**Item 1.01. Entry into a Material Definitive Agreement.**

On May 31, 2005, Natural Resource Partners L.P. signed a definitive agreement to purchase interests in approximately 144 million tons in the Illinois Basin for \$105 million in three separate transactions. NRP will acquire approximately 60% of the reserves in fee and will receive an override on the remaining tons. The reserves are being purchased from Steelhead Development Company, LLC and are leased to Williamson Energy LLC, both affiliates of Cline Resources & Development.

The three transactions are subject to customary closing conditions and specific performance requirements. The first closing for \$35 million is anticipated to occur in the third quarter of this year and is contingent upon receipt of mining permits. The second closing is anticipated to occur in the first quarter of 2006 with the third to follow in mid-2006. NRP anticipates drawing on its credit facility to finance each transaction.

The coal reserves and overriding royalty interest are located on approximately 31,700 acres in Williamson and Franklin Counties in Illinois. The purchase and sale agreement relating to the acquisition is attached to this Form 8-K as Exhibit 10.1 and the press release announcing the agreement is attached to this Form 8-K as Exhibit 99.1.
