:

Name	Cash Incentive (\$)	Equity Incentive (\$)	Total Annual Incentive (\$)	% of Target
Fredric J. Tomczyk	1,350,000	4,150,000	5,500,000	110.0%
William J. Gerber	427,500	475,000	902,500	95.0%
Joseph H. Moglia	5,500,000		5,500,000	91.7%
Peter J. Sidebottom	980,000	420,000	1,400,000	100.0%
David M. Kelley	592,200	789,600	1,381,800	105.0%

Except for a stock option grant made to Mr. Tomczyk, the equity component of the 2009 annual incentive award for each named executive officer was made solely in the form of RSUs. As described above, the RSUs will vest in full on the third anniversary of the grant date. The equity component of Mr. Tomczyk's 2009 annual incentive award consisted of RSUs valued at \$3.15 million, representing approximately 76% of the equity portion of his 2009 annual incentive award, and a stock option award valued at \$1 million, representing approximately 24% of the equity portion of his 2009 annual incentive award. Mr. Tomczyk's stock option vests in four equal installments on November 24, 2010, 2011, 2012 and 2013. The Compensation Committee determined that using a stock option for a portion of Mr. Tomczyk's compensation instead of RSUs provided additional incentive for the achievement of future Company success and further aligned his financial interests with those of our stockholders.

Fiscal Year 2010

For fiscal year 2010, the Compensation Committee has established the following EPS range for annual incentive compensation:

Fiscal Year 2010 EPS (\$)	Fiscal Year 2010 Annual Incentive Award Payout (% of Target)
1.80	200%
1.20	140%
1.00	120%
0.80	100%
0.60	80%
0.40	40%

For each \$0.01 change in EPS for fiscal year 2010 between \$1.80 and \$0.60, the maximum payout will decrease by 1%. For each \$0.01 change in EPS below \$0.60, the maximum payout will decrease by 2%. As shown above, EPS of \$0.80 would result in a 100% maximum payout. The Compensation Committee reduced the effect on the payout percentage for each \$0.01 change in EPS in fiscal year 2010 to 1%, from a 2.5% effect on the payout percentage for each \$0.01 change in EPS in fiscal year 2009, in order to decrease the emphasis of changes in EPS on the compensation plan and increase the focus on key longer-term strategic goals and the individual contribution and performance of each executive.

The Company's achievement of EPS of \$0.80 in fiscal year 2010 would not guarantee that an executive officer will receive a 100% payout because the Compensation Committee has reserved the right for fiscal 2010 to reduce the final payouts by up to 20% for failure to attain CEO goals and up to an additional 20% for failure to attain individual performance goals, thereby putting up to 40% of the annual incentive payout at risk. In addition, the Compensation Committee retains the ability to exercise further negative discretion to reduce incentive payments to executives.

For fiscal year 2010, the CEO goals consist of key corporate performance goals, such as market share, net new client assets, client experience, progress on strategic initiatives, associate engagement and delivering superior stockholder return. The individual performance goals for fiscal year 2010 consist of contribution to CEO goals, qualitative performance and relative performance to peers. In fiscal year 2010, incentive compensation for the CEO

Table of Contents

will be comprised of 30% cash and 70% equity. For other executive officers with total target annual compensation of at least \$1 million, incentive compensation will be comprised of equal amounts of cash and equity.

This strategic design supports our pay-for-performance philosophy and allows for each executive's contribution to the Company's achievement of key performance goals to be assessed individually and as a management team. The design also intentionally provides the opportunity for the exercise of judgment and discretion by the Compensation Committee in assessing management's performance in executing the Company's strategy in determining overall compensation.

5. Stock Ownership Guidelines

The Compensation Committee and the board of directors strongly believe that senior executives should own a significant amount of Company common stock. This provides a direct and continuing alignment of financial interests between executives and stockholders.

The stock ownership guidelines are as follows:

ten times base salary for Messrs. Moglia and Tomczyk and

five times base salary for Messrs. Gerber, Sidebottom and Kelley.

None of these executive officers are permitted to sell any equity interest in the Company until the stock ownership requirements have been met, after which the chief executive officer must obtain approval from the Compensation Committee and all other senior executives must obtain prior approval from the chief executive officer. Mr. Tomczyk has agreed to maintain stock ownership under these guidelines for two years after he ceases to be an employee or director of the Company following his retirement. The Company considers any stock held without restrictions, unvested restricted stock units, vested but unexercised in-the-money stock options, deferred compensation that will settle in common stock and common stock held under the Company's 401(k) plan in determining whether the stock ownership requirements have been met. All named executive officers, other than Mr. Sidebottom, have met the stock ownership guidelines.

6. Change in Control Benefits and Severance

Our senior executive team has been instrumental in successfully building the Company, and we believe it is important to provide certain benefits to them in the event of a change in control. We believe that the interests of our stockholders are best served if the interests of senior management are aligned with them, and providing change in control benefits should minimize any reluctance of senior management to pursue change in control transactions that may be in the best interest of our stockholders. Equity awards under the MIP continue to vest in accordance with their terms in the event of termination for any reason, other than for cause, within 24 months after a change in control. With the exception of Mr. Sidebottom's special equity award of RSUs granted in connection with the commencement of his employment with the Company, our executive officers are not entitled to any other benefits upon a change in control. Rather, our employment arrangements with Messrs. Moglia, Tomczyk and Sidebottom all require a termination of employment without cause or resignation with good reason in connection with or following a change in control. We utilize this dual-trigger change of control provision because we believe that triggering payments simply upon a change of control is not in the Company's or stockholders' best interests.

7. Tax Treatment

The Compensation Committee designs certain components of executive compensation to preserve income tax deductibility under section 162(m) of the Code. Section 162(m) generally disallows a tax deduction to public corporations for non-performance-based compensation over \$1 million paid for any fiscal year to each of the individuals who were, at the end of the fiscal year, the corporation's chief executive officer and the four other most highly compensated executive officers.

The Company believes that the cash bonuses paid and stock-based awards granted to executive officers under the MIP are and will be fully deductible under section 162(m). In addition, the Company has adopted a general policy that all stock-based awards granted to its executive officers should generally only be made pursuant to plans

Table of Contents

that the Company believes satisfy the requirements of section 162(m). The Compensation Committee retains discretion and flexibility in developing appropriate compensation programs and establishing compensation levels and, in some instances, may approve compensation that is not fully deductible.

8. Actions Since End of Fiscal Year 2009

The table below summarizes RSUs and stock options granted to our named executive officers for service during fiscal year 2009 as part of the annual incentive award program. Because these grants were made in fiscal year 2010, they are not included in the Grants of Plan-based Awards and Outstanding Equity Awards at Fiscal Year-End tables later in this section.

Name	Fiscal Year 2009 Equity Incentive			
	RSUs		Stock Options	
	\$	# of Units	\$	# of Options
Fredric J. Tomczyk	3,150,000	158,135	1,000,000	109,769
William J. Gerber	475,000	23,846		
Joseph H. Moglia				
Peter J. Sidebottom	420,000	21,085		
David M. Kelley	789,600	39,640		

The number of RSUs granted was determined by dividing the dollar amount earned by \$19.92, the average of the high and low price of the Company's common stock for the 20 trading days ended October 29, 2009. These awards vest in full on the third anniversary of the grant date if the executive is then employed by the Company. The number of stock options granted to Mr. Tomczyk was determined by dividing the dollar amount earned by \$9.11, the value per option based on a Black-Scholes valuation model using valuation assumptions approved by the Compensation Committee.

For fiscal 2010, Mr. Kelley's annual target incentive compensation was increased from \$1.4 million to \$1.6 million following a review of the compensation paid to chief operating officers in the Company's comparator group (as further identified above).

(b) Amounts represent fees waived for services rendered by Amerivest, the Company's online investment advisory service.

(c) During fiscal year 2007, the Company determined that certain stock options granted during fiscal years 2002 and 2003 were issued with an exercise price less than the fair market value of the underlying common stock on the measurement date for accounting purposes, therefore subjecting the option holders to adverse tax consequences. In February 2007, in order to avoid the negative tax implications, the Company commenced a tender offer in which employees had the right to exchange their existing employee stock options for new stock options with a higher exercise price. The Company compensated employees for the reduced value of the new stock options by making cash payments. The amounts in this column represent cash payments received for the reduced value of new stock options.

(d) The fiscal year 2009 amount for Mr. Sidebottom represents relocation cost payments.

Grants of Plan-based Awards

Table of Contents**Potential Payments Upon Termination or Change-in-Control*****Introduction and Overview***

The Company has entered into employment agreements with each of its named executive officers other than Messrs. Gerber and Kelley. The employment agreements and certain compensation plans and award agreements require the Company to provide compensation and benefits to the executives in the event of a termination of employment, including in connection with a change in control of the Company. Except for Mr. Sidebottom's special equity award of RSUs granted on the commencement of his employment with the Company, payments are not triggered simply upon the occurrence of a change in control. Rather, our executives will only receive change in control benefits if their employment is terminated in certain instances following a change in control.

Compensation Plans and Award Agreements

Under the MIP, in the event of death or disability prior to the payment of a scheduled award, compensation will be paid to the executive's estate or other authorized person. Under the PRSU and RSU award agreements, the consequences of death, disability, retirement, termination without cause and change in control are:

Triggering Event	Consequence
Death	Award vests and settles as soon as practicable
Disability or retirement	Award continues to vest in accordance with its terms, whether or not the executive is employed on the settlement date
Termination without cause	Award is pro-rated through the date of termination and then vests in accordance with its terms
Change in control	Award continues to vest in accordance with its terms in the event of termination for any reason, other than cause, within 24 months after a change in control

Table of Contents**Summary Table Potential Payments Upon Termination or Change-in-Control**

The following table summarizes potential payments upon termination or change in control for the named executive officers as of September 30, 2009. Each of the named executive officers will only be entitled to receive change in control benefits if his employment is terminated without cause or he resigns with good reason in connection with or following a change in control, except in the case of Mr. Sidebottom's special equity award of RSUs granted in connection with the commencement of his employment with the Company, which will vest on a change of control of the Company (other than an acquisition of control by TD). Except as specifically indicated in the footnotes to the table below, we used the following assumptions in calculating the amounts included the table and discussion below:

As required by SEC rules, we assume the triggering event causing the payment occurred on September 30, 2009, the last business day of our last completed fiscal year, and the price per share of the common stock of the Company was \$19.63, the closing market price on that date.

We treat all amounts of base salary that were earned and accrued, including unused vacation, as of the date of the triggering event as paid immediately prior to the triggering event in accordance with the Company's customary payroll practice.

The value of health benefits is based upon the same assumptions we use for financial reporting purposes; specifically, the 94GR mortality table and the Company providing health care coverage to the applicable executive officer and his spouse until the death of each of them.

Non-employee Director Compensation and Stock Ownership Guidelines

For calendar year 2009, non-employee directors of the Company received the following compensation under the terms of the TD AMERITRADE Holding Corporation 2006 Directors Incentive Plan:

Non-employee Director Compensation	Amount
Annual Cash Retainer	\$75,000

Annual Equity Grant	\$100,000 in RSUs
Committee Chair Retainer	\$10,000 (\$25,000 for audit committee chair)
Board Meeting Fee	\$3,000
Committee Meeting Fee	\$2,500

The 2006 Directors Incentive Plan is designed to:

fairly compensate non-employee directors for work required of a company the size and complexity of TD AMERITRADE and

align directors' interests with the long-term interests of stockholders.

Table of Contents

The annual cash retainer and the committee chair retainer are paid in advance at the beginning of each calendar year. Payments for meeting fees were made in four installments following the end of each quarter of service.

Under the 2006 Directors Incentive Plan, any non-employee director is permitted to defer any or all of the cash or equity award. Investment earnings on amounts deferred in the form of stock units are based on the fluctuations in the underlying common stock of the Company. Cash awards that were deferred under the terms of the 1996 Directors Incentive Plan (the predecessor to the 2006 Directors Incentive Plan) earn interest at the prime rate as reported by The Wall Street Journal. Cash awards that are deferred under the terms of the 2006 Directors Incentive Plan earn interest based on terms and conditions established by the Compensation Committee.

The number of RSUs under the annual equity grant is calculated by using the average closing price of the Company's common stock for the 20 trading days prior to the grant date. The RSUs vest in one-third increments annually over three years from the date of grant. Vested RSUs are settled by issuing shares of Company common stock following the third anniversary of the grant date. However, a director may elect to defer the receipt of stock under the terms of any applicable deferred compensation plan. If the director terminates service as a non-employee director prior to the third anniversary of the grant date, the RSUs, to the extent vested on the date of such termination of service, are settled as soon as reasonably practicable after such termination. In the event of a change in control of the Company, the RSUs vest as soon as practicable after the change in control. RSUs do not have any voting rights and are not entitled to receive any dividends or distributions on common stock of the Company. In the event of the death of a non-employee director, the RSUs will vest and be settled in common stock of the Company. In the event of the disability of a non-employee director, the RSUs will continue to vest over the three-year vesting period whether or not the director continues to serve as a director of the Company.

Non-employee directors are reimbursed for expenses incurred in connection with attending meetings of the board of directors. The Company also provides liability insurance for its directors and officers.

For calendar year 2010, board and committee meeting attendance fees have been eliminated and replaced with an increase in the annual cash retainer of \$5,000 and an increase in the annual equity grant of \$30,000. Also for calendar year 2010, members of the audit committee (other than the chair) will receive an additional annual cash retainer of \$10,000. The following table summarizes non-employee director compensation for calendar year 2010:

Non-employee Director Compensation	Amount
Annual Cash Retainer	\$80,000
Annual Equity Grant	\$130,000 in RSUs
Committee Chair Retainer	\$10,000 (\$25,000 for audit committee chair)
Audit Committee Member Fee	\$10,000

In addition, non-employee directors may receive, at the discretion of the Corporate Governance Committee and approved by the board of directors, payment of additional non-employee director compensation when special circumstances warrant.

anniversary of becoming a director of the Company. Shares counted toward this calculation include common stock beneficially owned by the director, RSUs and vested options. All non-employee directors with more than five years of service with the Company have met this guideline.

Certain Relationships and Related Transactions

Review and Approval of Related Person Transactions. We review all relationships and transactions in which TD AMERITRADE and any person included in the table under the heading "Stock Ownership of Certain Beneficial Owners" - our directors, executive officers and any stockholder beneficially owning more than 5% of our common stock or any of their immediate family members - are participants to determine whether such persons have a direct or indirect material interest under the rules and regulations of the SEC. The Company's legal department is primarily responsible for the development and implementation of processes and controls to obtain information about related person transactions. In addition, under the OID Committee charter, the OID Committee reviews and approves (or ratifies) any related person transaction that is required to be disclosed. Any member of the OID Committee who is a related person with respect to a transaction under review may not participate in the deliberations or vote to approve (or ratify) the transaction.

On February 17, 2009, the Company entered into a stock purchase agreement with Marlene M. Ricketts and the Joe and Marlene Ricketts Grandchildren's Trust under which the Company purchased approximately 34 million shares of Company common stock for approximately \$403 million in cash (\$11.85 per share). J. Joe Ricketts serves on the Company's board of directors. The purchase of the stock occurred on February 20, 2009.

Under an agreement between the Company and Joseph H. Moglia, chairman of the Company's board of directors, dated September 13, 2001, the Company agreed to lend Mr. Moglia the Medicare tax amounts due from time to time resulting from his vesting in benefits under the deferred compensation plan. Mr. Moglia is required to repay the loan, which does not bear interest, at the time of termination of his employment. The Company may offset the amount of the loan against the amount that would otherwise be payable to Mr. Moglia under the deferred compensation plan. The balance of the loan was approximately \$222,000 as of September 30, 2009.

Certain directors and executive officers, and members of their immediate families, maintain margin trading accounts with the Company. Margin loans to these individuals were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectibility or present other unfavorable features.

Transactions with TD and Affiliates

As a result of the Company's acquisition of TD Waterhouse, TD became an affiliate of the Company. The Company transacts business and has extensive relationships with TD and certain of its affiliates. A description of significant agreements and transactions with TD and its affiliates is set forth below.

Registration Rights Agreement

The Company, the Ricketts holders and TD are a party to a registration rights agreement, pursuant to which the Ricketts holders and TD are granted rights to be included in registrations of Company common stock, as follows:

Demand Registrations

The Company has granted the Ricketts holders and TD, together, the right to demand registration of the shares of Company common stock held by them on nine separate occasions. Six of the nine demand rights, including two shelf

registrations, are allocated to TD, and three of the nine demand rights, including one shelf registration, are allocated to the Ricketts holders.

Piggy Back Registrations

The Company has also agreed that if at any time the Company proposes to file a registration statement with respect to any offering of its securities for its own account or for the account of any stockholder who holds its

Table of Contents

securities (subject to certain exceptions) then, as expeditiously as reasonably possible (but in no event less than 20 days prior to the proposed date of filing such registration statement), the Company shall give written notice of such proposed filing to all holders of securities subject to registration rights pursuant to the registration rights agreement, or registrable securities, and such notice shall offer the holders of such registrable securities the opportunity to register such number of registrable securities as each such holder may request in writing. The registration rights granted in the registration rights agreement are subject to customary restrictions such as minimums, blackout periods and limitations on the number of shares to be included in any underwritten offering imposed by the managing underwriter. In addition, the registration rights agreement contains other limitations on the timing and ability of stockholders to exercise demands.

Expenses

The Company has agreed to pay all registration expenses, including the legal fees of one counsel for the stockholders exercising registration rights under the registration rights agreement, but excluding underwriting discounts, selling commissions, stock transfer taxes and any other legal fees of such stockholders.

Trademark License Agreement

The Company and TD are a party to a trademark license agreement that requires the Company to use the TD trademark and logo as part of the Company's corporate identity. The following is a summary of selected provisions of the trademark license agreement.

The TD AMERITRADE Name

The Company is required to use the TD AMERITRADE name in the U.S. as its exclusive corporate entity name and to use the TD logo in connection with the TD AMERITRADE name in the U.S. in corporate identity and marketing materials. The Company has further agreed to use the TD AMERITRADE name and, in conjunction with it, the TD logo, in other countries unless the Company reasonably determines such use would not be consistent with or to the benefit of the Company's business in a particular country.

The Company has a worldwide (except in Canada) license to use the name and trademark "TD" as part of the trademark, service mark, trade name, corporate name or domain name "TD AMERITRADE" in connection with the Company's business of providing securities brokerage services to retail traders, individual investors and registered investment advisers. TD has agreed not to use the TD mark or any trademarks, service marks, trade names, corporate names and domain names incorporating the TD mark in connection with any business or activity providing securities brokerage services to retail traders, individual investors and registered investment advisers in the U.S.

Ownership and Protection of the TD AMERITRADE Name

TD and the Company jointly own the TD AMERITRADE name. The Company has agreed to be responsible for the registration, maintenance and prosecution of any trademark applications and registrations for the TD AMERITRADE name. The Company has further agreed to use commercially reasonable efforts to keep TD informed and to allow TD to provide reasonable input as to the registration, maintenance and prosecution strategy in connection with the TD AMERITRADE trademark. The Company and TD have each agreed to be responsible for 50% of the costs and expenses associated with the registration, maintenance and prosecution of the TD AMERITRADE trademark.

Indemnification

The Company has agreed to indemnify TD for liability incurred by TD as a result of the Company's (and any of its sublicensees') breach of its obligations under the trademark license agreement. TD has agreed to indemnify the Company for liability incurred by the Company so long as the Company's actions are in accordance with the terms of the trademark license agreement and the Company's use of the TD AMERITRADE name or the TD logo is in a jurisdiction where TD has trademark applications or registrations or is using or has used the TD trademark or logo.

Table of Contents

Term; Termination

The term of the trademark license agreement is 10 years from January 24, 2006, and is automatically renewable for additional periods of 10 years, unless earlier terminated. The Company and TD can each terminate the trademark license agreement upon any of the following events: if the other party becomes insolvent, makes an assignment for the benefit of creditors, a trustee or receiver is appointed for a material part of the other party's assets, or a proceeding in bankruptcy is not dismissed within 90 days; if the other party fails to cure a material breach within 60 days of the initial notice of material breach; if the other party is subject to a decree dissolving such other party which has been in effect for more than 30 days; if there is a change of control of the other party that results in such other party being controlled by a competitor; if TD beneficially owns voting securities representing 4.17% or less of the total voting power of the Company; if a third party bona fide tender or exchange offer for not less than 25% of the outstanding shares of common stock of the Company is consummated; if the Company's board of directors consummates a takeover proposal from a third party; or if the TD trademark or logo becomes materially damaged by the other party.

Effects of Termination

Upon termination of the trademark license agreement, the Company has agreed to stop all new uses of the TD mark within six months and discontinue all use of the TD mark within 12 months. Neither the Company nor TD shall be entitled to use the TD AMERITRADE name after the trademark license agreement terminates, and all trademark applications and registrations for the TD AMERITRADE trademark shall be expressly abandoned.

URL License Agreement

TD and the Company are also a party to a license agreement pursuant to which TD granted the Company an exclusive license to use the TDWaterhouse.com Internet domain name for redirection to the Company's home page as well as the rights to include links to international TDWaterhouse Internet domain names. In exchange for those rights, the Company agreed to not transfer the rights to the domain names and to use commercially reasonable efforts to include a link on the homepage of the Company to the international TDWaterhouse websites. The term of the URL license agreement is 10 years from January 24, 2006 unless mutually extended. Either party may terminate the agreement if the trademark license is terminated or the other party materially breaches the agreement. The Company has the right to terminate the agreement for any reason upon 30 days' prior written notice.

Money Market Deposit Account Agreement

The Company is party to a money market deposit account (MMDA) agreement with TD Bank USA, N.A. (TD Bank USA) and TD. Under the MMDA agreement, TD Bank USA makes available to clients of the Company FDIC-insured deposit accounts as designated sweep vehicles. The Company provides marketing, recordkeeping and support services for TD Bank USA with respect to the insured deposit accounts. In exchange for providing these services, TD Bank USA pays the Company a fee based on the yield earned by TD Bank USA on the client insured deposit account assets, less the actual interest paid to clients, actual interest cost incurred on borrowings, a flat fee to TD Bank USA of 25 basis points and the cost of FDIC insurance premiums.

Effective July 1, 2008, the Company entered into an amendment to the MMDA agreement. The amended agreement has a term of five years beginning July 1, 2008, and is automatically renewable for successive five-year terms, provided that it may be terminated by any party upon two years' prior written notice. The amended agreement provides that the marketing fee earned on the MMDA agreement is calculated based on three primary components: (a) the actual yield earned on investments in place as of July 1, 2008, which were primarily fixed-income securities backed by Canadian government guarantees, (b) the yield on other fixed-rate investments, based on prevailing fixed rates for identical balances and maturities in the interest rate swap market (generally LIBOR-based) at the time such

investments were added to the portfolio and (c) floating-rate investments, based on the monthly average rate for 30-day LIBOR. The amendment provides that, from time to time, the Company may request amounts and maturity dates for the other fixed-rate investments (component (b) above) in the portfolio, subject to the approval of TD Bank USA. For the month of September 2009, the MMDA agreement portfolio was

Table of Contents

comprised of approximately 19% component (a) investments, 64% component (b) investments and 17% component (c) investments.

In the event the fee computation results in a negative amount, the Company must pay TD Bank USA the negative amount. This effectively results in the Company guaranteeing TD Bank USA revenue of 25 basis points on the MMDA agreement, plus the reimbursement of FDIC insurance premiums. The fee computation under the MMDA agreement is affected by many variables, including the type, duration, credit quality, principal balance and yield of the investment portfolio at TD Bank USA, the prevailing interest rate environment, the amount of client deposits and the yield paid on client deposits. Because a negative fee computation would arise only if there were extraordinary movements in many of these variables, the maximum potential amount of future payments the Company could be required to make under this arrangement cannot be reasonably estimated. Management believes the potential for the fee calculation to result in a negative amount is remote and the fair value of the guarantee is not material.

The Company earned fee income associated with the money market deposit account agreement of \$568.1 million for fiscal year 2009.

Mutual Fund Agreements

The Company and an affiliate of TD are parties to a sweep fund agreement, transfer agency agreement, shareholder services agreement and a dealer agreement pursuant to which certain mutual funds are made available as money market sweep or direct purchase options to Company clients. The Company performs certain distribution and marketing support services with respect to those funds. In consideration for offering the funds and performing the distribution and marketing support services, an affiliate of TD compensates the Company in accordance with the provisions of the sweep fund agreement. The Company also performs certain services for the applicable fund and earns fees for those services. The agreements may be terminated by any party upon one year's prior written notice and may be terminated by the Company upon 30 days prior written notice under certain circumstances. The Company earned fee income associated with these agreements of \$108.5 million for fiscal year 2009.

Securities Borrowing and Lending

In connection with its brokerage business, the Company engages in securities borrowing and lending with TD Securities, Inc. (TDSI), an affiliate of TD. The Company earned net interest revenue associated with securities borrowing and lending with TDSI of \$0.1 million for the fiscal year 2009. The transactions with TDSI are subject to similar collateral requirements as transactions with other counterparties.

Cash Management Services Agreement

Pursuant to a cash management services agreement, TD Bank USA provides cash management services to clients of TD AMERITRADE, Inc. (TDA Inc.), a wholly-owned subsidiary of the Company. In exchange for such services, the Company pays TD Bank USA service-based fees agreed upon by the parties. The Company incurred expense associated with the cash management services agreement of \$0.8 million for fiscal year 2009. The cash management services agreement will continue in effect for as long as the MMDA agreement remains in effect, provided that it may be terminated by TDA Inc. without cause upon 60 days' prior written notice to TD Bank USA.

Indemnification Agreement for Phantom Stock Plan Liabilities

Pursuant to an indemnification agreement, the Company agreed to assume TD Waterhouse liabilities related to the payout of awards under The Toronto-Dominion Bank 2002 Phantom Stock Incentive Plan following the completion of the TD Waterhouse acquisition. Under this plan, participants were granted units of stock appreciation rights (SARs)

based on TD's common stock that generally vest over four years. Upon exercise, the participant receives cash representing the appreciated value of the units between the grant date and the redemption date. In connection with the payout of awards under the 2002 Phantom Stock Incentive Plan, TD Discount Brokerage Holdings LLC (TDDBH), a wholly-owned subsidiary of TD, agreed to indemnify the Company for any liabilities incurred by the Company in excess of the provision for such liability included on the closing date balance sheet of TD Waterhouse. In addition, in the event that the liability incurred by the Company in connection with the 2002

Table of Contents

Phantom Stock Incentive Plan is less than the provision for such liability included on the closing date balance sheet of TD Waterhouse, the Company agreed to pay the difference to TDDBH. There were 43,590 SARs outstanding as of September 30, 2009, with an approximate value of \$1.6 million. The indemnification agreement effectively protects the Company against fluctuations in TD's common stock price with respect to the SARs, so there is no net effect on the Company's results of operations resulting from such fluctuations.

Canadian Call Center Services Agreement

Pursuant to the Canadian call center services agreement, TD receives and services client calls at its London, Ontario site for clients of TDA Inc. After May 1, 2013, either party may terminate this agreement without cause and without penalty by providing 24 months' prior written notice. In consideration of the performance by TD of the call center services, the Company pays TD, on a monthly basis, an amount approximately equal to TD's monthly cost. The Company incurred expenses associated with the Canadian call center services agreement of \$16.0 million for fiscal year 2009.

Certificates of Deposit Brokerage Agreement

Effective as of September 24, 2008, TDA Inc. entered into a certificates of deposit brokerage agreement with TD Bank USA, under which TDA Inc. acts as an agent for its clients in purchasing certificates of deposit from TD Bank USA. Under the agreement, TD Bank USA pays TDA Inc. a placement fee for each certificate of deposit issued in an amount agreed to by both parties. During fiscal 2009, TDA Inc. promoted limited time offers to purchase three-month TD Bank USA certificates of deposit with a premium yield paid to its clients that made a deposit or transferred \$25,000 into their TDA Inc. brokerage account during a specified time period. Under this promotion, TDA Inc. reimburses TD Bank USA for the subsidized portion of the premium yield paid to its clients. During fiscal 2009, the Company incurred net costs to TD Bank USA associated with this promotional offer of \$3.5 million.

Sale of thinkorswim Canada, Inc. and Trading Platform Hosting and Services Agreement

On June 11, 2009, immediately following the closing of the Company's acquisition of thinkorswim Group Inc. (thinkorswim), the Company completed the sale of thinkorswim Canada, Inc. (thinkorswim Canada) to TD Waterhouse Canada Inc. (TDW Canada), a wholly-owned subsidiary of TD, for cash equal to the total tangible equity of thinkorswim Canada immediately prior to the closing of the transaction. The Company received gross proceeds from the sale of approximately \$1.7 million. The Company did not recognize a gain or loss on the sale of thinkorswim Canada.

In connection with the sale of thinkorswim Canada, the Company and TDW Canada entered into a trading platform hosting and services agreement. The agreement has an initial term of five years beginning June 11, 2009, and will automatically renew for additional periods of two years, unless either party provides notice of non-renewal to the other party at least 90 days prior to the end of the then-current term. Because this agreement represents contingent consideration to be paid for the sale of thinkorswim Canada, the Company recorded a \$10.7 million receivable for the fair value of this agreement. Under this agreement, TDW Canada will use the thinkorswim, Inc. trading platform and thinkorswim, Inc. will provide the services to support the platform. In consideration for the performance by thinkorswim, Inc. of all its obligations under this agreement, TDW Canada will pay thinkorswim, Inc., on a monthly basis, a fee based on average client trades per day and transactional revenues. Fees earned under the agreement will be recorded as a reduction of the contingent consideration receivable until the receivable is reduced to zero, and thereafter will be recorded as fee revenue. As of September 30, 2009, the receivable balance for this agreement was \$10.4 million.

Payment for Order Flow

TD Options LLC, a subsidiary of TD, pays the Company the amount of exchange-sponsored payment for order flow that it receives for routing TDA Inc. client orders to the exchanges. The Company earned \$5.5 million of payment for order flow revenues from TD Options LLC for fiscal year 2009.

Table of Contents**Other Transactions with TD Affiliates**

TD Securities (USA) LLC, an indirect wholly-owned subsidiary of TD, was the joint lead manager and participated as an underwriter in the Company's offering of \$1.25 billion of Senior Notes in November 2009. In this capacity, TD Securities (USA) LLC earned a discount and commission of \$0.5 million.

An affiliate of TD has a minority equity investment in Verdasys, Inc., a provider of data protection software solutions. The Company paid Verdasys, Inc. \$0.3 million for a one-year software maintenance fee in fiscal year 2009.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. All of the services provided by our independent auditor in 2009 and 2008, including services related to audit, audit-related fees, tax fees and all other fees described above, were approved by the Audit Committee under its pre-approval policies.

PROPOSAL NO. 3

**APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE
LONG-TERM INCENTIVE PLAN**

At the Annual Meeting, the stockholders will be asked to approve an amendment and restatement of the TD AMERITRADE Holding Corporation Long-Term Incentive Plan. We refer to this plan as the LTIP in this proxy statement. The board of directors originally adopted the LTIP effective as of October 1, 1996 and previously amended and restated the LTIP as of September 9, 2002, January 19, 2005 and March 9, 2006.

The board of directors believes that the Company must offer a competitive equity incentive program if it is to continue to successfully attract and retain the best possible candidates for positions of responsibility within the Company. The board of directors expects that the LTIP will continue to be an important factor in attracting, retaining and rewarding the high-caliber employees, consultants and directors essential to our success and in motivating these individuals to strive to enhance our growth and profitability.

On November 9, 2009, the Compensation Committee approved the amendment and restatement of the LTIP, subject to stockholder approval, to (1) expand eligible recipients under the LTIP to also include consultants and directors and (2) remove certain vesting restrictions imposed on restricted stock and restricted stock units.

The number of shares of common stock reserved for issuance under the LTIP is not being increased.

Summary of Proposed Amendments to the LTIP

Stockholders are being asked to approve the following proposed amendments to the LTIP:

Prior to this amendment, the LTIP only authorized the granting of awards to employees of the Company. The proposed amendments adopted by the board of directors, subject to stockholder approval, will expand the class of eligible recipients of awards under the LTIP to include, in addition to employees, consultants and members of our board of directors.

In addition to the amendment to expand the class of recipients eligible to receive awards under the LTIP, the proposed amendments adopted by the board of directors, subject to stockholder approval, also have removed the vesting restrictions imposed on restricted stock and restricted stock units, which had required that no

Table of Contents

such award could generally vest (whether originally or by amendment) prior to the passage of three years of service after the date such award was granted. The proposed amendments, if approved by the stockholders, would permit restricted stock and restricted stock units to have a vesting schedule determined in the complete discretion of the Company. The Company's intention is to continue granting restricted stock units which will have an initial vesting schedule based on three years of service, but if the proposed amendments are approved by the stockholders, the Company would be permitted, in its discretion, to grant restricted stock units with a different vesting schedule and also amend any vesting schedule for outstanding restricted stock units to accelerate such original vesting schedule.

The proposed changes to the LTIP are described in further detail below.

Summary of the LTIP

The following summary of the principal features of the amended and restated LTIP is qualified in its entirety by the specific language of the amended and restated LTIP, a copy of which is attached to this Proxy Statement as Appendix B and which may also be accessed from the SEC's website at <http://www.sec.gov>. In addition, a copy of the LTIP, as amended and restated, may be obtained upon written request to the Company.

General. The purpose of the LTIP is to advance the interests of the Company by providing an incentive program that will enable the Company to attract and retain employees, consultants and directors upon whose judgment, interest and efforts the Company's success is dependent and to provide them with an equity interest in the success of the Company in order to motivate superior performance. These incentives are provided through the grant of stock options, stock appreciation rights, restricted stock awards, restricted stock units, performance shares and performance units.

Authorized Shares. A total of 42,104,174 shares of our common stock, subject to adjustment as described below, have been reserved for the granting of awards. These shares may be currently authorized but unissued or currently held or subsequently acquired by the Company as treasury shares, including shares purchased in the open market or in private transactions. If any award expires, lapses or otherwise terminates for any reason without having been exercised or settled in full, or if shares subject to forfeiture or repurchase are forfeited or repurchased by the Company, any such shares that are reacquired or subject to such a terminated award will again become available for issuance. However, shares shall not again become available for issuance under the LTIP if they were (1) withheld or surrendered to satisfy tax withholding obligations of any award, (2) surrendered in payment of stock option exercise price or (3) subject to the grant of a stock appreciation right which were not issued upon settlement of the stock appreciation right.

Adjustments to Shares Subject to the LTIP. In the event of any merger, consolidation, reorganization, spin-off, stock dividend, stock split, reverse stock split, exchange or other distribution with respect to shares of common stock or other change in the corporate structure or capitalization affecting common stock, the number of shares of stock reserved, the type and number of shares of stock which are subject to outstanding awards and the terms of any such outstanding awards (including the price at which shares of stock may be issued pursuant to an outstanding award) shall be equitably adjusted by the board of directors or the Compensation Committee, in its sole discretion, to preserve the value of benefits awarded or to be awarded to participants.

Administration. The LTIP will be administered by the Compensation Committee. In the case of awards intended to qualify for the performance-based compensation exemption under Section 162(m), administration must be by a compensation committee comprised solely of two or more outside directors within the meaning of Section 162(m). Subject to the provisions of the LTIP, the Compensation Committee determines in its discretion the persons to whom and the times at which awards are granted, the types and sizes of such awards, and all of their terms and conditions. The Compensation Committee may, subject to certain limitations on the exercise of its discretion required by Section 162(m), amend, cancel or renew any award, waive any restrictions or conditions applicable to any award, and

accelerate, continue, extend or defer the vesting of any award. However, the LTIP forbids, without stockholder approval, the repricing of any outstanding option or stock appreciation right through either (1) the cancellation of outstanding options or stock appreciation rights and the grant in substitution therefore of any new award, or (2) the amendment of outstanding options or stock appreciation rights to reduce the exercise price thereof.

Table of Contents

The Compensation Committee will interpret the LTIP and awards granted thereunder, and all determinations of the Compensation Committee will be final and binding on all persons having an interest in the LTIP or any award.

Eligibility. Awards may be granted to employees, consultants and directors of the Company or any present or future parent or subsidiary corporation of the Company and any other business, partnership, limited liability company or other entity in which the Company, or any parent or subsidiary corporation, holds a substantial ownership. Incentive stock options may be granted only to employees who, as of the time of grant, are employees of the Company or any parent or subsidiary corporation of the Company. As of December 28, 2009, the Company had approximately 5,300 employees, including 8 executive officers, approximately 700 consultants and 9 non-employee directors who would be eligible for awards.

Stock Options. Each option granted must be evidenced by a written agreement between the Company and the optionee specifying the number of shares subject to the option and the other terms and conditions of the option, consistent with the requirements of the LTIP.

The exercise price of each option may not be less than the fair market value of a share of common stock on the date of grant. However, any incentive stock option granted to a person who at the time of grant owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any parent or subsidiary corporation of the Company (a Ten percent Stockholder) must have an exercise price equal to at least 110% of the fair market value of a share of common stock on the date of grant. Generally, the fair market value of the common stock is the closing market composite price per share on the date of grant as quoted on the Nasdaq Global Select Market. On December 28, 2009, the closing price of the Company's common stock on the Nasdaq Global Select Market was \$19.47 per share.

An option's exercise price may be paid in cash, by check, by the assignment of the proceeds of a sale with respect to some or all of the shares being acquired upon the exercise of the option (a cashless exercise), to the extent legally permitted, by tender of shares of common stock owned by the optionee having a fair market value not less than the exercise price, or by any combination of these. No option may be exercised unless the optionee has made adequate provision for federal, state, local and foreign taxes, if any, relating to the exercise of the option.

Options will become vested and exercisable at such times or upon such events and subject to such terms, conditions, performance criteria or restrictions as specified by the Compensation Committee. The maximum term of any option is ten years, provided that an incentive stock option granted to a Ten percent Stockholder must have a term not exceeding five years. The Compensation Committee will specify in each written option agreement, and solely in its discretion, the period of post-termination exercise applicable to each option.

Stock options are nontransferable by the optionee, other than by will or by the laws of descent and distribution, and are exercisable during the optionee's lifetime only by the optionee.

Stock Appreciation Rights. Each stock appreciation right must be evidenced by a written agreement between the Company and the participant specifying the number of shares subject to the award and the other terms and conditions of the award, consistent with the requirements of the LTIP.

A stock appreciation right gives a participant the right to receive the appreciation in the fair market value of the Company common stock between the date of grant of the award and the date of its exercise. The Company may pay the appreciation either in cash or in shares of common stock. The Compensation Committee may grant stock appreciation rights in tandem with a related stock option or as a freestanding award. A tandem stock appreciation right is exercisable only at the time and to the same extent that the related option is exercisable, and its exercise causes the related option to be canceled. Freestanding stock appreciation rights vest and become exercisable at the times and on

the terms established by the Compensation Committee. Stock appreciation rights are generally nontransferable by the participant other than by will or by the laws of descent and distribution, and are generally exercisable during the participant's lifetime only by the participant. The Company has not granted any stock appreciation rights pursuant to the LTIP.

Restricted Stock Awards. Each restricted stock award granted must be evidenced by a written agreement between the Company and the participant specifying the number of shares subject to the award and the other terms and conditions of the award, consistent with the requirements of the LTIP. Restricted stock awards may be subject to

Table of Contents

vesting conditions based on such service or performance criteria as the Compensation Committee specifies, and the shares acquired may not be transferred by the participant until vested. Unless otherwise provided by the Compensation Committee, a participant will forfeit any shares of restricted stock as to which the restrictions have not lapsed prior to the participant's termination of service. Participants holding restricted stock will have the right to vote the shares and to receive any dividends paid, except that dividends or other distributions paid in shares will be subject to the same restrictions as the original award. The Company has not granted any restricted stock awards pursuant to the LTIP.

Restricted Stock Units. The Compensation Committee may grant restricted stock units which represent a right to receive shares of common stock at a future date determined in accordance with the participant's award agreement. No monetary payment is required for receipt of restricted stock units or the shares issued in settlement of the award, the consideration for which is furnished in the form of the participant's service to the Company. The Compensation Committee may grant restricted stock unit awards subject to the attainment of performance goals similar to those described below in connection with performance shares and performance units, or may make the awards subject to vesting conditions similar to those applicable to restricted stock awards. The Company may pay the fair market value either in cash or in shares of common stock. Participants have no voting rights or rights to receive cash dividends with respect to restricted stock unit awards until shares of stock are issued in settlement of such awards. However, the Compensation Committee may grant restricted stock units that entitle a participant to receive dividend equivalents, which are rights to receive additional restricted stock units for a number of shares whose value is equal to any cash dividends paid with respect to common stock.

Performance-Based Compensation. Performance units and performance shares may also be granted under the LTIP. Performance units and performance shares are awards that will result in a payment to a participant only if performance goals established by the Compensation Committee are achieved or the awards otherwise vest. As described below, the Compensation Committee will establish organizational or individual performance goals in its discretion within the parameters of the LTIP, which, depending on the extent to which they are met, will determine the degree of granting, vesting and/or payout value of performance units and performance shares. Performance units will have an initial dollar value established by the Compensation Committee on or before the grant date. Performance shares will have an initial value equal to the fair market value of common stock on the grant date. The LTIP provides specific measures from which the Compensation Committee may base performance goals. Specifically, performance goals to be used for awards shall be chosen from one or more of the following measures: revenue, gross margin, operating margin, operating income, pre-tax profit, pre-tax margin, earnings before interest, taxes, depreciation and amortization, net income, cash flow, operating expenses, the market price of the Company's common stock, earnings per share, earnings yield, earnings yield spread, gross and net client asset growth, gross and net account growth, total stockholder return, return on capital, return on assets, product quality, economic value added, number of customers, market share, return on investments, profit after taxes, customer satisfaction, business divestitures and acquisitions, supplier awards from significant customers, new product development, working capital, individual objectives, time to market, return on net assets, and sales.

Prior to the beginning of any applicable performance period or such later date as permitted under Section 162(m), the Compensation Committee will establish one or more performance goals applicable to the award. The target levels with respect to these performance measures may be expressed on an absolute basis or relative to a standard specified by the Compensation Committee. The degree of attainment of performance measures will, according to criteria established by the Compensation Committee, be computed before the effect of changes in accounting standards, restructuring charges and similar extraordinary items occurring after the establishment of the performance goals applicable to a performance award.

Following completion of the applicable performance period, the Compensation Committee will certify in writing the extent to which the applicable performance goals have been attained and the resulting value to be paid to the participant. The Compensation Committee retains the discretion to eliminate or reduce, but not increase, the amount

that would otherwise be payable to the participant on the basis of the performance goals attained. However, no such reduction may increase the amount paid to any other participant. Performance award payments may be made in lump sum or in installments. If any payment is to be made on a deferred basis, the Compensation Committee may provide for the payment of dividend equivalents or interest during the deferral period.

Table of Contents

No performance award may be sold or transferred other than by will or the laws of descent and distribution prior to the end of the applicable performance period. The Company reserves the right to grant awards that do not qualify for the Section 162(m) performance-based exception under Section 162(m).

Individual Award Limitations. As amended and restated, the LTIP contains annual grant limits intended to satisfy Section 162(m). Specifically, the maximum number of shares which could be issued to any one individual in any fiscal year (1) pursuant to options and/or stock appreciation rights is limited to 4,000,000 shares, (2) pursuant to restricted stock, restricted stock units or performance shares is limited to 2,000,000 shares, and (3) the maximum which could be issued to any one individual in any fiscal year pursuant to the grant of performance units is \$6,000,000. In addition, an individual may be granted options or stock appreciation rights to purchase up to an additional 2,000,000 shares of stock in connection with his or her initial hiring with the Company.

The Compensation Committee may adjust the limitations on annual grants to individuals or in connection with an individual's initial hiring, as well as any performance conditions relating to shares and any other conditions of outstanding awards, in the event of any adjustment to common stock discussed above.

Effect of a Change in Control. The LTIP provides that in the event of a change in control of the Company after the date the stockholders approve this amendment and restatement, the successor corporation will assume, substitute an equivalent award, or replace with a cash incentive program each outstanding award that is granted under the LTIP after the date the stockholders approve this amendment and restatement. If there is no assumption, substitution or replacement with a cash incentive program of outstanding awards granted after the date the stockholders approve this amendment and restatement, such awards will become fully vested and exercisable immediately prior to the change in control, and the Company will provide notice to the recipient that he or she has the right to exercise such outstanding awards for a period of 15 days from the date of the notice. The awards will terminate upon the expiration of the 15-day period.

Termination or Amendment. The LTIP will continue in effect until the first to occur of (1) its termination by the Compensation Committee, or (2) the date on which all shares available for issuance have been issued and all restrictions on such shares have lapsed. However, no incentive stock option may be granted on or after January 19, 2016. The Compensation Committee may terminate or amend the LTIP at any time, provided that no amendment may be made without stockholder approval if (1) the Compensation Committee deems such approval necessary for compliance with any applicable tax or securities law or other regulatory requirements, including the requirements of any stock exchange or market system on which the common stock of the Company is then listed or (2) the amendment purports to reprice stock options or stock appreciation rights. No termination or amendment may affect any outstanding award unless expressly provided by the Compensation Committee, and, in any event, may not adversely affect an outstanding award without the consent of the participant unless necessary to comply with any applicable law, regulation or rule.

Summary of U.S. Federal Income Tax Consequences

The following summary is intended only as a general guide to the U.S. federal income tax consequences of participation in the LTIP and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances.

Incentive Stock Options. An optionee recognizes no taxable income for regular income tax purposes as a result of the grant or exercise of an incentive stock option qualifying under Section 422 of the Code. Optionees who do not dispose of their shares within two years following the date the option was granted or within one year following the exercise of the option will normally recognize a capital gain or loss equal to the difference, if any, between the sale price and the purchase price of the shares. If an optionee satisfies such holding periods upon a sale of the shares, the Company will

not be entitled to any deduction for federal income tax purposes. If an optionee disposes of shares within two years after the date of grant or within one year after the date of exercise (a disqualifying disposition), the difference between the fair market value of the shares on the determination date (see discussion under Nonstatutory Stock Options below) and the option exercise price (not to exceed the gain realized on the sale if the disposition is a transaction with respect to which a loss, if sustained, would be recognized) will be taxed as ordinary income at the time of disposition. Any gain in excess of that amount will be a capital gain. If a loss is recognized, there will be no ordinary income, and such loss will be a capital loss. Any ordinary income

Table of Contents

recognized by the optionee upon the disqualifying disposition of the shares generally should be deductible by the Company for federal income tax purposes, except to the extent such deduction is limited by applicable provisions of the Code.

The difference between the option exercise price and the fair market value of the shares on the determination date of an incentive stock option (see discussion under *Nonstatutory Stock Options* below) is treated as an adjustment in computing the optionee's alternative minimum taxable income and may be subject to an alternative minimum tax which is paid if such tax exceeds the regular tax for the year. Special rules may apply with respect to certain subsequent sales of the shares in a disqualifying disposition, certain basis adjustments for purposes of computing the alternative minimum taxable income on a subsequent sale of the shares and certain tax credits which may arise with respect to optionees subject to the alternative minimum tax.

Nonstatutory Stock Options. Options not designated or qualifying as incentive stock options will be nonstatutory stock options having no special tax status. An optionee generally recognizes no taxable income as the result of the grant of such an option. Upon exercise of a nonstatutory stock option, the optionee normally recognizes ordinary income in the amount of the difference between the option exercise price and the fair market value of the shares on the determination date (as defined below). If the optionee is an employee, such ordinary income generally is subject to withholding of income and employment taxes. The *determination date* is the date on which the option is exercised unless the shares are subject to a substantial risk of forfeiture (as in the case where an optionee is permitted to exercise an unvested option and receive unvested shares which, until they vest, are subject to the Company's right to repurchase them at the original exercise price upon the optionee's termination of service) and are not transferable, in which case the determination date is the earlier of (1) the date on which the shares become transferable or (2) the date on which the shares are no longer subject to a substantial risk of forfeiture. If the determination date is after the exercise date, the optionee may elect, pursuant to Section 83(b) of the Code, to have the exercise date be the determination date by filing an election with the Internal Revenue Service no later than 30 days after the date the option is exercised. Upon the sale of stock acquired by the exercise of a nonstatutory stock option, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss. No tax deduction is available to the Company with respect to the grant of a nonstatutory stock option or the sale of the stock acquired pursuant to such grant. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the optionee as a result of the exercise of a nonstatutory stock option, except to the extent such deduction is limited by applicable provisions of the Code.

Stock Appreciation Rights. In general, no taxable income is reportable when a stock appreciation right is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares of our common stock received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock Awards. A participant acquiring restricted stock generally will recognize ordinary income equal to the fair market value of the shares on the *determination date* (as defined above under *Nonstatutory Stock Options*). If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. If the determination date is after the date on which the participant acquires the shares, the participant may elect, pursuant to Section 83(b) of the Code, to have the date of acquisition be the determination date by filing an election with the Internal Revenue Service no later than 30 days after the date the shares are acquired. Upon the sale of shares acquired pursuant to a restricted stock award, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Restricted Stock Unit Awards. There are no immediate tax consequences of receiving an award of restricted stock units. A participant who is awarded restricted stock units will be required to recognize ordinary income in an amount equal to the fair market value of shares issued to such participant at the end of the applicable vesting period or, if later, the settlement date elected by the Compensation Committee or a participant. Any additional gain or loss recognized upon any later disposition of any shares received would be capital gain or loss. The Company generally

Table of Contents

should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Performance Shares and Performance Unit Awards. A participant generally will recognize no income upon the grant of a performance share or a performance unit award. Upon the settlement of such awards, participants normally will recognize ordinary income in the year of receipt in an amount equal to the cash received and the fair market value of any cash or nonrestricted shares received. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. If the participant receives shares of stock, the participant generally will be taxed in the same manner as described above (see discussion under *Restricted Stock Awards*). Upon the sale of any shares received, any gain or loss, based on the difference between the sale price and the fair market value on the determination date (as defined above under *Nonstatutory Stock Options*), will be taxed as capital gain or loss. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

APPENDIX A

**TD AMERITRADE HOLDING CORPORATION
Audit Committee Charter
November 9, 2009**

Introduction

Primary responsibility for TD AMERITRADE Holding Corporation (the Corporation) accounting and financial reporting lies with senior management, with oversight by the Board of Directors. To help the Board of Directors carry out this oversight responsibility, an Audit Committee (the Committee) has been established.

The Committee will be comprised entirely of independent directors as defined under applicable statutes, rules and regulations. The members of the Committee shall be appointed by the Board and shall serve until their successors are duly appointed. The size of the Committee shall be determined by the Board subject to a minimum requirement of three directors. A Chair will be appointed by the Board. The Committee may from time to time delegate to its Chair certain powers or responsibilities that the Committee itself may have hereunder. Members of the Committee must have broker/dealer or financial or management expertise, and at least one must be a financial expert as defined under applicable statutes, rules and regulations. A financial expert will be formally designated by the Board. Committee members will periodically be provided with educational materials or other opportunities for development to enhance their familiarity with financial, accounting and other areas relevant to their responsibilities.

The Committee is authorized to engage independent legal counsel and other advisers as the Committee determines necessary to carry out its responsibilities. The Committee will be provided with appropriate funding by the Corporation as the Committee determines necessary to carry out its responsibilities, including the compensation of the registered public accounting firm (RPA) employed by the Corporation to provide auditing services, render an audit report and perform related work, and to engage such advisers as the Committee may determine are necessary from time to time. The Committee has the authority to conduct any investigation and access any officer, employee or agent of the Corporation appropriate to fulfilling its responsibilities, including the RPA.

The Committee will meet on at least a quarterly basis and will hold special meetings as circumstances require. The Committee may invite to its meetings any director, management and other persons as it deems appropriate in order to carry out its responsibilities. The Committee may also exclude from its meetings any persons it deems appropriate in order to carry out its responsibilities.

The responsibilities of the Committee shall be in the following areas:

1. Oversee the Corporation's internal accounting, operational controls, and risk management program, including assessment of strategic, financial, operational and compliance risk management.
2. Appoint the RPA, determine its compensation, oversee its work and assess its performance on an ongoing basis. Review appointment of the Managing Director Corporate Audit and assess his or her performance on an ongoing basis.

3. Review the Corporation's financial statements, review the RPA's audit findings, review Corporate Audit's audit findings, and oversee the financial and regulatory reporting processes.
4. Perform other oversight functions as requested by the Board of Directors.
5. Report activities performed to the Board of Directors.

It is not the responsibility of the Committee to plan or conduct audits, or to determine that the Corporation's financial statements are complete, accurate and in accordance with GAAP.

3.5. *No Repricing.* Notwithstanding anything in the Plan to the contrary, without the affirmative vote of holders of a majority of the shares of Stock cast in person or by proxy at a meeting of the stockholders of the Company at which a quorum representing a majority of all outstanding shares of Stock is present or represented by proxy, the Administrator shall not approve a program providing for either (a) the cancellation of outstanding Options and/or SARs and the grant in substitution therefore of any new Awards, including specifically, without limitation, any new Options and/or SARs having a lower exercise price or (b) the amendment of outstanding Options and/or SARs to reduce the exercise price thereof. This Section 3.5 shall not be construed to apply to issuing or assuming a stock option in a transaction to which Section 424(a) applies within the meaning of Section 424 of the Code.

3.6. *Indemnification.* In addition to such other rights of indemnification as they may have as members of the Board, Officers or Employees of the Company, members of the Board and any Officers or Employees of the Company to whom authority to act for the Board or the Company is delegated shall be indemnified by the Company against all reasonable expenses, including attorneys' fees, actually and necessarily incurred in connection with the defense of any action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan, or any right granted hereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by

independent legal counsel selected by the Company) or paid by them in satisfaction of a judgment in any such action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such action, suit or proceeding that such person is liable for gross negligence, bad faith or intentional misconduct in duties; provided, however, that within sixty (60) days after the institution of such action, suit or proceeding, such person shall offer to the Company, in writing, the opportunity at its own expense to handle and defend the same.

4. *Participation.* Subject to the terms and conditions of the Plan, the Administrator shall determine and designate, from time to time, from among the Service Providers those who will be granted one or more Awards under the Plan. In the discretion of the Administrator, and subject to the terms of the Plan, a Service Provider may be granted any Award permitted under the provisions of the Plan, and more than one Award may be granted to a Service Provider. Except as otherwise agreed by the Administrator and the Participant, or except as otherwise provided in the Plan, an Award under the Plan shall not affect any previous Award under the Plan or an award under any other plan maintained by the Company.

5. Shares Subject to the Plan.

5.1. *Number of Shares Reserved.* The shares of Stock with respect to which Awards may be made under the Plan shall be shares currently authorized but unissued or currently held or subsequently acquired by the Company as treasury shares, including shares purchased in the open market or in private transactions. Subject to the provisions of subsection 5.4, the number of shares of Stock which may be issued with respect to Awards under the Plan shall not exceed 39,000,000 shares in the aggregate.

5.2. *Reusage of Shares.*

(a) In the event of the exercise or termination (by reason of forfeiture, expiration, cancellation, surrender or otherwise) of any Award under the Plan, that number of shares of Stock that was subject to the Award but not delivered shall again be available for Awards under the Plan.

(b) In the event that shares of Stock are delivered under the Plan as Restricted Stock or Restricted Stock Units and are thereafter forfeited or reacquired by the Company pursuant to rights reserved in the Award Agreement, such forfeited or reacquired shares of Stock shall again be available for Awards under the Plan.

(c) Notwithstanding the provisions of Sections 5.2(a) or (b), the following shares of Stock shall not be available for reissuance under the Plan: (i) shares of Stock with respect to which the Participant has received the benefits of ownership (other than voting rights), either in the form of dividends or otherwise; (ii) shares of Stock which are withheld from any Award or payment under the Plan to satisfy tax withholding obligations; (iii) shares of Stock which are surrendered to fulfill tax obligations; (iv) shares of Stock which are surrendered in payment of the Option Price upon the exercise of an Option; and (v) shares of Stock subject to the grant of SAR which are not issued upon settlement of the SAR.

5.3. *Adjustments to Shares Reserved.* In the event of any merger, consolidation, reorganization, recapitalization, spinoff, stock dividend, stock split, reverse stock split, exchange or other distribution with respect to shares of Stock or other change in the corporate structure or capitalization affecting the Stock, the type and number of shares of stock which are or may be subject to awards under the Plan and the terms of any Awards (including the price at which shares of stock may be issued pursuant to an Award) shall be equitably adjusted by the Administrator, in its sole discretion, to preserve the value of benefits awarded or to be awarded to Participants under the Plan.

5.4. *Individual Limits on Awards.* Notwithstanding any other provision of the Plan to the contrary, the following limitations shall apply to Awards under the Plan:

(a) No Service Provider shall be granted, in any fiscal year of the Company (1) an Option or SAR to purchase more than 4,000,000 Shares, (2) Restricted Stock or Restricted Stock Units covering more than 2,000,000 Shares, (3) Performance Shares covering more than 2,000,000 Shares or (4) Performance Units which could result in such Service Provider receiving more than \$6,000,000.

(b) In connection with her or her initial employment and/or service with the Company, a Service Provider may be granted Options or SARs to purchase up to an additional 2,000,000 Shares, which shall not count against the limit set forth in subsection (a) above.

Table of Contents

(c) The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 5.3.

(d) If an Award is cancelled in the same fiscal year of the Company in which it was granted (other than in connection with a Change in Control), the cancelled Award will also be counted against the limits set forth in subsections (a) and (b) above.

(e) The determination made under this Section 5.4 shall be based on the shares subject to the Awards at the time of grant, regardless of when the Awards become exercisable and/or are settled.

6. Options.

6.1. *Term of Option.* The term of each Option will be stated in the Award Agreement. In the case of an Incentive Stock Option, the term will be ten (10) years from the date of grant or such shorter term as may be provided in the Award Agreement. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time of the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or a Related Entity, the term of the Incentive Stock Option will be five (5) years from the date of grant or such shorter term as may be provided in the Award Agreement.

6.2. *Restrictions Relating to Incentive Stock Options.* To the extent that the aggregate fair market value of Stock with respect to which Incentive Stock Options are exercisable for the first time by any individual during any calendar year (under all plans of the Company) exceeds \$100,000, such options shall be treated as Non-Qualified Stock Options, to the extent required by Section 422 of the Code.

6.3. *Option Price.* The Option Price shall be established by the Administrator or shall be determined by a method established by the Administrator at the time the Option is granted; provided, however, that in no event shall such price be less than 100% of the Fair Market Value of a share of Stock as of the date on which the Option is granted. Notwithstanding the foregoing, any Incentive Stock Option granted to an Employee who, at the time of grant, owns Stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or a Related Entity, the Option Price will be no less than 110% of the Fair Market Value on the date of grant.

6.4. *Waiting Period and Exercise Dates.* At the time an Option is granted, the Committee will fix the period within which the Option may be exercised and will determine any conditions that must be satisfied before the Option may be exercised. The Administrator, in its discretion, may impose such restrictions on shares of Stock acquired pursuant to the exercise of an Option (including stock acquired pursuant to the exercise of a tandem Stock Appreciation Right) as it determines to be desirable, including, without limitation, restrictions relating to disposition of the shares and forfeiture restrictions based on service, performance, Stock ownership by the Participant, and such other factors as the Administrator determines to be appropriate.

6.5. *Form of Consideration.* The Committee will determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Committee will determine the acceptable form of consideration at the time of grant. Such consideration to the extent permitted by Applicable Laws may consist entirely of: (a) cash; (b) check; (c) other shares of Stock which meet the conditions established by the Committee to avoid any adverse financial accounting consequences (as determined solely by the Committee); (d) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan; (e) consideration received by the Company under a net exercise program implemented by the Company in connection with the Plan, (f) any combination of the foregoing methods of payment; or (g) such other consideration and method of payment for the issuance of shares of Stock to the extent permitted by Applicable Laws.

6.6. Exercise of Option.

(a) Procedure for Exercise; Rights as a Stockholder. Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Committee and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

Page B-8

Table of Contents

An Option will be deemed exercised when the Company receives: (x) written or electronic notice of exercise (in accordance with the Award Agreement) from the person entitled to exercise the Option, and (y) full payment for the Shares with respect to which the Option is exercised (together with any applicable withholding taxes). Full payment may consist of any consideration and method of payment authorized by the Committee and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the shares of Stock underlying such Option, notwithstanding the exercise of the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in the applicable Award Agreement.

Exercising an Option in any manner will decrease the number of Shares thereafter available for sale under the Option, by the number of Shares as to which the Option is exercised. In addition, the exercise of an Option will result in the surrender of the corresponding rights under a tandem Stock Appreciation Right, if any.

(b) Termination of Service Provider Relationship. If a Participant ceases to be a Service Provider, other than upon the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, and except to the extent terminated earlier pursuant to the Award Agreement, the Option will remain exercisable for three (3) months following the Participant's termination. Unless otherwise provided by the Committee, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified by the Committee, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(c) Disability of Participant. If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following the Participant's termination as a result of Disability. Unless otherwise provided by the Committee, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(d) Death of Participant. If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Committee. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following Participant's death. Unless otherwise provided by the Committee, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan. If the Option is not so exercised within the time specified herein, the

Option will terminate, and the Shares covered by such Option will revert to the Plan.

6.7. Reload Provision. In the event the Participant exercises an Option that was granted on or prior to the 2006 Restatement Date and pays all or a portion of the Option Price in Stock, such Participant (either pursuant to the terms of the Option Award, or pursuant to the exercise of Committee discretion at the time the Option is exercised)

Table of Contents

may be issued a new Option to purchase additional shares of Stock equal to the number of shares of Stock surrendered to the Company in such payment. Such new Option shall have an exercise price equal to the Fair Market Value per share on the date such new Option is granted, shall first be exercisable six months from the date of grant of the new Option and shall expire on the same date as the expiration date of the original Option so exercised by payment of the Option Price in shares of Stock. Options granted after the 2006 Restatement Date will not be subject to this reload provision in this Section 6.7.

7. Stock Appreciation Rights.

7.1. Types of SARs Authorized. SARs may be granted in tandem with all or any portion of a related Option or may be granted independently of any Option.

7.2. Exercise Price and Other Terms. The Administrator, subject to the provisions of the plan, will have complete discretion to determine the terms and conditions of each SAR granted under the Plan; provided, however, that (a) the exercise price per share subject to a tandem SAR shall be the exercise price per share under the related Option and (b) the exercise price per share subject to an independently granted SAR shall not be less than the Fair Market Value of a share of Stock on the effective date of grant of the SAR.

7.3. Exercise. If a SAR is not in tandem with an Option, then the SAR shall be exercisable in accordance with the terms established by the Administrator at the time of grant and set forth in the Award Agreement. If a SAR is granted in tandem with an Option, then the SAR shall be exercisable at the time the tandem Option is exercisable. The exercise of a tandem SAR will result in the surrender of the corresponding rights under the related Option.

7.4. Settlement of Award. Upon the exercise of a SAR, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying: (a) the difference between the Fair Market Value of a Share on the date of exercise over the exercise price; times (b) the number of shares of Stock with respect to which the SAR is exercised. At the discretion of the Administrator, the payment upon SAR exercise may be in cash, in shares of Stock of equivalent value, or in some combination thereof.

7.5. Terms and Expiration of SARs. The Administrator, in its discretion, may impose such restrictions on shares of Stock acquired pursuant to the exercise of a SAR as it determines to be desirable, including, without limitation, restrictions relating to disposition of the shares and forfeiture restrictions based on service, performance, ownership of Stock by the Participant, and such other factors as the Administrator determines to be appropriate. Each SAR grant under the Plan will expire upon the date determined by the Administrator, in its sole discretion, and set forth in the Award Agreement. Notwithstanding the foregoing, the requirements of Section 6.6 also will apply to SARs.

8. Restricted Stock.

8.1. Grant of Restricted Stock. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Restricted Stock to Service Providers in such amounts as the Committee, in its sole discretion, will determine.

8.2. Restricted Stock Agreement. Each Award of Restricted Stock will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the Committee, in its sole discretion, will determine. Unless the Committee determines otherwise, Restricted Stock will be held by the Company as escrow agent until the restrictions on such Shares have lapsed.

8.3. Other Restrictions. The Committee, in its sole discretion, may impose such other restrictions on Restricted Stock as it may deem advisable or appropriate, including granting such an Award of Restricted Stock subject to Performance

Goals or to the requirements of Section 12.

8.4. Removal of Restrictions. Except as otherwise provided in the Plan or the applicable Award Agreement, Shares of Restricted Stock covered by each Restricted Stock grant made under the Plan will be released from escrow as soon as practicable after the last day of the Period of Restriction. The Committee, in its discretion, may accelerate the time at which any restrictions will lapse or be removed.

Page B-10

Table of Contents

8.5. Voting Rights. During the Period of Restriction, Service Providers holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares, unless the Committee determines otherwise and as set forth in the Award Agreement.

8.6. Dividend Rights. During the Period of Restriction, Service Providers holding Shares of Restricted Stock may be entitled to Dividend Rights with respect to such Shares to the extent provided in the Award Agreement. If any such Dividend Rights are paid in shares of Stock, the shares of Stock will be subject to the same restrictions on transferability and forfeitability as the Restricted Stock with respect to which they were paid. Dividend Rights shall be settled in cash or in shares of Stock, as determined by the Administrator, shall be payable at the time and in the form determined by the Administrator, and shall be subject to such other terms and conditions as the Administrator may determine.

8.7. Return of Restricted Stock to Company. On the date set forth in the Award Agreement, the Restricted Stock for which restrictions have not lapsed will revert to the Company and again will become available for grant under the Plan.

9. Restricted Stock Units.

9.1. Grant of Restricted Stock Units. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Restricted Stock Units to Service Providers in such amounts as the Committee, in its sole discretion, will determine.

9.2. Restricted Stock Unit Agreement. Each Award of Restricted Stock Units will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares to be issued in settlement of the Award, and such other terms and conditions as the Committee, in its sole discretion, will determine.

9.3. Other Restrictions. The Committee, in its sole discretion, may impose such other restrictions on Restricted Stock Units as it may deem advisable or appropriate, including granting such an Award of Restricted Stock Units subject to Performance Goals or to the requirements of Section 12.

9.4. Settlement of Restricted Stock Units. At the time of grant of any Restricted Stock Unit, the Committee will specify the settlement date applicable to each grant of Restricted Stock Units which will be no earlier than the vesting date or dates of the Award and may be determined at the election of the Participant. On the settlement date, the Company will transfer to the Participant either (a) one share of Stock or (ii) cash equal to the value of one such share of Stock for each Restricted Stock Unit scheduled to be paid out on such date and which was not previously forfeited.

9.5. Voting Rights. Service Providers holding Restricted Stock Units will not have any right to exercise voting rights with respect to the shares of Stock underlying such Restricted Stock Unit.

9.6. Dividend Rights. During the Period of Restriction, Service Providers holding Shares of Restricted Stock Units may be entitled to Dividend Rights with respect to such Shares to the extent and in the manner provided in the Award Agreement. Dividend Rights shall be settled in cash or in shares of Stock, as determined by the Administrator, shall be payable at the time and in the form determined by the Administrator, and shall be subject to such other terms and conditions as the Administrator may determine.

9.7. Return of Restricted Stock Units to Company. On the date set forth in the Award Agreement, the Restricted Stock Units for which restrictions have not lapsed, and for which shares of Stock have not been issued in settlement of the Award, will revert to the Company and again will become available for grant under the Plan.

10. Performance Units and Performance Shares.

10.1. *Grant of Performance Units/Shares.* Subject to the terms and conditions of the Plan, Performance Units and Performance Shares may be granted to Service Providers at any time and from time to time, as will be determined by the Administrator, in its sole discretion. The Administrator will have complete discretion in determining the number of Performance Units and Performance Shares granted to each Participant.

Table of Contents

10.2. Value of Performance Units/Shares. Each Performance Unit will have an initial value that is established by the Administrator on or before the date of grant. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant.

10.3. Performance Objectives and Other Terms. The Administrator will set performance objectives or other vesting provisions (including, without limitation, continued status as a Participant) in its discretion which, depending on the extent to which they are met, will determine the number or value of Performance Units/Shares that will be paid out to the Participants. The time period during which the performance objectives must be met will be called the Performance Period. Each Award of Performance Units/Shares will be evidenced by an Award Agreement that will specify the Performance Period, and such other terms and conditions as the Administrator, in its sole discretion, will determine. The Administrator may set Performance Goals based upon the achievement of Company-wide, divisional, or individual goals, applicable federal or state securities laws, or any other basis determined by the Administrator in its discretion.

10.4. Earning of Performance Units/Shares. After the applicable Performance Period has ended, the holder of Performance Units/Shares will be entitled to receive a payout of the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives have been achieved. After the grant of a Performance Unit/Share, the Administrator, in its sole discretion, may reduce or waive any performance objectives for such Performance Unit/Share.

10.5. Form and Timing of Payment of Performance Units/Shares. Payment of earned Performance Units/Shares will be made as soon after the expiration of the applicable Performance Period at the time determined by the Administrator. The Administrator, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period) or in a combination thereof.

10.6. Cancellation of Performance Units/Shares. On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares will be forfeited to the Company, and again will be available for grant under the Plan.

11. Replacement Awards. Each holder of an Award related to the common stock of Old Ameritrade which was granted pursuant to the Plan prior to the Assumption Date and which was outstanding as of the Assumption Date after giving effect to the transactions contemplated by the Merger Agreement (the Existing Awards), will, as of the Assumption Date, be automatically granted a Replacement Award under the Plan and the Existing Awards shall be cancelled in exchange for the Replacement Awards. The number of shares of Stock and, if applicable, the Option Price per share of Stock, subject to a Replacement Award shall be equal to the same number of shares of common stock of Old Ameritrade and, if applicable, the same Option Price per share, subject to corresponding Existing Award. Except as provided in the preceding sentence, the Replacement Awards granted pursuant to this Section 11 shall be subject to the same terms and conditions as the corresponding Existing Awards.

12. Terms and Conditions of Any Performance-Based Award.

12.1. Purpose. The purpose of this Section 12 is to provide the Committee the ability to qualify Awards (other than Options and SARs) that are granted pursuant to the Plan as qualified performance-based compensation under Section 162(m) of the Code. If the Committee, in its discretion, decides to grant a Performance-Based Award subject to Performance Goals to a Covered Employee, the provisions of this Section 12 will control over any contrary provision in the Plan; provided, however, that the Committee may in its discretion grant Awards to such Covered Employees that are based on Performance Goals or other specific criteria or goals but that do not satisfy the requirements of this Section 12.

12.2. *Applicability.* This Section 12 will apply to those Covered Employees which are selected by the Committee to receive any Award subject to Performance Goals. The designation of a Covered Employee as being subject to Section 162(m) of the Code will not in any manner entitle the Covered Employee to receive an Award under the Plan. Moreover, designation of a Covered Employee subject to Section 162(m) of the Code for a particular Performance Period will not require designation of such Covered Employee in any subsequent Performance Period

Table of Contents

and designation of one Covered Employee will not require designation of any other Covered Employee in such period or in any other period.

12.3. *Procedures with Respect to Performance Based Awards.* To the extent necessary to comply with the performance-based compensation of Section 162(m) of the Code, with respect to any Award granted subject to Performance Goals, no later than ninety (90) days following the commencement of any fiscal year in question or any other designated period of time or period of service (or such other time as may be required or permitted by Section 162(m)), the Committee will, in writing, (a) designate one or more Participants who are Covered Employees, (b) select the Performance Goals applicable to the Performance Period, (c) establish the Performance Goals, and amounts of such Awards, as applicable, which may be earned for such Performance Period, and (d) specify the relationship between Performance Goals and the amounts of such Awards, as applicable, to be earned by each Covered Employee for such Performance Period. Following the completion of each Performance Period, the Committee will certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. In determining the amounts earned by a Covered Employee, the Committee will have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Committee may deem relevant to the assessment of individual or corporate performance for the Performance Period. Unless specifically provided otherwise by the Committee when establishing any Performance Goal, and only to the extent applicable to each particular Performance Goal, such Performance Goals shall be automatically adjusted to (a) the reflect the impact of any change in accounting standards that may be required by the Financial Accounting Standards Board after the adoption of the Performance Goal and (b) reflect the impact of any restatement of the Company's financial statements as result of such a change in the accounting standards.

12.4. *Payment of Performance Based Awards.* Unless otherwise provided in the applicable Award Agreement, a Covered Employee must be employed by the Company or a Related Entity on the day a Performance-Based Award for such Performance Period is paid to the Covered Employee. Furthermore, a Covered Employee will be eligible to receive payment pursuant to a Performance-Based Award for a Performance Period only if the Performance Goals for such period are achieved.

12.5. *Additional Limitations.* Notwithstanding any other provision of the Plan, any Award which is granted to a Covered Employee and is intended to constitute qualified performance based compensation under Section 162(m) of the Code will be subject to any additional limitations set forth in the Code (including any amendment to Section 162(m)) or any regulations and ruling issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m) of the Code, and the Plan will be deemed amended to the extent necessary to conform to such requirements.

13. Change in Control.

13.1. *Options and SARs.* In the event of a Change in Control, an outstanding Option or SAR that was granted on or after the 2006 Restatement Date may be (i) assumed or substituted with an equivalent option or SAR of the successor corporation or a Parent or Subsidiary of the successor corporation, (ii) replaced with a cash incentive program of the successor corporation or a Parent or Subsidiary of the successor corporation, or (iii) terminated. Unless determined otherwise by the Committee, in the event that the successor corporation does not assume, substitute or replace a Participant's Option or SAR that was granted on or after the 2006 Restatement Date, the Participant shall, immediately prior to the Change in Control, fully vest in and have the right to exercise such Option or SAR that was granted on or after the 2006 Restatement Date and which is not assumed, substituted or replaced as to all of the Stock underlying the Award, including Shares as to which it would not otherwise be vested or exercisable. If an Option or SAR that was granted on or after the 2006 Restatement Date is not assumed, substituted or replaced in the event of a Change in Control, the Committee shall notify the Participant in writing or electronically that the Option or SAR that was granted on or after the 2006 Restatement Date shall be exercisable, to the extent vested, for a period of up to fifteen

(15) days from the date of such notice, and the Option or SAR that was granted on or after the 2006 Restatement Date shall terminate upon the expiration of such period. For the purposes of this paragraph, the Option or SAR that was granted on or after the 2006 Restatement Date shall be considered assumed if, following the Change in Control, the option or stock appreciation right confers the right to purchase or receive, for each Share of Stock subject to such Option or SAR immediately prior to the Change in Control, the

Table of Contents

consideration (whether stock, cash, or other securities or property) received in the Change in Control by holders of Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the successor corporation or its Parent, the Committee may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option or SAR that was granted on or after the 2006 Restatement Date, for each Share of Stock subject to the Option or SAR that was granted on or after the 2006 Restatement Date, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Stock in the Change in Control. Notwithstanding anything herein to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more Performance Goals will not be considered assumed if the Company or its successor modifies any of such Performance Goals without the Participant's consent; provided, however, a modification to such Performance Goals only to reflect the successor corporation's post-merger or post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

13.2. Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units. In the event of a Change in Control, an outstanding Award of Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit that was granted on or after the 2006 Restatement Date may be (i) assumed or substituted with an equivalent restricted stock, restricted stock unit, performance share or performance unit award of the successor corporation or a Parent or Subsidiary of the successor corporation, (ii) replaced with a cash incentive program of the successor corporation or a Parent or Subsidiary of the successor corporation, or (iii) terminated. Unless determined otherwise by the Committee, in the event that the successor corporation refuses to assume, substitute or replace a Participant's Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit that was granted on or after the 2006 Restatement Date, the Participant shall, immediately prior to the Change in Control, fully vest in such Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit that was granted on or after the 2006 Restatement Date including as to Shares which would not otherwise be vested. For the purposes of this paragraph, a Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit award that was granted on or after the 2006 Restatement Date shall be considered assumed if, following the Change in Control, the award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the Change in Control, the consideration (whether stock, cash, or other securities or property) received in the Change in Control by holders of Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the successor corporation or its Parent, the Committee may, with the consent of the successor corporation, provide for the consideration to be received, for each Share and each unit/right to acquire a Share subject to the Award, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Stock in the Change in Control. Notwithstanding anything herein to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more Performance Goals will not be considered assumed if the Company or its successor modifies any of such Performance Goals without the Participant's consent; provided, however, a modification to such Performance Goals only to reflect the successor corporation's post-merger or post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

14. Miscellaneous.

14.1. Limit on Distribution. Distribution of shares of Stock or other amounts under the Plan shall be subject to the following:

(a) Notwithstanding any other provision of the Plan, the Company shall have no liability to deliver any shares of Stock under the Plan or make any other distribution of benefits under the Plan unless such delivery or distribution would

comply with all applicable laws and the applicable requirements of any securities exchange or similar entity.

(b) In the case of a Participant who is subject to Section 16(a) and 16(b) of the Exchange Act, the Administrator may, at any time, add such conditions and limitations to any Award to such Participant, or any

feature of any such Award, as the Administrator, in its sole discretion, deems necessary or desirable to comply with Section 16(a) or 16(b) of the Exchange Act and the rules and regulations thereunder or to obtain any exemption therefrom.

(c) To the extent that the Plan provides for issuance of certificates to reflect the transfer of shares of Stock, the transfer of such shares may be effected on a non-certificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

14.2. Withholding. All Awards and other payments under the Plan are subject to withholding of all applicable taxes, which withholding obligations may be satisfied, with the consent of the Administrator, through the surrender of shares of Stock which the Participant already owns, or to which a Participant is otherwise entitled under the Plan; provided, however, that in no event shall the Fair Market Value of the number of shares withheld from any Award to satisfy tax withholding obligations exceed the amount necessary to meet the required Federal, state and local withholding tax rates then in effect that are applicable to the participant and to the particular transaction.

14.3. Transferability. Awards under the Plan are not transferable except as designated by a Participant by will or by the laws of descent and distribution. To the extent that the Participant who receives an Award under the Plan has the right to exercise such Award, the Award may be exercised during the lifetime of the Participant only by the Participant.

14.4. Notices. Any notice or document required to be filed with the Administrator under the Plan will be properly filed if delivered or mailed by registered mail, postage prepaid, to the Administrator, in care of the Company, at its principal executive offices. The Administrator may, by advance written notice to affected persons, revise such notice procedure from time to time. Any notice required under the Plan (other than a notice of election) may be waived by the person entitled to notice.

14.5. Form and Time of Elections. Unless otherwise specified herein, each election required or permitted to be made by any Participant or other person entitled to benefits under the Plan, and any permitted modification or revocation thereof, shall be in writing filed with the Administrator at such times, in such form, and subject to such restrictions and limitations, not inconsistent with the terms of the Plan, as the Administrator shall require.

14.6. Agreement With Company. At the time of an Award to a Participant under the Plan, the Administrator may require a Participant to enter into an Award Agreement with the Company in a form specified by the Administrator, agreeing to the terms and conditions of the Plan and to such additional terms and conditions, not inconsistent with the Plan, as the Administrator may, in its sole discretion, prescribe.

14.7. Limitation of Implied Rights.

(a) Neither a Participant nor any other person shall, by reason of the Plan, acquire any right in or title to any assets, funds or property of the Company whatsoever, including, without limitation, any specific funds, assets, or other property which the Company, in its sole discretion, may set aside in anticipation of a liability under the Plan. A Participant shall have only a contractual right to the amounts, if any, payable under the Plan, unsecured by any assets of the Company. Nothing contained in the Plan shall constitute a guarantee by the Company that the assets of such companies shall be sufficient to pay any benefits to any person.

(b) The Plan does not constitute a contract of employment, and selection as a Participant will not give any employee the right to be retained in the employ of the Company, nor any right or claim to any benefit under the Plan, unless such right or claim has specifically accrued under the terms of the Plan. Except as otherwise provided in the Plan, no Award under the Plan shall confer upon the holder thereof any right as a shareholder of the Company prior to the date

on which he fulfills all service requirements and other conditions for receipt of such rights.

14.8. *Evidence*. Evidence required of anyone under the Plan may be by certificate, affidavit, document or other information which the person acting on it considers pertinent and reliable, and signed, made or presented by the proper party or parties.

14.9. *Gender and Number*. Where the context admits, words in one gender shall include the other gender, words in the singular shall include the plural and the plural shall include the singular.

14.10. Severability. Notwithstanding any contrary provision of the Plan or an Award to the contrary, if any one or more of the provisions (or any part thereof) of this Plan or the Awards shall be held invalid, illegal or unenforceable in any respect, such provision shall be modified so as to make it valid, legal and enforceable, and the validity, legality and enforceability of the remaining provisions (or any part thereof) of the Plan or Award, as applicable, shall not in any way be affected or impaired thereby.

14.11. Date of Grant. The date of grant of an Award will be, for all purposes, the date on which the Committee makes the determination granting such Award, or such other later date as is determined by the Committee. Notice of the determination will be provided to each Participant within a reasonable time after the date of such grant.

15. Amendment and Termination.

15.1. Amendment and Termination. The Administrator may at any time amend, alter, suspend or terminate the Plan.

15.2. Stockholder Approval. The Company will obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws. Other than pursuant to Section 13, the Company also will obtain stockholder approval before implementing a program to reduce the exercise price of outstanding Options and/or SARs through a repricing or Award exchange.

15.3. Effect of Amendment or Termination. No amendment, alteration, suspension or termination of the Plan will impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Company, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan will not affect the Committee's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.
