TO THE STOCKHOLDERS OF APACHE CORPORATION:

The 2003 annual meeting of stockholders of Apache Corporation, a Delaware corporation, will be held on Thursday, May 1, 2003, at 10:00 a.m. (Houston time), at the Doubletree Hotel at Post Oak, 2001 Post Oak Boulevard, Houston, Texas, for the following purposes:

1. To elect five directors to serve until the Company's annual meeting in 2006; and

## Edgar Filing: APACHE CORP - Form DEF 14A

2. To transact any other business that may properly come before the meeting or any adjournment thereof.

Holders of record of the Company's common stock as of the close of business on March 12, 2003 are entitled to notice of, and to vote at, the annual meeting. The Company's stock transfer books will not be closed. A complete list of stockholders entitled to vote at the annual meeting will be available for examination by any Apache stockholder at 2000 Post Oak Boulevard, Suite 100, Houston, Texas, for purposes relating to the annual meeting, during normal business hours for a period of ten days before the meeting.

It is important that your shares are represented at the meeting. We encourage you to designate the proxies named on the enclosed proxy card to vote your shares on your behalf and per your instructions. This action does not limit your right to vote in person or to attend the meeting.

By order of the Board of Directors

### PROXY STATEMENT

#### GENERAL

This proxy statement contains information about the 2003 annual meeting of stockholders of Apache Corporation. In this proxy statement "Apache" and "the Company" both refer to Apache Corporation. This proxy statement and the enclosed proxy card are being mailed to you by the Company's board of directors starting on or about March 31, 2003.

#### PURPOSE OF THE ANNUAL MEETING

At the Company's annual meeting, stockholders will vote on the election of directors as outlined in the accompanying notice of meeting, and on any other business that properly comes before the meeting. As of the date of this proxy statement, the Company is not aware of any business to come before the meeting other than the election of directors. There are no rights of appraisal or similar rights of dissenters arising from matters to be acted on at the meeting.

#### WHO CAN VOTE

Only stockholders of record holding shares of Apache common stock at the close of business on the record date, March 12, 2003, are entitled to receive notice of the annual meeting and to vote the shares of Apache common stock they held on that date. As of March 12, 2003, there were 153,867,875 shares of Apache common stock issued and outstanding. Holders of Apache common stock are entitled to one vote per share and are not allowed to cumulate votes in the election of directors. The enclosed proxy card shows the number of shares that you are entitled to vote.

Apache currently has outstanding one series of preferred stock -- the 5.68% Cumulative Preferred Stock, Series B (the "Series B Preferred Stock"). The holders of the depositary shares, each representing 1/10th of a share of Series B Preferred Stock, are not entitled to any voting rights, except under certain circumstances relating to non-payment of dividends on the Series B Preferred Stock. As of the date of this proxy statement, all dividend payments on the Series B Preferred Stock were current.

#### HOW TO VOTE

## Edgar Filing: APACHE CORP - Form DEF 14A

If your shares of Apache common stock are held by a broker, bank or other nominee (in "street name"), you will receive instructions from them on how to vote your shares.

If you hold shares of Apache common stock in your own name (as a "stockholder of record"), you may give instructions on how your shares are to be voted by:

- marking, signing, dating and returning the enclosed proxy card in the postage-paid envelope provided.
- using the toll-free telephone number or Internet voting site listed on the enclosed proxy card. Specific directions for using the telephone and Internet voting systems are shown on the proxy card.

1

When using telephone or Internet voting, the systems verify that you are a stockholder through the use of a company number for Apache and a unique control number for you. IF YOU VOTE BY TELEPHONE OR INTERNET, PLEASE DO NOT MAIL THE ENCLOSED PROXY CARD.

Whichever of these methods you use to transmit your instructions, your shares of Apache common stock will be voted as you direct. If you sign and return the enclosed proxy card or otherwise designate the proxies named on the proxy card to vote on your behalf, but do not specify how to vote, your shares will be voted FOR the election of the nominees for director. If other matters of business not presently known are properly raised at the meeting, the proxies will vote on the matters in accordance with their best judgment.

### VOTING 401(k) PLAN SHARES

If you are an employee or former employee participating in the Apache 401(k) Savings Plan and have shares of Apache common stock credited to your plan account as of the record date, such shares are shown on the enclosed proxy card and you have the right to direct the plan trustee regarding how to vote those shares. The trustee for the 401(k) plan is Fidelity Management Trust Company.

The trustee will vote the shares in your plan account in accordance with your instructions. If you do not send instructions (by voting your shares as provided above under "How to Vote") or if your proxy card is not received by April 29, 2003, the shares credited to your account will be voted by the trustee in the same proportion as it votes shares for which it did receive timely instructions.

### REVOKING A PROXY

You may revoke a proxy before it is voted by submitting a new proxy with a later date (by mail, telephone or Internet), by voting at the meeting, or by filing a written revocation with Apache's corporate secretary. Your attendance at the annual meeting will not automatically revoke your proxy.

### QUORUM AND VOTES NEEDED

The presence at the annual meeting, in person or by proxy, of the holders of a majority of the shares of Apache common stock outstanding on the record date will constitute a quorum, permitting the business of the meeting to be conducted. The affirmative vote of a plurality of the votes cast at the annual meeting is required for the election of directors.

### HOW THE VOTES ARE COUNTED

## Edgar Filing: APACHE CORP - Form DEF 14A

Representatives of Wells Fargo Bank Minnesota, N.A. will tabulate the votes and act as inspectors of election. A properly signed proxy marked to "withhold" authority for the election of one or more directors will be counted for quorum purposes but not for voting purposes. If a broker indicates on a proxy that they do not have discretionary authority to vote certain shares of Apache common stock on a matter, those shares will not be considered present and entitled to vote at the meeting.

2

### ELECTION OF DIRECTORS (PROPOSAL NO. 1 ON PROXY CARD)

The Company's bylaws provide that the board of directors shall consist of a minimum of seven and a maximum of 13 directors. The Company's certificate of incorporation provides that, as near as numerically possible, one-third of the directors shall be elected at each annual meeting of stockholders. Unless directors earlier resign or are removed, their terms are for three years, and continue thereafter until their successors are elected and qualify as directors.

The present terms of directors Frederick M. Bohen, George D. Lawrence, Rodman D. Patton, Charles J. Pitman and Jay A. Precourt will expire at the 2003 annual meeting. Mr. Precourt was appointed by the board of directors in February 2003, to succeed Mary Ralph Lowe who resigned from the board effective December 19, 2002, after six years of service.

Mr. Bohen, Mr. Lawrence, Mr. Patton, Mr. Pitman and Mr. Precourt have been recommended by the Company's nominating committee and nominated by the board of directors for election by the stockholders to an additional three-year term. If elected, Mr. Bohen, Mr. Lawrence, Mr. Patton, Mr. Pitman and Mr. Precourt will serve beginning upon election until the annual meeting of stockholders in 2006.

Unless otherwise instructed, all proxies will be voted in favor of these nominees. If one or more of the nominees is unwilling or unable to serve, the proxies will be voted only for the remaining named nominees. Proxies cannot be voted for more than five nominees. The board of directors knows of no nominee for director who is unwilling or unable to serve.

3

### NOMINEES FOR ELECTION AS DIRECTORS

Biographical information, including principal occupation and business experience during the last five years, of each nominee for director is set forth below. Unless otherwise stated, the principal occupation of each nominee has been the same for the past five years.

## STANDING COMMITTEES AND MEETINGS OF THE BOARD OF DIRECTORS

The board of directors has an audit committee, a management development and compensation ("MD&C") committee, a stock option plan committee, an executive committee, and a nominating committee. Actions taken by these committees are reported to the board of directors at the next board meeting. During 2002, each of the Company's directors attended at least 80 percent of all meetings of the board of directors and of all committees of which they were members.

The audit committee reviews with the independent accountants and internal auditors of the Company their respective audit and review programs and procedures, and the scope and results of their audits. It also examines

## Edgar Filing: APACHE CORP - Form DEF 14A

professional services provided by the Company's independent accountants and evaluates their costs and related fees. Additionally, the audit committee reviews the Company's financial statements and the adequacy of the Company's system of internal accounting controls. The audit committee makes recommendations to the board of directors concerning the Company's independent accountants and their engagement or discharge.

During 2002, the board of directors reviewed the composition of the audit committee pursuant to the rules of The New York Stock Exchange, Inc. (the "NYSE") governing audit committees. Based on this review, the board of directors confirmed that all members of the audit committee are "independent" under the NYSE's rules. During 2000, the audit committee adopted a charter, which was approved by the board of directors on May 4, 2000, and which reflects the NYSE's rules and the regulations of the Securities and Exchange Commission (the "SEC"). No changes were made to the audit committee charter during 2002.

The management development and compensation committee reviews the Company's management resources and structure, and administers the Company's compensation programs and retirement, stock purchase and similar plans. The duties of the stock option plan committee include the award and administration of option grants under the Company's stock option plans, of grants under the executive restricted stock plan, of stock unit grants under the deferred delivery plan, and of conditional grants under the 2000 Share Appreciation Plan.

The executive committee is vested with the authority to exercise the full power of the board of directors, within established policies, in the intervals between meetings of the board of directors. In addition to the general authority vested in it, the executive committee may be vested with specific power and authority by resolution of the board of directors.

The duties of the nominating committee include recommending to the board of directors the slate of director nominees submitted to the stockholders for election at the annual meeting, and proposing qualified candidates to fill vacancies on the board of directors without regard to race, sex, age, religion or physical disability.

Stockholders wishing to recommend candidates for consideration by the nominating committee should forward written recommendations, together with appropriate biographical information and details of qualifications, to Apache's corporate secretary. In order to be considered, recommendations must be received by the deadline for submitting stockholder proposals set forth under the heading "Stockholder Proposals."

### REPORT OF THE AUDIT COMMITTEE

To the Board of Directors of Apache Corporation:

We have reviewed and discussed with management the Company's audited financial statements as of and for the year ended December 31, 2002.

We have received Ernst & Young LLP's letter and discussed with them the matters required by Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

We have received and reviewed the written disclosures from Ernst & Young LLP required by Independence Standards No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and have discussed with the Company's independent auditors their independence.

## Edgar Filing: APACHE CORP - Form DEF 14A

Based on the reviews and discussions referred to above, we recommended to the Company's Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002.

### DIRECTOR COMPENSATION

Employee directors do not receive additional compensation for serving on the board of directors or any committee of the board. During 2002, non-employee directors received an annual retainer of \$30,000, of which \$10,000 in value was paid in the form of shares of Apache common stock; plus \$1,000 for each board of directors or committee meeting attended, together with reimbursement of expenses incurred in attending meetings. Non-employee directors receive an annual retainer of \$2,000 for each committee of which they are members. In addition, the chairman of each committee receives \$4,000 annually for chairing their respective committees.

Under the terms of the Company's non-employee directors' compensation plan, as amended in 1998, non-employee directors can elect to defer receipt of all or any portion of their retainers or meeting attendance fees and, subject to certain parameters, can defer those amounts in the form of cash or in the form of shares of Apache common stock. Amounts deferred in the form of cash accrue interest equal to the Company's rate of return on its short-term marketable securities; amounts deferred in the form of Apache common stock accrue dividends as if the stock were issued and outstanding when such dividends were payable. All deferred amounts, as well as accrued interest and dividends, are maintained in a separate memorandum account for each participating non-employee director. Amounts are paid out in cash and/or shares of common stock, as applicable, upon the non-employee director's retirement or other termination of his or her directorship, or on a specific date, in a lump sum or in annual installments over a ten-year (or shorter) period. Three non-employee directors deferred all or a portion of their fees during 2002.

9

An unfunded retirement plan for non-employee directors was established in December 1992. The plan is administered by the management development and compensation committee and pays retired non-employee directors benefits equal to two-thirds of the annual retainer for a period based on length of service. Payments are made on an annual basis, for a maximum of ten years, and are paid from the general assets of the Company. In the event of the director's death prior to receipt of all benefits payable under the plan, the remaining benefits are payable to the director's surviving spouse or designated beneficiary until the earlier of the termination of the payment period or the death of the surviving spouse or designated beneficiary. During 2002, benefits were paid under this plan to, or on behalf of, five former directors who retired from the Company's board of directors during 1997, 1998, 2000 and 2001.

The Company established an equity compensation plan for non-employee directors in February 1994, which is administered by the management development and compensation committee. Each non-employee director was awarded 1,000 restricted shares of the Company's common stock every five years from July 1, 1994 through July 1, 2000, with the shares vesting at a rate of 200 shares annually. On May

# Edgar Filing: APACHE CORP - Form DEF 14A

3, 2001, the plan was amended to provide that on July 1, 2001 and on July 1 of each third year thereafter through July 1, 2009, each non-employee director will be awarded 1,000 restricted shares of common stock, with one-third of the shares vesting annually. Except as noted below, any unvested shares are forfeited at the time the non-employee director ceases to be a member of the board. The unvested portion of any award is automatically vested upon retirement or death while still serving as a member of the board; provided that the non-employee director (a) is at least 60 years old and has completed at least ten years of service at the time of retirement, or (b) has completed at least ten years of service at the time of death. Awards are made from shares of common stock held in the Company's treasury, and are automatic and non-discretionary. New non-employee directors will receive awards of 1,000 shares of common stock on the July 1 next succeeding their election to the board. All shares of common stock awarded under the plan have full dividend and voting rights. The plan expires on July 1, 2009, with a maximum of 50,000 shares of common stock (57,750 shares after adjustment for the stock dividends) that may be awarded during the term of the plan. No awards were made under the plan during 2002.

### THE MANAGEMENT DEVELOPMENT AND COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

This report is issued by the Management Development and Compensation Committee of the board of directors to set out the executive compensation policies and programs of the Company.

The objective of the Company's executive compensation program is to attract and retain executives capable of leading the Company in a complex, competitive and changing industry. A capable, highly-motivated senior management is an integral part of the Company's continued success. The Company's financial performance is

## Edgar Filing: APACHE CORP - Form DEF 14A

in large part due to the talent and efforts of the Company's executive officers. The program ties a significant portion of executive compensation to the Company's success and is primarily comprised of a base salary, an incentive bonus, and a long-term incentive component.

### BASE SALARY

The Committee believes that the most effective way to compete in the executive labor market is to offer executives a competitive base salary. To achieve this balance, the Committee analyzes each executive's compensation using a four-step process. First, the key executive positions within the Company are defined in terms of scope and responsibility, job complexity, knowledge and experience required, and other relevant factors. Second, the positions are ranked internally on the basis of these definitions to establish a logical relationship among them. Third, the Committee identifies the Company's direct competitors which it believes share comparable operations, employee composition, and capitalization, and obtains comparative compensation data about the identified companies from independent compensation resources. Finally, easily-compared positions are priced in terms of salary ranges by reviewing the comparative industry data and other surveys to establish relative salary ranges for all key executive positions in the Company. Base salaries are targeted to fall at or above the median of executive salaries paid by comparable companies, and for 2002 they generally correspond to that practice. The Committee reviews the salary of each of the Company's 17 executive officers, taking into account the individual's contribution to the Company's success, how well the individual's responsibilities are fulfilled, the individual's specific performance, growth in qualifications for the individual's job, and other relevant aspects of performance.

Base salaries of all executives are generally reviewed every 12 to 24 months. Salary adjustments are made within updated, market-confirmed salary ranges according to the Committee's assessment of the executive's individual performance and the performance of the Company as a whole. However, changes in the circumstances of a particular executive can prompt an interim compensation adjustment. The Committee retained the services of an outside compensation consultant, who was proposed by management and approved by the Committee, to review the base salaries of the Company's executives and confirm that the salaries are competitive with those of comparable companies. The review included comparative data from part, but not all, of the companies comprising the Secondary Oils Index reflected in the stock performance chart set forth below. The exclusion from the review of some of the companies in the Index was due to their integrated operations or operations in diversified industries.

Based on the factors discussed above, plus additional compensation data available to the Company from other sources, seven of the Company's officers received increases in compensation during 2002 to reflect market changes and increased responsibilities, including none of the executives named in the Summary Compensation Table.

19

### INCENTIVE BONUS

Executives, other than the Company's chairman of the board and the Company's president (separate plan described below), are eligible to receive a cash incentive bonus tied directly to the Company's achievement of specified financial, operational and strategic objectives and the executive's personal achievements. In the early months of the year, the Committee establishes a listing of corporate objectives based on those submitted by senior management. The objectives are approved by both the Committee and the full board of directors and, in 2002, 75 percent of each executive's bonus depended upon the

## Edgar Filing: APACHE CORP - Form DEF 14A

Company's achievement of these specified objectives. The remaining 25 percent of the executive's eligible bonus depended upon personal achievements related to financial strategies, operational improvements, program or project enhancements, or other objectively determinable criteria. This incentive compensation plan effectively correlates a large portion of executive compensation to predetermined corporate objectives and other objectively determinable goals, all designed to translate into value for the Company's stockholders. Committee policy provides for bonuses to be targeted at 50 percent of each executive's base salary and to exceed 50 percent if the Company's performance warrants.

Executive bonuses for 2002 were based on management's achievement during the year of specific corporate objectives established by the Committee based on accepted measures of performance in the oil and gas industry including (a) increases in cash flow and earnings, (b) growth in reserves and production while maintaining an acceptable ratio of debt to capitalization, and (c) control of costs throughout the Company. Additionally, the Committee approved twelve operational, financial and administrative strategic objectives considered critical to the Company's success and to maximizing stockholder value. The Company has elected not to detail the individual items within the specified strategic corporate objectives as disclosure of such information could provide a competitive advantage to one or more of the Company's peers; however, the objectives were annualized for incentive purposes and were broad enough to have potential impact beyond 2002. With the full or partial achievement of eleven of the twelve specified objectives setting the stage for the Company's successful year, the Committee recommended and the full board of directors unanimously approved an incentive bonus payment in excess of the targets set for executive officers participating in the corporate plan.

The chairman and the president are each eligible to receive a cash incentive bonus under a separate incentive compensation plan, which functions and is administered in the same way as the plan described above, except that their performance goals are tied directly to the Company's annual financial and operational results, including the performance of the Company's common stock, all as compared to the results of a group of its peer companies. The goals include earnings, production, cash flow, reserves and ratio of debt to capitalization. The Committee determined to pay the chairman and the president bonuses of 120 percent of their base salaries in recognition of their leadership and for the Company's performance during 2002.

In addition to the Company's incentive compensation plans, the Committee may elect to award a special achievement bonus to an executive officer who has rendered services during the year that substantially exceed those normally required. Special achievement bonuses (a) reflect the Committee's decision to reward any executive whose extraordinary effort has substantially benefited the Company and its stockholders during the year, (b) are awarded only in exceptional circumstances, and (c) are in amounts relative to the benefit provided to the Company. No special achievement bonuses were paid during 2002 to any of the executive officers named in the Summary Compensation Table or to any of the Company's other executive officers.

20

### LONG-TERM INCENTIVES

Long-term incentives in forms relating to the Company's common stock serve to align the interests of executive officers with the Company's stockholders by tying a significant portion of each executive's total long-term compensation to the continued growth of the Company and appreciation of its common stock. No stock options were granted to any of the executives named in the Summary Compensation Table during 2002. In lieu of stock options, the Company's executive officers received grants of restricted stock units under the Company's

## Edgar Filing: APACHE CORP - Form DEF 14A

Executive Restricted Stock Plan. Grants of stock units covering an aggregate of 92,500 shares of the Company's common stock (97,125 shares adjusted for the stock dividends) were made in 2002 to the Company's executive officers as a group, including grants of restricted stock units covering 43,400 shares (45,570 shares adjusted for the stock dividends) made to the Company's officers named in the Summary Compensation Table presented above. Grants of restricted stock units to executives are proportionate to each officer's base salary. Individual grants of restricted stock units are targeted up to one times base salary and vest ratably over four years.

In October 2000, the Company established the 2000 Share Appreciation Plan, under which conditional grants were made in December 2000 to essentially all regular, full time employees in the United States, Canada and Australia, including each of the executives named in the Summary Compensation Table. The conditional grants under the 2000 Share Appreciation Plan are intended to provide specific individual incentives toward achieving (i) significant price appreciation for the Company's common stock based on attainment of per share price goals of \$100, \$120 and \$180 (after adjustment for the Company's stock dividends, the price goals are \$87, \$104 and \$156, respectively) prior to January 1, 2005, and (ii) a separate goal, not tied to share price, of doubling production per share from the 2000 level during any quarter ended prior to January 1, 2005. Benefits are payable under the conditional grants only if one or more of the above-referenced share price goals and/or production goal are achieved.

In recognition of his past contributions and expected future contributions to the Company, Mr. Farris, the Company's president, was granted a conditional stock award in December 1998, for a total of 100,000 shares of the Company's common stock (115,496 shares after adjustment for the stock dividends). The award is composed of five periodic installments, commencing on January 1, 1999 and on January 1st of each of the next four years (2000 through 2003). Each installment vests on the fifth anniversary following the applicable commencement date (subject to acceleration under specific circumstances), and is payable 40 percent in cash and 60 percent in the form of stock. To receive each installment, Mr. Farris must be employed by the Company on the applicable commencement and vesting dates (see footnote 6 to the Summary Compensation Table presented above). In the event Mr. Farris elects to terminate his employment with the Company or his employment is terminated for cause, any unvested installments will be forfeited.

### CHIEF EXECUTIVE OFFICER

Raymond Plank, the chairman of the Company's board of directors, was chief executive officer ("CEO") from 1966 until May 2002. His activities include direction of Apache's intensive, on-going programs to monitor, analyze and respond creatively to the changes and new requirements in the oil and gas industry, and leadership in maintenance of sound business relationships with the management of many of the nation's large oil and gas companies. These relationships are important to Apache's strategic alliances and to its acquisition approach, which emphasizes privately negotiated transactions that develop and achieve mutual business benefits. Mr. Plank actively participates in developing the Company's strategies, and has been jointly responsible for

the Company's ongoing interest and successful exploration efforts in international areas such as Egypt, Australia and China.

G. Steven Farris, the Company's president and chief operating officer, became the Company's CEO in May 2002. His activities include leadership in developing the Company's strategies, implementing the Company's capital expenditure programs, and maintenance of sound business relationships with the management of

## Edgar Filing: APACHE CORP - Form DEF 14A

many of the nation's large oil and gas companies and with the investment community. Mr. Farris has been jointly responsible for the Company's developing interest and successful exploration efforts going forward in international areas such as Egypt, Australia, China and the North Sea. As CEO, he oversees all of the Company's major business and staff units and guides and develops Apache's senior management. Reporting directly to Mr. Farris are each of the executive vice presidents, corporate and regional vice presidents, including the chief financial officer and the general counsel.

Base salary, incentive bonus and long-term incentives for each of Mr. Plank and Mr. Farris are determined in the same manner as is the compensation for the Company's other executive officers and are reflected in the Summary Compensation Table above. Mr. Plank's last base salary adjustment was effective January 1, 1996, and Mr. Farris' last base salary adjustment was effective May 16, 2001. Bonuses paid to Mr. Plank and Mr. Farris were based on the Company's 2002 performance, as discussed above. Each of Mr. Plank and Mr. Farris prepares personal goals in consultation with the Committee and, throughout the year, each reports to the Committee on his progress toward achievement of those goals. Mr. Plank's and Mr. Farris' employment agreements are discussed under "Employment Contracts and Termination of Employment and Change-in-Control Arrangements."

Base salaries during 2002 for Mr. Plank and Mr. Farris were within the Committee's percentile targets and took into account the following: their active roles in the Company's management and leadership of successful acquisitions; the Company's financial performance during 2001; the challenges and expectations for the Company in 2002, and for Mr. Plank, his role as a Company founder and his 48 years of service as the Company's senior executive officer. As noted above, the bonuses paid to Mr. Plank and Mr. Farris for 2002 performance represented 120 percent of their base salaries.

### OMNIBUS BUDGET RECONCILIATION ACT OF 1993

The Omnibus Budget Reconciliation Act of 1993 ("OBRA") imposes a limit, with certain exceptions, on the amount that a publicly held corporation may deduct in any tax year commencing on or after January 1, 1994, for the compensation paid or accrued with respect to its chief executive officer and its four most highly compensated executive officers (other than the chief executive officer). In December 1995, the Internal Revenue Service issued final regulations implementing the legislation, with the regulations effective as of January 1, 1994. Certain performance-based compensation is specifically exempt from the limit if it meets the requirements contained in these final regulations. The Committee continues to review the Company's compensation plans based upon these regulations and, from time to time, determines what further actions or changes to the Company's compensation plans, if any, are appropriate.

Grants of stock options made under the Company's 1990 Stock Incentive Plan, 1995 Stock Option Plan and 1998 Stock Option Plan qualify as "performance-based" under the regulations. The Company's existing incentive compensation plans, special achievement bonuses, Executive Restricted Stock Plan, 2000 Stock Option Plan and 2000 Share Appreciation Plan do not

currently meet the requirements of the regulations, as the stockholder approvals necessary for exemption have not been sought. However, these plans operate similarly to prior plans and are designed to reward the contribution and performance of employees and to provide a meaningful incentive for achieving the Company's goals, which in turn enhances stockholder value. While the Committee cannot predict with certainty how the Company's compensation policies may be further impacted by OBRA, it is anticipated that executive compensation paid or accrued pursuant to the Company's compensation plans that do not meet the

## Edgar Filing: APACHE CORP - Form DEF 14A

requirements of the regulations will not result in any significant loss of tax deductions in the foreseeable future.

### SUMMARY

According to information provided to the Committee by its independent compensation consultant, the amount of the Company's cash compensation paid to all of its executive officers during 2002 was competitive and slightly above the median for comparable companies. As shown on the Performance Graph following this report, the cumulative total return on the Company's common stock has substantially equaled or outperformed that of the Dow Jones Secondary Oil Index over the last five years and has outperformed the Standard & Poor's Composite 500 Stock Index over the last two years. In view of the Company's competitive performance, the Committee believes that its current executive compensation policy is successful in providing stockholders with talented, dedicated executives at competitive compensation levels.

### PERFORMANCE GRAPH

The following stock price performance graph is included in accordance with the SEC's executive compensation disclosure rules and is intended to allow stockholders to review the Company's executive compensation policies in light of corresponding stockholder returns, expressed in terms of the appreciation of the Company's common stock relative to two broad-based stock performance indices. The information is included for historical comparative purposes only and should not be considered indicative of future stock performance. The graph compares the yearly percentage change in the cumulative total stockholder return on the Company's common stock with the cumulative total return of the Standard & Poor's Composite 500 Stock Index and of the Dow Jones Secondary Oils Stock Index from December 31, 1997 through December 31, 2002.

### EMPLOYMENT CONTRACTS AND TERMINATION OF

## Edgar Filing: APACHE CORP - Form DEF 14A

### EMPLOYMENT AND CHANGE-IN-CONTROL ARRANGEMENTS

Mr. Raymond Plank serves the Company under an employment agreement entered into in December 1975, amended and restated in December 1990 and amended in April 1996. The agreement has an undefined term and is terminable at will by the Company's board of directors. Mr. Plank's annual compensation under the agreement is determined by the board of directors, but may not be less than \$450,000. If his service as a director and an executive officer is terminated by the board of directors, Mr. Plank will serve as advisor and consultant to the Company for the remainder of his life at annual compensation equal to 50 percent of his then-current annual compensation and will receive health, dental and vision benefits for himself, his spouse and his eligible dependents during the remainder of his life. Pursuant to the agreement and in exchange for surrendering life insurance coverage, an annuity was purchased for Mr. Plank that pays \$31,500 annually until 2008. Mr. Plank has agreed not to render service to any of the Company's competitors for the entire period covered by the agreement. Upon Mr. Plank's death, a total of \$750,000 shall be paid (a) to his designee in equal monthly installments over ten years, or (b) if he has made no designation, in a lump sum to his estate.

Mr. Farris serves the Company pursuant to an employment agreement, dated June 6, 1988, under which he received an annual salary of \$750,000 during 2002. The agreement has an undefined term and may be terminated by either the Company or Mr. Farris on 30 days advance written notice. If Mr. Farris' employment is terminated without cause, or if he terminates his employment within 30 days of a reduction in his salary without a proportionate reduction in the salaries of all other Company executives, Mr. Farris will receive, for 36 months thereafter, (a) an amount equal to his base salary as it existed 60 days prior to termination and (b) 50 percent of the maximum amount for which he qualified under the Company's incentive compensation plan, calculated on his base compensation as it existed 60 days prior to termination. In the event of Mr. Farris' death during the 36-month period, the amounts described above shall be paid to his heirs or estate. Mr. Farris has agreed not to render service to any of the Company's competitors for the term of his employment or, unless he is terminated without cause, for 36 months thereafter.

On December 17, 1998, Mr. Farris was granted a conditional stock award, the basic provisions of which are discussed above in the footnotes to the Summary Compensation Table and under the caption "Long-Term Incentives" in the report on executive compensation. Under the terms of the agreement for this award, the vesting of one or more of the five periodic installments is subject to acceleration under specific circumstances. Those circumstances generally relate to (a) termination of Mr. Farris' employment other than for cause, (b) his death or total disability, (c) an individual other than Mr. Raymond Plank or Mr. Farris becoming the Company's chief executive officer, and (d) merger, acquisition or other "change-in-control" of the Company.

In addition to the foregoing, the Company has established an income continuance plan. The plan provides that all officers of the Company, including the officers named in the Summary Compensation Table, and all employees who have either reached the age of 40, served the Company for more than ten years, or have been designated for participation based upon special skills or experience, will receive monthly payments approximating their monthly income and continued medical and health benefits from the Company for up to two years, if their employment is terminated as a result of a "change in control" of the Company, as defined in the plan.

## Edgar Filing: APACHE CORP - Form DEF 14A

Frederick M. Bohen, John A. Kocur, A. D. Frazier, Jr. and George D. Lawrence served on the management development and compensation committee of the Company's board of directors for all of 2002. Mary Ralph Lowe served on the committee until her resignation effective December 19, 2002.

Mr. Kocur, a member of the committee since September 1991 and a director of the Company since 1977, retired as an executive officer in June 1991. Pursuant to the terms of an employment agreement in place at the time of his retirement, Mr. Kocur receives health, dental and vision benefits throughout his life.

Mr. Lawrence, a member of the committee since May 1997 and a director of the Company since May 1996, is the former president and chief executive officer of The Phoenix Resource Companies, Inc. ("Phoenix"). See "Certain Business Relationships and Transactions." Pursuant to the terms of his employment agreement with Phoenix, Mr. Lawrence received medical and dental benefits through December 1997. Since that time, he has purchased medical and dental coverage through the Company.

### CERTAIN BUSINESS RELATIONSHIPS AND TRANSACTIONS

George D. Lawrence, a member of the Company's board of directors and the former president and chief executive officer of Phoenix, joined Apache's board in conjunction with the Company's acquisition of Phoenix by a merger (the "Merger") on May 20, 1996, through which Phoenix became a wholly-owned subsidiary of Apache. Merger consideration totaled \$396.3 million, consisting of approximately 12,190,000 shares of Apache's common stock (14,079,450 shares after adjustment for the stock dividends) valued at \$26.00 per share (\$22.5108 after adjustment), \$14.9 million of net value associated with Phoenix stock options assumed by Apache, and \$64.5 million in cash.

Upon consummation of the Merger, Apache assumed Phoenix stock options that remained outstanding on May 20, 1996, including those granted to Mr. Lawrence pursuant to Phoenix's 1990 Employee Stock Option Plan. As of February 28, 2003, there is an option outstanding and exercisable by Mr. Lawrence covering a total of 21,656 shares of Apache common stock at an exercise price of \$21.5010 per share (after adjustment for the stock dividends).

In ordinary course of business, Aquila, Inc. or related entities ("Aquila") paid to Apache during 2002 approximately \$32,525,000 for natural gas produced by Apache and sold to Aquila. During 2002, Aquila was paid approximately \$348,000 by Apache for gathering, transportation and compression services provided by Aquila. Janine J. McArdle, a vice president of Apache since November 2002, previously was employed by Aquila Europe Ltd. from November 2001 through October 2002.

In the ordinary course of business, Cimarex Energy, Co. ("Cimarex"), formerly Key Production Company, Inc., paid to Apache during 2002 approximately \$2,360,000 for Cimarex's proportionate share of drilling and workover costs, mineral interests and routine expenses relating to oil and gas wells in which Cimarex owns interests and of which Apache is the operator. Cimarex was paid approximately \$4,215,000 directly by Apache or related entities for its proportionate share of revenues from wells in which Cimarex marketed its revenues with Apache as operator. Apache paid to Cimarex during 2002 approximately \$217,000 for Apache's proportionate share of drilling

and workover costs, mineral interests and routine expenses relating to oil and gas wells in which Apache owns interests and of which Cimarex is the operator. Apache was paid approximately \$785,000 directly by Cimarex for its proportionate

## Edgar Filing: APACHE CORP - Form DEF 14A

share of revenues from wells in which Apache marketed its revenues with Cimarex as operator. F. H. Merelli, a member of the Apache's board of directors, is chairman of the board, chief executive officer and president of Cimarex.

In the ordinary course of business, Matador Petroleum Corporation or related entities ("Matador") paid to Apache during 2002 approximately \$667,000 for Matador's proportionate share of drilling and workover costs, mineral interests and routine expenses relating to oil and gas wells in which Matador owns interests and of which Apache is the operator. Matador was paid approximately \$1,126,000 directly by Apache for its proportionate share of revenues from wells in which Matador marketed its revenues with Apache as operator. Apache paid to Matador during 2002 approximately \$1,562,000 for Apache's proportionate share of drilling and workover costs, mineral interests and routine expenses relating to oil and gas wells in which Apache owns interests and of which Matador is the operator. Apache was paid approximately \$551,000 directly by Matador for its proportionate share of revenues from wells in which Apache marketed its revenues with Matador as operator. Eugene C. Fiedorek, a member of the Apache's board of directors, is a member of the board of directors of Matador.

In the ordinary course of business, Apache paid to Maralo, LLC or related entities ("Maralo") during 2002 approximately \$9,000 in revenues relating to four oil and gas wells in which Maralo owns an interest and of which Apache is operator. Maralo paid Apache approximately \$1,000 in 2002 for Maralo's share of routine expenses relating to such wells. Also during 2002, Maralo sub-leased certain office space from Apache, for which Maralo paid Apache approximately \$95,000. Mary Ralph Lowe, a member of Apache's board of directors until December 19, 2002, is president, chief executive officer of Maralo.

### INDEPENDENT PUBLIC AUDITORS

Ernst & Young LLP was the Company's independent public accounting firm for the fiscal year 2002. Representatives of Ernst & Young will be present at the annual meeting and will have an opportunity to make a statement if they desire to do so and to respond to appropriate questions regarding Apache business.

Ernst & Young's audit report on Apache's consolidated financial statements as of and for the fiscal year ended December 31, 2002 did not contain any adverse opinion or disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope, or accounting principles.

During Apache's most recent fiscal year ended December 31, 2002, and through the filing date of this proxy statement, there were no disagreements with Ernst & Young on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Ernst & Young's satisfaction, would have caused Ernst & Young to make reference to the subject matter of the disagreement in connection with their report; and there were no reportable events, as described in Item 304(a)(1)(v) of Regulation S-K.

27

During 2002, Ernst & Young provided various services to Apache. During 2001, these services were provided by Arthur Andersen LLP. The aggregate fees for each of the following types of services are set forth below:

DESCRIPTION	AMOUNTS (IN THOUSANDS)	
	2002	2001

---

Audit Services(1)	\$1,478	\$1,460
Audit-Related Services(2)	\$ 351	\$ 493
Tax Services(3)	\$ 433	\$3,134
All Other Services(4)	\$1,844	\$ 750

- (1) Audit Services include the annual financial statement audit (including required quarterly reviews), subsidiary audits, and other procedures required to be performed by the independent auditor to be able to form an opinion on the Company's consolidated financial statements. These other procedures include information systems and procedural reviews and testing performed in order to understand and place reliance on the systems of internal control, and consultations relating to the audit or quarterly reviews.
- (2) Audit-Related Services are assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements or that are traditionally performed by the independent auditor. Audit-related services include, among other things, due diligence services pertaining to potential business acquisitions/dispositions; accounting consultations related to accounting, financial reporting or disclosure matters not classified as "Audit Services"; assistance with understanding and implementing new accounting and financial reporting guidance from rulemaking authorities; financial audits of employee benefit plans; agreed upon or expanded audit procedures related to accounting and/or billing records required to respond to or comply with financial, accounting or regulatory reporting matters; and assistance with internal control reporting requirements.
- (3) Tax Services include, among other things, tax compliance, tax planning and tax advice.
- (4) All Other Services are fees for products and services other than those in the three categories above. During 2002, the full amount shown relates to certain litigation support work commenced prior to Ernst & Young's appointment as the Company's auditors. Once these litigation support services are completed or no later than May 5, 2004, Ernst & Young will no longer be allowed to perform such services for the Company. During 2001, All Other Services provided by Arthur Andersen consisted primarily of services related to systems implementation in Canada.

The audit committee of the Company's board of directors reviews summaries of the services provided by Ernst & Young and the related fees, and has taken into consideration whether the provision of non-audit services by Ernst & Young is compatible with maintaining auditor independence.

#### STOCKHOLDER PROPOSALS

Stockholders are entitled to submit proposals on matters appropriate for stockholder action consistent with regulations of the SEC and the Company's bylaws. Should a stockholder wish to have a proposal appear in the Company's proxy statement for next year's annual meeting, under the regulations of the SEC, it must be received by the Company's corporate secretary (at 2000 Post Oak Boulevard, Suite 100, Houston, Texas 77056-4400) on or before November 28, 2003.

#### SOLICITATION OF PROXIES

## Edgar Filing: APACHE CORP - Form DEF 14A

Solicitation of proxies for use at the annual meeting may be made in person or by mail, telephone or telegram, by directors, officers and regular employees of the Company. These persons will receive no special compensation for any solicitation activities. The Company has requested banking institutions, brokerage firms, custodians, trustees, nominees and fiduciaries to forward solicitation materials to the beneficial owners of shares of the Company's common stock for whom they are record holder, and the Company will, upon request, reimburse reasonable forwarding expenses. The Company has retained Georgeson Shareholder Communications Inc. to assist in soliciting proxies from brokers, bank nominees and other institutional holders for a fee not to exceed \$7,500, plus expenses. All costs of the solicitation will be borne by the Company.
